Company profile

PwC Global Network

PwC global network is one of the world's largest professional network of services firms. Drawing on the knowledge and skills of more than 236,000 people in 158 countries, we build relationships by providing services based on quality and integrity.

PwC's people around the world are united by a commitment to quality and excellence. To that end, we have developed global audit methodologies, processes, knowledge bases and technologies, and we continue to rework and refine them. Our firm comprises a worldwide group with a multidisciplinary skill base and deep expertise in financial and business affairs as well as a shared dedication to common values and ethics.

We are business.

Our People

To be the leading professional services network and provide our clients with the quality advice they deserve, PwC needs the best talent. In FY2017, our global headcount grew 5.7% to more than 236,000 people.

We welcomed a record 59,252 people to PwC, which is a testament to our reputation for offering exceptional opportunities for development and advancement. PwC's global presence remains strong with offices in 736 locations across 158 countries.

Unrivalled client base

The strength of our Global Network means that we work with an unrivalled client base, and that we can share our most valuable practical experience and knowledge of best practices with clients around the world, both within their industry and across industries. Our clients range from some of the world's leading multinational companies to new and growing enterprises, from large family businesses and governments to NGOs and private individuals. And they're located in nearly every country in the world.

Company profile (continued)

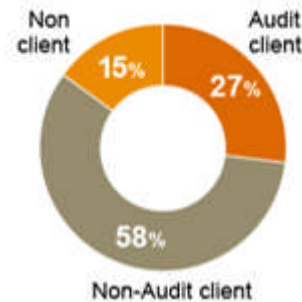

But whoever our clients are, and wherever they are located, they can expect the same high levels of service. We focus on the value they're looking to create and deliver our strong global network with deep roots and local knowledge.

PwC firms is proud to have the largest Global 500 clientele. In the past year, we have helped 419 (84%) of the companies in the Fortune Global 500 list. We also advise and work with more than 100,000 entrepreneurial and private businesses around the world.

Fortune Global 500

US Fortune 500

Unrivalled client base

PwC has a holistic approach to serve all sub-sectors within the financial services industry. We recognise that clients need auditors and advisors who are sub-sector specialists -banking, capital markets, investment management and insurance.

We have aligned our practice with the industry's structure to ensure that our professionals possess a comprehensive understanding and have sharp insights of our clients and the sub-sectors in which they operate to deliver value to our clients.

The PwC Global financial services group, with its 49,000 professionals, delivers professional services to clients in all of these sub-sectors and generates about 26% of PwC's global income. PwC firms is the market leader in all major sectors of the global financial services industry.
