

Annual Report

2017

Step Forward, Dream Bigger

APPROACH METHOD AND ABOUT THE ANNUAL REPORT

The formulation of CIMB Niaga Bank Annual Report 2017 adheres to the applicable conditions regarding the delivery of transparent information that has to be included in an annual report in several chapters as follows:

Performance Highlights

Presents financial information in comparison over 5 fiscal years.

Management Reports

Presents information regarding supervision and implementation of strategic policies, achievement of fiscal years and implementation of corporate governance from a management point of view.

Company Profile

Presents general information about CIMB Niaga, milestones, vision and mission, as well as other related information.

Management Discussion and Analysis

Presents analysis of CIMB Niaga's performance in all fiscal years that include macro-economy and banking reviews, achievement in each business segment, analysis of financial performance, and information regarding material transactions.

Risk Management

Presents general information regarding risk management system, types of risks and their management, as well as a review of CIMB Niaga's effectiveness in risk management.

Business Support Review

Presents information regarding CIMB Niaga's business performance support functions which cover human resources, information technology, and marketing strategies.

Corporate Governance Report

Presents complete and detailed information regarding implementation of corporate governance by CIMB Niaga pursuant to applicable regulations and standards.

Corporate Social Responsibility

Presents the program policy and implementation of corporate social activities which cover environment, labour, health, work safety, community social development, and responsibility towards customers.

NEGATION OF AND LIMITATION OF RESPONSIBILITY

This Annual Report contains operational, financial, projection statements and plans as well as policies and strategy implementations along with CIMB Niaga's objectives – all categorized as forward-looking statements in adhering to applicable laws and regulations; save for all matters of an historical in nature. These statements carry prospects of risk and uncertainty which could account for actual developments may materially differ from what is stated.

These forward looking statements are designed with the basis of assumptions regarding most current business situations and conditions where the Company conducts its business operations. CIMB Niaga does not guarantee that these vetted documents will provide certain outcomes as expected.

Step Forward, Dream Bigger

The theme “Step Forward, Dream Bigger” represents our commitment at CIMB Niaga in delivering our brand promise, “FORWARD”, as a bank that moves forward, that continues to empower customers to achieve their dreams, goals and aspirations. As a customer-centric bank, CIMB Niaga continues to cater the ever-changing needs of the customer through initiatives in product development, services, events and brand activation, including the ‘Kejar Mimpi’ social movement.

With the spirit of ‘Kejar Mimpi’, CIMB Niaga strives to invoke an emotional approach with customers, connecting with them across different life stages in order to better understand their dreams. This will enable CIMB Niaga to develop banking solutions that are uniquely tailored to the wide variety of customer needs. Hence, CIMB Niaga ensures continuous progress towards its vision of becoming the leading ASEAN bank.

Initiatives

INDIE ACCOUNT

CIMB Niaga launched Indie Account, a savings product dedicated to the teenagers, during the Labsproject 2017 student art performances at Labschool Jakarta High School on May 13, 2017. Attending the event were teenager students of the high school, a perfect audience to introduce a savings account specially designed for teens aged 12-17, complete with product features that cater to the young.

Indie Account is a savings account product for teens that are not old enough to have a KTP identification card. The product provides the account holder with the freedom to express his or her unique self in a responsible manner through a variety of features suited to the needs and lifestyle of today's teenagers.

With an Indie Account, teenagers are free to make a transaction anywhere and anytime, with no transaction fee, using the Go Mobile and CIMB Clicks platforms, and the added benefit of free monthly 1

GB internet quota. The Indie Account debit card can be used to make transactions at any ATM network, without charges, as well as to make online purchases at various e-commerce platforms.

The freedom of expression for teenagers is also proven in the design of the sticker of the debit card, giving the account holder a choice among more than 10 different designs, soon to be expanded to 100 designs. The chosen sticker can be replaced at anytime with another design, a feature that is a first among other banks. Moreover, the designs reflect the dynamic lifestyle of today's teenagers.

Indie Account was recognized by MURI (Indonesia Museum of World Records) as the first savings account in Indonesia to feature replaceable stickers in the debit card. The MURI award was presented during the event #KejarMimpi Leaders Camp at Santa Ursula Jakarta High School on Tuesday, November 7, 2017.

THE NEW GO MOBILE

In November 2017, CIMB Niaga launched **The New Go Mobile**, its mobile banking offers a convenient way for customers to conduct transactions via their smart phones, anytime and anywhere. The expanded features of The New Go Mobile are designed to meet the needs of today's banking behavior which leans towards to digital banking, as well as harmonized CIMB Niaga's aspiration to become the leading digital banking institution in Indonesia.

The New Go Mobile offers various innovations, beginning with a new display that uses a finger-print and face recognition login features, making it easy and fast to access to application. Other innovative features include the 1-gadget-1-phone number feature to added security as access is only possible from registered gadget and phone number; a feature for the direct sharing of transaction receipt from apps to messenger chat apps such as WhatsApp, LINE, SMS, and e-mail; download account statements; promotion codes to participate in attractive promo drive from Go Mobile; and many other innovations that designed for the convenience of customers in making transactions with their handheld gadget.

CIMB Niaga is committed to provide positive an end-to-end customer experience in all service channels, included Go Mobile. With "FORWARD" as a brand promise, CIMB Niaga is on hand to support all

INITIATIVES

BIZCHANNEL@CIMB FOR BUSINESS

To support its business customers in 2017, CIMB Niaga launched the BizChannel@CIMB for Business, an internet banking solution that offers a secure and convenient way to conduct banking transactions for business customers. Business customers can perform a transactions conveniently without wasting time, as the BizChannel@CIMB for Business comes with complete features for cash management (including fund remittance and tax payment), trade finance, and special deal rates for online foreign exchange purchases.

The BizChannel@CIMB for Business prioritizes the security of transaction and customer data, while also providing a convenient way of conducting transactions. Through BizChannel@CIMB for Business, banking access is available from anywhere and at anytime, using the secure mobile token authentication method (no more fear of left behind). The BizChannel@CIMB for Business also provides the flexibility of choosing the number of users and workflow for transactions, with the option of 1-layer workflow (Single User) or 2-layer workflow (Maker and Approver).

The BizChannel@CIMB has already served the internet banking needs of corporations since 2010. Now, with the BizChannel@CIMB for Business as designed to accommodate the needs of business customers and entrepreneurs, BizChannel@CIMB is ready to support the growth of businesses and companies.

TRADING SUSPENSION AND/OR DELISTING

Throughout 2016 and 2017, the Bank did not experience any trading suspension and/or delisting on the Indonesia Stock Exchange.

► Corporate Action

Throughout 2016 and 2017, CIMB Niaga did not perform the corporate actions of stock split, reverse stock, stock dividends, bonus shares, or change of nominal value of the shares.

However, in 2016, CIMB Niaga incorporated (merged) 2 (two) subsidiary companies engaged in multifinance. The two subsidiary companies were PT Kencana Internusa Artha Finance (KITAF) and PT CIMB Niaga Auto Finance (CNAF). The merger of those two companies was approved and listed by Ministry of Justice and Human Rights No. AHU-AH.01.10-0107406 on 23 December 2015. The composition of shareholders in CIMB Niaga Auto Finance after the merger amounted to 99.93%, the remaining 0.07% owned by PT Niaga Manajemen Citra.

The purposes of the merger of CNAF and KITAF were to:

- Strengthen the position of the Company in the automotive industry to increase the Company's profit and income;
- Achieve integration in business, management, operations, policy, procedural systems, and risk management;
- Eliminate competition between CNAF and KITAF in the automotive industry;
- Cost efficiency; and
- Strengthen the after-merger company's capital to be able to conduct business expansion.

In addition, in 2016 CIMB Niaga conducted an Initial Public Offering of Shelf Registration Bonds II Bank CIMB Niaga Phase I Year 2016 of Rp1,000,000,000,000.

In a complementary move, also in 2016, CIMB Niaga conducted a redemption of bonds, namely of Shelf Registration Bonds I Bank CIMB Niaga Phase II Year 2013 Series B of Rp315,000,000,000, maturing on 20 November 2016, and Bonds I Bank CIMB Niaga Year 2011 Series B of Rp1,320,000,000,000, maturing on 23 December 2016.

In 2017 CIMB Niaga conducted an Initial Public Offering of Shelf Registration Bonds II Bank CIMB Niaga Phase II Year 2017 of Rp2,000,000,000,000, and Shelf Registration Bonds II Bank CIMB Niaga Phase III Year 2017 of Rp2,000,000,000,000.

In addition, in 2017, CIMB Niaga conducted repayment of bond principal of Subordinated Bond I Bank CIMB Niaga Year 2010 of Rp1,380,000,000,000 which matured on 8 July 2017, Shelf Registration Bond Bank CIMB Niaga Phase I Year 2012 B Series of Rp1,400,000,000,000, which matured on 30 October 2017, and Shelf Registration Bonds II Phase I Year 2016 Series A of Rp432,000,000,000, which matured on 13 November 2017.

In 2017 CIMB Niaga has performed a Buyback program, maximum of 2% of shares issued and fully paid which will be used for Management Employee Stock Ownership Program (MESOP) and effective in 2018. Refer to Good Corporate Governance section for the details of share Buyback.

Safari Ramadhan 1438 H

In order to enhance a good relationship between CIMB Niaga Senior Management and all employees in all regions, and also as a strategic channel for employees to convey their aspirations, CIMB Niaga conducted Safari Ramadhan 1438H from 8th until 15th June 2017. Safari Ramadhan 1438H was attended by Bank Management Committees in 9 cities: Jakarta (on 8th June at Graha CIMB Niaga, attended by 1,000 staff); Bandung (on 9th June at Hotel Harris, attended by 226 staff); Surabaya (on 12th June at Mercure Hotel, attended by 251 staff); Balikpapan (on 13th June at Novotel Hotel, attended by 122 staff); Bintaro (on 14th June at Griya CIMB Niaga attended by 1,000 staff); Medan (on 14th June at Santika Premier Hotel, attended by 150 staff); Makassar (on 14th June at Imperial Aryaduta hotel, attended by 182 staff); Solo (on 14th June at Alila hotel, attended by 103 staff); and Lampung (on 14th June at Novotel hotel attended by 133 staff).

The agenda consisted of a welcome speech delivered by a Director of CIMB Niaga, presentation of CIMB Niaga's performance, and the announcement of CIMB Niaga entering BUKU 4.

During the event, management gave donations to the orphanages and foundations using Benevolence Fund of CIMB Niaga Sharia and CIMB Niaga Corporate Social Responsibility (CSR). Safari Ramadhan was closed with spiritual lecture and fast breaking.

15 Signing the Agreement of Participant with Travel Agents for the Hajj Pilgrimage and Launching Ceremony of the CIMB Niaga Debit Card

To expand the Hajj Pilgrimage services, CIMB Niaga Sharia cooperated with Hajj and Umroh associations in Indonesia, named Asphurindo, Amphuri, and prominent travel agents in Indonesia.

CIMB Niaga Sharia conducted the Signing Agreement for the Hajj Pilgrimage with 4 travel agents, namely: PT Patuna Mekar Jaya, PT Sahid Gema Wisata, PT Tazkia Tour Travel, and Al Amin Universal on 15th June 2017 in the Dharmawangsa hotel, Jakarta. The customers could get special rates and discount packages through these 4 specialist Hajj Travel Agents. During the event, CIMB Niaga also launched the CIMB Niaga Debit Card for the Hajj Pilgrimage, that can offer "more value" to customers who use the cards on their Pilgrimage.

22 Signing of Cooperation with General Directorate of Population and Civil Registration (DUKCAPIL)

CIMB Niaga, Nobu Bank, BPR Inti Dana and Home Credit Indonesia signed the agreement with the General Directorate of Population and Civil Registration (DUKCAPIL), Ministry of Home Affairs on 22 June 2017 at the Financial Club, Jakarta which was attended by 100 invitees and media personnel.

The speeches were given by Prof. Dr. Zudan Arif Fakrulloh, SH, MH the General Director of Population and Civil Registration; Ir I Nyaman Supriyatna, M.Sc., Deputy of Research and Standardization Cooperation, The National Standardization Agency of Indonesia, and Tigor M. Siahaan, CEO CIMB Niaga who represented the industry. After the signing ceremony, the event continued with a press conference.

General agreement became the main basis for CIMB Niaga to implement the utilization of data for civil population and Electronic Resident Identity Card (Kartu Tanda Penduduk-KTP) in various banking services. Data from Dukcapil will be utilized optimally to facilitate the identification process of prospective customers as well as improve the efficiency of financial transactions. In Digital Banking development for instance, the utilization of Electronic KTP data, has become an important point for the innovation of online banking registration (host to host). In the future, customers can register banking products and other financial services by self-service.

EVENT HIGHLIGHTS

July

Pandji P. Djajanegara, Sharia Banking Director said “through this partnership, there will be greater business development opportunities and we will continue to strive to provide the best possible service to our customers during their worship in the Holy Land”.

July

24 Halal Bi Halal CIMB Niaga 1438 H

Closing the Ramadhan and led Al-Fitr 1438H celebrations, and respecting the moment of forgiveness, as well as building good relationship among employees, CIMB Niaga conducted Halal Bi Halal 1438H on 24th July 2017 in the Ritz Carlton hotel, Pacific Place, Jakarta which was attended by 2,700 employees.

Opening the event, all employees sang the CIMB Niaga Corporate Song and enjoyed a dance performance by CIMB Indonesia Talent. Dato Sri Nazir Razak, President Commissioner and Tigor M. Siahaan, CEO CIMB Niaga delivered speeches. Prayers for gratefulness for the achievements of CIMB Niaga were said by Ahmad Yani, Sharia Banking. To close the event, all BOC, BMC members, and employees enjoyed the performance of Indonesian artist Rendy Pandugo & GIGI Band. Halal Bi Halal closed by rewarding one employee with a holy trip to Mecca, the lucky winner being Yulimar, Operations & IT Staff.

July

26 Jalur Rempah

To support promotional activities through integrated marketing efforts, CIMB Niaga sponsored Jalur Rempah, in cooperation with Kompas Group, the largest and most reputable media group in Indonesia.

The event featured several activities, such as: Launching the Film “Banda, the Dark Forgotten Trail”. The film launch took place at a Press Conference on 26th July 2017 at XXI Lounge Plaza Indonesia which was attended by 250 media personnel. The main speakers were Jay Subiyakto, Reza Rahardian, Fransiska Oei, and Sheilla Timothy. CIMB Niaga and Jalur Rempah Nusantara watched the movie together with more than 150 CIMB Niaga staff.

The Gala Premier of the Film was held on 31st July 2017 at XXI Epicentrum Kuningan and was attended by 800 invitees.

August

17 Indonesia Independence Day Celebration

In commemoration of Independence Day, CIMB Niaga conducted Indonesia Independence Day Celebrations on 17th August 2017 at the CIMB Niaga office, Griya Niaga II, Bintaro Jaya, attended by the Bank Management Committee and more than 300 employees.

The celebration highlighted corporate involvement in building nationalism among the Country's employees. During the event, there were traditional games and music representing the spirit of unity and nationalism.

29 Xtra Xpo

CIMB Niaga held another Xtra Xpo on Saturday to Sunday, 29-30 July 2017, at Jakarta Convention Center, Senayan, Jakarta.

The product display booth at Xtra Xpo was opened by Tigor M. Siahaan, CEO and Lani Darmawan, Consumer Banking Director and attended by more than 11,000 visitors, including for savings and loan/financing products such as saving accounts, credit cards, personal loan, Housing Loans (KPR), and Vehicle Loans (KKB) in collaboration with CIMB Niaga's subsidiary, CIMB Niaga Auto Finance (CNAF).

For Housing Loans, CIMB Niaga is marketing special offers of Hot Deal Loans with 0% interest rate applicable for the first 1 year only for special purchase of property developed by Sinarmas Land and Summarecon Serpong. In addition, special offers are also available for the purchase of property in certain Ciputra projects, such as free provisions, administration, fire insurance, and notary fees for the special purchase of Citra Gran and Citra Indah and special offers for the 24x installments of down payment (DP) starting from Rp4 million per month exclusively for the purchase of property in Citra Land Cibubur.

CIMB Niaga is working with three major developers, namely Sinarmas, Ciputra and Summarecon. In addition, CIMB Niaga works in cooperation with business partners in automotive, travel, gadgets, and others. For KKB products through CNAF, people can enjoy 0% interest up to 5 years with a low down payment starting from 25%. The credit approval process can also be instantly completed and applicants need only bring their ID card and NPWP, with free administration fees, provisions, and all risk insurance. Visitors could also see their dream cars on display from a wide range of prominent car dealers, namely BWM, Mercedes Benz, Honda, Toyota, and Mazda at the exhibition.

As for attractive promos for debit cards, the Bank offers up to a Rp5 million discount by using Xtra Points special for the purchase of Samsung Galaxy S8 or iPhone 7. This program is only applicable for CIMB Niaga individual customers having CIMB Niaga Xtra/iB Xtra Mudharabah Savings Account, CIMB Preferred Account/iB Preferred Account Mudharabah, CIMB Private Banking Account/iB Private Banking Account Mudharabah, Business Savings/iB Mudharabah Business Savings, or ON Account Powered by XL Mudharabah. The Bank also offers crazy travel deals in which customers will receive cashbacks up to Rp2 million and 0% installments up to 24 months for flights to various interesting destinations.

EVENT HIGHLIGHTS

August

24 Rapat Umum Pemegang Saham Luar Biasa (RUPS LB)

The CIMB Niaga Extraordinary General Shareholder Meeting was conducted on 24th August 2017 at Graha CIMB Niaga, Jakarta and was attended by 100 stakeholders.

In the meeting, the shareholders approved the changes of the members of the Board of Directors and Commissioners, amendments to the Articles of Association of the Company, and revision of the approval of the Share Buyback Plan.

September

26 Signing Memorandum of Understanding with Social Security Administration Body (BPJS)

CIMB Niaga conducted the Signing of a Memorandum of Understanding with the Social Security Administration Body on 26th September 2017 at the Financial Hall, Graha CIMB Niaga, Jakarta.

The cooperation was aimed at supporting the Social Security Administration Body in expanding its network and system especially for workers who work out of the country, to make it easy for them to access the payment system and service. CIMB Niaga is part of CIMB Group has become one of the banks with a well established infrastructure and network, operating in 9 out of 10 ASEAN destination countries for Indonesian workers.

The signing ceremony was opened by a welcoming speech from Tigor M. Siahaan, CEO of CIMB Niaga and Agus Susanto, President Director of the Social Security Administration Body. The event was attended by more than 100 invitees and media personnel.

September

19-20 Indonesia Banking Expo (IBEX) 2017

The Indonesia Banking Expo (IBEX) 2017 was an annual expo conducted by the Association of National Private Banks and banks in Indonesia that cooperate with telecommunication companies who support banking technology. IBEX was held from 19th – 20th September 2017 at the Jakarta Convention Center, with several activities such as seminars with reputable speakers and exhibitions that presented innovations in technology and digital banking.

The expo was opened by Agus Martowardojo, Governor of the Central Bank and Wimboh Santoso, Chairman of the Board of Commissioners of the Financial Services Authority on 19th September 2017, and was attended by Joko Widodo, President RI on 20th September 2017. The expo had more than 2,000 visitors during the day.

26 The 62nd CIMB Niaga Anniversary

In commemorating its 62nd anniversary, CIMB Niaga held celebrations on 26th August 2017 at every office across Indonesia.

The agenda was opened by singing the CIMB Niaga corporate song, praying together, blowing out the candles, cutting the traditional Tumpeng along with remarks from the Management.

In Graha CIMB Niaga Jakarta, the anniversary was attended by the Bank Management Committee and the Board of Commissioners. Tigor M. Siahaan, CEO CIMB Niaga also delivered a very warm message and encouraged the employees to always show positive energy, integrity, professionalism and give their best. "FORWARD > Together".

October

01 The Color Run presented by CIMB Niaga 2017

The Color Run presented by CIMB Niaga 2017, the "Dream World Tour" was conducted on 1st October 2017 at Gelora Bung Karno, Senayan, Jakarta and was participated in by 12.458 runners. The fun run was part of CIMB Niaga's campaign for a healthy lifestyle in Indonesia, in accordance with CIMB Niaga's new brand promise "FORWARD > your healthy life style".

As part of CIMB Niaga's CSR activities, CIMB Niaga gave donations of Rp150 million to the Disabled Children Counselling Foundation (YPAC) and a Double Decker Bus that was handed over by Tigor M. Siahaan, CEO, to Budi Kaliwono, President Director of Trans Jakarta as support for tourism in Jakarta.

During the event, all runners were catered for by Food Zone that sold a variety of foods in cooperation with CIMB Niaga merchants and employees. Dream Zone presented the #Kejar Mimpi activities as part of the social campaign, and Fun Zone presented several Photo Booths enlivened with interesting features. Related to its theme, this year participants could enjoy the new rides of the color foam zone.

CIMB Niaga always supports customers in various aspects of life to move forward to realize stakeholder's dreams.

30 Launching CIMB Niaga 14041 – CIMB Niaga Yogyakarta

As a commitment of CIMB Niaga to continuously improve its services to customers, CIMB Niaga launched another new facility, CIMB Niaga 14041 (phone banking and video banking) on 30th October 2017 at CIMB Niaga Yogyakarta. Similar facilities were inaugurated earlier in the year at CIMB Niaga, Gajah Mada, Jakarta.

The event was opened by a welcoming speech from Tigor M. Siahaan, CEO CIMB Niaga. The event was also attended by Haryadi Suyuti, Mayor of Daerah Istimewa Yogyakarta, Fikri Ausyah, representative of the Financial Services Authority, the Directors of CIMB Niaga, and members of the media.

During the event, there was a lighthearted talkshow discussing the integrated service of CIMB Niaga 14041. A donation of Rp100 million was handed over by Lani Darmawan, Consumer Banking CIMB Niaga to Angkie Yudistia, Chairman of the Foundation of the Disabled. There was also a tour of the facilities.

CIMB Niaga actively plays a role in empowering the regional economy by providing better service and opening up new employment for the disabled in the Yogyakarta and Central Java areas to become CIMB Niaga 14041's staff members.

November

03 28 Exhibition Jalur Rempah

As part of Jalur Rempah activities, Jalur Rempah Nusantara and CIMB Niaga conducted an exhibition from 3rd – 28th November 2017 at the National Museum of Indonesia, Jakarta.

The exhibition was opened on 3rd November, 2017 by Luhut Binsar Panjaitan, the Coordinator Minister of Maritime and Fisheries who offered welcoming remarks, and Enggartiaso Lukito, Minister of Trade, the Republic of Indonesia ; Lukito Wanandi, President Director of Jalur Rempah Nusantara, and Tigor M. Siahaan, CEO CIMB Niaga. More than 200 persons attended. During the exhibition, CIMB Niaga also opened a corporate booth to provide visitors with banking products and services.

The exhibition educated people about the history of the Nusantara Spice Road, that showcases Indonesia as being a great and strong nation from olden times until the present day. The one month exhibition was attended by more than 10,000 visitors.

During the event, CIMB Niaga also held "A Night at the Museum" as part of the #KejarMimpi movement on 2nd November 2017, by presenting Maudy Ayunda, Brand Ambassador, Fransiska Oei, Corporate Secretary, Compliance and Legal Director CIMB Niaga, and Nia Dinata, Film Director. The event was attended by more than 150 students.

EVENT HIGHLIGHTS

November

➤ Report of the Board of Commissioners

To be at the forefront of digital banking, we continue to support the intensification of the application of information technology in business processes and the automation of manual processes so that CIMB Niaga is able to serve our customers well with high intensity.

Dear Shareholders,

In 2017, the world economy finally enjoyed its first synchronized upswing since the Global Financial Crisis and saw growth averaging at 3.7%, markedly higher than the 3.2% in 2016. There were improvements in investment, trade and industrial production. Growth in the ASEAN economies accelerated to an average of 5.2%, compared with 4.8% in 2016, while Indonesia's economy expanded by 5.1% in 2017, up from 5.0% the year before.

Against this favorable backdrop, CIMB Niaga had a commendable year, with pretax profit rising by 45.7% year-on-year, even though asset quality remained a challenge. We continued to strengthen the foundations of our operations by implementing many new initiatives, especially in the area of credit underwriting and technology.

The Board of Commissioners is pleased to report on the performance of the Board of Directors, supervision on the implementation of strategic policies, future business prospects and corporate governance.

REPORT OF THE BOARD OF COMMISSIONERS

ECONOMIC CONDITIONS

We entered 2017 with concerns over policy unpredictability, trade protectionism and more divisive politics emerging across the world. Thankfully, as the year progressed, our worst fears about the Trump administration's policies, Brexit and geo-political tensions did not materialize. Instead, the global economy and trade gathered steam, financial markets were buoyant and the operating environment was favorable across ASEAN.

Indonesia's solid growth came on the back of a surge in investments in infrastructure, improvements in trade and a recovery in key commodity prices. Inflation rose to 3.6% from 3.02% in 2016, but the Rupiah was relatively stable, trading at an average rate of 13,360 per US\$1.

The prospects for the Indonesian economy have certainly improved now that the Government has made significant actual and planned progress in tackling infrastructure bottlenecks that have long constrained the country's growth potential. Foreign investment is also on the rise, attracted by business-friendly government policies, political stability and predictable economic policies.

EVALUATION OF BOARD OF DIRECTORS' PERFORMANCE

In the opinion of the Board of Commissioners, the Board of Directors performed well in managing CIMB Niaga in 2017. Our assessment considers several objective indicators, such as a 10.2% growth in total assets to Rp266.3 trillion on the strength of a 2.8% increase in loans to Rp185.1 trillion, while customer deposits increased by 4.8% to Rp189.3 trillion. Furthermore, net income showed a significant growth of 43.0% to Rp3.0 trillion, translating into an increase of Rp43.89 in earnings per share to Rp118.49, compared with Rp74.6 in 2016. On a more subjective basis, we do sense that the Board of Directors works well as a leadership team, despite being a mix of people promoted internally and

hired externally. The fact that the majority of the board are women makes us quite unique, especially in the banking industry, but it seems to be serving us well.

The Board of Commissioners is pleased that the Board of Directors successfully implemented a prudent loan growth strategy in the face of extremely tight competition and after enduring relatively high NPLs. CIMB Niaga's loan portfolio stood at Rp185.1 trillion, up by 2.8% year-on-year, supported by Indonesia's improved economy, and was mostly driven by the loan growth in Corporate Banking and SME Banking segments. In our hire purchase loan portfolio, we saw a tactical 40.8% shrinkage, excluding which the group's total loan growth would have been 6.7%, compared with 8.4% of the industry as a whole. Our NPL ratio improved, but only marginally to 3.75% from 3.89% in 2016.

Third-party funds saw outstanding growth as indicated by the rise in the CASA ratio to 52.6% over the previous year's 50.8%, significantly enhancing the Bank's funding balance. Our CAR also improved to 18.60% from 17.96% a year earlier.

We are also appreciative of the Board of Directors' efforts in driving CIMB Niaga's milestone upgrade from a BUKU III bank to a BUKU IV bank, the highest category for banks with the most complete business activities and core capital above Rp30 trillion. We made history as the first bank to "graduate" into the highest category.

As at end-2017, CIMB Niaga remained Indonesia's fifth-largest bank by asset, with total assets of Rp265.7 trillion. Although we are proud of this "league" position, the pace of growth of others means that we may drop a notch this year. We have advised the Board of Directors that we must continue to grow at our chosen pace and not take on undesired levels of risk just to defend market share.

SUPERVISION OF STRATEGY EXECUTION

We constantly supervise the execution of strategies by the Board of Directors. In 2017, the Board of Commissioners supervised the implementation of the five-pillar strategic policy that concentrated on 1) focus on core competencies, 2) increase in CASA, 3) cost management discipline, 4) capital preservation and balanced risk culture, and 5) utilization of information technology. These five pillars have been key to strengthening the foundations of the firm.

In carrying out its supervisory duties, the Board of Commissioners provides the Board of Directors with the necessary support, input and recommendations. In 2017, these recommendations included more prudent credit processes, better governance, higher integrity to eliminate frauds, agility and flexibility to cope with the digital challenges, asset recovery, and input relating to increasing low-cost funds and revenues through the development of quality services across all business segments as well as the enhancement of service features, such as mobile banking and internet banking.

During the year under review, the Board of Commissioners also provided recommendations to improve efficiency and cost discipline to further reduce the Bank's cost-to-income ratio. We instituted new governance processes for procurement and conducted in-depth analyses of our cost structures.

In a bid to be at the forefront of digital banking, we continue to support the intensification of the application of information technology in business processes, and the automation of manual processes to enable our staff to focus more on serving our customers, and to mitigate risks, even in mundane tasks.

OPINION ON BUSINESS PROSPECTS AS PREPARED BY THE BOARD OF DIRECTORS

In 2018, the growth in global and domestic economies is expected to strengthen. The International Monetary Fund has raised its global growth forecast to 3.9% for 2018 and 2019, and we expect ASEAN to grow by 5.1%, with Indonesia at 5.3%.

The Board of Commissioners believes that the business prospects as stated in the Bank Business Plan (Rencana Bisnis Bank or RBB), which is prepared by the Board of Directors, have properly considered the various assumptions in global and domestic growth risks. We are optimistic that CIMB Niaga will perform even better in 2018 based on, among others, our assessments of improving asset quality and lower impairment of loss provisioning. The expected continuing improvement in economic conditions as well as the adoption of various measures, including the five-pillar strategic policy, will provide the Bank with more opportunities to grow in terms of asset and revenue. The outlooks for the consumer and SME segments are especially promising.

HUMAN RESOURCES

Proper and sustainable human resource management is key in driving CIMB Niaga towards achieving its vision and mission. We believe that the Board of Directors has established effective human resources development initiatives, with due consideration in priority areas, including organizational planning and talent development.

Furthermore, we fully support the internalization of the Bank's values and the risk awareness culture programs. Conducted intensively and consistently, these efforts play a big role in building human resources with high integrity and professionalism.

REPORT OF THE BOARD OF COMMISSIONERS

OPINION ON GOOD CORPORATE GOVERNANCE

CIMB Niaga has consistently implemented the principles of Good Corporate Governance (GCG) in order to maintain alignment and balance between the interests of the Bank and those of its stakeholders, all towards achieving an optimal and sustainable performance. The implementation of the GCG principles enables the creation of mechanisms that organize relationships between the Bank and its stakeholders in a transparent manner.

In 2017, we believe that the Board of Directors was successful in effectively implementing the GCG, not only based on the standards and benchmarks as set by regulators, but also based on global measures. The GCG at CIMB Niaga includes, but is not limited to, ensuring 1) protection of shareholders' rights, 2) equal treatment of all shareholders, 3) role of stakeholders, 4) transparent, complete, accurate and timely disclosure of information, and 4) responsible implementation of the duties of the Boards of Commissioners and Directors.

On risk management, CIMB Niaga has implemented the Enterprise Wide Risk Management (EWRM) framework on business activities and decision-making. We believe the Board of Directors has been successful in implementing the EWRM as an ongoing initiative, with the support of an adequate risk management infrastructure. In 2017, the Board of Directors carried out risk management processes at CIMB Niaga, which covered 1) identification of significant risks in the Bank's business activities, 2) measurement and aggregation of risk using adequate methodology, 3) management, control and ongoing risk reporting to evaluate and manage risk, and 4) assurance that risk exposure is in line with the Bank's risk appetite.

With the assistance from the Risk Oversight Committee, we continue to monitor the implementation of risk management initiatives undertaken by the Board of Directors in its efforts to mitigate the Bank's key risk factors as well as safeguard the long-term sustainability of the Bank.

For our work in ensuring good corporate governance, CIMB Niaga has won several awards, including 1st Winner Annual Report Award 2016 in the Private Finance Listed Category, Best Overall at the 9th IICD Corporate Governance Award 2017, and Top 5 GCG Issues on Banking Sector at the Indonesian Corporate Secretary Award 2017.

OPINION ON IMPLEMENTATION OF WHISTLEBLOWING SYSTEM

CIMB Niaga operates a Whistleblowing System (WBS) as a manifestation of the Bank's overall internal controls in every aspect of its business activities. The Board of Commissioners, with the assistance of the Audit Committee, plays a role in monitoring the proper implementation of the WBS.

The Bank's reporting mechanisms under the WBS at CIMB Niaga have been gradually improved. The Board of Commissioners, together with the Audit Committee and other units, conduct in-depth evaluation and follow-up actions on the reports received.

ASSESSMENT ON COMMITTEE PERFORMANCE AND FREQUENCY AND METHODS OF GIVING ADVICE TO THE BOARD OF DIRECTORS

The Board of Commissioners is of the opinion that, in 2017, the Audit Committee, Risk Monitoring Committee, Nomination and Remuneration Committee, and the Integrated Corporate Governance Committee ably performed their respective duties and responsibilities, as evidenced by, among others, the recommendations given by each committee to the Board of Commissioners during our meetings.

Based on the recommendations of the Board's committees, the Board of Commissioners provided advice and guidance to the Board of Directors during joint meetings of the Board of Commissioners and Board of Directors. In 2017, the Board of Commissioners held seven meetings and five joint meetings with the Board of Directors. Over the course of the year, the Board of Commissioners submitted important recommendations relating to the strategic policy implementation by the Board of Directors and other recommendations relating to the Bank's management. These include guidance in the preparation of the RBB, recognizing now that CIMB Niaga is in the BUKU IV category and is, therefore, expected to contribute more to the Indonesian banking industry.

CORPORATE SOCIAL RESPONSIBILITY

CIMB Niaga's success in executing the RBB depends on our engagements with both internal and external stakeholders. The Board of Commissioners appreciates the implementation of Corporate Social Responsibility (CSR) programs, which help to improve the welfare of the communities that we serve.

The Board of Commissioners is of the opinion that the performance of CIMB Niaga Peduli for 2017 was in accordance with the plans and direction given by the Board. Going forward, the strategy will be to further enhance the activities aimed at improving the communities' well-being. CIMB Group has taken a big step in this direction, with our commitment to spend 1% of the Group's pretax profit on CSR, along with other initiatives that will be gradually rolled out across the region.

CHANGES IN BOARD COMPOSITION

The Extraordinary General Meeting of Shareholders (EGMS) of CIMB Niaga held on 24 August 2017 decided on changes to the composition of the Board of Commissioners. The EGMS approved the appointment of Tengku Dato' Sri Zafrul Tengku Abdul Aziz as Commissioner of CIMB Niaga, replacing the

outgoing Ahmad Zulqarnain Onn. We would like to thank Ahmad Zulqarnain for his services to the Board. As at end-2017, the composition of the Board was as follows:

- President Commissioner: Dato' Sri Nazir Razak
- Vice President Commissioner: Glenn Muhammad Surya Yusuf
- Independent Commissioner: Zulkifli M. Ali
- Independent Commissioner: Pri Notowidigdo
- Independent Commissioner: Armida Salsiah Alisjahbana
- Independent Commissioner: Jeffrey Kairupan
- Commissioner: David Richard Thomas
- Commissioner: Tengku Dato' Sri Zafrul Tengku Abdul Aziz

APPRECIATION AND CLOSING WORDS

With the ongoing implementation of various strategies, the Board of Commissioners is optimistic of CIMB Niaga's growth prospects in 2018. At the same time, we will continue to provide support for the efforts made by the Board of Directors and staff in creating performance improvement. Our key advice to the Board of Directors and staff is to focus on the five strategic pillars in order to achieve sustainable performance.

We would like to thank our shareholders for their support and trust. We would also like to extend our gratitude to our business partners, regulators and all other stakeholders.

➤ Report of the Board of Directors

CIMB Niaga continues to expand its franchise in the area where we have established competitive advantages and strong value propositions as well as focus on developing infrastructure to satisfy the need of our customers.

Dear Shareholders,

We are pleased to announce our continued improving financial performance despite the soft economic environment in 2017. We are committed in delivering our brand promise "FORWARD" which reflects serving our customers from the heart and positioning CIMB Niaga to become the leading digital bank in Indonesia. Our culture of innovation and services can be seen from our innovative products offering and delivering service excellence at all our touchpoints. We continue to grow our customer base, improve our risk culture, and maintain our efficiency.

2017 was marked with a special milestone for the bank as well. CIMB Niaga was the first bank given the recognition in Indonesia by Financial Services Authority (OJK) that graduated to Business Activities of Commercial Banks ("BUKU") 4, the highest bank-category in terms of core capital (Tier-1) of more than Rp30 trillion based on OJK regulations. This achievement is accompanied by the success of maintaining our position as Indonesia's fifth largest bank by assets, with total assets of the Bank reaching Rp266.3 trillion as of December 2017.

REPORT OF THE BOARD OF DIRECTORS

MACROECONOMY 2017

Global economic activities have shown positive growth in 2017 fueled by recovery of world commodity prices. The United States of America has recorded a strong rebound from 1.5% in 2016 to 2.6% in 2017; The Euro-Zone posted 2.5%, its best growth rate in the last 10 years, and China has grown 6.9%, well above the official target of 6.5%. On commodity pricing, the average monthly crude oil and coal has gone up 25% and 34%, respectively to USD54.3 per barrel and USD88.4 per tonne from 2016. These recoveries have generated positive impact on the domestic economy. The economy grew by 5.1%, or slightly better than 2016 but lower than initial Bank Indonesia's target of 5.2%.

In recognition of the improving economy, global rating agencies such as Standard & Poor's, Moody's, and Fitch have upgraded Indonesia's sovereign rating to Investment Grade Status, potentially bolstering foreign investment and capital market activities.

Though the economy is improving, the banking industry continues to show moderate performance. The industry recorded an 8.2% increase in credit growth, less than OJK's projection of 10%-13% growth. This is partly due to political uncertainty as the market awaits the outcome of the 2018 regional elections in 171 districts/provinces. In addition the slower credit growth, and the fact that Industry's NPL ratio remained at 2.6%, suggests that industry's sentiment still prioritizes strict underwriting standard over ease of credit disbursement.

CIMB NIAGA PERFORMANCE IN 2017

Implementation of Strategic Policies

In order to navigate the challenging economic environment, the bank continues to implement 5 core pillars : 1) Playing to our strengths, 2) Expanding our CASA (Current Account and Savings Account) franchise, 3) Maintaining our cost discipline, 4) Focusing on risk management culture, and 5) Leveraging technology and digital platforms.

Playing to Our Strengths

The bank continues to expand its franchise in the area where we have established competitive advantages and strong value propositions. In Corporate Banking segment, we continued to focus on expanding Tier-1 customers and improve infrastructure to satisfy the need of our customers. Syndicated loans recorded 38.9% growth to Rp20.7 trillion. Working capital loans contributed of 53.2% to total Corporate Banking loans in 2017, meanwhile the remaining 46.8% contributed from investment loan.

Commercial Banking continued its recalibration process to improve asset quality and customer selections. Through the implementation of this strategy, commercial loans increased by Rp2.1 trillion or 6.9% to Rp31.9 trillion in 2017 from Rp29.8 trillion the previous year by targeting selective industries in selected regions.

With these repositioning in Corporate and Commercial businesses, we can see the rebalancing of our wholesale portfolio in favor of higher credit quality loans. This would improve the risk profile of the bank, with expected lower credit charges for the future.

After a through deliberation of strategy and execution alignment, we have exited Micro segment business and remained focus to grow on SME (Small and Medium Enterprises) segment. The SME segment gained traction by recorded loan growth of 4.3%. As this segment represents an integral part of Indonesia economy landscape, we are committed and focus to support the growth of this segment through internal collaboration, referral system cross-selling activities and digital preposition. In December 2017, we have soft-launched an internet banking solution for SME customers, offering a secure and convenient way to conduct banking transactions for business customers.

Our continued efforts in recalibrating our auto-loan portfolio and focusing on premium segment have yielded good result, bringing down the portfolio gross NPL ratio from 3.2% to 1.3%. We have seen the average ticket size of our auto-loan has increased by 40% compared to last year. However, this strategy also resulted in reduction of auto-loan portfolio from Rp14.81 Trillion in 2016 to Rp8.72 Trillion, bringing the overall Consumer portfolio to Rp48.64 trillion, a 6.7% reduction compare to last year.

On the other hand, our mortgage business is gaining momentum in acquiring market shares to 6.6% from 6.4% a year earlier. We managed to record growth of the mortgage loan portfolio with a 12.0% increase to Rp27.0 trillion. In addition, we also demonstrated an excellent achievement in demand for sharia mortgages, where the Sharia mortgage portfolio grew by 103.1% to Rp5.4 trillion, from Rp2.7 trillion in 2016.

Overall, Sharia Banking recorded an outstanding achievement, where the volume of financing increased by 63.5% in 2017 compared to 2016. This growth was mainly driven by the corporate segment, which increased by 77.1% in financing. Meanwhile, customer deposits in Sharia Banking in 2017 recorded an 87.3% growth compared to 2016. The Sharia business segment continues to gain positive momentum – now making up 8.7% of the Bank's total loans from 5.6% in the previous year. This achievement pointed out our success in developing the Dual Banking Leverage Model, the first of its kind in the country. We are proud to be recognized as the Best Performance and Innovation Sharia Bank by Republika in 2017.

Expanding Our CASA Franchise

Our successful full-court press strategy on expanding our CASA franchise has raised our CASA to 52.6% bringing bankwide cost of fund to 4.1%. This is very important as this strategy allows us to improve our customer selections and increase our credit quality. Massive efforts have been directed to entice more transactions, increase stickiness and share-of-wallet; We launched the New Go Mobile, a mobile banking service that gives retail customers easy access --any time and any place-- to their portfolios at CIMB Niaga through their smart phones. The improved and upgraded version of Go Mobile is expected to meet the needs of customers who are increasingly embracing digital banking. We are excited to continue innovating Go Mobile with a list of new features and enhancements available that we have planned for 2018. For non-retail consumers we have offered an internet banking platform for all segments covering SME to large corporate. Additionally, to penetrate growing demand, we launched a youth savings product, called the Indie Account, which targeted the growing segments of teenagers that like to express themselves.

Management

REPORT OF THE BOARD OF DIRECTORS

Maintaining Our Cost Discipline

We also successfully managed operating costs, which increased by only 2.1%, lower than the inflation rate of 3.6%. This was achieved by applying efficiency measurement, simplifying working processes, maximizing effective use of proprietary premises for office space, reviewing branch office operations and re-aligning budgets for promotional and advertising campaigns, while also strongly encouraging development of our more efficient digital banking network and improving our alternative channels.

Focusing on Risk Management Culture

We continue to put emphasis on building “Risk and Compliance” culture as we are putting significant KPI weightings for all units. The Bank has implemented Enterprise Wide Risk Management framework that guide our business activities and decision making processes. Conscious efforts have been taken to strengthen RCU (Risk Control Unit) and Quality Assurance roles in each function within the organization. The bank is committed to enhance and implement credit rating framework for all corporate and commercial clients. While focusing on improving our processes and strengthening our model within our credit factory, we do so in keeping the customer experience in mind through increasing turn-around-time.

Leveraging Technology and Digital Platforms

We believe our sophisticated customers demand seamless and secure transactions. The ‘1Platform Kita Satu’ program provides better customer experience across the branch and digital touchpoints and networks for all stakeholders and is expected to catapult us to the forefront of digital banking service.

The New Go Mobile offers various innovations, starting with the modern look of new user interface, finger-print login feature for a quick and easier access into the apps, 1 device 1 phone number feature for more secure access, share transaction receipt directly to the beneficiary via chat messenger apps such as WhatsApp, LINE, SMS, and e-mail, download account statements, promo codes to participate in Go Mobile marketing programs and many other innovations that make it easier to transact via their smartphones.

In keeping with our commitment to improving our customer experience, CIMB Niaga officially launched its latest addition to our Phone Banking 14041 facility in Yogyakarta, which offers numerous digital-based features -- from telephone to email, from social media and live chat to video banking.

Performance in 2017

Through the implementation of these strategic thrusts, we were able to seize numerous opportunities and address challenges throughout the year of 2017.

In terms of the profit and loss accounts, we recorded a total operating income of Rp15.7 trillion in 2017, up by 5.9%, or Rp872 billion, compared to 2016 at Rp14.9 trillion. This is mainly due to strong performance in Net Interest Income and in Non-Interest Income. Net Interest Income rose by 2.6% to Rp12.4 trillion from Rp12.1 trillion in previous year. Non-Interest Income meanwhile recorded a growth of 18.8% to Rp3.3 trillion, compared with Rp2.8 trillion in the previous year.

We did various cross-selling initiatives involving relationship managers, telemarketing and digital channels, to increase the number of product holding per customer. As a result, at year-end 2017, average product holding was recorded at 1.7x. For customers in the mass market and preferred segment record a product holding of 3.2x and 4.6x, respectively.

As a result, we successfully recorded a consolidated net income of Rp3.0 trillion in 2017, an increase of 43.0% or amounted to Rp896 billion, compared to the net income in the previous year of Rp2.1 trillion. This achievement translated to Rp118.5 in earnings per share, an increase by 43.0% or amounted to Rp35.7 from Rp82.8 booked in the previous year.

In terms of balance sheet accounts, the Bank recorded a loan growth of 2.8% to Rp185.1 trillion with a non-performing loan (NPL) ratio of 3.7%, a 14bps improvement from last year. In line with developments in domestic economic conditions, the Bank will continue to control NPL levels by maintaining prudent credit distribution principles, exploring recovery activities and keeping considerations of asset quality as a top priority. We are optimistic that the implementation of our policies and strategies will further improve our asset quality in the future.

Meanwhile, in terms of third party funds, the Bank recorded a growth of 4.8% to Rp189.3 trillion compared to the previous year at Rp180.6 trillion. CIMB Niaga continues to improve its CASA ratio and recorded a growth of 8.4% to Rp99.5 trillion. Time deposits also increased by 1.2% to Rp89.8 trillion. The Bank also recorded total assets in 2017 at Rp266.3 trillion, increased by 10.2% or Rp24.7 trillion, compared to the previous year at Rp241.6 trillion.

Overall, the achievements of CIMB Niaga throughout 2017 are the combined results of the hard work of all personnel and our steadfast commitment to serve customers from the heart.

Comparison of Targets and Achievements

In 2017, I am pleased to report that CIMB Niaga recorded a commendable performance. We have exceeded our profitability target and achieved a stronger capital position. Our PBT (Profit Before Taxes) grew 45.7% to Rp4.2 trillion; while Net Profit grew 43.0% exceeded the target of 30%. The Bank ended the 2017 with a much stronger capital position: a 64bps improvement on CAR (Capital Adequacy Ratio) to 18.60%. This achievement will put us on a stronger platform for 2018.

Challenges and Resolutions

The bank recorded a slower loan growth compare to the industry is a function of the softness of the industry and a reflection of bank's strategies. The decision to exit Micro segment business and auto-loan recalibration strategy put a downward pressure against bank's credit expansion plans; excluding the auto-loan segment, the bank would have recorded 4.3% loan growth in 2017.

Management Discussion
and Analysis

Risk
Management

REPORT OF THE BOARD OF DIRECTORS

We have focused our efforts in improving our NPL ratio, and this has recorded early results of an improvement of 14bps; bringing our NPL ratio down to 3.75% in 2017. The bank is committed to improve the NPL ratio through taking an integrated plan to increase asset quality, continuous monitoring of NPL accounts, deploying early-warning system, restructuring, optimizing collection effort and focusing on collateral sales. We expect this hard work will yield further improvements for our NPL ratio in 2018.

Recent fintech disruptions that have swept Indonesia represent challenges as well as opportunities for the bank. We have witness the high level adoptions of innovations that change the way we do businesses and daily activities, affecting banking transaction at its core. Innovation is not a new mantra in CIMB Niaga. Being considered as a digital forerunner within the banking industry command us to stay innovative in our product offering and transform the internal processes to align banking capabilities with customer expectation. We continue to explore opportunities together with new emerging fintech player to reach and deepen banking relationships with our customers.

Analysis of Business Prospects

In 2018, global economic growth is expected to be slightly better than in 2017, with stable commodity prices and improve trading volumes. However, a number of global economic uncertainties remain amid in the backdrop of the positive prospect of a continuing global economic recovery. The risk stems from the normalization of monetary policies in a number of developed economies as well as geopolitical factors in some parts of the world. On the domestic side, domestic economic growth will

be supported by increasing economic activities, continuing government infrastructure development programs, and recovery in public consumption. Indonesia's economic growth in 2018 is expected to hit the 5.2% GDP growth rate. In Indonesia, the 2018 regional elections and preparation of the 2019 presidential election will offer both challenges and growth opportunities.

CIMB Niaga estimates that bank loans will grow by a modest growth rate. Ultimately, the growth of e-Commerce and the growth of MSME business are expected to open up more opportunities for banks to provide financing facilities.

As a response, we continue to implement our 5 pillars strategies: 1) Playing to our strengths, 2) Expanding our CASA (Current Account and Savings Account) franchise, 3) Maintaining our cost discipline, 4) Focusing on risk management culture, and 5) Leveraging technology and digital platforms.

AT THE FOREFRONT OF DIGITAL BANKING SERVICES

We continue to develop our information technology systems in order to support the Bank's business activities. This strategic movement is taken by CIMB Niaga as we foresee future economic direction on banking industry will be centered on digital technology services. The Bank has taken various IT initiatives which focus on digital banking services expansion with emphasis on branchless banking, heightened customer experience and digital sales proficiency, and enhancement of mobile banking system capability.

In 2017, we complemented our digital channel offerings foremost through launch of BizChannel@CIMB for Business, an internet banking solution offering a secure and convenient way to conduct banking transactions for business customers. This service added on the BizChannel@CIMB product-line, namely the BizChannel@CIMB for Enterprise dedicated to the corporate customers.

Meanwhile for individual customers, We have launched the new improved Go Mobile, a mobile banking service that gives retail customers easy access with a heightened security feature against social engineering. The upgrading and revitalization of these digital channels is expected to address the needs of customers who increasingly turn to digital banking, in line with our aspiration to become Indonesia's leading digital banking company.

HUMAN CAPITAL DEVELOPMENT

The Bank put employees as the key element as well as a strategic partner in achieving competitive advantage. Proper management of human capital is therefore one of the key pillars towards sustainable positive performance.

CIMB Niaga continuously and continually adjusted its human resource management and development strategy that enable the Bank to respond to any challenges and quickly adapt to market changes, particularly within the banking industry. In developing quality human resources in 2017, the Bank focus on four (4) key areas, comprising automation of HR services, building of internal talents, improving processes and organizational effectiveness across HR lines, and internalizing Core Values and a risk-conscious culture. Uplifting these 4 key elements is expected to make positive impacts on business growth and development as a whole.

Going forward, we will continuously strive to build professional, agile, high integrity human resources that are able to realize the Bank's Vision and Mission. This is being accomplished through the long-term HR development strategy, with detailed HR development on stages, priorities, and focuses.

CORPORATE GOVERNANCE

We believe that achieving good performance can be sustained over the long term and those targets in the Bank Business Plan can be achieved by the consistent implementation of Good Corporate Governance (GCG) practices. For more than 60 years, we have applied GCG principles in order to maintain harmonization and balance between the aspirations of the Bank and those of its stakeholders.

At CIMB Niaga, GCG provides direction and control for the Bank to stay aligned with the expectations of stakeholders, the requirements of law and regulations, the practice of business ethics, and the actualization of the Bank's core values. Best-practice GCG at CIMB Niaga refers to the four pillars of Corporate Governance, namely governance commitment, governance structure, governance process and governance outcome, representing the manifestation of CIMB Niaga's responsibility to its stakeholders, notably comprising customers, employees, shareholders, regulators and the general public. In addition, we are also guided by GCG principles as required by the OJK as generally applied in Indonesia, as well as the best practice according to the ASEAN Corporate Governance Score Card.

We always adhere to GCG principles in harmony with best practices that not only provide adequate protection and fair treatment to shareholders and other stakeholders, but more than that, encourage the Bank to create shareholder value to the maximum

Management

REPORT OF THE BOARD OF DIRECTORS

level. The Board of Commissioners, the Board of Directors and all employees are fully committed to implementing high standards in the application of GCG principles. These principles serve as a reference for decision making, performance optimization, prevention of conflict of interest, and increased accountability.

In recognition of the implementation of best practice corporate governance in CIMB Niaga in 2017, the Bank received a number of prestigious awards in the field of Corporate Governance including as 1st Winner of Private Finance Listed Category in Annual Report Award 2016, Best Overall on the 9th IICD Corporate Governance Award 2017, and Top 5 GCG Issues on Banking Sector at Indonesian Corporate Secretary Award 2017.

CORPORATE SOCIAL RESPONSIBILITY PROGRAMS

The successes of CIMB Niaga in conducting its business activities is not only determined by operational and financial performance, but is also supported by non-financial performance as can be seen on harmonious relationships with the community through the implementation of Corporate Social Responsibility programs. CIMB Niaga's CSR programs are focused on activities that have a significant impact on the welfare of the respective recipients.

In 2017, CIMB Niaga continued its CSR programs and activities through the four activity pillars of education, community development and empowerment, philanthropy, and the environment. In the field of education, we distributed scholarships to 905 students ranging from high school to the graduate level. We also encouraged the implementation of the Banking Finance Education and Literacy Program through the 'Ayo Menabung dan Berbagi' Program, Tour de Bank, Mini Banking Laboratory and Bourse Game Laboratory. In addition, we continued with the

One Million Book program, Training for Kindergarten/ Early Childhood Education Teachers program, and the provision of supporting educational facilities to schools throughout 2017.

On the pillar of community development and empowerment, one on-going activity is the Disabled Person Empowerment Program, which provides an opportunity for physically-challenged people to work in CIMB Niaga. In 2017, CIMB Niaga recruited 48 visually impaired individuals to work in Telesales Funding as well as 10 hearing impaired individuals to work in Phone Banking Social Media. In addition, we also included 20 people with disabilities in Information Technology Training.

In an effort to improve the welfare of the community as a reflection of the philanthropic pillar, CIMB Niaga contributed through various activities: a project in cooperation with the Embassy of the Republic of Indonesia in Kuala Lumpur for the provision and management of Rumah Kita Shelter, a temporary shelter for Indonesian Migrant Workers in Malaysia, donation for religious and social activities, organization of blood donor drives, and emergency relief aid in the handling of natural disasters.

In the environmental field, we consistently strived in efforts to preserve the environment by planting 10,000 Betung bamboo trees in Ngada, East Nusa Tenggara, and through the implementation of Smart Spending Policy.

Throughout 2017, we channelled a total of Rp30.9 billion in CSR funds. In our commitment to the implementation of CSR programs, CIMB Niaga will gradually allocate funds for CSR at 1% of our Profit Before Tax (PBT). We are optimistic that CIMB Niaga's CSR activities will continue to generate added value for shareholders and other stakeholders, while at the same time supporting CIMB Niaga's business growth through the synergy between CSR Programs and the Bank's business strategies.

CHANGES IN BOD COMPOSITION

The Extraordinary General Meeting of Shareholders (EGMS) held on 24 August 2017, decided to change the composition of the Board of Directors. The EGMS appointed Rahardja Alimhamzah as Director. We would like to extend a warm welcome to Rahardja Alimhamzah, and we believe that with this appointment, CIMB Niaga can achieve higher growth and performance.

As at year-end 2017, the composition of the Board of Directors is as follows:

- President Director: Tigor M. Siahaan
- Director: Wan Razly Abdullah
- Director: Rita Mas'oen
- Director: Megawati Sutanto
- Director: Vera Handajani
- Director: John Simon
- Director: Lani Darmawan
- Director: Pandji P. Djajanegara
- Director: Hedy Lopian
- Compliance Director (Independent): Fransiska Oei
- Director: Rahardja Alimhamzah

APPRECIATION AND CLOSING WORDS

For closing, the Board of Directors would like to express the highest gratitude and appreciation to the Board of Commissioners for all advice, suggestions and recommendations given to the Board of Directors. I would also like to express the Board of Directors appreciation of CIMB Niaga's shareholders, customers and business partners, for their support, trust and cooperation that continues to this day.

Directors wish to express the highest gratitude and appreciation to all employees who have worked with dedication and compassion in carrying out their respective duties and responsibilities and support the efforts to realize the Bank's Vision, Mission and Business Plans tirelessly hand in hand. To all the other stakeholders whom we can not possibly mention all individually here, I wish to thank for their consistent cooperation so that CIMB Niaga can achieve its business targets and sustain its growth momentum.

Together, let us realize CIMB Niaga's Vision to Be a Leading ASEAN Company.

Step Forward, Dream Bigger

➤ Report of the Sharia Supervisory Board

Bismillaahirrahmaanirrahim,

With the words, Alhamdu lillahi Rabbil 'Alamin, let us give praise and thanks to Allah Ta'ala for all the grace and blessings bestowed upon us. Salutations and greetings also to the Prophet Muhammad SAW, his family and friends.

Throughout 2017, the Sharia Supervisory Board (SSB) of the CIMB Niaga Sharia Business Unit (SBU) performed its duties and responsibilities in providing supervision, as well as advice and recommendations concerning the activities of CIMB Niaga SBU. We have also ensured that all areas of the business have complied, at all times, with the sharia principles based on the Fatwa of the National Sharia Council and the Indonesian Ulema Council (DSN-MUI). We performed these duties with the full support and cooperation of the management and staff of CIMB Niaga, as well as with support from the CIMB Group.

The Board conducted, among other activities, regular supervision of the business unit, as well as reviews on product, policy and procedure proposals, or other issues related to the fulfillment of sharia principles, that needed the opinion of the SSB. On the basis of our supervision carried out throughout 2017, the SSB is of the opinion that transactions performed by CIMB Niaga SBU in the form of financing, deposit taking, services, including capital market custodian, and initiatives in product development and other innovations, complied with the requirements of the authorities as regulated in the relevant POJK/PBI and SEOJK/SEBI, as well as the sharia requirements contained in the Fatwa of the DSN-MUI, opinions of the SSB, and the Bank's General Policy on Sharia Compliance.

In summary, we can report that in 2017, CIMB Niaga SBU achieved outstanding results. The excellent

performance of CIMB Niaga SBU in 2017 was evident from a number of indicators, such as the growth of total assets by approximately 80%, from Rp12.8 trillion to Rp23 trillion, the growth of total funding by approximately 84%, from Rp10.6 trillion to Rp19.5 trillion, and the growth in total financing by approximately 63%, from Rp10.2 trillion to Rp16.7 trillion. As a result of these achievements, our profit before tax (PBT) grew by 61% to Rp491 billion, from Rp305 billion in 2016. We also managed to improve the performance of non performing financing (NPF) from 1.2% in 2016 to 0.9% in 2017. All these achievements have made us more confident and optimistic about our ability to improve the performance of sharia-based business at CIMB Niaga.

On this occasion, the SSB would like to extend its highest appreciation and thanks for the support given by the management to CIMB Niaga SBU in 2017. We would also like to encourage the Management to be faithful in the conduct of business activities by always complying with sharia principles. We believe that strong intentions accompanied by sincerity in work obligations will lead CIMB Niaga SBU to grow, and serve the Indonesian people from the heart at all times.

We continue to work and encourage the management of CIMB Niaga SBU to keep working with vigor and dedication by maintaining Sharia Compliance so that the expectations and targets set for the coming year can be achieved.

In closing, let us pray, may Allahu Ta'ala always provide convenience, ease, and blessings for us all, so that we can maintain our success, both in the world and in the afterlife. Amin yaa Rabbal 'Aalamin.

BRIEF HISTORY OF ESTABLISHMENT

CIMB Niaga was established based on Deed of Company Establishment No. 90 made in the presence of Raden Meester Soewandi, Notary in Jakarta dated 26 September 1955 and amended by deed of the same Notary No. 9 dated 4 November 1955. These Deeds of Establishment have been approved by the Minister of Justice of the Republic of Indonesia (now Minister of Justice and Human Rights) with Decision No. J.A.5/110/15 dated 1 December 1955 and published in the State Gazette of the Republic of Indonesia No. 71 dated 4 September 1956, the Official Gazette No. 729/1956.

Based on the Deed No. 38 dated 28 May 2008, made by Dr. Amrul Partomuan Pohan, SH, LLM, the company name was changed from PT Bank Niaga Tbk to PT Bank CIMB Niaga Tbk. The name change was approved by the Minister of Justice and Human Rights of the Republic of Indonesia through its Letter No. AHU-32968.AH.01.02 2008 dated June 13, 2008 and the Decision of the Governor of Bank Indonesia No. 10/56/KEP.GBI/2008 dated 22 July 2008.

CIMB Niaga has obtained the license as commercial bank, forex bank, and sharia bank, based on Ministry of Finance of the Republic of Indonesia Decision

No. 249544/U.M.II dated 11 November 1955, Board of Directors of Bank Indonesia Decision No. 7/116/Kep/Dir/UD dated 22 November 1974, and Bank Indonesia Governor Decision No. 6/71/KEP.GBI.2004 dated 16 September 2004.

Regarding the approval from Bank Indonesia (now managed by the Finance Services Authority, OJK) on the merger plan of Lippo Bank into Bank CIMB Niaga through the Bank Indonesia Governor Decision No. 10/66/KEP.GBI/2008 dated 15 October 2008 on "Approval of the Merger of PT Bank Lippo Tbk into PT Bank CIMB Niaga Tbk", as well as the Ministry of Justice and Human Rights of the Republic of Indonesia Letter No. AHUAH.01.10-22669 dated 22 October 2008, the merger is in effect since 1 November 2008. The

statement of the effective merger obtained notification from Bapepam-LK (now OJK) through Letter No. S-4217/BL/2008 dated 30 June 2008. The effective date of the merger with Bank Lippo was as of 1 November 2008 based on Deed No. 9 dated 16 October 2008 made before Notary Dr. Amrul Partomuan Pohan, SH, LLM, Notary in Jakarta.

Since its establishment, CIMB Niaga has therefore undergone four (4) mergers, namely:

- On 22 October 1973 with PT Bank Agung;
- On 30 November 1978 with PT Bank Tabungan Bandung;
- On 17 October 1983 with PT Bank Amerta; and
- On 1 November 2008, with PT Bank Lippo Tbk.

Brief History of Changes in Corporate Name

Date	Corporate Name Change	Effective Date of Corporate Name Change	Basis of Establishment
26 September 1955	PT Bank Niaga Tbk into PT Bank CIMB Niaga Tbk	13 June 2008	Ministry of Justice and Human Rights of the Republic of Indonesia Letter No. AHU-32968.AH.01.02 dated 13 June 2008 Bank Indonesia Governor Decision No. 10/56/KEP.GBI/2008 dated 22 July 2008

Triggered by Bank Indonesia's policy on single presence, the majority shareholder of Bank Niaga and LippoBank decided to merge as the best option for the interest of all stakeholders. Accordingly, during the Bank's Extraordinary GMS on 28 May 2008, the EGMS resolved to change of name into PT Bank CIMB Niaga Tbk. With the value and spirit of always thinking and stepping forward as displayed in the logo of CIMB Niaga, the synergy and business combination among Bank Niaga, LippoBank and CIMB Group are expected to provide the best results for a better future.

CIMB NIAGA AT A GLANCE

Established under the name of Bank Niaga, the Bank's main focus is to build core values and professionalism in the Indonesian banking industry. Over time, Bank Niaga became well-known as a trusted provider of quality products and services. In 1987, Bank Niaga became the first bank in Indonesia to launch banking transaction services through Automatic Teller Machines (ATM).

Bank Niaga became a listed company on Jakarta Stock Exchange and Surabaya Stock Exchange (now the Indonesia Stock Exchange/IDX) in 1989. In 2002, CIMB Group Holdings Berhad (CIMB Group Holdings) acquired its majority ownership in Bank Niaga from Indonesian Bank Restructuring Agency (IBRA). In a separate transaction, Khazanah, the majority shareholder of CIMB Group Holdings Berhad, acquired majority ownership of LippoBank on 30 September 2005. In 2007, the total shareholding was transferred to CIMB Group as part of an internal reorganization to consolidate the activities of all CIMB Group subsidiaries with a universal banking platform. The majority of CIMB Niaga's 92.5% shareholding is directly and indirectly owned by CIMB Group Sdn Bhd, which is the fifth largest universal banking group in ASEAN with a wide regional network in Malaysia, Singapore, Thailand and Cambodia.

CIMB NIAGA AT A GLANCE

As the controlling shareholder of Bank Niaga (through CIMB Group) and LippoBank, since 2007 Khazanah had been considering merger as a measure to be taken in order to comply with the Single Presence Policy (SPP) policy stipulated by Bank Indonesia. This is the first merger in Indonesia related to SPP policy. In 2008, Bank Niaga changed its name to Bank CIMB Niaga.

This merger was a monumental step in the banking sector in Southeast Asia and provides CIMB Niaga the advantage of connectivity into the ASEAN regional network through CIMB Group. As of the end of 2017, CIMB Niaga is the fifth largest bank in Indonesia with total assets of Rp266 trillion with market capitalization of Rp34 trillion. This achievement has successfully placed CIMB Niaga within the category of BUKU 4 with minimum core capital of Rp30 trillion.

CIMB Niaga provides a wide range of comprehensive and innovative products and services ranging from consumer banking; Micro, Small and Medium (MSME) banking; commercial banking; and corporate banking, supported by Treasury and Transaction Banking capabilities and a powerful network of branchless banking. CIMB Niaga offers commercial and sharia products and services through the CIMB Niaga Sharia Business Unit.

One of the advantages of CIMB Niaga is its Transaction Banking capability, which offers a variety of products and services as well as comprehensive solutions for companies to manage their domestic and cross border financial operations and transactions. Those solutions include Cash Management, Remittance, Trade Finance and Value Chain. With internet banking features such as BizChannel@CIMB for the corporate market, corporate customers are provided with convenient access to process a wide variety of payment transactions and also purchase foreign currency online, without having to go to a CIMB Niaga branch office. These capabilities led CIMB Niaga to win several prestigious awards in the field of transaction banking and FX, as the best cash management bank, best trade finance bank and the Leading FX Provider in Indonesia.

CIMB Niaga's Cash Management is capable of delivering innovative products and services that meet the needs of its customers with the support of strong IT infrastructure to maintain excellent security, stability and service levels for our customers. CIMB Niaga Trade Finance is supported by trade desks throughout Indonesia in order to reach all of our customers. With the support of CIMB Group, trade finance services are also capable of providing competitive services and gaining its very strong position in ASEAN.

In the remittance business, CIMB Niaga services can be accessed through 542 branch offices and also through branchless banking. Through collaboration with many local and foreign financial institutions, CIMB Niaga's cross-border remittance service provides more than 130 foreign currencies with same-day service capability for several major currencies, and is also supported by competitive rates and dedicated client service.

Throughout 2017, CIMB Niaga continues to develop branchless banking by optimizing the utilization of cutting-edge technology with emphasis on the customer experience as a differentiator, this is done to realize the vision of making CIMB Niaga a leader in digital banking services. Thus, CIMB Niaga bank has become one of the most complete banks in providing digital banking services for customers in the national banking industry

Branchless banking services currently available include Phone Banking service 14041, Preferred Phone Banking 1 500 800, Go Mobile banking, CIMB Clicks internet banking, Digital Lounge and Mobile Account (Rekening Ponsel). Mobile Account is an innovative service that allows customers to transfer to a mobile number without having a bank account. CIMB Niaga is the first bank in Indonesia to have such a product and service.

In addition, CIMB Niaga customers can also access various national and regional ATMs through the Prima network, ATM Bersama, Cirrus, VISA, and MEPS networks. These are aimed at providing customers with flexibility and convenience to make transactions through ATMs both in Indonesia and in ASEAN.

As a leading bank in the adoption of information technology, CIMB Niaga launched the Wave n Go Credit Card. This is the first credit card in Indonesia with a unique credit card design equipped with contactless payment technology. With CIMB Niaga Wave n Go, card holders only need to “wave” their cards near to the contactless EDC (Electronic Data Capture) machines for easy and practical transactions.

In 2017, CIMB Niaga also launched The New Go Mobile, its mobile banking offering that provides a convenient way for customers to conduct transactions via their smart phones, anytime and anywhere. The expanded features of The New Go Mobile are designed to meet the needs of today’s banking customers who increasingly prefer the digital way of banking, as well as suited to CIMB Niaga’s aspiration to become the leading digital banking institution in Indonesia.

CIMB Niaga is committed to provide positive end-to-end customer experience at all times and in all service platform, including the Go Mobile. With the “Forward” brand promise, CIMB Niaga is on hand to support its customers in all aspects and stages of life to move forward to reach their goals and dreams. No more no, just Go Mobile. With one Go Mobile apps, enabling fast and secure transactions, anywhere, at anytime, cashless and cardless.

Supported by 542 branch offices, 4,500 ATMs, 174 Multi-Function Devices/MFD, 683 Cash Deposit & Recycle Machines, and 12,782 employees all over Indonesia, CIMB Niaga is confident to be continually growing as the best and leading provider of banking services for the community.

➤ Company's Identity

Logomark

Logotype

Logo

The official logo of CIMB Niaga consists of 2 main elements, namely the logomark and the logotype, the two elements of which being an integral logo, not to be separated. The CIMB Niaga logo was explicitly designed to capture the Company's identity and values.

- Logotype serves to strengthen the logomark as a descriptive word. All logotypes have the initialized 'CIMB' prefix as well as the "Niaga" suffix.

To ensure its quality and consistency, CIMB Niaga's official logo should not be changed or modified.

Separately, the two elements have the following meanings:

- Logomark, the logo symbol, is an arrow motif formed with a square graphic. This symbol describes the values and spirit of the Company to always think and move to be a leader.

► Products and Services

Vision

To become a prominent finance company in Indonesia by creating additional value and providing the best service for our customers and business partners.

Mission

We are committed to become a prominent auto finance company that delivers best value to our stakeholders through excellent services to customers, strong mutual relationships with business partners, excellent people, and contributions to communities.

Profile

PT CIMB Niaga Auto Finance (formerly known as PT Saseka Gelora Leasing) was established in 1981 with its main business initially focused on leasing services. In 1993, the company changed its name into PT Saseka Gelora Finance (SGF) along with its business expansion into the multifinance business, including consumer finance, factoring, and leasing.

In 1996, PT Bank CIMB Niaga Tbk (formerly known as PT Bank Niaga Tbk) became a majority shareholder of the Company and the portion of shares owned by PT Bank CIMB Niaga Tbk continued to increase up to 96% in 2007. Aligned with PT Bank CIMB Niaga's strategy to expand its consumer finance business in Indonesia, the Company made a significant change on its business focus from leasing business into consumer financing, particularly automotive financing in October 2009.

In 2010, PT Bank CIMB Niaga Tbk increased its share ownership in SGF to 99.99% and the remaining 0.01% owned by PT Citra Niaga Management (NMC). In June 2010, PT Saseka Gelora Finance changed its name to PT CIMB Niaga Auto Finance (CNAF), followed by a change of its logo.

In December 2015, the shareholders approved the merger of PT Kencana Internusa Artha Finance (KITAF) into CNAF through an Extraordinary General Meeting of Shareholders (EGMS) effective on January 1, 2016, upon receiving approval from the Financial Services Authority (OJK) and the Ministry of Law and Human Rights. This merger aimed to create a larger and stronger automotive financing company, as well as to be able to offer its customers more comprehensive products and services. In March 2016, the KPM business of CIMB Niaga was merged into CNAF in line with the parent company's strategic initiative to reinforce its auto loan business line, expand its business network, and increase its customer base.

In 2017, the Management of CNAF created a closer alliance with its parent company and managed to realign priorities toward a healthy and sustainable business growth supported by a banking group with large and strategic base of business in Indonesia

Management Discussion and Analysis

Macro Analysis and Banking Industry

The world economy was a relatively stronger in 2017. Where in the US show that their economic recovery is continuing and the Eurozone posted better-than-expected economic performance. In Asia, the Chinese economy also delivered better-than-expected growth, while India's economy remains steady and Countries in the ASEAN region continue to show relatively strong performances compared with many other countries in the world. As a whole, the Asia Pacific region continue to perform as the world's engine of growth. Asia Pacific is expected to remain so in 2018.

Gross Domestic Product

Indonesia's GDP has been in a stable growth at **5%** per year for the last 3 years

GLOBAL ECONOMY

By the end of 2017, the world economy had still not given a conclusive signal that would continue to rebound, although 2017 was a relatively stronger year than 2016. In the US, the strengthening of domestic consumption and the labor market suggest that the US economic recovery is continuing. Along with it, from end 2015 until end 2017, the Federal Reserve has raised the Fed Funds Rate five times to 1.50%.

The Eurozone also posted better-than-expected economic performance. Economic growth in the Eurozone during 2017, driven mainly by Germany, France and Italy, saw increased public consumption, credit growth, and productivity, which strengthened the Euro. In response to such economic improvements, European Central Bank (ECB) plans to reduce its stimulus by halving the repurchase of bonds starting 2018.

In Asia, the economy of China delivered better-than-expected growth, albeit only slightly. India's economy remains steady. Countries in the ASEAN region also continue to show relatively strong performances compared with many other countries in the world. As a whole the Asia Pacific region continue to perform as the world's engine of growth. Asia Pacific is expected to remain so in 2018.

THE INDONESIAN ECONOMY

Indonesia in 2018: A 1 trillion dollar economy. Indonesia ended 2017 with a new status, as a country with a nominal Gross Domestic Product over USD 1 trillion. There are only 16 out of 180 countries in the world that have output above USD 1 trillion. The combined total GDP of the sixteen countries is around USD 60 trillion, or roughly 75% of the world's output. Combined with its vast land mass (the world's fifteenth largest) and its sizeable population (the fourth most populous country in the world), Indonesia has become a country with significant geo-economic and geopolitical weight.

The dynamics in the real sector in 2017 indicates a slightly better momentum than in 2016. In 2017, GDP grew by 5.1%, driven primarily by consumption and underpinned by higher investment. The rate of growth of public consumption in 2017 remained steady at nearly 5%, no different from the growth rates of public consumption in 2015 and 2016. The growth of investment was mainly driven by infrastructure project and investment on machinery. Investment grew by almost 5.8%, much faster than in 2016.

The net export component of GDP rebounded in 2017 against 2016, thanks partly to a rebound in world commodity prices. However, since the ratio of net exports to GDP is small, its contribution margin to GDP is not significant. Notwithstanding, the rebound in export and import activities point to a broader recovery process. The strengthening of commodity prices in the first half of 2017 contributed positively to Indonesian trade surplus, which reached USD 11.8 billion. Government consumption, which in the early part of 2017 contributed to growth, appeared to have lost its momentum.

CHAIRAL TANJUNG

President Director of PT Trans Media Corpora

Trans Media Corpora started cooperation with CIMB Niaga in 2017. However, as a group, CT Corp had established a long-term cooperative relationship with CIMB Niaga through our various business units.

CIMB Niaga is one of the best of the reputable banks in terms of services in Indonesia. CIMB Niaga can understand our various needs as a business group engaging in a variety of industry sectors. In addition to the media sector, we also have interests in the property and entertainment sectors.

We see that CIMB Niaga has a strong commitment to always be there to assist in the development of our business even during the challenging market conditions over the past couple of years. CIMB Niaga has provided financial solutions suitable to the needs of our company.

We hope that CIMB Niaga will continue to grow in the future, as well as expand quality of services and deliver innovative financial solutions for all customers. Hopefully CIMB Niaga can continuously grow together with us in the future.

MACRO ANALYSIS AND BANKING INDUSTRY

At the sectoral level, there were four economic sectors that grew more rapidly than average GDP in 2017: Construction sector (with a share of 10.3% of GDP), Transportation and Warehousing (4.2%), Information and Communication (5%) and Finance and Insurance (4.2%). Business Services (1.8%) grew by nearly 8% yoy in 2017. In total, the five economic sectors combined to contribute 25% to GDP and were the main drivers of the economy in 2017.

The general price level (or inflation) in 2017 provided indications that the economy was slightly stronger in 2017 compared to 2016. The year-average inflation in 2017 was 3.8%, on the back of adjustments in administered prices (ie, electricity prices, fuel and vehicle registration).

Core inflation remained benign. In the months of August and December 2017 core inflation fell to below the 3% yoy threshold, the lowest reading since this data began, with base year 2000. By comparison, in August 2016 core inflation remained at 3.32% yoy.

Throughout 2017, inflation was within the Bank Indonesia target range of 4% (\pm 1%), allowing Bank Indonesia to lower its benchmark 7-Day Reverse Repo Rate to 4.25% by the end of 2017. In total, since early 2015 until the end of 2017 Bank Indonesia has lowered the 7-Day Reverse Repo rate by 200 bps.

The Rupiah was relatively stable in 2017, marking 2017 as the second year in which the Rupiah exchange rate has been stable, mainly supported by the low current account deficit, the decline of the dollar index (DXY) and the yield of US Treasury, as well as the relative improvement in commodity prices compared to 2016. Interest rate yields on Indonesian bonds and Indonesia's sovereign rating increase to investment grade helped boost foreign capital in especially the Indonesian bond market. The sovereign investment grade rating for Indonesia, among

other effects, led to a decline in 5-year credit default swap (CDS) below the 100 index in September - the lowest level since the data was first collected in 2004. Total foreign ownership in government bonds by the end of 2017 reached 40% of the total number of tradable Rupiah denominated bonds.

The net foreign inflow into Indonesia's bond market pushed Indonesia's 10-year bond yield to 6.2% - 6.3% by end of December 2017. This, coupled with Indonesia's trade balance surplus in 2017, which reached USD 11.8 billion, caused foreign exchange reserves to reach USD 129 billion - the highest in the history of Indonesia.

Indonesia's economy in 2018 is expected to grow slightly better in line with expectations of a continuing global economic recovery. Indonesia's economy is forecast to grow by 5.2%; average annual inflation is forecast at 3.5%, and the average annual Rupiah exchange is expected to be around 13,450 per US\$. A projection of economic indicators can be seen in the following table.

Table of Economic Indicators

Indicator	Unit	2017	2018
Economic Growth GDP	(%, yoy)	5.1	5.2
Inflation	(%, year-average)	3.8	3.5
Rupiah exchange rate	(Rp/US\$; year average)	13,360	13,450
SPN interest rate 3 months	(%, year average)	4.74	4.75
Yield of 10-year bonds	(%, year-average)	7.33	6.50
Interest rate of 7DRRR	(%)	4.25	4.25
Fiscal deficit	(% of GDP)	-2.5	-2.2

REVIEW OF THE BANKING INDUSTRY

The relationship between the banking intermediation function and economic growth is established through the relationship between loan growth and investment growth in GDP. In 2017, bank loans grew at 8.2%, only slightly above the 7.8% growth in 2016.

Loans growth in 2017 was driven, among other reasons, by construction investments via government-sponsored infrastructure projects. Alongside the broader economic recovery, investment in machinery and motor vehicles began to rise again in 2017. The growth of bank lending in 2017, however, still originated from state-owned banks.

The growth of third party funds in 2017, reached 10.9%, which was well above the loan growth. Hence, banking industry's Loan-to-Deposit Ratio (LDR) was in the range of 89%. Other health indicators of the banking system indicated stability with industry-wide CAR recorded at 23% and NPL stable at 3%.

By loan components, consumer loans posted the highest growth of 10.2% in 2017, followed by 6.3% growth in investment loans.

Deposit growth was recorded at 10.9% in 2017, driven primarily by time deposits (growing 9.6%), and CASA (growing 9.5%).

The banking industry's return on assets (ROA) in 2017 improved slightly to 2.47%, against 2.23% in 2016.

The development of credit, assets and deposits in the past five years is depicted in the below chart.

Graph of Assets, Credit and Deposits of Commercial Banks

Business Segment Review

CORPORATE BANKING

In 2017, Corporate Banking continued to grow in the face of tight competition and a challenging economic situation, reflected in a net profit of Rp1.8 trillion.

7.7%

Corporate Banking's loan increased by **7.7%** yoy to **Rp69.6** trillion

11.6%

CASA of Corporate Banking increased by **11.6%** yoy to **Rp17.7** trillion

CIMB Niaga's Corporate Banking business segment provides working capital loans, investment loans, and financial services and products, as well as Cash Management, Trade Finance and other services for corporate customers and also for bank and non-bank financial institutions. The Corporate Banking business segment coordinates with Transaction Banking and Financial Institutions & Non-Bank Financial Institutions units to deliver innovative products and services to meet customer needs.

STRATEGIES AND POLICIES

Corporate Banking stays focused on serving corporate customers in promising and prospective industry sectors. For 2017, Corporate Banking had set out its strategies and policies, as follows:

1. Continuing the previous year's initiative of focus on developing a customer base of market leaders.
2. Offering an integrated end-to-end working capital loan solution aimed at gaining cash flow to increase revenue from cross-sell.

3. Being active in conducting loan syndications by well managing loan risk, in order to increase revenue.
4. Human resources development through a series of certification training programs.
5. Infrastructure improvement to drive growth in Corporate Banking.
6. Maintaining loan quality management.
7. Increasing the portion of sharia financing.

PERFORMANCE IN 2017

In 2017, Corporate Banking continued to grow in the face of tight market competition and a challenging economic situation, as reflected in a 150.8% increase in profit before tax to Rp1.8 trillion, compared with Rp0.7 trillion in 2016. The significant growth in profit before tax in 2017 was supported by the 12.7% increase in net interest income to Rp2.2 trillion, compared with Rp2.0 trillion in 2016, and the improvement in loan quality

as reflected in the decline of the non-performing loan ratio.

Loans and Syndicated Loans

In 2017, Corporate Banking (including Treasury) recorded continuing loan growth. Syndicated loans amounted to Rp45.9 trillion in 2017, with CIMB Niaga contributing 15%. Among some of the more significant loan facilities were those given to PT Agro Multi Persada Tbk., PT Plaza Indonesia Realty, PT Parabandung Propertindo, PT Ti-Phone Mobile Indonesia Tbk., PT Kereta Api Indonesia, PT Waskita Karya Tbk.

The composition of working capital loans accounted for 53.1% of total Corporate Banking loans in 2017, while investment loans reached 46.9%. Loan growth in the Corporate Banking segment in 2017 was supported by the consistent implementation of a

CORPORATE BANKING

number of strategic initiatives, such as market and economic sector diversification, focus on customer segmentation, and strengthening of synergies with CIMB Group entities.

Corporate Banking Loans (Rp trillions)

Loan Quality

CIMB Niaga consistently focuses on improving loan quality by disbursing loans to industry sectors and market leader customers with proven track records and good prospects in 2017. In addition, CIMB Niaga also implemented a number of strategic initiatives to improve loan quality, through restructuring loans and closer monitoring of the loan portfolios. Through these strategic initiatives, CIMB Niaga succeeded to decrease the non-performing loan ratio in the Corporate Banking segment to 2.5% in 2017, down from 3.1% the previous year. CIMB Niaga will continue to apply the principles of prudential banking and risk management principles in disbursing its loans.

NPL Gross Ratio (%)

Customer Deposits

In 2017, CIMB Niaga implemented a customer deposits strategy that focused on increasing the amounts of CASA from corporate customers and bank and non-bank financial institutions. Increased CASA means that the customer deposits will be more sustainable in the long term, and allows CIMB Niaga to offer more competitive rates to its customers.

As a result of this strategy, total customer deposits at Corporate Banking (including Treasury) in 2017 amounted to Rp36.5 trillion, up 8.6% from Rp33.6 trillion in 2016. Customer deposits growth was driven by the 11.6% growth in CASA compared with previous year. CASA in the Corporate Banking segment amounted to Rp17.7 trillion, an increase of Rp1.8 trillion compared to the Rp15.9 trillion in the previous year. Meanwhile, the CASA ratio at the end of 2017 was at 48.5%, representing an improvement from 47.2% in 2016. All this is in line with CIMB Niaga's customer deposit strategy to focus on increasing CASA amounts.

Customer Deposits (Rp trillions)

Corporate Banking improved coordination with related units such as Transaction Banking, Corporate Funding, Financial Institutions and Non-Bank Financial Institutions in order to encourage higher account balances in customer current accounts.

HUMAN RESOURCES MANAGEMENT

Human Resources (HR) is also an important element that supports business growth. CIMB Niaga manages its human resources by mobilizing all existing resources and capabilities to respond to challenges and adapt to the competitive banking industry. In coordination with related units, Corporate Banking seeks to enhance the knowledge and competencies of its human resources through structured training programs focusing on improving loans competences, building industry-specific knowledge with due consideration to compliance and risk, and reducing employee turnover to maintain efficiency and continuously revitalize human resources. In addition, specific development programs meet business needs both in managerial competences and leadership, including through professional hires to fill key positions at all levels in the Corporate Banking organization.

PLANS, FOCUS AND STRATEGY FOR 2018

Corporate Banking's plan, focus and strategy in 2018 to achieve business opportunities and growth while anticipating risk include:

1. Increasing the portion of loans to state owned enterprise (SOE) customers in anticipation of increased government funding for infrastructure projects.
2. Expanding the sharia customer base in order to increase sharia financing portfolios.
3. Increasing fee-based income through activities in syndicated loans.
4. Expanding customer portfolios through cross-selling with Cash Management, Investment Banking, Trade Finance, and Treasury products.
5. Developing human resources through training programs.
6. Improving asset quality through a more exacting debtor selection process.

BOARD OF DIRECTORS

PT Plaza Indonesia Realty Tbk

Plaza Indonesia Realty is a real estate developer with a vision of developing high-quality and prestigious properties in premium locations.

Personally, I have known CIMB Niaga since the time of Plaza Indonesia Realty's establishment in 1983. Since 2010, the Company has partnered with CIMB Niaga, benefiting from their responsive, flexible, appropriate services as well as competitive banking products.

In our opinion, CIMB Niaga's products and services provide mutual benefits while suitably fulfilling the operational needs of our Company. Going forward, we envision further opportunities for partnership between the Company and CIMB Niaga to be explored towards an even better relationship.

Business Segment Review

TREASURY AND CAPITAL MARKET

As one of the pioneers of digital banking in Indonesia, CIMB Niaga creates digital banking service initiatives that have driven an increase in foreign exchange transaction volumes through electronic media.

In sales activities, Treasury and Capital Market increases its transaction volume through electronic channels, the branch network, addition of new customers, and increasing client awareness of hedging transaction options in accordance with the spirit of risk management as governed under Bank Indonesia regulations.

Treasury and Capital Market also has some of main activities that include the development of new structured products, expansion of the customer base of both corporate and retail customers, and cooperation with small-scale banks as counterparties in forex, bonds and derivative transactions.

PERFORMANCE IN 2017

Implementing strategies and policies throughout 2017 brought positive impacts to the fixed income portfolio of CIMB Niaga’s Treasury and Capital Market, consisting of government and corporate bonds growing to Rp32.9 trillion, compared with Rp24.4 trillion in 2016.

TREASURY AND CAPITAL MARKET

PRODUCT INFORMATION

In 2017, CIMB Niaga's Treasury and Capital Market offered a range of products that create added value to customers. These products are as follows:

1. Market Link Deposit (MLD) is a structured product that combines derivative and deposit instruments. MLD offers yield enhancement and a 100% protection warranty on the principal amount. This product is also flexible and liquid (CIMB Niaga provides daily quotations on the disbursement rate). By its underlying assets, there are two types of MLD, namely interest-rate based and foreign currency-based MLD.
2. Swap Depo is a structured product that offers yield enhancement and a 100% protection warranty on the principal amount. This product combines deposits with FX swap derivative instruments.
3. Strike Currency is a structured product for derivative transactions using currency options based on strike prices.
4. Government Bonds and Corporate Bonds. CIMB Niaga provides daily price quotations to customers to assist in selling or purchasing bonds.

In addition, Treasury and Capital Market also offer other products such as buying or selling foreign currencies through Today, Tom and Spot, as well as the "Call Spread" hedging product, which give customers alternative hedging products other than Forward Plain Vanilla transactions. A Call Spread transaction has its own advantages and disadvantages if compared to Forward transactions, one of which being lower expenses.

SERVICES AND NETWORKS

Treasury and Capital Market operates a network of service locations in several major Indonesian cities, including Jakarta, Medan, Bandung, Semarang, Solo, Surabaya, Denpasar and Balikpapan, personally meeting the needs of customers for treasury products. In addition, electronic transaction services for foreign exchange and securities products are also available at most CIMB Niaga branches in Indonesia. These service points provide real time price quotations with a faster distribution process. Other than at branch offices, customers can also access online and real time foreign exchange services via BizChannel and CIMB Clicks, anytime and anywhere.

UTILIZATION OF INFORMATION TECHNOLOGY

As one of the pioneers of digital banking in Indonesia, CIMB Niaga initiates various digital banking services that have driven an increase in foreign exchange transaction volumes through electronic media. In addition, continuous improvements in these products and an increase in the use of electronic media continue to reduce operational risks and improve the customer experience by facilitating various types of banking transactions through electronic media.

Treasury and Capital Market also uses information technology to get local and overseas information required for determining trading strategies. In addition, information technology is also utilized to inform Treasury and Capital Market products and pricing to all CIMB Niaga branches on a real time basis, to provide an even more competitive pricing option.

AWARDS

In 2017, CIMB Niaga achieved some awards in recognition of excellent performance, as following:

1. AsiaRisk Award 2017, House of the Year, Indonesia.
2. Triple A Investment Awards 2017 - Best Derivatives House of the Year, Indonesia.
3. Triple A Investment Awards 2017 - Best Structured Products House, Indonesia.

PLANS FOR 2018

The Treasury and Capital Market business segment will continue to strive to meet the demands and needs of both corporate and retail customers and will make CIMB Niaga a one-stop banking solution for Treasury and Capital Markets. In 2018, Treasury and Capital Market have established plans to improve performance by adding instruments and channels for retail bond services, as well as the development of digital-based forex transaction services and automation, in line with the growth of FinTech based companies that require such products and services.

VINCENT LIM

CEO FKS Food and Agri

The cooperation between FKS Food and Agri and CIMB Niaga started in 2001, when PT FKS became a customer of CIMB Niaga. The cooperation has continued successfully and developed well up to the present time, where FKS Multi Agro has become the leading company in its field in Indonesia.

FKS Food and Agri uses various banking services, such as Foreign Exchange Transactions to support export-import activities, as well as hedging, Lending Facilities, Cash Management through the Biz Channel, Trade Finance, and other services. The quality of banking services provided by CIMB Niaga was adequate to continuously support the performance of our company. It is our hope to remain in a close relationship to continue supporting our company in the coming years. We are big and growing together with CIMB Niaga.

Business Segment Review

TRANSACTION BANKING

In 2017, Transaction Banking recorded continuing performance growth by following effective strategies and policies throughout 2017. This achievement was supported by CIMB Niaga business growth through product management within Cash Management, Trade Finance, Value Chain and Securities Services.

114%

The number of transactions through BizChannel@CIMB increased by **114%**

33%

The financing volume of trade finance increased by **33%**

CIMB Niaga Transaction Banking provides services for the corporate segment (both large corporations and MSME) and for the bank financial institutions (FI) and non-bank financial institutions (NBFI). Products and services in Transaction Banking include cash management, trade finance, supply chain, payment and bank settlement, custodial and fund administration services, trustee services and loan agency services. Such services are also strengthened by focusing on providing the best services to customers and supported by a solid digital banking platform.

STRATEGIES AND POLICIES

In 2017, Transaction Banking focused on continuing the existing strategy to make CIMB Niaga the operating bank and clearing house for our customers and their respective communities. Towards that objective.

Transaction Banking engages the following business strategies:

1. Innovations in digital banking products, including partnerships with FinTech and product integration.
2. Cross selling to corporate and business (commercial and MSME) customers.
3. Community banking approach to expand the business into the retail SME segment.
4. Business process re-engineering to improve the efficiency of internal processes and service quality to customers.
5. Increasing growth of Trade Finance through acquisition of new customers in prospective industry sectors, and continued focus on the ASEAN corridor in optimizing CIMB Group networks.

Cash Management

The Cash Management business, as the anchor product of CIMB Niaga Transaction Banking, continues to grow as indicated by the number of users and the number of transactions made through BizChannel@CIMB. This internet banking platform for the non-retail segment has continuously increased from year to year, with growing numbers of customers actively making transactions and contributing to the growth of the Bank's operating accounts. Cash Management also continues to deliver innovative products to meet customer expectations and to stay abreast of technological advancements, particularly in information technology.

TRANSACTION BANKING

In 2017, to increase operating account growth, Cash Management focused the strategies of:

1. Digitalization, through product innovation and strategic partnerships with FinTech customers.
2. Cross Sell, building a cross selling culture to improve product holding and customer stickiness.
3. Customer Experience, through better efficiency and business process adjustment, in accordance with customer banking needs, and by aiming for higher customer loyalty.
4. Optimized Activity, through increased penetration of cross-border remittance services and pricing adjustments to maximize profits.
5. Risk & Compliance, implementing a risk and compliance culture at all levels of the organization.

Trade Finance and Supply Chain

CIMB Niaga provides Trade Finance products to facilitate customer export-import activities, encompassing traditional trade products such as L/C, Bank Guarantee, and trade working capital solutions such as Trust Receipt, Import and Export Financing, Risk Participation and Supply Chain Financing.

In 2017, CIMB Niaga Trade Finance posted continuing business growth whereby the volume of loans under Trade Finance showed an increase. For domestic trade transactions, the Supply Chain solutions continued to support customers' business growth, and to provide financing facilities to business players in supply chains (suppliers, distributors and retailers) with the incentive of less stringent loan terms if compared to other financing facilities in general. This was all supported by strong electronic banking platform in order to help monitor the status of invoices, payments and other transactions.

Securities Services

One CIMB Niaga customer segment in a non-retail segment is NBFIs (Non Bank Financial Institutions) where the anchor products other than cash management also include securities services such as custody service, fund administration, trustee and loan agency. The NBFIs segment include customers in insurance, securities companies, asset managers and pension funds. CIMB Niaga serves as one of the leading banks which provides custody service and acts as a custodian bank. In addition, CIMB Niaga serves as one of the banks mandated by the government to manage investments from the tax amnesty program.

In addition to the products above, CIMB Niaga also provides other services such as a payment bank and a settlement bank. As mandated by Indonesian Central Securities Depository (KSEI), CIMB Niaga is one of the banks in Indonesia designated as a cash settlement bank for all transactions made in the capital market. CIMB Niaga has rigorously upheld the trust from its customers for such mandate, as CIMB Niaga is still currently serving as settlement bank with the largest market share in Indonesia.

The securities services continue to be developed as the anchor product of Transaction Banking for the purpose of increasing fee-based income and also assisting to increase the amount of third party funds from current accounts.

Financial Institution Group (FIG)

CIMB Niaga recognizes the importance of special skills, which may support the development of the Bank based on the diversity of industries under OJK regulations. Accordingly, CIMB Niaga established a special unit, the Financial Institution Group (FIG), to manage clients from the NBFi segment, which covers insurance companies, securities companies, pension funds, asset managers and multi-finance, and also customers in the Financial Institution (FI) segment.

The focus of this unit is to improve the cross selling activities to optimize synergy within CIMB Group in order to maximize business opportunities by identifying new strong potential markets. Another focus is the individual development of human resources to enable them to contribute more to NBFi strategy development as by developing the positioning of CIMB Niaga as the better partner for banks and non-bank partners.

FIG executed several strategies in 2017 with:

1. Cross Selling to strengthen linkage among products and optimization of synergy with CIMB Group at the regional level for access to new markets.
2. Strategic partnerships with customers to increase the client base.
3. Custody business expansion through a new customer acquisition strategy and deepening market share.
4. Utilization of CIMB Group channels in cooperation to increase intra ASEAN flow.

HADEYANTI SYLVIANI

Finance and Marketing Director of
PT Rekadaya Elekrika

We are satisfied with the Trade Finance products and services provided by CIMB Niaga.

We have engaged CIMB Niaga to provide us with Trade - Commercial Credit Lines (Letter of Credit/SKBDN/Sight/Usance UPAS/UPAU/Trust Receipt and Bank (Guarantee). The products are innovative and are priced very competitively. CIMB Niaga has also done their best in supporting our business and daily trade transactions as well as offering the best business solutions for our needs.

We have developed an excellent relationship since May 2017 and we look forward to continuing this beneficial partnership for the long term.

PETER MOLLOY

President Director of BP/AKR Fuels Retail

PT Aneka Petroindo Raya (APR) is a Joint Venture between BPGL, the International Energy Company and PT AKR Corporindo Tbk. (AKR) to develop a leading fuel retail business in Indonesia that will operate under the brand names of BP/AKR Fuels Retail. Both parties intend to develop and offer a different consumer proposition to leverage BP's and AKR's capabilities and expertise across Indonesia's growing fuel retail market. This Joint Venture expects to open its first retail site in Indonesia in 2018.

In order to cover our financial business requirements, the JV requires the need for a bank that has a good track record and offers a variety of solutions in cash management. Following a rigorous "Request for Proposal" (RFP) process, the JV has chosen PT Bank CIMB Niaga Tbk. as the main cash management bank to service the business.

We look forward to commencing our partnership with PT CIMB Niaga Tbk.

PERFORMANCE IN 2017

In 2017, CIMB Niaga Transaction Banking recorded another year of consistent performance growth due to the various strategies and policies implemented throughout the year. This achievement was supported by CIMB Niaga business growth with regard to Cash Management, Trade Finance and Value Chain, and Securities Services products.

In terms of Cash Management, the number of active users of BizChannel@CIMB registered an increase of 11%, and the number of BizChannel@CIMB transactions grew by 114%. The increasing number of active customers has contributed to growth of operating accounts whereby the average volume of Rupiah current accounts increased by 15% in 2017 compared to the prior year.

In terms of trade finance and value chain, the financing volume of trade finance increased by 33% and from the result of community building initiatives, total value chain of current accounts rose by 77% in 2017 compared to the prior year. Business growth in both products is much faster than the total growth for all CIMB Niaga's loans and funding, and such growth has increased the total contribution to CIMB Niaga's total profit. This excellent performance is supported by the successful expansion and penetration into the business communities in various industry sectors.

Fee-based income from Securities Services increased by 12% in 2017 as compared to the previous year, mostly generated by fee based income from custodial services, which increased by 27%. The amount of assets under custody increased by 39% in 2017 compared to 2016.

SERVICES AND PROMOTIONS

In the commitment to provide the best banking services to meet customer needs, CIMB Niaga Transaction Banking focuses on re-engineering service processes for customer convenience. Examples of these on boarding processes include a reduction in number of pages for current account and BizChannel@CIMB opening documents, reduction in the turnaround time of registration and implementation of BizChannel@CIMB, and the automation of various back-end processes towards faster customer service and less operational risks.

AWARDS

In recognition of CIMB Niaga's hard work based on the spirit of 'Innovation from the Heart' and a commitment to continually put customers and all other stakeholders as the focus of delivering the best products, services and processes, Transaction Banking received the following awards:

1. The Asset Triple A Treasury, Trade & Risk Management Awards 2017 as Best Transaction Bank in Indonesia.

2. The Asset Triple A Treasury, Trade & Risk Management Awards 2017 as Best Cash Management Bank in Indonesia.
3. The Asset Triple A Treasury, Trade & Risk Management Awards 2017 as Best Supply Chain Solutions for Manufacturing Industry in Indonesia.
4. The Asset Triple A Treasury, Trade & Risk Management Awards 2017 as Best Supply Chain Solutions for Consumer Goods Industry in Indonesia.
5. The Asset Triple A Treasury, Trade & Risk Management Awards 2017 as Best e-Solutions Partner for e-Commerce industry in Indonesia.
6. Global Finance, Best Trade Finance Provider in Indonesia.

PLANS FOR 2018

In 2018, CIMB Niaga Transaction Banking will continue with strategies implemented in 2017, with increased emphasis on:

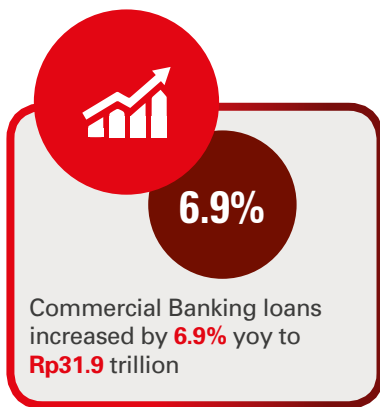

1. Digital strategy, through innovation and product development according to customer needs.
2. Operating account, to grow CASA as a source of low-cost funding.
3. Trade finance, by growing the client base and maintaining asset quality.
4. Custody business, through a strategy of deepening market share.
5. Customer Experience, by continuously improving customer satisfaction to create customer loyalty.

Business Segment Review

COMMERCIAL BANKING

In 2017, profit before tax of Commercial Banking increased to Rp399.7 billion. This achievement was supported by increased non-interest income of 210.4% to Rp225.4 billion, compared to Rp72.6 billion in the previous year.

In 2017, Commercial Banking loans continued to grow selectively in the midst of tight competition and challenging economic conditions. Loan growth was focused on locations with good GDP and in sectors with strong potential, such as manufacturing, construction and agriculture. Loan growth was supported by strengthening organizational functions such as Business Credit Teams to improve the quality of loan proposals (underwriting) and Client Services related to loan transactions and administration.

Commercial Banking continued to innovate in strengthening the CIMB Niaga brand among top rated debtor groups, by offering fast and precise solutions, comprehensive and integrated services, easy transactions, and strong customer relationships.

STRATEGIES AND POLICIES

In 2017, Commercial Banking continued a recalibration process, which is a continuous process of innovation and improvement from 2016, through several initiatives implemented in 2 phases:

1. Phase 1 is the strengthening and balancing stage that focuses on:
 - a. Improved loan processing.
 - b. Loan growth with considering loan quality on new loan bookings.
 - c. Strengthened loan monitoring & maintenance through Early Alert Tools & Stress Tests, Product & AQ, and Portfolio Management System.
 - d. Reviewing focus and extent of Commercial Banking.
2. Phase 2 is the stabilizing and culture building phase that focuses on maintaining momentum on improving human capital performance and quality through the provision of continuous training and certification.

Implementation of the above strategies and policies resulted in several positive impacts including:

1. Operational risks improvement.
2. Improvement in asset quality.
3. Improvement in employee productivity.

PERFORMANCE IN 2017

In 2017, profit before tax of Commercial Banking increased to Rp399.7 billion, compared to a loss amounting to Rp166.1 billion in the previous year. This increase was supported by an increase in non-interest income (Noll) of 210.4% to Rp225.4 billion from the previous year's Rp72.6 billion. Commercial Banking's net interest income increased by Rp22.7 billion, or 2.0%, from Rp1.16 trillion in 2016 to Rp1.18 trillion in 2017. Operational expenses were well-managed and declined by 3.0% to Rp195.3 billion in 2017 from Rp201.2 billion in 2016.

COMMERCIAL BANKING

Net Interest Income (Rp billion)

Net Interest Margin (%)

Non Interest Income (Rp billion)

Loan Disbursement

Total commercial loans increased by Rp2.1 trillion, or 6.9%, to Rp31.9 trillion in 2017 from Rp29.8 trillion in 2016. This increase caused a higher contribution of Commercial Banking loans to total CIMB Niaga loans to rise to 17.2% in 2017 compared to 16.6% in 2016.

Working capital loans of Commercial Banking increased by Rp2.6 trillion, or 14.6%, to Rp20.7 trillion compared to 2016's Rp18.1 trillion. Meanwhile, investment loans decreased by Rp0.6 trillion, or 5.0%, to Rp11.2 trillion from Rp11.8 trillion in 2016. This is in line with the CIMB Niaga strategy and focus on working capital loans.

Loan Quality

In order to improve the quality of Commercial Banking loans, a recalibration process of several initiatives were undertaken:

1. Improved work processes, by establishing special units to support loan activities such as Commercial Centers, Client Services, Early Alerts, Portfolio Management and Asset Quality, where these units will focus on improving loan processes as well as integrated loan quality as a first line of defense.
2. Re-mapping focus and footprint, by identifying areas with growth potential and focusing on the largest industries in each region.

In 2017, the gross non-performing loans ratio stood at 8.2%. Other efforts by CIMB Niaga to improve loan quality included regular and continuous identification to avoid potential losses, and intensified cooperation with recovery unit to obtain the best solution.

Loan (Rp trillion)

* including account transfers

Customer Deposits

In 2017, total customer deposits from Commercial Banking increased by 2.1% to Rp19.3 trillion from the same position in 2016 of Rp18.9 trillion. Meanwhile, LDR increased significantly by 165.3% in 2017 compared to 158.4% in 2016.

From total customer deposits, time deposits declined by Rp1.0 trillion, or 9.5%, to Rp9.9 trillion from Rp10.9 trillion in 2016, while CASA increased by 18.9%, or Rp1.5 trillion, to Rp9.4 trillion compared to Rp7.9 trillion in 2016. With the increase in CASA, Commercial Banking could offer more competitive pricing.

Customer Deposits (Rp trillion)

PLANS FOR 2018

Commercial Banking has formulated strategies and policies to be implemented in 2018. In order to respond to challenges and opportunities, Commercial Banking will:

1. Focus on areas and industries that have strong potential growth.
2. Increase cross-selling in line with customer needs
3. Increase TAT (turn around time) and speed of loan processing.
4. Strengthen integrated first line of defense to maintain asset quality.

BUDI TIRTAWISATA

CEO Panorama Group

I have had a personal account at Bank Niaga (at that time) since 1986, and since 2008, our business in tourism & hospitality established cooperation with CIMB Niaga for financing several of our hotel development projects.

In the past few years we have experienced excellent service improvement from all CIMB Niaga's officers starting from the junior, middle, up to the senior management/Board of Directors level.

CIMB Niaga also has created conducive environment by paying attention and communicating well with us as customers. CIMB Niaga has become the bank with comprehensive understanding of our business and this is very positive.

We hope that CIMB Niaga continues to thrive by asserting employee professionalism as a major asset which is supported by the implementation of revolutionary technology.

Business Segment Review

MSME BANKING

In 2017, MSME Banking implemented initiatives to support established strategies through Lending Programs tailored to customers' needs.

10.7%

SME loans increased by **10.7%** yoy to **Rp27.3** trillion

STRATEGIES AND POLICIES

Micro-Small-Medium Enterprises (MSME) Banking implemented a number of strategies and policies in 2017, including expanding loan disbursement while maintaining prudence in providing loans, and increasing customer deposits, especially in CASA. In addition, an internal recalibration was undertaken in order to improve work efficiency and service quality for customers, all the while facing tight business competition.

In 2017, MSME Banking implemented initiatives in support of its strategies through a lending program tailored to customer needs and in support of MSME business development.

In terms of customer deposits, MSME Banking grew its portfolio by increasing its CASA. One strategy was to offer product bundling with each loan facility, so as to create an attractive product package that meets customer needs.

MSME Banking also continued to strengthen a high-quality and high-potential customer base by collaborating with other units through referral and cross-selling programs.

Along with the Government’s program to develop the Micro, Small and Medium Enterprise (MSME) sector, since 2013, CIMB Niaga has continuously provided innovative MSME banking products and services. CIMB Niaga applies 2 (two) strategic approaches in this business: the direct approach and indirect approach, each of which are followed by the two sub-segments of MSME Banking, namely SME Banking and Micro Linkage.

In order to strengthen the monitoring of loan quality, MSME Banking has established the Early Detection and Asset Quality Management team, which provides portfolio-wide and comprehensive loan quality monitoring, from detection of debtors’ condition using predictive tools, through the monitoring of arrears, to settlement of non-performing loans.

MSME BANKING

PERFORMANCE IN 2017

In terms of assets, MSME Banking succeeded in a loans growth of 4.3% to Rp35.0 trillion in 2017, from Rp33.6 trillion in the previous year. Increased loan risk was anticipated through this loan expansion with prudent lending considerations. As such, the ratio of non-performing loans decreased to 3.5% in 2017, compared to 3.6% in 2016.

NPL Gross Ratio (%)

Meanwhile, total customer deposits increased to Rp37.5 trillion. This increment was contributed by 10.9% growth in time deposits from Rp13.4 trillion in 2016 to Rp14.9 trillion in 2017, and an 8.3% growth in CASA to Rp22.6 trillion. One of the drivers of this significant customer deposits growth was the increase in financing disbursed through the MSME special financing, which required business partners to open an account in CIMB Niaga.

CASA (Rp trillion)

Customer Deposits (Rp trillion)

In 2017, MSME Banking recorded Rp1.4 trillion in profit before tax, relatively the same level as in 2016.

Profit Before Tax (Rp billion)

In 2017, CIMB Niaga completed the Mikro Laju recalibration, so going forward, CIMB Niaga will focus more on SME Banking and Micro Linkage business units.

1. SME Banking

The SME Banking unit serves small and medium scale businesses and entrepreneurs across Indonesia. Several initiatives have been undertaken by this unit, which primarily aim to enhance business growth and accelerate the loan process while applying and maintaining prudent principles in loan distribution.

MSME loan programs include a loan program for additional loan facilities for existing CIMB Niaga debtors with good track records, to be used for further business development by those debtors, as

well as loan facilities disbursed to new customers in the SME sector. In addition, SME Banking engaged in continuous improvement of loan processes so as to achieve a higher level of customer satisfaction.

The SME Banking unit also continued to intensify implementation of loan processes with the established Risk Acceptance Criteria, now known as the Retail Lending Program (RLP), as a response to changes in a business environment that is increasingly competitive and growing rapidly. The system is capable of providing financing analysis based on validated historical data, resulting in faster loan processes while maintaining the loan quality.

In 2017, SME Banking recorded a loan increase of 10.7% to Rp27.3 trillion, from Rp24.6 trillion in 2016. This increase was the result of numerous initiatives undertaken by CIMB Niaga to improve performance.

Meanwhile, customer deposits in 2017 grew by 13.0%, from Rp31.9 trillion to Rp36.1 trillion. Of total customer deposits, CASA funds were recorded at Rp21.8 trillion, or increasing by 8.6% from Rp20.0 trillion in 2016. Time deposits were recorded at Rp14.3 trillion, or up by 20.5% from Rp11.9 trillion in 2016. The growth in customer deposits is also a result of the support and cooperation with the Sales and Distribution (SnD) unit under Consumer Banking as the unit responsible for customer deposits acquisition, as well as implementation of cross-selling activities performed by SnD and SME. The customer deposits increase in SME Banking was also supported by the implementation of the supply chain concept with regard to distributors and suppliers of SME debtors.

I NYOMAN PARMA, SE

President Director

KETUT VIRGOYASA, SE

Director

BPR Suryajaya Kubutambahan

We have developed a relationship with CIMB Niaga for 14 years, since 2004. The products and services we use include Demand Deposits, term Deposits, and Financing Facilities. The quality of services provided by CIMB Niaga has been very satisfying, and our requests have always been swiftly responded to.

We hope that in the future CIMB Niaga will be able to improve its services to customers even further, particularly for BPRs, as well as providing more competitive interest rates.

HERU CAHYONO

Batik Omah Laweyan

The cooperation with CIMB Niaga has been going on for 13 years ever since I opened a savings account with CIMB Niaga for the first time on 16 July 2004. Further, to make things easier for me in the operations of Batik Omah Laweyan Store, I have also installed Bank CIMB Niaga's ATM and EDC facilities at my store.

On several occasions, when I needed explanation about some new issues related to banking, or about facilities available for me at CIMB Niaga, I have always been satisfied with the quality of services from Bank officers who have responded promptly and in a friendly manner.

For the future, I hope CIMB Niaga will be even more accessible for customers, not only those in the modern business segment, but also those in the general public who want trusted services in lending and deposit-taking.

2. Micro Linkage

Micro Linkage is a MSME Banking sub-segment that applies an indirect approach, i.e., establishes strategic partnerships, using linkage cooperation patterns, in the form of executing, channelling and joint financing. Strategic partners who cooperate with Micro Linkage are "Koperasi Unit Desa", plantations that apply the nucleus system, regional development banks (BPD), People's Credit Banks (BPR), and other agencies that can potentially increase the scale of SME lending. The aim of this strategy is to better identify and quantify the market potential of SMEs in accordance with the diversity of their business and at the same time take advantage of the presence of strategic partners who can help the growth of the SME business segment. Each strategic partner is instrumental in the process of distribution of funds and collection, which ensures that the quality of the assets will be maintained.

One example of this business model is financing for palm oil farmers. The distribution of financing to farmers is conducted by Micro Linkage with cooperatives whose members are farmers and with plantation companies (core companies) as partners. Through cooperatives, farmers receive loans from CIMB Niaga to be used for the launch and maintenance of oil palm plantations, where the harvest would later be purchased by plantation companies.

Meanwhile, SME Banking is a strategic partner of financial institutions including regional development banks (BPD), People's Credit Banks (BPR) and cooperatives. On the other hand, the end-users, financed by CIMB Niaga, are customers from BPD and BPR, as well as members of cooperatives. These partners are appointed as marketing, collection, and security agents for CIMB Niaga. Business development in Micro Linkage is supported by 21 branches (including desks) throughout Indonesia, with some 80 employees in total.

In 2017, Micro Linkage disbursed loans of Rp2.5 trillion, with the total of its loan portfolio reaching Rp7.7 trillion at the end of 2017.

To overcome the challenges of declining loans in connection with the limited economic growth, the Micro Linkage unit intensified its monitoring program and deepened its analysis of loan quality through more effective communication with strategic partners.

PLANS FOR 2018

MSME Banking has developed a number of strategies and policies as set out in the Bank Business Plan to achieve sustainable growth. In 2018, MSME Banking will undertake strategic steps by continuing to increase loan growth while maintaining prudent principles.

To support the growth of businesses in the MSME sector, the Lending Program will be continued and expanded, as well as adjusted to market needs. The Lending Program is also expected to accelerate the debtor analysis and evaluation process, so as to improve loan services to customers.

To maintain loan quality, MSME Banking will build its infrastructure to strengthen Asset Quality Management, focusing on loan monitoring as a preventive action should there be any indication of asset deterioration.

In terms of customer deposits, MSME Banking will continue to focus on CASA for portfolio growth. The bundling program strategy with loans will continue as it has proven effectively in expanding the customer base and increasing CASA amounts.

MSME Banking will also strengthen the potential and quality of its customer base through collaboration with other units in referral and cross-selling programs, and the optimizing and upgrading of value chain and trade finance products. Features in value chain products will continue to be developed, both in terms of product and control.

Process improvements will be pursued intensively to increase work efficiency and service quality, by accelerating loan time processing through the simplification of loan documents and processing procedures.

MSME Banking will also continue to improve the efficiency of operational costs through cost control management and smart spending policies.

All of these strategies are expected to foster and accelerate the loan process but still maintain loan quality and meet targets set by the management.

Business Segment Review

CONSUMER BANKING

Strategies and policies were applied in Consumer Banking in order to build sustainable business growth, providing services to customers to raise CASA, increase fee based income, improve customer experience, as well as create efficiency, generate investment in electronic channels, and focus on the sharia segment.

12.0%

Mortgages increased by 12.0% yoy to Rp27.0 trillion

92%

92% of customers' financial transactions via branchless banking

STRATEGIES AND POLICIES

CIMB Niaga puts customers as the main priority in providing the best banking services and offering banking products to help customers meet their financial needs. In 2017, Consumer Banking focused on improving performance and customer experience. Strategies and policies were applied in Consumer Banking in order to build sustainable business growth and provide those services to customers to raise CASA, increase fee based income, and improve customer experience through measuring

customer satisfaction. Steps were also taken to create efficiency, generate investment in electronic channels, and focus on the sharia segment.

CIMB Niaga fully realizes that the productivity improvements which impact on revenue growth must be accompanied by a high level of customer satisfaction in order to maintain, and improve, services in the future. In 2017, the Consumer Banking segment focused on continuous internal improvements in terms of service processes. Working closely with

several consultants, CIMB Niaga measured the level of customer satisfaction through several research methodologies ranging from mystery shopping to providing in-depth questionnaires to customers related to CIMB Niaga's services.

CIMB Niaga strives to improve efficiency without compromising service quality for its customers. This matter is realized in part through optimizing the number of branches and simultaneously increasing investments in other sectors, especially through investment in electronic channels. This strategy was approached through observing and adapting to customer behavior trends, which tend to reflect the desire to have easier transaction processes in real time through mobile banking and internet banking.

Another strategic policy in Consumer Banking is focus on Syariah First from CASA, mortgages, credit cards, and other sharia banking products. This strategy was able to increase the pre-tax profit of Sharia Consumer Banking by 125.4% compared to the previous year. In 2017, CIMB Niaga succeeded in registering 49,855 Hajj pilgrimage accounts, a significant increase compared to the 17,609 accounts in 2016. Sharia home financing also experienced rapid growth, increasing 103.1% compared to the previous year.

PERFORMANCE IN 2017

Consumer Loans Segment

In 2017, Consumer Banking (including subsidiary) recorded a 6.7% decline in loans, or a decline of Rp3.5 trillion to Rp48.6 trillion compared to Rp52.1 trillion in 2016. The decrease was primarily due to a 41.1%

CONSUMER BANKING

decline in auto loans, or a decline of Rp6.1 trillion to Rp8.7 trillion, compared to Rp14.8 trillion in 2016. Other consumer credit sectors experienced higher growth such as mortgages and personal loans (KTA). Meanwhile, the non-performing loans ratio improved to 2.5% from 2.7% in 2016.

Description (Rp billion)	2015	2016	2017	Growth (%)	
				2015-2016	2016-2017
Mortgages	23,465	24,110	26,996	2.7	12.0
Auto Loans	18,750	14,807	8,721	(21.0)	(41.1)
Credit Cards	6,368	8,244	8,149	29.5	(1.1)
Personal Loans	2,630	3,347	3,582	27.3	7.0
Multipurpose and others	2,074	1,622	1,191	(21.8)	(26.6)
Total	53,287	52,130	48,639	(2.2)	(6.7)

Customer Deposits

In 2017, total customer deposits of Consumer Banking grew by 2.3%, or Rp2.2 trillion to Rp96.0 trillion compared to Rp93.8 trillion in 2016. The increase in customer deposits was mainly driven by growth in CASA by 5.3%, aligned with Banks focus to grow CASA. Customer deposits were mainly contributed from savings products by 5.0%, or Rp2.3 trillion to Rp47.3 trillion from Rp45.1 trillion in 2016, followed by the growth of demand deposits to Rp2.4 trillion compared to Rp2.1 trillion in the previous year. This customer deposits growth was achieved through the innovations of various saving products, and cross-selling products to customers.

Customer Deposits (Rp trillion)

Consumer Banking Income

In 2017, Consumer Banking (including subsidiary) recorded a decline in profit before tax of Rp2.1 trillion, decreasing by 15.4%, or Rp379 billion compared to Rp2.5 trillion in 2016. Net Interest Income (NII) of Consumer Banking increased by 1.6% to Rp5.35 trillion from Rp5.27 trillion in 2016. CIMB Niaga, including Consumer Banking, is more selective in determining the loan quality, and took proactive steps to maintain portfolio strength.

CONSUMER BANKING'S OPERATIONAL PERFORMANCE BY SEGMENTS

Mortgage Loans

In the midst of tight competition, CIMB Niaga is now recognized as one of the five largest mortgage loan providers in Indonesia. This position was attained through strategies and initiatives focused on introducing innovations to gain more customers.

Within mortgages, CIMB Niaga offered innovative and competitive products to fulfill customer needs. One of these products is KPR Xtra Manfaat, which has the benefit that a savings balance can decrease the loan interest instalment portion and so facilitate a larger portion of principal to be paid, allowing customers to finish the loan period in a shorter time. As an additional interesting feature, KPR Xtra Manfaat can be linked to up to 9 saving accounts. Conversely, CIMB Niaga also offered new features for KPR Sharia with a MMQ akad (contract), popularly known as KPR iB Flexi, which facilitates home purchase through indent, with lower down payment over a longer period of time.

BERNARD SALEH

Professional Photographer

I have been a customer of CIMB Niaga since 2012. At that time, I needed to open bank accounts for my employees who lived all across Jakarta. After researching, I found out that CIMB Niaga's Digital Lounge allows me to conduct account openings with straight-forward documents, and moreover, the operating hours of the Digital Lounge are quite flexible and open at most of the malls across Jakarta. This is super easy for my employees to go and open their accounts.

Go Mobile and CIMB Clicks are my go to channel for all of my banking transactions, mostly for salary payments, bill payments or transfers. I like the new Go Mobile, the interface of the new Go Mobile is very user friendly. In the future, I hope CIMB Clicks got upgraded just like Go Mobile. All the best to CIMB Niaga.

HENDRI WANADRI

CEO CV Mandiri Anugerah Sejahtera

In 2012, I established a mutually beneficial cooperation and I picked CIMB Niaga as the bank partner. In addition to being one of the largest banks in Indonesia, CIMB Niaga also offers products that are tailored to my needs such as savings, time deposit, credit card, insurance and digital services through Go Mobile and CIMB Clicks. The quality of services provided by CIMB Niaga is always personal, prompt, and makes us feel special. Especially since the introduction of Digital Lounge, banking access has become very convenient and is not restricted by time.

I hope CIMB Niaga does not become too content with its excellent quality and keeps innovating to improve its services to customers.

CIMB Niaga also complements its mortgage products with a variety of attractive and competitive pricing options. One of the options is the Smart Rate Pricing scheme that allows customers to have clear reference in the determination of the floating interest rate from the earliest loan stage y using the 7 Day Reverse Repo Rate as reference, which can be accessed directly through the Bank Indonesia website.

In enhancing the brand awareness of mortgage loans, CIMB Niaga organizes a variety of promotional activities, through CIMB Niaga promotional events or in collaboration with leading and long-time developer partners. Such events feature the exhibition of house products and flagship mortgage services with low interest rates. Several exclusive promotions with leading developers have also been launched to provide more benefits for CIMB Niaga’s mortgage customers. In addition throughout 2017, CIMB Niaga continued to harmonize relationships with developers, maintaining interest rates in order to remain competitive, and increasing the speed of mortgage processing and extending loan tenure to 25 years, to attract first-time mortgage customers.

In 2017, CIMB Niaga successfully booked a mortgage portfolio growth of 12.0% to Rp27.0 trillion, from Rp24.1 trillion in 2016. The ratio of non-performing loans was still at 2.5%, equal to 2016. In addition, CIMB Niaga achieved excellent growth of sharia home financing by 103.1%, reaching Rp5.4 trillion, compared to Rp2.7 trillion in 2016.

CIMB Niaga’s mortgage businesses also earned an award from an independent party, by receiving an award from Housing Estate Awards 2017 for being “Most Innovative Bank on Mortgage Products”.

In the future, property businesses prospects are expected to provide a significant contribution to the growth of the national economy. CIMB Niaga will strive to expand its market share of mortgage loans and home financing, through targeted joint promotional events with the developers. CIMB Niaga will also continue to demonstrate its commitment to increase competitiveness by prioritizing service quality, process speed and mortgage product innovatives in accordance with customer expectations and needs.

Auto Loans

Auto Loans are the second largest contributor to CIMB Niaga's Consumer Banking loan portfolio after mortgage loans. CIMB Niaga distributes auto loans to customers, both directly and indirectly. Direct auto loans are made through branches, while indirect auto loans are conducted through subsidiary, PT CIMB Niaga Auto Finance (CNAF) and through joint-financing payment schemes with other multifinance companies.

In 2017, the Auto Loan portfolio stood at Rp8.7 trillion (including subsidiary) with a non-performing loan ratio at 1.3%. CIMB Niaga will continue to improve the speed of loan processing, focusing on expanding customer acquisition programs and improving service quality, accelerating the expansion of market reach to various regions throughout Indonesia, continuing to strengthen relationships with dealers and showroom partners, and cross-selling to internal customers.

Personal Loans

In the Personal Loan segment, CIMB Niaga implemented a loan disbursement strategy by offering through CIMB Niaga branch offices and through companies using payroll payments through CIMB Niaga. In addition, CIMB Niaga also relies on the speed of loan processing and the application of risk-based pricing as a key strategy to increase market share and improve performance.

In 2017, the Personal Loan business achieved a growth of 7.0% to Rp3.6 trillion compared to Rp3.3 trillion in 2016.

CIMB Niaga continues to implement cross-selling initiatives which have proven to be very effective in improving the performance of Personal Loans. Through cross-selling, CIMB Niaga provides loan facilities to customers with good track records, so that the loan quality is well maintained.

Wealth Management & Bancassurance

CIMB Niaga offers a variety of wealth management products, including treasury products consisting of foreign exchange, strike currency, market-linked deposits, swap depo and bonds, mutual fund products, and insurance. These products are designed to meet the needs of those customers who plan, develop and protect their assets to ensure a better financial condition in the future. Meanwhile, Bancassurance is one of CIMB Niaga's mutual benefit businesses, offering both loss insurance and life insurance products achieved through partnerships with insurance companies, such as Sun Life Financial Indonesia, AIA Financial, Sampo Insurance Indonesia and several other insurance companies. The insurance products offered include Mortgage Loan Insurance, Auto Loan Insurance, and other similar products issued by CIMB Niaga. Bancassurance also supports CIMB Niaga's One Stop Banking system.

In 2017, CIMB Niaga succeeded in increasing the productivity of Wealth Management sales and insurance products. Sales volume of insurance products in branches increased by 27.1% compared to 2016. In addition, the increase in sales of Wealth Management products can also be seen from the increased sales of mutual funds by 108.6% and market link deposits 37.5% higher than in 2016. This increase in sales productivity is supported by a cross-

selling Wealth Management product strategy and comprehensive training for frontliner sales staff in branches.

Wealth Management's business performance and sustainable insurance growth was inseparable from CIMB Niaga's active role in educating the public on the importance of investment and portfolio diversification to optimize both protection and investment returns. Throughout 2017, CIMB Niaga conducted customer-gathering events related to Wealth Management and insurance product socialization and marketing.

Credit Cards and Debit Cards

CIMB Niaga is committed to provide convenience for customers in carrying out their daily activities with the Bank's many credit card and debit card products. In 2017, CIMB Niaga conducted credit card management and development in the Classic, Gold, Sharia Gold, Platinum, Ultimate, Infinite, World and Corporate categories to reach different customer segments with their varying needs and preferences. In line with CIMB Niaga commitment, in 2017 CIMB Niaga's credit card products were awarded "Best Credit Card Product of The Year" by The Asian Banker, and "Best Cross Border Program" by MasterCard International.

In 2017, CIMB Niaga recorded as the largest sharia card issuers in Indonesia. CIMB Niaga was also listed as one of the largest credit card issuers in Indonesia with a market share of 14.1%, increasing from 13.0% in 2016. The number of credit cards grew by 7.8% to 2.4 million cards, with total sales volume increasing by 9.4% to Rp27.7 trillion from 2016. The non-performing loans ratio improved to 2.3% from 2.7% in 2016.

Throughout 2017, CIMB Niaga Debit Card products remained a customer favorite as payment tool for daily transaction needs. The ease of access of the ATM networks in the country and abroad and promotional

programs as well as attractive offers from merchant partners were also a major attraction for customers. In addition, several promotional programs were conducted by collaborating with Hypermart, Lottemart, Century and Cinema XXI and with many other merchants. All of these programs provided benefits for CIMB Niaga Debit Card users.

The results from the promotional programs recorded that the total number of CIMB Niaga Debit Cards in circulation was 4.4 million cards at the end of 2017, up by 31.5% from the 3.4 million cards in 2016.

CIMB Niaga will continue to improve the capabilities of CIMB Niaga Debit Cards to anticipate fast growth in online shopping trends of upper middle class consumers. CIMB Niaga Debit Cards are equipped with OTP or One-Time Password capability so it can be used for online shopping transactions.

The credit card and debit card business segments have high growth potential, based on the fact that household expenditure is still a major driver of the Indonesian economy, in addition to the demographic bonus marked by an increasing number of citizens at a productive age. In order to implement macro prudential policies, Bank Indonesia issued several regulations governing the ownership of credit cards as well as the obligation for users to use PIN (Personal Identification Number) for credit card transactions. However, these regulations are not expected to reduce public interest or affect the growth of the credit card business.

CIMB Niaga Preferred & Private Banking

In 2017, CIMB Niaga Preferred & Private Banking implemented strategies that focused on investment products and portfolio allocation models, putting forward segmentation programs in order to drive business growth. CIMB Niaga also developed the capability of identifying and approaching potential

individual customers from the upper middle class segment through existing service channels.

CIMB Niaga provides special banking services for individual customers who have assets above a certain amount in the Preferred & Private Banking segment. CIMB Niaga Preferred & Private Banking targets the business growth opportunities from the rapidly growing middle and upper middle class population in Indonesia in recent years.

At the same time, CIMB Niaga Preferred & Private Banking continues to pay full attention to the development and quality of Human Resources (HR). This is important as customer relationships are built on a personal approach, in accordance with the needs and lifestyle preferences of middle and upper class customers. The development of quality Human Resources is carried out through routine training and materials that can be directly applied by Relationship Managers regarding product knowledge and risk management, as well as through professional certification as necessary.

Savings Products

In 2017, Consumer Banking savings increased by 5.0%, or Rp2.3 trillion to Rp47.3 trillion from Rp45.1 trillion in 2016. This growth indicates that CIMB Niaga has implemented strategies and policies for saving product improvement through increased transactions as well as efforts to encourage saving habits among customers, by promoting product features tailored to customer needs and through attractive promotional programs. Savings growth also continued to be encouraged through cross-selling efforts.

CIMB Niaga, once again, introduced several new savings products, including several repackaged products in order to support the growth of savings. These products included additional features such as Free Inpatient Treatment, Life Insurance and Medical Check-Ups for CIMB Niaga XTRA Savings. Education Savings is also equipped with planned disbursement

facilities, which can be adapted to the needs of customers to fund their children's school fees.

In addition, existing conventional savings were also enhanced with a sharia option to complement the dual banking product concept offered for CIMB Niaga Consumer Banking products. CIMB Niaga also launched Sharia Installment Savings, which offers a gift of "Waqaf" (endowment). For this product, CIMB Niaga collaborates with 7 "Waqaf" institutions, making it easier for customers who want to do "Waqaf" while saving, using their preferred "Waqaf" types. These products are able to diversify and complement the existing products to meet the needs of a diverse range of individual customers.

Non-Branch Channel

The Non-Branch Channel Strategy in 2017 focused on increasing average balances of individual savings customers, encouraging debit card use to increase individual transaction numbers and deliver a positive impact on CIMB Niaga's rewards income, and acquiring new customers with large savings accounts through telesales activity.

With focus on developing the Non-Branch Channel in the employee segment, CIMB Niaga actively offers deposit, loan and payroll products. Through this, Consumer Banking was able to deliver a positive and significant impact on the overall performance of CIMB Niaga.

In 2017, Non-Branch Channel Consumer Banking managed to increase its personal loan portfolio by 7% with a new personal loan portfolio of Rp2.5 trillion and managed to acquire 454,642 new credit cards. The achievements were also accompanied by the successful acquisition of more than 492,296 new savings customers, which accounted for 46% of the total growth of new savings accounts at CIMB Niaga.

CIMB Niaga has made a commitment to continuously develop its Non-Branch Channel in the framework of the banking inclusion programs encouraged by Bank

CONSUMER BANKING

Indonesia and the Financial Services Authority. This effort aims to achieve being at the forefront in providing digital banking services. The development of the Non-Branch Channel services will also be increasingly relied upon as an alternative to acquire new customers and expand the customer base.

Branch Network

In 2017, CIMB Niaga continued to optimize its branch network through placement of the spread of the branch network, and by transferring banking transactions to branchless banking channels. CIMB Niaga also prioritized customer service improvement by rejuvenating several branches, through renovation or relocation into better premises or to more strategic areas. By the end of 2017, CIMB Niaga had an office network of 542 conventional and sharia branches, with 4,500 ATMs and 774 CDM and CRM units operating throughout Indonesia.

The optimization of the branch network will continue in 2018, and CIMB Niaga will also continue to increase branch outreach to customers through opening branches in strategic locations in residential areas, offices and shopping centers, as well as serving customers who live far from CIMB Niaga branches via locating Mobile Cash at locations such as schools, factories, or public events.

Service Quality

Improving customer service quality is a main priority and an integral part of Consumer Banking policy. CIMB Niaga continues to maintain and offer superior customer experience quality, in line with CIMB Niaga dedication to ensure all customers are always satisfied with the services provided.

CIMB Niaga has its own special unit to handle and manage customer experiences, called Customer Care Unit (Unit CC). As a work unit, Unit CC works wholeheartedly to ensure every service point is able to deliver customer-centric services, socializing the digital platform as the transaction option of choice, initiating

improvements to meet customer expectations, and readily handling customer complaints.

CIMB Niaga involves all business units in improving and increasing the abilities at every service point. CIMB Niaga also pays attention to human interactions, processes, products, and infrastructure. In this effort, discussions are routinely conducted and are also attended by members of the Board of Directors, who monitor customer service enhancements.

Throughout 2017, CIMB Niaga conducted a number of activities in order to realize the Customer Experience focus. One of these was to continue the internal campaign of "Serving with the Heart". The campaign is aimed at all employees - frontline, middle-office and back-office - and highlights motivational programs from the Directors to inspire staff, such as Leaders' Quotes. A collection of inspirational stories (WOW stories) is one of program that motivates employees to consistently provide satisfactory banking services. Implementation of the project is also done as an effort to focus on improvements from customer feedback.

Customer Complaints Management

In 2017, CIMB Niaga sought to optimize digital banking services and provided a range of services featuring the convenience, security and flexibility of transactions for customers. Promoting a customer-centric culture focuses on customer experience and continuously imbues all employees with the aim of improving service quality to impact on customer satisfaction and loyalty.

CIMB Niaga regularly measures the level of customer satisfaction to assess the effectiveness of the work done. The Customer Feedback System recorded satisfaction levels above 95% in 2017 for services provided by Customer Service Officers and Branch Tellers.

Survey results of e-channel services in 2017 showed that 80% of customers expressed satisfaction with

the service quality provided. The average amount of financial complaints received by customers in 2017 was 6,500 per month with a complaint rate below 3 bps (base point - per 10,000 financial transactions). In addition, efforts to improve the quality of service were made with various breakthrough services for customers, such as the ease of opening an account online, e-statement registration, replacement requests for lost cards and change of address through 24-hour Phone Banking.

Various initiatives in CIMB Niaga's customer complaints management were recognized in 2017 through several awards such as:

1. 2nd rank "WOW Service Excellence National Award" MarkPlus Inc, Indonesia
2. 3rd rank "Service Excellence" ISMS Trisakti Indonesia.

In the case of customer complaint management, Customer Care at CIMB Niaga handled customer complaints through various channels such as branches, phone banking, social media, CIMB Niaga website, mass media and regulators. Each customer complaint is followed up through the comprehensive customer complaint monitoring system, to ensure the speed and quality of settlement. In 2017, the Customer Care Unit recorded that 94% of customer complaints were settled under the Service Level Agreement, or an increase of 4% compared to 2016.

Branchless Banking

One of CIMB Niaga's fundamental steps in the banking industry was to create a branch of the future called CIMB Niaga Digital Lounge, which assembles state-of-the-art technology to provide a fast banking experience for retail customers. Each of CIMB Niaga's Digital Lounges is managed by a Digital Banking Manager, who provides solutions for individual banking customers. The Digital Lounge continues to be a key CIMB Niaga effort to support the strategy of developing Digital Consumer Banking, with the opening 2 new Digital Lounges in big cities Bogor and Surabaya, bringing the total to 22 Digital Lounges.

Other branchless banking concepts call to simplify retail customer transactions and include internet banking CIMB Clicks, mobile banking Go Mobile, "Rekening Ponsel", Phone Banking 14041, Preferred Phone Banking, OctoPay, and ATM services. CIMB Niaga continues to maintain its performance by becoming one of the leading banks in Indonesia which promotes the concept of branchless banking, as evidenced by the increasing number of branchless banking service transactions each year.

In 2017 from a total of 267 million customer financial transactions, approximately 245 million transactions or 92%, were branchless banking transactions, while the remainder were transactions conducted conventionally in branches. CIMB Niaga is a pioneer in the development of e-channel banking by launching "Rekening Ponsel" product. Gradually, e-channel based branchless banking transactions are developed to support Bank Indonesia's financial inclusion program in its effort to expand access to banking and financial services for all of society, including non-banking customers.

With a mobile wallet technology in place, users can enjoy a variety of CIMB Niaga's services through their own mobile phones, even without having a bank account. The number of "Rekening Ponsel" users by the end of 2017 grew by 41.9% to 3.1 million from 2.2 million users in 2016. The number of CIMB Clicks users increased by 20.8% to around 1.5 million compared to 1.2 million in the previous year. Total transactions of CIMB Clicks, both financial and non-financial transactions, reached 258 million transactions compared to 199 million transactions in 2016, with transactions volume increasing by 22.2% to Rp99.1 trillion from Rp81.1 trillion in 2016.

The Go Mobile product recorded significant growth in 2017, with an increase in the number of users up by 31.5% to approximately 1.8 million from 1.4 million users in 2016. The average monthly transaction volume amounted to Rp1.1 trillion and transaction volume in 2017 rose by 4.4% to Rp13.8 trillion from Rp13.2 trillion in 2016.

CONSUMER BANKING

Branchless Banking once again made history in 2017 by re-launching the Go Mobile app in November 2017. In addition to a more modern look, Go Mobile's banking applications can now be accessed using fingerprints. The transactions are now much easier and safer with the feature of the one phone-one user ID. There are many promotions that customers can follow by using promo codes. After finishing any transaction, customers can directly share transaction proof via SMS, LINE or Whatsapp without leaving the Go Mobile page.

Various initiatives in digital banking products conducted by CIMB Niaga have been recognized in 2017 through several awards such as:

1. Infobank Banking Service Excellence Awards 2017 for "Best SMS Banking Performance", "Third Best Performance for Digital Store", "Second Best Performance for Overall Account Opening Services Via Web/Application"
2. Indonesia Digital Innovation Award 2017, Category: Bank BUKU 4 – Warta Ekonomi.

POS as a tool to receive transactions by CIMB Niaga grew by 30.5% in 2017, which encouraged the growth of card-based transactions. As one of the major acquiring banks, CIMB Niaga is also appointed by Bank Indonesia as a participant in the pilot project of the National Payment Gateway, where only 7 banks are deemed to have the experience and technical know-how, as well as operational development capabilities. Thus CIMB Niaga is recognized by regulators as one of the leading banks in terms of electronic banking services.

PLANS FOR 2018

In order to boost the performance of Consumer Banking, CIMB Niaga will continue to implement a sustainable strategy policy with awareness of national economic conditions. In principle, CIMB Niaga, through Consumer Banking is enthusiastic about continuing to contribute towards the development and enhancement of transactional ease in assisting communities in financial issues that, at the same time, foster CIMB Niaga's performance.

The Consumer Banking business plan in 2018 will remain focused on customer experience as well as collecting customer deposits from savings products that improve CASA. Various initiatives and programs through direct promotion, product bundling and partnerships will be conducted to increase the number of CASA accounts. The development of both the features and the capabilities of branchless banking, as one channel to support CASA growth, will continue by using branchless banking to perform digital cross-selling. In all, this is expected to provide added value, simplicity and a better customer experience.

In the mortgage business, CIMB Niaga will continue to expand its market share of mortgage loans, through cooperation of joint promotional and joint events in areas of potential with real estate developers. CIMB Niaga will also continue to demonstrate its commitment to enhance competitiveness by prioritizing service quality, process speed and innovative housing financing products in line with the expectations and needs of its customers.

In the auto loan business segment, CIMB Niaga will continue to improve credit processing speed, focusing on customer acquisition programs and improving service quality. This includes accelerating marketing across various regions throughout Indonesia, as well as continuing to strengthen relationships with dealers and showroom partners, and cross-selling to internal customers.

In credit cards, CIMB Niaga consistently strives to innovate with interesting products and credit card programs for all customer segments from regular, business, special, to premium including sharia-based cards. CIMB Niaga will also strive to deliver interesting offers for merchants who cooperate with CIMB Niaga.

In wealth management, CIMB Niaga will remain focused on delivering products designed to meet the needs of

customers who want to plan, develop and protect their assets to ensure a better financial condition in the future.

The optimization of the branch network will continue in 2018, and CIMB Niaga will also continue to increase branch outreach to customers through opening branches in strategic locations in residential areas, offices and shopping centers, as well as moving Mobile Cash to areas around schools, factories and public events in order to serve customers who are far from CIMB Niaga branches.

In total, improving customer service quality remains a main priority and an integral part of Consumer Banking policy. CIMB Niaga continues to maintain and offer a superior customer experience in line with CIMB Niaga dedication to ensure all customers are always satisfied with the services provided.

Business Segment Review

SHARIA BANKING

In the course of the year 2017, CIMB Niaga Sharia focused on a more prudent policy in managing its businesses. Total financing portfolio increased by 63.6% while the NPF ratio decreased from 1.15% in 2016 to 0.91% in 2017.

85.0%

Total Assets of Sharia Banking increased by **85.0%** yoy to **Rp23.6** trillion

87.3%

Customer Deposits of Sharia Banking increased by **87.3%** yoy to **Rp19.9** trillion

SHARIA BANKING PROFILE

The sharia banking business of CIMB Niaga is undertaken by CIMB Niaga Syariah as the Sharia Business Unit under CIMB Niaga's organization structure. CIMB Niaga Syariah offers a comprehensive range of products and services to serve customers' financial needs across all segments.

In developing the sharia banking business, providing the best services to the society, and in line with the Group's vision to "becoming a leading ASEAN

company", CIMB Niaga Syariah is directed toward four pronged objectives:

1. To be a leading sharia banking player in Indonesia with unparalleled service culture, processes and human capital, offering strong universal banking propositions domestically, as well as being a role model for the dual banking system in Indonesia.
2. To make Indonesia the basis for sharia banking business development as part of PT Bank CIMB Niaga's vision.

- 3. To champion the business development and acceleration of the ASEAN integration agenda towards being a leading sharia bank, being the anchor for Indonesian banking development through continuous innovations, quality services and best practices.
- 4. To be a leading sharia bank providing the best digital banking services in the industry.

OBJECTIVES, STRATEGIES, AND POLICIES ON SHARIA BANKING DEVELOPMENT

Short Term

Our short-term targets, strategy and policies are formulated to strengthen work culture as the groundwork to support sustainable business growth by means of the following:

- 1. Implementing the Dual Banking Leverage Model (DBLM) across business units and support functions.
- 2. Increasing sharia banking's share of the Banking book across business segments by implementing a solid and integrated KPI with attractive rewards.
- 3. Undertaking sharia banking education and training on a continuous and regular basis.
- 4. Improving understanding of Syariah First on a bankwide basis.
- 5. Accelerating new product launches and new feature developments to improve customer experience.
- 6. Improving efficiencies through a better synergy with other units in CIMB Niaga and its affiliates.

SHARIA BANKING

Medium Term

In the medium term, CIMB Niaga Syariah focuses on becoming one of Indonesia's leading sharia banking players by means of the following:

1. Increasing its business size to 15% that of CIMB Niaga.
2. Continuously developing human resources with sharia banking being one of the core competences for all staffs.
3. Improving effectiveness of the Dual Banking Leverage Model implementation across all lines.
4. Exploring more diverse and stable funding sources to support CIMB Niaga Syariah's growth plan.
5. Increasing cross-sell of sharia products across all business units.
6. Establishing a solid foundation to support its spin-off plan from CIMB Niaga.

Long Term

In the long-term, CIMB Niaga Syariah focuses on its spin-off preparation from CIMB Niaga to become a separated entity as regulated by OJK by means of the following:

1. Prepare a solid sharia banking framework based on Strategic Business Unit (SBU) as the key pillar.
2. Develop a sharia business platform through the DBLM implementation with each SBU functioning to coordinate its daily operations with CIMB Niaga Syariah in order to achieve the desired level of efficiency and to improve risk management quality.
3. Increase its share of the book at CIMB Niaga to 20% by 2023.

ASSET GROWTH

In 2017, CIMB Niaga Syariah recorded asset growth of 85.0% yoy, representing an increase of Rp10.9 trillion to Rp23.6 trillion, from Rp12.8 trillion in 2016. Asset growth was largely attributed to the 63.6% increase in the financing portfolio, making up 70.6% of total assets. This performance has further strengthened CIMB Niaga Syariah's foothold as one of the leading sharia business units in Indonesia.

FINANCING

The total financing portfolio by end of 2017 grew 63.6%, from Rp10.2 trillion in 2016 to Rp16.7 trillion in 2017. The highest growth stemmed from the Corporate segment which increased 77.1% or Rp2.6 trillion yoy. The next highest growth contributor was the Consumer segment, which rose by 48.9% or Rp2.4 trillion compared to 2016. The Commercial and MSME segment also recorded significant increase, with the Commercial segment increasing 88.8%, or Rp1.1 trillion yoy meanwhile the MSME segment showed an increase of 57.0% or Rp445 billion yoy.

Sharia Financing by Segment

Sharia Financing Rp billion	2015	2016	2017	Growth (%)	
				2015-2016	2016-2017
Corporate	1,643	3,360	5,949	104.5%	77.1%
Commercial	1,135	1,218	2,299	7.3%	88.8%
MSME	754	781	1,226	3.6%	57.0%
Consumer	3,752	4,847	7,221	29.2%	48.9%
Total	7,284	10,206	16,695	40.1%	63.6%

CUSTOMER DEPOSITS

In 2017, the total customer deposits increased by 87.3% to Rp19.9 trillion compared to 2016's total of Rp10.6 trillion. This growth mostly resulted from growth of funds from time deposits by 147.3% yoy.

The increase in customer deposits was driven by growth in all segments. The largest volume growth was the Corporate segment that recorded an increase of Rp3.8 trillion, or 351.8% yoy, followed by the Consumer segment deposits that increased 54.5%, or Rp3.6 trillion yoy. The MSME funding also increased of Rp1.7 trillion or 88.4% yoy. Meanwhile, the Commercial segment was relatively stable with an increase of Rp204 billion or 18.8% yoy.

Sharia Customer Deposits by Segment

Sharia Customer Deposit Rp billion	2015	2016	2017	Growth (%)	
				2015-2016	2016-2017
Corporate	543	1,083	4,893	99.4%	351.8%
Commercial	634	1,088	1,292	71.5%	18.8%

Total	7,585	10,629	19,908	40.1%	87.3%

NON PERFORMING FINANCING AND CONTINUOUS IMPROVEMENT

In the course of 2017, CIMB Niaga Syariah focused on a more prudent policy in managing its businesses. While total financing volume recorded a significant increase of 63.6%, the gross Non-Performing Financing (NPF) ratio declined from 1.15% in 2016 to 0.91% in 2017. In maintaining its assets quality, CIMB Niaga Syariah has strengthened cooperation with the Asset Restructuring and Recovery (ARR) team by managing non-performing financing (NPF) portfolios and marginal accounts.

IBU ESTHER REFINA SIAHAAN

Finance Director

PT Gapura Angkasa

As the leading airport service company, PT Gapura Angkasa (Gapura) commits to provide the best services to customers as well as to stakeholders in an effort to improve Company performance.

The success of Gapura this year was largely contributed by customer trust, as well as enormous support from the stakeholders, particularly CIMB Niaga Syariah for providing financing facilities for our operational equipment procurement.

Sharia-based corporate financing is provided through the Ijarah Mutahiya Bi Tamlik contract (Corporate Leasing iB), and is recorded as Off-Balance Sheet financing during the financing tenor. We are positive that this scheme will be able to be one of the financing alternatives for others, due to its uniqueness that is exclusively provided by sharia-based banking.

We choose CIMB Niaga as our main banking partner for their capabilities to provide a one-stop solution for various financing needs.

Hopefully, the cooperation and partnership that has been going well between the two institutions could continue and further improved in the future.

Thank you

SHARIA BANKING

In addition to managing business growth with a more prudent policy, CIMB Niaga Syariah also focused on business process improvements. These, among other means, included the development of Syariah Acceptance Criteria (SAC) tools to simplify business review process according to sharia principles. This tool is also used to assist reviewing process of all products and scheme to sharia principles. Overall, SAC tool greatly improves business processes and further enables business units to conduct a self-review of sharia compliance with products offered to customers. This improvement is effective in accelerating and facilitating sharia business operations, as well as to improve overall business adherence to sharia principles.

Another improvement was the implementation of effective and efficient cost management, applied as part of the daily work culture. This has, among other means, been executed through the rationalization and collocation of 11 branches. CIMB Niaga Syariah has also optimized its Office Channelling for sharia product distribution. In addition, efficiency improvement was also made from the support optimization of information systems technology.

CIMB Niaga Syariah consistently strives to improve the product and service quality in order to build and enhance the customer experience, all towards sustaining customer loyalty. Service improvements are conducted in accordance with brand promise "Forward" for operational activities, touch points, and product benefits. CIMB Niaga Syariah also created continuous added value in order to strengthen and enhance the customers' heart share in the long run.

SHARIA BANKING INCOME 2017

CIMB Niaga Syariah recorded a Profit Before Tax of Rp489.7 billion in 2017, increased by 60.3% or Rp184.2 billion, compared to Rp305.4 billion in 2016. The increased Profit Before Tax resulted from a combination of higher Operating Income and effective cost management.

OFFICES AND DISTRIBUTION NETWORK

To facilitate customer access to its sharia products and services, CIMB Niaga Syariah optimized its branch distribution network, including sharia main branches and office channelling at conventional branches (OC). By the end of 2017, CIMB Niaga Syariah had 24 main branches, 1 cash office, 2 payment points and 460 OCs.

In addition, customer access is also supported through CIMB Niaga's branchless banking services, including ATM, MFD, CDM, CIMB Clicks, Go Mobile, Preferred Phone Banking, Digital Lounge, and Rekening Ponsel choices. All these facilities demonstrate CIMB Niaga Syariah's commitment to provide ease and convenience to customers in performing financial transactions. These all have provided CIMB Niaga Syariah with the best digital sharia banking facilities in the industry.

HUMAN RESOURCES DEVELOPMENT

In support of building up sharia banking awareness in society, CIMB Niaga Syariah is committed to developing quality human resources in CIMB Niaga as catalyst or development agent. This commitment is demonstrated through undertaking sharia banking education and training to all CIMB Niaga employees. During 2017, CIMB Niaga Syariah has developed sharia banking training modules and programs as well as certifications through e-learning. By the end of 2017, CIMB Niaga Syariah had 22 sharia banking training programs for business units and support units in CIMB Niaga, 32 development programs for CIMB Niaga Syariah staff, and 18 business learning sessions attended by 2,399 participants. CIMB Niaga Syariah also arranged a Sharia Banking certification program for 17,411 CIMB Niaga staff.

Continuing from prior years, DBLM implementation in 2017 was carried out to maintain and further improve all units support of sharia business growth. In the long term, CIMB Niaga Syariah leverages the DBLM as part of the corporate work culture. Therefore, the successful implementation of the DBLM requires both adequate quality and quantity of human resources in sharia banking.

COMPLIANCE AND IMPLEMENTATION OF SHARIA GOVERNANCE FRAMEWORK

CIMB Niaga Syariah has consistently supervised the implementation of sharia principles through the Sharia Supervisory Board (DPS), as executed by the Syariah Advisory Group as its lengthened arm. The DPS is actively involved in overseeing sharia compliance through reviews in order to ensure adherence to the fatwa regulations from the National Sharia Board.

Apart from the Syariah Advisory Group, these controlling activities are also supported by a Risk Control Unit. The Syariah Advisory Board assists the DPS in performing reviews related to adherence to sharia principles and provides input on product and transaction related issues, whereas the Risk Control Unit supports DPS in performing reviews related to sharia compliance within the Bank. Furthermore, CIMB Niaga Syariah has Common Sharia Compliance Policy and Standard Operating Procedures (SOP) that set guidelines for operating units, to ensure adherence to sharia principles.

AWARDS

A variety of performance achievements in the course of 2017 has given positive results to CIMB Niaga Syariah's corporate image as reflected in the following awards:

1. Islamic Finance Award (KARIM Award 2017) as "The Most Expanding Financing UUS with Assets > Rp1.5 Trillion.
2. Infobank Sharia Finance Awards 2017 with an "Excellent" ranking in the UUS Commercial Banks with Assets > Rp5 Trillion.
3. Baznas Award 2017.
4. Indonesia Sharia Finance Awards (ISFA) 2017 from Warta Ekonomi as "The Best Digital Sharia Unit Bank".
5. Silaknas IAEI 2017 "Best Syariah Bank in UUS Category.
6. Indonesia Banking Awards 2017 "The Best Sharia Business Unit".
7. Anugerah Syariah Republika 2017 as "Sharia Bank with Best Performance and Innovations".

REALIZATION AND METHOD OF PROFIT SHARING

In accordance to sharia principles, the distribution of profit sharing to third-party funding customers is calculated based on a predetermined and agreed nisbah (profit sharing portion) at the time of signing the fund placement agreement. To uphold the transparency and measurability principles, CIMB Niaga Syariah uses the calculation formula and policies set out in the internal profit sharing standard operating procedure. On a monthly basis, CIMB Niaga Syariah issues an internal memo regarding the Bank's income, calculated in a percentage, to be used as the basis for profit sharing distribution. The memo also contains the information on the nisbah for the following month.

The profit sharing realization for 2017 of CIMB Niaga Syariah is as follows:

GYD	Jan-17	Feb-17	Mar-17	Apr-17	May-17	Jun-17	Jul-17	Aug-17	Sep-17	Oct-17	Nov-17	Dec-17

SHARIA BANKING

2018 PLANS, FOCUS AND STRATEGY

CIMB Niaga Syariah is confident of sharia banking industry growth in the future. Considering that sharia banking in Indonesia is barely breaking into the “growth phase”, CIMB Niaga Syariah believes that with adequate resources, incentives and support, the sharia banking industry will grow even more rapidly in the upcoming years.

With such optimism, for 2018 CIMB Niaga will emphasize an optimistic business growth projection, controlled by prudent banking policy in managing its businesses. As a sharia-compliant financial intermediary, CIMB Niaga Syariah will focus on strengthening risk management, adhering to the applicable regulations and implementing good corporate governance principles.

Funding acquisition activities will be focused to ensure that the ever-challenging financing growth will be properly supported with adequate funding. CIMB Niaga Syariah will explore wider alternative funding sources, yet the main focus is still to acquire low-cost funds, CASA deposits. CASA acquisition activities will include, but will not be limited to, the development of new products and strengthening CASA promotion activities. Optimization of branchless banking services is also expected to strengthen CIMB Niaga Syariah’s foothold as the leading digital banking provider within the sharia banking industry. This strategy is also expected to improve CIMB Niaga Syariah’s operational efficiency.

CIMB Niaga Syariah is also committed to improve hajj service and facilities. In 2018, CIMB Niaga Syariah is planning to broaden the hajj service more extensively by intensifying partnership with BPKH (Badan Pengelola Keuangan Haji - Hajj Fund Management Agency) as well as other related organizations.

To achieve better business liquidity, CIMB Niaga Syariah will explore different funding sources and instruments, especially to cover long-term funding requirements. This action is conducted to strengthen long term business growth as well as mitigate the liquidity risk.

CIMB Niaga Syariah is also inspired to further strengthen credit risk management by implementing the Dual Banking Leverage Model within the credit risk management unit. Financing will be diversified to prudently selected customers according to CIMB Niaga’s overall risk appetite. To accelerate business growth and generate steady income, financing growth will be heavily supported by disbursement to non-retail segments which will be prioritized toward government projects. Nevertheless, CIMB Niaga Syariah also aspires to be the leader in the retail financing business, to be supported by new product development in the mentioned target.

To strengthen sharia business growth, CIMB Niaga Syariah will also ensure sharia products and services are aligned to those of conventional, to further promote sharia products better to the general public

Supporting Business Review

Corporate Social Responsibility

Others Corporate Data

Consolidated Financial Report

and increase public exposure to and understanding of sharia banking products. Non-margin income generation activities will also be further enhanced. Cross-selling activities for sharia products will be promoted across all units and be considered as part of the daily working culture. CIMB Niaga Syariah will also explore the treasury and trade finance business further by providing new related products, including preparing the business process to ensure proper risk management.

The implementation of strategies stated above will be closely-affected by support and involvement from all units and parties in CIMB Niaga. Learning from Syariah First implementation in the previous year, all units in CIMB Niaga are encouraged to continue living the spirit of Syariah First and bring this within the day-to-day working culture. With the finalization of DBLM policy, hopefully the “Syariah First” spirit can be implemented even better across all units in CIMB Niaga.

➤ Financial Performance Review

In 2017, CIMB Niaga recorded a net profit increase of 43.0% to Rp3.0 trillion, from 2016's Rp2.1 trillion. CIMB Niaga also succeeded in maintaining its position as the 5th largest bank in terms of assets.

Net Profit (Rp trillion)

Total Assets (Rp trillion)

CIMB Niaga was able to show improvement in its financial performance in 2017, supported by national economic growth. CIMB Niaga recorded a 10.2% growth in assets, reaching Rp266.3 trillion, supported by a 2.8% loan growth, reaching Rp185.1 trillion, with Third Party Funds of Rp189.3 trillion showing an increase of 4.8%. In addition, net profit grew by 43.0% reaching Rp3.0 trillion, mainly due to the increase in lending activities. These achievements show that CIMB Niaga is able to consistently improve and maintain its performance in

the midst of challenges in the local and global economies. The following is a more detailed explanation, analysis and overview of CIMB Niaga's 2017 financial performance.

The financial information is taken from the consolidated financial statements of PT Bank CIMB Niaga Tbk and Subsidiary as of 31 December 2017 and for the year then ended, which were prepared by Bank CIMB Niaga's management in accordance with Financial Accounting Standards in Indonesia and which were audited by KAP Tanudiredja,

Wibisana, Rintis & Rekan, a member firm of the PwC global network (signing partner is Angelique Dewi Daryanto, SE, CPA), independent auditor, in accordance with Auditing Standards established by the Indonesian Institute of Public Accountants, with unqualified audit opinion, as described in independent auditors' report dated 26 February 2018.

OVERVIEW

Along with improvement of Indonesia's economy with a GDP growth of 5.07%, CIMB Niaga recorded an asset growth of 10.2% reaching Rp266.3 trillion in 2017 compared to its 2016 position of Rp241.6 trillion. This asset growth was in line with the achievement of loan growth by 2.8% to Rp185.1 trillion, compared to the previous year's position of Rp180.2 trillion and also in line with marketable securities and government bonds growth by 36.8%, or Rp10.3 trillion compared to 2016.

To support the loan disbursement throughout 2017, CIMB Niaga was able to collect third party funds of Rp189.3 trillion, a growth of 4.8% compared to 2016's position of Rp180.6 trillion. The increase in third party funds was supported by current accounts and saving accounts (CASA) growth of 8.4% to Rp99.5 trillion, equivalent to 52.6% CASA ratio of total DPK, compared to a 50.8% CASA ratio in 2016. In addition to third party funds, CIMB Niaga also diversified the sources of its financing through the issuance of debt securities (Rp5.4 trillion), subordinated loans (Rp1.6 trillion), and deposits from other banks (Rp6.9 trillion).

In line with loan growth, CIMB Niaga was able to record an increase of net interest income by 2.6%, reaching Rp12.4 trillion in 2017. Net profit margin (NIM) was relatively stable and decreased 4 bps to 5.60% in 2017, compared to the 2016 NIM of 5.64%. Supported by an

FINANCIAL PERFORMANCE REVIEW

increase in net interest income and the improvement in asset quality, resulting in a decline in the allowance for impairment losses on financial and non-financial assets, CIMB Niaga successfully recorded an increase of net profit by 43.0% to Rp3.0 trillion in 2017, compared to 2016's position of Rp2.1 trillion. CIMB Niaga will continue to focus on improving the quality of services corresponding to customer needs. In line with the above, CIMB Niaga also made alignments on several segmentation.

Global Condition Affecting the Bank's Performance

In 2017, CIMB Niaga recorded a net profit increase of 43.0% reaching Rp3.0 trillion, compared to Rp2.1 trillion in 2016. The increase was also in line with Indonesia's economic growth which recorded a 5.07% GDP growth, higher than the 2016 growth of 5.02%. Indonesia's improved economic growth was supported by purchasing power due to the lower reference interest rate during 2017, meanwhile the inflation rate in 2017 was recorded at 3.81%, higher than the 3.53% in 2016.

The Bank Indonesia (BI) reference rate, the 7 Day Reverse Repo Rate, decreased by 1.50% in 2016 and 0.50% in 2017. In 2017, the 7 Day Reverse Repo Rate decreased two times, from 4.75% to 4.50% on August 2017 and to 4.25% on September 2017. This was directly influenced by stronger and more evenly spread global economic growth compared to 2016 in both developed and developing countries.

The non-performing loan (NPL) ratio in Indonesia's banking industry improved by 34 bps to 2.59% from the 2016 position of 2.93%.

In the midst of these conditions, in 2017 CIMB Niaga succeeded in maintaining its position as the fifth largest bank in terms of assets. To support its business growth, CIMB Niaga has undertaken a number of initiatives and will continue development to support the next stage of growth.

Expansion of Electronic Network Coverage

CIMB Niaga continues to provide its best services to more than 7 million customers, supported by 542 branches and a networks of 4,500 ATMs, 683 CDMs and 174 MFDs, with a total of 12,782 employees across Indonesia. In 2017, CIMB Niaga maintained 22 Digital Lounges to serve its customers in strategic locations. In addition, CIMB Niaga also operated 20 mobile cash units to reach a wider service area.

2017 Strategies

CIMB Niaga will continue the implementation of a medium-term strategy with focus on the key skills of the five pillars, these are focus on main expertise, CASA enhancement, discipline in cost management, capital management, cultural risk balance, and effective utilization of information technology. In terms of lending, CIMB Niaga will emphasize the quality of loans, based on CIMB Niaga's risk appetite as outlined in its business strategy. CIMB Niaga will also focus on continuing to develop its digital footprint and digital capabilities as a service to its customers who need transaction speed and convenience. In addition, CIMB Niaga will continue special initiatives such as improving Customer Experience (CX), Service Level Agreement (SLA) in customer service, branch optimization, and continuous product innovation tailored to customer needs.

ASSETS

At the end of 2017, CIMB Niaga recorded asset growth of 10.2%, representing a total of Rp266.3 trillion compared to 2016's Rp241.6 trillion. The 2017 assets growth was mainly due to marketable securities and government bonds growth by 36.8% or Rp10.3 trillion compared to 2016. In addition, asset growth was supported by cash and cash equivalents growth by 42.6% or Rp9.7 trillion compared to 2016, and loans growth by 2.8%, or Rp5.0 trillion compared to 2016. The asset growth strengthened CIMB Niaga's position as Indonesia's fifth largest bank.

Cash and Cash Equivalent

CIMB Niaga recorded a 42.6% increase in net cash and cash equivalent to Rp32.3 trillion in 2017, mainly due to a 247.2% increase in placements with Bank Indonesia. This account balance amounting to Rp12.5 trillion, increased by Rp8.9 trillion compared to Rp3.6 trillion in 2016. The placements with Bank Indonesia growth was mainly due to Bank Indonesia's Deposit Facility (FASBI) growth by Rp7.1 trillion compared to 2016.

Current Accounts at Bank Indonesia decreased 13.5% from 2016 to become Rp11.5 trillion in 2017. However, CIMB Niaga's Demand Deposits at Bank Indonesia remain in compliance with the Statutory Reserve Requirement (GWM) as amended by Bank Indonesia PBI No.19/6/PBI/2017 dated 18 April 2017, whereby the minimum primary Statutory Reserve Requirement is 6.5%.

FINANCIAL PERFORMANCE REVIEW

Cash and Cash Equivalent (Rp trillion)

Marketable Securities and Government Bonds – Net

Investor confidence in Indonesia's economic growth has improved and was seen in Indonesia's sovereign debt rating improving to investment grade, based on Standard & Poor's rating, and this followed other international rating agencies that had previously positioned Indonesia within the investment grade category, making Indonesia's bond market more attractive. In line with these conditions, CIMB Niaga also increased its investment in government bonds in 2017 to Rp25.0 trillion, or increased by Rp6.8 trillion compared to Rp18.2 trillion in the previous year.

Marketable Securities and Government Bonds – Net Rp billion	2015	2016	2017	Growth (%)	
				2015-2016	2016-2017
Marketable Securities	9,821	9,344	13,443	(4.9)	43.9
Government Bonds	16,050	18,184	24,971	13.3	37.3
Securities Purchased under Resale Agreements	175	543	-	210.3	(100.0)
Total	26,046	28,071	38,414	7.8	36.8

Out of the total of Rp25.0 trillion in government bonds in 2017, composition for held-to-maturity government bonds reached 30.6%, while available-for-sale and trading reached 56.9% and 12.5%, respectively. The available-for-sale bonds also recorded a high growth at 77.5%, increasing to Rp14.2 trillion in 2017.

Based on maturity period, the structure of the government bonds portfolio of CIMB Niaga was dominated by government bonds with a maturity period of more than 1 year ≤ 5 years, reaching 55.8% of total government bonds. The government bonds with a maturity period more than five years contributed 18.6% of the total government bonds of CIMB Niaga, equivalent to Rp4.7 trillion.

Government Bonds (Rp trillion)

Government Bonds by Maturity Period (Rp trillion)

On the other hand, CIMB Niaga's investments in marketable securities was still dominated by available-for-sale securities in 2017. Available-for-sale securities recorded at Rp11.2 trillion in 2017 while held-to-maturity securities amounted to Rp1.3 trillion, while trading securities amounted to Rp959.0 billion. Available-for-sale securities grew by 41.7% from 2016's figure of Rp7.9 trillion.

Marketable Securities - Gross Rp billion	2015	2016	2017	Growth (%)	
				2015-2016	2016-2017
Held-to-maturity	1,258	962	1,307	(23.5)	35.9
Available-for-sale	7,776	7,916	11,215	1.8	41.7
Trading	825	502	959	(39.2)	91.0
Total	9,859	9,380	13,481	(4.9)	43.7

There were no securities under resale agreements in 2017, compared to the 2016 position of Rp543.0 billion.

Loans

CIMB Niaga recorded loans amounting to Rp185.1 trillion, or increasing by 2.8% compared to 2016 at Rp180.2 trillion, in line with the improvement of Indonesia's economic growth in 2017. In addition, the moderate loans increase was aligned with CIMB Niaga's strategy to more selective in determining the loan quality by tightening underwriting standard. CIMB Niaga also conducted loan expansion by creating innovative new products which are more competitive, offering loans with more competitive interest rates, and executing other loan marketing strategies.

Loans by Currencies

During 2017, CIMB Niaga's loans were still dominated by loans denominated in Rupiah, with Rupiah and foreign currency composition at 85.6% and 14.4%, respectively. This was relatively unchanged compared to the loans composition in 2016, with a ratio of loans denominated in Rupiah to foreign currencies was recorded at 86.1% and 13.9%.

Loan Composition by Currency (%)

Loans Breakdown by Currencies and Average Interest Rate Rp trillion	2015	2016	2017
Rupiah	152.1	155.1	158.4
Average interest rate (%)	12.6	11.7	10.9
Foreign Currencies	25.4	25.1	26.7
Average interest rate (%)	4.6	4.6	4.4
Total Loans - Gross	177.5	180.2	185.1

FINANCIAL PERFORMANCE REVIEW

The declining of average interest rate of loans denominated in Rupiah to 10.9% in 2017 enabled CIMB Niaga to provide more competitive interest rates in line with the Bank Indonesia reference rate. As of 31 December 2017, the BI 7 Day Reverse Repo Rate was recorded at 4.25% with the deposit facility rate at 3.5% and the lending facility rate at 5.0%, compared to the year end 2016 at 4.75%, 4.0% and 5.5%, respectively.

Loans by Geographical Area

Based on geographic distribution, the largest loan disbursements of CIMB Niaga's loans in 2017 were concentrated on Java at 86.4%, with DKI Jakarta having the largest contribution at 65.5%, followed by East Java by 9.2%.

Loans by Geographical Area Rp trillion	2015	2016	2017	Growth (%)

Loans by Segment

Corporate banking represented 37.6% of CIMB Niaga's loans, growing by 7.7% to Rp69.6 trillion in 2017, compared to Rp64.6 trillion in 2016. Followed by consumer banking which contributed by 26.3% to the CIMB Niaga's loans or decreased by 6.7% to Rp48.6 trillion, compared to 2016's position of Rp52.1 trillion. Commercial and MSME banking increased by 6.9% and 4.3%, respectively compared to 2016, to become Rp31.9 trillion and Rp35.0 trillion.

Loan Composition by Segment (%)

FINANCIAL PERFORMANCE REVIEW

Non-Performing Loans

Total non-performing loans (NPL) decreased by Rp0.1 trillion to Rp6.8 trillion in 2017 compared to Rp6.9 trillion in 2016. This resulted in the gross NPL ratio of CIMB Niaga decreasing from 3.89% in 2016 to 3.75% in 2017.

Overall, NPLs at CIMB Niaga improved in 2017. The NPL ratios of consumer banking, MSME banking, and corporate banking decreased in 2017 to 2.5%, 3.5%, and 2.5%, respectively. Commercial banking NPLs increased to 8.2% in 2017.

Loan Composition by BI Collectability (%)

NPL Ratio (%)

By economic sectors, total NPLs from the trading, restaurants, hotels and administration sectors contributed the highest composition of NPL at 46.1% in 2017, followed by the manufacturing sector at 12.3% in 2017.

Asset Quality Committee

The assessment for impairment losses is performed on an individual basis (individual assessment) and collective basis (collective assessment).

Collective Assessment is performed by evaluating the impairment of the loan groups based on the projected contractual cash flows, the levels of historical loss of each loan group, and the time lapsed from the point a detrimental incident occurs in a loan group to the point of objective evidence identification. Individual assessment is based on projected recoverable amounts from individual. Evaluation of Individual Assessment is carried out on a monthly basis and is decided by the Asset Quality Committee.

Asset Quality Committee consists of:

1. Chairman: Credit Director
2. Vice Chairman: Head of Loan Work Out (LWO)
3. Secretary: Head of Credit Committee Secretariat & Delegation Authority Holder Management, Financial Accounting & Standards Group Head
4. Members: Director of Strategy and Finance, Director of Business Banking, Director of Corporate Banking, Director of Sharia Banking and each with an appointed alternate from at least one level below the Board of Directors.

FINANCIAL PERFORMANCE REVIEW

The roles and responsibilities of the Asset Quality Committee are to evaluate the quality of CIMB Niaga's assets in line with CIMB Niaga's overall risk appetite, including stipulating the names of debtors classified by Individual Assessment and determining the allowance for impairment losses to be established by CIMB Niaga. The function of an effective Asset Quality Committee are to improve asset quality and to reduce the growth of non-performing assets.

Fixed Assets

CIMB Niaga's fixed assets were recorded at Rp6.7 trillion in 2017. The fixed assets decreased by 1.4% compared to Rp6.8 trillion in 2016, mainly due to an increase in accumulated depreciation. As of 31 December 2017, CIMB Niaga's fixed assets consist of buildings and motor vehicles, which were insured with PT Lippo General Insurance Tbk with total coverage of Rp3.7 trillion and USD129 million. During 2017, there were no fixed assets pledged by CIMB Niaga as loan collateral.

Other Assets

CIMB Niaga's other assets decreased by 7.9% to Rp11.1 trillion in 2017, compared to Rp12.1 trillion in 2016. The decrease was mainly due to the decrease in acceptance receivables and derivative receivables by 6.7% and 40.0% to Rp4.2 trillion and Rp0.3 trillion compared to Rp4.5 trillion and Rp0.5 trillion in 2016.

LIABILITIES

CIMB Niaga diversified sources of its financing with customer deposits, deposits from other banks, borrowings and corporate bond issuance, besides focusing on low-cost funds such as demand deposits and savings accounts. In 2017, the third party funds of CIMB Niaga were well managed, as indicated by the increase of CASA ratio to 52.6% from 50.8% in 2016. In 2017, CIMB Niaga issued corporate bonds amounting to Rp4.0 trillion to support business expansion as a diversification of its sustainable financing resources.

Liabilities Rp trillion	2015	2016	2017	Growth (%)	
				2015-2016	2016-2017
Customer Deposits	178.5	180.6	189.3	1.1	4.8

Total	210.2	207.4	229.4	(1.3)	10.6

Customer Deposits

CIMB Niaga recorded an increase in customer deposits amounting to Rp8.7 trillion in 2017, or a 4.8% increase compared to 2016. The increase was mainly due to the increase in low-cost funds derived from current accounts and savings accounts, which grew by 10.5% and 6.4% to Rp49.3 trillion and Rp50.2 trillion, respectively, compared Rp44.6 trillion and Rp47.2 trillion in 2016. Meanwhile, funds derived from time deposits also increased by 1.2% to Rp89.8 trillion in 2017, compared to 2016. Under such conditions, the CASA ratio increased to 52.6% in 2017 from 50.8% in 2016.

Customer Deposits Rp trillion	2015	2016	2017	Growth (%)	
				2015-2016	2016-2017
Current Accounts	40.4	44.6	49.3	10.3	10.5
Saving Accounts	43.1	47.2	50.2	9.5	6.4
Time Deposits	95.0	88.8	89.8	(6.5)	1.2
Total Customer Deposits	178.5	180.6	189.3	1.1	4.8

The increase in demand deposits is also supported by the BizChannel facility offered by CIMB Niaga. The BizChannel enables customers to manage funds and to make transactions easily and securely. The savings account increase is also an integral part of CIMB Niaga's success in launching its savings products and promotional campaigns to generate public interest. The time deposits growth was also supported by direct to customer promotions such as by providing an online time deposit facility that allows customers to open time deposit accounts simply by accessing CIMB Clicks without having to visit the branches.

Based on the contractual period, in 2017, the largest composition of time deposits was in the category of > 1 - ≤3 months at 44.6%, followed by > 12 months at 17.1%, > 3 - ≤6 months stood at 15.0%, time deposits group of ≤1 month at 12.9%, and > 6 - ≤12 months at 10.4%.

Based on currencies, the composition of customer deposits is dominated by customer deposits denominated in Rupiah. The contribution of customer deposits in Rupiah was 79.0% or equivalent to Rp149.6 trillion in 2017, followed by foreign currencies was recorded at 21.0% in 2017 or equivalent to Rp39.7 trillion. In comparison, customer deposits in Rupiah and foreign currencies in 2016 amounted to Rp146.8 trillion and Rp33.8 trillion, respectively.

FINANCIAL PERFORMANCE REVIEW

Customer Deposits by Segment (%)

Based on business segment, consumer banking accounted for the largest proportion of customer deposits at 50.7% in 2017.

Customer Deposits by Segment Rp trillion	2015	2016	2017	Growth (%)	
				2015-2016	2016-2017
Corporate Banking	30.3	33.6	36.5	10.9	8.6
Commercial Banking	23.5	18.9	19.3	(19.6)	2.1
MSME Banking	34.4	34.3	37.5	(0.3)	9.3
Consumer Banking	90.3	93.8	96.0	3.9	2.3
Total	178.5	180.6	189.3	1.1	4.8

The growth of customer deposits was noted in almost all business segments, whereby the highest percentage growth was recorded by MSME banking, which grew by 9.3% to Rp37.5 trillion in 2017. This was followed by corporate banking, consumer banking and commercial banking, increasing by 8.6%, 2.3% and 2.1%, respectively in 2017.

Deposits from Other Banks

Deposits from other banks include demand deposits, saving accounts, interbank call money and time deposits. In 2017, CIMB Niaga recorded deposits from other banks amounting to Rp6.9 trillion, higher than 2016's position of Rp4.6 trillion. Out of the total Rp6.9 trillion, the portion of demand deposits and saving accounts accounted for 28.9%, with interbank call money and time deposits accounting for 71.1%.

Deposits from Other Banks Rp trillion	2015	2016	2017	Growth (%)	
				2015-2016	2016-2017

Total	9,443	6,387	16,379	(32.4)	156.4

Marketable Securities Issued

CIMB Niaga issued Shelf Registration Bond II Bank CIMB Niaga Phase II Year 2017 and Shelf Registration Bond II CIMB Niaga Phase III Year 2017 amounting to each Rp2.0 trillion, respectively. Based on the issuance of these two bonds, the total securities issued in the end of 2017 amounted to Rp5.4 trillion, increasing by 66.9% compared to Rp3.2 trillion in 2016. The following is the summary of bonds issued by CIMB Niaga in 2017:

Name	Nominal Value (billion)	Coupon	Issuance Date	Maturity Date
Shelf Registration Bond II Bank CIMB Niaga Phase II Year 2017	Series A (Rp802.0 billion)	6.75%	23 August 2017	3 September 2018
	Series B (Rp376.0 billion)	7.70%	23 August 2017	23 August 2020
	Series C (Rp822.0 billion)	8.15%	23 August 2017	23 August 2022
Shelf Registration Bond II Bank CIMB Niaga Phase III Year 2017	Series A (Rp500.0 billion)	6.20%	2 November 2017	12 November 2018
	Series B (Rp657.0 billion)	7.50%	2 November 2017	2 November 2020
	Series C (Rp843.0 billion)	7.75%	2 November 2017	2 November 2022

Subordinated Loans

Outstanding subordinated loans of CIMB Niaga in 2017 came from the issuance of Subordinated Bonds II Bank CIMB Niaga Year 2010 amounting to Rp1.6 trillion. In the previous year, outstanding subordinated loans reached Rp3.0 trillion, which included outstanding Subordinated Bonds I Bank CIMB Niaga Year 2010 amounting to Rp1.4 trillion, which had not yet been due in 2016.

Securities Sold Under Repurchase Agreements

As of 31 December 2017, securities sold under repurchase agreements were recorded at Rp9.4 trillion, increasing by 55.5 times, compared to 2016. This increase mostly came from securities sold under repurchase agreements with Bank Indonesia as counterparty with nominal value by Rp7.0 trillion.

Borrowings

In 2017, CIMB Niaga's borrowings amounting to Rp5.8 trillion, increasing by 6.9% from Rp5.4 trillion in 2016.

Borrowings Rp trillion	2015	2016	2017	Growth (%)	
				2015-2016	2016-2017
IDR	4.1	4.4	2.6	7.3	(40.9)
Foreign Currency (USD)	2.6	1.0	3.2	(61.5)	220.0
Total	6.7	5.4	5.8	(18.7)	6.9

In 2017, borrowings in Rupiah decreased by 40.9% compared to 2016, due to the payment of matured borrowing. The decrease mostly came from borrowings from PT Bank Pan Indonesia Tbk which decreased to Rp528.1 billion, compared to Rp1.4 trillion in 2016. Borrowings from PT Bank Mandiri (Persero) Tbk also decreased to Rp275.7 billion from Rp1.1 trillion in 2016.

FINANCIAL PERFORMANCE REVIEW

As of 31 December 2017, there was an increase in borrowings denominated in United States Dollars by 220.0% compared to the previous year. The largest increase were from Wachovia Bank, Bank of New York, NY and Standard Chartered Bank amounting to Rp1.2 trillion, Rp0.6 trillion and Rp0.5 trillion, respectively.

Other Liabilities

CIMB Niaga's other liabilities in 2017 increased to Rp11.0 trillion, compared to Rp10.4 trillion in 2016. The increase was mainly due to accrued expenses amounting to Rp2.2 trillion as of 31 December 2017, which increased compared to Rp1.9 trillion in the previous year. Accrued expenses mainly consist of expenses from third parties, unearned commissions and deposit accrued interest.

EQUITY

CIMB Niaga has been able to steadily record an increase in equity over the last three years. CIMB Niaga's equity increased by 8.0% to Rp37.0 trillion in 2017 compared to Rp34.2 trillion in 2016. The strengthening

of CIMB Niaga's equity was mainly supported by a 12.5% increase in retained earnings to Rp25.1 trillion, compared to Rp22.3 trillion in the previous year. Retained earnings contributed the largest portion to CIMB Niaga's equity of 67.8% in 2017. Meanwhile, the total issued and paid-up capital and additional paid-in capital were unchanged, standing at Rp1.6 trillion and Rp7.0 trillion, respectively.

On 25 July 2017, CIMB Niaga obtained approval from Financial Services Authority (OJK) through letter No.S-63/PB.33/2017, to buy back CIMB Niaga's shares (share buyback) to a maximum 2% of total shares issued and fully paid to be used as the Management Employee Stock Ownership Program (MESOP). The MESOP will be effective in 2018. As of 31 December 2017, the Bank performed a share buyback of 194,407,492 shares with an average price per share of Rp1,249.45 (full amount) with total buyback cost of Rp242.9 billion (including commission fees and taxes), recorded as treasury stock under CIMB Niaga's equity.

Interest and Sharia Income

CIMB Niaga's interest and sharia income came mostly from interest income from loans and earnings from sharia financing at 88.9% in 2017. This is an integral part of CIMB Niaga's core business as a provider of financing in the Indonesian banking industry. In addition, interest income from marketable securities and government bonds accounted for 9.9% of total interest and sharia income in 2017.

FINANCIAL PERFORMANCE REVIEW

Interest and Sharia Income Composition (%)

Cumulatively, total interest and sharia income reached Rp20.4 trillion in 2017, decreasing by 4.3% compared to Rp21.3 trillion in 2016. The decrease was mainly due to the decreased loan interest income by Rp949 billion, or 5.0% compared to 2016. The decline in loan

interest income was mainly due to the significant decline in loan interest rate. The average loan interest rate in Rupiah in 2017 was 10.9%, which was lower than the 11.7% in 2016. The average loan interest rate in foreign currencies also declined to 4.4% from 4.6% in the previous year.

The decline in loan interest rates of CIMB Niaga was in line with the decline in the BI reference rate. During 2017, the 7 Day Reverse Repo Rate decreased two times, with a total decrease of 50 bps to 4.25% by the end of 2017. During 2016, the 12-month BI rate also decreased by 150 bps to 6.0% at the end of 2016.

Despite the fact that CIMB Niaga managed to increase its loans by 2.8% compared to the previous year, the decrease in the loan interest rate resulted in the decrease of interest and sharia income.

Interest and Sharia Income Rp billion	2015	2016	2017	Growth (%)	
				2015-2016	2016-2017
Loans	20,016	19,091	18,142	(4.6)	(5.0)
Marketable Securities and Government Bonds	2,037	2,009	2,027	(1.4)	0.9
Placements and demand deposits with other banks and Bank Indonesia	265	222	199	(16.2)	(10.4)
Others	1	3	35	200.0	12x
Total	22,319	21,325	20,403	(4.5)	(4.3)

Interest income from placements and demand deposits with BI and other banks also decreased by 10.4%, or to Rp199 billion compared to 2016, in line with the decline in the average rate of placement with BI and other banks by 1.1% to 4.0% in 2017.

Interest and Sharia Expenses

The 2017 interest and sharia expense decreased by Rp1.2 trillion, or 13.3% to Rp8.0 trillion, compared to Rp9.2 trillion in 2016.

The decline was mainly due to the decrease of interest expense on customer deposits-time deposits amounting to Rp1.1 trillion or 20.3%, compared to 2016. The decline in interest expense of time deposits was due to the average interest rate of Rupiah time deposits, which decreased by 1.1%, from 7.3% in 2016 to 6.2% in 2017. This decrease aligned with the decrease in reference rate - 7 Day Reverse Repo Rate. The interest expense from demand deposits increased by 10.7% or Rp0.1 trillion, in line with the increase of total demand deposits by 10.5% in 2017 compared to 2016.

Interest and Sharia Expenses Rp billion	2015	2016	2017	Growth (%)	
				2015-2016	2016-2017
Customer deposits:	9,467	7,876	6,819	(16.8)	(13.4)
Current accounts	960	970	1,074	1.0	10.7
Savings accounts	1,262	1,272	1,254	0.8	(1.4)
Time deposits	7,245	5,634	4,491	(22.2)	(20.3)
Borrowings and subordinated bonds	929	890	636	(4.2)	(28.5)
Marketable securities issued	478	353	333	(26.2)	(5.7)
Others	59	112	212	89.8	89.3
Total	10,933	9,231	8,000	(15.6)	(13.3)

Interest and Sharia Expenses Composition - Customer Deposits (%)

Meanwhile, the 2017 interest expense from borrowings and subordinated bonds decreased by Rp0.3 trillion or 28.5% to Rp0.6 trillion, compared to Rp0.9 trillion in the previous year. The decrease was mainly due to the repayment of borrowings of Subordinated Bonds I Bank CIMB Niaga Year 2010 amounting to Rp1.4 trillion and which matured in 2017.

Net Interest Income

Better management of interest and sharia expenses, by diversifying low-cost funding sources from saving accounts and demand deposits had a positive impact on CIMB Niaga's net interest income performance. Supported by lower interest and sharia expenses, CIMB Niaga recorded a net interest income of Rp12.4 trillion, increasing by 2.6% compared to Rp12.1 trillion in 2016. Supported by the average productive asset growth being higher than net interest income growth, resulted NIM of CIMB Niaga was relatively stable at 5.60% in 2017, compared to 5.64% in 2016.

Net Interest Income (Rp billion) and NIM (%)

FINANCIAL PERFORMANCE REVIEW

Non-Interest Income

In addition to generating income from its core business activities, CIMB Niaga also recorded non-interest income. Non-interest income reached Rp3.4 trillion in 2017, increasing by 9.4%, compared to Rp3.1 trillion in 2016. This increase was mainly due to the higher other income by 77.4% or Rp0.2 trillion compared to the previous year. Other income mainly consisted of income from loan recovery.

Non-Interest Income Rp billion	2015	2016	2017	Growth (%)	
				2015-2016	2016-2017
Other fees and commissions	1,718	2,113	2,135	23.0	1.0

Total (BAU)*	2,350	2,789	3,353	18.7	20.2

* Excluding income from strategic partner

Income from other fees and commissions accounted for the largest contribution to non-interest income amounting to 63.7%. The higher fees and commissions mostly come from bancassurance income increased by Rp65 billion or 8.4% compared to 2016. This was followed by the increase in income from merchant commissions by Rp24 billion or 342.9% compared to 2016, and the increase from custodial service fees increased by Rp21 billion or 52.5% compared to the previous year. Meanwhile, customer administration service fees decreased by Rp104 billion or 19.8% compared to 2016.

Income from Other Fees and Commissions Rp billion	2015	2016	2017	Growth (%)	
				2015-2016	2016-2017

* Excluding income from strategic partner

CIMB Niaga's fee income ratio in 2017 was 21.3%, increasing by 0.9% compared to 20.4% in 2016.

Allowance for Impairment Losses (CKPN) on Financial and Non-Financial Assets

Through periodic monitoring of asset quality to align with CIMB Niaga's strategy to reduce low quality assets, and improving the accuracy of CKPN calculation, CIMB Niaga's allowance for impairment losses in 2017 decreased by Rp893 billion or 18.0% to Rp4.1 trillion compared to Rp5.0 trillion in 2016.

The decrease in CKPN was mainly due to a lower allowance for loan impairment losses by Rp611 billion or 13.4%. Meanwhile, the allowance for impairment losses on others also decreased by Rp282 billion, mainly due to a decrease in foreclosed assets at CKPN.

The loan loss coverage (LLC) ratio decreased by 10.5% to 107.2% compared to 117.7% in the previous year.

Allowance for Impairment Losses (Rp billion)

Other Operating Expenses

Other operating expenses increased by 1.8% to Rp7.6 trillion in 2017 compared to Rp7.4 trillion in the previous year. Despite the cumulative increase, CIMB Niaga was able to improve efficiency by reducing general and administrative expenses by 4.2% to Rp3.4 trillion in 2017. Promotion expenses also decreased by 7.0% to Rp254 billion in 2017.

Other Operating Expenses Rp billion	2015	2016	2017	Growth (%)	
				2015-2016	2016-2017
Personnel expenses	4,156	3,647	3,948	(12.2)	8.3
General and administrative expenses	3,212	3,513	3,367	9.4	(4.2)
Promotion expenses	315	273	254	(13.3)	(7.0)
Total (Actual)	7,683	7,433	7,569	(3.3)	1.8
Total (BAU)	7,112	7,433	7,569	4.5	1.8

* Excluding MSS personnel expense

The largest contribution for the decrease in general and administrative expenses were from efficiency in third party expenses amounting to Rp83 billion, efficiency in rental, depreciation and maintenance by Rp65 billion and efficiency in communication and transportation expenses by Rp62 billion.

General and Administrative Expenses (Rp billion)

FINANCIAL PERFORMANCE REVIEW

Personnel expenses increased by Rp301 billion or 8.3%, compared to the previous year due to increases in salaries, wages, and employee benefits, amounting to Rp188 billion, or 5.5% compared to 2016.

Personnel Expenses (Rp billion)

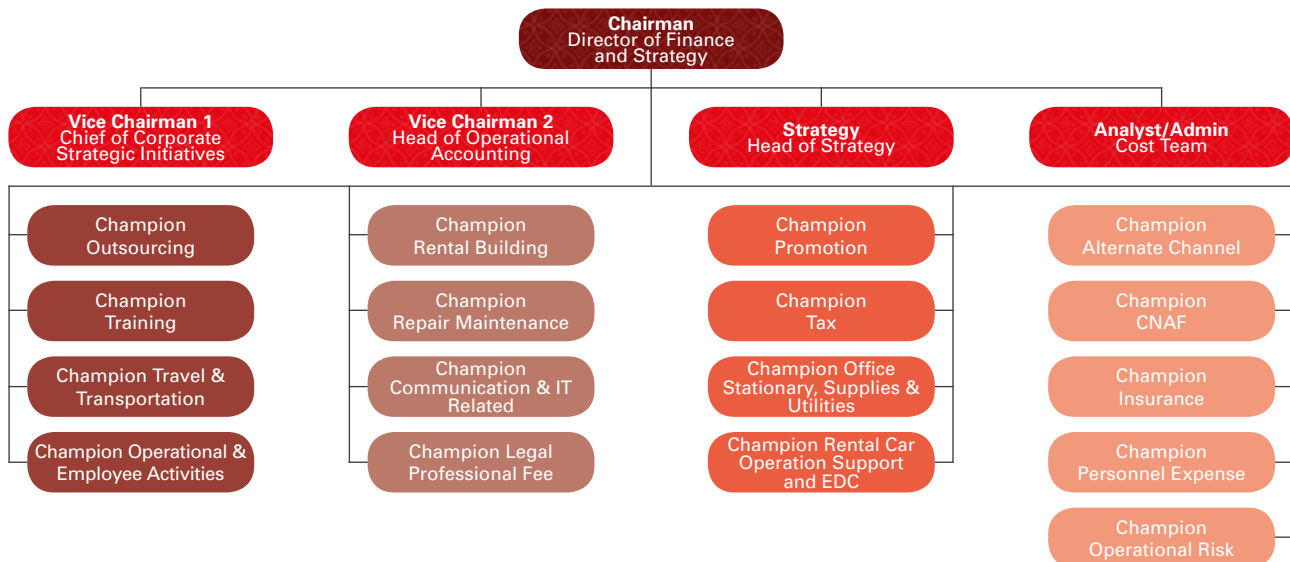

The cost to income ratio was well managed and decreased to 47.7% in 2017 compared to 48.5% in 2016.

Aligned with strategy, CIMB Niaga will continue to maintain efficiency in all units, by increasing the effectiveness of spending to reduce operating expenses.

Cost Efficiency Program

For the purpose of ensuring the sustainability of the cost efficiency programs, CIMB Niaga has continued the smart spending culture initiative begun in 2014. Under the smart spending culture, CIMB Niaga focuses on costs that are classified as *good costs* and eliminates *bad costs*. CIMB Niaga has created and implemented cost efficiency innovations across all business lines. CIMB Niaga conducts prudent cost management at all times in Operating Expenses (Opex) and Capital Expenditure (Capex), whereby the management is monitored by the EFI Champion Team. This special team represents CIMB Niaga's commitment to implementing responsible cost efficiency, the team performs assessments and provides input regarding the feasibility of expenses incurred in each business process within CIMB Niaga. The following chart is the organizational structure of the EFI Champion Team lead by the Director of Finance and Strategy.

A number of initiatives were undertaken to achieve operating cost efficiency in 2017, including a policy of using office drivers and online transportation, enhancing branch capacity and productivity, digital media promotions, meetings through conference calls, maximizing the use of owned building facilities for training venues, being selective in employee activity events, renewing contracts related to IT costs with more competitive pricing, and evaluating the costs of contractual employees.

Non-Operating Income/(Expense) – Net

CIMB Niaga's non-operating income decreased by Rp50.0 billion or 51.0% to Rp48 billion compared to 2016. The decrease was mainly related to the 2016 gain from the divestment of associated ownership in CIMB Sun Life, amounting to Rp31 billion.

Other Comprehensive Income

Total comprehensive income decreased by Rp2.5 trillion to Rp3.0 trillion in 2017, lower than in 2016, as CIMB Niaga recorded higher comprehensive income in 2016, due to the revaluation of fixed assets amounting to Rp3.2 trillion.

Comprehensive Income Rp billion	2015	2016	2017	Growth (%)	
				2015-2016	2016-2017
Net Income	428	2,082	2,978	386.4	43.0

Cash Flow from Operating Activities

CIMB Niaga recorded a source of cash from its operating activities in 2017 amounting to Rp20.1 trillion, or an increase of Rp16.8 trillion compared to the previous year's position by Rp3.3 trillion. Cash flow from operating activities in 2017 mainly came from CIMB Niaga's profit before changes in assets and liabilities, amounting to Rp9.7 trillion, an increase in securities sold under repurchase agreements amounting to Rp9.2 trillion and net increase of customer deposits amounting to Rp8.7 trillion. The cash inflow was used to support loan distribution activities amounting to Rp12.6 trillion.

FINANCIAL PERFORMANCE REVIEW

Cash Flow for Investing Activities

Cash was used for investment activities in 2017 amounting to Rp8.9 trillion, mainly for purchase of marketable securities and government bonds- available-for-sale and held-to-maturity amounting to Rp8.5 trillion, or higher than 2016's position amounting to Rp3.3 trillion.

Cash Flow for Financing Activities

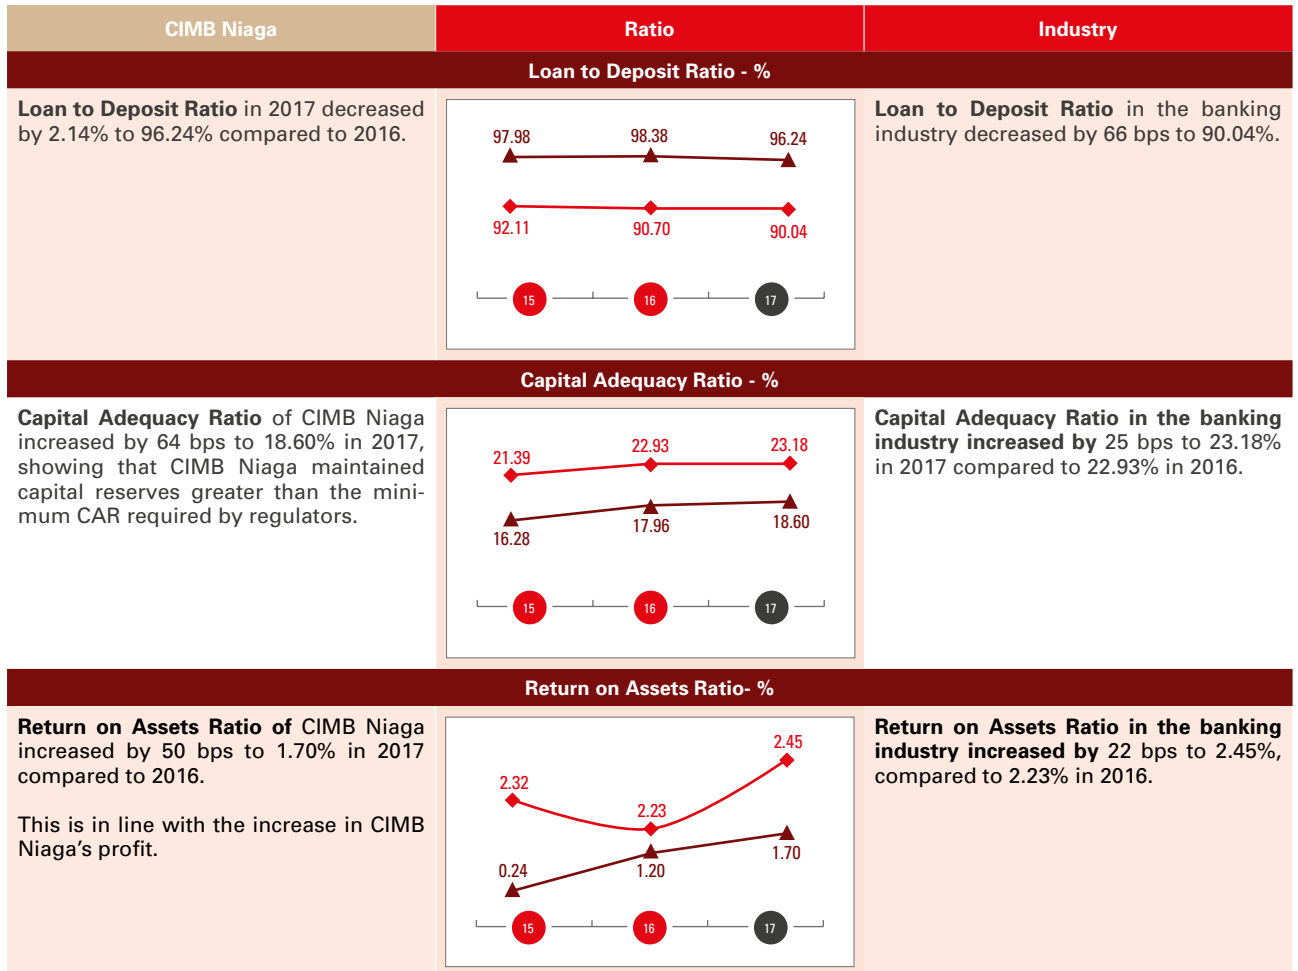

Cash was used for financing activities during 2017 amounting to Rp88 billion, mainly due to interest payments of Rp3.4 trillion, repayment of subordinated loans maturing in 2017 amounting to Rp1.4 trillion and payment of interest on bonds and securities issued amounting to Rp2.4 trillion. Cash inflow from financing

activities mainly came from securities issued of Rp4.0 trillion and additional borrowings amounting to Rp3.4 trillion in 2017.

FINANCIAL RATIOS

CIMB Niaga conducts its business activities in conformity with prudent principles and adheres to Bank Indonesia and Financial Services Authority regulations, as well as to other prevailing regulations, and constantly conducts good corporate governance. CIMB Niaga is able to meet the financial ratios set by the regulators in the midst of ongoing loan expansion efforts to capitalize on the momentum of the slightly accelerating economic growth.

FINANCIAL PERFORMANCE REVIEW

COMMITMENTS AND CONTINGENCIES

Total commitments and contingencies with loan risk as of 31 December 2017 amounted to Rp66.0 trillion, decreasing by Rp2.1 trillion, or 3.2% compared to Rp68.1 trillion in 2016. The decrease mainly came from a decrease in commitment liabilities in unused loan facilities amounting to Rp5.5 trillion, reaching Rp59.0 trillion as of 31 December 2017. Contingencies receivables decreased by 58.8% to Rp1.0 trillion compared to 2016, which was due to the decrease in guarantees received.

SUBSIDIARY PERFORMANCE

CIMB Niaga Auto Finance (CNAF) is a subsidiary of CIMB Niaga engaged in the financing of four wheelers and two wheelers. In order to improve synergy in the CIMB Niaga

Group, CNAF was effectively merged with PT Kencana Internusa Artha Finance (KITAF) in 2016, in which CNAF is the surviving entity. The percentage of CIMB Niaga's share ownership in CNAF became 99.9%. The remaining ownership of CNAF shares is owned by PT Niaga Manajemen Citra at 0.1%.

In 2017, CNAF recorded profit before tax amounting to Rp0.19 trillion, growing by 58.3%, compared to Rp0.12 trillion in 2016. CNAF disbursed new financing loans of Rp1.5 trillion, decreasing by 71.7% from Rp5.3 trillion in 2016. The decline in loan disbursement was due to CNAF's strategy to more selective in financing to get good loan quality. NPLs were recorded at 1.1% in 2017 while in 2016 they were 1.6%.

New Financing (Rp trillion)

Loan (Rp trillion)

In 2017, CNAF maintained a total of 49 branches with a total of 1,065 employees. CNAF has established a close cooperation with CIMB Niaga. This partnership further provides customers with various CIMB Niaga facilities such as ATMs, internet banking, and full use of the CIMB Niaga network as a customer payment channel.

In addition, CNAF has worked with 923 dealers through Indonesia. According to PT Fitch Ratings Indonesia, CNAF is ranked "AA + idn".

➤ Prime Lending Rate

The Financial Services Authority (OJK) requires all Commercial Banks engaged in conventional business activities in Indonesia to report and publish the Prime Lending Rate (SBDK) in Rupiah currency. This is in accordance with the enactment of OJK Regulation No. 32/POJK.03/2016 concerning Transparency and Publication of Bank Reports. The provisions of such regulation regarding transparency of bank product information and the use of customers' personal data are regulated in further detail based on OJK Circular Letter No. 34/SEOJK.03/2017 in line with the transfer of functions, duties and authority of regulating and supervising financial services from Bank Indonesia to the OJK.

Implementation of information transparency requirements regarding Prime Lending Rate is one of the efforts to provide clarity to customers and to enable customers to weigh the benefits, costs and credit risk offered by CIMB Niaga. In addition, Prime Lending Rate seeks to improve good governance and encourage healthy competition in the banking industry, by building better market discipline.

The Prime Lending Rate is also required as an indicator of applicable loan interest rates for customers applying for loans at CIMB Niaga. In such case, CIMB Niaga always renews its Prime Lending Rate in accordance with the changes in the BI rate. In general, the Prime Lending Rate is calculated based on 3 (three) components,

PRIME LENDING RATES

namely Cost of Funds for Credit (HPDK) arising from activities in customer deposits, operating expenses incurred for customer deposits, and lending activities and profit margin established by the Bank in lending activities. The calculation of Prime Lending Rates per segment does not take into account the risk premium of the debtor, which depends on the assessment of the risk of each debtor. Accordingly the level of the loan interest rate charged to any particular debtor is not necessarily similar to Prime Lending Rate.

CIMB Niaga is required to report the calculation of Prime Lending Rates to the OJK on a monthly basis and periodically publish it in media with a wider scope. The calculations of Prime Lending Rates refer to corporate loans, retail loans, micro loans, and consumer loans (mortgages and non-mortgages). Bank Indonesia, however, allows the categorization of corporate loans, retail loans and consumer loans (mortgages and non-mortgages) to be made based on internal criteria adopted by banks.

In determining the Prime Lending Rate, CIMB Niaga, at all times, also considers the development of regulatory requirements. OJK Letter No. S-18/D.03/2016, regarding Maximum Interest Rate, provides guidance to gradually lower loan interest rates to single digit. Pertaining to this, CIMB Niaga is committed to lowering its loan interest rate on a gradual basis, as evidenced in the comparison of Prime Lending Rate in 2017 with the average Prime Lending Rate in 2016 as follows:

End of Period	Prime Lending Rate Based on Loan Segment				
	Loan			Consumer Loan	
	Corporate	Retail	Micro	Mortgage	Non-mortgage
2017					
31 March 2017	10.00%	10.75%	18.25%	10.00%	10.25%
30 June 2017	10.00%	10.75%	18.25%	10.00%	10.25%
30 September 2017	9.75%	10.50%	18.00%	9.75%	10.00%
31 December 2017	9.50%	10.15%	n.a	9.50%	9.75%
Average in 2016					
2016	10.50%	11.25%	18.75%	10.50%	10.50%

CIMB Niaga categorizes loans for the calculation of Prime Lending Rate based on the following business segments:

1. Corporate loans, which are granted to Corporate Banking customers and High-End customers;
2. Retail loans, which include loans provided to the Small-Medium Enterprise customers and Special Lending;
3. Micro loans;
4. Consumer loans of mortgages and non-mortgages (Auto Loan), excluding loan disbursement through credit card and unsecured loan (KTA).

The information regarding applicable Prime Lending Rate can be accessed at any time in the publications at each office and/or on the CIMB Niaga website (www.cimbniaga.com).

➤ Electronic Network Transactions

ATM and MFD

By the end of 2017, the number of CIMB Niaga ATM and MFD machines totalled 4,674 units with the network throughout Indonesia. The number of ATM and MFD machines increased by 620 units compared to the 4,054 units in 2016.

In line with the additional number of devices, the number of transactions on ATM machines increased by 21.1 million transactions, or by 24.0% to 109.1 million transactions in 2017, compared to 88.0 million transactions in 2016. In total, the volume of ATM transactions also increased to Rp88.2 trillion compared to Rp83.4 trillion in the previous year.

ATM and MFD

CDM

In 2017, CIMB Niaga's CDM machines totalled 774 units, an increase of 5 units compared to the 769 units in 2016.

The number of transactions through CDM machines increased by 1.6 million transactions or by 16.7% to 11.3 million transactions compared to 9.7 million transactions in 2016. The growing number of transactions also drove up the volume of transactions, increasing by Rp840 billion or 5.4% to Rp16.4 trillion during 2017. The growing number of CDM machine transactions was due to the increase in remittance transactions.

CDM

ELECTRONIC NETWORK TRANSACTIONS

CIMB CLICKS

CIMB Clicks, as a leading Internet banking service offered by CIMB Niaga, maintained 1.5 million users by the end of 2017. This number increased by 20.8% compared to 1.2 million users in 2016.

The number of transactions made by customers through CIMB Clicks reached 15.8 million in 2017, an increase of 13.6% over the previous year. The increase in the number of transactions resulted in CIMB Clicks recording a volume transaction of Rp99.1 trillion, revealing a growth of 22.2% in 2017.

Outstanding features of CIMB Clicks include ease in paying various bills, online shopping payments and an online service of opening savings accounts. Since 2016, CIMB Clicks has implemented a Virtual Card Number (VCN) which allows easy online transactions on all websites that accept MasterCard payments to enable customers to shop in comfort and at ease by using their saving accounts, without having to possess their own credit card account. VCN provides a simple means for customers not having a credit card to make purchases through online merchants who might otherwise require settlement only through a credit card transaction.

GO MOBILE

Another outstanding service featured by CIMB Niaga is Go Mobile. During 2017, CIMB Niaga's mobile banking service maintained 1.8 million users, an increase of 31.5%, compared to 1.4 million users in 2016.

The number of transactions made by customers through Go Mobile reached 10.6 million in 2017, increasing by 9.0% compared to 2016. The increase in the number of transactions was in line with the growing volume of transactions total of Rp13.8 trillion, increasing by 4.4% in 2017.

REKENING PONSEL

Rekening Ponsel maintained 3.1 million users, a significant increase of 41.9%, in 2017, compared to 2.2 million users in 2016.

Rekening Ponsel

Rekening Ponsel

Furthermore, the number of transactions made by customers through Rekening Ponsel reached 28.6 million transactions in 2017, increasing by 107.4% compared to the previous year. The increase in the number of transactions was in line with the growing volume of transactions by 108.0% to Rp5.9 trillion in 2017.

BIZCHANNEL@CIMB

During 2017, BizChannel@CIMB successfully maintained 30,194 users, or increased by 10.8% compared to 27,256 users in the previous year.

The number of transactions made by customers through BizChannel@CIMB reached 69.3 million in 2017, increasing significantly by 113.5% compared to 2016.

➤ Other Material Financial Information

SOLVABILITY

CIMB Niaga maintains a good level of liquidity and solvability. This is represented by CIMB Niaga's ability to meet all of its maturing liabilities in a timely manner, both payment of principal and interest.

The ability of CIMB Niaga to meet both short-term and long term liabilities is also excellent as reflected in the reports from external rating agencies. Pefindo gave a corporate rating of idAAA, while Fitch gave National Ratings for Long Term and Short Term of AAA and F1 + respectively, while for Foreign Currency Ratings, the Bank received a BBB and F3 for Long Term and Short Term respectively. In addition, Moody's gave a rating of Baa3/P-3 for Bank Deposits and Baa3 and Ba2, for the Baseline Credit Assessment and Adjusted Baseline Credit Assessment respectively. The outlook given by the three agencies above is stable.

Liquidity and asset-liability management is under the coordination of the Asset Liability Committee (ALCO), which holds monthly meetings involving business units, treasury, credit, and other relevant units to ensure the achievement of the expected liquidity position. CIMB Niaga's liquidity management focuses on the adjustment of cash inflow and outflow. The gap in cash flow is anticipated by managing first tier liquid assets such as maintenance of reserve requirements and highly liquid short term marketable securities. Second tier liquid assets are managed through short term placements with other banks, available-for-sale marketable securities, and government bonds. Liquidity management is also performed by managing the structure of funding by implementing proper thresholds on depositor concentrations.

A detailed discussion of CIMB Niaga's liquidity management has been summarized under the sub-chapter of liquidity risk management.

Stress Testing

CIMB Niaga conducts stress testing to evaluate capital resilience in facing plausible extreme external events and identifies steps to be taken to mitigate risk and protect capital. In relation to liquidity risk, stress tests can be used to assess the adequacy of liquidity and current reserves also procedure on prevention and recovery which stated within document Contingency Funding Plan.

The scope of the implementation of stress testing covers the main types of risks: credit risk (including the wholesale and retail segments), market risk and liquidity risk. Stress tests are based on simulations of three scenarios - baseline, moderate and worst, with reference to current conditions, as well as global historical issues and domestic issues for instance; the slow down on economic growth in several developed countries and China, overseas geopolitical conditions and their impact on the Indonesian economy such as the decline of exports, Rupiah depreciation, inflation and interest rate hikes.

In 2017, CIMB Niaga conducted 2 (two) stress tests, in which both stress tests show that the Capital Adequacy Ratio (CAR) of CIMB Niaga remains above regulatory requirements (taking into account the capital buffer), which is 11.65%, 12.53% and 13.4% respectively in 2017, 2018 and 2019. Changes in the CAR are mainly due to the increase in provisions in line with the projected decline of asset quality. The projected decline of asset quality also resulted in a projected increase in the Risk Weighted Asset (RWA) Credit of CIMB Niaga.

The results of the liquidity stress test show that CIMB Niaga can survive for the next 1 month (30 days) from an increase of cash outflows especially from deposits and a decrease of cash inflows in stressful situations

without external liquidity assistance by liquidating instruments such as: Placements with Bank Indonesia (FASBI/SBI/Time Deposit), government bonds and corporate bonds with reference to PBI No. 19/03/DPNP/2017 and PADG No. 10/06/PADG/2017 regarding the Provision of Short Term Liquidity Credit Facility (PLJP).

Contingency Funding Plan

When the Bank enters a liquidity crisis condition, an operational guideline is needed to manage the crisis; thus, it is expected that with this particular handling, the crisis can be well handled and regain public trust on the Bank. This is regulated in the Contingency Funding Plan procedure.

In SEBI 11/25/PBI/2009 followed with SEOJK No. 34/SEOJK.03/2016 and POJK No. 18/POJK.03/2016 regarding Risk Management Implementation for Commercial Banks stated that active involvement and role from management to Board of Commissioners is required. Therefore, the procedure of the Contingency Funding Plan has been approved by the both the Board of Directors and Board of Commissioners. In this procedure, there are 15 Early Warning Signal Indicators have been established, which include Internal, Macro and Market Liquidity indicators as defined and assumed to be early signals of a liquidity crisis. These indicators have thresholds that should not be breached. These indicators are monitored daily by the Risk Management Unit and reported to management. If there is any breach on an indicator threshold, then the Funding Crisis Declaration Assessment (FCDA) Team will assess whether the situation will lead to a crisis or not. The FCDA Team might conduct discussions even though at that time no indicator had been breached. Information that is deemed to lead to crisis conditions can be used as a basis to discuss assessments on liquidity conditions. The results of assessments will be validated by the ALCO Chairman.

If the Chairman of ALCO agrees with the FCDA team's assessments that the breaches of the indicators will lead into a crisis condition, then the result will be

submitted to the President Director for final decision making. If the President Director considers the results of the analysis valid, the President Director will declare that the Bank is entering a liquidity crisis and the Bank will activate a crisis management committee called the Funding Crisis Management Team (FCMT).

This committee consists of all Directors and several support units and is chaired directly by the President Director. Under these conditions of crisis, the FCMT is given the authority to undertake crisis management measures, both in terms of operational and communications to improve existing conditions. The Bank has conducted several trial crisis simulations in accordance with the guidance provided by the Contingency Funding Plan, by simulating FCMT responses in handling crisis conditions and the implementation of a FCMT decision to cope with the crisis by the relevant work units. The latest trial crisis simulations, or CFP Testing, were conducted on December 13, 2016 and December 19, 2017.

This CFP testing tested the readiness of all related units including the Board of Directors if CIMB Niaga had actually entered a crisis condition. The results to be achieved from the CFP testing, among others, include the readiness of existing units and the implementation by the work unit on the decision steps established by the FCMT. In addition, this CFP testing aimed to evaluate if there are any shortcomings within the existing procedures.

Those areas deemed to be fixed or added to shall be included in the annual review of procedures, as also specified in the regulatory provisions. In accordance with procedures, the CFP testing will be conducted once a year, in which the scope of involvement of units within the Bank will be extended. CIMB Niaga has conducted 5 (five) CFP tests since 2013 with average attendance of the Board of Directors above 80%.

In addition, CIMB Niaga also has an extensive Recovery Plan Document (RPD) covering the following areas: Liquidity, Capital, Profitability and Asset Quality as approved by Management and Shareholders and as

OTHER MATERIAL FINANCIAL INFORMATION

required by regulators at the end of 2017. In the RPD, steps and processes are conducted more widely than the Contingency Funding Plan, considering the areas to be maintained are not only liquidity. Similar to other documents, this RPD will also be reviewed annually to update and keep it in line with existing conditions. The review covers the steps that CIMB Niaga will take to improve conditions related to 4 aspects. In those 4 aspects monitored, there are monitoring indicators to be continuously used as triggers for activating the corrective measures and guidance's as stated in the RDP.

Other Debt Paying Ratios

Liquidity Ratio

The liquidity ratio is used to identify CIMB Niaga's ability to meet its liabilities. In this context, the method

to measure healthy liquidity is loan to deposit ratio (LDR). As of December 31, 2017, CIMB Niaga recorded consolidated LDR at 96.24%. The consolidated Liquidity Coverage Ratio (LCR), at 129.40%, exceeded the required minimum limit by regulators of 80% and internal CIMB Niaga of 90% in 2017. Accordingly, the Bank has met the criteria of "highly liquid" in terms of a minimum composite Bank Soundness Level.

Solvability Ratio

A method adopted in measuring solvability is the capital ratio. On a consolidated basis, Bank CIMB Niaga's CAR in 2017 was 18.60%, increasing from 17.96% in 2016. CIMB Niaga still maintains capital reserves greater than the minimum CAR ratio required by the regulator at 11.65%.

COLLECTIBILITY OF LOANS

CIMB Niaga classifies the collectability of loans provided to customers based on the number of outstanding days. The loan aging analysis - gross for 2015-2017 are as follows:

Collectibility of Loans Rp billion	2015	2016	2017
Non past due	161,829	165,588	172,113
Past due 1-90 days	6,791	5,133	3,583
Past due >90 days	8,917	9,443	9,439
Total overdue loans	15,708	14,576	13,022
Total loans - gross *	177,537	180,164	185,135
% Total overdue loans - gross	8.8%	8.1%	7.0%

* including leasing and consumer financing

In 2017, total overdue loans-gross of CIMB Niaga amounted to Rp13.0 trillion, or 7.0% of total credit. The figure has improved, compared to 8.1% in 2016. CIMB Niaga continuously strives in controlling the loan risk; thus the collectability of loans can be maintained.

Meanwhile, loan quality can also be identified from the NPL ratio, whereby the NPL ratio of CIMB Niaga in 2015, 2016 and 2017 were at 3.74%, 3.89%, and 3.75% respectively. The NPL ratio of CIMB Niaga decreased in 2017 compared to 2016. CIMB Niaga continues to mitigate credit risk. CIMB Niaga also prepared adequate provisions to manage potential losses from non-performing loans. Through its Asset Quality Committee, CIMB Niaga has determined the amount of the provision to be made in accordance with business needs and prevailing regulations.

CAPITAL STRUCTURE

Detail of Capital Structure

CIMB Niaga is committed to managing a strong and healthy capital structure, so as to provide maximum support for sustainable business growth. As of the end of 2017, CIMB Niaga's liabilities and equity to finance its assets were 86.1% and 13.9%, respectively.

According to OJK regulation No.11/POJK.03/2016 dated January 29, 2016 concerning the Minimum Capital Adequacy for Commercial Banks, the capital consists of:

1. Core capital (Tier 1) which includes common equity and additional common equity
2. Supplementary capital (Tier 2)

The components of CIMB Niaga capital is still dominated by core capital. In addition to core capital, CIMB Niaga has issued capital instruments in the form of subordinated bonds. A description related to capital structure is available under the section on Risk Management and - Capital Structure in this Annual Report.

Capital Adequacy Ratio (CAR) Rp billion	2015	2016	2017	Changes (%)	
				2015-2016	2016-2017
Core Capital	27,614	32,421	35,527	17.4	9.6
Supplementary Capital	4,039	2,992	2,649	(25.9)	(11.5)
Total Capital	31,653	35,413	38,176	11.9	7.8
Total RWA with Credit and Operational Risks	192,573	195,595	202,539	1.6	3.6
Total RWA with Credit, Market and Operational Risks	194,398	197,207	205,239	1.4	4.1
Capital Adequacy Ratio for Credit and Operational Risks	16.44%	18.11%	18.85%	1.67	0.74
Capital Adequacy Ratio for Credit, Market and Operational Risks	16.28%	17.96%	18.60%	1.68	0.64
Capital Adequacy Ratio -Tier 1	14.20%	16.44%	17.31%	2.24	0.87
Capital Adequacy Ratio -Tier 2	2.08%	1.52%	1.29%	(0.56)	(0.23)

Management Policy of Capital Structure

Bank capital adequacy is calculated by using CAR (Capital Adequacy Ratio) indicators, which reflect the ability to address the risk of losses that may be incurred by banks. The higher the CAR level indicates the Bank's better capability of addressing the risk of credit/productive assets.

In 2017, CIMB Niaga recorded a minimum capital adequacy ratio or CAR by 18.60% compared to 17.96% in 2016. The increase was due to the significant increase in the current year's earnings compared to

the previous year. CIMB Niaga always maintains its capital adequacy in order to constantly remain above the minimum CAR required by the regulator.

CIMB Niaga has consolidated its Internal Capital Adequacy Assessment Process (ICAAP) to establish the adequacy of capital in accordance with the risk profile and strategy to maintain the capital. The self-assessment result of CIMB Niaga risk profile in 2017 was Low to Moderate (2). In accordance with POJK No. 34/POJK.03/2016 and SE OJK No.26/SEOJK.03/2016, the required CAR was calculated by considering the

OTHER MATERIAL FINANCIAL INFORMATION

risk profile rating of Low to Moderate (2) and Basel 3 Capital Buffer in 2017 which was at 11.65%. The CAR ratios of CIMB Niaga in 2016 and 2017 were 17.96% and 18.60%, respectively, indicating that CIMB Niaga maintained its capital reserve above the minimum CAR ratio required by regulators.

Basis for Management Policy of Capital Structure

Management has prepared the basis for establishing the policy of capital structure by considering economic outlook, business growth potential, risk appetite, stress testing results and targeted CAR ratio. Under such a capital scheme, CIMB Niaga will be able to survive the economic cycle, to benefit from growth and strategic opportunities, to maximize shareholder returns, to manage the business within the risk appetite, and to comply with prevailing regulations. CIMB Niaga's capital needs are planned, discussed and monitored regularly at the Capital Management Committee meetings, supported by data analysis.

INVESTMENT PROPERTY

Until the end of 2017, there were no property assets of CIMB Niaga used for investment purposes.

MATERIAL COMMITMENTS FOR CAPITAL EXPENDITURE

Until the end of 2017, CIMB Niaga had no material commitments related to capital expenditure.

CAPITAL EXPENDITURE 2017

Type, Purpose, and Value of Capital Expenditure

In 2017, the total capital expenditure of CIMB Niaga amounted to Rp579 billion compared to Rp1.7 trillion in 2016, with the development of systems and infrastructure amounting to Rp1.2 trillion. The decline in system and infrastructure development investment was mainly due to the completion of the replacement of the Core Banking System on 18 January 2016 which was subsequently reclassified as intangible assets. CIMB Niaga's capital expenditure is established to meet the needs of operational activities. The details of capital expenditure are as follows:

Value of Capital Expenditure Rp billion	2015	2016	2017	Estimates in 2018
Land and building	296	82	47	187
Office equipment, machine, furniture and construction in progress	416	384	454	475
IT system and infrastructure development	140	1,236	78	330
Motor vehicle	-	3	-	7
Total	852	1,705	579	999

In the future, CIMB Niaga will continue to focus on development of Branchless Banking and Digital Banking services to expand its service network to both domestic customers and regional customers, and will continue to create customer-oriented innovations as per the latest market demands and developments. In financing its capital expenditure program, CIMB Niaga utilizes the proceeds from its business and prioritizes the capital expenditure denominated in Rupiah. Management believes that volatile foreign exchange rates would have no significant impact on commitments for capital expenditure.

**COMPARISON OF TARGET AND REALIZATION 2017**

Comparison of target and realization in 2017 are as follows:

Component	Target 2017	Realization 2017
Loan Growth	7%-9%	2.8%
Asset Quality/NPL	3%-3.5%	3.75%
Loan to Deposit Ratio	95%-98%	96.2%
Customer Deposits Growth	10%-12%	4.8%
CASA Ratio	50%-52%	52.6%
Net Interest Margin	±5%	5.6%
Profit before Income Tax Growth	20%-30%	45.7%
Capital Adequacy Ratio	16%-18%	18.6%

In 2017, CIMB Niaga continued the growth from previous year performance. CIMB Niaga successfully seized its opportunities and closed 2017 with key performance achievements detailed below:

1. CIMB Niaga successfully recorded positive loan growth of 2.8% yoy.
2. Customer deposits grew by 4.8% yoy, reaching Rp189.3 trillion in 2017, but were still below the established target. This was due to intense competition among banks to obtain customer deposits, triggered by competitive interest rates resulting in steadily declining interest rates. The increase in deposits from customers was supported by CASA growth of 8.4% yoy.
3. NIM at 5.6%. This was primarily due to lower cost of customer deposits due to the adjustment of deposit interest rate based on BI 7 Day Reverse Repo Rate of 50 bps during 2017.
4. CASA at Rp99.5 trillion, whereby CASA ratio was 52.6% of total customer deposits in 2017, compared to 50.8% in 2016.
5. CIMB Niaga succeeded in maintaining the loan to deposit ratio (LDR) at 96.2%.

6. In line with the increase in profitability and loan position, CIMB Niaga also continued to maintain strong capital, achieving CAR by 18.6% in 2017, above the established target.

PROJECTION 2018

CIMB Niaga's projection for key financial ratios and certain accounts based on historical figures, projected macroeconomic conditions and CIMB Niaga's strategies in 2018 are as follows:

1. Loans growth by 5%-8%.
2. Customer deposits growth by 5%-8% with CASA ratio at 52%-55%.
3. Quality of assets to be maintained with the NPL ratio within the range of 3.5%-3.7%.
4. Loan to deposit ratio to be within the range of 95%-98%.
5. Net interest margin to be within the range of 5.3%-5.5%.
6. Profit before tax to increase to within the range of 12%-20%.
7. Capital Adequacy Ratio (CAR) to be within the range of 17%-18%.

**MATERIAL INFORMATION AND FACTS
SUBSEQUENT TO REPORTING DATE**

CIMB Niaga obtained approval from OJK through letter No.S-63/PB.33/2017, to buy back shares of CIMB Niaga (share buyback) amounting to a maximum 2% from total shares issued and fully paid. As of February 22, 2018, where by the buyback period ended, CIMB Niaga performed a buyback of 208,216,392 shares with an average price per share of Rp1,253 (full amount) and total acquisition cost of the buyback amounting to Rp261.9 billion.

According to the Extraordinary General Meeting of Shareholders dated August 24, 2017, all shares obtained through the buyback process will be used in the Management Employee Stock Ownership Program

OTHER MATERIAL FINANCIAL INFORMATION

(MESOP). The MESOP has been reported to PT Bursa Efek Indonesia through Letter No.020/FO/KP/2018, disclosing that the MESOP will be effective in 2018, starting after 30 days after the last share buyback period.

SIGNIFICANT CHANGES IN THE BANK AND THE GROUP IN 2017

There were no significant changes noted in CIMB Niaga and the group as of 31 December 2017, which may have an impact on the financial position of CIMB Niaga.

INFORMATION ON DIVIDEND DISTRIBUTION

CIMB Niaga's dividend policy is disclosed in Dividend Policy section in Good Corporate Governance Section of this Annual Report.

Based on the 2017 Annual General Meeting of Shareholders (AGMS) on 25 April 2017, the shareholders agreed to record all net income for 2016 of Rp2.1 trillion as retained earnings. Based on the Annual General Meeting of Shareholders dated 15 April 2016, the shareholders agreed to record all net income for 2015 at Rp428 billion as retained earnings. As such, for the last two consecutive years, no dividends have been paid as all Bank's net profit were used to fund Bank's operational activities.

EMPLOYEE AND/OR MANAGEMENT SHARE OWNERSHIP

Equity Ownership Plan (EOP)

The EOP was introduced in March 2011 by the CIMB Group whereby the CIMB Group will grant ordinary shares of the CIMB Group to selected employees of Bank CIMB Niaga (Senior Vice President (SVP) and Executive Vice President (EVP) and Board of Directors) with a re-charge to Bank CIMB Niaga. Under the EOP, earmarked portions of variable remuneration of selected employees will be utilized to purchase ordinary shares of the CIMB Group from the market. The purchased shares will be released progressively to eligible employees at various dates after the purchase date, subject to continued employment.

A related company will act on behalf of the CIMB Group to administer the EOP and to hold the shares in trust up to the pre-determined transfer date. The eligibility of participation in the EOP is at the discretion of the Group Compensation Review Committee of the CIMB Group. In the case of termination of employment other than retirement, disability or death, the employee will not receive any unreleased shares.

MATERIAL INFORMATION ON INVESTMENT, EXPANSION, DIVESTMENT, ACQUISITION, AND DEBT/CAPITAL RESTRUCTURING

In 2017, CIMB Niaga made no material transactions related to investment, expansion, divestment, acquisition, and debt/capital restructuring.

INFORMATION CONTAINING MATERIAL TRANSACTIONS WITH CONFLICT OF INTERESTS AND/OR TRANSACTIONS WITH AFFILIATED PARTIES

During 2017, there were no material transactions conducted by CIMB Niaga which could be classified as transactions with a conflict of interest. However, in 2017, CIMB Niaga entered into transactions with related parties since the entities were under common control and/or management in their business activities. The terms and conditions were fairly and mutually agreed upon in all transactions with related parties, and were conducted on an arm's length basis in accordance with prevailing regulations. The details of transactions with related parties are available in Note no. 49 of the Audited Financial Statements section of this Annual Report.

SPOT AND DERIVATIVE TRANSACTIONS AND HEDGING FACILITIES

During 2017, CIMB Niaga's spot and derivative transactions and hedging facilities are as follows:

Derivative Receivables and Payables Rp billion	2015	2016	2017	Growth (%)	
				2015-2016	2016-2017
Derivative receivables (fair value)	595.6	484.6	280.3	(18.6)	(42.2)
Non-hedging related	595.4	474.7	280.3	(20.3)	(40.9)
Hedging instrument in fair value hedges related	0.2	9.9	-	5,995.1	(100.0)
Derivative payables (fair value)	888.7	362.9	110.8	(59.2)	(69.5)
Non-hedging related	885.0	362.9	110.8	(59.0)	(69.5)
Hedging instrument in fair value hedges related	3.7	-	-	(100.0)	na

CIMB Niaga's hedging facility is made on interest rate swap transactions.

CIMB Niaga's derivative receivables are at 80.8%, mostly derived from interest rate swap transactions. In 2017, the decrease of 50.5%, to Rp226.5 billion, in derivative receivables was primarily due to lower interest rate swap transactions.

Derivative Receivables Rp million	2015	2016	2017	Growth (%)	
				2015-2016	2016-2017
Interest rate swaps	570,015	457,504	226,493	(19.7)	(50.5)

This cooperation agreement is valid until 31 December 2035.

OTHER IMPORTANT TRANSACTIONS IN SIGNIFICANT AMOUNTS

During 2017, CIMB Niaga made no transactions in significant amounts.

FINANCIAL INFORMATION THAT HAS BEEN REPORTED AND CONTAINS EXTRAORDINARY AND RARE EVENTS

During 2017, there was no financial information containing extraordinary and rare events.

ADOPTION OF FOREIGN ACCOUNT TAX COMPLIANCE ACT (FATCA) & COMMON REPORTING STANDARD (CRS)

FATCA is a regulation issued by the US Department of Treasury and Internal Revenue Service ("IRS") to prevent tax evasion by US citizens or companies through funds or businesses that are kept outside of the territory of the United States.

The Common Reporting Standard (CRS) is an automatic financial information exchange standard for tax purposes including commentaries compiled by the Organization for Economic Cooperation and Development (OECD) together with the Group of Twenty or G20 nations.

The Government of Indonesia also signed the International Automatic Exchange of Information (AEIOI) Agreement with the issuance of PERPU No.1 year 2017 on Financial Information Access for Tax Purpose. CIMB Niaga is committed to taking part in its compliance with FATCA & CRS provisions. Currently CIMB Niaga has registered for FATCA membership in the IRS as a financial institution that will adopt the FATCA provisions and has registered to the Directorate General of Taxes for CRS reporting. Compliance with FATCA & CRS is required under the Customer Due Diligence process at CIMB Niaga to identify potential customers/clients that meet the FATCA/CRS reporting criteria as well as other requirements.

OJK Circular No. S-7/PB.1/2014

The Bank, as a financial institution is required to report tax information from foreigners.

A 30% Withholding Tax penalty is charged on funds transferred to outside the US by non-compliant financial institutions.

OTHER MATERIAL FINANCIAL INFORMATION

TAXPAYER COMPLIANCE

CIMB Niaga always complies with the laws and regulations of the Government of the Republic of Indonesia as its commitment to participate in the development of the nation through State Tax Revenue.

In 2017, the taxes paid to the State were as follows:

Description	Total (Rp million)
Corporate Income Tax	1,177,282
Employee Income Tax	407,336

BUSINESS CONTINUITY INFORMATION

Aspects That Have a Significant Effect on Business Continuity

As at the end of 2017, the Bank did not possess any condition that had the potential to have a significant negative effect on business continuity. Economic growth in 2018 is expected to be better, supported by the success of the government tax amnesty program, the sustainability of infrastructure projects and stable commodity prices. Optimism is beginning to show that Indonesia is moving in the right direction. Therefore, CIMB Niaga is optimistic with credit growth that will be improved from the previous year. However, CIMB Niaga will continue to monitor the growth of its loan portfolio by simulating various economic conditions that may impact credit quality. CIMB Niaga applies prudential principles by upgrading its credit approval policy standards to obtain quality credit growth and actively monitor such credit considered problematic.

Changes in government regulations also affect the potentials of activities and businesses at CIMB Niaga. Government regulations calling on banking companies to lower lending rates to single digits and limit Net Interest Margin (NIM) earned, prompted CIMB Niaga to maintain interest rates in order to stay competitive so that Third Party Funds continue to grow at stable NIM levels. CIMB Niaga continues to implement strategies that focus on the collection of CASA so that NIM can achieve the set targets by continuing to observe changes in the benchmark interest rate.

Management Assessment To Achieve Potentials That Significantly Affects Business Continuity

Periodically, in the preparation of the strategic plan, CIMB Niaga evaluates and assesses the Bank's ability to achieve its targets and to maintain business continuity. Up to date of publication of the 2017 Annual Report, CIMB Niaga did not have any findings on material uncertainty, which may cause significant doubt on the Bank's ability to sustain its business. Various efforts have been made by the Bank in managing any potentially significant impact on business sustainability by preparing and issuing the consolidated financial statements based on the latest and continuing Financial Accounting Standards.

Based on the achievement of performance during 2017 and the Bank's history, Management is confident in the business continuity of CIMB Niaga. This determination is based on the financial ratios and Bank financial health that are in good condition and able to support business continuity into the future.

Consolidated Financial Report

In terms of infrastructure, Management believes that CIMB Niaga has a good infrastructure to support business continuity. If there is a lack of supporting infrastructure, CIMB Niaga will meet the shortfall without disrupting its financial condition. Meanwhile, from the market side, along with the economic development both global and national, Management believes that the Bank is able to face various challenges and seize the opportunities that exist. Competent Human Resources, adequate business infrastructure, and an internationally owned business network serves as a basis of Management confidence in CIMB Niaga's business growth in the future.

Assumption Used by Management in Assessment

In conducting assessments related to the Bank's business continuity, CIMB Niaga Management considers several factors including financial performance, liquidity and solvency levels, significant engagements and agreements, as well as on-going lawsuits.

► Business Prospect 2018

MACRO-ECONOMIC DEVELOPMENTS 2018

In 2018, Bank Indonesia forecasts a number of global risks despite the continuing optimism of the global economic recovery. Some of these global risks are arising from the normalization of monetary policies in some developed countries and geopolitical factors on the Korean peninsula and in the Middle East. Other challenges are expected to occur in 2018, such as volatility in asset markets, commodity prices that have not fully recovered, as well as the volume of world trade that is estimated to remain relatively low. However, relatively low interest rates in developed countries are still expected to make emerging markets, including Indonesia, an attractive investment destination.

The measurable effects of monetary policy in Europe and Japan are expected to offset the strengthening of the US dollar which in turn will help stabilize the currencies of emerging market countries. In the end, gradually rising in commodity prices will help commodity-producing countries, including Indonesia.

Bank Indonesia predicts domestic economic growth in 2018 will improve due to proportionate distributed investment, continuing fiscal stimulus from the government, and rising in exports as the global economic continues to recover. The rapid incoming of net foreign capital has triggered the decrement on bonds market yield to 6.2% - 6.3% at the end of December 2017. The Indonesia's trade balance surplus condition in 2017, which has reached USD 11.8 billion, has resulted an increase on the amount of foreign exchange reserves to USD 129 billion -- the highest in Indonesia's history.

Indonesia's economic condition in 2018 is projected to experience a slight growth which in line with expectation on global economic recovery. Indonesia's economy is projected to grow by 5.2%. The average annual inflation rate is expected to be more stable at 3.5%, and the average annual Rupiah exchange rate is expected to remain stable at around 13,200 per 1 USD.

For the purpose of improving Bank's business growth in a sustainable manner, the Bank will focus on the growth of SME and consumer banking, and selective growth of Corporate and Commercial segments, with the assets growth specifically annual credit growth, ranging from 7-9% yoy. Loans will be distributed wisely in order to maintain asset quality and improve the NPL ratio.

Any efforts to increase third party funds will be made by expand the Bank's network and improve the capabilities of Branchless Banking services in order to boost up the number of customers and announce any new products. Such initiatives are expected to increase the growth of third party funds by 7-9% yoy with CASA ratio will be around 52% -55%. As for capital adequacy, Bank will maintain its CAR in range of 17-18%.

DESCRIPTION OF CORPORATE STRATEGIC MEASURES 2018

In 2018, in order to improve Bank’s sustainable business growth, Bank will implement a medium-term growth strategy with five main pillars which consistent with the previous devised medium-term strategy.

1. Playing to our Strengths

In developing its future business, the Bank will focus on well-known target markets such as growth in SME and Consumer banking, including sharia banking, and will continuously innovate to become a leader in digital banking. Alignment among business units will continue to support growth, specifically growth in accordance with the target market of the Bank.

The Bank will continue to prioritize and develop the concept of branchless banking to improve overall customer experience. Continuously optimize ATM, CDM, EDC, and SST to improve customer service experience. As of the end of 2017, the percentage of consumer transactions through branchless banking services such as CIMB Clicks, Go Mobile, ATM, CDM and Mobile Accounts has reached over 92% of total financial transactions.

Management

BUSINESS PROSPECT 2018

The digital network of CIMB Niaga will continue to grow, it can be seen from the increased number of ATMs from 3,865 ATMs in 2016 to 4,500 ATMs in 2017, the increased number of CDM & CRM from 769 in 2016 to 774 in 2017, and tens of thousands of EDC distributed throughout Indonesia. These numbers will continue to increase in the following year.

The number of branchless banking users also grew rapidly, with CIMB Clicks users grew by 21% yoy in 2017, while Go Mobile users grew by 32% yoy in 2017, Mobile Accounts also significantly grew by 42% yoy in 2017. The Bank diversified its revenues cycle with increase its non-interest income by improving Transaction Banking (Trade Finance and Cash Management) services, seek out opportunities for financing through Value Chains, and Cross Selling the products or services that tailored for customer needs.

One of the aspects of the Bank's main focuses was to improve the customer experience for every single customer, by continuing the innovation for both its products and services in order to satisfy the needs of its customers.

2. Expanding CASA Franchise

In terms of Third Party Funds, the Bank will focus on the collection of Current Account and Savings Account (CASA). The Bank has taken various initiatives and conducted programs through direct promotion, product bundling and partnership to increase the number of CASA. The features and capabilities of branchless banking, as one of the channels to support CASA growth, will continue to be developed, one of which is by using branchless banking to conduct digital cross selling to create expected added value, to facilitate customers and to provide a better customer experience for its users.

The Bank's focus on CASA is reflected in the Bank's achievements in 2017, whereby Current Account grew by 10.5% yoy and Savings grew by 6.4% yoy. Such growth contributed to the increase in CASA Ratio from 50.8% in 2016 to 52.6% in 2017. In the future, the Bank will continue to focus on CASA as the key component of its funding so as to allow CASA Ratio to continue to increase.

3. Improvements in Efficiency and Discipline in Cost Management

The cost efficiency program still continues in a sustainable and comprehensive manner across all lines within the Bank. The program is to create a well-developed cost culture in the Bank that will serve as the key factor in order to achieve various aspects of efficiency. On the other hand, Bank continuously invest on aspects that are turning the wheels of the business to develop and continuously seek out opportunities for automation process, however the Bank will be disciplined in managing operational costs that considered as inefficient.

A number of initiatives taken by the Bank in order to conduct the cost efficiency program include: cost reviews related to rental expenses and optimization of working space by maximizing its own building for office space in order to reduce rental fees, closure on less productive branch offices which in line with the aspiration on developing the digital banking network, merging branch offices where the proximity is close, reducing paper consumption by using electronic media, optimizing carpooling, reducing the use of operational cars by using online transportation applications, evaluating business trips, and merging product promotions and events and etc.

To adopt discipline in cost management, the Bank has implemented an internal automation system throughout the CIMB Niaga network across Indonesia. This will enhance management control capabilities over detailed expenses and deliver more efficiency and effectiveness into the future. Such matters are important as the Bank intends to maintain the Cost to Income Ratio below 50%.

By consistently implementing the efficiency and cost management program, the Bank expects that the growth of costs will be manageable so as to maintain the satisfactory achievements of 2017 as evidenced by the decrease of Cost to Income Ratio (CIR) from 48.5% in 2016 to 47.7% in 2017.

4. Balance in Risk, Compliance Culture and Capital Adequacy

The Bank will gradually make a shift in its loan portfolio, where previously focused on investment loans to balance the composition with working capital loans. The direction of the Bank is expected to result in a portfolio with better asset quality, greater fee income, and increased CASA through operational transaction accounts. In addition to maintain its capital adequacy, the Bank implemented RAROC to manage its loan portfolio. The Bank is also strengthening its risk platform by established Risk Control Units (RCU) in most business units as a means to enhance the existing Risk Culture.

5. Strengthening the Utilization of Technology and Information

After successfully implementing cutting edge technologies for the new core banking system (1P), the Bank is seeking out opportunities to maximize the use of information technology. The use of information technology not only plays an important role in supporting the Bank's business to become a leader in digital banking, but also creates automated systems for those processes that are still manually performed so as to allow employees to better focus on those business aspects that enhance the customer experience.

Marketing

MARKETING STRATEGY AND BANK POSITION IN THE BANKING INDUSTRY.

To deal with increasingly tight business competition and respond all challenges of changing markets, the Bank is required to continuously make innovations to improve services to its customers in accordance with the target markets. One main area is improving customer identification and customer deepening. Through these processes, the Bank is better able to understand customer needs and preferences, as well as the current state of business competition, and the business organization's sensitivity to the current market challenges. Above efforts are done to encourage an effective and efficient marketing strategy so as the Bank to develop their business.

The Bank remains consistent on implementation of established mid-term strategy, by focusing on the areas of Bank's experts as a basis of Bank's strengths, as well as prioritizing on financing in well-known sectors which in accordance with the Bank's risk appetite. In addition to the funding sector, the Bank will continue to focus on increase of Low Cost Funding (CASA) as the main structure of Third Party Funds.

In 2017, the Bank retained its position as the 5th largest bank in Indonesia in terms of assets. In expanding its business, the Bank focused on financing on Consumer segment, SME, and Tier 1 customers to support growth in Corporate Banking as the top priority. The growth of loan portfolios for the consumer segment is shown from the growth of Housing Loans (KPR), credit cards, and personal loans. As part of marketing strategy, analyses based on geographic coverage has been conducted to a number of potential areas in Indonesia. The program to increase brand awareness of CIMB Niaga Housing Loan (KPR) is conducted through a series of exhibitions, promotions and customer or

developer/property agent gatherings. As for credit card growth, the Bank continues to improve its brand image through promotions and partnerships tailored to the target market of credit card users of CIMB Niaga. Growth in the consumer segment was accomplished not only through acquiring new customers but also with cross product penetration as part of a deepening customer strategy. The growth of the loan portfolio for SMEs was focused on working capital growth by leveraging the customer base of the corporate segment, creating financing through the value chain scheme.

In terms of collect the funds, Bank's achievement on low cost funding (CASA) acquisition will be continued in the future through constant empowerment and continuously innovation on branchless banking services, as well as programs to accumulate savings through promotion events, partnerships with leading Companies for cross-selling opportunities and point redemption on partner debit card campaign, as well as many other innovative programs. As for the accumulation of demand deposits, the Bank prioritizes on BizChannel@CIMB E-Banking facilities which intended for Corporate and SME customers to facilitate their financial transactions and strives to make the Bank as the main operating account for its customers. Other initiatives on CASA collection are also achieved through customer deepening and cross selling.

The Bank is focusing on CASA collection to generate a higher composition of CASA against total of third party funds. This give a capability for the Bank to compete in the industry by provide more competitive credit prices to its customers. With this strategy, the Bank believes that it will attract good quality customers so that credit distribution able to grow along with the quality of the assets that are maintained.

MARKET PENETRATION

Market penetration is conducted by acquiring new customer base, customer deepening, financing and funding through the value chain, improving customer service to increase customer satisfaction, Launch innovative product and collaborating with merchant partners through attractive promotional and program schemes.

The Bank will continue to emphasize the development and enhancement of digital banking in transactions, feature and capability as well as continue to increase the number of users. Some of advantages in developing digital banking are unlimited service speed regardless location and working hours which making it easier for its users, cost efficiency and corporate branding to reach a broader range through digital banking media.

PRODUCT DEVELOPMENT

The Bank also continues to create added value through various product innovations and banking services to provide the best service for our customers, and continuously innovate products, services and bundling product that tailored to the needs of consumers in a constant changing marketplace. In addition, both conventional and sharia-based services are thoroughly developed, through physical and digital channels.

The continuous development of the features and capabilities of digital banking services for both retail and non-retail segments is expected to support the Bank's aspiration to become a leader in digital banking and to support CASA enhancement strategy. Product innovation either for lending, fund-raising and digital banking development will continue to be developed to meet the needs of customers on speediness transactions and also offer a better customer experience.

INTEGRATION, SYNERGY AND ALLIANCE

The synergy between business units also continuously developed to explore any opportunities through customer deepening from different business segments among existing customer bases, such as cross selling and value chain between business units within the Bank by offer products and services that can be expected to increase product holding per customer.

Cooperation and coordination among business units is an important aspect in driving product or service sales, as well as expanding customer networks. Coordination between business units such as the Transaction Banking Unit helps on connecting the chain between principals, distributors, suppliers for both financing and funding services. Meanwhile, cross product penetration is also conducted for retail products one of it is through CIMB@Work which offers products for Mortgage, Auto, Credit Card and Payroll for employees from Corporate segment. The Cross Selling Initiative was done for each customer in accordance to increase his/her product holding which is expected to increase customer engagement with the Bank. Synergy with subsidiary company PT CIMB Niaga Auto Finance (CNAF) was done in relation to consumer financing, where auto financing will focus on CNAF. Cooperation with CIMB Group also continues to improve linkages between products and optimizes regional synergies as an access to new markets.

SERVICE EXCELLENCE

The Bank is committed to continuously improving the level of service to its customers in order to enhance customer satisfaction. One concrete step taken by the Bank is by investing and continuous innovations on digital banking technology, as well as service improvement and branchless banking include ATMs and CDMs. All the efforts were part of Bank's commitment to be one of the front runners in digital banking services.

MARKETING

MARKETING EXPENSES

In terms of marketing expenses, the Bank will continue its efforts in cost efficiency, one of which is by smart spending. Some of the initiatives taken are as follows:

1. Focus on digital and social media.
2. Bankwide events and sponsorships.
3. Integrated programs in advertising such as:
 - a. MASA 2.0
 - b. Xtra Xpo
 - c. Seasonal campaign

In addition, in terms of media of communication, several important initiatives have been taken including using digital and social media in an integrated way so as to reduce costs per contact. In 2017, CIMB Niaga social media is a communication channel that actively plays an important role in delivering CIMB Niaga's information, services and products as well as in responding to customer complaints. As for traditional media, the optimization of total number and location of billboards is on-going.

In implementing the strategies mentioned above, CIMB Niaga incurred Rp254 billion in marketing expenses in 2017. This expense declined 7.0% compared to the Rp273 billion in 2016. However according to BBRM research conducted by Niesen Indonesia, the brand performance of CIMB Niaga managed to gain a higher Top Of Mind (TOM) score from 2% in 2016 to 4% in 2017. In 2018, CIMB Niaga continues to improve and optimize the use of digital channels for promotional activities.

PROMOTION

Promotion plays a very important role for the Bank in executing its communication strategies so as to allow customers to obtain relevant information about its products and services. In its communication, at all times the Bank conveys information via integrated marketing communication. Integrated marketing communication campaigns, both in the form of products and services, are broadcast and disseminated above the line (ATL) through traditional media such as television, radio, out of home media channels, as well as digital media such as Youtube ads, Facebook ads and Google Display Network. Ground activation such as corporate event sales marketing and the opening of booths on certain occasions also represents one of the below the line (BTL) communication methods. The Bank also optimizes the use of its own media such as ATM channels, posters, websites and all social media accounts.

Further, it is considered crucial for the Bank to educate its employees so that all CIMB Niaga staff have understanding concerning the products and services campaigns. Internal strategies are executed by using integrated email blasts, desktop wallpaper, and internal magazines that are distributed to all branches in Indonesia.

From early 2017, CIMB Niaga started to communicate its newest brand promise, FORWARD, which is the transformation of the previous promise brand “Innovation from the Heart”. Through the FORWARD brand promise, CIMB Niaga expects to become an entity considered an enabler in realizing the hopes and dreams of the people of Indonesia. FORWARD is expected to be a positive brand campaign in all segments of the community such as entrepreneur world, young people in reaching their aspirations, young families who want to provide the best for their children, as well as those who are well established and intend to enjoy the best facilities from CIMB Niaga.

In harmony with the spirit of FORWARD brand promise, in mid-2017, CIMB Niaga initiated the social movement which is #KejarMimpi aimed at inviting the young generation of Indonesia to continue achieving their dreams with energy. Various activities of Kejar Mimpi are conducted in cooperation with Corporate Social Responsibility (CSR) and Community Segment.

In collaboration with CSR, such movement represents CIMB Niaga’s actual efforts to build the country by supporting and helping to realize the dreams of Indonesians through activities such as school and university visits throughout Indonesia to share

knowledge, scholarship programs both local and overseas, program of one million books, and the Let’s Save and Share program. Furthermore, the Kejar Mimpi movement also gave birth to a great idea in the form of the Dream House development in Bajawa, East Nusa Tenggara, which aims to be a center of learning and art, so that people can learn, socialize and have their own community. Collaboration of the Kejar Mimpi movement with the Community Segment Group is conducted in the form of Leaders Camp held at universities in Indonesia. Leaders Camp activity aims to build positive character in the youth through the development of soft skills, character, mindset, critical thinking learning and willingness to take real action to build the nation.

All corporate communications activities are currently managed and controlled by sub-directorate of Marketing, Brand & Communication.

MARKET SHARE

In 2017, CIMB Niaga’s market share in terms of assets was at 3.7%, Third Party Funds at 3.6%, Low Cost Funding (CASA) at 3.4%, while Credits distributed reached 4.0%. With these achievements, CIMB Niaga strengthened its position as the fifth largest bank in terms of Assets in Indonesia.

➤ Risk Management

Throughout 2017, the focus of CIMB Niaga was on developing risk management infrastructure and improving the risk awareness culture to establish effective and efficient risk management processes. This foundation supports the Bank’s objectives of maximizing shareholder value, managing capital in a comprehensive manner, and ensuring profitability and sustainable business growth.

RISK MANAGEMENT FOCUS IN 2017

Throughout 2017, focus of CIMB Niaga risk management development was on:

- a. Developing risk management infrastructure, such as:
 - Developing and enhancing the “front to back” credit risk infrastructure, from the Loan Origination System, the credit scoring/rating system, to the system used to calculate Risk Weighted Assets by using standardized and Internal Rating Based (IRB) approaches.

- Developing and enhancing a comprehensive ALM system, supporting the calculation of the LCR (Liquidity Coverage Ratio) and Net Stable Funding Ratio (NSFR) on a daily basis.
- Establishing the Significant Change Assessment Process (SCAP) Policy and Procedure as governance related to the mitigation of operational risks given changes in those internal processes that have a significant impact on the Bank’s operational activities.

- Implementing system support for the integrated risk profile reporting process as connected to all Financial Institution members of the CIMB Indonesia Financial Conglomerate.
- b. Strengthening the risk management culture through:
 - Monitoring commitment to make improvements on existing issues through the Operational Risk Management Committee mechanism, a Key Performance Indicator in the business support line.
 - Outsourcing the Whistleblowing Process, aiming to improve transparency and independence of disclosure, and create openness from staff related to indications of fraud.
 - Establishing the Bankwide Risk-Based KRI as periodically monitored by the Operational Risk Management Committee with risk limits set in a more conservative manner. The trend showed significant improvements throughout 2017.
 - Introducing the concept of Self-Raise Ratio (SRR) as one risk awareness indicator for each unit.
 - Organizing Basel Training for senior management as well as other Basel related training, such as Modelling, Scorecards, and LCR.
 - Organizing e-Learning related to operational risk awareness as mandatory for all employees as well as other training related to risk management.

RISK MANAGEMENT

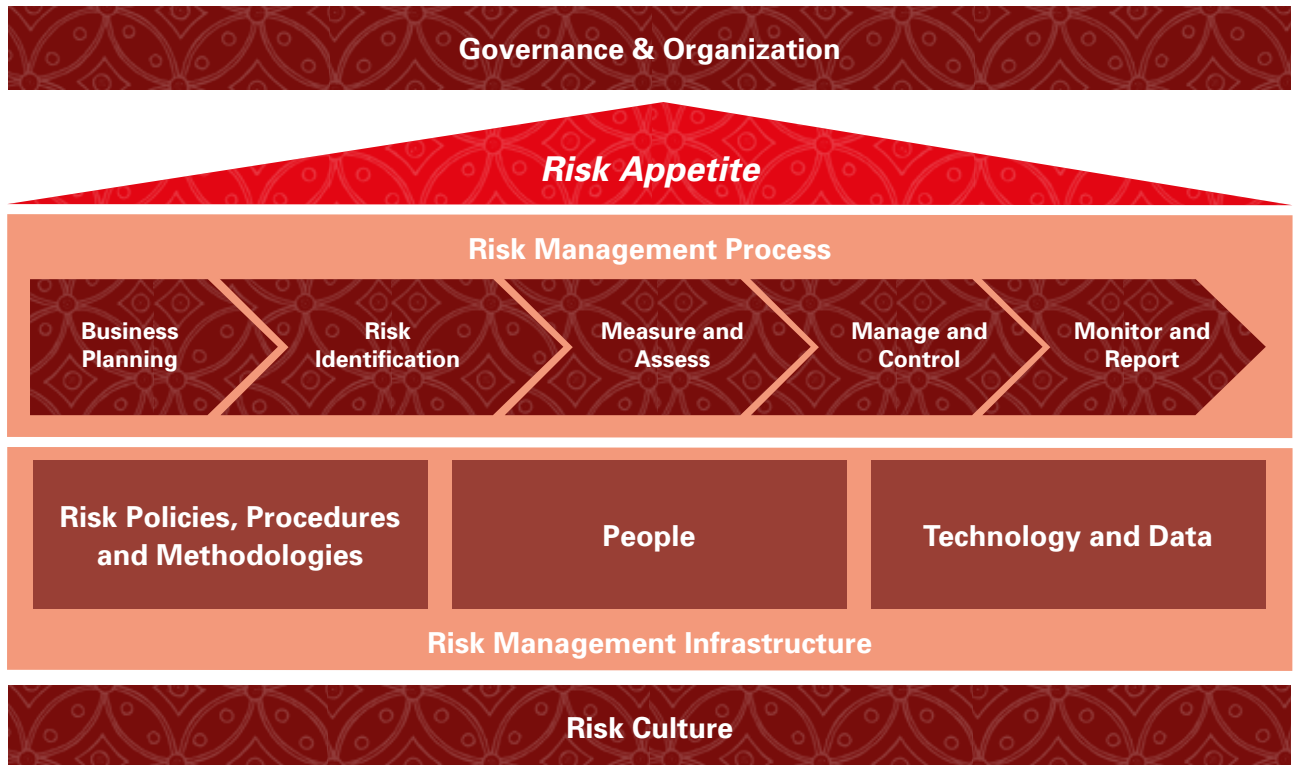

- c. Improve capitalization optimization by:
- Providing input to business/finance for RWA optimization.
 - Implementing and developing the RAROC (Risk Adjusted Return on Capital) Calculator, an estimation tool to calculate revenues compared to the risk taken based on internal credit rating to assist the business units.
 - Optimizing the calculation of Risk Weighted Assets (RWA) by enhancing the application to calculate the Credit Risk RWA with the Credit Risk Standardized Approach (CRISTA) as well as improving the quality of data input.
- d. Strengthening the benchmarking of Risk Appetite, enabling Risk Appetite and Risk Posture to become instruments for senior management to monitor risk management processes. One example of this is through the operationalization of the Appetite Sector through the RAC (Risk Acceptance Criteria) Sector and Champion Sector.
- e. Strengthening data governance to improve data quality and data integrity is crucial in risk management.
- f. Improving the risk management process, by:
- Conducting reviews and updates on credit related policies such as the Counterparty Credit Policy, Commercial Credit Policy, and policies for the SME loan program.
 - Conducting reviews and methodology adjustments for liquidity risk, in line with the Basel III stipulations.
 - Completing end-to-end credit review processes (Tanggul Project).
 - Improving Stress Testing Policy.
 - Increasing market risk management practice.
- g. Improving quality of risk management in the Sharia Business Unit (UUS) by enhancing the quality of UUS portfolio profiling, making adjustments to the policies and procedures, risk monitoring processes through risk profiles that have been adjusted to the business characteristics of sharia banking, as well as improving the quality of Human Resources (HR).
- h. Improving the quality of risk management in the Subsidiaries and Affiliates, particularly related to integrated risk management in the CIMB Indonesia Financial Conglomerate.

RISK MANAGEMENT IMPLEMENTATION

The Risk Management process is an essential part of operational activities and decision-making processes in the achievement of business objectives. Risk management is conducted actively with the aim of maximizing shareholder value, managing capital in a comprehensive manner, and ensuring profitability and sustainable business growth.

In order to achieve an optimum rate of return, the Bank implements the Enterprise Wide Risk Management (EWRM) framework to manage risk in an integrated manner by aligning risk appetites with business strategies. This framework allows the Board of Directors and Senior Management to anticipate and manage existing risks and risks that may emerge in the future, by taking into account the Bank's risk profile, which may be affected by changes in the Bank's business strategy, changes in regulations, and to the business environment. In addition, CIMB Niaga prepares risk mitigation measures to ensure that risk exposure is balanced within the established risk appetite. The level of risk will be monitored periodically, and the overall risk management process is executed based on the application of Good Corporate Governance principles.

Enterprise Wide Risk Management Framework

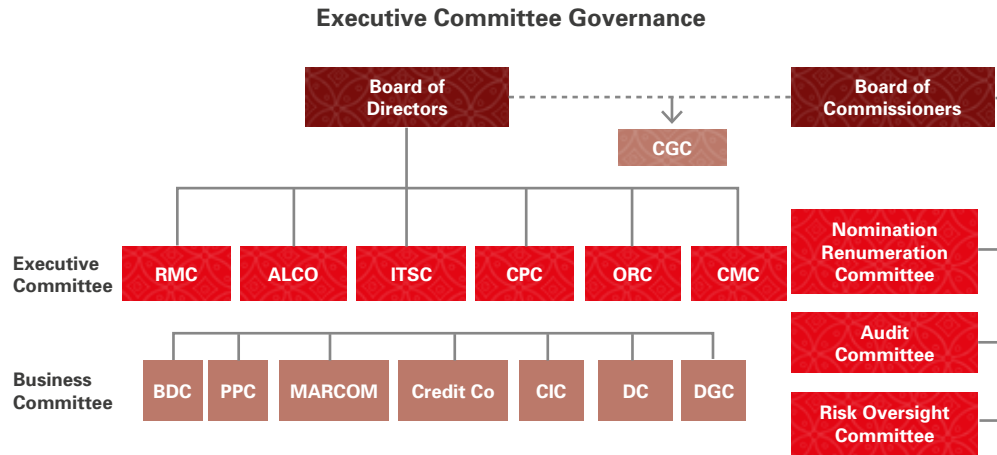

GOVERNANCE & ORGANIZATION

In risk management, the corporate governance structure is required to improve the four eyes mechanism and transparency in the whole risk management process, allowing an effective and consistent EWRM implementation. The Board of Directors is responsible for the Bank's risk management activities, determining the strategic direction, risk appetite, and the relevant framework for the Bank. In order to ensure the effectiveness of EWRM Framework implementation, the Board of Directors is assisted by risk committees and control functions.

The risk management process is evaluated by the Risk Management Committee (RMC), which is responsible for the overall risk management framework implementation. The Committee is chaired by the President Director and is composed of the entire Board of Directors and several executive officers. The RMC is responsible directly to the Board of Directors and indirectly to the Board of Commissioners through the Risk Oversight Committee (KIPER), which also works together with the Audit Committee and the Nomination and Remuneration Committee.

In addition to the RMC, there are certain executive Committees which discuss risks in detail, including: the Asset Liability Committee (ALCO) to manage liquidity risk and interest rates in the banking book, the Operational Risk Committee (ORC) to manage operational risk, the Credit Policy Committee (CPC) to discuss policies related to credit, and the Capital Management Committee (CMC) to manage capital risks.

RISK MANAGEMENT

Executive Committees:

RMC : Risk Management Committee
ALCO: Assets and Liabilities Committee
ITSC : IT Steering Committee
CPC : Credit Policy Committee
ORC : Operational Risk Committee
CMC : Capital Management Committee

Business Committees:

BDC : Business Development Committee
PPC : Personnel Policy Committee
MARCOM : Marketing & Communication Committee
Credit Committees : includes NPL Committee, Asset Quality Committee
CIC : Capital Investment Committee
DC : Disciplinary Committee
DGC : Data Governance Committee

Joint Co:

CGC : Corporate Governance Committee

RISK APPETITE

Risk appetite is one of the main components of EWRM, defined as the type and amount of risk that is able and willing to be accepted by the Bank in pursuit of its strategic and business objectives. Risk appetite is set in conjunction with the Bank's annual planning process to appropriately align with the strategy, business growth aspirations, capital and liquidity positions, and the capabilities and strength of the Bank's risk management. CIMB Niaga will always strive to ensure that the system, capability, and risk control are sufficient and effective to support the risk appetite through accurate risk identification and measurement.

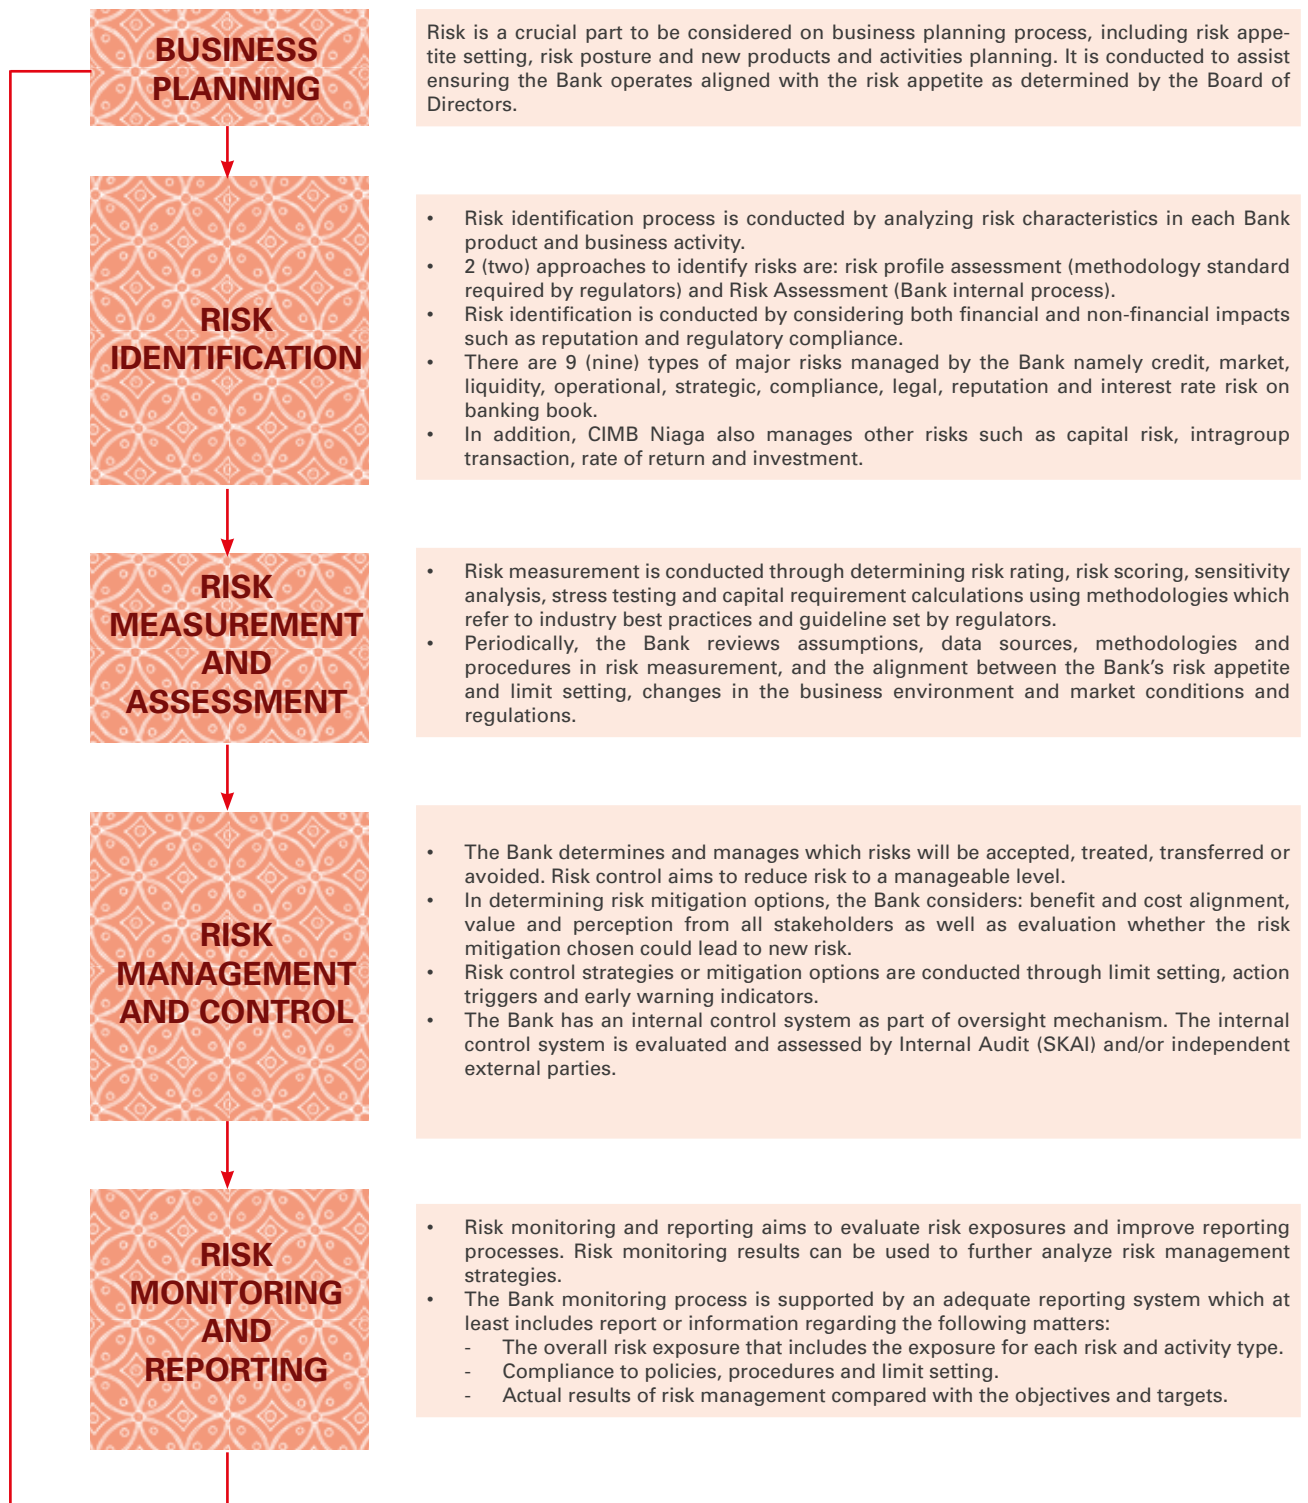

There are 4 (four) dimensional measurements in the Bank risk appetite, namely: solvency and capital, earnings diversification and volatility, liquidity, and franchise. The aim is to enable the Bank to maximize its long-term performance and to ensure asset integrity

and earnings quality, as well as to protect the franchise value of the Bank. Within each dimension, the risk limits are defined as specific boundaries concerning capital, asset quality, liquidity, funding capacity, and regulation.

In 2017, the Bank updated several matrices/parameters in order to improve the Bank's key financial parameter/ratio monitoring. In addition, since 2015, the Bank has established the Red-Amber-Green (RAG) threshold for each RAS matrix/parameter. The RAG is applied to RAS reporting, in which the status of each indicator can be highlighted to the management, allowing improvement steps to be taken in a timely way. The RAS parameters and the Red-Amber-Green (RAG) threshold are reviewed periodically.

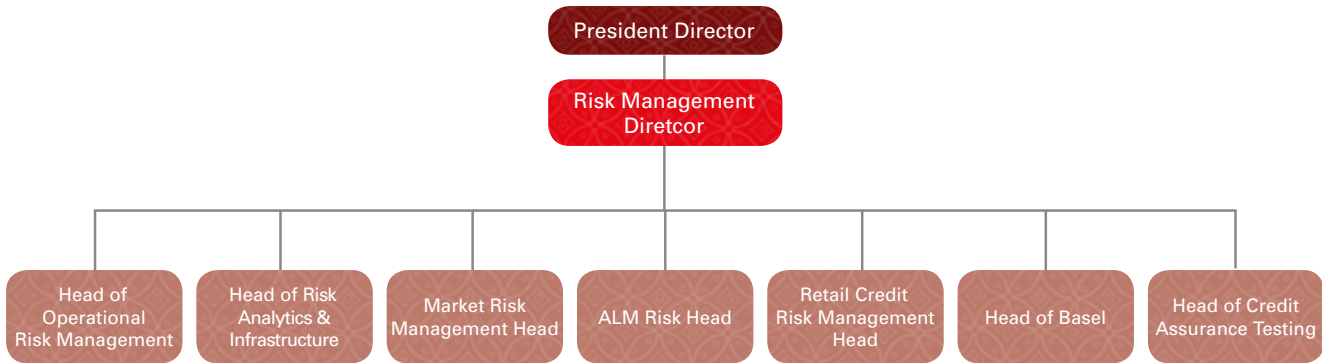

RISK MANAGEMENT PROCESS

The appropriate risk management process will be able to manage inherent risks of the Bank's activities which aim to provide maximum sustainable added value to all Bank activities. The risk management process can be described as follows:

RISK MANAGEMENT

Organizational Structure of Risk Management Unit (SKMR)

RISK MANAGEMENT INFRASTRUCTURE

The main purposes of an effective risk management infrastructure are to:

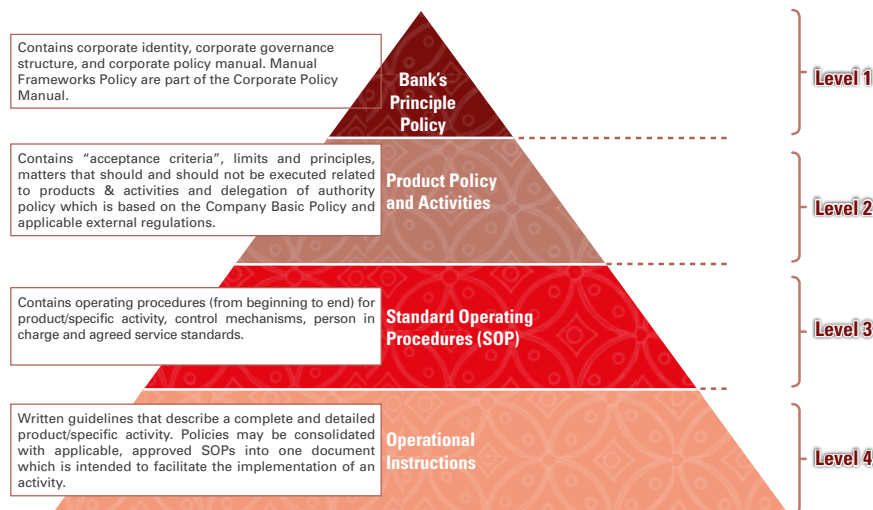

- Provide an integrated organization-wide view of risks.
- Reduce inefficiencies and inherent risks such as human error.
- Drive consistent risk treatment across all units.
- Create “risk aware” thinking and decision making at every level.
- Enable appropriate risk information flow upward, downward, and across all units.

Policies, Procedures, and Methodologies

The Bank’s policies, procedures, and methodologies include all operational activities in order to provide clear direction and guidance to employees in performing their activities, particularly related to risk management.

These policies and procedures were established by considering the risks and work efficiency for employees. An adequate risk management policy is the basis for the Bank to manage risks. Procedures serve as the guidelines for daily risk taking activities. In establishing the procedures and risk limits, the Bank has to take into consideration the risk appetite based on the experience it has in managing risk, the capital condition of the Bank, and reporting systems in the event of a breach. The methodology provides specific guidance, rules, and criteria that must be fulfilled to comply with policy.

Taxonomy Policies and Procedures

People

In relation to the implementation of EWRM, SKMR acts as an independent unit responsible for establishing a comprehensive process of identifying, measuring, monitoring and controlling risks, as well as reporting risk levels. In addition, SKMR also performs the coordination and socialization function of all risk management processes in the Bank. Therefore, it is important to engage talent with appropriate skills and expertise to ensure proper implementation of the EWRM framework. The Bank develops employee recruitment, employee development, and training systems, as well as remuneration that encourage employees to manage risk properly. Performance measurement and compensation are aligned with the strategic plan and risk appetite.

The Bank establishes clear qualifications for employees at every position level related to risk management implementation and places qualified executives and staff in Risk Management Units, in accordance with the Bank's size and business complexity.

CIMB Niaga seeks to provide opportunities for employees to improve their knowledge of risk management, among others by holding lunch and learning sessions, where each unit in SKMR presents their methodology, processes, and ongoing projects to other units in the SKMR, as well as other related units, such as Strategy and Finance Directorate, Internal Audit Unit, and Credit Directorate.

In addition, employees participate in internal and external training (including mandatory training required by regulators) related to their respective fields. Employees are also encouraged to regularly conduct BLS (Business Learning Session), in which employees who recently attended training conduct sharing sessions with their colleagues. The Bank also provides job rotation opportunities to employees, which aim to enrich the employees' knowledge and to expand the employees' exposure to other areas.

Technology and Data

The risk management information system is part of the Bank's management information system, which is continuously developed according to Bank needs. This information system is required as a supporting tool for a proper and accountable decision-making process in order to manage risks in an effective and efficient manner.

The Bank has a risk management information system that ensures:

- a. an accurate, informative, and timely measurement of risk exposures, both overall or composite risk exposures and exposure by risk type that are inherent in the Bank's operations, as well as risk exposures for each of the Bank's functional activities;
- b. compliance to policies, procedures, and risk limits;
- c. Availability of comparison between the result (realization) of risk management and targets set by the Bank, in accordance with risk management policies and strategy.

The information system should be able to generate reports that are used for continuous risk monitoring to quickly detect and correct the policy or procedure deviation in order to reduce risk occurrences.

SKMR is developing centralized data management, particularly data required for risk analysis. All data from various sources needed for risk analysis are consolidated in a risk data mart. The process of obtaining data from multiple data sources to the datamart, up to generating reports that are used for risk monitoring is conducted automatically. As a result, risk monitoring can be performed in an effective and efficient manner.

Consolidated data in the risk data mart can also be used for model development. With the data readily available in the risk data mart, the SKMR is able to develop models faster and become aligned with the pace of business changes. More accurate models can be used for portfolio management, ultimately improving the Bank's asset quality.

RISK MANAGEMENT

RISK CULTURE

CIMB Niaga recognizes that a strong risk management culture is the main foundation in supporting the Bank to achieve its objectives and targets. Risk culture is an integral part of the business process and operational activities, as well as decision-making.

The risk culture reflects the shared awareness, attitudes, and behavior of all employees toward risks in the Bank. In order to establish a strong risk culture, both the Board of Directors and employees are constantly required to focus on and consider risk within all activities, and encourage the paradigm and behavior that enables an effective risk management process.

Some of the key elements to create a good risk culture in CIMB Niaga are:

1. Tone from the top related to leadership and strategy in terms of ethics and values as well as communicating the Bank mission and goals in synergy and a sustainable manner.
2. People and Communication by focusing on enhancing competence through evenly distributed information and knowledge sharing.
3. Accountability and Reinforcement, assignment of roles and responsibilities accompanied by appropriate performance assessments, including rewards for good performance.
4. Risk Management and Infrastructure, to establish effective risk management processes and controls that support Bank strategy.

One substantial indication of the Bank's efforts to establish a risk culture is the inclusion of Risk Management as one Key Performance Indicator (KPI) for business and support units. Various activities to improve the risk and fraud awareness culture are consistently being conducted, such as continuous Anti Fraud and Operational Awareness training and socialization.

Risk awareness culture is also based on the three lines of defense philosophy that connects all risk management activities from identification, assessment, control, and reporting to senior management, Board of Directors and Board of Commissioners. The Board of Commissioners and Board of Directors are responsible for developing an organizational culture that is risk aware and developing a commitment to manage operational risk in accordance with Bank business strategies.

Overall, the Board of Directors is responsible for ensuring proper oversight of the Bank risks. The Board of Commissioners and Board of Directors have established the risk appetite and risk tolerance levels to be consistent and in line with the Bank's business objectives and the expected risk profile.

THREE LINES OF DEFENSE

CIMB Niaga implements a risk management process that involves all levels of the organization from the Board of Directors, senior management, to all employees in the Bank. The Board of Commissioners and Board of Directors are responsible to develop a “risk aware” organization culture and encourage commitment in risk management aligned with Bank business strategy. Through the Three Lines of Defense philosophy, risks are managed starting from the activity of risk taking. This is to ensure clear responsibility for risks taken across organizational units and risk management as business unit enablers. In practice, the Bank maintains Three Lines of Defense philosophy, namely:

ANTI FRAUD MANAGEMENT

In accordance with Bank Indonesia Circular Letter No.13/28/DPNP in 2011, regarding Anti-Fraud Strategy Implementation for Commercial Banks, CIMB Niaga has established a special Anti Fraud Management (AFM) unit to conduct bankwide antifraud strategy implementation.

The Bank’s anti fraud strategy is includes a fraud control system applied by using tools which are the interpretation of 4 (four) interrelated anti-fraud pillars, namely:

1. Prevention: the fraud control system contains preventive actions in order to reduce the potential for fraud.
2. Detection: the fraud control system contains means of fraud identification and detection in Bank business activities.
3. Investigation: the fraud control system contains information gathering (investigation), reporting system, and imposition of sanctions for fraud in Bank business activities.

RISK MANAGEMENT

- Monitoring: the fraud control system contains measures to monitor, evaluate, and follow-up as corrective measures on incidents of fraud in Bank business activities.

CIMB Niaga is committed to prevent fraudulent practice and take immediate action on potential fraud incidents to mitigate both financial and nonfinancial losses, such as negative publicity and loss of public trust in the Bank.

CIMB Niaga requires all members of the Board of Commissioners and Board of Directors, and employees to act honestly with integrity and high professionalism, and to actively participate in measures to protect and safeguard the Bank's assets and customer funds, while complying with the applicable internal and external regulations.

Zero Tolerance for Fraud

In carrying out the anti- fraud management program, CIMB Niaga is committed to zero tolerance against actions and perpetrators of fraud. In addition, the Bank also recognizes that developing an anti-fraud culture is an important step, in which fraud risks awareness and clear and strict sanctions are expected to foster the values and integrity expected by the Bank.

One of the programs to develop an anti-fraud culture and fraud awareness for employees is by providing education to all employees through mandatory training programs for both new and existing employees implemented on an on-going basis, leader coordination meetings, sharing sessions, anti fraud campaigns, email blasts and internal bulletins, to provide constant reminders to employees to maintain Bank's values and high integrity, as well as to carry out duties in accordance with the policies and procedures in an effort to mitigate risk of fraud. The Anti-Fraud Campaign is a program for internal employees to create bonds between employees and the Bank, and

is expected to improve employees' sense of belonging toward the Bank and joint efforts to combat fraud.

CIMB Niaga realizes the potential of fraud from both internal and external parties using familiar or unfamiliar methods to steal the Bank's or customers' assets via Bank infrastructure. Through discipline in carrying out policies and procedures, preventive measures and early detection can be followed up to prevent the Bank or customer losses in the future. To increase awareness, CIMB Niaga also conducts policy socialization to all employees, detailing that the consequences for employees proven to have committed fraud are strict, such as Termination of Employment (PHK) and being reported to the Financial Services Authority (OJK) and police (if necessary).

Another important step required to implement the anti-fraud strategy is by improving supervisory oversight, namely by implementing "Know Your Employee", that is, inherent supervision from supervisor to the subordinates to ensure the implementation of policies and procedures is consistent, disciplined and under control. CIMB Niaga implements a compliance culture in which each individual is encouraged to be disciplined and consistently adhere to policies and procedures to mitigate the risk of fraud inherent in each activity, as well as minimizing opportunities that could potentially lead to fraud. Monitoring and oversight as well as a consistent compliance culture can avoid allowing any opportunity of fraud where superiors are aware of significant changes in behavior and lifestyle of their employees. Another aspect of "Know Your Employee" is the precautionary principle in recruitment and

selection process, through background checking in order to validate and to ensure candidates have high integrity and good backgrounds.

To encourage the adoption of a speak-up culture, where each individual can report fraud-indicated violations, CIMB Niaga has a whistleblowing mechanism that is part of the detection pillar, as a reporting tool while maintaining the confidentiality of the complainant and the person who is being reported. Detection conducted through regular audits and 'surprise' audits, surveillance systems through audits based on data analysis, monitoring of suspicious transactions and suspicious customer profiles in the context of anti-money laundering and terrorism financing prevention (AML-TFP), establishing transaction limits, as well as leveraging the existing infrastructure to detect fraud at an early stage.

With an effective detection function, indications of fraud can be revealed faster, thus mitigation action to contain the risks can be expedited. Meanwhile through investigation functions, the Bank is able to explore and identify the causes and modus operandi of fraud perpetrators to determine the financial and non-financial follow-up measures to be taken.

CIMB Niaga also conducts monitoring, evaluation, and follow-up as fraud corrective action in order to prevent similar cases from reoccurring and submitting comprehensive reports to management and regulators.

Proper implementation of the CIMB Niaga anti-fraud program involves and is the responsibility of each individual in the Bank, from employees up to senior management, the Board of Directors, and the Board of

Commissioners. As part of management oversight, the Board of Directors and the Board of Commissioners conduct periodic reviews on the implementation of anti-fraud strategy, as well as take strategic measures required to mitigate risk of fraud for sound and reliable Bank performance sustainability.

ICAAP (INTERNAL CAPITAL ADEQUACY ASSESSMENT PROCESS)

In line with OJK Regulation No. 34/POJK.03/2016 regarding the Minimum Capital Requirement for Commercial Banks, the Bank must have an appropriate process in place to ensure capital adequacy according to a bank's risk profile and the establishment of a strategy to maintain capital level, referred to the ICAAP (Internal Capital Adequacy Assessment Process). This is an internal process that ensures a bank has adequate capital resources in the long term to cover all risks considered material.

The ICAAP process is conducted through the measurement implementation based on best practices, regulation, and policies to assess, fulfill, monitor, and maintain an adequate level of capital, in accordance with the risk profile, connection to the Bank's strategic focus and business plans, and macroeconomic conditions. In this process, the Bank's capital adequacy is assessed by considering not only Pillar 1 risks but also other-than-Pillar 1 risks, allowing for a more comprehensive risk identification process. ICAAP is jointly conducted between SKMR and the Strategy and Finance Directorate.

RISK MANAGEMENT

As part of ICAAP implementation, CIMB Niaga strives to strengthen the link between the establishment of strategies, capital adequacy assessment and risk levels, as illustrated in the following diagram:

As part of the process of defining the Bank's strategy, the Board of Commissioners set risk posture as the direction for the business units on the acceptable level of risk, taking into account external and internal conditions as well as the Bank's capabilities and limitations. The risk posture provides a qualitative direction in the early stage of the annual planning on risk level and risk posture for the coming year. The risk posture thus serves as a process that bridges the acceptable level of risk with the strategy-setting process as reflected in the annual budget setting.

Furthermore, CIMB Niaga formulates the Risk Appetite in accordance with a pre-approved strategy. The Bank's risk appetite not only considers growth, income and commercial aspirations, but also the capital and liquidity position, as well as the capabilities and strengths of risk management, including risk systems, processes and people. In addition, the Risk appetite is very dynamic and evolves in response to changes in commercial priorities, risk management capabilities, and external conditions. The Risk Appetite is monitored regularly by the Red Amber Green (RAG) indicator, which serves as an early warning signal for the Bank's business strategies realization.

CIMB Niaga carries out stress tests on the budget to assess and evaluate the Bank's resistance level against extreme but plausible economic scenario. Stress testing is performed on a regular basis, minimum twice a year or more frequently as needed. Conducting stress tests also provides a better understanding for the Bank in evaluating how its portfolio may be negatively affected by macro economic changes, enabling the Bank to prepare appropriate actions to overcome the situation.

This process also allows the Bank to assess the adequacy of liquidity reserves and the ability to meet its minimum capital adequacy ratio to support business growth and absorb shocks arising from various scenarios. Subsequently, the Bank is able to plan and manage its capital better.

The result of the stress test subsequently becomes a consideration in capital management and the planning process that aims to maintain an efficient capital structure. The processes of capital management include capital planning, capital target setting, capital raising, capital buffer management and contingency capital planning.

The Bank's capital is measured and monitored on an on-going basis to ensure that capital is at an adequate level to meet regulatory minimum requirements, as well as to support risk taking activities in daily business operations, while considering the Bank's growth and expansion plans. CIMB Niaga refers to regulations, particularly regarding to Pillar 1 risk, in calculating capital adequacy for credit risk, market risk, and operational risk.

Actions taken by the Bank to perform oversight on capital adequacy are to:

- Determine the capital trigger ratio or a minimum limit of the capital adequacy (KPMM) ratio in which the Bank starts to activate the capital contingency plan.
- Establish annual internal capital targets taking into account minimum capital requirements, business growth plans, corporate actions, significant events, and capital reserve to ensure that Bank capital is maintained at a safe and optimal level.
- Perform a periodic capital rolling forecast and compare to actual capital, for the short, medium, and long term period, to be able to conduct comprehensive capital supervision and proper planning of capital strategy.

Since 2016, CIMB Niaga has implemented a risk-based performance assessment, in which the profitability of each business unit is measured by considering the risks taken and the amount of capital used. Implementation of a risk-based performance assessment will assist the Bank in conducting comparative performance reviews between different business units. In 2018, the Bank will still focus on developing and refining the methodology used for the risk-based performance assessment.

SHARIA (UUS) RISK MANAGEMENT

The Sharia Business Unit (UUS) is operated by applying the Dual Banking Leverage Model (DBLM), including the application of risk management. The Bank established the risk management infrastructure and implements governance in line with the DBLM concept, as well as being in accordance with applicable sharia principles. In terms of organizational structure, the Risk Management Unit (SKMR) of UUS is part of conventional Risk Management Unit (SKMR). Within the Risk Management Unit, a dedicated unit is appointed as coordinator to implement risk management in UUS. Risk management policy for UUS is prepared as part of the Bank's risk management policy. Meanwhile, UUS risk management procedure is prepared in line with UUS needs and operational complexity level.

The identification and risk assessment processes are performed by periodically applying methodologies that is appropriate for the sharia-banking concept through UUS risk profile measurement. Risk measurement conducted includes in those areas that specifically apply to sharia banking, such as rate of return risk and investment risk.

Risk monitoring is conducted by the Risk Management Committee at the level of the Board of Directors, where the Sharia Banking Director is also a member of the Committee. Risk monitoring results are also reported to the Board of Commissioners through the Risk Oversight Committee (KIPER).

In terms of risk management compliance to sharia principles, the Sharia Business Unit has the Sharia Supervisory Board (DPS), which provides approvals regarding sharia principle compliance for policies, procedures, systems and products, and contracts as well as conducts monitoring via sampling on sharia banking transactions.

For sharia principle approvals, the DPS is supported by certain units to carry out its operational functions, namely the Sharia Advisory Group, whose main task is to provide advice to the DPS regarding the fulfillment

RISK MANAGEMENT

of sharia principles on policies, procedures, products, systems, and contracts. Sampling supervision on banking transactions is performed by Sharia Risk Control Unit (RCU) Group, which has primary responsibility to assist the DPS in performing the sharia compliance review on transactions and product implementation as well as the preparation of DPS Monitoring Reports for regulators.

The RCU established in the UUS supported the Bank's management decision to establish an RCU in all directorates as part of the first line of defense. UUS RCU is responsible to ensure all activities comply with relevant regulations and that operational risks are well managed. In terms of the implementation, active coordination is conducted with Compliance Directorate, Risk Management Directorate, Anti-Fraud Management Unit, and other units related to policies and procedures, as well as other RCU units to support risk culture awareness and compliance culture in UUS.

In order to improve risk management implementation in UUS, the SKMR also presents a UUS risk profile in the DPS meetings. In addition, the Bank strives to improve sharia banking concept understanding of its employees through continuous socialization and training.

BANK AND CONSOLIDATED RISK PROFILE

In accordance to OJK regulation No. 18/POJK.03/2016 regarding the Implementation of Risk Management for Commercial Banks and OJK Regulation No. 38/POJK.03/2017 regarding the Implementation of Consolidated Risk Management for Banks that Conduct Control of a Subsidiary, CIMB Niaga performs assessment on its risk profile to be reported to regulators on a quarterly basis.

Risk profile assessments are conducted based on regulation, in which the parameters used to assess risks use not only historical data but also forward looking by considering Bank business strategy and macro-economic conditions.

INTEGRATED RISK MANAGEMENT

In line with the issuance of OJK Regulation No. 17/POJK.03/2014 regarding the Implementation of Integrated Risk Management for Financial Conglomerations, CIMB Niaga has been assigned as the Principle Entity to coordinate on integrated risk management processes with its Subsidiary (CIMB Niaga Auto Finance (CNAF)) and Affiliated Companies (CIMB Securities Indonesia and CIMB Principal Asset Management) incorporated in the CIMB Indonesia Financial Conglomerate (FC). This is also one of the Risk Management Unit strategic initiatives and is a key focus for Bank management. It is considered important due to the exposure from risks arising from subsidiary and affiliated companies that may affect the Bank's business operational continuity, either directly or indirectly.

Risk management process integration is carried out by taking into account the differences in business characteristics of the Affiliated companies, the Subsidiary and CIMB Niaga. The risk management integration process includes mentoring and aligning risk management practices in terms of risk governance, risk management policies and procedures, risk management reporting, and improvement of risk awareness culture. In an integrated manner, CIMB Niaga manages nine (9) types of risks: credit, market, liquidity, operational, strategic, reputation, legal, compliance, and intragroup transaction.

Monitoring of risk management is carried out by Risk Management Units of each entity to be reported to the Principle Entity's Risk Management Unit. The monitoring and evaluation process of risk exposure of Subsidiary and Affiliated Companies is conducted by the Integrated Risk Management Committee (IRMC) and reported to the Principle Entity, through Principle Entity's Risk Management Committee (RMC). The IRMC consists of director representatives from each entity within the conglomerate. In the monitoring and evaluation process, the Committee mainly focuses on the Subsidiary and Affiliated Companies risk exposure for the improvement of risk management processes in the future.

In 2017, CIMB Niaga developed a technology-based information system, namely the CIMB Integrated Reporting System (CIRS) to provide data and information in integrated risk profile assessment process that is connected with the Subsidiary and Affiliated Companies in the CIMB Indonesia Financial Conglomerate. This system is expected to reduce manual process and potential human error, subsequently improving data and information accuracy as well as the timeliness of reporting process.

Based on December 2017 position, CIMB Niaga has conducted an integrated risk profile self-assessment with the conclusion that the financial conglomerate's risk profile is at a low to moderate level and has an adequate quality of risk management in accordance with the business complexities.

IMPLEMENTATION OF BASEL II AND BASEL III

Since 2015, CIMB Niaga has fundamentally strengthened its risk management function by implementing Basel II and III projects, consisting of five (5) work streams: Credit Risk, Operational Risk, Market Risk, Asset Liability Management, and Internal Capital Adequacy Assessment Process (ICAAP). The implementation of the work streams is expected to be completed in 2018.

2016 - 2018	
Credit Ratio	<ul style="list-style-type: none"> • Credit Model (Non Retail): Specialized Lending - Slotting Criteria, Bank and Corporate Risk Rating Model. • Credit Model (Retail) A-Score, B-Score, PD, LGD and EAD: Credit Card, Auto Loan, Personal Loan, Mortgage and SME Retail. • Calculation of RWA (Risk Weighted Assets) Internal Rating Based (IRB). • Development of CRISTA system for RWA standardised approach.
Operasional Risk	<p>ORM systems development: (Completed in 2016)</p> <ul style="list-style-type: none"> • CIM: Control Issue Matrix • RCSA: Risk Control Self-assessment • KRI: Key Risk Indicators • LED: Loss Event Database
ALM Risk	<ul style="list-style-type: none"> • LCR Calculation: Liquidity Coverage Ratio • NSFR calculation: Net Stable Funding Ratio • Stress Tests

Implementation of these initiatives is expected to generate comprehensive Bank risk management tools aligned with the risk profile. In addition, portfolio management is actively applied to assess portfolios and evaluate the Bank's capital adequacy for the implementation of business strategies that are oriented to and based on risk management.

In line with the Basel III initiative by OJK for capital requirements and liquidity management, currently CIMB Niaga has implemented a system to support a LCR (Liquidity Coverage Ratio) calculation and report in order to fulfill regulatory requirements and to be used as indicator of Bank liquidity risk in conducting its business.

RISK MANAGEMENT

The Bank develops ratings and scoring models to manage its loan portfolios, including groups of Corporate assets, Specialized Lending, Credit Cards, Mortgages, Personal Loan, Auto Loan and SME Retail. The ratings may provide added value to Bank decision-making processes. Development of the rating and scoring model is based on the Internal Rating Based (IRB) criteria approach and best practices.

In managing operational risk, CIMB Niaga uses the Standardized Approach and the Basic Indicator Approach (PID) for capital calculation reporting. Internally, the Bank has several tools such as Control Issue Management (CIM), Risk Control Self-Assessment (RCSA), Key Risk Indicator (KRI), and Loss Event Database (LED) to measure potential risk and manage risks properly, allowing risks to be mitigated effectively.

Up to 2017, CIMB Niaga had completed several important initiatives related to market risk, ICAAP, operational risk tools and several credit risk assessment models. For credit risk, the Bank Risk Rating and Specialised Lending have been applied in the Bank's business processes since 2016.

In 2018 CIMB Niaga will focus on completing several credit risk models such as mortgages and SME Retail. System parameter calculations for credit risk and calculation for Credit RWA (Risk Weighted Assets) Basel II Internal Rating Based (IRB) are still in the development process and targeted to be completed in the first quarter of 2018. As for Credit risk standardized approach, the Bank will develop a counterparty RWA credit risk calculation in the CRISTA (Credit Risk Standardized Approach) system to fulfill regulatory requirements.

BASEL II PILLAR 3: CAPITAL DISCLOSURE, RISK EXPOSURE AND RISK MANAGEMENT

I. Capital Disclosure

CIMB Niaga's capital management focuses on maintaining a healthy capital structure to boost business growth and optimize return on capital to shareholders. This is apparent from the

capital component concentrated on core capital or Common Equity Tier 1 (CET1), with CET1 consolidated ratio as per December 2017 at 17.32% and the total Capital Adequacy ratio (CAR) at 18.61%

A. Objective of Capital Management

The Bank's objective is to maintain a strong capital position with and at the same time maintain optimal use of capital. The primary objectives of Bank capital management are to:

1. Provide sufficient capital for business development, both organic and inorganic, in accordance with the business appetite. This will be done through the application of capital management as follows:
 - a. short, medium and long-term capital planning while taking into account business strategy.
 - b. maintain a balanced business appetite within the perspective of capital consumption and capital generation that can be provided by the business.
2. Ensure the Bank has adequate capital to cope with risks even under stressed conditions. This can be done through the application of capital management as follows:
 - a. Comply with capital regulations on every occasion.
 - b. Have adequate capital reserves above the minimum requirements.
 - c. Perform regulatory and internal stress tests.
 - d. Conduct CAR forecasting and controls for the short, medium and long-term.
 - e. Build a contingency plan for capital increase.

B. Capital Structure

CIMB Niaga maintains a strong capital position to support business growth and maintain and build investor, depositor, and customer and market confidence. In managing the Bank's capital, it

considers factors such as optimal capital return to shareholders, and striking a balance between profit, gearing ratio, and the security provided by a healthy capital position.

In general, capital components are dominated by permanent and loss absorbent components, where core capital is still the largest constituent of the Bank's capital. In addition to core capital, the Bank has also issued capital instruments in the form of subordinated bonds with the following details:

Subordinated Bonds II, Year 2010

On 23 December 2010, CIMB Niaga issued Subordinated Bonds II, Year 2010, amounting to Rp1.6 trillion with a tenor of 10 years, maturing on 23 December 2020 with a fixed interest rate of 10.85%. Issuance of these bonds was approved by Bank Indonesia through its letter No. 12/196/DPB3/TPB-3/Confidential, dated 29 December 2010 and obtained an effective statement from the Chairman of Bapepam-LK through Letter no. S-11156/BL/2010 dated 15 December 2010. In connection with the issuance of the subordinated bonds, the Bank obtained an "AA idn" rating from Fitch Ratings Indonesia. The subordinated bonds issued by the Bank have met the criteria as complementary capital and accompanied by an option to buy (call option) feature.

C. Capital Adequacy

As a banking entity in Indonesia, CIMB Niaga strives to constantly meet the regulatory requirements, including the application of Basel to manage CAR adequacy. Management is vigilant about the Bank's capital adequacy by maintaining the CAR above the minimum requirements specified by OJK for budgeting and capital provisioning to overcome risks from operational activities in the future.

In line with Basel II capital, the Bank has put into effect the Internal Capital Adequacy Assessment Process (ICAAP), a method to evaluate capital adequacy in accordance with risk profile. The Bank actively monitors and projects its capital position in the next 3 years by involving several measures :

- Set capital targets by considering stress conditions of the Bank and its Subsidiary, both Bank-only and consolidated, which anticipates possible future regulatory changes and shareholder expectations.
- Estimate capital requirements for a material risks based risk appetite.
- Determine the requirements for capital issuance and the maturity profile of capital instruments.

This is part of enhancing the effectiveness of the Bank's risk management practices, in accordance with OJK Circular Letter No. 26/SEOJK.03/2016 dated 14 July 2016 on the Capital Adequacy Ratio (CAR) and in accordance with the Risk Profile and Capital Equivalency Maintained Assets (CEMA).

In December 2017, the Bank's risk profile self-assessment was rated 2 (two) or Low to Moderate, with a Capital Adequacy Ratio (CAR) at 18.23% for the Bank individually and 18.61% on a consolidated basis. This ratio is in accordance with the target range established by OJK, from 9% to 10% of Risk Weighted Assets (RWA) for a bank with risk profile rating of 2 (two).

RISK MANAGEMENT

In the capital framework, the OJK and Bank Indonesia have issued regulations on capital in line with Basel III, effective as of 1 January 2016. The adoption of the Basel III framework on capital based on the OJK and Bank Indonesia regulation contains 3 (three) additional capital buffers that should be provided in stages in the form of core capital (CET 1) from 2016 to 2019 as follows :

- Capital Conservation Buffer: additional capital that serves as a buffer for capital in the event of losses during a crisis. As a Bank that is classified as BUKU IV, the Bank will need to gradually prepare the buffer in stages with the of RWA as follows:
 - i. 1 January 2016: 0.625%
 - ii. 1 January 2017: 1.25%
 - iii. 1 January 2018: 1.875%
 - iv. 1 January 2019: 2.5%
- Countercyclical Buffer, additional capital that serves as a buffer for anticipated losses in the event of excessive credit growth which would potentially disrupt the stability of the financial system. The range of the countercyclical buffer is between 0% - 2.5% of the RWA. In accordance with Bank Indonesia Regulation No.17/22/PBI/2015, the initial implementation of the buffer was established at 0% from 1 January 2016. Bank Indonesia through press release, dated 19 May 2017 stipulated that the Countercyclical Buffer is still at 0%. Furthermore, BI will evaluate the magnitude and timing of the Countercyclical Buffer at least once every six (6) months.
- Capital Surcharge Buffer for Domestic Systemically Important Bank (D-SIB), the additional capital that serves to reduce negative impacts of the financial system and economy in the event of Bank failure, which has a systemic impact through an escalation of the Bank's ability to absorb losses. Based on POJK No. 34-POJK.03-2016, the Bank

must set aside capital for the D-SIB buffer of between 1% - 2.5%, depending on decision of OJK.

In December 2017, the Bank's capital level met the additional 3 (three) capital buffers as provision requirements. For 2018, the Bank is ready to comply with the capital requirements stipulated by the regulators.

In managing credit risk related to capital, in accordance with OJK Letter of No. 42/SEOJK.03/2016 regarding guidelines to calculate Risk Weighted Asset (RWA) for Credit Risk using Standardized Approach that came into effect on 28 September 2016, the Bank has fulfilled this provision with the availability of the Credit Risk Standardized Approach (CRISTA) application, which has been adjusted to the requirements of the OJK Circular Letter.

Based on standardized approach, the calculation of RWA is generally carried out with reference to risk weights in accordance with Bank Indonesia and rating agencies set by Financial Services Authority (OJK). Currently, the Bank uses the ratings issued by external rating agencies, such as Pemingkat Efek Indonesia (Pefindo), Fitch Ratings Indonesia, Fitch Ratings, Moody's Indonesia, Moody's, and Standard & Poor's. However, in order to improve the quality of the loan disbursement process and referring to the regulator roadmap for the implementation of Basel II internal model approach, the Risk Management Work Unit (SKMR) is developing an internal rating model for the retail and corporate segments that will be applied internally, including the necessary infrastructure.

As well as for credit risk, determination of capital management, CAR with market risk, was

performed by using the Standardized Approach, which includes the calculation of interest rate risk and exchange rate risk.

Meanwhile, CIMB Niaga measures its capital adequacy for operational risk using the Basic Indicator Approach (PID). Under this method, the Bank allocates a minimum capital requirement for operational risk based on historical data that is equal to the average of the sum of annual positive gross income over the last 3 years multiplied by an applicable constant of 15%. The Bank also allocates operational risk reserve provision for operational losses.

The Bank's CAR for 2017 was rated satisfactory, above the requirements set by Bank Indonesia. The capital growth trend based on the Bank Business Plan (RBB) also demonstrates the ability to support the Bank's business expansion in the future. In December 2017, the core capital ratio to risk-weighted assets was 17.02% for Bank only and 17.32% for consolidated ratio. While overall, the consolidated CAR in December 2017 reached 18.60% and Bank only CAR was 18.23%. These are in accordance with OJK Letter No. 34/POJK.03/2016 where a minimum of 9% - 10% of Risk Weighted Assets,

both bank-only and consolidated for a Bank with a risk rating of 2 (low-to-moderate).

The Bank's capital adequacy in reference to regulation concerning the minimum core capital of 6% over a period of 5 years can be described as follows:

Similarly, if associated with incentives for Statutory Reserves (GWM) and Loan to Deposit Ratio (LDR), the Bank's CAR complies with the minimum 14% required by Bank Indonesia for a Bank with LDR above target with the target of 92%. Bank performance is therefore in accordance with the Bank Indonesia regulation as stated in PBI No. 18/14/PBI/2016 on the Fourth Amendment to PBI No. 15/15/PBI/2013 which came into effect on 24 August 2016.

Below are the Bank's CAR components on a consolidated basis, as of December 2017 :

Description	Individual (in million rupiah)	Consolidated (in million rupiah)
Capital Tier 1	34,285,916	35,527,330
Common Equity Tier 1	34,285,916	35,527,330
Capital Tier 2	2,441,759	2,642,037
Total Capital	36,727,675	38,169,367
Total RWA	201,444,293	205,118,272
CAR	18.23%	18.61%
Capital Tier 1 to RWA	17.02%	17.32%
Common Equity Tier 1 to RWA	17.02%	17.32%
Tier 2 Ratio	1.21%	1.29%

RISK MANAGEMENT

CIMB Niaga has good access to capital sources, as well as the support of the parent company, which has a vision to advance the Bank into the future. Since 2012, the Bank has not paid dividends so that the dividend payout ratio is 0%. The dividend payout plan and capital increase for the Subsidiary is established by maintaining the CAR level at the optimum level, in accordance with the minimum requirements set by regulators and by considering the Bank's future business strategy.

In addition, referring to POJK Regulation No. 26/POJK.03/2015, the Bank has reported the integrated minimum capital requirement for financial conglomerates. As of December 2017, the integrated minimum capital adequacy ratio for the CIMB Indonesia financial conglomerate was 161%, which was above the minimum requirement at 100%.

D. Capital Governance

Management possesses excellent competence in managing the capital, whereby the Board of Directors and Board of Commissioners perceive capital planning as an essential factor in

achieving strategic objectives. This is reflected by the Bank's performance and the performance of its Subsidiary, through an observation on the quality of risk management on an on-going basis, regular assessment by Internal Audit, policy regarding dividends, as well as management commitment to uphold strategy and objectives stated in the Bank Business Plan (RBB).

CIMB Niaga has working units involved in addressing Capital Management including Asset Liability Management (ALM), Financial and Controller Planning Group (FCPG), Treasury & Capital Markets, Risk Management, and Strategy & Finance, all of which, collectively or separately, report to the Capital Management Committee. The objective of the Capital Management Committee is to:

1. Set, achieve, and maintain a safe and optimal capital target, and an efficient capital structure for the Bank.
2. Ensure the diversification of capital sources.
3. Allocate the capital efficiently among operational entities and business units in alignment with the Bank's business strategy and relevant capital return.

E. Quantitative Disclosures

II. Disclosure of Risk Exposure and Risk Management

DISCLOSURE OF RECOVERY PLAN FOR SYSTEMIC BANKS

A. Objective of Recovery Plan

In line with the mission of the Government of the Republic of Indonesia on the prevention and handling of a financial system crisis (Law of the Republic of Indonesia No. 9 of 2016) and in order to support the national economy, a Recovery Plan that has been prepared by the Bank focusing on achieving and maintaining financial system stability. The Recovery Plan is the Bank's commitment to:

1. Support financial system stability in facing a financial crisis threats due to several financial stress conditions.
2. Prevent and handle systemically important Bank problems and issues, in which the Bank has determined steps to be taken during financial stress condition that may be detrimental to the Bank's business continuity.

The Recovery Plan has been adjusted with Bank conditions and refers to OJK Regulation No. 14/POJK.03/2017 regarding Recovery Plan for Systemic Banks, as follows:

1. General Business Overview through line business identification and bank critical functions.
2. Bank's interdependent financial identification and operations with parent company, affiliated companies and subsidiaries as well as critical systems in order to run the business.
3. Identify of financial stress conditions that may be faced by the bank both market-wide and idiosyncratic.
4. Conduct stress testing against financial scenarios identified and may occurred in order to promote bank resilience testing in financial stress conditions.

5. Stipulation of financial indicators which become a limitation of the Recovery Plan determination.
6. Determination of recovery action to be executed in handling of any financial crisis, as outlined in the recovery options.
7. Arrangement of framework and governance in recovery plan management, both in terms of maintenance, execution, updating, as well as the communication process of the Recovery Plan.

B. Recovery Plan Framework

i. General Business Overview

The General Business Overview is conducted through business lines of the Bank. The internal assessment process is carried out in order to establish business lines considered core and non-core as well as critical and non-critical.

CIMB Niaga conducts internal assessments to determine the business lines considered critical and non-critical to identify roles of each business line in the banking industry, so that the bank can determine business lines to be maintained when financial stress occurred.

ii. Financial and Operational Interdependency Identification

The Bank conducts assessments of financial and operational interdependencies with the parent company, affiliated companies and subsidiaries, as well as systems considered critical in order to assess potential impacts due to financial stress conditions against its interdependence.

RISK MANAGEMENT

iii. Scenario Test (Financial Stress) and Stress Testing Identification

CIMB Niaga identifies stress scenarios and potential financial stress conditions caused by market-wide or idiosyncratic factors that may have a detrimental effect on the Bank's business continuity. Market-wide financial stress is caused by macroeconomic factors and experienced by the entire market, while idiosyncratic financial stress is caused by an event that experienced only by the Bank. The Bank also conducts periodic stress testing in order to test Bank resilience of possible stress scenarios that may affect key financial indicators.

iv. Determination of Recovery Plan Indicators

In determining the limit of the Recovery Plan's activation, the Bank has determined indicators of financial ratios. In the determination and stipulation of the Recovery Plan indicators, the Bank has classified the following four (4) indicator types:

- a. Capital
- b. Liquidity
- c. Profitability
- d. Asset Quality.

v. Recovery Options

The Bank has established recovery options in order to maintain Bank business continuity in facing financial distress. The options will be executed if recovery plan indicators have been exceeded; however, some actions will have been conducted prior to Recovery Plan activation as prevention. The established recovery options have been adjusted to Bank conditions and have been selected based on credibility and feasibility.

vi. Governance

CIMB Niaga has established Recovery Plan governance, in which the Capital Management & Recovery Plan Committee (CMRPC) as an executive committee that has been appointed to supervise the Recovery Plan. The Committee has also appointed an organization that will oversee the Recovery Plan activation during current recovery period, assisted by other committees, such as the Crisis Management Committee (CMC) and the Funding Crisis Management Team (FCMT), as well as other supporting units. In carrying out its duties, the CMRPC is supervised by the Board Management Committee (BMC) and the Board of Commissioners. Reporting of the recovery plan indicators is conducted on a monthly basis and is reported to the Risk Management Committee (RMC). The framework and governance of the Recovery Plan have been well documented, including steps of recovery plan activation and internal-external communication processes when the Bank is in the recovery phase.

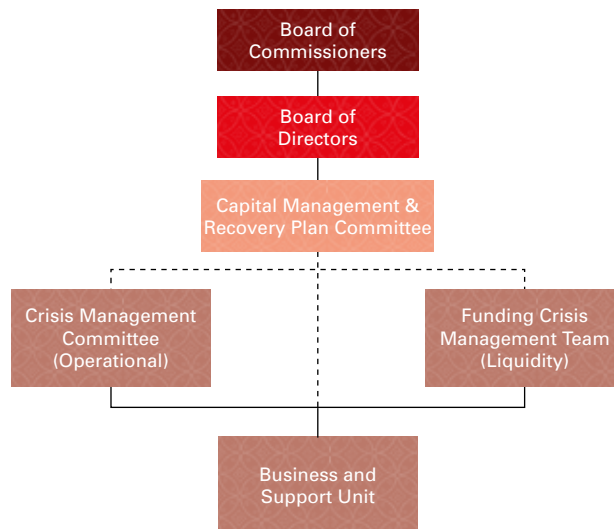

vii. Communication

The communication process for the Recovery Plan will be in line with the Bank's Communications and Disclosure Plan, in which the Crisis Communication Management Team (CCMT) are the parties that have been appointed by the Bank for internal and external communication with stakeholders in the recovery phase. In the communication process, CCMT's task is to choose strategy communication as well as communication flow.

C. Recovery Plan Governance

CIMB Niaga has appointed CMRPC as a executive committee that supervises Recovery Plan management. Recovery Plan management is also supervised by the Board of Directors and Board of Commissioners. Document updating is conducted periodically in order to adjust business conditions experienced by Bank. In recovery plan document management, the CMRPC is assisted by the Board of Directors and Senior Management.

Recovery Plan Indicator Monitoring

Monthly Indicator Report

RISK MANAGEMENT

A. Credit Risk

Disclosure of Credit Risk Exposure and Credit Risk Management

Credit risk is due to failure of debtors and/or other parties in fulfilling their obligations to the Bank. Most of these risks arise from lending activities conducted by the Bank. In addition, credit risk may appear from a variety of financial instruments such as securities, acceptances, inter-bank transactions, trade finance transactions, exchange rate and derivative transactions, as well as commitments and contingencies.

The Bank still faces considerable challenges primarily due to the slowing down of macro-economic growth that impacted loan growth and customer payment ability. In terms of asset quality, the ratio of Non Performing Loans (NPL) is stable compared to the previous year. As one of the mitigation measures of credit risk, the Bank has prepared sufficient provisions to cover potential credit losses. The Bank through the Credit Quality Committee has determined the amount of provisions allocated according to needs and relevant conditions.

With respect to the current below par macro economic conditions that may affect credit growth and customers loan repayment capability, the Bank is conducting remedial measures and refinement to improve the quality of assets as divided into 3 (three) areas, namely: (a) management of problematic loans, (b) acquisition of credit and monitoring of existing debtors, and (c) Credit Risk Management Information System.

Governance

CIMB Niaga already has a credit risk management organization on all fronts, in order to build and maintain the Bank's lending activities to be in accordance with prudential banking principles, applicable regulations, and the Bank's appetite. The Board of Commissioners and the Board of

Directors conduct active monitoring through periodic evaluations of credit risk management. To support this, the Bank has created committees at the level of the Board of Commissioners and Board of Directors.

The Board of Commissioners is assisted by the Risk Oversight Committee (KIPER) working side by side with the Audit Committee and Nomination and Remuneration Committee. At the Board of Directors level, the management and control of the Bank's risk including credit risk is the responsibility of the Risk Management Committee (RMC).

In addition, the Bank also has the Credit Policy Committee (CTF), which specifically conducts discussions, reviews and approval of credit policies. Both Committees are chaired by the President Director. At the transactional level, the Bank delegates the authority on credit approval to the Credit Committee and in the form of the Joint Delegated Authority or Single Limit Holder, based on the recommendation from Credit Reviewers and the considerations of the Business Unit and other units such as Legal and Compliance. The Credit Committee consists of the Board of Directors and Senior Management with the level of authority tailored to the level of risk and decision-making competence.

In this regard, the Bank seeks to establish systems that not only consider the return factor, but also the level of risk which must be in accordance with the Bank's capacity avoidance of conflict of interest. The Bank also has an Asset Quality Committee (chaired by the Director of Credit) responsible for approving or guiding the handling or settlement of non-performing loans. Meanwhile, the NPL Credit Committee (chaired by the Director of Finance & Strategy) gives approval for measures to be taken and the amount of credit reserves that should be allocated to non-performing loans.

Corporate governance is supported by credit risk management organization tools at all levels in order to build and maintain the Bank's credit activity. The Risk Management Director is responsible for managing risk, including credit risk, at the portfolio level related to the management/administration of credit policies and credit risk limit exposure on the portfolio. In managing credit risk, the Risk Management Director along with Credit Director are responsible for managing risk at the transactional level, collaborating in developing credit policies and strategies, portfolio limits, credit model and its validation.

CIMB Niaga has the Risk Management Unit (SKMR) that manages the risk portfolio Bank-wide. SKMR's task is to facilitate Board of Commissioners and Board of Directors in active monitoring on credit risk, by (i) coordinating the establishment of Risk Management Strategy, Risk Management Policy, Risk Appetite and Risk Limits related to credit risk, (ii) monitoring the implementation of Strategy, Policies, Appetite, and Limits related to credit risk, (iii) development and refinement of the Risk Management Framework related to credit risk and, (iv) conduct credit model development and validation. SKMR is under the Directorate of Risk Management that is independent from Business Units.

Other work units that are involved in the loan process, namely:

- Working Units in credit risk management :
 - a. Business Units, both retail and non-retail, handle credit application by enclosing a feasibility analysis of prospective customers;
 - b. The Consumer Credit Risk Unit performs analysis, review, approval, and book keeping processes for retail (consumption) credit, while the Consumer Collection and Recovery Unit perform the handling of non-performing loans. The units are under the Directorate of Consumer Banking, but their

functions are limited by policy, risk strategy, and credit model established by the SKMR.

- c. For non-retail credit, the initiation process is carried out by the Business Unit, which is then reviewed and validated by the Business Credit Team (under the Business Unit). Subsequently, the decision (approval or non-approval) of the Credit Breaker originates from the Credit Directorate and/or Business Unit.
- d. Approver can be in the form of a Committee, Joint Delegated Authority, or Single Limit Holder consisting of the Board of Directors and/or Senior Management, or other appointed Bank Executives Officers who responsible for making the transactional credit approval based on their authority, aligned to their risk level and decision maker competence. Decisions are taken properly by taking into account the precautionary principle, risk appetite, and efforts to avoid conflict of interest;
- e. The Credit Administration Unit (under the Credit Directorate) is in charge of the execution of credit disbursements after the approval from the Credit Committee and has undergone binding agreement assisted by the Legal Unit. In the process of credit disbursement, the Credit Administration Unit must ensure the prerequisite loan documents are in order;
- f. Post-Mortem Unit (under the Credit Directorate) coordinates the monitoring of existing clients in order to detect early deterioration signals;
- g. Non-Performing Loan Resolution Unit (under the Credit Directorate) is in charge of executing steps needed in the handling of non-performing loans, such as collection efforts, restructuring, and litigation.

RISK MANAGEMENT

Policies, Procedures, and Establishment of Limits

CIMB Niaga credit policies are guidelines for the credit process, such as those in the Credit Manual, and the Sharia Financing Manual, including which of its operational procedures will be outlined in more detail as a guide for the Bank in approving loans and complying with the prudential principle. The Risk Management Unit (SKMR) also contains the Credit Policy Unit and Operations Policy in collaboration with business units for periodic reviews on credit and operational policies and procedures.

To ensure credit risk exposure is in accordance with risk appetite, the Bank assigns limits among other credit decision-making authority limits tailored to decision-making competence and risk level. In addition, the Bank has set policies and methodologies to maintain a credit risk aligned with the Legal Lending Limit (LLL) pursuant to regulatory policies, and to set the maximum limit of exposure per industry sector in an effort to monitor and manage concentration credit portfolio in detail as follows:

- Legal Lending Limit (LLL) is a limit mechanism or maximum percentage for funds allowed against Bank's capital based on regulatory requirement.
- The Sector Limit is the mechanism to determine the maximum limit of credit exposure in a particular sector by considering the appetite and the size of the sector's GDP contribution in Indonesia. Furthermore, the Bank's credit exposures in each sector will be monitored periodically to ensure that they do not exceed the specified limit.
- Risk Posture is a direction in determining the level of credit risk based on Bank's segmentation. Its monitoring includes respective limitations regarding composition of the portfolios of each business unit.

- The Exposure Limit Review (ELR) is the process of reviewing the maximum exposure limits of the Bank towards each retail portfolio. ELR review and approval process is conducted regularly every year or 2 years. Furthermore, credit exposures for each retail portfolio are monitored periodically to ensure that they do not exceed the approved limits.

Risk Management Process

- Credit Risk Assessment
Credit Risk is assessed based on credit worthiness or client's asset quality. For funding/loan portfolio, the current criteria used by the Bank in determining credit worthiness are:
 - a. Client payment promptness status (delinquency), which is one of the considerations in determining client collectibility status;
 - b. Watch List status as an outcome from early detection (Early Recognition Watch-List/ERWL) before a client is categorized as impaired. A description of ERWL is defined under risk supervision and control part below.
 - c. Internal ratings: currently the Bank has implemented and continues to develop a system called ICRES (Internal Credit Rating System) for the application of internal rating models of corporate and some commercial clients, as well as the CRDE (Centralized Retail Decision Engine) system for internal scoring model application for retail customers, as an effort to improve the quality of the risk measurement process for both new and existing clients.

Furthermore, the credit worthiness and the quality of credit risk mitigation are the basis for determining the adequacy of provisioning/ credit provision. Credit provisioning is required in order to protect the Bank's capital in the event of non-performing loans. Credit risk is to be realized as a loss if a credit problem cannot be resolved, and as a consequence the Bank must perform a write off, in whole or in part. In relation to capital, credit risk assessment is carried out by RWA Credit in which the Bank uses the standardized approach based on OJK Letter No. 42/SEOJK.03/2016 regarding guidelines to calculate Risk Weighted Assets (RWA) for credit risk using the Standard Approach.

Monitoring and Control of Credit Risk

a. Transactional Level

- **Annual Review**, a review mechanism for loans is completed at least once a year to determine whether the credit worthiness of customers remains the same as when the loan was first granted;
- **Early Recognition Watch List (ERWL)**, the identification of a client's potential credit risk based on criteria such as: business prospects, financial conditions as well as other factors that influence the client's payment ability. The outcome of ERWL is the Watch-List status (High-Medium-Low) on each client's credit worthiness. Currently, ERWL is conducted quarterly on all corporate clients, in addition to some commercial clients and SMEs.

- **Thematic Portfolio Review**, review process of debtors exposed to thematic risk; in this case the volatility of macroeconomic indicators such as commodity prices (for example: oil and gas) and exchange rates (wrong way risk).

The control of the transactional monitoring mechanisms comprises: (i) account planning adjustments and credit terms, (ii) early restructuring proposals, (iii) follow-up request to the client, according to the capacity of the Bank, (iv) adjustment of required provision/ credit provision amount.

b. Portfolio Level

- **Risk Appetite Statement Monitoring** (credit risk), bank-wide monitoring of key credit risk indicators in order to ensure the required appetite.
- **Risk Profile** (Credit Risk), an overview of the risk conditions based on the required indicators from the regulator (Inherent and Risk Management Quality).
- **Risk Report** (Credit Risk), a report containing loan portfolio monitoring and analysis which include (i) a general overview on the composition, concentration levels, and the quality of the assets/loan portfolio, (ii) trend movement, and (iii) specific areas that require Board of Directors' attention. The Risk Report is submitted to the Risk Management Committee on a monthly basis in order to facilitate Bank-wide credit risk management by the Board of Directors.

RISK MANAGEMENT

- **BMPK Limit Monitoring, Sector Limit Monitoring and Risk Posture Tracking**, as explained in the previous section, in order to monitor the suitability of the conditions and movement of the loan portfolio towards the established limits.
- **Asset Quality and Provision Forecast**, in order to predict the level and amount of asset quality and credit provision based on historical data.
- **Stress Test** (Credit Risk), conducted at least 2 (two) times a year to estimate credit risk exposure, as well as the potential for deteriorating credit quality under various stress conditions or scenarios. The stress tests are conducted both in a quantitative and qualitative manner to (a) identify decisions and actions to be taken by the Bank in order to avoid or minimize negative impacts on the Bank in the event of stress conditions, and (b) to ensure that Bank capital is adequate in the stress scenario.

In general, the purpose of the various loan portfolio monitoring methodologies above is to capture signs of deterioration as early as possible so that measures can be taken such as, adjustment of strategies, policies, appetite, credit risk exposure limits, as well as ensuring the adequacy of reserves and Bank capital to control credit risk.

Internal Control

CIMB Niaga has a credit risk management internal control system that includes regular monitoring by the Board of Commissioners and Board of Directors, and a control culture that involves all lines of business. The Bank has a system to identify and assess credit risk, as well as a control system with clear separation of functions in managing risks.

The Bank's accounting system is in accordance with applicable regulations, information and effective communication systems for the management of credit risk. Credit risk exposure monitoring is conducted periodically and immediate corrective action is taken so that credit risk can be preserved in accordance with the Bank's risk tolerance limits. Should there be a deviation the Bank will take the necessary steps to restore the risk to an acceptable level, involving senior management or appropriate executive committees in accordance with the scale of irregularities.

Credit risk control system reviews are performed by SKMR and SKAI in agreement with Risk Management Policy. Internal inspections are periodically carried out by Internal Audit and followed up by the related units. In addition, to improve the risk management process, the Bank has established an anti-fraud unit which among other matters aims to increase risk awareness of the Bank's business risks.

Definition of Matured Claims

Matured Claims are claims that are overdue for more than 90 (ninety) days, either principal payment and or interest payments.

Definition of Impairment

A claim that has dropped in value/impaired is determined based on the financial asset or group of financial assets, and only if there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset (loss event), and after the impact is estimated, the future cash flow of the financial asset or group of financial assets can be reliably estimated.

The criteria used by CIMB Niaga in determining the objective evidence of impairment are as follows:

- Significant financial difficulties experienced by the issuer or borrower.
- Default or delinquency in interest or principal payments.
- Observable data indicating a measurable decrease in the estimated future cash flow of a group of financial assets since initial recognition of the asset in question, although the decrease cannot be identified as individually in asset groups, including the deterioration of payment status of borrowers in the group.

- The loss of an active market from the financial assets due to financial difficulties.

Approach Used for Impairment Provision

The approach used by the Bank for the formulation of Provision for Impairment Losses (CKPN), better known by the term "allowance for losses on earning assets and non-productive assets", is conducted in accordance with the provisions set by regulators, by reserving for a loss of a certain minimum value on all productive and non-productive assets.

Provision for impairment losses (CKPN) calculation can be divided into two approaches:

- Individual Assessment: calculated, based on the discounted cash flow and fair value of collateral.
- Collective Assessment: calculated based on the Probability of Default (PD), Loss Given Default (LGD), Exposure at Default (EAD), and Loss Identification Period (LIP). The Bank uses the migration analysis method and roll rate analysis in determining the PD. As for the LGD, the Bank uses the collateral shortfall and regularly carries out backtesting with an expected cash recovery approach.

2. CREDIT RISK DISCLOSURE WITH THE STANDARDIZED APPROACH

CIMB Niaga has a Credit Risk Standardized Approach (CRISTA) application for calculating credit risk weighted asset in accordance with OJK Letter No. 42/SEOJK.03/2016, dated 28 September 2016, regarding Guidelines to Calculate Risk Weighted Assets (RWA) for Credit Risk using the Standardized Approach, to take effect from September 2016.

Rating Utilization Policy for Credit Risk RWA Calculation

In accordance with the methodologies to measure credit risk using the standardized approach, the calculation of Risk Weighted Assets (RWA) in general is based on the result of ratings issued by external rating agencies.

Based on the regulation (OJK), credit exposures included in the calculation of Risk Weighted Assets (RWA) for standard loans are:

- Exposures in balance sheet asset and liabilities as well as contingencies in administrative account transactions, but excluding trading book positions calculated in RWA market risk and including those taken into account as a reduction of capital.
- Exposures that cause credit risk due to failure of the counterparty.
- Exposures of sales and purchases of financial instruments that may lead to credit risk as a result of settlement failure.
- Exposures of Securities.
- Exposures of the Sharia Business Unit (UUS).

Credit RWA calculations performed using the standardized approach conform to regulator provisions.

Portfolio Category Using External Rating

Based on the standardized approach, RWA calculation for some portfolio categories is based on external ratings and risk weights are partly determined in accordance with regulator provisions; however, many do not have a rating (unrated) such that the weighting becomes more conservative.

Rating Agencies Commissioned

CIMB Niaga uses the latest ratings from rating agencies. Based on Circular OJK Letter No. 37/SEOJK.03/2016 dated 8 September 2016 on Rating and Rating Agencies Acknowledged by the Financial Services Authority, as well as recognized ratings on the OJK website as of 31 December 2017, the acknowledged rating agencies are Fitch Ratings, Moody's Investor Service, Standard & Poor's, PT Fitch Ratings Indonesia, and PT Pemeringkat Efek Indonesia.

Disclosure of Counterparty Credit Risk

Counterparty credit risk arising from transactions affected by fair value or market value movements, affected by movement of particular market variables, which generate an exchange of cash flows or financial instruments, and is bilateral in nature. Exposures included in this risk category are Over the Counter (OTC) derivative transactions and repo or reverse repo transactions, both on the Trading Book and Banking Book.

Potential Future Exposures (PFE) are the potential gains of a transaction agreement/transaction contract during the remaining life of the contract (such as spots, forwards, derivatives, etc) that are determined based on a certain percentage of the principal amount of the agreement/transaction contract. PFE is calculated by using a certain percentage based on the underlying instrument and the remaining term based on guidelines of regulators.

CIMB Niaga applies a transaction limit, which requires that the transaction agreement with counterparties can be conducted through a master agreement that has been internationally recognized, such as the ISDA (International Swaps and Derivatives Association). In order to reduce credit risk exposure, the Bank requires that a particular client or counterparty provides additional collateral in the form of cash or other similar instruments through a CSA (Credit Support Annex) scheme.

CIMB Niaga has established an internal policy governing the methodology used in determining the credit limit associated with counterparty credit risk. The methodology used by the Bank relies on the level of the Bank's capital, as well as a number of multiplier factors such as country risk rating that is taken from the International Country Risk Guide, risk rating of the related counterparty, risk appetite that has been set by management, as well as risk weight that is a derivative factor from a Loss Given Default (LGD) of a country or the related counterparty. The policies set the credit limits for the counterparties are part of risk management policy as a whole. Counterparty credit risk mitigation instruments received by the Bank refer to regulation, particularly in the form of margin collateral in the form of cash.

Related to counterparty credit risk, from 1 January 2018, calculation must refer to OJK Letter No. 48/SEOJK.03/2017, dated 15 September 2017, regarding Guidelines for Net Claims calculation on Derivative Transactions in the Calculation Risk Weighted Assets for Credit Risk calculation using Standardized Approach.

3. **DISCLOSURE OF CREDIT RISK MITIGATION USING THE STANDARD APPROACH**

In accordance with SEOJK No. 42/SEOJK.03/2016 on Risk Weighted Assets for Credit Risk Calculation Guidelines by Using the Standard Approach, the Bank acknowledges collateral, warranties, underwriting, or credit insurance as credit risk mitigation techniques (MRK). Some of the MRK techniques used by the Bank in accordance with the SEOJK are as follows:

- a. MRK Technique - Collateral
- b. MRK Technique - Warranty
- c. MRK Technique - Underwriting or Credit Insurance.

Types of eligible financial collateral acknowledged by the Bank in MRK Techniques – Collateral, refers to applicable regulations.

Although not included in the calculation of MRK, the Bank also accepts other types of collateral such as land and buildings, vehicles, machinery, and other collateral.

CIMB Niaga has clearly governed the collateral management in Commercial Credit Policy. Its policy set collateral coverage requirement, parties who conduct the assessment and collateral checking, rules and procedures of internal and external assessment, and assessment of frequency based on type of collateral.

B. MARKET RISK

Market risk is the loss due to movements in market variables, such as interest rates, exchange rates, and option prices, which could adversely impact CIMB Niaga.

Market risks are found in the Bank's functional activities, such as foreign exchange trading, securities, derivatives, money market instruments and others. Market risk includes interest rate risk, exchange rate risk, and option risk in the trading book and the banking book. Interest rate risk can also arise from differences in the exposure of assets and liabilities of the Bank and interest rate movements, which will affect income and the economic value of Bank capital.

Governance

To create robust and effective market risk governance, the Bank has strategically implemented three lines of defense in managing market risk.

1st Line of Defence – Business Unit (BU)

Operating under the Directorate of Treasury or appointed Trading Origination Function (TOF). BU is the risk prevention unit that is responsible for ensuring that the application of policies is

implemented in a proper and consistent manner, as well as ensuring the adequacy of the systems, processes, and resources required in market risk management that includes identification, measurement, monitoring & control, and reporting.

2nd Line of Defence – Risk Management

Conducted by Risk Management Directorate - Market Risk Management Group (MRM), is an independent unit that is responsible for managing and controlling daily market risks and policy operations.

3rd Line of Defence – Internal Audit

Internal Audit is responsible to independently conduct reviews on the adequacy and effectiveness of risk management, as well as internal control of market risk management.

The Risk Management Committee (RMC) is an executive committee responsible for managing the Bank's overall risk and establishing the acceptable framework, strategy, and risk appetite.

MRM's main duties and responsibilities are to:

1. Develop, document, implement, review (at least twice a year), and request approval for policies.

2. Review, provide feedback and recommendations on the limit structure submitted by BU a minimum of once a year.
3. Monitor the limits utilization and conduct escalations on limit excess in accordance with established procedures.
4. Develop and, provide feedback and recommendations on market risk measurement methodology to assist BU in managing market risk.
5. Analyze and submit market risk reports to Bank senior management, including reports on risk exposure, capital adequacy, and stress testing.
6. Provide input to related committees on new product proposals that could affect the Bank's risk profile.

Meanwhile, interest rate risk in the banking book is managed by the Asset Liability Management (ALM) Risk unit.

Risk management is then stipulated in the form of policies, procedures, risk limits, and other decision results related to the management of market risk. The Bank's market risk limit and appetite are evaluated periodically in accordance with changes in the Bank's business environment. The overall market risk controlling factors are reported to the Risk Oversight Committee (KIPER), as part of the active oversight of the Board of Commissioners.

Policies, Procedures and Limit Setting

Market risk management policy and limit are defined by the RMC. These policies and limits are reviewed periodically to adjust to the treasury business development in particular, and market developments and internal and external regulation in general. Periodically, the Risk Management Unit updates market risk policies to be aligned with external regulations, internal policies, and Treasury business strategies.

For effective risk limit control, the Bank has established a comprehensive limit structure, in accordance with the complexity of action taken, taking into account the Bank's business objectives and risk tolerance. Market risk limits applied by the Bank include Value at Risk (VaR), sensitivity (DV01, base DV01, CR01, Vega, NOP), trigger loss, and notional size for a particular portfolio. Meanwhile, the determination of limits related to the interest rate risk in the banking book includes the EVE limit.

Risk Management Process

In conformity with Bank Indonesia regulations, the Bank is required to undertake a series of processes to identify, measure, monitor, and control risks arising from the Bank's activities. The Risk Management Unit plays a role in conducting the process continuously through infrastructure development so that market risk management can be conducted well, in accordance with the maximum limit of risk that the Bank is willing to tolerate.

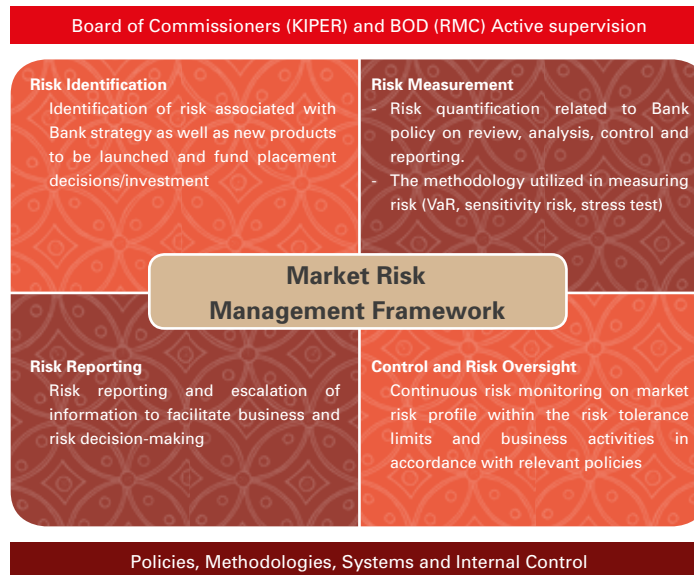

Management of market risk includes:

- a. Market risk management for trading book portfolios.
- b. Management of interest rate risk in the banking book.

Market risk identification processing is performed through the analysis of new products (particularly treasury products) through the approval process for the product, which is a key means of control for the Bank to identify the inherent market risk to be considered and mitigated before and after the product is launched. To support strong market risks identification process, the Bank has a specific policy for the risk management of products and activities that govern the proposal, review, and approval process for the Bank's new products and activities.

RISK MANAGEMENT

The framework for market risk management processes is as follows:

A. MARKET RISK MANAGEMENT FOR THE TRADING BOOK PORTFOLIO

Periodically, the Market Risk Management Unit monitors limit compliance to the exchange rate risk and interest rate risk, where limit breaches will be reported to the relevant unit and the Board of Directors to be followed up.

The Bank's market risk management process is also supported by an adequate market risk management information system to provide comprehensive and integrated market risk reports. Reporting and monitoring of market risk is conducted periodically by the Market Risk Management Unit as an independent unit. This is also supported by competent human resources in risk management responsibilities, both in terms of quantity and quality.

In managing market risk for the trading book portfolio, the Bank uses internal sensitivity analysis, which is the change in the portfolio's value due to the movement of one independent market variable, such as DV01 and DV01 of for instrument portfolios related to interest rates, net open position for foreign exchange, and Vega for option portfolios. In addition to the sensitivity analysis, the Bank uses

the Value at Risk (VaR) calculation in assessing the market risk.

Portfolios included in the Value at Risk (VaR) assessment include securities, foreign exchange, and derivatives. The VaR calculation method used is a historical simulation, reviewed periodically with the assumption that the value of an asset yield in the past may be used to predict the potential risks in the future. The historical simulation VaR method does not require assumptions regarding the distribution of asset yield. The valuation method on fair value measurement of an instrument is performed using the available market price (mark to market) or using theoretical price calculations in illiquid market conditions (mark to model).

CIMB Niaga uses the VaR calculations to internally evaluate market risk on a daily basis with a VaR assessment with a confidence level of 99.7% (ninety nine point seven percent).

The calculation of market risk for Minimum Capital Adequacy Ratio (KPMM) purposes uses the standard method, which includes the calculation of interest rate risk and exchange rate risk.

Market risks are required to be calculated in capital charges for the standardized approach are:

1. Financial instrument positions in the trading book that are exposed to interest rate risk.
2. Foreign exchange positions in the trading book and banking book that are exposed to foreign exchange risk.
3. Option positions with underlying interest rates and/or foreign exchange in the trading book.

Financial instruments in the trading book which are exposed to interest rate risk as intended for minimum capital requirement calculation using the standardized method, includes all positions in the securities' portfolio, as well as other derivatives, such as FX Forward, FX Swap, IRS/CCS, and IR Futures. The same also applies with the calculation of minimum capital for option risk, where the Bank calculates all option positions in the trading book portfolio with both the underlying interest rate and foreign currency, in accordance with the standard method. For exchange rate risk, the Bank calculates all on and off balance sheet positions, both in the trading book and in the banking book portfolio.

The market risk monitoring process is carried out in several stages, namely front- end control and limit establishment. For front-end control, the dealer serves as the primary observer of market risk arising from trading activities as well as managing the Bank's assets and liabilities. The dealer must maintain an open trading position throughout the day by monitoring the limits that have been set by the Management.

The MRM monitors trading limit breaches on daily basis. Limit setting serves to limit the concentration of risk exposure to a particular position, type of risk, type of instrument and/or the market. Limits are established based on the Bank's risk tolerance by taking into account the profit targets from trading activities.

The strategy adopted by the Bank in market risk management process is conservative. This is conducted through hedging, squaring position, back-to-back, and other strategies for the off-setting of a transaction/position that has market risk exposure and can be used for risk transfer processes. The Bank only enter deals that align with its risk appetite and business strategy.

B. MANAGEMENT OF INTEREST RATE RISK IN THE BANKING BOOK.

The Bank measures interest rate risk in the banking book, arising from differences in interest rate changes and cash flow (repricing risk), interest rate correlation changes from a yield curve with different positions that affect the Bank's activity (basis risk), interest rate correlation changes on maturity range (yield curve risk), and interest rates regarding options embedded in banking book products (option risk).

The Bank measures interest rate exposure, both from the revenue and the economic perspective, using several potential interest rate scenarios, including stress conditions. The measurement approaches that can be used to analyze interest rate risk exposure are repricing gap analysis, PVBP, static simulation of Economic Value of Equity (EVE). In calculating the EVE, the Bank applies a methodology of cash flow behavior for products that have no maturity, and has also taken into account the prepayment cash flow assumption/projection of the loan products that is required by regulators.

The scenario used in the static simulation of Economic Value of Equity (EVE) is a parallel interest rate shift up/down. Capital adequacy calculation scenarios related to changes in interest rate used is 400 bps for Rupiah portfolios, and 200 bps for USD portfolios.

RISK MANAGEMENT

Backtesting

Backtesting is performed by historically comparing the VaR calculation and actual losses by using the Model Verification Based on Failure Test, namely by calculating a number of observations in which the value of losses exceeds the VaR for an observed portfolio a certain observation period. This model is a more historical and non-parametric calculation. If the acceptable error level is breached, it is possible that its VaR model is inaccurate. In addition, backtesting results are reported periodically to the RMC. Model validation used in risk assessment is conducted at regular intervals of at least once a year, or in the event of a modification in the model, due to structural and significant market changes, or portfolio composition changes, which may cause the model to not measure all material market risk factors, or the model has become irrelevant.

Stress Testing

The Bank periodically conducts stress testing to estimate its potential losses during abnormal market conditions in order to observe Treasury performance sensitivity to changes in risk factors and to identify significant impacts on the Bank's portfolios.

In the stress testing exercise, a risk measurement system must be flexible enough to facilitate a variety of scenarios, including the largest historical market moves in the past. The assumptions used in stress testing must be carefully developed to examine the Treasury's portfolio trend.

Stress testing is performed quantitatively, through the identification of various possible crisis scenarios that could adversely impact the Bank. In addition, stress testing is also conducted qualitatively to identify Board of Directors or the management actions and decisions, in order to

anticipate worst case scenarios and avoid adverse impact on the fulfillment of the Capital Adequacy Ratio. Stress testing is conducted on the entire trading book portfolio that is exposed to interest rate risk and trading book and banking book portfolios that are exposed to exchange rate risks, by considering the market risk and liquidity aspects with the assumption of market disturbance.

Internal Control

The Bank periodically reviews the adequacy of the policies and procedures. The assessment of policy adequacy and its implementation is conducted by an independent party, namely Internal Audit (IAU), who also informs the management and the Audit Committee for further actions. Information related to market risk exposures is consolidated and reported by the unit in charge of finance and accounting.

Internal Audit conducts reviews on the market risk management on a regular basis at least once a year through the internal audit process. The reviews cover the activities of the Market Risk Management Unit and operational units that are related to the market risk management. The review includes:

- Adequacy of market risk management documentation (including internal models).
- Approval process of significant changes in market risk management.
- Integrity of market risk management information system.
- Market Risk Management (MRM) Unit organization, including the duties and responsibilities, independence, and adequacy of human resources.
- Integration of market risk measurement into the daily risk management process.
- Scope of products and/or financial instruments exposed to market risks using internal models.

- Verification of the consistency, accuracy, independence and reliability of data sources used in internal models.
- Accuracy and completeness of data for risk measurement.
- Internal approval process for the utilization of models/assessment techniques (valuation).
- Accuracy of valuation results.
- Accuracy and adequacy of various volatility and correlation assumptions.
- Verification of the internal validation process and backtesting procedures.

Internal Audit is required to document all reviews performed. In addition, pursuant to regulations concerning the implementation of the Bank's internal audit function, Internal Audit is required to submit internal audit implementation reports.

C. LIQUIDITY RISK

Liquidity risk is caused by the inability of the Bank to meet its maturing obligations from cash flow funding sources and/or from high-quality liquid assets that can be pledged, without disrupting Bank activity and financial condition.

RISK MANAGEMENT

Governance

Active Supervision of the Board of Commissioners and Board of Directors

The Board of Commissioners and Board of Directors conduct active supervision in line with the Bank's liquidity risk management policy. The Board of Commissioners is responsible for maintaining liquidity risk management effectiveness and evaluating implementation by the Board of Directors in accordance with Bank policies and strategies, and provide notification on liquidity risk management policy and other related policies and procedures. At the Board of Commissioners level, liquidity risk management reporting is delivered to the Board of Commissioners on a regular basis through the Risk Oversight Committee (KIPER). As stipulated in Liquidity Risk Management Policy, the Board of Commissioners plays an active leadership role with approval responsibility for the process, including oversight of the emergency funding Contingency Plan and Early Warning System (EWS).

The Board of Directors through the Asset & Liability Committee (ALCO), consisting of the Directors and executive officers, manages liquidity risk in accordance with risk limits acceptable to the Bank. Appropriate risk limits are established through an assessment of internal risk tolerance based on established regulations and taking into account the Bank's business strategy, market conditions, financial conditions, and funding capacity. It is then stipulated in the form of liquidity risk management policies and procedures to ensure that current and future funding requirements can be met both in normal and crisis conditions.

In addition, ALCO is also responsible for validating the Bank's liquidity risk management policy, risk level tolerance approvals, and other important procedures related to liquidity risk management that regulate or affect the Bank's risk profile. The

liquidity risk profile is reported to ALCO, senior management and regulators periodically and on an ad-hoc basis, if necessary.

ALCO provides recommendations and makes decisions to ensure that liquidity risk is managed properly in normal and crisis conditions. Active surveillance is in line with the established Bank provisions and in accordance with SEBI 16/11/DPNP/2009 and SEOJK No. 34/SEOJK.03/2016 on the Bank's Liquidity Risk Management. Decisions taken by ALCO in the management of assets and liabilities are applicable to all units.

The Board of Directors ensures the liquidity risk structure has clear lines of authority and responsibility at all levels of management to maintain an on-going awareness of Bank liquidity performance and overall liquidity risk profile. The ALM (Asset Liability Management) Unit monitors liquidity risk together with other relevant units and reports to the Asset & Liability Committee (ALCO).

Policies, Procedures, and Limit Setting

CIMB Niaga has adequate policies and procedures for liquidity risk management. Policies developed by the Risk Management Unit together with other related units include, among others: liquidity risk management policy, escalation procedures, contingency plan for emergency funding, liquidity risk reporting, normal business conditions assumptions, and liquidity risk reporting behavioral cash flow model. These policies and procedures guide the Bank in managing liquidity risk and must be approved by the management committees according to the level. This is a reflection of the active surveillance and involvement in the liquidity risk management.

The Bank establishes liquidity risk limits and parameters in accordance with the level of risk appetite based on liquidity gap analysis under normal and stress conditions, as well as through liquidity ratio analysis.

Aligned with with liquidity risk policy, a three-level structure risk policy is designed to facilitate the effective application of a comprehensive liquidity risk management framework to distinguish different types of policies, risk limits and procedures or technical guidelines for liquidity risk management.

Policy and procedure sufficiency reviews are conducted periodically and approved by management according to the approval level. Document policy must be approved up to the Board of Commissioners, while technical guidance documents are approved by the Board of Directors. Assessment on the adequacy of the policy and its

implementation is conducted by an independent party, namely Internal Audit. Results of the assessment are submitted to management and the Audit Committee for further action.

Funding Strategy

In liquidity management, CIMB Niaga strives to meet its financing needs in a sustainable manner by applying strategies that support continuity and stability in fund management. Hence, the Bank always strives to improve stability and sustainability funding. The Bank focuses on CASA through the Retail and SME segments to maintain stability and cost of funding. Within the past year, there was an increasing trend in CASA which is expected to improve.

FCY Deposit by Segment

IDR Deposit by Segment

IDR Deposit by Product

FCY Deposit by Product

RISK MANAGEMENT

The growth of stable and low-cost deposits continues to be pursued by improving the features of deposit products, so customers are expected to use existing funding products as a needs for features service that provided and not simply to expect economic incentives

Risk Management Process

Related to the risk management process, the Bank has successfully implemented system infrastructure that can perform liquidity gap calculations from detailed data sources, covering all balance sheet positions and administrative accounts.

Risk Identification and Assessment

The identification and assessment process of liquidity risk is conducted through the following method :

- **Liquidity Gap Analysis under Normal and Stress (Crisis) Business Conditions**

Liquidity risk is monitored and managed on a cash flow projection (liquidity gap) basis as the primary assessment. The Bank must assess and project cash flows arising from maturity profiles as well as the behavior of assets, liabilities, off-balance sheet commitments, and its derivatives in several gap periods.

The liquidity risk assessment tools are available under both normal and stressed business conditions. The Bank should be able to cover cash outflows through cash inflows during the upcoming 30 day period.

Normal conditions analysis is defined where cash outflow and cash inflow are running normally, where everything operates based on general or behavioral habits, in business-as-usual situations, deposits growth continues to increase and interbank transaction is exercised at fair interest rates. While stressed or crisis conditions occur where there is an unexpected cash outflow event, such as a significant

increase in funds withdrawal from customer accounts and cancellation of cash inflow from debtor loan repayments that require the Bank to sell liquid assets to cover the mismatch. The adequacy of the liquid asset components to meet cash flow mismatch will define Banks's benchmark in normal conditions.

- **Liquidity Ratios**

Liquidity ratio is an integral part of liquidity risk management tools in to cash flow mismatch positions/liquidity gaps. The liquidity ratios monitored include liquidity gaps for local currency and foreign currency, loan to deposit ratio (LDR), funding concentration ratio, liquid assets adequacy ratio, and Basel III liquidity ratio, which includes the Liquidity Coverage Ratio (LCR) and Net Stable Funding Ratio (NSFR).

- **Risk Monitoring**

CIMB Niaga has Early Warning System (EWS), which informs and alerts management earlier in case deterioration of conditions that could negatively impact Bank's liquidity position. EWS is an assessment methodology that can be used to detect a liquidity problem, and to evaluate bank's financing needs and strategies in times of a liquidity crisis. Basically, the EWS provides indications and reports on a daily basis, such as macro indicator movements, banking and financial systems indicators, bank's internal indicators, and reported indicators based on events that can provide signals of the bank's financial strength and stability. The indicators are selected based on their impact on the financial system by using empirical studies.

The purpose of the EWS is to assist management in determining preventive steps to ensure that bank's liquidity is at expected level considering liquidity can not be build in a short amount of time. In addition, the EWS

helps to prevent the Bank from falling into a bad liquidity crisis that could affect Bank ability to access existing funding sources, as well as assisting management in determining remedial strategies to maximize the liquidity of assets and the stability of liabilities.

In terms of liquidity risk reporting, the Bank must ensure the deployment of adequate management information systems to meet a variety of reporting requirements.

Analysis on the Adequacy of the Bank's Managed liquidity in Stress Testing Scenarios

Banks conducts stress testing to evaluate liquidity resilience in facing of an extreme event scenario caused by idiosyncratic scenarios as well as events occurring in the overall/systemic market (marketwide). The stress test scenario is generally an extraordinary, yet plausible occurrence. Associated with liquidity risk, for the Bank, stress testing estimates the resilience of liquidity, as well as identifying measures to be taken to mitigate the possibility of such stress conditions.

The Bank conducts stress testing based on actual scenarios, comprehensive models, and measurable calculation systems. For liquidity risk, the prepared scenarios include both idiosyncratic and systemic (marketwide) scenarios. This will have an impact on the stress mitigation measures. An idiosyncratic stress scenario is when only the Bank itself is experiencing liquidity difficulties, but the overall market is relatively normal. While under systemic or marketwide stress conditions, the industry and the market experience pressure in terms of liquidity. Simulations are conducted on a regular and as-needed basis in order to ensure that the liquidity conditions being managed are always within the required limits.

Basically, the prepared liquidity scenarios are: increased outflow from the Bank beyond the normal limits, decreased inflow due to counterparty counter production and eroding of the market price on the liquid assets owned. In the process, the Bank uses assumptions in the calculation of stress testing. The assumptions used are regularly reviewed and approved by management through ALCO meetings. The simulation results are further discussed in the ALCO forum. In the event of below-the-limit results, improvement measures will be decided, to be undertaken by Business Units.

Emergency Contingency Funding Plan

The Emergency Contingency Funding Plan (CFP) is one component of the Bank's liquidity risk management policy, which is a compilation of policies, procedures and action plans that are treated as procedural and operational guidelines in the event of a crisis or stress condition. It is intended to avoid, minimize, or manage a potential or actual liquidity crisis. The CFP policies are reviewed annually.

The existing Early Warning Signal monitoring indicators are part of the existing Emergency Contingency Funding Plan. EWS is monitored on a daily basis and acts trigger for the implementation of the Emergency Contingency Funding Plan.

In the event of a crisis, the Bank must activate the CFP procedure and become self-sufficient during that period. The Bank has been testing the CFP to ensure the established procedures can be run in a real crisis situations. As one form of curtailing liquidity risk, the Bank has established a Funding Crisis Management Team (FCMT). FCMT members consist of all Directors with senior management with the expectation that the FCMT's decisions can be implemented quickly across all divisions.

RISK MANAGEMENT

The Bank regularly conducts trials on the CFP policy with the expectation that all relevant parties will be able to make quick, accurate and appropriate

decisions in the event of a crisis. CFP testing is conducted at least once a year.

There are three (3) main phases of Bank liquidity crisis management, as follows :

Risk Reporting

CIMB Niaga prepares liquidity gap reports on a daily basis by using contractual and behavioral cash flows on balance sheet, observed daily liquidity ratios, as well as monitoring Early Warning System (EWS) on a daily basis. ALM Risk must notify of any significant trend in those ratios to senior management. These indicators consist of internal and external indicators. EWS indicators are part of the contingency funding plan procedure which must be approved by the Board of Commissioners. ALM Risk also reviews and continuously improves indicators in the Early Warning Signal (EWS), enabling the monitored indicators to actually provide information on the indications of a crisis.

In addition, the liquidity gap report, MAT, limit and ratification report (if any) are reported to ALCO if it is surpassed and must be reported within 24 hours.

Liquidity Coverage Ratio (LCR) Reporting

The Liquidity Coverage Ratio (LCR) currently conducted on a monthly basis as required in POJK No. 42/POJK.03/2015 on the Obligation to Liquidity Coverage Ratio fulfillment. Also referring to POJK No. 32/POJK.03/2016 on the Transparency and Publication of Bank Reports, in which banks are required to convey information concerning their liquidity ratio to the public. The Bank regularly submits the LCR figures to the OJK through the online reporting and to the public through the Bank's official website on a quarterly basis. LCR figures are always kept above the limits set by the regulator, and follow the established guidelines criteria.

CIMB Niaga has implemented and applied the automated calculation system since February 2017. With its implementation, the Bank is expected to identify liquidity ratios quickly that must be monitored and must maintain consistency.

With the development of this system, CIMB Niaga is able to conduct an intensive monitoring process on liquidity risk. The existing system is able to generate daily calculations as required by the regulators.

Net Stable Funding Ratio (NSFR) Reporting

In addition to LCR, in the implementation of BASEL III concerning the monitoring of liquidity risk, the Bank is also expected to monitor Net Stable Funding Ratio (NSFR) adequacy, where in POJK No. 50/POJK.03/2017, the criteria for grouping components of the balance sheet included in the NSFR calculation, as well as the weights imposed, have been established. It is stipulated that NSFR implementation will come into effect in 2018, but banks with certain criteria are required to conduct the calculation test and report to the OJK.

CIMB Niaga readiness in reporting NSFR figures is conducted by preparing a calculation automation system that is expected to generate accurate and fast NSFR figures. The system has been under development since 2016 and had begun to generate calculations by the end of 2017. This demonstrates that Bank CIMB Niaga pays close attention to adequately managing liquidity risk.

Risk Control

The Bank has set an appropriate liquidity risk tolerance that reflects the Bank's level of liquidity risk acceptable by management. The level of risk tolerance also acts as control mechanism for liquidity risk exposure and susceptibility, and liquidity risk tolerance must be approved by the ALCO and notified to the Board of Directors.

Escalation on liquidity risk tolerance limits is adjusted to its tolerance level, and stages of escalation at each level of tolerance are different. Liquidity risk tolerance, expressed quantitatively in the Bank's limit system referred to as Regulatory Limits, Limit, Management Action Trigger (MAT) and Alert.

Tolerances, defined internally are Limit, Management Action Trigger and Alert. Regulatory Limits as specified by regulators are boundaries that should not be exceeded. Therefore, internal tolerance limits are prepared as a warning before regulator limits are reached.

The internal tolerance limits are prepared as those limits that must be maintained at all times as a control position for either the cumulative net cash flow mismatch or liquidity gap (using behavioral cash flow), as well as other liquidity ratio components of liquidity ratio such as Total Liquid Assets against Total Assets, Net Interbank Ratio, deposit concentration and a few liquidity ratio components.

In determining internal tolerance for liquidity risk, the Bank considers several factors, namely the historical position mismatch and the use of tolerance limit, funding capacity, diversification of funds, market conditions and liquidity stress analysis.

RISK MANAGEMENT

Compliance with liquidity tolerance limits and the most recent condition must be reported to the ALCO at least on a monthly basis. When a liquidity tolerance limit is exceeded, the Bank will undertake the necessary corrective actions to maintain the limit with the approval of senior management as set out in escalation procedures and liquidity risk reporting. All exceeded limits, as well as the corrective actions have been well documented. Liquidity gap monitoring serves as a preventive measure to control the risks arising from a daily cash flow mismatch.

The internal tolerance limit is reviewed at least once a year to ensure compliance and alignment with the Bank appetite, funding capacity, changes in the market conditions and business strategies over time.

Regulatory Limit:	Limits are specified by regulator on the components of liquidity ratio that are not to be exceeded.
Limit:	Limits that are set internally on some liquidity monitoring components to be specified in Risk Appetite.
MAT:	<ul style="list-style-type: none"> Serves as a hard trigger, to ensure that management's risk profile does not exceed the Bank's maximum acceptable risk. When MAT is exceeded, corrective action must be taken to restore the position.
Alert:	Serves as a soft trigger to remind management that the risk profile is at a high level.

Liquid Assets

The Bank manages the components of both short-term and long-term liquid assets. Short-term liquid assets are liquidity reserves that are managed by the Bank to support operational needs, while long-term liquid assets are the components that can be redeemed at any time and can be accepted by the market as liquid assets, in the event the Bank needs significant liquidity, particularly in the event of an unexpected situation. Limitations on the management of liquid assets are adjusted to the criteria and the character of the deposit. The sufficiency of liquid assets is monitored by the liquidity ratios that are regulatory in nature and which recognize internal needs.

With the enactment of the LCR, the Bank monitors the adequacy of liquid assets for potential cash outflows over the next 30 days. The Bank also adjusts the liquidity instrument criteria to be managed. This is in line with the applicable regulations. The management of liquidity composition between Level 1 and Level 2 is always maintained by monitoring the adequacy and benefits provided with the constraints of fulfilling LCR figures above the set limits.

Statutory Reserves (GWM)

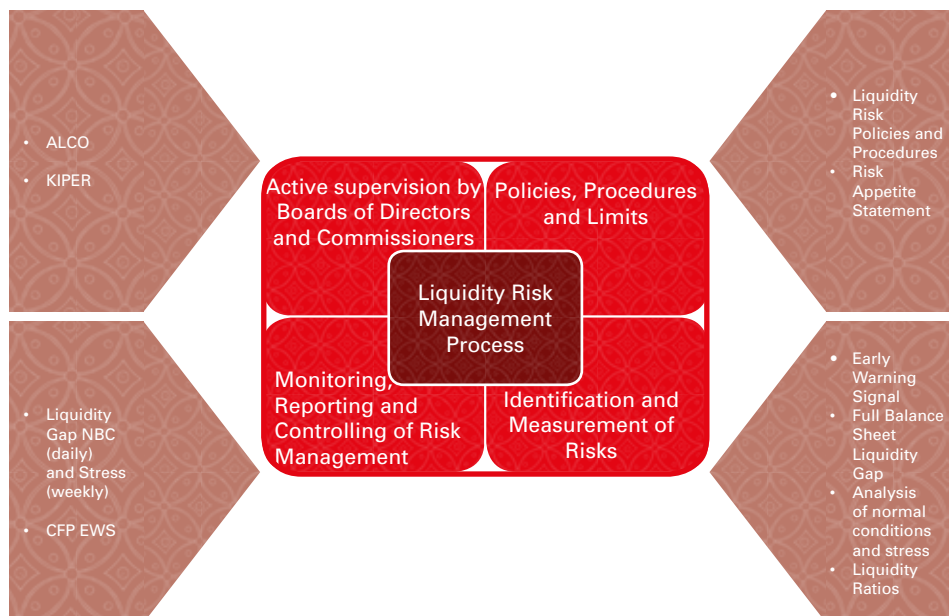

CIMB Niaga has fulfilled its main Statutory Reserve requirement (GWM) in accordance with regulator requirements to maintain a certain minimum deposit reserve requirement at the Central Bank based on the percentage of third party funds held by the Bank. The Bank has also comply with the secondary statutory reserves requirement to have a minimum amount of liquid assets as prescribed by regulators.

Internal Control

Bank periodically updates its liquidity risk policies and limits. The limit is updated to accommodate changes in liquidity conditions in the financial markets. Reviews of policies and procedures carried out on an annual basis and approved by the management in accordance with the level of policy or procedure.

An independent party assesses the adequacy of policies. This requirement is fulfilled by Internal Audit, while reports are submitted to management and the Audit Committee for further action.

The following is a brief illustration of the CIMB Niaga liquidity risk management framework

RISK MANAGEMENT

D. OPERATIONAL RISK

With the globalization of financial services, financial products continue to grow more complex and diverse in the market that become more competitive, and the development of rules and regulations by the regulators, financial institutions are faced with the challenge of managing unexpected loss.

The risks of human error, failure of information technology, and processes of daily operations, as well as fraud and illegal acts must be minimized to maintain the Bank's operational and functional activities.

Operation Risk Tool

CIMB Niaga understands that the main factor for proper operational risk management is by fostering discipline and risk management culture in the Bank's organization comprehensively. The active role of every employee is to support an effective and efficient operational risk management program and to accomplish the ORM Mission Statement.

The ORM Mission Statement of Bank CIMB Niaga is:

"To foster a risk management culture and implement best practices based on international standards with the assistance of the system as a

continuous effort in managing operational risks, and to protect the interests of the stakeholders and shareholders of CIMB Niaga from operational risk losses."

To support this, the operational risk management process must be carried out effectively. The Bank uses operational risk instruments such as Risk Control Self- Assessment, Key Risk Indicator, Loss Event Data Management, Control Issue Management, New Product Approval, and Significant Change Assessment Process' to detect operational risks as early as possible.

CIMB Niaga already has the Operational Risk Management Unit and Anti-Fraud Management Unit as the second line of defense, and function of Checks and Balances as the third line of defense, or Internal Audit for managing operational risk.

Governance

The Board of Commissioners and the Board of Directors perform active supervision of operational risk management, through the evaluation of the Risk Committee at the level of the Board of Directors and Board of Commissioners. Overall, the Board of Directors is responsible for ensuring proper supervision of the Bank's operational risks. The Board of Directors sets the risk appetite and risk tolerance levels consistently and in line with the Bank's overall business objectives and expected risk profile.

The Board of Directors has full responsibility for the establishment and supervision of the Bank's operational risk management framework to ensure that operational risks are properly managed. With the assistance of the Risk Control Unit, independent work unit in each line of defence, each business manager is responsible for managing operational risk and compliance in his/her respective area. The responsibilities include maintaining internal controls, in accordance with the scale and nature of operations, identifying and assessing risks, designing controls, and monitoring the effectiveness of the controls. The operational risk management framework assists them to fulfill their responsibilities by setting the standards for risk assessment methodology and providing tools for systematic reporting of operational risks and better operational risk mitigation processes.

Policies, Procedures and Limit Setting

CIMB Niaga has established bank-wide policies for operational risk management. For daily operational implementation techniques, the Bank has also established procedures that govern the flow of operational activities, duties and responsibilities, authority limits and boundaries, lines of reporting

and escalation, markers, checks, as well as approval.

The policies and procedures are periodically reviewed and updated to develop and strengthen the corporate risk culture and good corporate governance.

In managing operational risk, the Bank adheres to the following principles:

- The Bank has a risk appetite that is in accordance with applicable laws and regulations.
- The Bank will only conduct activities on products, services, and locations with adequate control of infrastructure and adequate level of expertise together with a true understanding, in order to carry out operational risk management.
- The Bank will only approve new products and transactions, products, and markets where the Bank has the expertise and capability to perform effective and proactive risk management eg; the ability to identify, measure, manage, monitor, and report on risks encountered, as well as other risks associated with the products and transactions. Each new product and service must be developed in a comprehensive manner and must be approved by the Committee at the Board of Directors' Level.
- The Bank evaluates and continuously improves its policies and procedures to support operations and risk management in all types of Bank products and activities.
- The Bank requires each operational unit and activity to follow full business continuity procedures and to have access to disaster recovery facilities.
- The Bank provides adequate levels of resources and systems to address current business activities and future plans.
- Risk-taking authority is only granted to staff with adequate skills and expertise, in accordance with the level of risk.

RISK MANAGEMENT

- The Bank separates duties and functions based on “Four Eyes Principle” concept to ensure objectivity and avoid conflicts of interests.

Risk Management Process

The operational risk management process begins with identification, measurement, control, and management, as well as follow-up and reporting of operational risks that are inherent to the Bank’s main products, activities, processes, and systems.

1. Risk Identification

- Identify and define events that have an impact on the achievement of a specific objective of Bank’s business and support functions.
- Conduct reviews on various sources of risk.
- Establish a comprehensive list of possible scenarios for operational risk exposures.
- Sort different types of operational risks according to their categories.

2. Risk Assessment

- Determine the possibilities or opportunities for risk events in the future.
- Evaluate the impact of the current risk events.
- Determine the level of risk, whether acceptable or unacceptable.

3. Risk Control and Management

- Prepare the plan for risk mitigation
- Review all possibilities that could be a source of operational risk mitigation
- Re-evaluate the risks if necessary and perform priority adjustments.

4. Follow Up and Risk Reporting

- Follow up on the results achieved during implementation.
- Monitor the operational risk exposure and the operational risk mitigation implementation processes.
- Report operational risk exposures to senior management, the committees, and the regulators.

MITIGATE - How do we fix the issue??

- Corrective mitigation plan
- Risk Acceptance

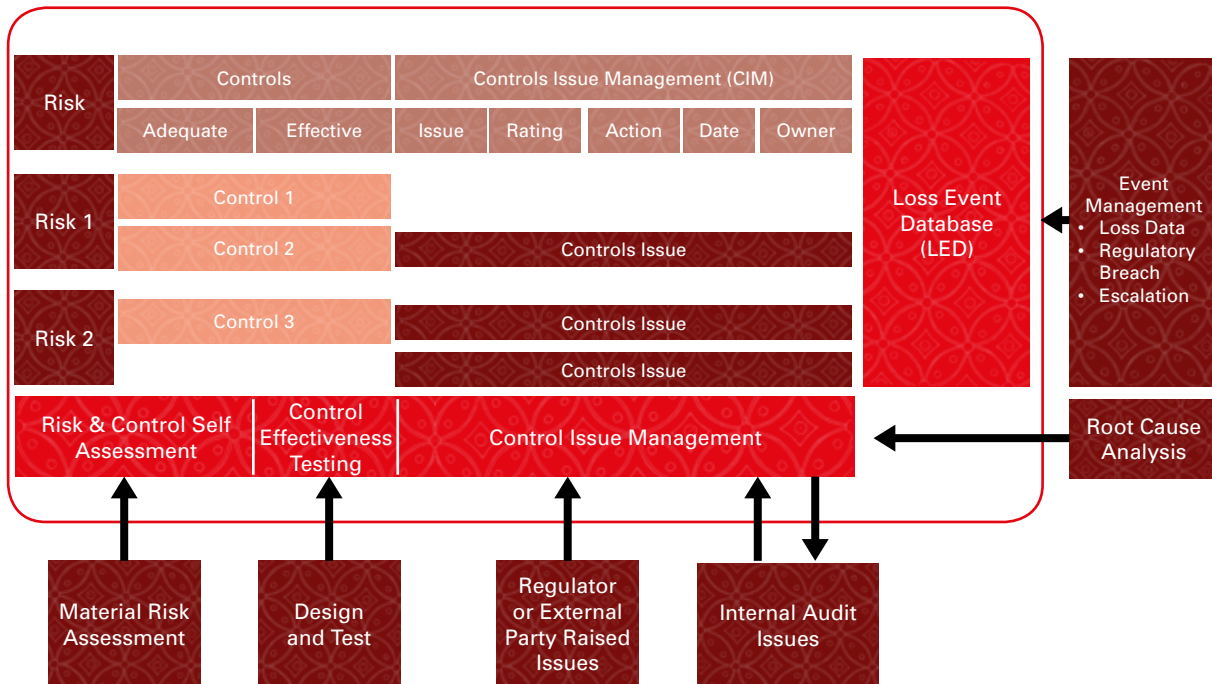

The following are the principles of the operational risk management information system:

1. CIMB Niaga uses an information system that meets the needs of effective operational risk management. The current system and technology are in accordance with the nature and volume of transactions, and the needs of the Bank.
2. Communication systems enable deliverable of information effectively, which includes information on operational risk management policies and procedures, operational loss exposures, and operational performance.
3. The management information system supports operational risk management processes, including the process of identification, measurement, monitoring, and risk control as well as the decision making process by the management.
4. The Board of Directors and management must allocate resources (financial and personnel) optimally to support the operation, development, and maintenance of the system.
5. In using information technology, the management of the Bank must use a rigorous, comprehensive, prudent, and accurate analysis process to identify and quantify risks and to ensure that risk control is implemented to manage risk exposure.
6. In conducting the development, procurement, and using information technology, the Bank is required to take controlled measures to generate a system protecting data confidentiality and integrity, as well as supporting the achievement of the Bank's objectives, including to:
 - Establish and implement the procedures and methodology for the development and procurement of Information technology consistently.
 - Have strong project management in development of the system.
 - Conduct adequate testing during the development and procurement of a system, including pilot testing with the user of the unit, to ensure the accuracy and functioning of the system according to the needs of the users and the suitability of one system with other systems.
 - Compile documentation of the developed system and its maintenance.
 - Introduce a change in management for an application system.
 - Implement an adequate information technology security system.
7. The Bank must have a system support and operational capacity that can accommodate all business activities, including:
 - Provide accurate and timely input
 - Identify errors
 - Perform a process and completion of all transactions in an efficient, accurate, and timely manner.
 - Ensure confidentiality, accuracy, and security of transactions.
 - Perform reconciliation in an efficient manner.
 - Allow monitoring of risk exposure.
8. The management information system must be able to provide complete, accurate and timely reports and information on operational risk exposure for the decision making process by the Board of Directors.

RISK MANAGEMENT

For the operational risk management information system, the Bank already has and utilizes the SHARP application, in support of comprehensive operational risk management, which is automated in accordance with regulation and best practice in banking.

In the process of improving operational risk awareness and culture, the Bank has conducted periodic socialization to all existing units, either through workshops, training, sharing sessions, or through articles in the internal Bank magazine, and through email blasts. Through comprehensive and integrated operational risk management, each employee is responsible for minimizing the occurrence of risk in his/her daily operational activities, by implementing a built-in control mechanism and ensuring compliance with the policies and procedures that are applicable in each activity. With the new training concept, that was introduced through 'Learning on the Go' via employees' cellular phones, expected increasing the efficiency of the training to improve the risk awareness culture.

Internal Control

In the implementation of an effective internal control system, there is a clear separation of duties and responsibilities in order not to cause a conflict of interests. Any potential conflicts of interests must be identified, minimized, and monitored independently, by defining the reporting path and a clear separation of a business unit from the work unit performing the control function.

Internal control systems in support of operational risk management include:

- Conformity of the internal control system with the type and level of risk inherent to the business activities of Bank CIMB Niaga.

- Establishment of authority and responsibilities for the monitoring of compliance, procedures, and limits.
- Establishment of clear reporting lines and a clear separation of functions of business/supporting units to the units that implementing the control functions.
- Organizational structure that clearly illustrates the Bank's business activities.
- Adequacy of procedures to ensure the Bank's compliance with the prevailing laws and regulations.
- Effective, independent, and objective review of the assessment procedures of the Bank's operational activities.
- Periodic and continuous verification and reviews of the management of the Bank's weaknesses to rectify the deviations that occur.

An effective internal control system requires the establishment of an appropriate control structure, by describing the control activities at each business level. This includes reviews by top management; appropriate control activities for each of the different sections or divisions; supervision of compliance with limit exposures and follow-up of non-compliance; systems of approval and authorization; and verification and reconciliation of systems.

In the implementation of an effective internal control system, there is a clear separation of duties and responsibilities, as well as the appointment of non-conflicting employees. Any potential conflict of interests must be identified, minimized, and independently monitored.

RISK MANAGEMENT

E. LEGAL RISK

Legal risk is arising from lawsuits and/or weakness of judicial aspect. In addition, this risk can arise due to the absence of underlying legislation or weakness of the engagement, such as the non-fulfillment of the legitimate terms of a contract, or an agreement containing a weak clause and/or the failure to fulfill the agreed terms and conditions.

Governance

CIMB Niaga implements legal risk governance by establishing the risk appetite where management has high legal risk awareness, and the Bank always applies adequate legal risk mitigation for all business activities.

In principle, legal risk management is the responsibility of the Board of Commissioners and the Board of Directors, and all employees in the Bank. This is in line with corporate policy, governance and codes of ethics/code of conduct, which define the values adhered to by the Bank and set the standards of conduct for the Board of Commissioners and the Board of Directors and employees of the Bank. Furthermore, the Board of Directors may assign legal risk management to be executed by the legal organization under the Designated Legal Director with the structure, duties and competencies in providing support/legal assistance on the entire business segmentation, including legal policies. The unit that performs the legal managerial functions is the Legal Risk Management Group.

In addition, legal risk profile reports are submitted periodically to the Board of Directors and Board of Commissioners. Based on the reported results, the Board of Commissioners and Board of Directors evaluate and take those corrective actions necessary to improve the quality of the Bank's legal risk management.

Policies, Procedures and Limit Setting

The Bank already has policies and procedures to manage legal risks, namely guidelines that provide legal advice for Bank actions in accordance

with the applicable regulations, both internal and external. Policies on legal risk management are communicated to employees via e-manual system and e-mail blasts. The Bank also attempts to increase employee legal awareness through programs such as legal training. In addition, the Bank ensures the sufficiency and quality of legal opinions, advisory, HR competence in legal organizations to mitigate legal risks.

Risk Management Process

The Bank ensures adequacy in the process of identifying, measuring, monitoring, and controlling risks, as well as risk management information systems to avoid possible litigation or lawsuits.

Identification, measurement, monitoring, and control process (to prevent/or minimize) of legal risks handled by legal unit. The legal risk management process is conducted starting with the process of establishing a banking product, preparing the policy and/or prior to a transaction, up to the settlement of legal issues that occur, including performing a post-mortem review of the legal aspects of a product or a transaction, as well as the professional handling of the legal handling process and reserving funds for the cost of potential loss (if required).

Internal Control

The legal organizational unit performs the functions of Legal Quality Assurance, Risk Management Unit, and Internal Audit Unit, and conducts comprehensive internal control in the risk management process through a periodic review process.

F. STRATEGIC RISK

The Bank's business growth in the future is closely related to the strategic decision-making of the Bank. Therefore, the Bank always strives to improve the quality of strategic risk management, so that risks that may emerge from inaccuracies in strategic decision making and implementation, as well as failures to anticipate changes in the business environment, can be minimized or avoided.

Governance

The Board of Commissioners and the Board of Directors conduct active regulatory and supervisory functions in accordance with their authority and responsibility to determine the direction, strategy, and business focus of the Bank. The Board of Commissioners and the Board of Directors as well as senior management also ensure that risk management processes are in accordance with the Bank's risk management framework and business plans. Each year, the Bank's business strategy and focus are stated in the Bank Business Plan (RBB), which is formulated by the Board of Directors, approved by the Board of Commissioners, and reported to the Financial Services Authority (OJK). The entire strategy is developed in line with the Bank's vision, mission and corporate culture, which translated into financial and non-financial parameters, as the guidelines for all employees to perform their roles and responsibilities.

The Board of Directors provides general directives to all units related to the focus of each unit. The Board of Directors and senior management periodically conduct the performance evaluation of the Bank's strategy implementation every month, through the Performance Management Meeting (PMM). At the Board of Commissioners' level, performance evaluations are also conducted on a regular basis to ensure that business decisions taken by the Board of Directors have a positive impact on the Bank, in line with the strategy and effectiveness, to provide added value for the shareholders.

Strategic risks are managed by the Strategy Unit, which is under the coordination of the Strategy and Finance Director, who is responsible for submitting the Bank's performance to the Board of Commissioners, the Board of Directors, and regulators.

Policies, Procedures and Limit Setting

The Bank formulates general policies as a strategic guide and the focus of Bank business. As an initiative in the risk identification process, and to respond to changes in the business environment, both externally and internally, the Bank performs regular analysis of the banking industry in terms of macro and micro economic factors that could affect the Bank's revenues and business continuity, across all lines of business.

The general policies or strategic directives formulated by the Bank are divided into short-term and medium-term perspectives. One form of implementation is to formulate the Bank Business Plan (RBB), which includes business activities plan of the Bank for the short term (one year) and medium term (three years), including plans to improve business performance, plans for new products and activities, network development plans, as well as strategies in accordance with the set target and timelines, while complying with prudential principles and good risk management practices.

Monitoring progress of the Bank's RBB realization is conducted periodically every 3 (three) months; furthermore, the Bank regularly monitors its financial performance on a monthly basis through the PMM. This enables the Bank to quickly identify and respond to changes in the business environment, both externally and internally, in accordance with developments in the industry.

The Bank's vision is "Becoming a Leading Bank in ASEAN" with the mission of "Providing integrated universal banking services in Indonesia, be an outstanding company in the ASEAN region and other main regions, and assist in the acceleration of ASEAN integration with other regions"

To accomplish the vision and mission, the Bank has implemented medium-term strategy pillars that have become the main reference in conducting its

RISK MANAGEMENT

business. They are: Focus on the business lines that are the strengths of the Bank, strengthen the funding structure by focusing on CASA, show discipline in cost management, maintain the level of capital and balance in the risk management culture, and develop and leverage of information technology. In addition, to strengthen its business, the Bank will continue to augment synergy, and consolidation with its affiliates and subsidiaries.

Risk Management Process

The Bank continuously ensures the adequacy of strategic risk identification, measurement, monitoring, and control processes, by analyzing the realization of the business plan as well as the business environment. One of the identification processes is through a review of factors that affect the performance of business units, products, activities, and subsidiaries.

The strategic risk measurement process is carried out using several parameters such as analyzing the conformity between the current strategy with the business environment, the Bank's position among competitors, and the realization of the established Bank Business Plan (RBB). The Bank constantly monitors the achievements of its business plans and performance through key financial indicators such as total loans, total third party funds (including CASA portion of total third party funds), ROA, ROE, CAR, LDR, NPL, NIM, BOPO and other major ratios.

Information related to strategic risk profile measurement results is also conducted quarterly and submitted to the regulators.

Internal Control

Strategic risk management control includes regular monitoring of the Bank's performance that impacts revenue and strategic risk management culture involving all of the Bank's lines of business. The Board of Commissioners and the Board of Directors adopt and maintain strong internal control and ensure that the management implements and communicates these internal controls throughout the organization.

The Bank also seeks to increase strategic risks management by determining the measurement of success of a strategy based on measurable and trackable figures through various employee performance indicators.

G. COMPLIANCE RISK

The main objective of compliance risk management is to minimize any possible negative impact on the Bank's behavior that violates the prevailing rules and regulations. The Bank's compliance risk management is based on the following compliance principles:

- a. Compliance starts from the top
- b. Compliance is a shared responsibility
- c. Prevailing laws and regulations fulfillment
- d. Competence and integrity
- e. Stakeholder- oriented
- f. Dedication to the Bank.
- g. Problem solving- orientated.

Based on the above compliance principles, compliance risk management is carried out as follows:

Governance

The Bank is committed to compliance principles implementation and establishment of a compliance culture, as stated in the Compliance Charter, which was formulated and approved by the Board of Directors and the Board of Commissioners. The Compliance Charter contains the Bank's commitment to implement ethical and compliance standards towards laws and regulations, as well as compliance risk management.

The Board of Commissioners and the Board of Directors perform active oversight on compliance risk management to ensure effective compliance risk management implementation in supporting compliance culture.

CIMB Niaga appointed a Compliance Director supported by the Compliance Management Unit (SKK) as an independent unit that carries out compliance functions and is directly responsible

to the Compliance Director. The Board of Commissioners and the Board of Directors periodically receive Bank compliance reports and provide necessary direction to achieve the Bank's compliance culture. CIMB Niaga also submits periodic compliance status and activity reports to the regulators.

Policies, Procedures and Limit Setting

Compliance risk management strategy is determined based on the Bank's commitment to comply with regulation and sound banking standard practices to provide added value for all stakeholders. Managers in each unit are directly responsible for compliance implementation in their respective units, including ensuring corrective measures for non-compliance and supervision of the corrective action implementation.

In order to support all units to implement compliance, Compliance Management conducted compliance programs during 2017, such as the compliance matrix, discussed further in a specific section regarding Compliance Management.

Risk Management Process

The CIMB Niaga compliance risk management process is conducted in order to minimize the impact of compliance risk. Compliance risk identification is conducted proactively, for example through regulatory changes gap analysis (external factors) up to periodic self-assessment (or as required) of the business activities and operational development towards the regulation (internal factors).

Compliance risk profile measurement is conducted through Bank-wide and individual unit self-assessment using internal methodology and complies with the minimum regulatory requirements conducted independently by the Compliance Management Unit.

Based on the assessment results, risk monitoring is conducted periodically to ensure that the specified risk control measures will be able to minimize the impact of compliance risk. The compliance risk profile is reported to the Board of Directors, the Board of Commissioners, and the regulators periodically.

Internal Control

Internal control for compliance risk management is supported by adequate compliance policies and procedures, active socialization and training on external regulations, conducting compliance tests on new policies, procedures, and products and activities, including monitoring the commitment to regulators. Other independent units, such as the Risk Management Unit and the Internal Audit Unit (IAU), also review compliance risk management.

H. REPUTATION RISK

Reputation risk is due to the declining level of stakeholder confidence as a result from negative perception of the bank.

Governance

The Board of Commissioners and the Board of Directors actively supervise the Bank's management of reputation risk through the monitoring on the level of risk, reputation risk mitigation process as well as reputation risk governance. As one form of Board of Directors active supervision on the management of reputation risk, CIMB Niaga has created the Marketing and Communications Committee, a committee at the level of Board of Directors, chaired by the Consumer Banking Director. This committee is responsible for providing direction to the Bank's brand management including strategy, value proposition and positioning. In addition, the Bank's CX Steering Committee regularly supervises issues in customer experience, mainly in the handling of customer complaints. Reputation risk is also one of the issues addressed by the Operational Risk Committee (ORC).

RISK MANAGEMENT

To facilitate effective reputation risk management, the Bank established units such as Corporate Affairs, Marketing, Brand and Communications, Media Relations, and Customer Experience. Overall, the Bank continues to strive to instill the importance of reputation risk management to all employees through the dissemination socialization of the Bank's vision and mission and internalize Bank values.

Policies, Procedures and Limit Setting

Policies and mechanism to improve service quality to customers and other stakeholders to control reputation risk are well embedded within each unit in the Bank. The management emphasizes that all businesses and supporting units, as the first line of defense, are responsible for maintaining the Bank's reputation. Moreover, the Bank also has regulation and supporting procedures in place for handling customer complaints and its escalation processes.

Furthermore, the Bank constantly improves reputation risk governance that includes the evaluation of risk level taken (risk appetite), and risk tolerance through monitoring of outstanding issues, the perception of stakeholders, and the publication of print media, both newspaper and articles containing complaints and customer feedback. Similarly, evaluation is conducted through Phone Banking and corporate social media accounts, such as Facebook CIMB Niaga, twitter @CIMBNiaga, and Instagram cimb_niaga. In the process of improving this service, Bank's social media accounts are currently operating 24 hours a day. This is conducted to answer customer inquiries that have now begun to migrate to social media.

Risk Management Process

In managing and identifying reputational risks, the Bank is supported by organizational units, such as the Marketing, Brand, and Communications Unit that reports substantial issues, particularly issues with a significant effect on the Bank's reputation, position, and branding.

In regards to customer complaints, CIMB Niaga provides various customer complaint channels, such as face-to-face in branches, phone banking, and the Bank's social media accounts. The measurement of reputation risk can be observed from the amount and materiality of customer complaints, complaint handling satisfaction, as well as negative reporting that may affect the reputation of the Bank. The OMPK (Automation Monitoring of Complaint Handling) System is used to record Bank-wide customer complaints, in which every complaint recorded can be directly forwarded to the appropriate unit to be addressed and resolved.

In regards to monitoring and controlling reputation risk, Customer Experience Unit is responsible for supervising the total number of complaints from customers via various channels, including complaints submitted through regulators and the complaint handling success rate through use of customer surveys. Feedback submitted by customers is then followed up to improve the quality of the Bank's services. This unit also ensures that customer complaint handling and management has been carried out properly and in accordance with provisions of regulators.

In addition, the Bank through the Media Relations Unit is constantly vigilant of news reports and customer complaints submitted via the media and responds swiftly, accurately and accountable. The Corporate Affairs Unit also facilitates coordination with external parties.

The Bank collaborates with business partners to conduct thorough reviews on both the legal as well as the business aspects of the complaints. Furthermore, in order to provide the best and most suitable services to customers, for complex products, the Bank conducts analysis of product conformity and suitability with client risk profiles, as well as informing them of the risk and return aspects in a transparent manner.

In times of crisis, should a case or events arise and that could potentially harm the reputation of the Bank, it sets up a preventive measure by preparing the Standby Statement and Frequently Asked Questions (FAQ) to respond to media or customer inquiries related to the issue. This measure is to anticipate possible emergence of and mitigate negative perceptions that may harm to the Bank before becoming a major issue in the media.

CIMB Niaga also undertakes reputation risk management through Public Relations, Corporate Social Responsibility (CSR), fast response to customer complaints, and consistent Good Corporate Governance.

Internal Control

Bank has an internal control system for reputation risk management, encompassing periodic reviews of negative publicity or substantial complaints, which might impact the Bank's reputation, and reputation risk management culture that involves all lines of business. The Bank has a system to identify and assess reputation risk, as well as control activities monitored by the Risk Management Unit.

The Bank utilizes information systems and effective communication in the risk management process. Control of risk is conducted by taking immediate corrective measures, allowing reputation risk to be maintained in accordance with the Bank's risk tolerance limits.

**IN YOUTH WE LEARN ABOUT LIFE,
IN AGE WE UNDERSTAND**

Batik Grompol

In the Javanese language, 'grompol' or 'grombol' means 'get together' or 'unite'. For youths, wearing batik Grompol may symbolize one of the important life attribute, namely 'togetherness'.

HUMAN RESOURCES

Human Resources (HR) is one of the main pillars of the Bank's focus to support the realisation of CIMB Niaga's strategy.

CIMB Niaga's Human Resource strategy and management are constantly and continuously aligned with market changes, particularly in the banking industry, to ensure that the Bank adapts and adjusts rapidly, dynamically with high agility while keeping professionalism and integrity intact.

HR FOCUS AND STRATEGIC PLAN IN 2017

In order to realize CIMB Niaga's strategy and respond to challenges in the industry, the development strategy of CIMB

Niaga's Human Resources in 2017 was focused on 4 main priorities:

1. HR Automation
2. Grow Our Own Talent
3. Sustainable Process Improvement across all HR Pillars and Organizational Effectiveness
4. Implementation of Corporate Core Values and and Nurturing Risk & Compliance Culture

HR Automation

The rapid development of technology has become the catalyst for the development of systems in Human Resources in

CIMB Niaga. Automation for HR operational services has led to a more efficient, effective and better turn-around time which improve service quality. The initiatives carried out throughout 2017 include:

1. Enhancement of Employee Learning System (Learning Content Management System)

CIMB Niaga has enhanced an e-learning system for employees that can be accessed through computers via intranet networks to reach a wider range of learners. The employee learning system is equipped with online features for registration activities, approval, evaluation and training certificates and thus improve the efficiency and effectiveness of employee learning activities.

2. Development of Recruitment System (E-Recruitment)

E-recruitment is a system to monitor status and calculate the time required (turn-around time) at each stage of the recruitment process. Through the availability of the e-recruitment system, the recruitment process is expected to become more practical, transparent and accountable.

3. Development of Self-Service System

The HR self-service system was developed to expedite employment needs such as benefit claims, employee resignation and other matters. With the development of the self-service system, it became easier for employees to request and access information related to employment.

HUMAN RESOURCES

Grow Our Own Talent

CIMB Niaga understands that the Bank's ability to recognize and manage talents strategically can deliver a sustainable competitive advantage. Attracting high quality talent in the market is becoming more difficult due to market competition and as such the need to build talent internally is critical.

To ensure the availability of leadership talent regeneration, CIMB Niaga has implemented future leader development programs through The Complete Banker (TCB) program and specific Development Program (DP). During 2017, 503 fresh graduates joined CIMB Niaga through these development programs.

In addition, CIMB Niaga has also identified key positions and implemented succession planning framework in a structured and integrated manner through the HR Committee. By 2017, 155 key positions have been identified as well as their successors.

Furthermore, CIMB Niaga also develops career path models for each organizational unit that can be used as guidance for employees in planning their careers more effectively. Through the career path models, employees can recognize the competencies required to achieve a certain position and how to achieve it.

Sustainable Process Improvement across all HR Pillars and Organizational Effectiveness

The Human Resources Directorate of CIMB Niaga believes that continuous process development and improvement is the key to making the Bank relevant amidst continuous market changes. The process improvement initiatives in 2017 were focused on risk management practices and increased control over operational processes.

Several initiatives undertaken were, established talent database management, established outsource database management, updating HR risk indicators, raising risk awareness through self-identify operational risks in HR processes and activities, as well as updating HR policies and procedures to align with current regulations and make them consolidated and easier to comprehend.

In addition, CIMB Niaga evaluates organization effectiveness in a sustainable manner to ensure the organization architecture supports the realization of the Bank's strategy as well as to keep it relevant in responding to the market changes.

Therefore, in 2017 CIMB Niaga conducted a structured and comprehensive review of several business unit organizations with the scope of organization layers, span of control, job evaluations, duplication function analysis, productivity levels, portfolio analysis and updating of job descriptions.

Implementation of Corporate Core Values and Nurturing Risk & Compliance Culture

In adapting to social behavioural changes both internally and externally, CIMB Niaga emphasizes the importance of internalizing its corporate core values as the foundation of workplace behaviour.

The 5 Core Values of the Bank as reflected in CHESI (Customer Centric, High Performance, Enabling People, Strength in Diversity and Integrity) are manifested through the 3 (three) critical behaviours that must be performed consistently by every employee.

The 3 (three) critical behaviors are; Go the extra-mile to delight customers; Respect each other, engage openly and work together; Recognise each other's efforts and always back each other up, proclaimed in the program *A Better CIMB* (ABC).

CIMB Niaga believes that the 3 (three) critical behaviours will support the Bank's acceleration in facing social behavioural changes, providing excellent service to customers and increasing synergy among individuals, units or functions. In 2017, the process of internalizing corporate core values is done through a number of activities, including:

1. Board of Directors Symbolic Act initiatives to discuss and listen to employees' aspirations directly, building better communication and collaboration. During 2017, 72 sessions were conducted.
2. Established and expanded Informal Leaders and Business Sponsors in various units to actively serve as role models in implementing 3 Critical Behaviours on a daily basis. During 2017, 627 Informal Leaders and 70 Business Sponsors have been identified.
3. Cultural Campaigns, thematic activities related to corporate culture implementation, such as *Culture Day*, passing on *ABC Torch of Recognition* from Directors to top employees to express management appreciation, presenting thank-you cards to employees with positive contributions, environment awareness movement such as *Care with our Home* program, as well as other activities to nurture greater internalization of corporate core values.

CIMB Niaga continuously strives to improve risk and compliance culture through various initiatives, such as, launched the new Code of Ethics & Conduct, whistleblowing campaigns, zero tolerance to fraud campaigns, and internal and external risk management certification for all employees through in-class sessions and digital learning.

Recruitment System

CIMB Niaga emphasizes the principle of transparency, fairness and equality in every recruitment process. In attracting the best talents, CIMB Niaga requires human resources with high quality, integrity and competence, and meet the Bank's needs. To that end, CIMB Niaga has implemented constructive and strategic recruitment strategy and system to ensure only the best talents join the Bank. One of the best

SATRIA AJI MUFATRA

The Complete Bankers IX
MSME Business & Product
Development

CIMB Niaga never stops bringing positive changes in my life. Graduating from CIMB Niaga Overseas Scholarship Program, I joined The Complete Banker (TCB) program which is the right choice for those who keen to pursue their career in banking industry as it challenges young talents to strive for the best while instilling unique values.

This program also provides opportunities to express my passion which empowers me to contribute to other external social events and activities.

AISHA STEPHANIE MUNAF

The Complete Banker VI
Corporate Strategic Initiatives Specialist

I have always wanted to work in a dynamic entity which allows me to learn broad ranges of skill and joining The Complete Banker (TCB) program has been the right choice as it enables me to learn end-to-end Banking skills.

This program also enables me to take part in the Bank critical initiatives and build network across functional units, ASEAN region and top Management.

For me, TCB program succeeds in nurturing young talents to become solid and well-rounded professional Bankers and future leaders.

ways to do this is through background checking of the prospective employees, including educational history, employment history, financial condition history (SID & AML), social media and health conditions.

To attract the best talents, the Bank recruits talented individuals both internally and externally.

A. Internal (from within the Bank)

Fulfilling talent internally is done through employee movement as governed by the 2+3+3 policy, which provides opportunities for employees to work in other units to expand their experience and career development aligned with required conditions and qualifications.

B. External (from outside the Bank)

Meanwhile, fulfilling talent externally is done through various methods, including:

1. Using various channels, such as campus recruitment, job portals, social media, job fair and others
2. Developing external talent mapping and strengthening market intelligence for key positions
3. Providing external scholarship programs to underprivileged students who excel, followed by providing career development opportunities at CIMB Niaga after they graduate
4. Providing an entry level development program for fresh graduates to prepare future leaders of the Bank or to pursue a particular specialization. Several development programs that have been conducted include: The Complete Banker (TCB), Relationship Manager Development Program, Small Medium Enterprise Development Program, Transaction Banking and Commercial Banking Development Program and Teller Development Program

5. Collaborating with a number of Indonesia's leading universities such as UI and SBM ITB in order to provide the opportunity for best students to participate in the selection process of entry level positions at CIMB Niaga
6. CIMB Niaga also opens employment opportunities to people with disabilities, who qualify for certain positions in an effort to contribute back to the community. Currently, CIMB Niaga has hired 58 individuals with special needs for telesales and phone banking officer positions, an increase of 7 individuals from 2016 and the Bank is committed to continuously increase the involvement of people with disabilities
7. Developing various communication tools to strengthen the Bank's image and employee value proposition in attracting talent in the marketplace
8. Referral or recommendation from employees
3. Integrated development program for young talents to grow future leadership competencies through *The Complete Banker* program and *Development Program*. In 2017, CIMB Niaga recruited 503 young talents to be developed.
4. Leadership discussion program involving senior CIMB Niaga leaders to share their experience through Leadership Café Program or *Learn from The Master* on a regular basis
5. Pioneering the development of digital ecosystems and capabilities to respond to changing customer and market demands through the *Digital Leadership Series* program and establishing a special unit to support digital initiatives and innovations.
6. Continuously synchronize the ABC and risk & compliance culture in each employee's competency development program, so that employees are ready to face rapid changes in the global market while still uphold the corporate core values

Competency Development

CIMB Niaga ensures that every employee has equal opportunity to excel and develop their potential, skill and opportunities. Therefore, the development of human resource competency in CIMB Niaga is conducted using an integrated approach designed to cater employee's needs, as well as organizations and business objective.

Moreover, human resources development programs in CIMB Niaga are as follows:

1. Integrated education and training program designed to develop personal, managerial and leadership competencies as well as specific functional and technical competencies required to support business objectives, such as selling skills, customer service excellence, digital banking, transaction banking, sharia, credit, risk management and compliance
2. Integrated leadership development programs through assessment, performance monitoring, certification and sustainable development in order to support employee's career development starting from entry level to middle management and senior leadership levels

Furthermore, development of employee's competencies are conducted not only through internal and external training programs but also conducted through overseas learning and assignment programs. CIMB Niaga also conducts employee exchange programs to provide opportunities for employees to gain experience through assignments in various countries where there is a CIMB Group representation, called the Global Employee Mobility (GEM) program.

Education and Training

CIMB Niaga competency development is done through comprehensive education and training by means of in-house or external programs. Education and training programs are designed under several considerations such as effectiveness, efficiency, impact and learning objectives. Throughout 2017, 12,779 employees (including development program participants) have participated in training and education programs with an average of 46 hours of training per employee.

HUMAN RESOURCES

Several education and training methods that were implemented include Academy, Coaching and Mentoring, as well as Online Learning (E-Learning).

1. Academy

The employee's capability and competence development program is done through an academy approach which integrates series of activities that begins with recruiting, training, performance monitoring, as well as recognizing best achievements. By the end of 2017, CIMB Niaga had launched numerous academies covering almost all of the Bank's business, such as Service Academy, Sales Academy, Micro Small & Medium Enterprise Academy, Syariah Academy, Leadership & Culture Academy, Business Banking Academy, Treasury Academy, Enablers Academy, Risk Management Academy and Credit Academy. To support and develop the right competencies through the academy approach, CIMB Niaga has engaged 556 internal trainers throughout 2017.

2. Coaching and Mentoring

CIMB Niaga actively promotes coaching and mentoring culture through sharing sessions. This session is done by employees and leaders, with the objective of providing guidance, and learning opportunity for employees. This method has a major impact on employee's personal development, fostering self-confidence, optimism and working spirit. During 2017, 684 leaders and employees were actively involved in coaching and mentoring sessions.

3. Online Learning (E-Learning)

As an attempt to provide wider access to learning opportunities, the Bank provides training and education program via online, or e-Learning, using the Learning Content Management System (LCMS) system. In 2017, the Bank initiated an enhancement of the LCMS system's capabilities by improving the concurrent user capacity and adding online features for training approval, training evaluation,

and training certification. By doing so, e-Learning method is increasingly in demand due to wider coverage and greater interaction.

Throughout 2017, 12,307 employees (including development program participants) have participated in e-Learning programs, where employees can be enrolled into several training programs. The number of e-Learning participants increased by 200% from 25,533 participants in 2016 to 76,486 participants in 2017. Information on the number of participants are as follows:

* this e-learning program continuous in 2018

In addition, in 2017 CIMB Niaga has also initiated the development of a digital learning content using mobile application-based platform called *Learning on the Go* (LoG). Compared to e-Learning, this platform presents learning materials in various forms of gamification or animation with an interactive and engaging audio visual, that can be accessed online through mobile devices or laptop/PC. Through this digital learning platform, employees are expected to have a fun and meaningful learning experience, as well as increasing training and education programs accessibilities which enable employees to learn anytime, anywhere.

HR Competency Development Budget Allocation

In 2017, CIMB Niaga allocated IDR 168.81 billion, 4.6% of employee's personnel costs, for the development of CIMB Niaga human resources competency. Below are details of budget allocation during 2017 and 2016:

Development Fee (in IDR billion)	2017	2016
Training Implementation	94,744	93,192
External Seminar & Course (Domestic)	4,697	6,553
External Seminars & Courses (Overseas)	303	373
Training Center	16,322	19,865
Training Operational	51,825	49,100
Corporate Culture	927	329
Total	168,818	169,412

Based on the table above, the competency development budget allocation has decreased compared to 2016. Although the cost decreased, the learning participant coverage has increased by 15.3% as CIMB Niaga has optimized the e-Learning platform, facilities and infrastructure of the Bank.

CAREER DEVELOPMENT AND TALENT MANAGEMENT

Talent Management Implementation

An excellent talent management implementation is one of the key strategies in achieving competitive advantage, realizing strategic goals and anticipating future business needs. CIMB Niaga adopted a comprehensive approach in implementing talent management, starting with identification, assessment, development, and monitoring, as well as retaining talented employees.

The implementation of talent management is also integrated with the Bank's Business Plan, as talented employees are important assets for CIMB Niaga. The talent management program provides opportunities for talented employees to sustainably develop and improve both their professional and personal quality with CIMB Niaga.

In 2017, CIMB Niaga has identified key positions and implemented succession planning framework in a structured and integrated manner through the HR Committee. The Human Resources Committee's

function is to ensure that the best talents are developed in accordance with both the individual's and the Bank's needs.

This is done through mapping the employee's strengths and development areas which is then used to define employee performance improvement strategies and employee career development. Throughout 2017, 155 key positions at different levels of management have been identified.

Development of Future Leaders

As one of the main focuses of Human Resources in 2017 is to grow our own talent, CIMB Niaga has consistently conducted various future leader programs to ensure the availability and readiness of future leaders in the Bank. Through the future leader development programs, CIMB Niaga ensures the transfer of leadership within the Bank can be well implemented.

The Complete Banker

The Complete Banker (TCB) is one of CIMB Niaga's excellent management trainee programs aimed to build leadership bench-strength, create professional bankers with competence, integrity and character that is aligned with the Bank's values.

The program runs for 24 months and is designed to equip the participants with general banking knowledge and skills, as well as opportunities for assignment in various business functions/units and involvement in strategic projects to enhance and develop their strategic thinking, innovation, problem-solving, teamwork and leadership. The TCB program is also designed to be integrated with career development plans, talent management, succession plans and retention programs.

With a wide range of abilities and skills acquired, TCB graduates are expected to become Universal Bankers and have a promising career ladder and ready to take senior management positions within the next 7-10 years.

JESSICA SUHANDA

The Complete Banker XIII
ALM Risk Group | Risk Management

Joining The Complete Banker (TCB) program empowers me to step out of my comfort zone, learn about the whole banking system and gain broad based experience through On the Job Training and Projects.

This program also challenges me to be adaptable and confident through exposure and collaboration with diverse teams.

In my opinion, the Management support towards our learning and development truly contributes to this program success.

HUMAN RESOURCES

Since the program first launched in 2010, CIMB Niaga has recruited 286 top university graduates from Indonesia and overseas. Participants who have passed the program are then placed in selected positions in both business and support units. Up to 2017, TCB graduates have occupied the following positions:

TCB 2010-2017	2017	2016
Assistant Vice President	6	-
Senior Manager	48	17
Manager	92	76
Assistant Manager	5	43
Still in Education	60	68
Total	211	204

* excluding those who resigned and/or failed

Periodically, CIMB Niaga also conducts regular meetings attended by senior leaders of HR and related units to discuss the development of TCB in both career and personal aspects. The purpose of the meeting is to ensure the development strategy runs appropriately in preparing young talents to pursue a career path to the top management position of the Bank.

Development Program

The other CIMB Niaga's management trainee program is the Development Program which aims to fulfill specific competency requirements in certain fields or units. In 2017, CIMB Niaga recruited 479 young talents to support business growth and sales capabilities in branches through the Relationship Manager Development Program (RMDP) which focuses on increasing current and savings account (CASA) and Mortgages portfolio; Small Medium Enterprise Development Program (SMEDP) which focuses on increasing loan portfolio for the SME segment; Transaction Banking and Commercial Banking Development Program which focuses on improving commercial loans and transaction banking products portfolio.

In addition, the Bank also focuses on building specialist competencies for front liners through the Teller Development Program (Teller DP).

Human Resource Profile

As of December 31, 2017, the number of CIMB Niaga employees reached 12,782, while in 2016 was 13,185. The number of CIMB Niaga employees is in line with Bank's operational needs in both quantity and quality. The HR profile in 2017 and its comparison with 2016 is reflected in the following tables:

1. Total Employees by Directorate and Sub Directorate

Female	6,758	6,836
Grand Total	12,782	13,185

8. Total Employee Turnover

Turnover	2017	2016
Employee Joining	1,995	1,962
Employee Leaving	2,398	2,354

Equality and Job Opportunities

CIMB Niaga is committed to provide employment opportunities for the best candidates to join and build their career based on principles of equality without discriminating against gender, ethnicity, race and religion in accordance with internal and external regulations. Each employee is given an opportunity to contribute in improving the Bank's performance without discrimination. The manifestation of the principle of equality is implemented throughout recruitment, selection and job placement process including matters related to wages, welfare, social security, work environment, training, and others. One of CIMB Niaga's concrete actions is providing opportunities for the best candidates with disabilities to work and grow with the Bank.

In the case of equality, CIMB Niaga in cooperation with third parties provide employment opportunities for the special needs community as reflected in the information below:

Type of Disability	Amount	Job Title	Location
Blind	48	Telesales Funding Officer	CIMB Niaga Gajah Mada
Hearing-impaired	10	PBO Social Media	CIMB Niaga Gajah Mada

HUMAN RESOURCES

Another example of equality principle in providing health insurance facilities to employee is the implementation of health facilities of female employees that can now be used to cover family members starting in 2017.

In addition, gender composition of CIMB Niaga employees is proof that the Bank upholds principles of equality and job opportunity.

Gender	2017	2016
Male	6,024	6,349
Female	6,758	6,836
Grand Total	12,782	13,185

HR Information System

CIMB Niaga implements an integrated Information System to support HR administration, management, planning and analysis. The focuses of HR application system development in 2017 are automation & digitalization of internal processes, efficiency & control improvement, as well as information quality improvement. Several initiatives that have been and will continue to be developed includes the development of online systems for several key processes, such as automation of resignation process, outsource management database, employee letter self service request, talent management database, recruitment tracking system and mobile application related to personnel administration.

Risk & Compliance Culture

CIMB Niaga implemented a number of measures and initiatives to build risk and compliance culture, including:

1. Continuous intensive communication through various media emphasizing the importance of risk and compliance culture
2. Launched the new Code of Ethics and Conduct, followed by annual attestation for each employee

3. Implemented Demerit Framework in Annual Performance Review which focuses on Audit and Compliance areas
4. Developed risk-based remuneration policy in accordance with OJK regulations
5. Built Anti Fraud Culture & Awareness to all employees through training program, campaign, e-mail blast, internal bulletin, workshop and sharing session
6. Imposed strict sanctions for cases related to integrity in the form of termination, reporting the case to relevant stakeholders
7. Encouraged implementation of applicable policies and procedures in a disciplined and consistent manner
8. Collaborated with independent third parties in implementing the Whistleblowing Policy for better independence and transparency
9. Implemented Know Your Employee policy through:
 - a. Improving consistent supervisory function of direct supervisors to subordinates
 - b. Implementing prudential principles in the process of selection and recruitment by conducting background checking of each prospective employee through validation of educational history, employment history, financial condition history (SID & AML), which is performed internally and/or through third party services
 - c. Early detection of suspicious transactions in employee accounts
 - d. Annually conducting employee data updates

Employee Turnover Rate

Employee turnover rate in 2017 increased 1.2% compared to 2016, in line with increased productivity and high competitiveness in the banking industry. The 2017 employee turnover rate, as well as the comparison with 2016 can be seen in the following table:

Turnover Rate	2017	2016
Voluntary Attrition	1,305	1,184
Turnover Rate	10.1%	8.9%

Human Resource Welfare

Performance Evaluation

Employee performance evaluation is one of the factors in determining the remuneration and promotion. CIMB Niaga employee performance evaluation is based on Key Performance Indicator (KPI), which covers both achievements and competencies that aligned with the Bank's vision, mission and values. To ensure that performance appraisals are done fairly and objectively, the details activities are listed below :

1. Starting from self-assessment by the employee
2. Preliminary assessment by supervisors
3. Performance validation with related unit
4. Face-to-face performance discussion process between supervisor and employees (1-on-1 discussion)

CIMB Niaga also implements Demerit Framework for Audit and Compliance areas as part of improving the risk and compliance culture. If the employee is unable to fulfill the predefined Demerit Framework indicator then their performance will be affected. The implementation of Demerit Framework aims to prioritize risk and compliance within employee's respective units so that the Bank can avoid risks and sanctions from regulators.

Remuneration

Remuneration is an important consideration in attracting, motivating, and retaining the best employees. To support the Bank's strategy and to encourage sustainable high performance culture, CIMB Niaga implements remuneration based on performance (meritocracy) and risk (Risk Based Remuneration) with reference to employee performance and OJK regulation. In addition, CIMB Niaga has communicated the Wage Structure & Wage Scale (SUSU) in accordance with the prevailing regulations.

The realization of the remuneration strategy in 2017 includes reviewing the Risk-Based Remuneration policy, implementing the employee benefit system and

enhancing the quality of the employee benefit program as well as its policies and procedures. In addition, the review of the implementation of incentive schemes is carried out on a regular basis with regards to the risk principles and Bank's financial ability in order to encourage synergy between corporate strategy and business strategy.

Assessment of remuneration system and employee welfare shall be conducted periodically and continuously, by taking into account the following matters:

1. The Bank's financial performance
2. Competence and employee performance (meritocracy)
3. Market remuneration practices (market competitiveness)
4. Principle of eligibility and propriety according to position/level
5. Internal equity
6. Level of risk on related position

CIMB Niaga is committed to implementing competitive, fair and risk-based remuneration system as well as ensuring that no employee receives compensation under the minimum terms set by the government.

Retention and Promotion

CIMB Niaga implements employee retention strategies that focus on self-development both in technical and leadership competencies, enlargement of responsibilities, cross-unit assignments and involvement in key projects and other placements that are effectively structured based on the position, performance and employee competence.

In addition, another approach that the Bank carries out to appreciate outstanding employees is career promotion. In determining career promotion, there are several considerations:

1. Employee ability to carry greater tasks and responsibilities.

HUMAN RESOURCES

2. Consistency of employee performance in recent years.
3. Open position for the employee to be promoted into (vacancy driven), either because of vacant position or due to job enlargement.

In order to support the promotion and employee career path, the Bank prepares an integrated development program in accordance with the talent management framework.

Retirement Preparation Program

CIMB Niaga also pays attention to the welfare of employees approaching retirement period. To help employee prepare for retirement period, the Bank provides Pre Retirement Training program for employees and their spouses, which aims to provide information on the rights, obligations and procedures to process retirement benefits as well as post-retirement entrepreneurship insights.

Throughout 2017, the Bank has organized 3 classes of Pre Retirement Training programs attended by 96 participants.

Industrial Relations

Commitment to Increased Productivity

CIMB Niaga commits to build and maintain harmonious industrial relationship between Bank and its employees to ensure that all rights and obligations of all related parties are in accordance with prevailing laws and regulations.

CIMB Niaga engages the Labor Union as Bank's partner in building and maintaining harmonious industrial relations to which it is done through regular ongoing communication. In May 2017, CIMB Niaga and the Labor Union have agreed on the Collective Labor Agreement for period 2017-2019.

Activities in Industrial Networking 2017

CIMB Niaga together with the Labor Union regularly conducts formal and informal meetings in an effort

to build and maintain sustainable communication. Throughout 2017, CIMB Niaga and the Labor Union conducted 9 (nine) formal meetings. This series of meetings is expected to create harmonious industrial relations for a healthy and constructive work environment.

To date, there are 4 Labor Unions (SP) in CIMB Niaga as follows:

1. Serikat Pekerja Bank CIMB Niaga Indonesia (SPBCNI)
2. Serikat Pekerja Ikatan Karyawan CIMB Niaga (IKCN)
3. Serikat Kerja Karyawan Bank CIMB Niaga (SKKBCN), and
4. Serikat Pekerja Ikatan Komunitas Niaga (IKN).

Each of the four Labour Union has members spread throughout both the Head Office and the CIMB Niaga branch offices across Indonesia.

Internal Communication

CIMB Niaga recognizes that internal communication plays a very important and strategic role in supporting the success of the Bank's programs, activities and management policies. Internal communications also have an important function in communicating and socializing the risk and compliance culture awareness, the CIMB Niaga's core values through *A Better CIMB* (ABC) program, as well as the renewal of internal and external regulations.

Internal communication in CIMB Niaga is conducted based on transparent, accountable, actual, accurate, simple, and easy to understand principles; thus it is expected that valid information can reach all employees effectively and efficiently.

CIMB Niaga organizes internal communication consistently which is supported by technology utilization through innovative information delivery via email blast in e-newsletter format, CIMBNET, SMS blast, computer wallpaper, Standing Digital Media and Digital Media Service TV Channel.

Realization of Internal Communication Programs

Realization of internal communications program throughout 2017 includes :

1. HR Info

Media provided by the CIMB Niaga Human Resource Directorate to convey employee-related information, such as, regulations, achievements, activities, holiday announcements, mass leave, and many more.

2. CEO Message

An information delivery medium from the CEO to convey need-to-know information including the Bank's programs and strategies, greetings to employees on religious holidays, and many more.

Other Internal Communication Programs

In 2017, CIMB Niaga conducted other internal communications as follows:

Channel	Objectives
CEO Hotline: Aspiration via SMS to CEO Hotline on Human Resources, Business and others.	A communication medium between employees and Bank Leaders for the Bank's progress, compliance and improvement of service quality and human resources.
CIMBNET: News updates on Bank internal and CIMB Group about management policy, Blog of President Commissioner, as well as latest product information that can be read in detail through CIMB Niaga Net portal.	Delivering actual and factual information to employees using an intranet network.
GALLERY: Delivering news of Bank activities, corporate social events, external award recognitions, news from branches, business unit (product, promo) or Information Technology, and many more.	Deliver actual and factual information to employees using e-Newsletter.
Portrait: is the name of the printed CIMB Niaga Quarterly Magazine with circulation of 3,500 copies distributed to employees, Board of Directors, Board of Commissioners, Senior Officials, as well as CIMB Group with the motto of communication media and internal education. Improved quality of CIMB Niaga News in terms of information, grammar and layout design that can be easily understood and interesting to read by employees.	Deliver information about all activities, policies and aspirations to be understood throughout the ranks of CIMB Niaga through periodical magazines.
Senior Management Walkabout: Road show by management to various areas or regions throughout Indonesia where the Bank is located, by capturing important moments such as Safari Ramadhan, Halal Bi Halal and Christmas Echoes, as well as other important events.	Deliver the Bank's current information and achievable performance, as well as listen to the aspirations of employees directly.

Management of Informal Employee Activities

CIMB Niaga provides an informal employee organization outside office hours called CIMB Niaga Club (CNC). Through CNC, employees can channel their hobbies and creativity in sports, arts, social, and spiritual fields. The various activities aim to create a work-life balance in order to increase employee spirit and productivity in supporting the Bank to achieve its best performance.

The motto of CIMB Niaga Club is the spirit of togetherness, kinship, sportsmanship and competition to always be the best. This is manifested in various activities such as:

1. Spiritual activities such as retreat (Easter celebration), which is conducted in each area.
2. Ramadhan Spritual Quotient Training (RSQT) during Ramadhan months, which is held simultaneously throughout Indonesia.
3. Routine Blood Donation activities that are centered in the locations of CIMB Niaga Main Offices and throughout Indonesia.

HUMAN RESOURCES

This activity organized by CNC not only provides a medium for employees to channel their hobbies and talents, but also raise the Bank reputation through various achievements at regional and national levels. Some of the accomplishments achieved by CNC in 2017 include:

1. CIMB Niaga's Basketball Team became the Semifinalist at the first OJK Cup National Basketball Championship held by Otoritas Jasa Keuangan.
2. CIMB Niaga Futsal Team won first place in Hasamitra Cup 2017 Tournament in South Sulawesi.
3. Won first place at the Banker Performance Competition for Dance Group category and second runner up for the Vocal Group category held by Indonesia Banking Expo 2017

HR Focus and Strategic Plan in 2018

Facing the technological era as well as the fourth industrial revolution, Human Resource (HR) has become the key of the Bank's success in facing this challenge. This condition creates increasing demand for talented employees in the banking industry, financial services and other business sectors.

To address these challenges, there are four main initiatives which became the Bank's strategy in 2018 with the theme *Realizing the Potential* which covers the following:

Employer Branding

In an effort to attract talented employees in the market, the Bank focuses on enhancing the Bank image through strategic programs, including collaborating with leading universities and organizing open competitions such as the ASEAN Stock Challenge, financial literacy education program, and Corporate Social Responsibility program. The Bank will also continue to actively participate in providing educational access through scholarship programs for talented employees and outstanding students, such as CIMB Niaga Scholarship, CIMB Niaga Postgraduate Scholarship for internal employees, Khazanah Asia Scholarship Program and CIMB ASEAN Scholarship.

In addition, the Bank will also continue to develop and implement the Workplace Wellness program whereby the Bank provides work time flexibility for employees with special needs.

Digitalizing HR

In order to support the digital banking strategy, the Bank will continue developing automation and system digitalization as well as improving business processes to boost effectiveness, efficiency and quality of personnel service. Several key initiatives that will be implemented includes launching *Learning On the Go* (LoG) program, HR Helpdesk digitalization into *HR Bot*, Digital Recruitment System implementation, as well as adding self-service functionality and capabilities in Human Resource Information System.

Talent Based Rewards & Development Review

In order to grow talents internally, talent management will focus on measuring and developing employees to ensure their readiness for future positions. In addition, as more millennials join the Bank and to accommodate the unique needs of each individual employee, the Bank will conduct assessments of employee benefits with a focus on lifestyle. On the other hand, the Bank will also start a talent mobility program to prepare the Bank's Human Resources (HR) in the face of the technological era and the upcoming fourth industrial revolution.

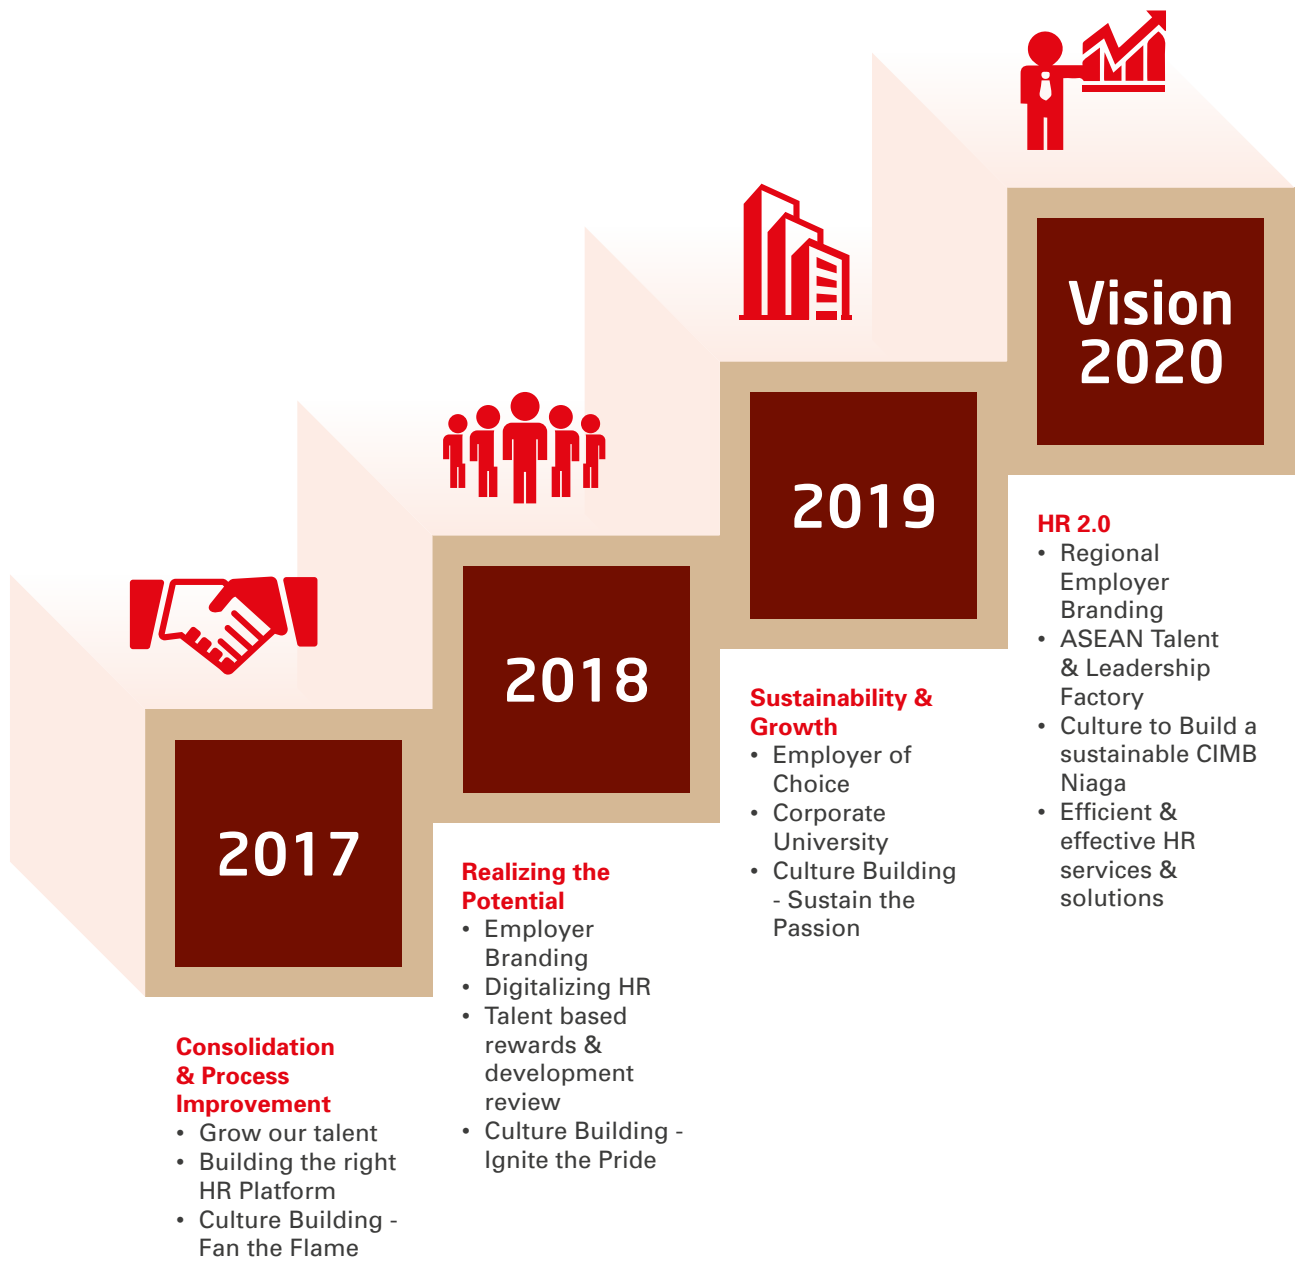

Culture Building to Ignite the Pride

In 2018, the Bank will continue to focus on building risk and compliance culture, as well as internalizing corporate core values through *A Better CIMB* (ABC) program by preparing more intensive, measurable and structured programs. Several programs and initiatives that will be conducted are thematic cultural campaigns such as *Care with our Home*, *ABC Healthy Lifestyle* and *Bring ZAC (Zealous About Compliance) to Life*. In addition, the Bank will also focus on creating a learning culture as a form of employee and corporate commitment to personal development.

Human Resource Development Strategy 2017 - 2020

CIMB Niaga believes that optimum business growth can be achieved by alignment and sustainable long-term development of the Bank's business activities, including the HR unit. Therefore, CIMB Niaga Human Resources has prepared a long term strategy of Human Resource management for 2017 – 2020 with the following achievement stages:

Supporting Business Review

OPERATIONS AND INFORMATION TECHNOLOGY

CIMB Niaga through the Directorate of Operations and Information Technology conduct management and development of targeted and effective IT in providing services in accordance with expectations, standards and customer needs. CIMB Niaga is focusing on maximizing service with an emphasis on branchless banking, customer experience, and digital sales enablement as well as capability enhancement of the mobile banking system.

OPERATIONS

Operational Policy

On an on-going basis, CIMB Niaga creates innovations and operational improvements in order to provide a memorable banking experience for all of its customers. CIMB Niaga, through its Operations Sub Directorate manages and develops business operations by implementing strategic policies and initiatives, which are integrated to provide the best and highest quality services for customers.

The Operations Sub Directorate has the duty to support the Bank's Business Plan by ensuring continuous support to business units in meeting the expectations of the stakeholders, and is responsible for continuously improving processes and innovations to optimize productivity and quality of work. The Operations Sub Directorate is also responsible for the control of operational costs to achieve efficiency and adequate operational control function.

Through the Operations Sub Directorate, CIMB Niaga ensures that customer transactions are executed in accordance with the applicable Service Level Agreement, that supervision of the reconciliation process occurs at the end of each day, and that policies and procedures are updated for risk management and mitigation. In addition, continuous improvement by the Operations Sub-Directorate is performed at all times to create a more efficient, clear, and comprehensive business model. Each employee of Operations Sub Directorate should also realize the importance of Do It Right The First Time.

In terms of human resources, every leader has been consistently equipped with better coaching skills, monitoring skills and awareness of the needs to prepare their successor/replacement. CIMB Niaga is also aware of the importance of discipline during the escalation of problems and the appropriate resolution of significant problems.

Operational Strategy

The Operations Sub Directorate has identified the necessary changes required in the work procedures and has continuously reviewed the impact of 1P implementation on processes and cost efficiencies, which will deliver greater contributions to employee productivity within the Operations Sub Directorate.

On an on-going basis, the Operations Sub Directorate continues to practice the principles of prudence and strong control in day-to-day operational processes, and at the same time, providing enhancing positive Customer Experience.

The Operations Sub Directorate conducts business support activities, by means of which the Bank may achieve more efficient and effective work management, and facilitate the creation and innovation of new products, business processes, and better services. Other strategies implemented by the Operations

OPERATIONS AND INFORMATION TECHNOLOGY

Sub Directorate were in supporting the business performance of CIMB Niaga as well as operational cost control were as follows:

1. Optimizing workspace and the need for new employees.
2. Reviewing each recurring, regular expense.
3. Identifying cost cutting opportunities for branch operations.
4. Conducting regular reviews to create more effective and efficient business processes.

Operational Work Program

Throughout 2017, the Operations Sub Directorate conducted several work programs, namely the implementation of SKN Generation II and RTGS-S4 Generation II. Here, the Operations Sub Directorate actively follows the Focus Groups organized by Bank Indonesia to ensure SKN implementation in CIMB Niaga proceeds smoothly and successfully. The Operations Sub Directorate also supports the work program of Risk Management through the establishment of the Risk Control Unit.

Other work programs of the Operations Sub Directorate in 2017 were as follows:

1. Implementation of a centralized online reconciliation system as a tool to support reconciliation.
2. Lending Document Storage implementation and Loan Operations in a centralized area.
3. Optimization and Monitoring of Available Cash at the end of the day.
4. Implementation and Socialization related to basic control process.
5. Re-organization of Operation Executives at Regional Offices.
6. Implementation of the Operations Staff Development Program for the purpose of preparing successors for the Operations Division through the Operation Development Program (ODP).

Awards

Awards received by CIMB Niaga in the field of Operations in 2017 are as follows:

1. Straight Through Processing (STP) Award from Standard Chartered Bank for the STP Rate achievement of 98%.

2. Straight Through Processing (STP) Award from the Bank of New York Mellon for the STP Rate achievement of 95%.
3. Straight Through Processing (STP) Award from JP Morgan for the STP Rate achievement of 98.7%.

2018 Plan

In 2018, in order to address business challenges and provide operational performance support for CIMB Niaga in an effective and efficient manner through the implementation of the following plans and work focus:

1. Centralized service centres and storage of loan guarantee documents, operational transaction processing centres, and customer call-back processes.
2. Alignment of organizational structure with business units, through the acquisition of business unit divisions performing daily operational activities.
3. Implementation of document storage tools that better accommodate daily operational needs.
4. Implementation of Bank Indonesia initiatives related to Instant Clearing and Post Dated Transfer properly and correctly.
5. Improvement on the electronic Business Continuity Management (BCM) process as well as adding simulations that involve management in order to improve the overall awareness from managerial to staff levels.

INFORMATION TECHNOLOGY

The role of Information Technology and Information Systems (IT) is to provide increased operational efficiency and service quality in the banking industry. Realizing this, CIMB Niaga utilizes IT to provide the best service and minimize operational business risks faced by the Bank. Further, continuous IT development will enable CIMB Niaga's risk management system to be conducted in a highly effective manner.

CIMB Niaga is at the forefront of digital banking initiatives. This initiative is based on the notion that competition can only be won with the speed, precision, comfort and security that customers experience when transacting, as well as delivering high corporate value to the eyes of all stakeholders. CIMB Niaga through the Directorate of Operations and Information Technology conducts management and development of targeted

and effective IT in providing services in accordance with expectations, standards and customer needs, CIMB Niaga has become a successful digital banking leader in Indonesia.

IT development at CIMB Niaga serves as a business enabler, by utilizing technology in an efficient, timely and cost effective manner to deliver high-quality, reliable, and secure banking products and services. The objectives of CIMB Niaga's IT development include:

1. Strategically supporting the management of the Bank.
2. Providing and developing efficient and effective business processes while maintaining consistency with the Bank's objectives.
3. Ensuring robust and comprehensive IT risk management processes.
4. Ensuring the provision of high-quality services based on reliable and innovative information technology.
5. Supporting and at the same time serving as a driving factor for the Bank's business development.

Vision and Mission of Operations and Information Technology Directorate

1. **Vision :**
Establish and transform the Directorate of Operations and Information Technology to become a business supporter, with quality principles and effective, efficient, reliable, and secure services.
2. **Mission :**
 - a. Supporting faster and better transformation initiatives.
 - b. Supporting the Digital Banking and Branchless Banking solutions.
 - c. Reviewing policies and procedures on an on-going basis.
 - d. Continuing to simplify the processing time to support rapid business growth.
 - e. Improving staff capability in order to strengthen risk awareness and culture of prudence.

ASHISH MISHRA
SVP & GM

Kony was founded in 2007 and has over 1,300 employees worldwide.

Kony's journey with CIMB Niaga started in November 2016 to partner and enable CIMB Niaga's Go-Mobile Digital Banking program and vision. Powered by the versatile and secure Kony AppPlatform, the CIMB Go-Mobile app enables the Bank to realize their mobile-only branchless banking Digital vision, which went live to the public in November 2017.

Team CIMB Niaga ensured we built a strong partnership between CIMB Niaga and Kony team based on mutual trust and support with all of its stakeholders. By being extremely helpful and welcoming of any constructive feedback for the improvement and attainment of set objectives.

Kony would be eager to continue to partner with CIMB Niaga on their digital journey to expand the customer base as well as enhance the customer experience. Dealing directly with a global company like Kony will provide long-term benefits and much higher rate of return on investment for the Bank.

OPERATIONS AND INFORMATION TECHNOLOGY

- f. Centralizing processes to improve control and efficiency.
- g. Effecting strong cost management for business growth.
- h. Supporting & Strengthening control, customer experience, asset quality, and efficiency.

2017 Focus and Strategic Policies in Information Technology Development

In 2017, CIMB Niaga continued its IT focus and strategic policy development from the previous year with the implementation of digital information system aimed at improving customer service through: process simplification, single customer view, acceleration, automation, and better operational standardization in conventional and sharia banking. Supported by core banking efforts prepared in the previous year, the limitation of product development/modification encountered has been overcome and CIMB Niaga is ready to grow faster and able to accommodate growth and business competition.

In expanding its digital banking services, CIMB Niaga is focusing on maximizing service with an emphasis on branchless banking, customer experience, and digital sales enablement as well as capability enhancements of the mobile banking system. Other services that can be offered as a new customer experience is the initial deposit of the online Hajj Travel Expenses (BPIH) and the development of a second generation State Revenue Module (MPN).

In terms of risk management, CIMB Niaga through the Information Technology Sub-Directorate pays attention to reporting automation to the regulators, as well as the implementation of projects that are related to BASEL II and III, among others, Legal Binding Currency and BASEL Integrated Risk Reporting System.

2017 Work Plan and Achievement

The main work program performed by CIMB Niaga in the IT sector in 2017 was the renewal of digital channels in order to provide more satisfaction to customers. The renewal was conducted for all CIMB Niaga customer segments.

For corporate customers, the launch of BizLite, an internet banking application, was a complement to the BizChannel services that had been previously enjoyed. With more concise and appropriate features for small companies, customers are able to perform the following with ease:

1. Transfer, both domestically and internationally.
2. Cheque management.
3. Online foreign exchange transactions.
4. Online Time Deposit.
5. Payment of invoices and taxes.

As for individual customers, the New Go Mobile is a new mobile banking service that provides easy access at anytime and anywhere for customers through smart phones. This has strengthened the digital banking product offering of CIMB Niaga. A number of new features are being offered to facilitate and provide convenience for transactions performed by the customers, among others:

1. 1 device 1 phone number, making the app safer, as it can only be accessed through the registered phone number and device.
2. Fingerprint login, allowing easier and faster access to the application.
3. The customers can directly share proof of transaction from applications, such as WhatsApp, SMS, as well as email.
4. Downloadable account statement.
5. Use of promotional codes to participate in various exciting deals on the Go Mobile application.

Likewise for the Sharia Banking Business Unit, the Dual Banking Leverage Model (DBLM) concept was implemented well in 2017 due to the readiness of the core banking system that had been prepared as part of the long-term IT strategy, allowing better support for the development of sharia products.

In addition to accelerating and improving services, CIMB Niaga also updated and upgraded the IT infrastructure at the Head Office and Branch Offices, by upgrading network equipment, hardware, and software used by the frontliners, back office, and units at the Head Office to ensure conformity and readiness to address digital banking initiatives.

In 2017, CIMB Niaga's IT work unit consistently provided quality IT services with an emphasis on the following initiatives, work programs and achievements:

1. Implementation of the Post 1Platform (1P) phase 2 project to complement the new Core Banking (1P) with adjustment on requirements and enhancement to consistently provide optimal and high-quality IT services with emphasis on system reliability and integrity.
2. Expansion of digital banking services with emphases on branchless banking, customer experience, digital sales enablement and enhancement on the capabilities of the mobile banking system.
3. Enhanced system and infrastructure capabilities to support dynamic business growth and needs, through Data Center renewals to anticipate business requirements for the next 15 years.
4. Supporting the Finance work unit in continuing to improve data governance, enhancing data integration capabilities from multiple source systems, improving the quality and integrity of data through data management in the Data Warehouse.
5. Continuing the Bank's initiative to make adjustments to national or international banking regulations, policies or regulations, including preparing the system as a preparation for debit card migration under the National Standard for Indonesia Chip Card Specification (NSICCS), the implementation of a credit risk system that is in line with the implementation of the IRB Basel II, and liquidity risk calculation system in accordance with the Basel III framework, as well as the development of the second generation National Clearing System.
6. Improvement and implementation of a comprehensive and consistent project governance cycle to ensure that the project has run through the review process so that it is consistent with the organization's business strategy and ensures its implementation activities do not violate the provisions of the organization.
7. To support developments and enhancements mentioned in the above, CIMB Niaga has prioritized and guarded its IT Security. 2017 has been a year full of challenges for IT Security Unit, cyber attacks, specifically ransomware, has been put in the highlight and CIMB Niaga has managed to safeguard our customer data against these attacks. In on-going basis, IT has been active in preventing and anticipating other cyber attacks. Aligned with the bank's plan and strategy in safeguarding the bank's data, with continuous enhancement of IT Security readiness level which refers to the security method implemented by Center of Internet Security (CIS). In order to monitor thoroughly, our Security Operations Center (SOC) taskforce will safeguard CIMB Niaga's IT Security and will be ready to prevent and anticipate cyber attacks. Through its digital channels, CIMB Niaga educates customers in overcoming social engineering attacks, with hope that the customers will also actively involved in safeguarding their own sensitive data, such as user ID, password and PIN.

OPERATIONS AND INFORMATION TECHNOLOGY

Product Development Support

IT development is always strategically tailored to the business direction and prioritizes revenue generators while observing regulations of the financial authorities for both conventional and sharia banking. In 2017, CIMB Niaga launched several IT-based products and services to support efficiency and effectiveness of operational activities and services to all customers. The IT-based services are in line with our 1P Satu Kita project, which includes:

1. CASA (Current Account & Saving Account).
2. Loans.
3. Customer Information File (CIF).
4. Other supporting systems, among others, ATM/Switching support system, systems used for Branch services (Branch Delivery System & e-Touch Point/eTP), systems for e-channel based services, and Product Management System.

Meanwhile, IT achievement in product support is the implementation of products or services that are related to the payment system, including:

1. BizChannel@CIMB for Business– Internet Banking Services for Small Medium Enterprise customers.
2. New Go Mobile.
3. Contactless Card (Paywave).
4. Mobile EDC (mPOS).

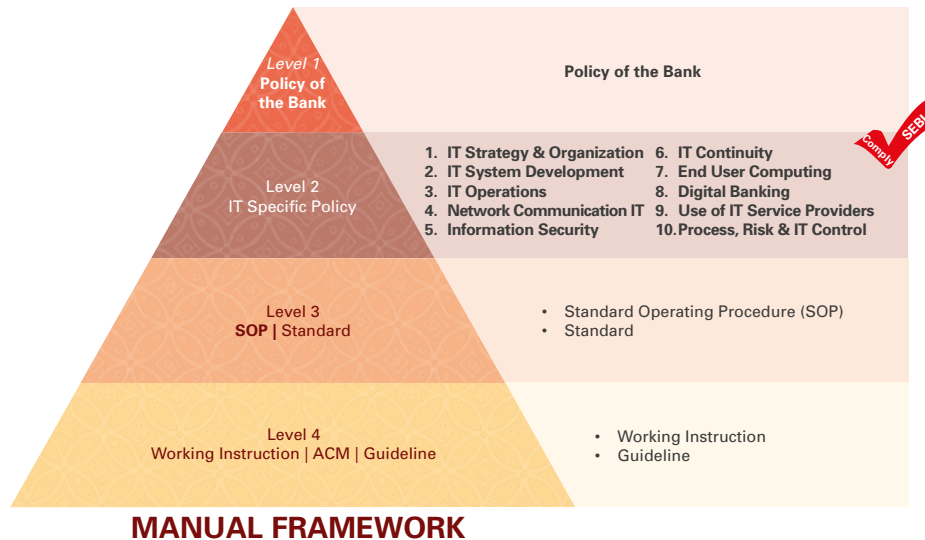

5. Virtual Card Number.
6. E2Pay (Online Payment Switching Gateway).
7. Internet Payment Gateway.
8. ReKpon Payment (Cellular phone Account).

CIMB Niaga also continues to develop the Digital Sales Enablement initiative as part of the Digital Channel aimed at utilizing Telesales and Call Centers in several retail banking services. In addition, CIMB Niaga develops and implements the Internal Credit Rating System (ICRES) to meet the needs for analysis, monitoring and reporting on rating processes.

Information Technology Governance

In addition to focus on business operations, IT development and management in CIMB Niaga are also aimed at compliance to the prevailing rules and regulations, in this case, information technology governance. CIMB Niaga implements IT Governance at all business processes of the Bank. IT Governance in CIMB Niaga is continuously improved in terms of Policy and Procedure by adopting the Regulation of the Financial Services Authority and Bank Indonesia, Government Regulations, as well as International Best Practice, along with mitigating new risks and threats based on technological developments.

CIMB Niaga's IT Sub Directorate serves as the business enabler with IT scope of work that reaches across all business elements of the Bank in providing an effective, efficient, and safe operational system. IT management always ensures the IT function is in the right direction while complying to the prevailing rules and regulations; therefore, the following IT Governance Framework is required:

CIMB Niaga also implements project governance for the development of new products or modifying the existing products. All projects are required to produce and follow the Project Management Cycle.

CIMB Niaga also continuously implements and develops independent monitoring in IT Sub Directorate lines. The Self Assessment Review Program has been performed since 2011 and has been developed and conducted from initially 5 IT divisions to 51 IT Divisions and has become a culture, allowing independent control and on-going awareness of risk.

Operations & Information Technology Human Resources

IT development that is consistent with business needs is also supported by the competency and quality of Human Resources (HR) in the field of IT. Internal HR of the IT Directorate has technical competencies in IT services, namely core banking, e-banking/digital banking, branch delivery system, and many others.

Through education and training, IT Human Resources are able to adapt and to improve their knowledge and skills. Training is organized internally, externally, or inclusive programs on the development projects of new systems and applications.

In 2017, CIMB Niaga organized HR education and training in the fields of Operations and Information Technology by providing several basic training modules. The basic training module for the Operations Sub-Directorate employees is called the Branch Operations Program (BOP) and the basic training module for Information Technology Sub-Directorate employees is called the Fundamental IT (FIT) Program. The BOP consists of the Induction programs (Anti Money Laundering, Operational Risk, and others), Graphonomy, Product Funding, Product Lending, and Product Trade & Treasury, as well as Payment & Legal. While the FIT consists of the Induction programs (Anti Money Laundering, Operational Risk, and others), IT Project Life Cycle, Basic IT (System Security, Networking, and others), and Problem Solving & Service Excellence.

OPERATIONS AND INFORMATION TECHNOLOGY

Qualified young employees are developed through the Operations Development Program (ODP), which prepared them to participate, grow and develop together. Whereas to enhance and develop managerial leadership skills, the Bank provides special programs related to leadership based on the matrix.

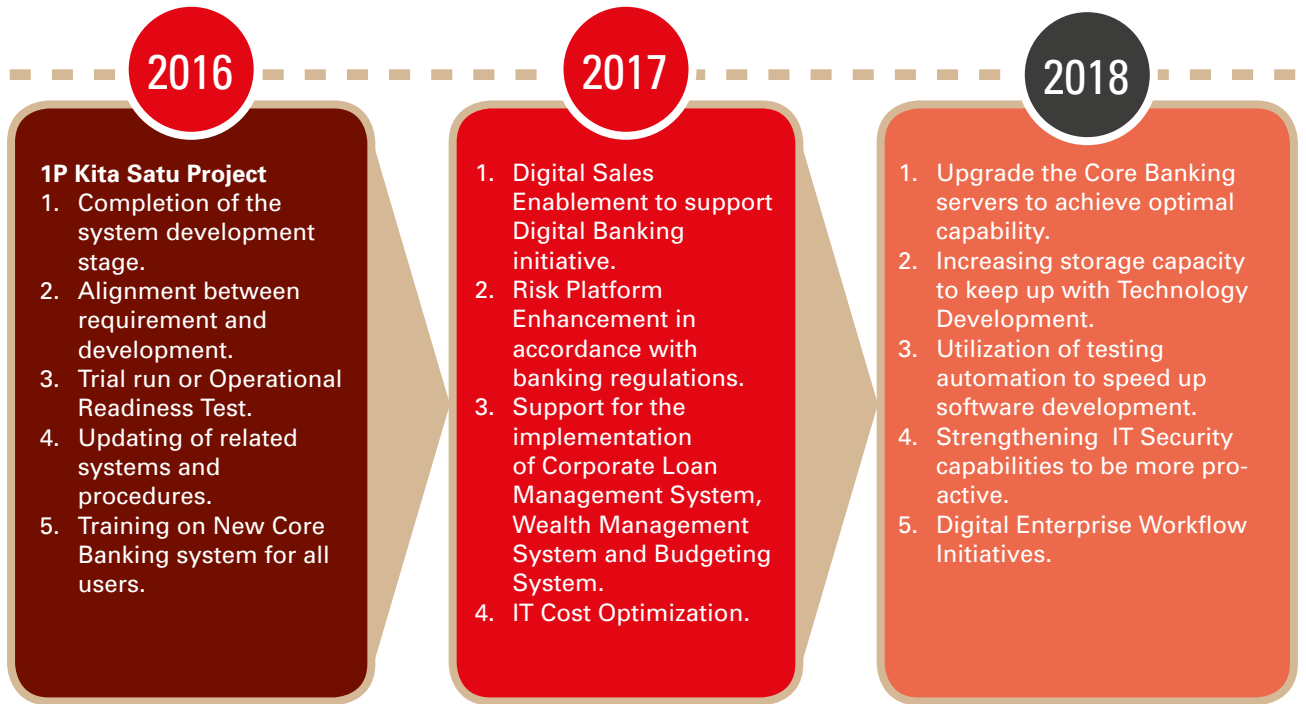

2018 IT Development Plan

CIMB Niaga targets the strengthening of IT systems in 2018 to improve the competitiveness of the Bank in the banking industry by implementing the following policies and work programs:

1. Continue the initiative to improve Data Recovery capabilities and Data Center renewal to anticipate long-term business needs.
2. Implement transformation initiatives to improve productivity and system security, such as the automation of system testing, technology refresh, and Data Loss Prevention (DLP).
3. Support the business unit's initiatives to enhance the Mobile Banking System capabilities by adding features that can provide Unique Customer Experiences.
4. Improve the branchless banking service with new Internet Banking platforms, that provide customers a comfortable and secure feeling during transactions.
5. Provide flexibility to corporate customers to conduct transaction anytime and anywhere through the mobile application system.
6. Apply the prudence principle in system testing activities with automation processes.
7. Provide support to business units in providing the best lending services to corporate customers through the implementation of Corporate Loan Management System, which is expected to develop loan portfolios, mitigate errors, as well as reduce transaction processing time.
8. With the business units and the Risk Management Directorate, continue the implementation of BASEL II and III to conform to the national and international banking regulations, policies, or provisions.
9. Support the business units in implementing the new Wealth Management systems that will improve sales productivity, online transaction processing, and efficient operational processes.

➤ Corporate Governance Report

Corporate Governance refers to the four pillars of governance, namely governance commitment, governance structure, governance process, and governance outcome, as the manifestation of CIMB Niaga responsibility to interested parties, namely customers, employees, stakeholders, and the community.

CORPORATE GOVERNANCE IMPLEMENTATION

CIMB Niaga realizes that, as a Bank with an intermediary role in the national economy and as one of the main pillars of the financial industry with a strategic role in national development, Good Corporate Governance is more than a necessity, and has become the main foundation in running the business to maximize benefits and added value for the stakeholders, as well as maintain long-term business continuity.

In its journey of more than 60 years, CIMB Niaga has consistently applied the principles of good corporate

governance to create added value and maintain a high level of confidence for its stakeholders in order to achieve its vision and business sustainability. Corporate Governance refers to the four pillars of governance, namely governance commitment, governance structure, governance process, and governance outcome, as the manifestation of CIMB Niaga responsibility to interested parties, namely customers, employees, stakeholders, and the community.

In addition, CIMB Niaga conducts on-going corporate social

responsibility programs as an integral part of the Bank's operational activities. Through these programs, CIMB Niaga strives to create strong synergies and relationships with the communities and environment where it operates, enabling CIMB Niaga to provide added value for its stakeholders.

OBJECTIVES OF CORPORATE GOVERNANCE

For CIMB Niaga, consistent implementation of governance principles through the 4 (four) governance pillars will benefit CIMB Niaga as follows:

1. Create a foundation for long-term Bank growth.
2. Strengthen the Bank's image.
3. Increase Bank competitiveness.
4. Increase investor confidence in the Bank.
5. Increase the share value of the Bank.

CIMB Niaga is aware that a company's sustainability is not only measured by its financial performance and profitability, but also through its internal performance, including ethics and Good Corporate Governance. In the future, in line with one of the core values of the Company, namely Customer Centric, CIMB Niaga is determined to continue to grow and develop into the best bank in Indonesia. To achieve this, the Bank always prioritizes its customers in each of their business activities by providing innovative solutions through products, processes, and services, while remaining committed to implementing corporate social responsibility programs that are sustainable and in synergy with the Bank's business strategy, ultimately achieving business growth and optimum performance.

CORPORATE GOVERNANCE REPORT

GUIDELINES AND POLICIES OF CORPORATE GOVERNANCE

The commitment of CIMB Niaga to implement good corporate governance principles refers to a number of applicable provisions, as follows :

1. Law No. 8 year 1995 on the Capital Market dated 10 November 1995;
2. Law No. 40 year 2007 on Limited Liability Companies dated 16 August 2007;
3. Regulation of the Financial Services Authority (POJK) No. 55/POJK.03/2016, dated 7 December 2016 and Circular of the Financial Services Authority (SE OJK) No. 13/SEOJK.03/2017, dated 17 March 2017 on the Implementation of Good Corporate Governance for Commercial Banks;
4. POJK No.21/POJK.04/2015, dated 16 November 2015 on the Implementation of Corporate Governance Guidelines for Public Companies and SE OJK No. 32/SEOJK.04/2015, dated 17 November 2015 on the Guidelines of Corporate Governance for Public Companies;
5. POJK No. 18/POJK.03/2014, dated 18 November 2014 and SE OJK No. 15/SEOJK.03/2015, dated 25 May 2015 on the Implementation of Integrated Corporate Governance for Financial Conglomerations;
6. POJK No. 29/POJK.04/2016, dated 29 July 2016 on Annual Report of Issuers or Public Companies;
7. Indonesian Corporate Governance Roadmap;
8. ASEAN Corporate Governance (CG) Scorecard;
9. The Company's Articles of Association and Resolutions of the General Meetings of the Shareholders;
10. Corporate Regulations (Corporate Policy Manual, Employment Guidelines, Code of Conduct, Standard Operating Procedures)

CIMB Niaga periodically reviews and evaluates the completeness of and update the internal provisions issued by the Bank, to ensure that the provisions are always relevant and in accordance with the conditions and strategies of the Bank, applicable regulations, and prevailing best practices.

BASIC POLICY OF CORPORATE GOVERNANCE

The Corporate Governance Guidelines of CIMB Niaga is established in the Corporate Policy Manual, version 01 year 2016, which serves as the highest policy in CIMB Niaga. As determined in the Corporate Policy Manual, Corporate Governance is implemented on the basis of Transparency, Accountability, Responsibility, Independence, and Fairness and Equality (TARIF). In addition, the Corporate Policy Manual is supported by other governance-related policies, such as the Code of Conduct, the Charters, the Whistleblowing Policy, the Conflicts of Management Policy, as well as other operational policies. These policies represent the Bank's fundamentals and demonstrate CIMB Niaga's commitment to sustainable implementation of governance principles.

CORPORATE GOVERNANCE PRINCIPLES

The implementation of governance principles at CIMB Niaga can be described as follows:

1. **Transparency**
 - a. CIMB Niaga discloses information in a proper, adequate, and timely manner.
 - b. Disclosure of information by CIMB Niaga is accessible by all stakeholders in accordance with their rights.
 - c. Disclosure of information by CIMB Niaga are in observance to the Bank's confidentiality principles, based on the applicable laws and regulations.
 - d. The policy of CIMB Niaga is written and communicated to the stakeholders in accordance with their respective rights and the prevailing regulations.

2. Accountability

- a. The Board of Commissioners and the Board of Directors have clear duties and authority and responsibilities.
- b. Members of the Board of Commissioners and Board of Directors have adequate competence, in accordance with their duties and responsibilities, as well as displaying an understanding of their roles in good corporate governance.
- c. Each member of the Board of Directors and subordinates have clear duties and responsibilities that are consistent with the vision, mission, and core values of CIMB Niaga.
- d. The Board of Commissioners and the Board of Directors are responsible for their performance to the shareholders through the Annual General Meeting of Shareholders.
- e. CIMB Niaga conducts periodic performance assessments of the Board of Commissioners, Committees under the Board of Commissioners, and the Board of Directors.

3. Responsibility

- a. CIMB Niaga conducts its business activities by constantly adhering to the banking prudential principles and to the prevailing laws and regulations.
- b. CIMB Niaga cares about the environment and the community and always conducts its social responsibilities fairly.

4. Independency

- a. In conducting its business activities, CIMB Niaga does not accept any interference from the Controlling Shareholders or other stakeholders.
- b. CIMB Niaga always avoids conflicts of interest.
- c. Decision-making is conducted in an objective manner and for the interests of the Bank.

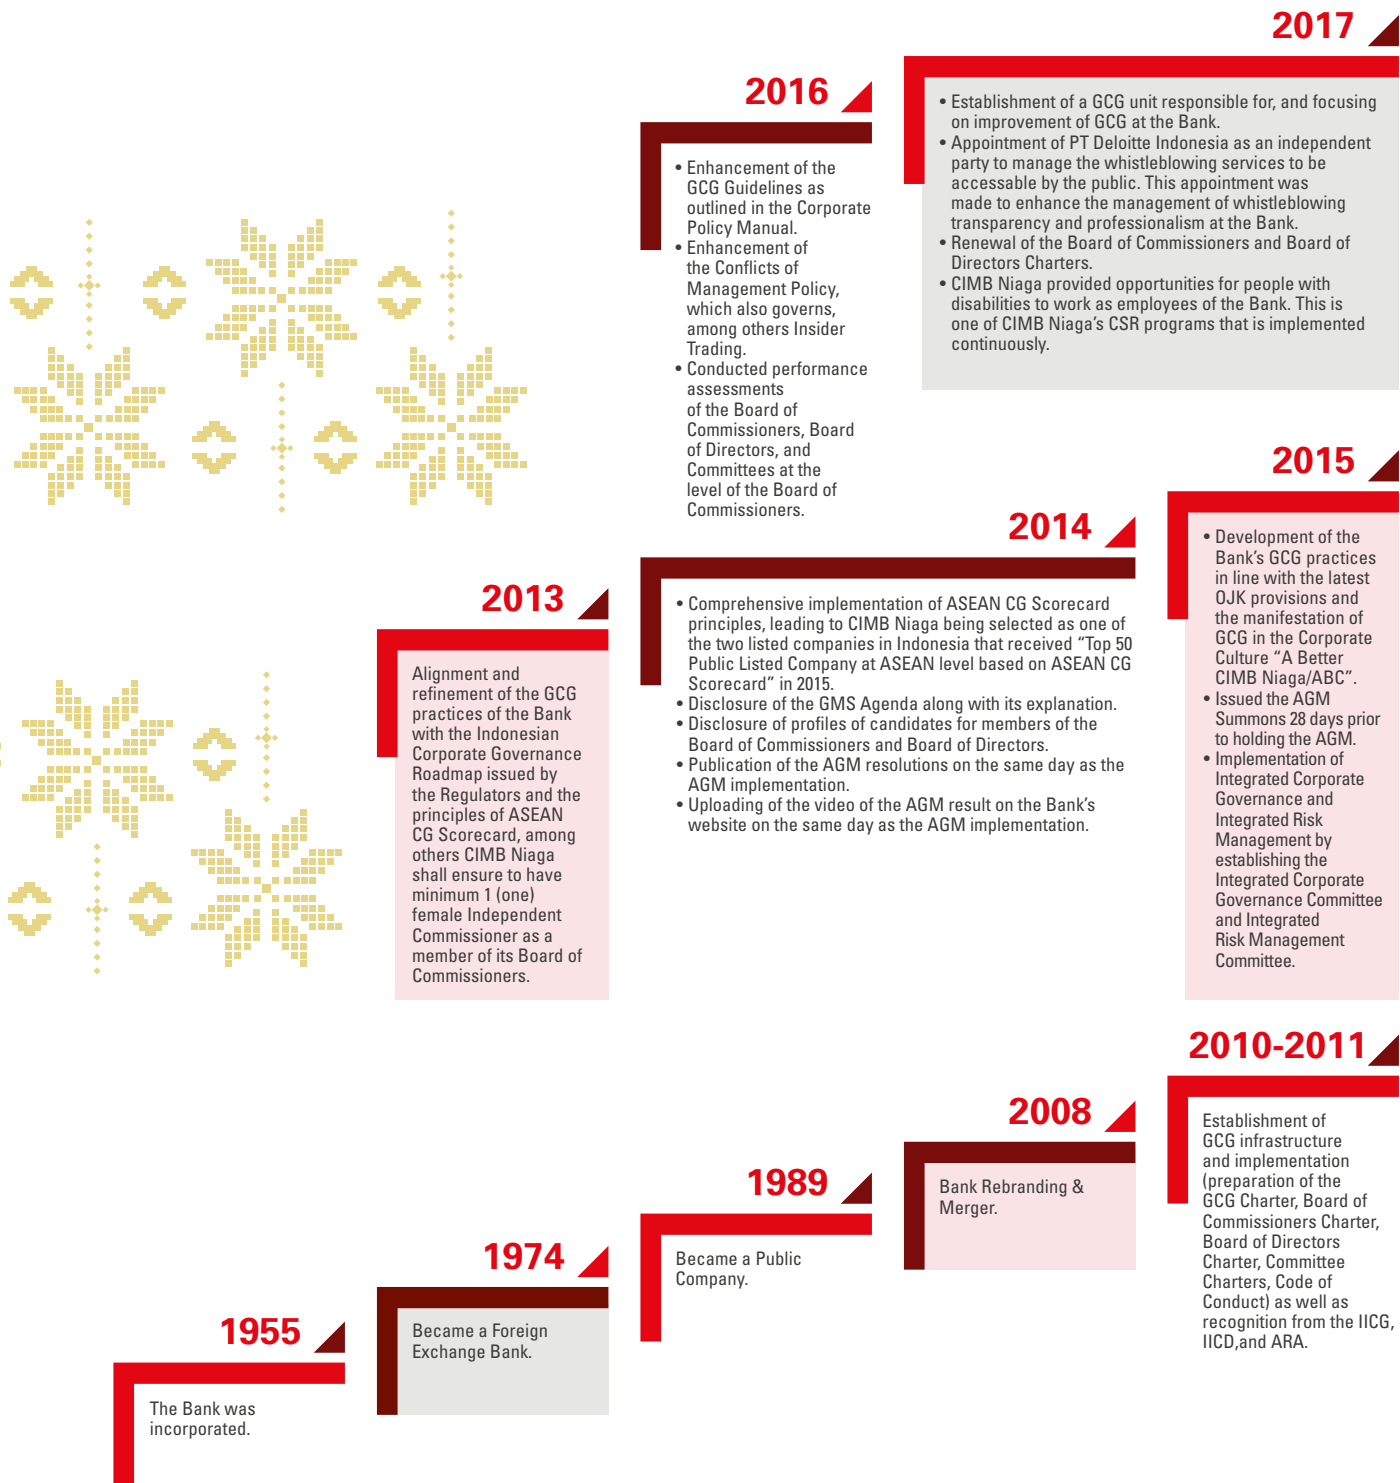

5. Fairness and Equality

- a. CIMB Niaga always strives to take into account the interests of all stakeholders based on the principle of fairness and equality.
- b. Access to information by CIMB Niaga is carried out in accordance with the principle of disclosure by always displaying fairness and equality to all stakeholders.

Corporate Governance Roadmap

CIMB Niaga is committed to continuously improve its Corporate Governance, not only based on prevailing Indonesian standards, but also on prevailing international best practices, including based on the ASEAN Corporate Governance Scorecard. CIMB Niaga's Corporate Governance has been executed in a structured manner through the following stages:

► CIMB Niaga Governance Focus in 2017

The various initiatives implemented or developed by CIMB Niaga in 2017 to further enhance and optimize the implementation of Good Corporate Governance principles, among others, are detailed below:

1. Enhancement of Transparency, including:
 - a. Issued the 2016 Financial Statements (audited) in less than 60 (sixty) days from the date of the report.
 - b. Published the GMS Announcement 14 (fourteen) days prior to the date of the GMS Summons and issued the GMS Summons 28 (twenty eight) days prior to the date of the GMS.
 - c. Published the Summary of GMS Resolutions on the same date as the GMS.
2. Provided opportunities for people with disabilities to be able to work and become independent by recruiting them as phone banking and telesales employees of CIMB Niaga.
3. Performed a variety of initiatives to mitigate and control the Bank's operational risks as well as potential losses that may arise, as follows :
 - a. Issued the IT Generic Self-Assessment as the guidelines for each work unit in order to self-assess their respective IT and data risks, enabling them to take immediate measures to mitigate risks as well as ensuring transparency of IT risks that are inherent in each work unit.
 - b. Launched the Operational Risk Management System (SHARP) that could be utilized by all work units to manage and document operational risks in a single database, ultimately increasing transparency in the management and documentation of operational and compliance risks.
4. Automated and digitalized human resource related processes, such as the e-learning system, recruitment tracking system, self-service system for resignation processes, and benefit claims. In addition to improving service to employees, automation and digitalization enhanced accountability and transparency processes.
5. Conducted the "Care with Our Home" programs and campaigns to create a better space and work environment for all employees by implementing the 5Rs (Ringkas, Rapi, Resik, Rawat dan Rajin) (Brief, Tidy, Clean, Careful, and Diligent).
6. Reviewed and adjusted the Bank's organizational structure in order to meet the Bank's needs and complexity while optimizing process and decision making as well as minimizing risks and improving control functions. Adjustments conducted were as follows:
 - a. Established a Risk Control Unit (RCU) in several work units. The RCU is responsible for evaluating the risks of changes in significant processes, including ensuring the transparency of process changes that occur in each work unit. Allowing an immediate mitigation/minimization of operational risk in each work unit. In 2017, improvement of duties and responsibilities, and clear Key Performance Indicators were made to ensure that the objectives of RCU establishment could be achieved.
 - b. Established a GCG work unit that would focus on improving the implementation of Good Corporate Governance principles by the Bank.
 - c. Adjusted work unit functions in Transaction Banking to refine work process and improve control, such as centralized Commercial Wholesale Funding and IT operations on Securities Services to the Directorate of Operations and IT, while Transaction Banking is being responsible for the Corporate Card Business.

CORPORATE GOVERNANCE REPORT

7. Appointed PT Deloitte Indonesia as an independent party to manage whistleblowing services to be accessible by the public. This appointment was made to enhance the management of whistleblowing transparency and professionalism at the Bank.
8. Launched the Regulatory Commitment System/ ReCom, an automation system to improve compliance of the Bank on its obligations to the regulators, subsequently minimizing the Bank's compliance risk.
9. Developed the AML Solution system to further improve the KYC/AML processes at CIMB Niaga. The development of the system could minimize the Bank's risk of being used as a means of money laundering, and other risks that may arise, such as operational risk, legal risk, compliance risk, and reputation risk.
10. Made improvements to the work processes for customer convenience and the Bank's overall performance, such as :
 - a. Improvement of the secondary Mortgage credit process so as to increase the Bank's Mortgage portfolio.
 - b. Simplification of the Haj account opening process, ultimately resulting in an increase in Haj account openings at the Bank
 - c. Digitalization of phone banking, enabling the Bank to improve the quality of service to customers.
 - d. Updating loan origination system for consumer loans (Credit Card and KTA/Unsecured Loans), allowing the Bank to be able to process consumer credit through digital banking and reduce the time required for credit process.
11. Updated several governance related documents, such as the Board of Commissioners Charter, the Board of Directors Charter, the Code of Conduct, the AML Policy, to be in line with the latest regulations and good governance standards.
12. Developed the Learning Content Management System to support and further improve employee training and development programs. With this system, employees would be able to follow the training more conveniently through E-Learning method, such as the AML E-learning module, the Code of Ethics E-learning module, etc. With this system, the level of training participants has increased significantly and is expected to reduce the compliance risk and operational risk of the Bank.
13. CIMB Niaga is aware of the importance of synergy. The synergy of CIMB Niaga is not only between business units or products, but also between business units and corporate social responsibility programs. The synergy is implemented through one of CIMB Niaga's CSR programs, namely Ayo Menabung dan Berbagi, in which the program successfully supported the Bank's business growth, in particular the increase of new savings accounts.

Corporate Governance Structure

Pursuant to the prevailing laws and regulations, the governance structure of CIMB Niaga is arranged with the objective to establish clarity in the division of duties and responsibilities, the mechanisms and flow of decision-making, and reporting within the organs of the Bank. The following is the corporate governance structure at CIMB Niaga:

CORPORATE GOVERNANCE STRUCTURE

Corporate governance is conducted in a systematic and continuous manner so that the corporate governance principles have become the main terms of reference in business activities in CIMB Niaga. Corporate governance is realized through the interaction of all of the Bank's organs in the governance structure of CIMB Niaga, with the main organ consisting of the General Meeting of Shareholders (GMS), the Board of Commissioners and the Board of Directors, where the GMS holds the highest position. To maximize the functions of the main organs in the governance structure of CIMB Niaga, implementation is assisted by the supporting organs, consisting of Committees at the Board of Commissioners level, the Corporate Secretary, Committees at the Board of Directors level, and Internal Audit.

Committees at the Board of Commissioners level are established to assist and enhance the oversight function of the Board of Commissioners. The following are the committees at the Board of Commissioners level:

1. Audit Committee
2. Risk Oversight Committee
3. Nomination and Remuneration Committee
4. Integrated Corporate Governance Committee.

The Board of Directors and the management of the Bank are responsible for managing and controlling governance at CIMB Niaga, assisted by the Corporate Secretary, Committees at the Board of Directors level and Internal Audit. The following are Committees at the Board of Directors level, consisting of Executive Committees and Special Committees:

1. Executive Committees:

- a. Asset & Liability Committee (ALCO)
- b. Credit Policy Committee (CPC)
- c. Information Technology Steering Committee (ITSC)
- d. Risk Management Committee (RMC)
- e. Operational Risk Management Committee (ORC)
- f. Capital Management & Recovery Plan Committee (CMRP).

2. Special Committees:

- a. Business Development Committee (BDC)
- b. Capital Investment Committee (CIC)
- c. Marketing & Communication Committee (MARCOM)
- d. Personnel Policy Committee (PPC)
- e. Disciplinary Committee (DC)
- f. Credit Committee (CC)
- g. Data Governance Committee (DGC).

➤ General Meeting of Shareholders

The General Meeting of Shareholders (GMS) is the highest organ in CIMB Niaga's corporate governance structure which functions as a forum for shareholders to make decisions. In the GMS, decisions are made based on the interests of the Bank, and are conducted properly and transparently. The GMS has the authority that is not granted to the Board of Directors and the Board of Commissioners as stipulated in the Articles of Association and applicable laws and regulations.

Based on the Articles of Association, the GMS consists of the Annual General Meeting of Shareholders (AGMS), which is held once a year and Extraordinary General Meeting of Shareholders (EGMS), which may be held at any time if required. Both the AGMS and the EGMS have the highest authority in the Bank's governance structure.

The legal basis for the GMS of CIMB Niaga refers to:

1. Law No. 40 Year 2007 concerning Limited Liability Companies.
2. Regulation of the Financial Services Authority (POJK) No. 32/POJK.04/2014 dated 8 December 2014 concerning the Plan and Implementation of General Meeting of Shareholders for Public Company and POJK No. 10/POJK.04/2017 dated 14 March 2017 concerning Amendment to POJK No. 32/POJK.04/2014
3. The Articles of Association.

RIGHTS, AUTHORITIES AND RESPONSIBILITIES OF SHAREHOLDERS

The rights, authorities and responsibilities of shareholders are arranged in detail in CIMB Niaga's Articles of Association, which are accessible through the website (www.cimbniaga.com). The Bank encourages all shareholders including institutional shareholders to attend the GMS held by CIMB Niaga.

CIMB Niaga's shares consist of Class A shares and Class B shares. Both Class A and Class B shareholders have the same rights. Each share has rights to 1 (one) vote. Rights possessed by shareholders, among others, are as follows:

1. Attend the GMS and give 1 (one) vote.
2. Opportunity to propose the GMS agenda.
3. Opportunity to grant power to other parties if the shareholders are unable to attend the GMS.
4. Study the material of the GMS at the latest 28 days before the GMS is held, to enable the shareholder to vote during the process of proposing resolutions.
5. Opportunity to raise questions in every agenda discussion and every agenda decision of the GMS.
6. Opportunity to vote in agreement or in disagreement with, or abstain from any proposed decision in the GMS agenda.
7. Receive the same treatment from the Bank.

Moreover, shareholders also have the authority, among others: to appoint and dismiss members of the Board of Commissioners and the Board of Directors, evaluate the performance of the Board of Commissioners and the Board of Directors, approve amendments to and ratification of the Articles of Association, approve the annual report, approve the remuneration of the Board of Commissioners and the Board of Directors, as well as allocation of the Bank's profit, including dividend distribution.

MECHANISM OF ORGANIZING THE GSM

In 2017, CIMB Niaga held 1 (one) AGMS and 2 (two) EGMS, one of which was held simultaneously with the AGMS in 2017.

The mechanism of the AGMS and EGMS for the year of 2017 was conducted in accordance with the provisions in the Articles of Association and POJK No. 32/POJK.04/2014 concerning the Plan and the Implementation of the General Meeting of Shareholders for Public Companies, and POJK No. 10/POJK.04/2017 dated March 14, 2017 concerning Amendment to POJK No. 32/POJK.04/2014.

GENERAL MEETING OF SHAREHOLDERS

The GMS (Annual and Extraordinary) on 25 April 2017

CIMB Niaga held the AGMS, which continued with an EGMS, on 25 April 2017.

The process of organizing both the AGMS and EGMS on 25 April 2017 was as follows:

Date & Time	25 April 2017 at 14.18 until 15.30 local time (AGMS) 15.35 until 15.50 local time (EGMS)
Location	Locations that are easily accessible to shareholders: Financial Hall Graha CIMB Niaga 2 nd Floor Jl Jenderal Sudirman Kav.58 South Jakarta 12190.
Quorum	The AGMS was attended by shareholders and/or their proxies representing 23,802,538,103 shares or 94.71% of the total shares of class A and class B with voting rights issued by the Bank totaling 25,131,606,843. Agenda 5 - Accountability for the realization of the use of proceeds from the Public Offering of Shelf-Registration Bonds II of Bank CIMB Niaga Phase I Year 2016 ("PUB II 2016") - Reaffirmation of the Independent Director in compliance with Stock Exchange Regulation No. I-A concerning Listing of Shares (Stock) and Equity-Type Securities other than Shares issued by the Listed Company		Realization
<ol style="list-style-type: none"> In accordance with POJK No. 30/POJK.04/2015, the AGMS reports on the accountability for the use of proceeds from the Public Offering of Shelf-Registration Bonds II of Bank CIMB Niaga Phase I Year 2016 ("PUB II 2016"). In line with the report that has been submitted to the OJK of Capital Market and the Stock Exchange that up to 31 December 2016 all funds obtained from PUB II 2016 amounting to Rp1,000,000,000,000 entirely have been used for credit expansion in accordance with the plan for the use of funds as disclosed in the Prospectus of PUB II 2016. The Company reaffirms that all of the Directors of the Company have no affiliation relationship with the Controlling Shareholders nor with members of the Board of Commissioners and other members of the Board of Directors, have no concurrent positions other than at controlled subsidiary companies; and no-one has been an insider person at an institution or capital market support organization, whose services are used by the Company. However, to comply with the provisions of Stock Exchange Regulation No. I-A concerning the Listing of Shares (Stock) and Equity-Type Securities in addition to Shares Issued by a Listed Company, it is informed that the elected and appointed Independent Director is Fransiska Oei, the Compliance Director. 	No decision is made as it is reporting	

The agenda, realization and decision of the EGMS in 2017 are as follows:

Agenda Buyback of the Company's shares (share buyback) at maximum of 2% of Paid-up Capital		Realization
<ol style="list-style-type: none"> To approve the share buyback of the public shareholders and Khazanah Nasional Berhad at a maximum of 2% of paid up capital to be used as a stock-based loyalty program for management and employees (MESOP) with the objective to improve productivity and performance of management and employees, as well as to generate a sense of ownership to the Company. To approve the authorization for the Board of Directors to exercise the share buyback maximum 18 months after the approval of this EGMS and after obtaining approval from the authorities, and at a price deemed satisfactory by the Company but not exceeding the maximum amount of Rp500,000,000,000, including broker dealer commissions and other related costs. In the event that the repurchase of such shares is unenforceable, including due to the objection from the authorities, then this decision shall be void without requiring GMS approval. 	This decision was changed with the resolution of EGMS on August 24, 2017	
Votes Calculation		
Agree	Against	Abstain/No Votes ¹⁾
23,854,235,635 shares or 99.996%	3,978 shares or 0.001%	948,621 shares or 0.003%
Total Majority Votes and Agree Votes = 22,855,184,256 shares or 99.999%		

1) In accordance with Article 13 paragraph 13.4 Article of Association of the Company: Abstain or invalid votes is considered not exist and is not counted in determining the number of votes casted at the Meeting, provided that shareholders who do not cast the vote oblige to comply and respect the resolution passed made in relevant agenda of the Meeting.

Agenda 3 Revision to the Approval of Share Buyback Plan		Realization
1. To approve the changes on share buyback plan and the implementation of stock-based loyalty program for management and employees (MESOP) which has been approved in the EGMS dated 25 April 2017.		On December 31, 2017, the Bank conducted share buyback of the Company's shares amounting to 194,407,492 (one hundred ninety four million four hundred and seven thousand four hundred and ninety two) shares to be used as MESOP.
2. To approve the share buyback from public shareholders up to a maximum of 2% of the Paid-up Capital or a maximum of 503,000,000 (five hundred and three million) shares, at a maximum cost of Rp500,000,000,000 (five hundred billion Rupiah) which includes broker-dealer commissions and other costs incurred in connection with the purchase, to be used as a stock-based loyalty program for management and employees in the Employee and Management Ownership Program in the form of: (i) Shares Grant, and (ii) Management Employee Stock Ownership Plan ("MESOP").		
3. To grant authority to the Board of Directors of the Company to exercise share buyback pursuant to prevailing regulations including Capital Market regulations within 12 months from the close of the Meeting.		
4. To grant authority to the Board of Directors of the Company to determine the eligibility criteria with the terms and conditions of the stock-based loyalty program.		
5. In the event that the share buyback may not be executed by any reason, including not obtaining approval from authorities, this decision shall be void without the need for approval from the GMS.		The implementation process of share buyback will be continued in 2018 by taking into account the deadline according to the EGMS decision and the implementation of MESOP will be done after the completion of the buyback process.

GENERAL MEETING OF SHAREHOLDERS

RESOLUTIONS AND REALIZATION OF THE RESULT OF THE PREVIOUS ANNUAL GMS

The resolutions and realization of the previous Annual GMS are as follows:

Agenda 1 Approval on Company's Annual Report and Ratification of the Company's Financial Statement for the year ended 31 December 2015	Realization
<p>To approve and duly accept the Annual Report of the Company for the financial year of 2015, including Supervisory Report of the Board of Commissioners and the Sharia Supervisory Board and to ratify the consolidated Financial Statements of the Company and its subsidiaries for financial year 2015, which was audited by Public Accounting Firm Tanudiredja, Wibisana, Rintis & Rekan (a member firm of PricewaterhouseCoopers Global in Indonesia) with the opinion that "The Consolidated Financial Statements present fairly, in all material respects, the consolidated financial position of PT Bank CIMB Niaga Tbk and its Subsidiaries ended on the 31 December 2015, the consolidated performance and their cash flows for the year end at the above mentioned date is in accordance with the Financial Accounting Standards in Indonesia" as stated in its report dated 24 February 2016;</p> <p>By the approval of the Annual Report for the financial year of 2015, and the ratification of the consolidated financial year of 2015, therefore in accordance with the provisions of Article ii paragraph 11.6 of the Articles of Association of the Company, the Meeting also gives a complete acquittal and discharge to all members of the Board of Directors of the Company (including member of the Board of Commissioners that have resigned within the financial year 2015) for all management actions during the financial year 2015, and all members of Board of Commissioners of the Company for all supervisory actions during the financial year 2015, as far as such actions were reflected in the Company's Annual Report and Consolidated Financial Statements for the financial year 2015, except for the act of fraud, embezzlement and other criminal acts.</p>	Realized in 2016

Votes Calculation		
Agree	Against	Abstain
24,618,723,016 shares or 100%	Nil	Nil

Agenda 2 The determination of the Company's use of profits for the financial year ended 31 December 2015	Realization
<p>To approve the appropriation of the Company's Net Profit for the financial year 2015 in the total amount approximately Rp427,831,000,000 (four hundred twenty seven billion eight hundred thirty one million Rupiah) with the following details:</p> <p>The Company does not set aside the compulsory reserves from the net profit for financial year 2015, as the Company's compulsory reserve has complied with the minimum compulsory reserve requirement in accordance with Article 70 Law No.40 of 2007 on Limited Liability Companies. No dividend is distributed for the financial year 2015.</p> <p>Therefore, the Company's net profit for the financial year 2015 will be recorded as retained earnings, and will be used to strengthen the Company's capital in order to finance the Company's business activities.</p>	Realized in 2016

Board of Commissioners

CIMB Niaga's Board of Commissioners is a corporate governance organ that performs oversight on the Bank's management activities to ensure that the Bank conducts its business in accordance with its established objectives. The Board of Commissioners oversees and advises on the implementation of the duties and responsibilities of the Board of Directors and other functions set forth in the Articles of Association and the rules and regulations. In the conduct of its duties and responsibilities, the Board of Commissioners must act in an independent manner.

LEGAL REFERENCES

The legal basis for the appointment of the Board of Commissioners of CIMB Niaga refers to several regulations, including:

1. Law No. 40 year 2007 on Limited Liability Companies.
2. Law No. 7 year 1992 on Banking as amended by Law No. 10 year 1998
3. The Articles of Association
4. Regulation of Bank Indonesia (PBI) No. 11/1/PBI/2009, dated 27 January 2009, concerning Commercial Banks
5. PBI No. 13/27/PBI/2011, dated 28 December 2011, concerning amendment to PBI No. 11/1/PBI/2009, concerning Commercial Banks
6. Regulation of Financial Services Authority (POJK) No. 33/POJK.04/2014, dated 8 December 2014, regarding the Board of Directors and Board of Commissioners of Issuers or Listed Companies
7. POJK No. 27/POJK.03/2016, dated 22 July 2016, regarding Fit and Proper Test for Main Party of Financial Services Institution
8. Circular of Financial Services Authority (SEOJK) No. 39/SEOJK.03/2016, dated 13 September 2016 regarding Fit and Proper Test for Candidate Ultimate Shareholders, Candidate Members of the Board of Directors and Candidate Members of the Board of Commissioners of the Bank
9. POJK No. 18/POJK.03/2016, dated 16 March 2016, concerning Implementation of Risk Management for Commercial Banks
10. POJK No. 37/POJK.03/2017, dated 12 July 2017, concerning the Hiring of Expatriates and Knowledge Transfer Program in the Banking Sector
11. Deed No. 35, dated 24 August 2017, regarding Resolution of the Extraordinary General Meetings of the Shareholders of PT Bank CIMB Niaga Tbk.

8	Ahmad Zulqarnain Onn*)	Commissioner
9	Tengku Dato' Sri Zafrul Tengku Abdul Aziz**)	Commissioner

*) Resigned from BOC effective since the Extraordinary GMS 24 August 2017

***) Appointed in the Extraordinary GMS 24 August 2017 and effective began as Commissioner on 16 March 2018

BOC DUTIES, RESPONSIBILITIES AND AUTHORITY

In performing its functions, the Board of Commissioners must act and be responsible collegially, assisted by the Audit Committee, the Risk Oversight Committee, the Nomination and Remuneration Committee and the Integrated Corporate Governance Committee in their respective areas. The duties, responsibilities and authority of the Board of Commissioners are applicable to each member of the Board of Commissioners.

1. Each member of the Board of Commissioners must not act individually, but on the basis of a mutual decision of the Board of Commissioners.
2. The Board of Commissioners must perform its duties and responsibilities in good faith, with full responsibility, and have prudent principles and independence.
3. The Board of Commissioners must ensure the implementation of Good Corporate Governance in each business activity of the Bank and at all organizational levels through:
 - a. the implementation of the duties and responsibilities of the Board of Commissioners and the Board of Directors.
 - b. completeness and execution of the duties of the Committees and working units exercising the Bank's internal control functions.
 - c. execution of compliance function, internal audit and external audit.
 - d. implementation of risk management, including internal control system.
 - e. provision of funds to related parties and provision of large funds.
 - f. the Bank's strategic plan.
 - g. transparency of the Bank's financial and non-financial condition.
 - h. Approval and regular review of the Bank's vision, mission and values.
4. The Board of Commissioners has the responsibility to oversee management policy, general management process and is responsible for such oversight and gives advice to the Board of Directors.
5. In conducting the oversight duties as referred to in number (3) and (4) above, the Board of Commissioners must direct, monitor and evaluate the implementation of the Bank's strategic policy pursuant to the regulations.
6. In the event that there is only a single member of the Board of Commissioners, all duties and authority granted to the President Commissioner or other members of the Board of Commissioners in the Articles of Association will automatically apply to him/her.
7. The Board of Commissioners is prohibited from engaging in decision-making of Bank operations, except for:
 - a. provision of funds to related parties as stipulated in the Financial Services Authority (OJK) regulation concerning the Legal Lending Limit for Commercial Banks.
 - b. other matters specified in the Articles of Association or in the prevailing rules and regulations.
8. Decision making by the Board of Commissioners as referred to in number (7) above is part of the oversight duties of the Board of Commissioners so as not to negate the Board of Directors' responsibility for management of the Bank.

BOARD OF COMMISSIONERS

9. The Board of Commissioners approves and monitors the implementation of strategy, the Business Plan, and Bank policies in accordance with prevailing regulations, including the establishment and implementation of the strategies of Anti-Fraud, Anti Money Laundering and Counter-Terrorism Financing (AML - CFT), Whistleblowing, Integrated Corporate Governance, Related Party Transaction, Minimum Lending Limit (BMPK), and other Bank strategies in accordance with prevailing regulations.
10. Through the Nomination and Remuneration Committee, the Board of Commissioners exercises supervision of the selection and assessment of candidate members of the Board of Directors and Board of Commissioners without interference.
11. The Board of Commissioners must ensure that the Board of Directors has followed up on audit findings and recommendations from the Bank's internal audit unit, external auditor, monitoring results from the OJK and/or other authorities.
12. The Board of Commissioners must notify the OJK no later than 7 (seven) working days upon finding any:
 - a. violation of laws and regulations in finance and banking.
 - b. circumstances or projected circumstances that may compromise the sustainability of the Bank's business.
13. In order to support the effectiveness of its duties and responsibilities, the Board of Commissioners must establish the following:
 - a. Audit Committee.
 - b. Risk Oversight Committee.
 - c. Nomination and Remuneration Committee.
14. The Board of Commissioners must supervise the established Committees, as referred to in point (13) above, so they perform their duties effectively, and must evaluate and/or assess the performance of such committees at the end of each fiscal year.
15. The Board of Commissioners must exercise active oversight of compliance function by:
 - a. Evaluating the conduct of the Bank's compliance at a minimum of 2 (twice) a year.
 - b. Providing suggestions in order to improve the quality of the Bank's compliance.
16. Based on Point (15), the Board of Commissioners makes recommendations for improving the quality of compliance function to the President Director.
17. The Board of Commissioners is responsible for ensuring the implementation of Risk Management in accordance with the Bank's characteristics, complexity and risk profile by:
 - a. approving risk management policy including risk management strategy and framework which is determined based on the Bank's risk appetite and risk tolerance.
 - b. evaluating risk management policies and risk management strategy at least once a year, or more frequently, in the event of significant changes in factors affecting the Bank's business activities.
18. Every member of the Board of Commissioners must be jointly responsible for any loss due to errors or negligence of members of the Board of Commissioners in performing their duties.
19. The members of the Board of Commissioners must not be liable for losses of the Bank as referred to in Point (18) if it is proven that:
 - a. the loss is not due to any errors or negligence.
 - b. the Board of Commissioners has performed oversight in good faith, with full responsibility and prudent principles for the interests of, and in accordance with the Bank's objectives.
 - c. there is no direct or indirect conflicts of interests in management activities resulting in a loss.
 - d. the Board of Commissioners has taken action to prevent such loss from being incurred and remaining incurred.
20. A member of the Board of Commissioners, appointed by the Board of Commissioners must lead the General Meetings of the Shareholders (GMS).
21. In the event that all members of the Board of Commissioners are absent or unavailable for any reason, which does not have to be proven to third parties, the GMS should be led by the President Director.
22. In performing its duties, the Board of Commissioners reserves the right to seek the assistance of experts for a limited period of time.

23. The Board of Commissioners, based on decision of a Board of Commissioners meeting is authorized to temporarily dismiss members of the Board of Directors by stating the reasons.
In the event that a member of the Board of Directors is temporarily dismissed, the Board of Commissioners must convene the GMS within 90 (ninety) days after the date of such dismissal, to revoke or enforce the decision of such dismissal.
24. The Board of Commissioners may undertake Bank management action under certain circumstances and for a certain period of time. In such case, all provisions concerning the rights, authority and responsibilities of the Board of Directors to the Bank and third parties will apply.
25. The Board of Commissioners is, at all times within office hours, entitled to enter the building, the yards, or other premises used or controlled by the Bank, and is entitled to inspect all records, letters and other evidence, to examine and check the condition of the cash and others, as well as to acknowledge any action taken by the Board of Directors.
26. The Board of Commissioners is entitled to an explanation of all matters relating to the operations of the Bank and its subsidiaries and matters relating to the Bank's ethics.
27. The Board of Commissioners must ensure that the Board of Directors maintains and implements the Financial Literacy and Financial Inclusion plans.
28. The Board of Commissioners must prepare the succession plan of the Chief Executive Officer (CEO)/President Director and key management for the Bank's continuous succession of future leadership.
4. Submit the oversight report for approval of the Annual GMS on the execution of duties and oversight of the Board of Commissioners;
5. Ensure that the responsibilities of the Board of Commissioners have been carried out in accordance with the proper procedure;
6. Ensure that Board of Commissioners meetings make effective decisions based on correct and complete information, ensuring that:
 - a. all strategic and important issues are taken into consideration by the Board of Commissioners.
 - b. existing issues are carefully and thoroughly discussed.
 - c. all members of the Board of Commissioners are given the opportunities to contribute effectively.
 - d. each Commissioner receives relevant information in a timely manner, including a brief explanation on issues to be discussed at the Board of Commissioners meeting.
 - e. the meetings of the Board of Commissioners make clear decisions and are recorded in the minutes.
7. Ensure that the Board of Commissioners behaves in accordance with the Charter of the Board of Commissioners.
8. Lead efforts to meet the development needs of the Board of Commissioners.
9. Carry out other responsibilities assigned by the Board of Commissioners, from time to time.
10. Conduct a final evaluation by taking into account the recommendations of the Nomination and Remuneration Committee on the collective evaluation of the Board of Commissioners and the Committees and individual evaluations of members of the Board of Commissioners and members of the Committees.

ROLES AND RESPONSIBILITIES OF THE PRESIDENT COMMISSIONER

In addition to the duties and responsibilities mentioned above, the President Commissioner has additional duties and responsibilities as follows:

1. Coordinate the implementation of duties and responsibilities of the Board of Commissioners;
2. Propose to hold meetings of the Board of Commissioners, including the agenda of the meetings;
3. Summon and lead meetings of the Board of Commissioners;

BOC FOCUS OF SUPERVISION IN 2017

The Board of Commissioners must always perform its oversight duties to ensure the implementation of Good Corporate Governance in all activities in the Bank. The supervisory focus and work plan of the Board of Commissioners are prepared as a mutually agreed guideline and serve as the basis for the agenda of Board of Commissioners meetings and joint Board of Commissioners-Board of Directors meetings. Primary attention is given to achieving business targets with due regard to risk management and prudent principles, and compliance with all prevailing regulations. Through its committees, the Board of

BOARD OF COMMISSIONERS

Commissioners has provided recommendations and feedback on various business aspects and support of the Bank. In addition, members of the Board of Commissioners conduct face-to-face meetings with employees in the provinces during routine events held by the Bank.

The Board of Commissioners established the focus on oversight, covering several important aspects in 2017, including:

1. The BOC analysed and provided input, and together with the Board of Directors approved the Bank Business Plan (RBB) including review and approval of RBB revision to be submitted to the OJK in accordance with the timeline stipulated by the OJK which was in November for the following year's RBB and in June for the revised RBB for the current year. The Board of Commissioners also monitored, analysed and provided input on the Bank's strategic plan including the development of high-margin business, diversification of sources of income, the growth of low-cost funds, sales and service transformation, increased efficiency, and human resource development.
2. Periodically the Board of Commissioners reviewed the financial performance of the Bank, in each BOC Meeting and/or Committee Meeting and also invited Business Units to submit their respective performances.
3. In line with prevailing regulations, Board of Commissioners active oversight on risk management became its focus, including self-assessment of Bank Rating using Risk Based-Bank Rating (RBBR). During 2017, through the Risk Oversight Committee, the Board of Commissioners monitored risk management, asset quality, Bank's soundness status, and stress test results. The Board of Commissioners reviewed the Bank's required risk management policies including the contingency plan policy, and evaluated the conformity of risk management policies with the implementation of such policies.
4. The Board of Commissioners ensured that the Board of Directors had followed up on audit findings and recommendations of the Internal Audit Unit, including improvements to the findings of external auditors and regulators.
5. In relation to liquidity both in Rupiah and US Dollars, the Board of Commissioners regularly received the Board of Directors report to get a clear picture of the funding and liquidity structure and Bank's funding strategy.
6. The Board of Commissioners conducted the renewal of the Board of Commissioners Charter, reviewed the Good Corporate Governance (GCG) Assessment Report and related party transactions to comply with prevailing regulations.
7. The Board of Commissioners received updated reports on Bank's investments and its achievements in connection with the operations and information technology implemented in 2017.
8. The Board of Commissioners monitored operational risks in the Bank covering non-performing loans (NPLs), impaired loans, and fraud.
9. The Board of Commissioners conducted assessment and approval of the Recovery Plan to be submitted to the OJK prior to 30 December 2017. The Recovery Plan will also be submitted for Shareholders' approval at the Annual GMS on 24 April 2018.
10. The Board of Commissioners approved the review and recommendations of the Nomination and Remuneration Committee in nominating the members of the Board of Commissioners, Board of Directors, Sharia Supervisory Board and independent parties who will become members of the Audit Committee, Risk Oversight Committee, Nomination and Remuneration Committee and Integrated Corporate Governance Committee. It also included changes related to remuneration and compensation policies for the Board of Commissioners, Board of Directors and Sharia Supervisory Board.
11. Related to Human Resources, the Board of Commissioners, through the Nomination and Remuneration Committee, monitored Human Resources (HR) policies and HR management functions that posed a significant risk to the Bank, as well as supervision in risk management implementation related to outsourcing.
12. Through the Audit Committee and Risk Oversight Committee, the Board of Commissioners evaluated the implementation of the Bank's compliance function and provided advice, including recommendations to perform a comprehensive review of existing products and new products to be launched.

13. The Board of Commissioners conducted oversight and implementation of Integrated Corporate Governance (TKT) in the financial conglomeration of CIMB Indonesia through the Integrated Corporate Governance Committee, by evaluating the implementation of TKT through the assessment of the adequacy of internal control and the implementation of integrated compliance function.
14. In order to support the effectiveness of the execution of the duties and responsibilities of the Board of Commissioners, in each meeting the Board of Commissioners received reports from each Committee, namely the Audit Committee, Risk Oversight Committee, Nomination and Remuneration Committee and Integrated Governance Committee.

BOC CHARTER AND WORK GUIDELINES

The Board of Commissioners maintains the Board of Commissioners Charter which is always updated and adjusted with the prevailing laws and regulations in Indonesia. This Charter becomes binding work guidelines and procedures for each member of the Board of Commissioners so that the Board of Commissioners can perform its monitoring in an efficient, effective, transparent, independent and accountable manner. The Board of Commissioners Charter was last updated on 19 December 2017 and has been uploaded to the Bank website www.cimbniaga.com. The Board of Commissioners Charter sets forth the following matters:

1. Structure and membership
2. Requirements and Appointment
3. Duties and Responsibilities
4. Conflict of Interests
5. Transparency
6. Ethics and Work Hours
7. Meetings
8. Term of office
9. Resignation
10. Performance Assessment and Accountability

The basis for the preparation of the Board of Commissioners Charter is as follows:

1. The Articles of Association
2. Law No. 40, Year 2007 regarding Limited Liability Companies
3. POJK No. 55/POJK.03/2016 on the Implementation of Good Corporate Governance for Commercial Banks

4. SEOJK No. 13/SEOJK.03/2017 on the Implementation of Good Corporate Governance for Commercial Banks
5. POJK No. 32/POJK.04/2015 on the Implementation of Corporate Governance Guidelines for Listed Companies
6. SEOJK No. 32/SEOJK.04/2015 on Corporate Governance Guidelines for Listed Companies
7. POJK No. 33/POJK.04/2014 regarding the Board of Directors and Board of Commissioners of Issuers or Listed Companies
8. Indonesia GCG General Guidelines from the National Committee on Governance Policy (KNKG)
9. ASEAN Corporate Governance Scorecard

CRITERIA OF BOC APPOINTMENT

The criteria for appointment of members of the Board of Commissioners of CIMB Niaga are based on, among other things, POJK No. 33/POJK.04/2014 on the Board of Directors and Board of Commissioners of Issuers or Listed Companies, POJK No. 27/POJK.03/2016 on Fit and Proper Test for Main Party of Financial Service Institution, SEOJK No. 39/SEOJK.03/2016 on Fit and Proper Test for Candidates Ultimate Shareholders, Candidates Members of Board of Directors, and Candidates Members of the Board of Commissioners of the Bank.

Criteria that must be met by candidate members of the Board of Commissioners of CIMB Niaga, are as follows:

1. Have integrity as required in the prevailing regulations to:
 - a. have good morals
 - b. commit to comply with prevailing laws and regulations including Bank rules and regulations and also support the OJK policy
 - c. commit to the development of sound banking operations
 - d. Not be included in the list of those failing the Fit and Proper Test
 - e. be capable of taking legal action
2. Have competencies as required in the prevailing regulations, having:
 - a. sufficient knowledge of the banking industry and relevant to his/her position

BOARD OF COMMISSIONERS

- b. experience in banking and/or finance
 - c. knowledge of the duties and responsibilities of the Primary Legal Entity, as well as an understanding of the main business activities and main risks of the Financial Services Institutions in the Bank's financial conglomerate
 - d. knowledge pertaining to the Indonesian economy, culture and language, for foreign Commissioner candidates
3. Have a good financial reputation, at least within 5 (five) years before appointment and during the term of office, including :
 - a. has no bad credit and/or does not serve as an Ultimate Shareholder, a member of the Board of Commissioners or a member of the Board of Directors of a legal entity having bad credit
 - b. has not been declared bankrupt
 - c. has not been a member of a Board of Directors and/or a member of a Board of Commissioners who has been found guilty of causing a company to be declared bankrupt;
 - d. has not been convicted committing a crime that is detrimental to state finances and/or related to the financial sector
 - e. has not been a member of a Board of Directors and/or member of a Board of Commissioners who during his term of office:
 - i. Has not held an Annual General Meeting of Shareholders.
 - ii. Has caused a company that obtains a license, approval or registration from the Financial Services Authority fail to meet the requirements to submit annual report and/or financial report to OJK.
 - iii. Have been rejected by the GMS regarding his/her accountability as a member of a Board of Directors and/or Board of Commissioners or has failed to give an accountability report to the GMS as a member of a Board of Directors and/or Board of Commissioners.

BOC APPOINTMENT PROCEDURES

Candidate members of the Board of Commissioners who have received recommendation from the Bank's Nomination and Remuneration Committee, are proposed to, and appointed by the Annual GMS of CIMB Niaga.

Candidate members of the Board of Commissioners shall be subject to a fit and proper test by the Financial Services Authority through a request made by the Bank.

Candidate members of the Board of Commissioners who have not been approved by the Financial Services Authority are prohibited from performing duties as members of the Board of Commissioners of the Bank, regardless of the fact that they have been approved and appointed by the GMS.

INDEPENDENCE OF BOC

The Board of Commissioners of CIMB Niaga at all times upholds the principle of independence in performing its duties, prioritizes the interests of the Bank above its own interests and cannot be influenced by any party in conducting its duties. This is set forth in the BOC Charter as follows:

1. The Board of Commissioners and their families and their affiliated parties shall not borrow money from the Bank.
2. The Board of Commissioners shall not utilize information obtained from the Bank to make decisions for personal, family and an affiliated party's interests.
3. The Board of Commissioners shall not accept personal income or income from the Bank other than remuneration and other facilities as set forth in the Bank's policy approved by the GMS.
4. The Board of Commissioners shall prioritize the interests of the Bank by adopting professionalism and integrity principles, and shall work and behave to a high standard.
5. The Board of Commissioners shall not retain and duplicate documents and control the Bank's assets for personal gain.

6. Unless stipulated in the prevailing laws and regulations and Articles of Association, the Board of Commissioners shall not be entitled to represent the Bank despite being authorized by the Board of Directors, except when the Board of Directors is not functioning, then the Board of Commissioners shall take over the role of the Board of Directors.
7. All members of the Board of Commissioners shall not accept, give or offer anything from/to state officials and business partners.

BOC DEVELOPMENT PROGRAM

CIMB Niaga continues to promote the Board of Commissioners development activities through the induction program for new members and training programs for existing members in order to support its duties to achieve sustainable growth and effective management as set forth in the Board of Commissioners Charter.

INDUCTION PROGRAM FOR NEW COMMISSIONER

As stipulated in the Board of Commissioners Charter, the newly appointed members of the Board of Commissioners must join the induction program which aims to provide knowledge to new Commissioners in order to gain an understanding of the Bank, so as to perform his/her duties effectively and efficiently.

The orientation program for new commissioners in the form of documents prepared by the Corporate Affairs unit, includes:

- a. Vision and Mission
- b. Code of Ethics
- c. Organizational Structure
- d. Articles of Association
- e. Good Corporate Governance Guidelines
- f. Board of Commissioners Charter and Committee Charters
- g. Regulations related to the Banking and Capital Markets.
- h. Annual Report
- i. Business Plan

In 2017, the induction program was conducted for 1 (one) new Commissioner, namely Tengku Dato' Sri Zafrul Tengku Abdul Aziz.

BOC TRAINING PROGRAM 2017

Risk Management Certification

In accordance with the Employment Regulation (P2K) on Employee Learning and PBI No.11/19/PBI/2009, dated 4 June 2009 and its amendment in PBI No. 12/7/PBI/2010, dated 19 April 2010 regarding Risk Management Certification for Management and Officers of Commercial Banks, The Board of Directors and Board of Commissioners are required to participate in risk management certification and refreshment program in accordance with the said regulations.

All members of the Board of Commissioners possess Risk Management Certification and/or Refreshment in accordance with prevailing regulations.

Training and Competence Development Program

All members of the Board of Commissioners are committed to improve their competence to support the Board of Commissioners' supervisory function. The commitment is reflected in the trainings followed by each of member of Board of Commissioners as follows:

DISCLOSURE OF CONCURRENT POSITIONS

In accordance with the Board of Commissioners Charter, the members of the Board of Commissioners of CIMB Niaga may only concurrently serve as:

- members of the Board of Commissioners, Board of Directors, or Executive Officers at 1 (one) non-financial institution/company.
- members of the Board of Commissioners, Board of Directors, or Executive Officers performing supervisory functions in 1 (one) non-bank subsidiary controlled by the Bank.
- members of a Committee to a maximum of 5 (five) Committees in the Bank or Public Company in which the person also serves as the Board of Directors or Board of Commissioners.

The following is excluded from the concurrent position mentioned above if:

- a non-independent Commissioner performs the functional duties from the Shareholder of the Bank which formed as legal entity in its business group.
- the member of the Board of Commissioners holds positions in nonprofit organizations or institutions, as long as he/she does not neglect his/her duties and responsibilities as a member of the Board of Commissioners of the Bank.

All members of the Board of Commissioners of CIMB Niaga **have no concurrent positions** in the subsidiaries of CIMB Niaga.

Concurrent positions of Board of Commissioners in 2017 were as follows:

BOC CONFLICT OF INTERESTS

As stated in the Charter of the Board of Commissioners, all members of the Board of Commissioners should avoid potential conflict of interests or always keep themselves away from potential conflicts of interests under any circumstances. In the event of a conflict of interests, members of the Board of Commissioners are prohibited from taking action that could harm or reduce the Bank's profits and must disclose the potential conflict of interests in any decision made.

The procedures that the Board of Commissioners must undertake in the event of a conflict of interests are as follows:

- a BOC member is required to report in writing to the Board of Commissioners on all matters which have the potential to create and/or contain a conflict of interests that have significant financial and reputational impact to the Bank, Board of Commissioners and Board of Directors.
- a BOC member is not allowed to participate in the evaluation process of any activity having a conflict of interests.
- a BOC member can participate in meetings, but is not allowed to participate in decision making.

During 2017, all members of the Board of Commissioners had no conflict of interests or potential conflict of interests with CIMB Niaga.

BOC TERM OF OFFICE

- The term of office of members of the Board of Commissioners is effective as of the date specified in the GMS appointing them, until the close of the 4th Annual GM after the effective date of appointment without prejudice to the right of the General Meeting of Shareholders to terminate them at any time in accordance with the Articles of Association and prevailing regulations.
- The appointment of members of the Board of Commissioners is effective upon approval from the OJK or the completion of the requirements stipulated in the OJK approval letter relating to the fit and proper test, and other relevant authorities, and approved by the shareholders through the GMS.
- The term of office of the Independent Commissioner is a maximum of 2 (two) consecutive periods unless otherwise stipulated by the prevailing laws and regulations.
- The term of office of the member of the Board of Commissioners will end if:
 - his/her term of office ends in accordance with the provisions in the Articles of Association.
 - he/she resigns in accordance with the prevailing regulations.
 - he/she no longer meets the regulatory requirements.
 - he/she passes away.
 - he/she is dismissed based on the resolutions of the GMS.
 - he/she is declared bankrupt or placed under supervision based on a court decision.
 - he/she is involved in financial crime.

BOARD OF COMMISSIONERS

5. Members of the Board of Commissioners who have finished their term of office may be re-appointed according to the prevailing regulations.

BOC RECOMMENDATIONS

The oversight and advice of the Board of Commissioners is submitted either through the Audit Committee, Risk Oversight Committee, the Nomination and Remuneration Committee, and the Integrated Corporate Governance Committee, and is discussed during the Board of Commissioners meeting. In 2017, a number of important recommendations issued by the Board of Commissioners are as follows:

1. The Board of Commissioners provided input and approved the corporate plan throughout 2017 including: Annual GMS, Extraordinary GMS, share buyback for MSOP, Issuance of Bonds (Trance II and Trance 3 of 2017).
2. The Board of Commissioners gave approval for the Bank Business Plan (RBB) Realization Report and 2017 Revised RBB Supervision Report.

3. The Board of Commissioners provided feedback on the Bank's financial targets, including Net Interest Margin, Non Performing Loans and watch list accounts, Loan to Deposit Ratio, Asset Quality, Productivity and market competition. The Board of Commissioners supported the Bank's strategy to continue growing its business with high margins, namely Corporate Banking, Commercial Banking, SME and Syariah Banking, while maintaining asset quality at a good level in all business lines.
4. The Board of Commissioners provided input related to the increase of low-cost funds (CASA) and the Bank's fee income through the development of Bank services for the ease of transactions and services through Transaction Banking, Value Chain, as well as enhancement of Sharia Banking business services through dual banking leverage, and through the development of branchless banking such as optimization of ATM, CDM & SST, the development of new platforms for CIMB Clicks (internet banking) and upgrading of GoMobile services (mobile banking), agent banking and tablet banking, including programs to improve turn-around time to improve customer experience during transactions.
5. The Board of Commissioners provided input related to efficiency improvements made under cost efficiency programs, IT transformation programs, and productivity both for front liners and back office, granting authority in the approval process that has had an impact on the accelerated speed of customer service.
6. The Board of Commissioners periodically has discussion on the macroeconomic and industrial conditions, and the new banking regulatory requirements, as well as the impact on the Bank's business and its action plan.
7. Based on the report of the Audit Committee, the Board of Commissioners gave recommendations to the Board of Directors, including:
 - a. A review of the financial statements covering financial statements, accounting treatment and its conformity with generally accepted accounting principles, as well as the financial performance and the adequacy of the financial statements publication and reporting to the authorities.
 - b. A review of the progress of the follow-up on audit findings from the external audit, regulator and Bank Negara Malaysia.
 - c. Independent opinion in the event of any disagreement between management and the Public Accountant for the services provided.
 - d. Appointment of the Public Accounting Firm based on independence, scope of assignment and fees.
 - e. Review of the implementation of audits by internal auditors and monitoring of the follow-up by the Board of Directors on the findings from internal auditors.
 - f. Review complaints relating to accounting and financial reporting processes.
 - g. Implementation and strategies and detection of fraud, including the implementation of whistleblowing.
8. Based on the report of the Risk Oversight Committee, the Board of Commissioners makes recommendations to the Board of Directors that are related to:
 - a. Risk management, asset quality, Bank's soundness level and stress test results.
 - b. Policies/frameworks established by the Board of Directors in relation to Risk Management including the Internal Capital Adequacy Assessment Process which includes the establishment of risk appetite and the implementation of stress tests.
 - c. Financial reports and discussion of ongoing strategic initiatives/projects, particularly the implication of risks to the Bank including the Bank's Budget Plan for 2018, as well as the business strategies and business plans of each unit in order to ensure compliance with risk policies and risk appetite.
 - d. The risk aspects of new products and activities including evaluation of the product's Post Implementation Review (PIR) framework, review of strategies to improve CASA and Commission Fee Income from risk perspective, mainly linked to its impact on Bank liquidity and financing.
 - e. Strategy of handling and completion of impaired accounts and NPLs, as well as the recovery plan/strategy.

BOARD OF COMMISSIONERS

- f. Recommendations for monitoring customer and regulator complaints directed or forwarded to the Board of Commissioners for immediate review of risks.
 - g. Monitoring of significant audit findings from the perspective of operational risk management including the results of investigations performed.
 - h. The implementation of the Basel project, the IFRS9 project, and update of information technology development particularly the 1P project that has been running.
9. Through the Nomination and Remuneration Committee, the Board of Commissioners recommends to the Board of Directors, including:
 - a. Recommendation of nomination policy in the selection and or replacement of members of the Board of Commissioners to be submitted for approval in the Extraordinary GMS on 24 August 2017.
 - b. Recommendations related to the remuneration policy for the Board of Commissioners, Sharia Board and Board of Directors to be submitted to the Annual GMS on 25 April 2017 and the remuneration policy framework for Executive Officers and employees as a whole which has been approved by the Board of Directors.
 - c. Changes related to remuneration for the Board of Commissioners and Independent Parties who are members of the Committees of the Board of Commissioners, Sharia Board and Board of Directors level.
 - d. Manpower policies and HR management functions that contain significant risks to the Bank including future Bank growth.
 - e. Recommendations on the framework of distribution of bonuses to the Board of Directors in a balanced and fair manner by considering objectivity performance achievement.
 - f. Input on the evaluation of Key Performance Indicator (KPI) of Board of Directors members based on the achievement of each KPI component.
 - g. Input on the performance evaluation and assessments of the Board of Commissioners, individually or collectively, conducted at least once a year using the self- assessment method or other methods.
 10. Through the Integrated Corporate Governance Committee, the Board of Commissioners provides recommendations such as:
 - a. Supervision of the implementation of Corporate Governance in each member of the CIMB Indonesia Conglomerate in relation to Integrated Internal Audit, Risk Management and Compliance.
 - b. Assurance on the compliance with the regulations of the Indonesia Stock Exchange regarding 7.5% public ownership in the Main Entity which was completed in August 2017.
 - c. Assurance that the implementation of CIMB Indonesia's Integrated Corporate Governance has been reported to the authorities in accordance with prevailing regulations.
 11. In accordance with the Articles of Association, the Board of Commissioners approves the proposed actions on debts under special mention, restructuring and write-offs of credits above certain limits stipulated in the Bank's policies. In addition, the Board of Commissioners provides credit approval to the Bank's related parties to comply with prevailing regulatory requirements.

BOC LOAN POLICY

As stated in the Charter of the Board of Commissioners, the Board of Commissioners and their families and other affiliated parties must not borrow money from the Bank.

PERFORMANCE EVALUATION OF BOC COMMITTEES

Evaluation Procedure

Performance evaluation procedures for Board of Commissioners Committees are conducted annually under a self-assessment methodology that includes assessing the performance of each Board of Commissioners Committee as an institution and an assessment of each Board of Commissioners member as an individual. The final evaluation will be conducted by the President Commissioner based on the recommendations from the Nomination and Remuneration Committee.

Performance evaluation conducted minimum once a year.

Criteria and Basis of Performance Evaluation

The criteria and considerations for the performance of the Board of Commissioners Committee are as follows:

• **Collective Assessment**

This is an assessment made by each Board of Commissioners Committee member on the collective performance of the Board of Commissioners Committee. The assessment includes the structure of the Committee, strategic thinking, oversight and governance, and the effectiveness of the Committee in addressing issues/matters within the Bank, as well as in providing recommendations to the Bank.

• **Individual Assessment**

This is an assessment performed by each Board of Commissioners Committee member on his/her own performance (self-assessment) covering strategic thinking, knowledge of the banking industry, and individual contributions in performing the functions as a Board of Commissioners member.

Parties Performing Board of Commissioners Committee Performance Evaluation

Performance evaluation for Board of Commissioners Committee is undertaken by each member of Board of Commissioner Committee and discussed by the Remuneration and Nomination Committee to then seek approval from the President Commissioner.

Board of Commissioners Committees Evaluation Performance Results 2017

The average results of the assessment of each individual member of Board of Commissioners Committee in 2017 are 4.2 (very satisfied).

In details, the self-assessment results for the Board of Commissioners Committees are as follows:

Audit Committee	Risk Oversight Committee	Nomination and Remuneration Committee	Integrated Corporate Governance Committee
3.9	4.2	4.8	3.9

Value range chart as follows:

Range of Values	Description
≥ 4.7	Extraordinary
4.0 - 4.6	Very Satisfactory
3.7 - 3.9	Exceeding Expectations
3.0 - 3.6	According to Expectations
< 3.0	Needs Improvement

► Independent Commissioners

DUTIES, RESPONSIBILITIES, AND AUTHORITIES OF THE BOARD OF DIRECTORS

The Board of Directors is fully responsible in performing its duties to manage the Bank for the interests of the Bank to achieve its goals and objectives.

The main duties of the Board of Directors, are including to lead and manage the Bank in accordance with its objectives; control, maintain, and administer the Bank's assets for the Bank's interests; develop an internal control structure at all management levels; and follow up on the Bank's internal audit findings in accordance with the policies or directives issued by the Board of Commissioners.

The authorities of the Board of Directors include representing the Bank both internally and externally, binding the Bank with other parties, and carrying out immediate actions, both on management and ownership, with certain restrictions, as described in the Articles of Association.

BOARD OF DIRECTORS

Details of duties, responsibilities, and authorities of the Board of Directors are stipulated in the Articles of Association and the Board of Directors Charter, which have been uploaded on the CIMB Niaga's website, www.cimbniaga.com.

SCOPE OF WORK AND RESPONSIBILITIES OF EACH MEMBER OF THE BOARD OF DIRECTORS

Tigor M. Siahaan – President Director

Determine the Bank's long-term strategy, and strategy of marketing and development of products/services in all business segments based on market demand. In addition, providing oversight and guidance on policies in operations support and banking services, information technology, systems and procedures, legal aspects, financial aspects, and human resources, as well as ensuring the implementation of compliance across all banking operations and comprehensive implementation of the Bank's risk management policies to ensure that the Bank has high ethical standards, adheres to good corporate governance principles and prudential banking practices.

Wan Razly Abdullah – Director of Strategy & Finance

Develop and monitor the implementation of business strategies and initiatives as well as budget to achieve the Bank's vision and mission. Manage the Bank's financial performance by focusing on the productivity and efficiency of the Bank's resources. Develop and manage the Bank's information management systems and performance to be reported to the regulators as well as communicating it to the stakeholders. Develop capital and investment strategies to optimise the Bank's profitability as well as Total Shareholders' Return, ROA, and ROE. Implement effective monitoring and planning of financial management, as well as ensuring adherence to accounting practices in accordance with all applicable rules and standards.

Rita Mas'Oen – Director of Operations & Information Technology

Determine the long-term strategy and steer the Directorate of Operations & IT to create effectiveness and efficiency improvements in the management of banking operational transactions with high standards, to be reliable, as well as ensuring smooth communication from the users as required.

Megawati Sutanto – Director of Credit

Provide strategic directives in all credit management aspects, determine the Credit Underwriting Standards in line with best practices, review credit proposals and continuously improve the quality of the process of credit review and approval in order to improve the effectiveness and efficiency in the established credit chain, and maintain the quality of the credit portfolio, as well as ensuring that all business activities have complied with the prevailing policies and procedures.

Vera Handajani – Director of Risk Management

Provide strategic direction in terms of the Bank's risk management by considering the principle of prudence, and implement all aspects of the Bank's risk management policies in a comprehensive manner. Responsible to educate and direct the focus of risk management to reach all the established targets. Follow-up on, implement, and execute all directives from the regulators regarding the Bank's risk management.

John Simon – Director of Treasury & Capital Market

Provide strategic directions in Treasury & Capital Market marketing and development of products and services to increase the Bank's profitability growth through money markets and capital market activities. Manage the funds, liquidity, and liability of the Company to ensure that the Bank operates in a prudent manner.

Lani Darmawan – Director of Consumer Banking

Develop strategies and provide guidance in services and product sales of Consumer Banking at all branches in Indonesia as well as optimizing the market potential through the development of innovative and competitive Consumer Banking products to achieve the determined Bank profitability level with due regard to prudential principles, implementation of risk management policies at all aspects of the Bank's in a comprehensive manner, and to create effective and efficient banking business processes.

Fransiska Oei – Director of Compliance, Corporate Secretary & Legal

Develop compliance strategies, including matters related to compliance policies and principles, as well as ensuring that the Bank's internal regulations (policies, systems, procedures) are in line with all relevant external regulations (Bank Indonesia, OJK and other financial institutions/authorities). In addition, be responsible for the management of the Bank's legal risks, follow the development of the Capital Market, in particular the prevailing regulations in the Capital Market and provide services to the public on necessary information, particularly in regard to the condition of the Bank as a Public Company, including maintaining its reputation and acting as a liaison officer or contact person between the Bank, the Government and the community, as well as carrying out Corporate Social Responsibility activities.

Hedy Lapijan – Director of Human Resources

Provide strategic direction of the management and development of the Bank's human resources to improve the productivity and quality of human resources in supporting the achievement of the Bank's objectives, while ensuring and maintaining compliance with the applicable employment regulations, and corporate culture.

Pandji P. Djajanegara – Director of Sharia Banking

Provide innovative strategic direction of the implementation of Sharia Banking operations by ensuring the availability of policies and working procedures, development, marketing, and selling of products, as well as managing the functions of Sharia Banking including managing daily operations, business development, customer relationships, and managing systems and work processes to ensure the achievement of profit and business growth that is in line with Bank's objectives and Sharia Banking principles.

Rahardja Alimhamzah – Director of Business Banking

Together with the President Director, establish the Bank's long-term strategy and assist in carrying out the duties of the President Director in formulating the strategies of marketing as well as development of products and services in the Corporate, Commercial and Micro, Small, and Medium Enterprise (MSME)

Banking segments. Be responsible for achieving the funding and lending targets as well as increasing cross selling within the segment; determine the direction of competitive products; develop services with operational support to suit the demands and development of the banking industry.

*) Effective as a Director from the close of the EGMS 24 August 2017

INDEPENDENCE OF THE BOARD OF DIRECTORS

All members of the Board of Directors have no financial, management, stock ownership, or family relationship with fellow members of the Board of Directors, members of the Board of Commissioners and/or the Ultimate Shareholders. Therefore, all members of the Board of Directors are declared to be independent.

The Board of Directors must also adhere to the principle of independence and prioritize the interests of the Bank above his/her own interests, as well as work and behave with high integrity as stipulated in the Charter of the Board of Directors as follows:

1. Members of the Board of Directors are prohibited from utilizing the Bank and/or information obtained from the Bank for personal, family and/or other parties' interests that may harm and/or reduce the profits and reputation of the Bank or its subsidiaries.

2. Members of the Board of Directors are prohibited from taking and/or receiving personal benefits from the Bank other than remuneration and other facilities stipulated by the GMS and/or internal policies.
3. Members of the Board of Directors are prohibited from using individual and/or professional advisors as consultants unless they meet the following requirements:
- The project is specific;
 - Based on a clear contract, which at least covers the scope of work, responsibilities, and timeframe of work, as well as fees;
 - The Consultant is an Independent Party and has the qualifications to work on specific projects.

BOARD OF DIRECTORS

CONCURRENT POSITIONS OF THE BOARD OF DIRECTORS

Pursuant to the provisions of POJK No. 55/POJK.03/2016 on the Implementation of Good Corporate Governance for Commercial Banks, every member of the Board of Directors is prohibited from serving concurrently as a member of the Board of Commissioners, Board of Directors or executive officers of banks, companies, and/or other institutions except those permitted in the regulations.

Members of the Board of Directors of CIMB Niaga have no concurrent positions other than those permitted under the applicable regulations.

In the event the Board of Directors being responsible for the supervision of the Bank's subsidiary, it may perform the functional duties of being a member of the Board of Commissioners of a non-bank subsidiary company controlled by the Bank, as long as the consequences of the position do not result in the neglect of the execution of duties and responsibilities as a member of the Board of Directors.

No	Name of Director	Position at CIMB Niaga	Position in Other CIMB Niaga	Companies/Entities/Organizations

8	Fransiska Oei	Director	None	
9	Hedy Lapian	Director	None	
10	Pandji P. Djajanegara	Director	None	
11	Rahardja Alimhamzah ^{*)}	Director	None	

*) Effective as a Director from the close of the EGMS 24 August 2017

Wan Razly Abdullah serves as the President Commissioner of PT CIMB Niaga Auto Finance in the framework of supervising the Bank's controlled subsidiary.

BOARD OF DIRECTORS CONFLICT OF INTEREST

As stated in the Board of Directors Charter, all members of the Board of Directors must avoid any potential conflict of interest at all times and under any circumstances. In the event of a conflict of interest, members of the Board of Directors are prohibited from taking action that may harm or reduce the Bank's profits and must disclose any potential conflict of interest in all decision making.

A member of the Board of Directors is not authorized to represent the Bank in the event of:

- A case in the Court of Law between the Bank and the involved member of the Board of Directors;

- The involved member of the Board of Directors having a conflict of interest with the Bank.

The procedures that members of the Board of Directors have to go through in the event of a conflict of interest are as follows: each member of the Board of Directors who personally, in any way, either directly or indirectly, has an interest in a proposed transaction, contract or agreement, in which the Bank becomes one of the parties, must state the nature of the interest in the meeting of the Board of Directors and must not be entitled to vote in matters relating to the proposed transaction or contract, unless the Board of Directors determines otherwise.

During 2017, no member of the Board of Directors had a conflict of interest or potential conflict of interest with CIMB Niaga.

TERM OF OFFICE OF THE BOARD OF DIRECTORS

1. The term of office of a member of the Board of Directors is effective as of the date specified in the GMS appointing him/her until the close of the 4th AGM after the effective date of the appointment without prejudice to the rights of the GMS to dismiss them at any time in accordance with Articles of Association and the applicable provisions.
2. The appointment of members of the Board of Directors is effective upon approval of the OJK or the fulfillment of the requirements stipulated in the OJK's approval letter in respect of the fit and proper test and other relevant authorities, and approved by the shareholders through the GMS.
3. The Board of Commissioners may temporarily dismiss members of the Board of Directors by stating the reasons for such dismissal. The temporary dismissal must be notified in writing to the members of the Board of Directors concerned,

and is followed up in accordance with applicable regulations.

4. In the event of a vacancy of the Independent Director's position, the Bank must fill the vacant position at the latest by the date of the nearest GMS or be appointed based on the Board of Directors meeting with the approval of the Board of Commissioners within 6 (six) months of the vacancy.
5. The term of office of members of the Board of Directors ends in the event of:
 - a. The term of office ends in accordance with the Articles of Association;
 - b. Resignation in accordance with applicable provisions;
 - c. No longer meets the requirements of the legislation;
 - d. Passing away;
 - e. Dismissed, based on GMS decision.
6. Members of the Board of Directors who have completed the term of office may be re-appointed by observing the applicable provisions.

All members of the Board of Directors have passed the Fit and Proper test held by Bank Indonesia or OJK and have been appointed by the GMS as shown in the table below.

Independency	All members of the Board of Directors have no affiliations with fellow members of the Board of Directors, Board of Commissioners, and Shareholders of the Bank.
Age	The diversity of age of members of the Board of Directors is in a fairly productive and mature age, namely 46 years old – 60 years old.
Gender	There are 6 (six) female members of the Board of Directors, out of 11 (eleven) total members of the Board of Directors.

POLICY ON THE DIVERSITY COMPOSITION OF THE BOARD OF COMMISSIONERS AND THE BOARD OF DIRECTORS

Age of BOD

Age of BOC

Gender of BOD

Gender of BOC

Citizenship of BOC and BOD

Education of BOC and BOD

Skills of BOC and BOD

Independency of the Board of Commissioners

The current composition of the Board of Commissioners and Board of Directors of CIMB Niaga complies with the above diversity policy and is in line with CIMB Niaga's core strategy, vision, and mission.

Corporate Governance Self-Assessment Results in 2017

ASSESSMENT CRITERIA

In accordance with POJK No.13/SEOJK.03/2017 concerning the Implementation of Good Corporate Governance for Commercial Banks, the Bank conducts self-assessments on the implementation of Good Corporate Governance principles (Transparency, Accountability, Responsibility, Independence, Fairness) to reach Corporate Governance Rating which is a factor in determining the Bank's Health Level in accordance with POJK No. 4/POJK.03/2016. This assessment is conducted on 3 aspects of the Governance system, which are the structure, process and outcome of the Governance over the 11 Assessment Factors of Corporate Governance Implementation as follows:

1. Conduct of duties and responsibilities of the Board of Directors;
2. Conduct of duties and responsibilities of the Board of Commissioners;
3. Completeness and implementation of the Committee's duties;
4. Management of conflict of interest;
5. Implementation of Compliance function;
6. Implementation of Internal Audit function;
7. Implementation of External Audit function;

8. Implementation of Risk Management including Internal Control System;
9. Provision of funds to related parties and large funds;
10. Transparency of the Bank's financial and non-financial conditions, reports on the Bank's Good Corporate Governance and internal reporting; and
11. Bank's strategic plan.

ASSESSOR

CIMB Niaga conducted its self-assessments on Good Corporate Governance in 2017 by involving the Boards of Commissioners and Directors, Independent Parties, Executive Officers and independent units in the Bank to produce a comprehensive and structured assessment concerning the effectiveness of the Governance system and the quality of Governance results. The self-assessment also included Good Corporate Governance in the Subsidiaries in accordance with the relevant regulations. The following is the self-assessment result of CIMB Niaga's Good Corporate Governance in December 2017.

Assessment Result and Score

SELF ASSESSMENT OF CORPORATE GOVERNANCE IMPLEMENTATION		
Entity	Rating	Rating Definition
BANK (Individually)	2	GOOD
CIMB Niaga Auto Finance (CNAF)	2	GOOD
CONSOLIDATED	2	GOOD

RECOMMENDATION AND FOLLOW UP OF GCG ASSESSMENT RESULTS 2017

CIMB Niaga's Good Corporate Governance rating on an individual and consolidated basis is 2 (Good), which reflects that the Management of CIMB Niaga and Subsidiaries has generally implemented Good Corporate Governance, compliance with the Governance principles is adequate, regardless of the deficiencies which are still noted in the implementation of the Good Corporate Governance principles. In general, these deficiencies are not very significant and can be resolved under normal actions by the management of the Bank and Subsidiaries.

CIMB Niaga continues its commitment in and strives to undertake corrective measures aimed at supporting the Bank's sustainability. CIMB Niaga also performs alignment with its Subsidiaries both in terms of strategic plan and risk management, as stipulated in the financial conglomeration regulations.

GOVERNANCE STRUCTURE

The structure and infrastructure of Good Corporate Governance at CIMB Niaga are already in compliance. The changes in the Bank's management during this period has been complied with regulations and reported to the authorities. In addition to complying with the minimum requirements concerning the

establishment of Committees at the Board of Commissioners and Board of Directors level, CIMB Niaga also established Transactional Committees to support the implementation of the duties and responsibilities of the Board of Directors in managing the Bank's operational activities. The Bank's internal policies are based on a risk-based framework and are tailored to the business complexity and organization levels within the Bank. The Bank also continues to follow up any recommendations for improvements on the Governance structure and infrastructure.

GOVERNANCE PROCESS

The Good Corporate Governance process is implemented based on Good Corporate Governance and Prudent principles aimed at achieving sustainable management and at meeting the interests of stakeholders. The Bank's initiatives in this period include the development of compliance and risk culture by increasing awareness of compliance and risk mitigation aspects, strengthening and complementing the internal control function in each risk taking unit to minimize weaknesses that could adversely affect the Bank's Good Corporate Governance performance and results. In addition, with the rapid development of information technology, CIMB Niaga also continues to improve the quality of information systems and technology to provide optimal, safe and reliable financial services to customers and to provide timely and accurate information to stakeholders.

GOVERNANCE OUTCOME

CIMB Niaga adheres to the key prudential ratios in accordance with regulations. The Bank submits its financial report and non-financial information to regulators in accordance with provisions. In addition, the Bank also discloses the financial and non-financial conditions, product and service information as disclosed on the Bank's website. CIMB Niaga performance achievements during 2017 are as disclosed under the section of management achievements including other activities as well (such as financial literacy, corporate social responsibility, awards in conventional banking and sharia).

EXTERNAL ASSESSMENT

ASEAN Corporate Governance Scorecard

CIMB Niaga's commitment to GCG is not merely meeting the requirements only, but more than that, CIMB Niaga strives to improve the implementation of GCG principles by understanding the values within every GCG principle so that the implementation of GCG principles by CIMB Niaga aims to achieve good corporate governance and ultimately to add value for all stakeholders of CIMB Niaga.

One of the efforts made by CIMB Niaga is to refer to the ASEAN Corporate Governance Scorecard as a guideline for the implementation of GCG principles, and to make improvements as deemed necessary.

In addition to the self-assessment of GCG implementation as stipulated in OJK Circular Letter No. 15/SEOJK.03/2015 on Integrated Governance for Financial Conglomerations and No. 13/SEOJK.03/2017 on Good Corporate Governance for Commercial Banks as stated earlier, CIMB Niaga is also assessed by the Indonesian Institute for Corporate Directorship (IICD), RSM and the Financial Services Authority (OJK) based on the principles of ASEAN Corporate Governance Scorecard, also conducts self-assessments for establishing targets and action plans for improvements to be made by the Bank.

In an assessment conducted by IICD in 2017, the Bank received an award as "Best Overall BigCap" at the "The 9th IICD Corporate Governance Conference and Awards".

CORPORATE GOVERNANCE SELF-ASSESSMENT RESULTS IN 2017

RECOMMENDATION OF ASEAN CORPORATE GOVERNANCE SCORECARD FROM EXTERNAL PARTIES

Practices Exceeding the Minimum Expectations

CIMB Niaga discloses a number of good corporate governance practices that exceed minimum standards, including:

1. The Bank released the AGMS Summons (accompanied by the schedule, detailed agenda, and explanation of all agenda of the AGMS), no later than 28 days prior to the date of the AGMS
2. The Bank adopts an internationally recognized reporting framework for sustainability (namely the GRI, Integrated Reporting, SASB)
3. The audited Financial Statements was issued within 60 days after the end of the financial year
4. The Bank has 1 (one) female Independent Commissioners
5. The Bank has a policy and disclosed measurable objectives for the diversity of the composition of the Board of Commissioners and the Board of Directors as well as reports on the progress of its implementation in achieving the objectives
6. The Nomination Committee performs the identification process on the quality of the Board of Directors that has been aligned to the strategy of the Bank
7. The Bank has a separate board level Risk Committee

Areas for Improvement

The Board of Commissioners or the Board of Directors shall attend the Board of Commissioners Meeting or the Board of Directors Meetings at a minimum of 75% in a year.
5. Appointment and Re-appointment of Directors and Commissioners	5. Pursuant to the Articles of Association, each member of the Board of Commissioners and Board of Directors has a term of office of 4 years and can be reappointed.
6. Remuneration Issues	6. The Bank has disclosed the remuneration structure of Commissioners, Independent Commissioners, and Directors in the Bank's Annual Report.

Specific Items Needing Attention

The Bank does not have bad governance practices, and there are no issues that need special attention or follow-ups from the Board of Directors.

► Performance Assessment of the Boards of Commissioners and Directors

PERFORMANCE ASSESSMENT PROCEDURE FOR BOARDS OF COMMISSIONERS

The Board of Commissioners performance assessment is performed through the self-assessment approach, covering collective assessment on the performance of the Board of Commissioners as well as individual assessment on each Commissioner. The final evaluation of the assessment will be performed by the President Commissioner based on the recommendation of the Nomination and Remuneration Committee.

Performance assessment shall be held at least once in a year.

PERFORMANCE ASSESSMENT CRITERIA FOR BOARD OF COMMISSIONERS

Criteria used in performance evaluation of the Board of Commissioners and on Board of Commissioners Committees are as follows:

- **Collective Assessment**

Assessments are conducted by each Commissioner on the overall performance of the Board of Commissioners.

Assessment criteria are:

1. Structure of the Board of Commissioners covering the adequacy and diversity of competencies and experience in supporting the functions of the Board of Commissioners, as well as the effectiveness of meeting arrangements (frequency, time, duration);
2. Strategic thinking that includes an understanding of the Bank vision, mission, strategy, and business plan;
3. Supervision and governance covering Board of Directors' performance, risk management issues, and addressing the potential/existence of conflict of interest;
4. The effectiveness of the Board of Commissioners in discussing Bank issues as well as providing recommendations to the Board of Directors.

- **Individual Assessment**

Assessment are conducted by each Commissioner on his/her own performance (self-assessment) covering:

1. Strategic thinking;
2. Knowledge on the banking industry; and
3. Individual contribution in performing his/her function as a member of Board of Commissioners.

Performance assessment for the Board of Commissioners conducted by each member of the Board of Commissioners and discussed by the Nomination and Remuneration Committee, before submitted for President Commissioner's approval.

PARTIES PERFORMING BOARD OF COMMISSIONERS PERFORMANCE ASSESSMENT

Performance assessment is performed by each Commissioner through the self-assessment method.

PERFORMANCE ASSESSMENT OF BOARD OF COMMISSIONERS RESULTS IN 2017

In 2017, the Board of Commissioners performed its oversight function well to ensure the achievement of Bank's performance and meeting the expectations of the shareholders.

The Board of Commissioners' self-assessment results (collective assessment) in 2017 was 4.1 (Very Satisfactory).

The "Strategic Thinking" and "Effectiveness of Discussion and Recommendation" were the criteria with the highest score, namely an average of 4.2 (Very Satisfactory), while "Supervision and Governance" was the criteria with the lowest score, namely 3.9 (Exceeding Expectations), the average assessment result on each individual member of the Board of Commissioners (individual assessment) was 4.3 (Very Satisfactory).

PERFORMANCE ASSESSMENT OF BOARD OF DIRECTORS (INCLUDING PRESIDENT DIRECTOR)

The Board of Directors performance assessment, including of the President Director, is conducted to monitor the implementation of strategy and performance achievement every year, in which CIMB Niaga applies the Balanced Scorecard approach in interpreting the strategic objectives in Key Performance Indicators (KPI), which jointly agreed by the Board of Directors, received recommendation from Nomination and Remuneration Committee and approved by the Board of Commissioners. The KPI are subsequently conveyed to all employees to ensure consistency with the Bank's objectives and strategies.

The Board of Directors KPI Framework is prepared in accordance with the Bank's strategic objectives to achieve performance targets in 2017 that are in line with the long-term aspirations and targets.

Performance targets are set in the KPI of each Director in accordance with his/her duties and responsibilities, covering collegial and individual responsibilities which include financial and non-financial targets.

The result of assessment and evaluation of performance of the Board of Directors based on the KPI achievement of each Director at the end of the year is submitted to the Nomination and Remuneration Committee for their review and recommendation prior to being given to the Board of Commissioners for approval. The result of assessment and evaluation is a Performance Appraisal to measure achievement of targets that set out in the KPI. This will affect the overall performance assessment of the directorate of each Director.

Performance assessment shall be held at least once in a year.

PARTIES PERFORMING BOARD OF DIRECTORS PERFORMANCE ASSESSMENT

Parties involved in assessment of the Board of Directors are the President Director, the Nomination & Remuneration Committee, and the Board of Commissioners.

Components of Board of Directors Performance Assessment in 2017

- Credit oversees Asset Restructuring & Recovery and Credit Underwriting for the business segment.

➤ Remuneration Policy

CIMB Niaga's risk based remuneration policy No A.06.02 has been effective since October 2017.

PURPOSE AND BACKGROUND

CIMB Niaga's remuneration policy for the Board of Commissioners, Board of Directors and employees, both mandatory and supplementary in nature, has been drawn up according to the prevailing rules and regulations. The remuneration policy serves as one of the important aspects in attracting, motivating, and retaining the best employees in providing qualified human resources. The formulation of this remuneration policy is an integral part of the Bank's financial capabilities and is always implemented based on competitive, fair and risk-based principles in line with the directions and policies of the OJK. In formulating the remuneration policy, the Bank does not engage with external consultant, but to maintain competitiveness of the Bank's remuneration policy, it continuously conducts benchmarking through surveys conducted by independent parties.

RISK-BASED REMUNERATION POLICY

The Bank's risk based remuneration policy is applicable to all employee in every level and function, and have been adjusted as per POJK No. 45/POJK.03/2015 dated December 23, 2015 and SEOJK No. 40/SEOJK.03/2016 dated September 26, 2016 regarding the Implementation of Good Corporate Governance for the Provision of Remuneration for Commercial Banks, which includes :

- The prudent principle in providing risk-based remuneration.
- Variable remuneration is provided in accordance with regulatory requirements related to remuneration for commercial banks

In implementing benefits program, CIMB Niaga continuously improve its remuneration strategy, include reviewing the remuneration policy based on performance, risk and enablement. The main risk profile in remuneration policy is cordially being adjusted to the Bank's annual risk profile which taking consideration of market condition, industry growth and Bank financial capability. Therefore, the main risk profile will impacted the implementation of variable remuneration.

PERFORMANCE EVALUATION IN RELATION WITH REMUNERATION AND RISK

Performance evaluation is realized through Key Performance Indicator (KPI), where KPI is set based on target of the Bank, related unit, individual and aligned with the Bank vision, mission and strategy with consideration of risk and compliance aspects. The Bank periodically evaluates and reviews performance as consideration for remuneration.

REMUNERATION POLICY REVIEW AND INDEPENDENCY

CIMB Niaga periodically reviews the remuneration system and the welfare of employees, with consideration of the following factors :

- The Bank's financial capability
- Employee's competency and performance (meritocracy)
- Market remuneration practices (market competitiveness)
- Eligibility and fairness principles
- Internal equity
- Position's risk
- The Bank's long-term strategy

CIMB Niaga is committed to implement a competitive, fair, balanced and risk-based remuneration system and always ensures that no employee receives compensation below the requirements stipulated by the government. CIMB Niaga also continuously reviews and updates the remuneration policies to be relevant with the industry growth and business strategies and includes compliance aspect based on the prevailing banking regulations. To ensure impartiality in managing employee remuneration, including employees in control unit, the Bank ensures decisions on performance evaluation and remuneration are supervised and reviewed up to Nomination and Remuneration Committee (NRC).

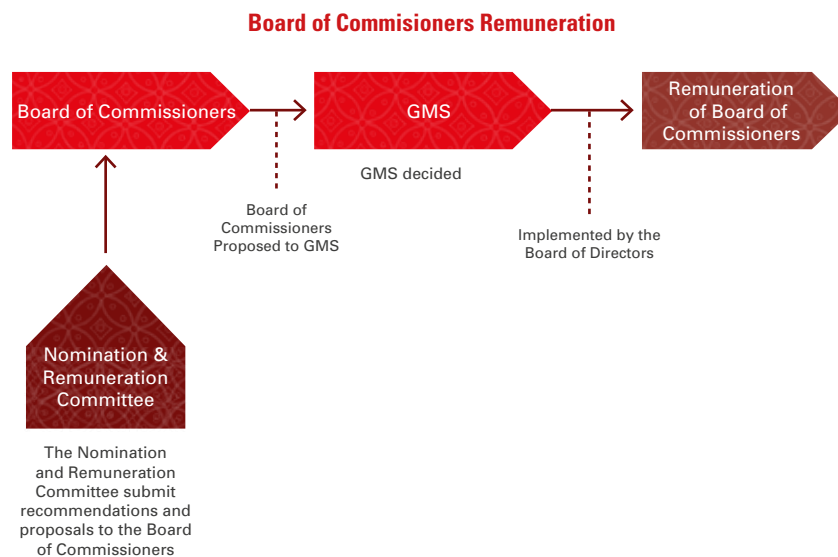

As an example of Good Corporate Governance in relation to remuneration, the Bank has renewed and communicated the Remuneration Structure and Remuneration Scale (SUSU) in accordance with Ministerial Decision No. 1, year 2017 on Remuneration Structure and Scale. In addition, the Bank has adopted a remuneration policy with due observance to POJK No. 45/POJK.03/2015 and SEOJK No. 40/SEOJK.03/2016 on the Implementation of Good Corporate Governance in Remuneration for Commercial Banks as follows.

- a. Material Risk Taker (MRT) can be determined by using qualitative methods that consider the position's scale of responsibilities which affects main risk profile of the Bank.
- b. MRT can also be categorized quantitatively by comparing variable remuneration scales between MRT and non-MRT employees by considering performance and the level of risk of certain positions.

DETERMINATION OF MATERIAL RISK TAKER (MRT)

Determination of Material Risk Taker (MRT) can be categorized as follows :

All Directors and/or employee who fulfil those definitions are determined as MRT, whereby the Bank currently has 14 individuals categorized as MRT.

The formulation of the structure, policy, and remuneration of each Commissioner is conducted with respect to the duties, authority, performance, and responsibility of the Board of Commissioners, and the prevailing remuneration in the banking industry (peers group), and Bank's financial ability. Procedures for determining the Board of Commissioners remuneration:

- Nomination and Remuneration Committee discuss the Board of Commissioners' remuneration with respect to information on the market range and standard of remuneration in the banking industry (peers group) and Bank's financial ability

REMUNERATION POLICY

- Nomination and Remuneration Committee submit remuneration recommendation which to be discussed in the Board of Commissioners meeting
- Board of Commissioners analyses the recommendation from Nomination and Remuneration Committee and propose the remuneration for the Board of Commissioners to the GMS.
- The GMS determines the remuneration for the Board of Commissioners, to be then accordingly implemented by the Board of Directors.

BOARD OF COMMISSIONERS' REMUNERATION STRUCTURE

The Board of Commissioners remuneration structure consists of honorarium, meeting allowance, transportation allowance, holiday allowances and year-end allowance, as well as other facilities such as health and communication allowances, and club membership. Based on the 2017 AGMS decision, detailed information on remuneration and facilities policy for members of the CIMB Niaga Board of Commissioners are as follows:

Board of Directors Remuneration

The formulation of the structure, policy and remuneration amount of remuneration of each Director is conducted with respect to the duties, powers and responsibilities of the Board of Directors, the prevailing remuneration in the banking industry (peer groups), the Bank performance, individual performance of each Director, and the Bank's financial capability. Procedures for determining Board of Directors remuneration:

- The Nomination and Remuneration Committee discusses the Board of Directors remuneration by considering the information on the remuneration market range and standards with similar industries (peer group), the Bank performance, the individual performance and risk of each Director with the achievement of predefined KPIs, as well as Bank's financial ability.

- Afterwards, the Nomination and Remuneration Committee gives remuneration recommendations which to be discussed in Board of Commissioners Meeting.
- The Board of Commissioners study the recommendation from the Nomination & Remuneration Committee and suggests the remuneration to the GMS.
- The GMS determines the remuneration for the Board of Directors by granting authority to the Board of Commissioners to set Board of Directors' remuneration with regards to the recommendations submitted by the Nomination & Remuneration Committee, to be accordingly implemented by the Board of Directors.

REMUNERATION POLICY

INDICATORS FOR DETERMINING BOARD OF DIRECTORS REMUNERATION

The determination of Board of Directors' remuneration is based on the Bank's performance covering the Bank's financial performance, level of health, and risk management practices in accordance with regulatory requirements. Furthermore, the remuneration is also determined by considering national economic conditions. Further details on the performance indicators are outlined in the Performance Assessment of the Board of Commissioners and Board of Directors in this Annual Report.

BOARD OF DIRECTORS REMUNERATION STRUCTURE

The Board of Directors' remuneration structure consists of salary, bonus, transportation allowance, housing allowance, holiday allowance and year-end allowance as well as other facilities such as health and communication facilities, and club memberships. Board of Commissioners Committees

AUDIT COMMITTEE

The Audit Committee was established to assist the Board of Commissioners in performing its oversight function particularly on the implementation and reporting of financial reports, adequacy of risk management and internal control, effectively and independently. The Audit Committee also monitors CIMB Niaga's compliances with the applicable laws and regulations.

Legal References

The establishment of the Audit Committee of CIMB Niaga is based on the following regulations:

1. Regulation of Financial Services Authority (POJK) No. 55/POJK.04/2015 dated 23 December 2015 on the Establishment and Work Guidelines of the Audit Committee.
2. POJK No. 33/POJK.04/2014 dated 8 December 2014 on the Boards of Commissioners and Directors of Issuer or Public Company.
3. POJK No. 55/POJK.03/2016 dated 7 December 2016 on the Implementation of Corporate Governance for Commercial Banks.
4. Circular of Financial Services Authority (SEOJK) No. 13/SEOJK.03/2017 dated 17 March 2017 on the Implementation of Good Corporate Governance for Commercial Banks.
5. POJK No. 46/POJK.03/2017 dated 12 July 2017 on the Implementation of the Compliance Function of Commercial Banks.
6. Circular of Bank Indonesia (SEBI) No. 13/28/DPNP dated 9 December 2011 on the Implementation of the Anti Fraud Strategy for Commercial Banks.
7. Articles of Association of CIMB Niaga.

Audit Committee Charter

The CIMB Niaga's Audit Committee established the Charter or Guidelines that govern the membership, structure, authorities, duties and responsibilities, meetings, activities, and standard operating procedures of the Audit Committee in conducting its functions. The Audit Committee charter was last updated on 21 March 2016 and is uploaded to the Bank's website. Furthermore, the Audit Committee charter shall be periodically reviewed in order to ensure its compliance with the latest applicable regulations and Bank's needs.

Structure and Membership

The membership and composition, as well as the independence of members of the Audit Committee has comply with the provisions of the competent authority. The CIMB Niaga Audit Committee for the period of 2017 consisted of 1 (one) Chairman who is an Independent Commissioner, 1 (one) member who is an Independent Commissioner and 2 (two) members who are non-commissioner members as Independent Parties with the requisite competence and qualifications in banking accounting and finance.

Members of the Audit Committee were appointed based on Nomination and Remuneration Committee Recommendation of PT Bank CIMB Niaga Tbk No. 006/NOMREM/KP/III/2016 dated 23 March 2016, as approved by Board of Commissioners Circular Decision Letter No. 007/DEKOM/KP/IV/2016 dated 6 April 2016. The appointment was effective at the close of the 2016 AGMS up to the close of the 2020 AGMS.

Term of Office

The term of office of Audit Committee members shall not be longer than the term of office of the Board of Commissioners in accordance with POJK No. 55/POJK.04/2015, the Audit Committee Charter and can only be re-elected for one more term. The term of office of members of the Audit Committee that are appointed within a Board of Commissioners term of office will automatically end together with such Board of Commissioners term of office.

Independence of Audit Committee

All members of the Audit Committee have met all the established criteria of independency and are able to carry out their duties independently, and uphold the interests of the Bank without the influence by any party. This can be observed from the Audit Committee membership, which consists of 1 (one) Chairman who is an Independent Commissioner, 1 (one) Member who is an Independent Commissioner and 2 (two) non-Commissioner members as Independent Parties.

Duties, Responsibilities and Authorities

In conducting its functions, the Audit Committee has the following duties and responsibilities:

1. To review financial information to be issued by the Bank to the public and/or authorities, including: financial reports, projections, and other reports related to the Bank's financial information.
2. To review the compliance to the regulations relevant with the Bank's activities.

3. To provide an independent opinion in the event of a disagreement between management and the Public Accountant regarding the services provided.
4. To provide recommendation to the Board of Commissioners regarding the appointment of the Public Accountant Firm by taking into account the independency, scope of the assignment and fees; to discuss the nature and scope of the proposed audit plan; to review the adequacy of audit by taking into account all crucial risks; and to ensure coordination should more than one Public Accountant Firm are assigned.
5. To review the audit implementation by Internal Audit.
6. To examine the planning, execution, and oversee of the follow-up implementation by the Board of Directors on internal and external audit findings.
7. To review and report to the Board of Commissioners on complaints relating to the Bank's accounting and financial reporting, including allegations of improper decisions by Board of Directors meetings or any deviation from carrying out a Board of Directors meeting decision. If necessary, the Audit Committee may conduct an examination, either by the Audit Committee itself or by assigning a third party. The report shall be submitted to the Board of Commissioners no later than two (2) business days after the completion of the report.
8. To review and provide advice to the Board of Commissioners related to any potential conflicts of interest of the Bank.

9. To assist the Board of Commissioners in conducting active supervision on the Compliance Function by:
 - a. Evaluating the implementation of the Compliance Function are in compliance with Bank's internal regulations and prevailing laws and regulations relating to the activities of the Bank at least 2 (two) times in one (1) year.
 - b. Providing suggestions to enhance the quality of the Bank's Compliance Function.
10. To assist the Board of Commissioners in conducting active supervision on the implementation of Anti-Fraud strategy by reviewing the Anti-Fraud Implementation Strategy Report submitted by the Anti-Fraud Management.
11. To provide recommendations to the Board of Commissioners on the appointment, dismissal, and performance assessment of the Chief Audit Executive.
12. To maintain the confidentiality of the Bank's documents, data, and information.

Duties Implementation in 2017

The activities and recommendations generated by the Audit Committee during 2017 are as follows:

1. Review the accountability and transparency of Bank's financial statements
2. Review the implementation of the 1Platform project
3. Review the robustness of the compliance and internal control structure of the Bank
4. Review the effectiveness of fraud investigation, detection, and prevention
5. Review the Digital Banking road map
6. Review the implementation of IFRS 9

Audit Committee Reporting

The Audit Committee reported their activities and recommendations to the Board of Commissioners on a regular basis.

Audit Committee Meeting and Meeting Attendance

The Audit Committee Charter stipulates that the Audit Committee shall hold meeting at least once every 3 (three) months and the members must physically attend in person at least two (2) times a year. Meetings can only be held if attended by at least 51% (fifty one percent) of total members, including the Independent Commissioner and Independent Parties.

During 2017, the Audit Committee held 12 (twelve) meetings, which included the ratification of minutes of the previous meetings, discussion of matters from previous meetings requiring follow-up, and other substantive matters requiring Audit Committee attention.

BOARD OF COMMISSIONERS COMMITTEES

Meetings throughout 2017 discussed the following agenda:

1. Meeting with the Finance Director and executive officers to:
 - a. Review the financial reports including: financial statement presentation, accounting treatment, and compliance with generally accepted accounting principles/practices.
 - b. Review the Bank's financial performance and the adequacy of the published financial statements and reporting to the authorities.
 - c. Discuss recommendations as well as progress of follow-ups on the external auditor's audit findings.
2. Meeting with the Chief Audit Executive to:
 - a. Discuss the audit plan, audit scope, audit findings, follow-up of audit findings, and the adequacy of the internal control systems,
 - b. Performance of Internal Audit.
3. Meeting with the Compliance Director to:
 - a. Discuss the recommendations as well as progress of follow-ups to the audit recommendations from Financial Services Authority, Bank Indonesia and Bank Negara Malaysia.
 - b. Discuss the possibility of compliance risk in the area of human resources and penalties from the Bank Indonesia. In addition, discuss lessons learned from on-going cases.
 - c. Discussing new rules and regulations and their impacts on Bank
4. Meeting with the Anti-Fraud Management (AFM) to discuss:
 - a. Fraud Prevention Program, such as the Anti-Fraud Campaign, Anti-Fraud Awareness Training to staff, Anti-Fraud Awareness dissemination of information to the customers, as well as E-learning and certification of Policy and Procedure for CIMB Preferred and CIMB Private Banking.
 - b. Investigation on 2017 fraud cases as well as monitoring of sanctions imposed to the perpetrators of fraud.
 - c. Detection of fraud through the ACL (Audit Command Language) fraud detection system.
 - d. Thematic review on several Bank's operational processes.
5. Meeting with the Public Accountant to discuss the audit plan, audit scope, audit findings, audit recommendations, and management letter submitted.
6. Meeting with related Directors and work units to ensure the adequacy of internal control systems in the management of Non-Performing Assets, Non-Performing Loans (NPL) in the Corporate and Commercial Banking units, as well as the status of key projects in 2017.

In addition to those meetings, the Audit Committee periodically has provided activity reports and recommendations to the Board of Commissioners.

Work Plan for 2018

The Audit Committee has established 2018 work plan with emphasis on:

1. Conduct a study of the accountability and transparency of the financial statements
2. Assess the robustness of the Bank's compliance and internal control structure
3. Conduct a study on the effectiveness of prevention, detection and investigation of fraud
4. Conduct a study of the Digital Banking road map
5. Conduct a study on Anti Money Laundering Act

The composition, structure and terms of membership, duties and responsibilities, authority, the full implementation of the meeting and reporting are contained in the Audit Committee Charter uploaded on the Bank's website.

BOARD OF COMMISSIONERS COMMITTEES

NOMINATION AND REMUNERATION COMMITTEE

The Nomination and Remuneration Committee (NRC) was established by the Board of Commissioners to assist the Board of Commissioners in performing supervisory responsibilities for the implementation of the nomination and remuneration policies for the Board of Commissioners, Board of Directors, Sharia Supervisory Board (DPS), Committee members at the level of Board of Commissioners and all Bank employees based on the prevailing requirements.

Legal References

The establishment of the NRC is based on the following regulations:

1. POJK No. 55/POJK.03/2016 dated 7 December 2016 on the Implementation of Corporate Governance for Commercial Banks.
2. PBI No. 11/33/PBI/2009 dated 7 December 2009 on the Implementation of Good Corporate Governance for Sharia Commercial Banks and Sharia Business Units.
3. POJK No. 34/POJK.04/2014 dated 8 December 2014 on the Nomination and Remuneration Committee of Issuers or Public Companies.
4. POJK No. 45/POJK.03/2015 dated 23 December 2015 on the Implementation of Good Corporate Governance in the Provision of Remuneration for Commercial Banks.
5. POJK No. 9/POJK.03/2016 dated 26 January 2016 on Prudential Principles for Commercial Banks in Performing Transfer of Selected Work to Other Parties.
6. POJK No. 59/POJK.03/2017 regarding the Implementation of Good Corporate Governance in the remuneration of Sharia Commercial Banks and Sharia Business Units.
7. SEOJK No. 13/SEOJK.03/2017 dated 17 March 2017 on the Implementation of Good Corporate Governance for Commercial Banks.
8. SEOJK No. 40/SEOJK.03/2016 dated 26 September 2016 on the the Implementation of Corporate Governance in the remuneration for Commercial Banks.

Nomination and Remuneration Committee Charter

The NRC has established NRC Charter which has adapted with POJK No. 34/POJK.04/2014. The most NRC Charter was last updated on 26 February 2016 and is uploaded on the Bank's website. Furthermore, the NRC Charter shall be periodically reviewed in order to ensure its compliance with the latest applicable regulations.

Structure and Membership

Membership, composition, as well as the independence of members of the NRC comply with the prevailing regulations. In 2017, NRC of CIMB Niaga consisted of 2 (two) Independent Commissioners and 1 (one) Bank's Executive Officer in charge of Human Resources.

Members of the Nomination and Remuneration Committee were appointed based on Recommendation of the Nomination and Remuneration Committee No. 006/NOMREM/KP/III/2016 dated 23 March 2016, as approved by Board of Commissioners Circular Decision Letter No. 007/DEKOM/KP/IV/2016 dated 6 April 2016. The appointment was effective from the close of the 2016 AGMS until the close of 2020 AGM.

Training for Members of NRC (excluding Commissioner/Independent Commissioners) in 2017

During 2017, Joni Raini attended several training related to Leadership, Risk & Governance, including Digital Leadership, Unsecured Retail Credit Risk Management organized by BARa, Business Acumen for Compensation Professional held by the Singapore National Employers Federation (SNEF) and also participated in internal coordination meetings and workshops within the Human Resources directorate.

In addition, Joni Raini also won the Promising Young Banker in Indonesia Award for the period of 2014-2016 awarded by The Asian Banker.

BOARD OF COMMISSIONERS COMMITTEES

Term of Office

The term of office of NRC members shall not be longer than the term of office of the Board of Commissioners in accordance with POJK No. 34/POJK.04/2014 and the NRC Charter and may be re-elected. The term of office for members of NRC that are appointed within a Board of Commissioners term of office will automatically end together with such Board of Commissioners term of office.

Independence of Nomination and Remuneration Committee

All members of the NRC have met all the established independence requirements and are able to carry out their duties independently and uphold the interests of the Bank without the interference by any party. This can be observed by the majority of NRC members who are Independent Commissioners.

Duties, Responsibilities and Authorities

The NRC performs its duties and responsibilities professionally and independently, without interference from any party which is not in accordance with the applicable rules and regulations. The NRC has the roles and responsibilities to provide recommendations to the Board of Commissioners as follows:

1. Related to the nomination policy to:
 - a. Prepare and provide recommendations on the system and procedures for the appointment and/or replacement of members of the Board of Commissioners, and Board of Directors, as well as Sharia Supervisory Board to the Board of Commissioners to be submitted to the GMS.
 - b. Provide recommendation on the candidates of the members of Board of Commissioners and/or Board of Directors, and/or Sharia Supervisory Board to the Board of Commissioners to be submitted to GMS.
 - c. Evaluate the performance and establish a development programs for the Board of Commissioners and Board of Directors as well as Sharia Supervisory Board.
 - d. Provide recommendations on Independent Parties who will be nominated as members of the Audit Committee, Risk Oversight Committee and Integrated Governance Committee.

2. Related to the remuneration policy to:
 - a. Evaluate the remuneration policy;
 - b. Evaluate the alignment of the remuneration policy with its implementation;
 - c. Provide recommendations to the Board of Commissioners on:
 - The structure, policies and amount of remuneration for the Board of Commissioners, Sharia Supervisory Board, Board of Directors and members of the Board of Commissioners committee; and
 - Remuneration policy framework for Executive Officers and employees in total which has been approved by the Board of Directors.
3. The NRC shall ensure that the remuneration policy is taking into account:
 - a. Financial performance and reserve requirements as governed under the prevailing rules and regulations;
 - b. Individual work performance;
 - c. Fairness with peer group;
 - d. Consideration of the Bank's long term goals and strategies;
4. In the event that a member of the NRC has conflict of interest with the recommended proposal, such proposal must disclose the conflict of interest and the considerations underlying such proposal.

Duties Implementation in 2017

During 2017, NRC conducted activities and provided recommendations as follows:

1. Provided an evaluation of the Bank's financial performance and identify areas of concern to Management for improvements in 2017.
2. Provided evaluation and input on BOD Key Performance Indicator (KPI) assessment, whereby the NRC provides input so that the assessment is more easily designed for better comprehension.
3. Provided input for conducting the Bank's overall training and academic programs.

4. Provided assessment and input to the performance of BOC and members of the Committee by highlighting the matters with room for improvements in the future.
5. Provided input and recommendation on bonus payments and salary increases and promotion for employees in 2017 related to performance achievement (KPI) in 2016.
6. Provided reviews and recommendations on BOD and BOC remuneration schemes for 2017 to maintain fairness and competitiveness to create positive impact on the Bank's overall performance
7. Conducted further discussion and provided input and directions related to the implementation of POJK Risk-Based Remuneration which include among others: relevant bank officers, payment mechanisms and other general rules regarding the implementation of Risk-Based Remuneration and timeline for the enactment of such regulation in the Bank
8. Provided guidance and feedback on the BOD 2017 KPI framework and the key points for BOD to review
9. Provided feedback on the current recruitment process in the Bank, regarding the importance of database recruitment and analytics to improve the overall recruitment quality and process.
10. Conducted discussion and recommendation of wellness program in the Workplace concerning the importance of flexibility in the retention efforts and increasing level of employee engagement to the Bank.
11. Provided evaluation and guidance on the preparation of the Code of Ethics & Conduct as part of Building Risk & Compliance Culture at CIMB Niaga, where the NRC underscores the need to involve stakeholders, particularly employees in the future and the importance of intensive communication as the key to success to achieve Bank's corporate risk culture effectiveness.
12. Provided guidance and recommendation on the plan of Employee and Management stock programs (grants and options).
13. Provided direction and feedback regarding talent management framework that will be adopted within the Bank, so as to disseminate and implement them well.
14. Conducted discussion and provide recommendation in the nomination of members of the Board of Commissioners by considering the expertise, competence, background and experience of the candidates submitted by the Shareholders to be further discussed in the GMS.
15. Provided regular evaluation and direction to achieve the performance of the BOD (KPI) and provide encouragement for units whose achievements are below the target so as to allow them to make more efforts to ensure performance improvements at the end of the year.
16. Provided input and recommendations regarding the implementation of government regulations on transparency of remuneration structures and remuneration scale within the Bank.
17. Provided inputs to support the ABC Working Culture and Learning on the Go, by underlining the importance of efforts made to ensure alignment and success of the work culture and the benefits of innovation in the learning process/education within the Bank.
18. Provided guidelines for the Year End Performance Evaluation process, including performance moderation process, so that they are carefully monitored to enable the timely completion of performance evaluation 2017
19. Provided input and direction to KPI Framework proposal in 2018, by encouraging that KPI process is well conducted, in accordance with 2018 timelines and that any changes or updates should be reported to the NRC as appropriate.

Nomination and Remuneration Reporting

The NRC reports its activities and recommendations to the Board of Commissioners on a regular basis.

BOARD OF COMMISSIONERS COMMITTEES

Nomination and Remuneration Committee Meeting and Meeting Attendance

BOD Succession Plan

As set forth in the Bank Policy, the succession policy of the Board of Directors and/or Senior Management is as follows:

1. The Board of Commissioners, assisted by the NRC, ensures that the Bank has a talent management system managed by Human Resources Directorate as a tool to identify executive officers who have the potential to maintain the continuity of leadership in the future, to maintain business sustainability, and promote the Bank's long-term objectives.
2. The Human Resources Directorate together with the NRC identifies the internal talents within the Bank but does not exclude the potential talents of professionals for the purpose of planning the succession of the Board of Directors, including the President Director and/or Senior Management.
3. As for the internal talents within the Bank, the Human Resources Directorate performs evaluation to provide opportunities for further self-development for these talents, either in the form of mandatory training or career development opportunities.
4. The talents who are identified as potential replacement for members of the Board of Directors shall be evaluated and identified and must meet the requirements of the candidates of the Board of Directors of the Bank.

Term of Office

The term of office of a member of Risk Oversight Committee shall not be longer than the term of office the Board of Commissioners as stipulated in the Articles of Association and may be re-elected. The term of office of Committee members appointed within the term of office of the Board shall end with the term of office of such Board of Commissioners.

Independence of Risk Oversight Committee

All members of the Risk Oversight Committee have met all independence requirements and are able to carry out their duties independently, and uphold the interests of the Bank without the influence by any party. This is can be observed from the Risk Oversight Committee membership which consists of 1 (one) Chairman who is an Independent Commissioner, 1 (one) member who is an Independent Commissioner and 2 (two) non-Commissioner members as Independent Parties.

Duties, Responsibilities and Authorities

The Risk Oversight Committee performs its duties and responsibilities professionally and independently without any intervention from any party that does not comply with the prevailing laws and regulations. In general, the main duties and responsibilities of the Risk Oversight Committee are to provide recommendations to the Board of Commissioners in order to support the effective implementation of duties and responsibilities of the Board of Commissioners relating to risk management, such as to:

1. Evaluate the conformity of risk management policies and the implementation of Bank policies; and
2. Monitor and evaluate the implementation of the duties of the Risk Management Committee and the Risk Management Unit.

Duties Implementation in 2017

During 2017, the Risk Oversight Committee has conducted activities in accordance with the Committee's Work Plan, which are made annually in reference to the duties and responsibilities of the Risk Oversight Committee as set out in the Risk Oversight Committee Charter. Report on execution of duties of Risk Oversight Committee in 2017 comprise the activities and recommendations made among others:

1. Re-assessment and submission of recommendations to the Board of Commissioners on:
 - a. policies/frameworks and the implementation by the Board of Directors in relation to risk management, and
 - b. establishment of risk appetite, such as risk appetite statement, risk posture and sector appetite.
2. Evaluation of the duties of the Risk Management Committee and the Risk Management Unit and the evaluation of the consistency between risk management policies and their corresponding implementation through the discussion of:
 - a. Risk Management Strategies and policies for various kinds of risk, not just Credit Risk, Operational Risk, Liquidity Risk and Market Risk but also Legal Risk, Strategic Risk, Compliance Risk, Reputational Risk and Information Technology Reputation.
 - b. Risk Management related to capital, such as Internal Capital Adequacy Assessment Process and the conduct of stress tests.
 - c. Internal reports that include monitoring results on macro-economic conditions, the Bank's financial performance and risk indicators in order to ensure compliance with the Bank's risk appetite.
 - d. Mandatory reports to be submitted to Bank's supervisory consisting of Risk Profile Report, the Bank Rating Report and other reports in order to ensure compliance with the delivery of information to bank supervisory on the Bank's risk conditions.
3. Monitoring of the Bank's credit risk through the discussion of:
 - a. Status and projection asset quality of each loan segment in order to ensure that each business units has taken the necessary measures to maintain and improve the quality of the Bank's assets so as to align with the predetermined risk appetite.
 - b. Thematic review of loan portfolios by sector highly correlated with economic fluctuations in 2017.
 - c. Business plan, strategy and account planning for Prominent Groups.
 - d. Implementation status as an initiative to improve the credit process.
4. Evaluation of the Bank's strategic steps through the discussion of:
 - a. Budget plan, business strategy and Bank Business Plan of 2017 in accordance with the Bank's risk appetite.
 - b. Recent reports on the implementation of the Basel and IFRS 9 project.
5. Monitoring of significant audit findings from the perspective of operational risk management including investigation report and follow-up on the mitigation and improvement.

Risk Oversight Committee Reporting

The Risk Oversight Committee reports activities and recommendations to the Board of Commissioners on a regular basis.

Risk Oversight Committee Meeting and Meeting Attendance

The Risk Oversight Committee Charter governs that the Risk Oversight Committee shall convene at least 1 (one) meeting per month and shall be physically attended at least 2 (twice) a year. Meetings can only be held when attended by at least 51% (fifty one percent) of the total members, including an Independent Commissioner and an Independent Party.

BOARD OF COMMISSIONERS COMMITTEES

During 2017, the Risk Oversight Committee held 12 (twelve) meetings with member attendance as follows:

Term of Office

The term of office of the Integrated Governance Committee shall not be no longer than the term of office of the Board of Commissioners as regulated in the Articles of Association and may be re-appointed. The term of office of members of the Integrated Governance Committee, that are appointed during a Board of Commissioners term of office, will automatically end together with such Board of Commissioners term of office.

This can be observed from the membership, which comprises :

1. An Independent Commissioner who serves as a Chairman in one of the committees in the Main Entity, as Chairman and member;
2. An Independent Commissioner who represents, and is appointed from FSI within the Financial Conglomerate, as a member;
3. An independent party, as a member.

Independency of the Integrated Governance Committee

All members of the Integrated Corporate Governance Committee have met all the established criteria of independency and are capable of performing their duties independently and upholding the interests of the Bank without interference from any parties.

Duties, Responsibilities and Authorities

The Integrated Governance Committee has the following duties and responsibilities:

1. Evaluate Integrated Governance by assessing the adequacy of internal controls and the implementation of compliance in an integrated manner;
2. Provide recommendations to the Board of Commissioners of the Main Entity concerning improvements to the Integrated Governance Charter.

Duties Implementation in 2017

During 2017, the Integrated Governance Committee focused on conducting evaluations on the following matters:

1. Reviewed the Integrated Risk Management Report.
2. Reviewed the Integrated Minimum Core Capital Adequacy Report.

3. Reviewed the Integrated Internal Audit Report.
4. Reviewed the Integrated Compliance Report.
5. Reviewed Self Assessment of the Implementation of Integrated Governance periodically Report as of June and December 2017.

Integrated Governance Committee Reporting

The Integrated Governance Committee reports its activities and recommendations to the Board of Commissioners on a regular basis.

Committee Meetings and Attendance

The Integrated Governance Committee Charter stipulates that it shall hold meeting at least 2 (two) times a year. Meetings can only be held if attended by at least 51% (fifty one percent) of the total members, including the Independent Commissioners and Independent Parties.

During 2017, the Integrated Governance Committee held 2 (two) meetings on 8 February 2017 and 31 July 2017, which included the ratification of the minutes of previous meetings, discussion on issues that needed to be followed-up on from the previous meetings, and other matters that required attention with attendance levels as follows:

Attendance of Integrated Governance Committee Meetings for January - December 2017

▶ Board of Directors Committees

EXECUTIVE COMMITTEE

The Executive Committee is the committee at the Board of Directors level, established to support the conduct of the duties and responsibilities of the Board of Directors. In accordance with the regulations, the Bank is required to establish 3 (three) Executive Committees namely: Risk Management Committee, Asset & Liability Committee, and IT Steering Committee. However, as set forth in the BOD Charter, the BOD also has the authority to establish other Committees based on the Bank's business needs.

With the growing complexity of business and the importance of good governance, CIMB Niaga maintains 6 (six) Executive Committees:

1. Risk Management Committee (RMC)
2. Asset & Liability Committee (ALCO)
3. Information Technology Steering Committee (ITSC)
4. Operational Risk Management Committee (ORC)
5. Credit Policy Committee (CPC)
6. Capital Management & Recovery Plan Committee (CMRP)

In addition, CIMB Niaga also maintains other Committees specifically established by the Director in charge (related to certain aspects under the responsibility of such Director) or a designated Director (hereinafter referred to as "Designated Director"), which include among others BDC, MarCom, PPC, CC, DC and DGC with the segregation of duties and responsibilities clearly defined in the Terms of Reference (TOR) of each Committee. The membership structure and description of the duties of the Executive Committee of CIMB Niaga are as follows:

2. Conduct a review of risk exposures and implementation of risk management in the Company and its subsidiaries, periodically or incidentally, as a result of changes in the Bank's external and internal conditions.
3. Approve the risk profile report, stress testing including the scenarios, and risk mitigation follow-up.
4. Approve specific risk management policies beyond the policies approved by other executive committees.
5. Review the adequacy of capital in the Bank and its subsidiaries.
6. Approve the Bankwide limit/Management Action Trigger (MAT); such as sector/industry limit, VaR limit, etc.
7. Evaluate and approve treasury market risk limits, exceeds market risk limits, and changes in market risk measurement processes.
8. Obtain decision reports made by other risk management committees which include: ALCO (Asset & Liabilities Committee), ORC (Operational Risk Committee) and CPC (Credit Policy Committee).
9. Be notified of the decision of the Business Development Committee (BDC) regarding new products and activities.

BOARD OF DIRECTORS COMMITTEES

Meeting, Quorum, and Decision Making

1. Meetings are held at least 10 (ten) times in one year
2. The quorum of the meeting is at a minimum of 5 (five) members, including 4 Directors and the Chairman or Vice Chairman of the Committee
3. The decision-making quorum is approved by more than 50% (fifty percent) of the Committee members present at the meeting, including 2 Directors, one of whom is the Chairman or Vice Chairman of the Committee

Work Realization in 2017

1. Provided recommendations and approvals of policy frameworks and risk management frameworks, including integrated risk management policies, and transparency and capital risk management policies.
2. Approved market risk limits, operating limits for consumer products such as Pension Loan, and changes to In-house limits.
3. Approved the results of the parameters review and report of Risk Profile, Material Risk Assessment (MRA) and Risk Based Bank Rating (RBBR), Capital, Integrated Risk Management, Sector Appetite and ICAAP.
4. Evaluated the condition and development of the Bank portfolio, such as portfolio of plasma financing scheme, consumer portfolio asset quality, and watch list account.
5. Approved the score card model for mortgage exposure at default and CNAF LGD.
6. Approved the implementation plan for PSR methodology.
7. Approved the results of stress testing conducted bank wide.
8. Discussed matters arising from previous RMC meetings.

Work Program in 2018

1. Approve and evaluate policies related to risk management.
2. Improve the role of the committees in the implementation of the best risk management strategy.
3. Improve meeting effectiveness by focusing on key risk issues.
4. Comply with the regulations of Bank Indonesia and the Financial Services Authority in risk management.

ASSET & LIABILITY COMMITTEE (ALCO)

Main Functions and Authorities

ALCO is support BOD in analysing and evaluating the management of assets and liabilities, as well as the related decision-making process through the formulation of policies, strategies and targets to manage the Bank's assets and liabilities in an integrated manner.

Structure and Membership

Chairman : President Director

Deputy Chairman 1 : Strategy and Finance Director

Deputy Chairman 2 : Treasury and Capital Market Director

Members

- Business Banking Director
- Risk Management Director
- Operations and IT Director
- Credit Director
- Consumer Banking Director
- Sharia Banking Director
- Human Resources Director
- Compliance, Corporate Affair, and Legal Director

Secretary : Asset and Liability Management Head

Roles and Responsibilities

1. Review of Balance Sheet and Net Interest Income (NII)
 - a. Review and analyse bank balance sheets by business, composition of assets and liabilities, currencies, growth, revenues and margins.
 - b. Assess the variances arising from the plan and the actualization of the balance sheet and how it affects funding and lending, balance sheet ratios, and whether banks remain within the limits of the Risk Appetite.
 - c. Assess NII and Net interest Margin (NIM) trends, as well as differences between actual conditions and projected outcomes.
 - d. Assess the impacts on the NII under Base case conditions, and under Stressed Economic Scenarios.
 - e. Review and ensure that the Fund Transfer Pricing (FTP) framework is appropriate and serves as a connector among business lines and prioritizes consistency in the Bank's performance.
 - f. Review and approve Pricing that requires regulatory approval as well as Pricing of new

and old products in line with the Bank's strategic and business objectives.

2. Contingency Funding Plans

- a. Review the Contingency Funding Plan ("CFP") as an operational business plan and measure the capacity of the business plan to ensure that management actions to be taken are realistic; and
- b. Ensure that Early Warning Indicators are relevant to current conditions.

3. Asset Liability Management

- a. Review the Asset and Liability Management (ALM) framework and policies to ensure that the framework and policies are in accordance with the current and future size and operational complexity of CIMB Niaga.
- b. Uphold the consistent implementation of practices and policies in the Bank
- c. Approve Management Action Trigger ("MAT")/ liquidity risk limits and interest rates within the Banking Book.
- d. Establish, supervise and review hedging strategies of bank entities under CIMB Niaga.
- e. Review and ensure that the Bank's risk profile is within the limits specified in the MAT/liquidity risk limits and interest rate risk in the Banking Book, including reviewing internal stress tests as well as those established by the regulator for all currencies and all CIMB Niaga entities;
- f. Review and approve ALM risk parameter model and validation model; and
- g. Identify and assess funding and liquidity needs, and take appropriate steps for certain liquidity and funding conditions.

Meeting, Quorum, and Decision Making

1. Meetings are held at once a month
2. The quorum of the meeting is at a minimum of 50% (fifty percent) of the Committee members and 1 (one) Director

3. The decision-making quorum is approved by a minimum of 50% (fifty percent) of the Committee members present at the meeting
4. All members/representatives must attend a minimum of 75% (seventy five percent) of the meetings in one year

Work Realization in 2017

1. Migrated to BUKU IV seamlessly and ensured no significant expenses were incurred, yet still complying with the maximum rate limit policy required by the regulator.
2. Encouraged loan portfolio growth in some key products such as Mortgage and SME.
3. Executed the contingency funding plan on December 19, 2017.
4. Ensured that the Bank's liquidity level was always at an optimum level.
5. Monitored and revised the funding pricing strategies by actively taking into account the level of funding required, competition in the market, and the maximum level of funding pricing set by the regulator.
6. Maintained the Liquidity Coverage Ratio (LCR) and Net Stable Funding Ratio (NSFR) above the regulatory requirements.
7. Issued Negotiable Certificate of Deposit (NCD) and bonds as alternative and diversified sources of funding.

Work Program in 2018

1. Implement Interest Rate Risk in the Banking Book (IRRBB) in accordance with the regulatory requirements.
2. Adjust CASA FTP methodology with the calculation of run off of LCR and NSFR based on regulatory requirements.
3. Increase sales of Product Bundling/Cross selling as the next step in marketing loan products in addition to offering competitive interest rates.
4. Devise strategies to grow CASA funds without incurring any potential expenses.
5. Increase the Bank's income through investment in the bond market while ensuring bank liquidity is maintained and still within the limits set by the risk management team.
6. Enhance Recovery Plan documents.

INFORMATION TECHNOLOGY STEERING COMMITTEE (ITSC)

Main Functions and Authorities

ITSC is the committee in charge of providing views and recommendations on the policy of IT system management and development in CIMB Niaga.

Structure and Membership

Directors who become members of ITSC must comprise at least 2/3 of the total number of Board of Directors, and an Executive Officer one level below the appointed Director.

The membership of the Committee consists of:

Chairman : President Director

Deputy Chairman 1: Operations and Information Technology Director

Deputy Chairman 2: Strategy and Finance Director

Member

- Risk Management Director
- Consumer Banking Director
- Treasury and Capital Markets Director
- Credit Director
- Sharia Banking Director
- Business Banking Director
- Human Resources Director
- Compliance, Corporate Affairs & Legal Director
- Head of Internal Audit Unit.

Secretary: Head of Information Technology Unit

Roles and Responsibilities

The roles and responsibilities of the ITSC are to provide recommendations related to:

1. IT Strategic Plan which is in line with the Bank's strategic business plan. Things should be considered are as follows:
 - a. road map to achieve IT requirements that support the Bank's business strategy;
 - b. resources needed;
 - c. benefits gained when the IT Strategic Plan is implemented; and
 - d. constraints that may arise in the execution of the IT Strategic Plan.
2. Formulation of major IT policies, standards and procedures, such as IT key policies and IT risk management policies.
3. Alignment between IT projects approved with the IT Strategic Plan. The IT Steering Committee also sets the priority status of a critical IT project with significant impact on the Bank's operational activities.
4. Alignment between IT project implementation and agreed project plan (Project Charter). The IT Steering Committee also equips the recommendation with the results of analysis of key IT projects. The agenda is also part of the CIC (Capital Investment Committee) agenda.
5. Alignment between IT and management information system needs and the Bank's business needs.

6. The effectiveness of steps taken to minimize the Bank's investment risks in the IT sector so that the Bank's investment in the IT sector contributes to the achievement of the Bank's business objectives.
7. Monitoring of IT performance and the improvement efforts.
8. Efforts to resolve various IT-related issues that cannot be solved by the user's business units and the provider of IT services in an effective, efficient, and timely manner.
9. Adequacy and allocation of resources owned by the Bank.

Meeting, Quorum, and Decision Making

1. Meetings are held at least 4 (four) times in one year
2. The quorum of the meeting is attended by more than 2/3 (two thirds) of the members of the Board of Directors.
3. The decision-making quorum is approved by more than 2/3 (two thirds) of the Board of Directors members present at the meeting.

Work Realization in 2017

1. Established the 2018 – 2020 IT Strategic Plan, Key Initiatives Alignment.
2. Performed regular monitoring of the status of IT strategic project development in the 2017 Corporate Operating Plan.
3. Established the implementation of IT policies such as 2017 Disaster Recovery Testing Plan.
4. Monitored the utilization of IT-related expenses in the Information Technology strategic projects in the 2017 Corporate Operating Plan.
5. Established efforts to improve IT services.
6. Established the IT Security Roadmap.
7. Evaluated and resolved IT issues.
8. Socialized OJK regulatory.

Work Program in 2018

1. Recommendation of 2018 – 2020 IT Strategic Plan.
2. Recommendation of formulation of IT key policies, standards and procedures.
3. Recommendation for prioritizing IT projects and conformity with IT Strategic Plan.
4. Recommendation of implementation of IT projects.

5. Recommendation of conformity of IT with management information system needs and the Bank's business activities.
6. Recommendation of IT's budget assessment and capital expenditure.
7. Monitoring of the efficiency of IT services.
8. Assessment of IT issues.
9. Recommendation of analysis of IT resources owned by the bank.

OPERATIONAL RISK MANAGEMENT COMMITTEE (ORC)

Main Functions and Authorities

ORC has the roles and responsibilities to manage operational risk policies, to ensure an adequate level of operational risk to implement control.

Structure and Membership

Chairman : Risk Management Director

Deputy Chairman 1 : Operations and Information
Technology Director

Deputy Chairman 2 : President Director

Member

- Credit Director
- Compliance, Corporate Affairs and Legal Director
- Treasury and Capital Market Director
- Strategy and Finance Director
- Consumer Banking Director
- Human Resources Director
- Sharia Banking Director
- Business Banking Director
- Chief of Audit Executive
- Chief of Corporate Strategic Initiative
- Chief of Micro Small Medium Enterprise
- Chief of Corporate Banking
- Chief of Commercial Banking

Secretary: Head of Operational Risk Management

Roles and Responsibilities

1. Accept the operational risk framework and policy to ensure that the framework is appropriate for the Bank's current and future size and operational complexity.
2. Review the Bank's significant operational risks and monitor management responses/actions in order to actively manage the Bank's operational risks.

BOARD OF DIRECTORS COMMITTEES

3. Supervise the Bank's overall operational risk control environment by:
 - a. Reviewing risk reports from each directorate;
 - b. Requesting and reviewing thematic reports.
4. Review and approve the Bank's operational policies and the changes that are escalated to the ORC as required.
5. Review other important or critical matters that ORC needs to decide upon.

Meeting, Quorum, and Decision Making

1. Meetings are held at least 10 (ten) times in one year
2. The quorum of the meeting is attendance by more than 50% (fifty percent) of the members of the Committee, including 50% (fifty percent) of the Board of Directors members who are members of the Committee.
3. The decision-making quorum is approved by a minimum of 50% (fifty percent) of Committee members present at the meeting, including 50% (fifty percent) of the Board of Directors members on the Committee who are present at the meeting.

Work Realization in 2017

1. Approved the refining of Operational Risk Management Framework, Policies and Procedures related to Event Management and Data of Operational Risk Loss, Risk & Control Self Assessment, Control Issue Management, Operational Risk Reserve and New Product Approval.
2. Reviewed the different authentication processes in the Personal Loan - Telesales Channel that may pose a compliance risk, and granted approval of the request from the unit to proceed with the authentication process that had been executed until the time the authentication process was implemented as required, at the same time requesting clarification from the OJK. ORC provided direction so that the results of clarification from the OJK were immediately obtained.
3. Monitored and assessed the achievement of the predetermined Risk Appetite.
4. Reviewed the results of 2016 Business Impact Analysis and Risk Assessment, 2017 BCM Work Plan, Implementation of BCM E-Learning in 2017, and approved the Business Continuity and Disaster Recovery Plan 2017 testing schedule.

5. Reviewed the Legal review results and Backtesting results of debtors in the High Watch List category to ensure that the review had been adequately performed to serve as a learning process for the Legal Business to minimize the impact of such operational risk.
6. Monitored corrective action on the monitoring of and compliance with documents to be obtained and exception reports related to loans.
7. Conducted review and discussion related to dormant accounts and corrective action on such dormant accounts including mitigation efforts to prevent potential fraud.
8. Reviewed and discussed the Follow Up Plans from the units having Above Average and High risk ratings and the deadlines to improve the rating to Moderate level, as well as discussions related to the establishment of specific Key Risk Indicators in each unit as one of the parameters to monitor operational risk.
9. Reviewed and discussed the process manuals related to Cash Back/Refund payments and improvement plans to mitigate operational risks.
10. Reviewed and discussed the results of End Point Security and Data Security Road Map surveys including mitigation efforts to protect sensitive data owned by the Bank and vendors.
11. Reviewed the updating of operational risk parameters for the Risk Appetite Statement.
12. Approved Significant Change and Assessment Process (SCAP) Policies and Procedures to ensure that risk assessment and mitigation/control processes had been conducted in such change process.
13. Conducted review and discussion related to the work plan to improve the Bank's effort in data loss prevention.
14. Reviewed and discussed the trends of e-Channel fraud and its mitigation efforts.
15. Reviewed and discussed the implementation of Dukcapil, including the impact and mitigation efforts of risks that may arise.

16. Conducted study and discussion related to process and validation results upon implementation of operational risk management tools.
17. Reviewed the results of risk assessment submitted by each business unit/business support, both for conventional and Sharia Banking, including subsidiaries, and provided guidance and made decisions to improve the control environment, as well as the development of the required system, including monitoring its completion within the targeted timeline.

Work Program in 2018

1. Review and approve operational risk management frameworks as well as other related policies and ensure that such frameworks and policies are properly implemented.
2. Monitor and assess the achievement of the predetermined Risk Appetite.
3. Monitor the Bank's performance in managing operational risk by using various operational risk management tools (ORM Tools) including the established risk appetite.
4. Review the results of risk assessment submitted by each business unit/business support, both for conventional and Sharia banking, including subsidiaries and provide direction and decisions to improve the control environment and also the system development required.
5. Improve monitoring, particularly of critical operational risks, as well as thematic risks to ensure mitigation action has been taken to prevent recurring events in the future, as well as monitoring corrective action taken in accordance with predetermined timelines.
6. Evaluate the implementation of the operational risk management process by ensuring the effective implementation of the Three Lines of Defense.
7. Review and monitor project progress and initiatives that support operational risk management.

CREDIT POLICY COMMITTEE (CPC)

Main Functions and Authorities

The CPC assists the Board of Directors in formulating credit policies, as well as providing advice on improvements related to credit policies. The CPC also serves to ensure compliance with GCG principles in credit policy for the benefit of the Bank and stakeholders.

Structure and Membership

Chairman : President Director

Deputy Chairman 1: Credit Director

Deputy Chairman 2: Risk Management Director

Members

- Consumer Banking Director
- Compliance, Corporate Affairs and Legal Director
- Strategy and Finance Director
- Operations and Information Technology Director
- Treasury and Capital Market Director
- Human Resources Director
- Sharia Banking Director
- Business Banking Director

Secretary: Wholesale and Commercial Credit Policy Head

Roles and Responsibilities

1. Establish the direction of credit policy, including Risk Acceptance Criteria, credit approval and the process of credit approval, in line with the Bank's risk appetite to drive credit growth with good quality yet still considering prudential banking practices.
2. Establish and ensure consistency of:
 - a. the Bank's compliance with credit management policies and prevailing regulations, particularly those that govern significant risk exposures;
 - b. approval of the Bank's credit management policies and strategies; and
 - c. supervision on the implementation of credit policy.

Meeting, Quorum, and Decision Making

1. Meetings are held at least 10 (ten) times in one year.
2. The quorum of the meeting is at more than 50% (fifty percent) of the members of the Committee, including a minimum of 50% (fifty percent) of the Board of Directors members.

BOARD OF DIRECTORS COMMITTEES

- The decision-making quorum is approval by more than 50% (fifty percent) of the members of the Committee present at the meeting, including a minimum of 50% (fifty percent) of the Board of Directors members.

Work Program and Realization 2017

Credit Policy Enhancement:

A. Commercial (Conventional & Sharia)

Adjustment of the related Bank's internal policies with external regulations (such as the OJK, Government Regulations) and management of risk appetite (RAC) which includes:

- Main Policy of Commercial Credit and Main Policy of Sharia Financing (iB)
- Asset Quality Categorization, particularly on the provision of credit in the disaster areas, credit for procurement and/or land improvements, collectability based on the payment record for micro loans and loan determination after restructuring
- Availability of Business Trade License (SIUP) and Company Registration Certificate (TDP)
- Requirements for the submission of audited financial statements
- Establishment of the limit/capped amount for the bookkeeping of loans from the Champion Challenger Program
- Anti Money laundering (AML) checking arrangement to Ultimate Beneficiary Owner (UBO) as the final controller and the supplier & buyer of the debtors related to trade finance transaction
- Management of In House Credit Limit, Sector Appetite and Sector Limit
- Regulation on the use of agents/introducers by the Bank in seeking commercial customers
- The Bank's cooperation with third parties related to the appointment of the Private Auction Center and the Public Accountant
- Treasury Products, such as credit risk arrangement in Call Spread Transaction, Foreign Exchange Transaction with Cash Collateral (Credit Risk Factor), Delegation of Authority (DoA) for Bond Issuer Limit (as Fast Track)

- Trade Finance Products, such as Trust Receipt, Export Credit, Special Loan for Trade Transactions, Imports, Guarantees, Forfeiting and Trade Finance Products for Sharia (iB)
- Value Chain Products, such as arrangements for Early Alert Signals-Parameters & Action Items, Interim Solutions, Internal Merchandise Appraisal for Inventory under Distribution Financing and Factoring Lending Model in the form of other bills
- Sharia Financing, such as arrangements for Sharia Financing Agreement Standards and Risk Acceptance Criteria for Musyarakah Financing.

B. Consumer:

During 2017 there were some policy adjustments to Retail Products to the external policies issued by the regulator, government regulation and business strategies that correspond with the level of risk defined by the Bank.

CAPITAL MANAGEMENT & RECOVERY PLAN COMMITTEE (CMRP)

Main Functions and Authorities

The CMRP direct and oversee the risks arising from capital management that focuses on the Bank either individually or consolidation, and to consider execution of recovery action and communication plan under conditions of possible breach or in the event of breach of Recovery Plan (RP) triggers.

Structure and Membership

The Committee consists of all members of the Board of Directors plus the Bank's Executive Officers appointed by the Board of Directors.

Structure of committee membership consists of:

- Chairman** : President Director
Vice Chairman 1: Director of Strategy & Finance
Vice Chairman 2: Director of Risk Management

Members: Committee members appointed based on the CMRP meeting as of December 5, 2017 consisting of:

a) Voting Members:

- President Director
- Director of Strategy & Finance
- Director of Capital Market & Treasury
- Director of Risk Management
- Director of Consumer Banking
- Director of Business Banking
- Director of Sharia Banking
- Director of Credit
- Director of Legal, Compliance and Corporate Affairs

b) Non-voting Members:

- Head of Finance/ALM Finance Group Head
- Head of Wholesale Banking Credit/ALM Risk Group Head/Integrated Risk & BASEL PMO Head
- Head of Funding & Gapping

c) Invitee: Executive Officers – Corporate Strategy Initiatives

Secretary: Head of Finance

Purposes

The Purpose of the CMRP is as follows:

- a. Establish, achieve, and maintain sound and optimal capital targets, and efficient capital structure for the Bank.
- b. Ensure the diversification of capital sources.
- c. Allocate capital efficiently among operational entities and business units, in line with the Bank's long-term business strategy and relevant returns.
- d. Assess and select the most appropriate recovery action, as well as communication channels based on the events that caused the recovery conditions.

Functions

Functions related to capital management:

- a. Review market conditions and solutions/instruments related to capital management, such as more optimal funding sources, and solutions to meet capital adequacy targets, etc.
- b. Establish and determine capital management policies, strategies and procedures that are appropriate with the Bank's size, characteristics,

business complexity, and risk level, and ensure the Bank maintains adequate capital levels to anticipate Bank's risks.

- c. Ensure the Bank's strategic plan includes capital management strategies that reflect capital needs, anticipate capital expenditures, capital targets to be achieved, and expected capital resources.
- d. Ensure capital management strategies, policies and procedures are communicated and implemented.
- e. Review and approve the Internal Capital Target (ICT) ratio including the Trigger Ratio which is the minimum level of capital that triggers necessary follow-up measures.
- f. Review and approve targeted dividend payout ratio to ensure and balanced the capital adequacy and capital structure efficiency.

Functions related to Recovery Plan (RP):

A. Business-as-Usual Conditions ("BAU"):

1. Maintain and update RP framework, policies and processes which comprise analysis of core business lines, critical economic functions, interdependencies, RP stress tests, RP triggers, and recovery options, at least annually.
2. Resubmit the revised RP to the Board of Commissioners, Board of Director, shareholders, and regulators to obtain the relevant approval, if necessary approval is needed.
3. Receive the current level information of established Early Warning Indicators (EWI) and Recovery Indicators on a regular basis from business and support units. EWIs could serve as a sign for potential breach of recovery indicator.
4. Provide declaration and activation of "Recovery Stage" upon assessment of recovery indicators.
5. Determine if any technical reasons are prevalent which impacted RP triggers and provide management overlay on the formal activation of "Recovery Stage".

BOARD OF DIRECTORS COMMITTEES

6. Provide direction, review and approval RP prior to submission to the regulators and parent company.
7. Determine the appropriate RP triggers.
8. Deliberate on the possible actions and strategies at disposal to Bank under "Recovery Stage" and shortlist preferred actions and strategies.
9. Approve budget related to RP activities.
10. Carry out a dry run on an annual basis to ensure governance and communication structures can be executed during the recovery phase.
11. Validate the readiness of infrastructure to support recovery options after "Recovery Stage" declaration.

B. During activation of RP:

1. Receive notification from the management committee/business unit and support unit when the recovery indicator is exceeded and perform the "Recovery Stage" activation declaration.
2. When recovery indicator triggers are exceeded, the committee shall provide notification to the Board of Directors, Board of Commissioners, shareholders, and the relevant regulators.
3. Notify other relevant committees (case-by-case basis) such as Crisis Management Committee and Funding Crisis Management Team (FCMT) that recovery indicator triggers have been triggered and support may be required.
4. Deliberate and approve recovery options and strategies with assistance of the Management Committee(s).
5. Provides directions on the execution of RP based on the shortlisted recovery options pre-specified in BAU phase.
6. Determine the involvement of business units and support units in support of "Recovery Phase".
7. Activate RP communication strategies.
8. Activate Non-Credit Discretionary Powers to utilize unplanned recovery costs (unbudgeted).

Meeting, Quorum, and Decision Making

1. Meetings are held at least 4 (four) times in one year.
2. The quorum of the meeting is at a minimum of 50% (fifty percent) and 1 (one) of the Committee members.
3. The decision-making quorum is approval by 50% (fifty percent) of Committee members present at the meeting.

Work Realization in 2017

- a. The Committee determined the level of ICT and Trigger Ratio for 2017 and 2018.
 - i. As a form of comprehensive capital monitoring, actual capital accomplishment against ICT is monitored by RMC on a monthly basis.
 - ii. Minimum regulatory capital according to Bank's Profile, new regulations affecting minimum capital such as capital buffer, stress test simulation, business growth projection, and significant events or transactions that occurred in 2017 has been included in determining ICT level.
- b. The Committee has endorsed corporate action plans for 2018 that had impact on the Bank's capital utilization.
- c. The Committee has approved and provided direction related to Risk Weight Asset (RWA) Optimization project initiatives for 2017.
- d. The Committee has approved RWA Optimization & Adjustment Governance in 2017.
- e. New regulations issued in 2017 that have significant impact on the Bank's capital was OJK Regulation No 14/POJK.03/2017, regarding the Bank's Action Plan (Recovery Plan) which included the following impacts:
 - i. Bank must have standard procedures for Recovery Plan.
 - ii. Bank must submit the Recovery Plan to OJK by December 2017.
 - iii. Bank must have debt or investment instruments with capital characteristics no later than December 2018.
 - iv. Bank must disclose Bank's Recovery Plan.
 - v. Bank should conduct evaluation and stress testing on the Recovery Plan.

- vi. Banks should develop an information management system to support the evaluation and testing of the Recovery Plan.
- f. The Committee has approved the designation of the CMC as the executive committee responsible for the Bank's Recovery Plan and the change of the CMC name into Capital Management & Recovery Plan Committee (CMRPC).
- g. The Committee approved the RAROC ratio for each of CIMB Niaga's business line.
- h. The Committee approved the Annual Integrated Planning Framework (AIPF) policy related to the annual Bank's business plan.

Work Program in 2018

- a. Determine annual minimum limit of minimum Capital Adequacy Ratio (CAR) known as the Internal Capital Target (ICT) and Trigger Ratio which is the capital limit that triggers the follow-up measures for capital adequacy.
- b. Identify significant events/transactions to be performed by the Bank and identify their impact to the Bank's capital.
- c. Identify new regulations issued by the regulators and their impact to the Bank's capital.
- d. Determine the ratio of Risk Adjusted Return on Capital (RAROC) as one of business performance evaluation indicator.
- e. Determine/approve new policies related to capital.

Compliance Management

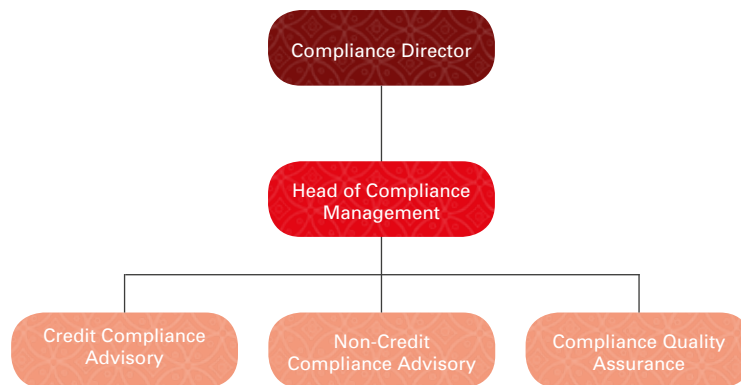

Profile of Head of Compliance Management

Liston Siahaan
Head of Compliance Management

Indonesian citizen, 49 years old. He has been serving as Head of Compliance Management of CIMB Niaga since October 2013. Previously he served as Division Head of Risk Management Group of Bank Niaga and worked at the Indonesian Bank Restructuring Agency and PT Pefindo. He holds a Bachelor degree from the Bandung Institute of Technology in 1992 and a Master of Management from Prasetya Mulya Business School, Jakarta in 1996.

Compliance Management Organizational Structure

DUTIES AND RESPONSIBILITIES OF COMPLIANCE MANAGEMENT

- Establishes compliance policies and conducts reviews and updates on a regular basis.
- Constructs compliance measures and programs in order to support the creation of a Compliance Culture in all Bank operations at every level of the organization.
- Identifies, measures, monitors, and controls Compliance Risk in accordance with risk management for Commercial Banks and Sharia Business Units (SBU).
- Assesses and evaluates the effectiveness, adequacy, and suitability of CIMB Niaga's policies, rules, systems, and procedures toward the requirements of regulators. In addition, also performs validation of compliance in working units.
- Reviews and provides recommendations for updating and refining the current policies, regulations, systems, and procedures to be in

COMPLIANCE MANAGEMENT

- compliance with the provisions of the authorities, including the sharia principles for SBU.
- f. Performs the function of liaison officer of CIMB Niaga with regulators, particularly related to the compliance and regulatory audits.
 - g. Reports on the compliance function and compliance status of CIMB Niaga to the Board of Directors through the Compliance Director.
 - h. Advises on inquiries from working units relating to the regulation from authorities.
 - i. Conducts training/socializations on regulations and other compliance programs.
 - j. Performs other duties related to the Compliance Function.

COMPLIANCE PRINCIPLES ACCORDANCE WITH OJK

The Bank at all times takes compliance measures as part of compliance risk management of its business and operational activities in accordance with POJK No.46/POJK.03/2017 on the Compliance Function in Commercial Banks. Compliance risk management is important for the Bank as custodian of public funds and in the highly regulated banking industry, while also to be relevant with the development of public's need and financial technology innovation.

The Compliance Function serves as one of the factors Good Corporate Governance and the Bank is committed to comply with the rules and regulations, through compliance risk management that based on compliance principles, as follows:

1. Compliance starts from the top;
2. Compliance is everyone's responsibility;
3. Compliance with laws and regulations;
4. Compliance is implemented with competence and integrity according to responsibilities;
5. Compliance is stakeholders oriented;
6. Compliance is dedicated to the Bank's continuity; and
7. Compliance is problem solving oriented.

COMPLIANCE FUNCTION

The Bank established an independent Compliance Unit (SKK) directly reporting to the Director in charge of the Compliance Function. SKK is responsible for the Compliance Function in order to support the establishment of a Compliance Culture. SKK is also responsible for ensuring that the policies, provisions, systems and procedures, and business activities undertaken by the Bank are in compliance with regulation.

COMPLIANCE MANAGEMENT PLANS AND FRAMEWORK IN 2017

The 2017 Compliance Plan based on the Compliance Framework are as follows:

- a. Programs and Activities in Compliance Internalization
 - i. Updating the banking regulation database and other related regulations.
 - ii. Socialization and training related to banking regulations.
- b. Programs and Activities in Compliance Implementation
 - i. Advisory, which includes providing recommendations/opinions and clarifications from SKK based on request for advice from other working units related to the fulfillment of compliance.
 - ii. Compliance Testing, which includes compliance tests for plans of new product/activity and new policies/procedures and its amendments.
- c. Programs and Activities in Compliance Monitoring and Reporting
 - i. Refinement of the framework and improvement of Risk Control Unit (RCU) competencies through discussion and training.
 - ii. The RCU reports the Risk Control Self Assessment (RCSA) results to SKK.
 - iii. SKK reviews the RCSA report, including to conduct validation on RCSA.
 - iv. Monitoring CIMB Niaga's commitment to regulators.
 - v. Periodic compliance reports to Board of Directors, Board of Commissioners and regulators.

vi. Submit Integrated Compliance report of compliance implementation in CIMB Indonesia Financial Conglomerate.

COMPLIANCE ACTIVITIES IN 2017

In order to support the building of a Compliance Culture, SKK undertook Compliance Program activities in 2017 as follows:

a. Socialization of Regulations

SKK socializes regulations, administrates and updates the banking regulatory database on the Bank's internal web-based system, which is an e-manual. Socialization is conducted through face-to-face training and electronic-based communication tools.

b. Compliance Test

SKK conducts compliance tests on internal policies as well as new products and/or activities to comply with external regulations. SKK also provides opinions to working units based on prudential principles and in compliance with regulations from authorities.

c. Monitoring of Compliance Implementation

SKK monitors compliance implementation in working units through self-assessment of RCSA/CM (Risk Control Self-Assessment/Compliance Matrix) that conducted by each RCU/DCORO

(Risk Control Unit/Designated Compliance & Operational Risk Officer) as well as results from other independent units (such as Internal Audit, Risk Management) and examination results from authorities. The Bank has established RCUs as part of the 1st line of defense in each Directorate whose function is to self-assess the compliance risk and monitor fulfillment of compliance in such unit.

d. Validation of Compliance Implementation

SKK also conducts evaluation/validation on compliance implementation in working units. Evaluation/validation is conducted to verify the working units are perform assessments on RCSA and whether is there are any compliance issues in the working unit.

e. Monitoring by Regulators

The Compliance Unit at the Bank is regularly audited by regulators (OJK and BNM) as well as by Internal Audit. In 2017 there were no regulatory audit findings related to the Compliance unit, while Internal Audit recommendations have been followed up by the Compliance Unit.

f. Compliance Report

SKK submits compliance reports and compliance activities of the Bank to internal parties and regulators in accordance with the regulations.

Compliance Activities	2017
Regulations Socialized by SKK	110 new regulations were disseminated
Training by SKK	1,405 training participants
Compliance Tests by SKK	297 policies and products were tested

COMPLIANCE MANAGEMENT

FULFILLMENT OF COMPLIANCE REQUIREMENTS TO RELEVANT AUTHORITIES

SKK monitors and maintains CIMB Niaga's compliance with the commitments made to regulators. Throughout 2017, CIMB Niaga fulfilled its commitments to regulators.

To help monitor the fulfilment of commitments in the Bank, SKK has established a system/application called Regulatory Monitoring Commitment (RECOM).

COMPLIANCE INDICATORS IN 2017

1. Capital Adequacy Ratio/CAR (credit risk, market and operational risk) was 18.23%, meeting the regulatory minimum requirements.
2. There was no breach or violations on Maximum Legal Lending Limit regulation.
3. Net Non Performing Loan (NPL) was 2.17% meeting the maximum 5% limit.
4. Minimum Statutory Reserve (GWM) of Rupiah for Daily and Average was 5.36% and 6.74% meeting the minimum requirements of 5% and 6.5%, respectively.
5. Minimum Statutory Reserve (GWM) of Foreign Currency was 8.76%, meeting the minimum limit requirement of 8%.
6. Liquidity Coverage Ratio was 129.29% meeting the minimum limit requirement of 100%.
7. Net Open Position (on and off balance sheet) was 0.80% meeting the maximum limit of 20%.
8. The regulatory audit commitments are met accordingly and in timely manner.

► Internal Audit Unit (IAU)

Internal audit function at CIMB Niaga is performed by the Internal Audit Unit (IAU). The main duties of Internal Audit are to ensure that the Bank's management and operations are in compliance with prevailing rules and regulations and support the Bank's interests and objectives. Internal Audit is also responsible for ensuring the adequacy and proper implementation of internal control process.

INTERNAL AUDIT CHARTER

The IAU of CIMB Niaga follows the Internal Audit Charter as a guidance that sets forth the vision and mission, function and scope of work, responsibility, authority, accountability, independence, and code of conduct of IAU. The Internal Audit Charter is regularly reviewed and updated as required by the organization. The latest reviews and updates were done on 29 May 2017 and have been approved by the President Director and the Board of Commissioners.

The Internal Audit Charter is developed to comply with OJK Regulation No. 56/POJK.04/2015 on the Establishment and Guidelines for the Establishment of Internal Audit Charter, OJK Regulation No. 18/POJK.03/2014 dated 18 November 2014 concerning Integrated Governance for Financial Conglomerations and Bank Indonesia Regulation No.1/6/PBI/1999 dated 20 September 1999 on the Assignment of Compliance Director and Implementation of Internal Audit Standards for Commercial Banks.

The Internal Audit Charter governs the conduct and guidance of audits to ensure:

1. Risks have been properly identified and managed.
2. Interactions with various governance groups have been well managed.

3. Key financial, managerial and operational information is accurate, reliable and timely.
4. Employee actions are in accordance with prevailing policies, rules and regulations.
5. Resources are economically acquired and efficiently used and adequately protected.
6. Programs, plans and goals are well achieved.
7. The quality and continuous improvement have been embedded in CIMB Niaga control process.
8. Regulations which have significant impact on CIMB Niaga are properly acknowledged and addressed.
9. Opportunities to improve CIMB Niaga's management, profitability and reputation are identified and disclosed during the audit.

APPOINTMENT OF CHIEF AUDIT EXECUTIVE

The Chief Audit Executive was appointed by the President Director with the approval of the Board of Commissioners effective as of 3 January 2017 based on Decision Letter No.024/HROB/HRS/XII/2016. The appointment of the Chief Audit Executive was reported to Bank Indonesia and the Financial Services Authority, respectively, in Letter No.008/DIR/XII/2016 dated 19 December 2016. As an independent control unit, IAU reports directly to the President Director and in a matrix to the Board of Commissioners through the Audit Committee. The President Director also has the authority to terminate the Chief Audit Executive if the individual is deemed unable to perform the duties in accordance with his/her responsibilities.

INTERNAL AUDIT UNIT (IAU)

HEAD OF INTERNAL AUDIT PROFILE (CHIEF AUDIT EXECUTIVE)

▶ **Antonius Pramana Gunadi**
Chief Audit Executive

Indonesian citizen, 43 years old. He joined CIMB Niaga in December 2016 and has been serving as Chief Audit Executive since 3 January 2017. He started his career as an Auditor at public accounting firm of Coopers & Lybrand, KPMG and Ernst & Young before entering the banking industry and becoming Head of Internal Audit at ABN Amro Bank Indonesia, Barclays Indonesia, Bank Internasional Indonesia. Prior to joining CIMB Niaga, he served as Audit Director at Citibank and was responsible for audit activities in Indonesia and a number of countries in Asia and EMEA. He holds a Bachelor degree in Accounting from Tarumanagara University and several international certifications such as the Certified Internal Auditor (CIA) and Certified Anti Money Laundering Specialist (CAMS).

Training and workshops attended in 2017 were BMC Offsite Training, Digital Leadership Series, Meet & Great with Top Senior Leaders of CIMB Niaga, Public Speaking, Sharing Programs - Cyber Security and Risk Management Certification Refreshment.

IAU HUMAN RESOURCE AND PROFESSIONAL CERTIFICATION

As of December 2017, the number of internal auditors in IAU was 118 auditors, including Chief Audit Executive. During 2017, IAU organized 85 training programs with a total of 10,138 training hours attended by 1,950 participants. IAU also sends auditors to perform joint audit with the Internal Audit Group at CIMB Group for the purpose of benchmarking and sharing knowledge of best audit practices implemented in each country. IAU also continuously improves the expertise and competency of auditors by engaging auditors in various training programs, seminars, and workshops both local and overseas. One of the efforts to improve auditor competency in terms of audit skills, risk management, and information security, is facilitating access for internal auditors to be able to participate in the international- online training.

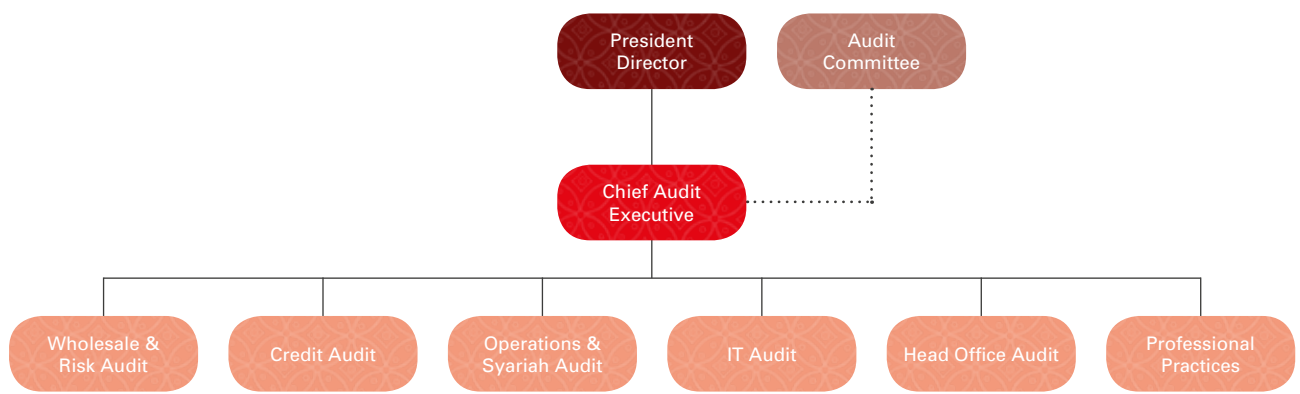

In addition, Internal Audit is also required to obtain Internal Audit professional certification such as Qualified Internal Auditor (QIA). Other professional certification programs that have been attended include Certified Internal Auditors (CIAs), Certified Risk Management Assurance (CRMA), Certified Information Systems Auditors (CISA) and Certified Ethical Hackers (CEH), with the following certifications:

IAU STRUCTURE AND COMPOSITION

In accordance with Bank Indonesia Regulation No.1/6/PBI/1999 dated 20 September 1999 on the Assignment of Compliance Director and Implementation of Internal Audit Standards for Commercial Bank and OJK Regulation No. 56/POJK.04/2015, the IAU in Bank's organization structure is under the President Director.

IAU ROLES AND RESPONSIBILITIES

The IAU has a role in providing independent and objective assurance consulting services that can add value and improve the Bank's operations. IAU assists the Bank in achieving its objectives by evaluating and improving the effectiveness of risk management, internal control and governance processes. In accordance with the Internal Audit Charter, the duties and responsibilities of IAU of CIMB Niaga are as follows:

1. Develop an annual audit plan based on a risk-based methodology, and submit annual audit plans to the Board of Directors and to the Board of Commissioners through the Audit Committee for approval.
2. Implement an approved annual audit plan, including any specific tasks or projects requested by the Board of Directors or by the Board of Commissioners through the Audit Committee.
3. Ensure the availability of sufficient number of audit staff with sufficient knowledge, expertise, and experience and certified professionals to conduct the audit.
4. Conduct audit activities and assess the efficiency and effectiveness in finance, accounting, operations, human resources, marketing, information technology and other activities.
5. Prepare audit report and submit the report to the audited party with a copy to the President Director, Compliance Director and other relevant units and to the Board of Commissioners through the Audit Committee.
6. Periodically report to the Board of Directors and Board of Commissioners through the Audit Committee on the objectives, authorities, and responsibilities, and the performance of IAU activities in comparison with their planning. Reporting also includes significant risk exposure and control issues.
7. Prepare semester reports on the implementation of the key points of audit results to the Financial Services Authority, no later than 2 months after the end of the period.
8. Report specifically to the Financial Services Authority on the findings of Internal Audit that could significantly disrupt the business sustainability of CIMB Niaga.

INTERNAL AUDIT UNIT (IAU)

9. Report to the Financial Services Authority on external audit results disclosing an opinion on the performance of Internal Audit Unit and compliance with SPFAIB and any room for improvements.
10. Follow up on audit findings and recommendations. All significant audit findings will remain “unfinished” until those findings are resolved.
11. Inform the status of corrective actions on audit findings and recommendations of audit results to the Board of Directors and to the Board of Commissioners through the Audit Committee.
12. Inform the Anti-Fraud Management unit of any fraud indication identified by the Internal Audit.
13. Create and maintain appropriate working papers in accordance with prevailing regulations.
14. Implement quality assurance and improvement programs (QAIP) covering all aspects of Internal Audit activities. The QAIP includes an Internal Audit compliance evaluation on the definition of Internal Audit and Standards, as well as an evaluation of whether the auditor adopts the code of conduct. QAIP also assesses the efficiency and effectiveness of Internal Audit activities and identifies opportunities for improvement.
15. Deliver quality assurance and improvement programs on Internal Audit activities.
16. As for Integrated Governance and the role of CIMB Niaga as the Legal Primary Entity with an already established Internal Audit Unit, the Integrated IAU duties are carried out by the existing Internal Audit with the following responsibilities to:
 - a. Perform audits of financial service institutions on an individual entity basis, on a collective basis, or based on reports from IAU of a financial services institution.
 - b. Monitor and evaluate the conduct of internal audit units in each member of CIMB Indonesia Financial Conglomerate, coordinate with internal audit units of the members of CIMB Indonesia Financial Conglomerate based on functions, and compile integrated IAU audit results from each member of the CIMB Indonesia Financial Conglomerate,
 - c. Prepare and submit a performance report covering the roles and responsibilities of Integrated IAU to the Director assigned to oversee the financial services institutions in the

Financial Conglomerate, Compliance Director of the Legal Primary Entity, and the BOC of the Legal Primary Entity.

PARTICIPATION IN THE INTERNAL AUDIT PROFESSIONAL ASSOCIATION

In order to expand knowledge and develop professional competency of the Internal Auditors, IAU has organized auditor participation in the Internal Audit professional association, among others, the Association of Bank Internal Auditors (IAIB), Institute of Internal Auditors (IIA) – Indonesian chapter, Information Systems Audit and Control Association (ISACA), Indonesian Institute of Accountants (IAI), Bank Internal Auditors Association (IAIB).

AUDIT ACTIVITY REPORT IN 2017

During 2017, IAU completed the audit assignments in accordance with its audit plan. In details, the IAU activities report in implementing the work plan based on strategic priorities is as follows:

1. Implementing Thematic Audits for a number of audit activities.
2. Re-assess the implementation of AML (Anti Money Laundering) and CFT (Counterfeit Transaction) practices in every line of business and support.
3. Establishing a “center of excellence” for AML and CFT-related expertise by sending out auditors to Certified Anti Money Laundering Specialist program so as to make them as IAU subject matter resources and specialists related to AML and CFT issues.
4. Continuing the role of IAU as a partner in post-implementation of the 1 Platform project.
5. Optimizing the role of data analytics to support the whole audit process and continuous auditing.
6. Implementing business monitoring by establishing continuous and sustainable communication with management, so that IAU always keeps abreast of developments and changes in business, process and issues encountered by management and aligns the audit focus with such changes and developments.

7. Continuing the role of IAU in providing consultative review to Business & Support.
 8. Conducting validation of high-risk findings to ensure adequate and sustainable follow-ups of management corrective actions to ensure the prevention of recurring findings in the future.
 9. Implementing diagnostic assessment skills, to assess the competencies of current auditors, based on the competence standards that auditors should keep up with and to develop auditor's development plans
 10. Continuing to improve cooperation with every business line and support in improving Bank performance through good governance, risk management and internal control through the role of IAU as Business Partner.
 11. Conducting a thorough review of the whole IAU audit universe to ensure that the whole audit universe is subject to risk assessments and the audit plan.
 12. Implementing Quality Assurance review by an independent external party.
 13. Continuing to review the policies and procedures applicable in IAU to keep it updated and in accordance with applicable professional standards
- WORK PLAN IN 2018**
- For 2018, IAU has developed a work plan with the following strategic priorities to:
1. Implement Thematic Audits for a number of audit activities and make changes to the audit approach for S & D and SME branches
 2. Review the implementation of AML (Anti Money Laundering) and CFT (Counterfeit Transaction) practices in every business line and business support.
 3. Conduct pre and post implementation review on E-Banking Projects for both new projects and upgraded projects
 4. Optimize the role of data analytics to support the whole audit process and continuous auditing.
 5. Continue to implement business monitoring so that IAU always keeps abreast of developments and changes in business, process, and issues encountered by management and aligns the audit focus with such changes and developments.
 6. Continue the role of IAU in providing consultative reviews to business units and business supports.
 7. Implement maturity diagnostic and development plan and improvement that will be conducted so as to allow IAU to achieve the expected level of maturity.
 8. Conduct Quality Assurance review internally.
 9. Continue to improve cooperation with every business unit line and business support to improve the Bank's performance through good governance, risk management and internal control through the role of IAU as Business Partner.
 10. Continue to review the policies and procedures applicable in Internal Audit to keep it updated and in accordance with applicable professional standards.

In order to realise such work plan, IAU will continue to improve auditor competence, methodology development, and optimization and usage of audit tools

➤ Anti-Money Laundering and Countering the Financing of Terrorism Program (AML and CFT)

PROFIL OF ANTI-MONEY LAUNDERING AND COUNTERING THE FINANCING OF TERRORISM PROGRAM (AML AND CF)

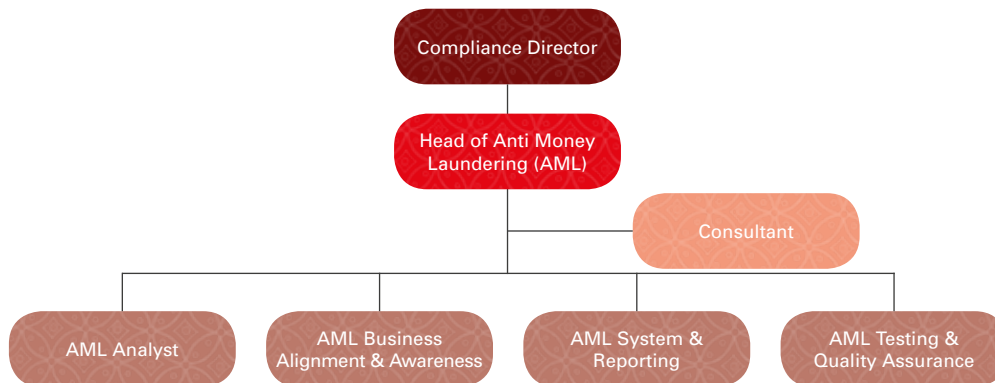

Entin Rostini

Head of Anti Money Laundering (AML).

Indonesian citizen, 53 years old. She has been serving as the Head of Anti Money Laundering (AML) since December 2016. She started her career and held various positions at Bank Internasional Indonesia, Compliance Head at Bank Chinatrust Indonesia and AML Head at Bank Danamon Indonesia. She holds a Bachelor degree in Economics majoring in Accounting from Padjadjaran University Bandung and Master of Finance from Gajah Mada University Yogyakarta in 2005.

➤ **Entin Rostini**
Head of Anti Money Laundering (AML)

Organizational Structure of Anti-Money Laundering and Countering the Financing of Terrorism (AML and CFT)

IMPLEMENTATION OF AML AND CFT PROGRAM 2017

CIMB Niaga engages in its business committed to preventing its products and services from being used as a tool for money laundering and financing of terrorism by implementing AML and CFT programs in accordance with prevailing rules and regulations and referring to international best practices.

Pursuant to Law of Criminal Acts of Money Laundering No. 8 of 2010, the Law of the Prevention and Eradication of Criminal Acts of Terrorism Financing No. 9 of 2013, OJK Regulation No. 12/POJK.01/2017 dated 21 March 2017 and OJK Circular Letter No. 32/SEOJK.03/2017 dated 22 June 2017 and other related regulations, the Bank has maintained and implemented AML

and CFT programs, which were established and actively monitored by the Boards of Directors and Commissioners:

1. Agreement on regulations and procedure of AML/ CFT based on risk according to Bank's business complexity, which covers related regulations:

- a. Customer Due Diligence (CDD) in order to Customer Identification and updating CDD data, including classification method to decide customer's risk to money laundering and terrorism financing, Beneficial Owner identification and Customer data filtering against the AML Watchlist (AML Screening) database.
- b. Continuous monitoring and analysing to identify the conformity between customer's transactions with customer's CDD profiles, including business relationship closure and transaction refusal in order to AML and CFT implementation.
- c. Money laundering and terrorism funding risk identification and scoring related to Bank's product and services.
- d. Identification and Reporting of Suspicious Transactions (LTKM), Cash Transactions (LTKT), Cross-border Transactions (LTKL) and Integrated Service User System (SIPESAT) to PPAATK (Indonesian Financial Transactions Reports and Analysis Center).
- e. New employee screening procedures and monitoring of employee transactions as part of implementing Know Your Employee (KYE) principles.
- f. Administration of CDD documents and other documents relating to AML and CFT.

2. Establishment of AML Unit responsible for the implementation of AML-CFT programs

In performing its functions, AML Sub Directorate at Head Office, reports and responsible directly to the Compliance Director. The AML Sub Directorate consists of staffs that have adequate banking knowledge and experience regarding risk assessment and mitigation related to AML and CFT program implementation. The number of staffs at the Sub Directorate of AML has increased by 10 (ten) personnel from 2016 to 20 (twenty) personnel

as of 31 December 2017. In addition, given its large scale of business, the Bank established a AML Local team in each branch and particular business unit, currently totalling 3,200 employees.

3. Management Information System for AML and CFT Implementation

In order to monitoring the profiles and transactions of customers, CIMB Niaga has already implemented an application system that could identify, analyse, monitor and provide reports on the characteristics of transactions made by customers, including identification of suspicious financial transactions. The application is capable of performing a thorough monitoring of all customer transactions in the Bank, including credit card, wealth management and custody. The application is equipped with parameters and thresholds, which are continuously evaluated in accordance with the evolving methods of money laundering and terrorism financing. The application also offers a feature for the screening process against watchlist and reporting of LTKM, LTKT and LTKL. The Bank also continuously makes enhancements to the application being used to add on various functions to improve system effectiveness and efficiency.

4. AML and CFT training for employees

AML and CFT training is mandatory for all employees to attend on a regular basis. Training methods are conducted face-to-face, with materials being customized based on the category of participants, and also through e-learning. For AML Sub Directorate staff, they are given the opportunity to participate in training and certification of AML and CFT to improve their skills in analysing and mitigating the risk of money laundering and financing of terrorism. The number of employees of AML and CFT training participants in 2017 is totalling 15,354 employees.

5. Internal control to evaluate the adequacy and effectiveness of AML and CFT program

To ensure that the implementation of AML and CFT program has been made in accordance with the established policies, the Bank implements self-assessment procedures at business units and other units to be validated by the AML Sub-Directorate,

ANTI-MONEY LAUNDERING AND COUNTERING THE FINANCING OF TERRORISM PROGRAM (AML AND CFT)

prior to being reported to the Compliance Director. In addition, IAU and external auditors (OJK, BI, PPATK and BNM) routinely perform audits of the implementation of the Bank's AML and CFT programs.

6. Reporting and fulfillment of data requirement by regulators/law enforcement agencies

- a. The AML sub-directorate at the Head Office is responsible for reporting to PPATK regarding the implementation of AML and CFT. During 2017, the AML Sub-directorate engaged in the following reporting activities:
- i. Cash Financial Transaction Report (LTKT)
 - ii. Report of Suspicious Transactions (LTKM)
 - iii. Cross-border Transactions (LTKL)
 - iv. Integrated Service User System (SIPESAT)

- b. AML Sub Directorate responded to data requests from PPATK and KPK in 2017 as follows:

Institution	Total Data Requests
PPATK	153
KPK	120

7. Screening against watchlist

The Bank performs screening for every opening of accounts and new business relationships against the watchlist issued by the authorities and against the watchlist commonly used in international best practice (e.g. OFAC List, UN List, DTTOT

and Proliferation Funding List of Weapons of Mass Destruction), PEP list and adverse news. In addition to having an internal watchlist, since 2017 the Bank has subscribed to the database watchlist from Thomson Reuters-Worldcheck. The Bank also performs re-screening of all existing customers for every renewal/addition to the watchlist.

8. Compliance test and AML and CFT advice

During 2017 the Sub Directorate of AML conducts compliance tests on 43 new products and 53 draft policies and procedures from relevant business units, to ensure compliance with prevailing rules and regulations relating to AML and CFT. In addition, AML Sub Directorate provided 635 pieces of advice to business units and other units related to various questions and issues related to AML and CFT implementation.

9. AML and CFT Risk Assessment

In 2017, the Bank developed a risk-based approach to assess customer risk rating and bank-wide AML risk rating for AML and CFT:

- a. **Customer AML Risk Rating (CRR)**, which assesses the risks of AML and CFT attached to each customer by using indicators which among others include the identity/profile of the Customer, geographical/country factors as well as the business activities of the customer.

b. **Bank AML Risk Rating (BARR)**, which is the risk assessment of AML as a bank wide level. In the first place identify the inherent indicators (e.g. high risk customers, high-risk products and services volume, cash transaction volume, cross border transaction volume, number of customers, third party fund volume) as well as the level of risk control and control of AML and CFT at the respective branch/business unit based on self-assessment results regularly validated by the Sub Directorate of AML. The risk rating results at the branch/business unit level will be consolidated to generate bank-wide AML risk rating with due observance to several adjustment factors such as the follow-up on audit findings as well as administrative sanctions or penalty from regulators.

c. Based on our self-assessment, Bank's Compliance Risk Profile by end of semester 2/2017 is "Low Moderate". The self-assessment is according OJK's minimum requirement on Risk-based Bank Rating and internal methodology of Risk Control Self-Assessment/RCSA using Bank AML Risk Rating (BARR) for the implementation of Anti-Money Laundering and Countering the Financing of Terrorist program (AML and CFT).

Public Accountant/External Auditor

The appointment of a public accountant and the determination of fees must be based on the recommendation the Audit Committee with the approval of the GMS in accordance with the provisions of the OJK. Detailed information can be viewed in the GMS section of this Annual Report.

NAME OF PUBLIC ACCOUNTANT

Angelique Dewi Daryanto, S.E., CPA

NAME OF PUBLIC ACCOUNTING FIRM

KAP Tanudiredja, Wibisana, Rintis & Associates.

EFFECTIVENESS AND FREQUENCY OF COMMUNICATION BETWEEN THE EXTERNAL PUBLIC ACCOUNTANT AND THE BOARD OF DIRECTORS

During the audit conducted by the Public Accountant, communication and cooperation between the Public Accountant and the Board of Directors are conducted regularly and thoroughly.

MONITORING OF EXTERNAL AUDITOR

In 2017, the Public Accounting Firm auditing the Bank's consolidated financial statements was KAP Tanudiredja, Wibisana, Rintis & Associates (a member firm of PricewaterhouseCoopers Global Network). The appointment of KAP Tanudiredja, Wibisana, Rintis & Associates was conducted in accordance with the prevailing provisions. The appointment has been analyzed and supervised by the Audit Committee, including the matter of audit fee determination, that is based on fairness.

The Audit Committee monitors the implementation of the external audit processes through regular meetings with the Public Accountant Firm to discuss all findings

and progress during the audits by the Public Accountant Firm. The Audit Committee also assists in ensuring that there are no potential obstacles during the audit process, evaluating audit quality, and assuring the audit implementation has been in accordance with the prevailing rules and standards.

NUMBER OF PERIODS OF THE BANK'S FINANCIAL STATEMENTS MAY BE AUDITED BY PUBLIC ACCOUNTANT AND PUBLIC ACCOUNTING FIRM

In accordance with SEBI No. 3/32/DPNP on the Relationships between Banks, Public Accountants, and Bank Indonesia, the appointment of the same Public Accounting Firm may only be for an audit period of 5 (five) consecutive financial years, unless it meets certain conditions with the consent of the authorized authorities. In 2017, KAP Tanudiredja, Wibisana, Rintis & Associates (a member firm of PricewaterhouseCoopers Global Network) conducted the Bank audit for the third time. The appointment of KAP Tanudiredja, Wibisana, Rintis & Associates was approved by the Financial Services Authority (OJK) through Letter No. S-124/PB.332/2016 dated 9 August 2016.

OTHER SERVICES PROVIDED BY THE ACCOUNTANT & PUBLIC ACCOUNTING FIRM FOR CIMB NIAGA OTHER THAN AUDIT SERVICES

During 2017, no fees were paid to the Public Accounting Firm Tanudiredja, Wibisana, Rintis & Associates for non-audit services.

2017 AUDIT FEES

Total audit fees in 2017 amounted to Rp8,299,494,000, including an annual audit fee of Rp7,220,094,000 and audits on the subsidiary CNAF amounting to Rp1,079,400,000.

Below is the list of Public Accounting Firm that have conducted the Bank audit during the last 5 (five) years:

Year of Examination	Public Accounting Firm	Person in Charge
2017	KAP Tanudiredja, Wibisana, Rintis & Associates	Angelique Dewi Daryanto, S.E., CPA
2016	KAP Tanudiredja, Wibisana, Rintis & Associates	Drs. Muhammad Jusuf Wibisana, M.Ec., CPA
2015	KAP Tanudiredja, Wibisana, Rintis & Associates	Drs. Muhammad Jusuf Wibisana, M.Ec., CPA
2014	KAP Tanudiredja, Wibisana & Associates	Drs. Haryanto Sahari, CPA
2013	KAP Tanudiredja, Wibisana & Associates	Drs. Haryanto Sahari, CPA

► Transparency of Bank Financial and Non-Financial Condition

CIMB Niaga has fulfilled its obligation to govern transparency and publication of its financial and non-financial condition in accordance with the prevailing regulations, through the submission and publication of information in the print media and on the Bank's website, as follows:

1. Monthly Financial Reports submitted to the regulators are also published on the Bank Indonesia and CIMB Niaga's website.
2. Quarterly Financial Reports submitted to regulators, are also published in the print media and on the CIMB Niaga's website.
3. Annual Report of CIMB Niaga, which is prepared and presented with due observance to the rules and regulations and submitted to regulators, rating agencies, banking development institutions, research institutions, financial magazines, and is published on the CIMB Niaga's website.
4. Corporate Governance Information, including the Annual Corporate Governance Report, the Vision, Mission and Corporate Values, Composition and Profiles of the Board of Commissioners and Board of Directors, as well as internal policies related to corporate governance including the Articles of Association and Committee Charters are all published on the CIMB Niaga's website.
5. Information on Bank's Products and Services including the office network are published in the Annual Report and on the CIMB Niaga's website to provide easy access for customers, investors, and public to Bank's products and services
6. Information on Complaint Procedures, Information Security Policy, and Tips for Customers in using banking services are published on the CIMB Niaga's website for the clarification of consumer protection regulations.
7. Further information to support disclosure of information, financial education, and services for public.

► CIMB Niaga's Share and Bond Buyback

As at 25 July 2017, the Bank had received approval from OJK through letter No.S-63/PB.33/2017 to buyback the shares at maximum 2% from total issued and fully paid shares, which subsequently will be used as Management Employee Stock Ownership Program (MESOP) that will be effective in 2018. This share buyback plan has been approved by the shareholders through EGMS on 25 April 2017 and the EGMS on 24 August 2017.

In accordance with the approval, as at 31 December 2017, the Bank has performed the buyback of 194,407,492 (one hundred ninety four million four hundred seven thousand and four hundred ninety two) shares with price per-share ranging between Rp1,191 (full amount) and up to Rp1,303 (full amount) (or an average price per-share of Rp1,249.45 (full amount)) and the total acquisition cost of the buyback amounting to Rp242,901,672,210 (two hundred forty two billion nine hundred one million six thousand seventy two and two hundred ten Rupiah) (including commission and tax).

Throughout 2017, the Bank did not conduct any buyback of bonds issued by the Bank.

➤ Dividend Policy

The Bank's Dividend Policy is set forth in Bank Business Plan (RBB) 2017, which has been submitted to OJK whereby the Bank allows for the distribution of dividends at a maximum of 40% of net profit of the Bank with the following conditions: (i) the Bank reaches its net income target before tax; and (ii) the Bank's CAR net the dividend pay-out and other investment projects consuming significant amount of capital, in total, is not less than 17.5% in 2017. However, the dividend pay-out will take into account the Bank's condition and capability and will also consider the capital requirements and going concern to maintain the Bank's business sustainability.

In 2017 and 2016, in accordance with resolution of the AGMS 2017, CIMB Niaga paid out no dividends. The Bank made no provision for the mandatory reserve from its net profit for fiscal year 2016, since the Bank's total amount of mandatory reserve complies with the minimum mandatory reserve requirement pursuant to Article 70 of Law No. 40 Year 2007 regarding Limited Liability Companies. Accordingly, the total amount of CIMB Niaga net profit in 2016 will be utilized to finance the Bank's business activities.

➤ Funds for Social and Political Activities

In terms of social activities, CIMB Niaga believes that social activities have a positive impact on a broader audience for the long term. To that end, CIMB Niaga encourages employees to assist and support the social activities organized by the Bank as set forth in the Bank's Code of Ethics & Conduct No. A.07.10 dated June 16, 2017.

As a manifestation of its social responsibility, CIMB Niaga has made provisions from a portion of its profit to build its community and environment. The discussion relating to the Bank's social responsibility is available under the section of "Corporate Social Responsibility" and Sustainability Report of 2017, which is an integral part of this Annual Report.

In terms of politics, the Bank gives freedom to all employees in expressing their aspirations in political activities. However, the Bank's Code of Ethics & Conduct provides for certain restrictions regarding the involvement of the Bank and employees in political activities in order to avoid the occurrence of conflict of interest, including but not limited to providing funds for political purposes. This policy is implemented to maintain the independence and professionalism of the Bank and its employees.

► Provision of Funds to Related Parties

The provision of funds to related parties (individuals or groups, including to Directors, Commissioners and Executive Officers of the Bank and other related parties) by the Bank is conducted at fair market prices and under normal commercial terms (arm's length), as so performed with non-related parties.

The Provision of Funds to Related Parties is performed with reference to PBI No. 8/13/PBI/2006 on Amendment to PBI No. 7/3/PBI/2005 on Legal Lending Limit (LLL) of Commercial Banks, in compliance with the Bank's internal regulations, and subject to the prior approval of the Board of Commissioners.

During 2017, there were no violations or breaches of the LLL in the provision of funds to parties related to CIMB Niaga.

► Customer Protection Policy

For CIMB Niaga, customers are one of the stakeholders with an important role in improving the performance and sustainability of the Bank. Therefore, CIMB Niaga is committed to provide the best, including protection for its customers. This commitment is implemented through the Customer Resolution Unit (CRU), which focuses on handling customer complaints over the Bank's products and services. The CRU continues to improve the quality of customer complaints handling, including through periodic evaluations to enable corrective actions and facilitates faster resolution of customer complaints.

In line with the 27% growth in number of customers to 7.4 million in 2017, the number of financial transactions grew by 37% to 290.3 million. The percentage of customer complaints to number of transactions increased from 0.025% in 2016 to 0.033% in 2017. Nevertheless, the Bank has improved the quality of customer complaints handling, whereby the customer complaint resolution rate in accordance with the Service Level Agreement (SLA) improved from 90% in 2016 to 94% in 2017.

In addition, CIMB Niaga is committed to improve the quality of products and services. Accordingly, initiatives were made such as improving the work process by the adoption of 'lean six sigma' method, providing flexibility and ease of transactions for customers through CIMB Niaga 14041 telephone banking service, as well as carrying out the internal campaign activities of 'Service from the Heart' aimed at nurturing a customer-centric culture among CIMB Niaga's staff.

CIMB Niaga is also active in the Banking Mediation Working Group in partnership with Bank Indonesia, the Financial Services Authority and other banks, to implement various customer education programs, in the form of seminars on banking and other activities.

➤ Anti Corruption Policy

The Bank has regulated the Bank's Anti-Corruption policy as stipulated in the Bank Code of Ethics and Conduct.

In addition to support the implementation of the Anti-Corruption Policy, CIMB Niaga also has the "Ayo Lapor" program, which is stipulated in the Whistleblowing System Policy in this Annual Report.

➤ Protection of Creditors' Rights

CIMB Niaga implements an honest and transparent information disclosure system as well as equal treatment to all creditors without any discrimination, in order to protect the rights of the creditors. With disclosure of information, all creditors and business partners are entitled to obtain relevant information according to their needs so that each party can make an objective decision on the basis of fair, reasonable and accurate considerations.

In order to ensure the rights of creditors are properly implemented, these rights are stipulated in the agreements agreed upon by both parties. As part of the exercise of the creditor's rights, the Bank performs its obligations as promised in a timely manner and seeks to avoid delays or omissions that could potentially result in loss of both parties.

➤ Submission of the 2017 Sustainability Report

CIMB Niaga has prepared and subsequently published the 2017 Sustainability Report on the economic, environment and social performance of the Bank, including the implementation of the Bank's CSR programs and activities. The Sustainability Report has been prepared in accordance with the standards from Global Reporting Initiative (GRI), core option.

➤ Risk Management

CIMB Niaga manages its risks in an integrated manner through the alignment of risk appetite with business strategy, in line with the Enterprise Wide Risk Management (EWRM) framework. EWRM is a comprehensive framework that covers risk management of the Bank's various activities and business decisions. Moreover, EWRM is also used to identify the Bank's capital requirements.

One of the key components of the EWRM framework is strong Bank management governance that serves to improve the four eyes principle and transparency mechanism in all risk management processes. The Bank involves all levels within the organization ranging from Directors, senior management and all employees in the implementation of the risk management process through the three lines of defense. The Bank makes risk management an integral part of the Bank's culture and decision-making processes.

Discussion of risks plays a central and fundamental role in the business planning process, including the determination of risk appetite, risk posture and new products/activities, to ensure conformity between strategy, growth, operational plans, capital and risk. In this regard, the Bank optimizes the risk management function to support and influence business decisions related to pricing, resource allocation and other business decisions. As such, the Bank is expected to be able to maintain the trust of its customers, shareholders and other stakeholders.

CIMB Niaga's EWRM risk management process includes risk identification processes deemed significant in the Bank's business activities; risk measurement and risk aggregation are performed with adequate methodology while management and control and risk reporting are conducted on an on-going basis to evaluate and manage risk, as well as to ensure that risk exposure is in line with the Bank's risk appetite.

EWRM implementation is an on-going initiative and is supported by an adequate risk management infrastructure. This includes the preparation and updating of appropriate risk management policies and procedures to maintain the level of risk at the established limits and adequate human and technological resources. Implementation of EWRM is also supported by the Risk Management Business Unit which acts as an independent party.

RISK IDENTIFICATION AND ASSESSMENT

CIMB Niaga adopts 2 (two) approaches in the risk identification process which are risk profile and Comprehensive Risk Assessment (CRA). The methodology adopted in risk profile assessment refers to the regulatory requirements, while CRA represents an internal approach to a comprehensive and continuous risk identification process. In determining the types of material risks, in addition to considering the financial impacts, it also identifies the impact on non-financial aspects, such as reputation and compliance with regulatory requirements.

TYPE OF RISKS

The main risks managed by the Bank based on the CRA results include 9 (nine) types of risk, namely credit risk, market risk, liquidity risk, operational risk, strategic risk, compliance risk, legal risk, reputational risk and interest rate risk in banking book in line with type of risks that must be managed by the Bank in the process of risk profile assessment. Particularly for Sharia Business Unit (SBU), there are 2 (two) additional risk type, namely rate of return risk and investment risk, in accordance with POJK No. 65/POJK.03/2016, dated 23 December 2016, concerning the Implementation of Risk Management for Sharia Commercial Banks and Sharia Business Units and in accordance with the POJK No. 17/POJK.03/2014 dated 19 November 2014 regarding the Implementation of Integrated Risk Management for Financial Conglomerations, Bank also manages intragroup transactions risk.

RISK MANAGEMENT

CIMB Niaga measures and monitors these risks on a regular basis to ensure that all risk mitigation strategies of the Bank are properly implemented so that each of these risk mitigation measures is effective at managing the risk level at a level consistent with the Bank's risk appetite and risk tolerance. Risk assessment is conducted among other means through the determination of risk rating, risk scoring, sensitivity analysis of portfolio of interest-related instruments (DV01), NOP, LCR, EVE and stress testing, using methodologies that refers to best practices. As for operational risk, its risk management is conducted through various operational risk tools such as Loss Event Data (LED) Management, Key Risk Indicator (KRI), Risk and Control Self-Assessment (RSCA), review of new products and services, and Control Issue Management (CIM) to monitor corrective actions on the resulting control gap. The Bank periodically reviews the assumptions used, the data sources, methodologies and procedures adopted in the assessment of risks, changes in the business environment, market conditions and regulatory requirements.

MANAGING RISK

Managing Risk is following the EWRM concept that begins with the risk identification stage aimed at determining material risks associated with the products and activities and subsequently the assessment stage to enable the Bank to determine the level of risk being encountered. The Bank then determines which risks to be taken, avoided, transferred or managed by considering the impact of risk events occurring as well as the cost and benefits of the Bank's products or activities.

As part of risk management, CIMB Niaga is consistently ensuring that there is a process of regular reporting and Bank's risk management system effectiveness review which is performed by the Risk Management Committee (RMC) and other Executive Committees at the Board of Directors level and by the Risk Oversight Committee (KIPER) at the Board of Commissioners level. The evaluation results for improvement of the Bank's risk management process are followed up by the Risk Management Unit and other related units. The Bank at all times strives to apply risk management process based on prudent principles and good corporate governance.

Discussions on further risk management efforts are available in the Risk Management Report section of this Annual Report.

RESULT OF RISK MANAGEMENT SYSTEM EFFECTIVENESS REVIEW

The risk management process at the Bank is evaluated by RMC, which is in charge of the implementation of the overall risk management framework. The Committee is chaired by the President Director and consists of all members of the Board of Directors and several executive officers. In RMC meetings, in addition to the comprehensive discussion of the risk exposure report every month, also discuss other specific issues such as the risk appetite monitoring dashboard which serves as a traffic light associated with risk-taking activities undertaken by the Bank, implementation of ICAAP (Internal Capital Adequacy Assessment Process) to assess the Bank's capital adequacy in relation to its risk profile, approval of policies, integrated risk management, approval of risk limits and approval of the models and methodologies adopted in the risk assessment process. In addition to RMC, there are several other Executive Committees related to risk management to discuss specific risks in greater detail such as the Asset Liability Committee (ALCO), the Operational Risk Committee (ORC) and the Credit Policy Committee (CPC).

In 2017, CIMB Niaga's risk management process in 2017 was deemed as effective. All decisions made by these Committees are well documented. In addition, evaluation of risk management strategy implementation is also conducted by Board of Commissioners through KIPER. A number of issues related to risk implementation require approval of the Board of Commissioners such as: approval of risk management policy, establishment of Risk Appetite Statement and guidelines regarding the level of risks that may be taken by business units in any given year.

Internal Control System

The Internal Control System supports the achievement of the Bank's performance objectives, to increase value for stakeholders, minimize the risk of loss and maintain compliance with prevailing laws and regulations. CIMB Niaga implements the Internal Control System as a fundamental component in monitoring Bank management, serving as a benchmark for sound and controlled of banking operations.

Implementation of the Bank Internal Control System refers to COSO (Committee of the Sponsoring Organizations of the Tread way Commission) Internal Control Integrated Framework in developing an internal control framework that ensures adequacy of operational and financial control, financial reporting, operational effectiveness and efficiency, and compliance with prevailing laws and regulations.

LEGAL REFERENCES

CIMB Niaga Internal Control System was established by referring to the prevailing regulations, which among others, include:

1. POJK No. 18/POJK.03/2016 dated 16 March 2016 concerning Implementation of Risk Management for Commercial Banks.
2. SEOJK No. 34/SEOJK.03/2016 dated 1 September 2016 concerning Implementation of Risk Management for Commercial Banks.
3. SEBI No. 5/22/DPNP dated 29 September 2003 regarding Guidelines on Internal Control System Standards for Commercial Banks.

INTERNAL CONTROL SYSTEM IMPLEMENTATION AND CONFORMITY WITH COSO - INTERNAL CONTROL FRAMEWORK

CIMB Niaga's internal controls are established based on two aspects operational control and financial control. Internal control over the Bank's operational and Financial Reporting is conducted with reference to the international COSO Internal Control Integrated Framework. In COSO it is mentioned that internal control is a system or process performed by the Board of Commissioners, Board of Directors, Management and employees within a company, to provide adequate

assurance for the achievement of control objectives. The COSO Internal Control Framework consists of 5 (five) controlling components:

- a. Control Environment
- b. Risk Assessment and Risk Management
- c. Control Activities
- d. Information and Communication
- e. Monitoring.

Implementation of CIMB Niaga Internal Control System, as per COSO, is as follows:

1. Control Environment

The Board of Commissioners, through Committees, regularly conduct assessments of the control environment and conduct independent assessments communicated to the Board of Directors for follow-up.

2. Risk Assessment and Risk Management

The Board of Directors has established procedures to anticipate identify and respond to events and constraints that may affect achievement of the objectives. The Board of Commissioners, through the Risk Oversight Committee, ensures that the Board of Directors has performed sound risk management.

3. Control Activities

Policies and procedures for key business units and support units have been developed and approved by the Board of Directors, and periodically reviewed and updated by the Risk Management Unit. The Compliance Unit is responsible for disseminating the prevailing banking regulations, conducting compliance tests on new internal policies and proposals on new products or activities, implementing Anti Money Laundering (APU) and Terrorism Financing Prevention (PPT) programs, and monitoring compliance through designated officers at other business units verified by an Independent Work Unit located at the 2nd or 3rd Line of Defense. The Compliance Unit submits periodic compliance reports to the Board of Commissioners, Board of Directors and regulators.

INTERNAL CONTROL SYSTEM

Company executives regularly review the existence and effectiveness of controls, perform adequate division of tasks, conduct routine verification of data accuracy and maintain and test emergency response plans.

4. Information and Communication

Data collection and information technology procedure generates reports on business activities, financial conditions, risk management and compliance with provisions that support the conduct of the duties of the Board of Directors and Board of Commissioners.

5. Monitoring

The Board of Directors, Bank Officers and Internal Audit continuously monitor the effectiveness of the overall implementation of internal control. Major risk monitoring has been prioritized and serves as a part of daily activities, including regular evaluations. The Board of Directors and Officers of the Bank are committed to and have performed follow-up of the monitoring results that have been made and the recommendation of Internal Audit. Within the framework of the internal control system, CIMB Niaga adopts the Three Lines of Defense concept which is the most recent implementation of the control strategy under COSO Internal Control Framework monitoring system as disclosed under Risk Management section of this Annual Report.

INTERNAL CONTROL ADEQUACY STATEMENTS

The Board of Directors and the Board of Commissioners are committed to ensuring that Good Corporate Governance is well implemented as a basis for achieving objectives to maintain and enhance the Bank's values. One critical element of Good Corporate Governance is ensuring that the internal control system is adequately performing. The Board of Directors is responsible for implementing a good internal control system to achieve the Bank's objectives. The internal control system is a process performed by:

1. Board of Directors and all Bank Officers, providing direction, guidance and supervision;
2. Executive Committees;
3. Internal Audit;
4. All employees.

The Board of Commissioners, assisted by the Audit Committee, is responsible for oversight in order to ensure the implementation of internal controls in general, including the policies of the Board of Directors establishing such internal controls. The internal control system is designed to properly manage and control risks and not to eliminate the risks. This internal control statement describes the key elements adopted to achieve the Bank's internal control objectives which include:

1. Effective and efficient operations;
2. Accurate and reliable financial statements;
3. Compliance with applicable laws and regulations;
4. Security of Bank assets.

EVALUATION OF INTERNAL CONTROL EFFECTIVENESS

In 2017, CIMB Niaga implemented internal control in accordance with the principles of control and the overall quality of the internal control system has been well maintained. Issues related to the adequacy of internal control have been reported to the Board of Directors and follow-up measures have been taken to minimize risks. Reports are also submitted to the Board of Commissioners through the Committees at the Board of Commissioners level.

ACCESS TO CORPORATE INFORMATION AND DATA

Social Media

At present CIMB Niaga maintains 6 (six) social media accounts:

1. Facebook CIMB Niaga
2. Instagram CIMB Niaga
3. YouTube CIMB Niaga
4. Google+ CIMB Niaga
5. Twitter @CIMBNIaga
6. LinkedIn CIMB Niaga

All of these accounts serve as media for delivering information of the Bank's activities such as brands, product offers, tips, and other information. In addition, 3 (three) of these 6 (six) accounts also respond to fans/follower inquiries regardless whether they are CIMB Niaga customers or not.

In 2017 the Bank held various communication campaigns that rely on social media as the communication channel. Some of the large-scale communication activities carried out in 2017 include Brand Campaign communication (FORWARD), seasonal communication campaigns, MASA communications campaigns and feature of Facebook Leads Ads with the aim of increasing awareness about the Bank, improving the active participation of fans or followers and obtaining business leads to support business development. In addition, the Bank also utilizes social media to communicate major Bank's events such as The Color Run presented by CIMB Niaga, Namaste Festival 2017, IndobuildTech, Indonesia Trade Expo and Xtra Xpo.

FORWARD communication campaign is an activity specially designed to communicate CIMB Niaga's latest brand promise, which is Forward. The activity is conducted by launching 4 (four) videos focusing on 4 (four) segments which are young people, young families, high-end segment and business segment.

The seasonal communication campaign is an activity undertaken to celebrate the seasonal momentum in Indonesia such as Imlek, Ramadan, Independence Day, Christmas and New Year. With

each seasonal momentum, the Bank launches videos as communication materials uploaded on official Facebook and Instagram accounts.

In 2017, CIMB Niaga also continued the MASA? communications campaign to introduce the advantages of Bank's retail banking products. This campaign is specially designed in the form of video series featuring social media influencers and stand-up comedians in Indonesia. Each video conveys a message about the benefits of Bank's retail products such as Savings, KPRs, Credit Cards and Branchless Banking of CIMB Niaga.

In addition, CIMB Niaga also utilizes Facebook's latest feature which is Facebook Leads Ads, in which the Bank can install online registration form through Facebook. CIMB Niaga is one of the companies that adopts this feature to campaign for its many products.

Also in 2017, CIMB Niaga continued its initiatives and activities involving internal staff to become CIMB Niaga's brand ambassadors on social media. To support this activity, the Bank utilized an application that serves as a library content for brand ambassador as well as a tool to measure the performance of each ambassador.

In addition, the Bank also uses social media as a communication channel to convey information and to respond to questions related to the Bank's activities. This is made for the purpose of assisting customers in obtaining clear information and assistance when encountered with issues during banking transactions.

With these social media programs, the number of followers on Facebook CIMB Niaga at the end of December 2017 reached 1,138,743 people increasing by 27% compared to the end of 2016. As for the number of Twitter followers, the account of @CIMBNIaga has 64,927 followers increasing by 19% since the end of 2016. While for the number of Instagram followers, the account of @CIMB_Niaga reached 101,356 people increasing by 982% since the end of 2016.

The role of social media as the Bank's communication channel is increasingly intensified so as to allow them to eventually become an effective communication channel in conveying the Bank's messages or receiving input from public. The Bank's social media activities run 24 hours, 7 days a week with less than 5 minutes response time since the comment is made, making CIMB Niaga one of the best companies in banking industry in terms of social media response time.

Employee Code of Conduct & Ethics

In the banking industry, trust is a fundamental and essential element. CIMB Niaga strives to uphold integrity at all times through the establishment and implementation of a standard guidelines in the Code of Ethics & Conduct. Code of Ethics & Conduct forms the foundation for employee behaviour and attitude to work professionally and ethically based on basic principles aligned with the Company's vision, mission and core values as well as applicable internal and external regulations. The Code of Ethics & Conduct applies to all levels of the organization including Board of Commissioners, Board of Directors and all employees.

OBJECTIVES OF CODE OF ETHICS & CONDUCT

The Code of Ethics & Conduct has the following objectives:

1. As a guideline in the formulation of policies, procedures and management practices within the Bank.
2. To sets out the behaviour, conduct and responsibilities of employees and associated person working for and on behalf of the Bank in upholding corresponding conduct to achieve high standard of professionalism and ethics.
3. As a basic guideline of principles that guides decision making.
4. Outlines specific behavior and conduct that are required or prohibited in establishing relationship with various key stakeholders, such as colleagues, customers, regulators, business partners and the general public.
5. To ensure the consistency and uniformity of employee behaviour and conduct in daily operational activities.

MAIN ELEMENTS OF CODE OF ETHICS & CONDUCT

The Code of Ethics & Conduct describes 6 (six) ethical principles which consist of: Integrity, Confidentiality, Competence, Conflict of Interest, Fairness and Mutual Respect; whereby these principles are the foundation of employee's professional interactions.

In addition to the 6 (six) ethical principles, the Code also outlines set of standards that reflect exemplary conduct which regarded as an essential guide on how employee interact with all key stakeholders. The main elements of the Code of Ethics & Conduct includes:

- a. Anti bribery and corruption;
- b. Insider Trading;
- c. Fraudulent activates;
- d. Managing conflict of interest;
- e. Managing gratification;
- f. Outside financial interest and employment/external business interest;
- g. Whistleblowing policy;
- h. Confidentiality and Proprietary information;
- i. Use of the Bank's assets;
- j. Use of social media;
- k. Personal dealings with customers;
- l. Handling customer complaints;
- m. Compliance and regulatory reporting;
- n. Money laundering activities;
- o. Anti-competitive conduct;
- p. Corporate social responsibility culture.

STATEMENT OF CODE OF ETHICS & CONDUCT

CIMB Niaga's Code of Ethics & Conduct applies to all employees of the Bank, including the Board of Directors and Board of Commissioners. All employees are required to thoroughly read and understand the contents of the code and attest an annual commitment statement. The application and implementation of Code of Ethics & Conduct shall be the responsibility of all employees at every level of the organization, as well as one of the Bank's commitments to implement Good Corporate Governance in achieving its vision and mission statements.

SOCIALIZATION AND ENFORCEMENT OF CODE OF ETHICS & CONDUCT

In order to nurture employees' awareness and understanding with regards to the implementation of the Code of Ethics & Conduct, CIMB Niaga engages in regular socialization activities through a various available media.

EMPLOYEE CODE OF CONDUCT & ETHICS

Each year, all employees are obliged to attest a commitment statement of the Code of Ethics & Conduct. To further enhance employees' understanding of the Code of Ethics & Conduct, the Bank has developed tutorial pack and e-Learning study materials along with evaluation test. In addition, CIMB Niaga's Code of Ethics & Conduct is also uploaded to the Company's internal portal (e-Manual) for wider accessibility.

CIMB Niaga continuously monitors the implementation of the Code of Ethics & Conduct and imposes strict sanctions for employees who violate the code. CIMB Niaga provides reporting channels through:

1. Internally-managed communication channel by CIMB Niaga, through:
 - E-mail: ayo.lapor@cimbniaga.co.id
 - PO Box: PO Box AYO LAPOR JKS 12000

- SMS & WA: +62 822 11356363
- Faksimili: +62 21 2856 5231
- Surat: Ayo Lapor PO BOX 3331 JKP 10033

SANCTIONS AND VIOLATIONS OF CODE OF ETHICS & CONDUCT IN 2017

CIMB Niaga imposes sanctions for any employee who violates the prevailing regulations. During 2017, there are 301 (three hundred and one) employees subject to sanctions with a total of 318 (three hundred and eighteen) letter of sanction issued including Coaching, Letter of Reprimand, Warning Letter 1, Warning Letter 2, Warning Letter 3, and on to Termination of Employment.

Disciplinary Policy and Determination of Sanctions for Violations

Sanction imposition for employee violations is governed in the Disciplinary and Determination of Sanctions for Violations Policy. This policy regulates the roles and responsibilities of the Direct Supervisor and unit head, the duties and responsibilities of relevant unit in handling a violation, as well as the duties and responsibilities of the Disciplinary Committee in the determining relevant sanction to a violation.

Sanction given to the employees is according to the level of the violation, with start with reprimand letter, written warning letter, to termination of employment. To ensure objectivity, the determination of sanctions at every level of violation is decided by the Disciplinary Committee in accordance with applicable provisions.

► Corporate Culture

In adapting to social behavioural changes both internally and externally, CIMB Niaga emphasizes the importance of internalizing its corporate core values as the foundation of workplace behaviour. CIMB Niaga's core values known as "CHESI" stands for:

1. **"Customer-Centric"**, exist to serve our customers and sell products and services that our customers understand and value,
2. **"High Performance"**, work hard and work strategically for customers, staff and other stakeholders,
3. **"Enabling People"**, encourage our people to think big and look wide and ensure that they are appropriately empowered to deliver value,
4. **"Strength in Diversity"**, respect different cultures, value varied perspectives and recognise diversity as a source of strength,
5. **"Integrity"**, honest, respectful and professional in everything because integrity is the founding value of CIMB Niaga.

The 5 Core Values of the Bank as reflected in CHESI are manifested through the 3 (three) critical behaviours that must be performed consistently by every employee. The 3 (three) Critical Behaviours are:

- **"Go the extra-mile to delight customers"**
- **"Respect each other, engage openly and work together"**
- **"Recognize each other's efforts and always back each other up"**

CIMB Niaga believes that the 3 (three) critical behaviours will support the Bank's acceleration in facing social behavioural changes, providing excellent service to customers and increasing synergy among individuals, units or functions. In 2017, the process of internalizing corporate core values is done through a number of activities, including:

- Board of Directors symbolic act initiatives to discuss and listen to employees' aspirations directly, building better communication and collaboration.
- Established and expanded Informal Leaders and Business Sponsors in various units to actively serve as role models in implementing 3 Critical Behaviours on a daily basis.
- Cultural Campaigns, thematic activities related to corporate culture implementation, such as "Culture Day", passing on "ABC Torch of Recognition" from Directors to top employees to express management appreciation, presenting thank-you cards to employees with positive contributions, environment awareness movement such as "Care with our Home" program, as well as other activities to nurture greater internalization of corporate core values.

In addition, CIMB Niaga continuously strives to improve risk and compliance culture through various initiatives, such as, launched the new Code of Ethics & Conduct, whistleblowing campaigns, zero tolerance to fraud campaigns, and internal and external risk management certification for all employees through in-class and digital learning.

➤ Goods and Services Procurement Policy

CIMB Niaga adopts a policy related to Procurement of Goods and Services which serves as the main reference for all procurement activities of goods and services conducted by business units within the Bank, both Conventional and Sharia Business Unit. This policy is one realization of the GCG process, namely transparency in the procurement process, whereby the process is made through a bidding process by considering a number of aspects, among others:

- Adoption of the transparency principle and avoidance of conflict of interest;
- Focus on the goal of obtaining the best quality of goods or services and optimal purchasing efficiency through quality and price comparison offered by vendors.

The procurement process is managed by the Strategic Procurement and Administration Management (SPAPM) unit under the Directorate of Strategy & Finance, and involving units within the Bank including Legal, Finance, IAU and Bank Quality Assurance to ensure the GCG process is implemented to the highest standard. All procurement processes follow applicable procedures, including authority, limit approval, classification, and segregation of duties and responsibilities in the process of goods and services procurement within the Bank.

ACTIVITIES RELATED TO CRITERIA AND SELECTION OF VENDORS

Vendors involved in procurement of goods or services are vendors that have been registered through the vendor verification process prior to entering into business relationship with the Bank for the first time that the Bank intends to avail itself of the services of the vendors, and this will be regularly reviewed.

The vendor verification process includes:

1. Ensuring the completeness of the vendor's business license, in accordance with the prevailing regulations.
2. Conducting site visit at the business location of the vendor.
3. Performing cross check on references provided.
4. Screening vendors by referring to Bank Indonesia Black List and Anti Money Laundering application.

➤ Conflict of Interest Management Policy (Including Insider Trading)

The Bank has a Conflict Management Policy, which aims to establish rules, identify, mitigate, and manage any potential conflicts of interest that may arise within the Bank resulting from the implementation of activities by the Bank's business units who obtain information about the Bank, the Bank's customers, or CIMB Group.

This policy regulates the trading procedure of securities of the Bank and CIMB Group and reaffirms the prohibition of Insider Trading in personal securities transactions by employees and the management (in this case the Board of Directors and members of the Board of Commissioners). Specifically for certain periods, this Policy also regulates the Blackout period in which all employees and management are prohibited from conducting transactions of the Bank's Securities.

Any employee or management who will transact on the Bank's or CIMB Group's Securities (outside the Blackout period) is required to obtain prior written approval from the Bank's Control Room (Corporate Affairs Unit) no later than 2 (two) business days prior to the transaction plan, and the Control Room of the CIMB Group by filling out an employee transaction request form.

Corresponding to this, if the employee and/or management has conducted a transaction, a notification to the Bank's Control Room (Corporate Affairs unit) is required no later than 2 (two) days after the transaction occurred. With this policy, the mitigation of using insider information for the personal benefit of employees and management (insiders) is expected.

► Internal Fraud

The Anti-Fraud Policy of CIMB Niaga as set forth under the Risk Management section of this Annual Report is part of the Bank's internal control system in building a culture of compliance and creating a risk awareness of the potential and consequences of fraud at all levels within the organization. The policy governs the framework, governance and implementation of the anti-fraud strategy, which represents controlling fraud by taking into account the characteristics and range of potential fraud activities and which is implemented through the fraud control system.

The table below depicts the data on fraud cases committed by management, permanent and non-permanent employees in relation to the Bank's business processes and operations whose financial impacts are higher than Rp100,000,000. Such financial impact of these fraudulent activities exclude the funds that may have been subsequently recovered. CIMB Niaga has imposed appropriate sanctions on the personnel committed such fraud.

Internal Fraud Case	Total Cases Committed by					
	Management (BOC and BOD)		Permanent Employees		Non-permanent Employees	
	2016	2017	2016	2017	2016	2017
Resolved	-	-	8	5	-	-
In the process of internal resolution	-	-	2	4	-	-
Unresolved/Under investigation	-	-	-	-	-	-
Already in Legal Proceedings	-	-	4	2	-	-
Total Fraud	-	-	12	11	-	-

Note: The data represents fraud cases with financial impact higher than Rp100 million.

► Whistleblowing System

As a manifestation of internal control efforts, CIMB Niaga has implemented the whistleblowing system policy in a comprehensive manner in every aspects of business activity. CIMB Niaga has prepared and implemented the whistleblowing system policies since 2011, gradually improving in terms of both the reporting mechanism and the dissemination of the reporting media. To make it more convenient and transparent for the whistleblower to report a violation or indication of fraud, CIMB Niaga on 4 December 2017 appointed PT Deloitte Indonesia as an independent third-party to manage the whistleblowing reports. The implementation mechanism and results of the whistleblowing system results during 2017 are described below.

REPORTING CHANNELS

Submission of a whistleblowing report may be conducted by any parties, both internal and external, to the Bank. CIMB Niaga provides the following 2 (two) communication channels for such reporting:

1. Internally-managed communication channel by CIMB Niaga, through:
 - E-mail: ayo.lapor@cimbniaga.co.id
 - PO Box: PO Box AYO LAPOR JKS 12000
 - SMS to: 087829652767 (0878 AYO LAPOR)
2. Communication channel managed by PT Deloitte Indonesia as the designated third-party to manage whistleblower reports, through:
 - Website: <http://ayolapor.tipoffs.info>
 - E-mail: ayolapor@tipoffs.info
 - Telephone: 14031
 - SMS & WA: +62 822 11356363
 - Faximile: +62 21 2856 5231
 - Mail: PO BOX Ayo Lapor 3331 JKP 10033

WHISTLEBLOWER PROTECTION

The whistleblower is not required to include his or her identity or proof of violations reported. However, if the whistleblower has evidence as data, information, or an early indication about the violations, this can be included during the reporting. Each whistleblower must have a strong reason for reporting a violation or potential violation, and must act in good faith.

The Bank guarantees the confidentiality of the reporter's identity and protects the whistleblower at the time of reporting or when the report is followed-up by a unit in charge of the investigation, as stipulated in the Bank's internal policies. To ensure confidentiality, for those reporters who include their identity, the name of the whistleblower is only disclosed to the designated whistleblowing officer.

WHISTLEBLOWING HANDLING

All reports will be analyzed by a whistleblowing officer. For reports with the identity of the whistleblower, should additional information be required, the whistleblowing officer will initiate a confidential contact with the whistleblower to request the required additional information. In the event the initial information is considered sufficient, the whistleblowing officer submits a report to the working unit in charge for investigation to determine the validity of the report.

Subsequently, the whistleblower who submits his or her identity will obtain further information regarding the progress of the report, until the report has been followed-up completely. In the event the report provided is not relevant to the scope of the whistleblowing program, the whistleblowing officer will respond or notify that the incoming report will not be followed up, which will be accompanied by the submission of information to the whistleblower regarding the unit associated with the report.

The whistleblowing officer will administer the violation report. For the purpose of supervision and the whistleblowing investigation process, the whistleblowing report results are periodically submitted to the Director in charge of Risk Management and the President Director with a copy to the Director in charge of Compliance and the Director in charge of Human Resources. The identity of whistleblower during the process will be kept confidential throughout the follow-up and oversight process.

WHISTLEBLOWING MANAGEMENT

Based on the Bank's internal policy, the party appointed to manage the whistleblower report is PT Deloitte Indonesia.

WHISTLEBLOWING RESULTS AND FOLLOW-UPS

During 2017, there were 98 whistleblowing reports received. All reports have been followed up and completed, with the following details:

Whistleblowing Report Status		2017
Total WB Report Received		98
A.	WB Reports investigated	18
B.	WB Reports not investigated (pre-CLOSED)	80
C.	WB Reports investigated and concluded (Status CLOSED)	10
D.	WB Reports under ongoing investigation (Status OPEN)	8
E.	WB Reports PROVEN based on investigation	2
F.	WB Reports PROVEN based on investigation which related to FRAUD	2

Corporate Governance Guidelines for Public Companies

CIMB Niaga complies with the practice of good corporate governance pursuant to Regulation of the Financial Services Authority (POJK) No. 21/POJK.04/2015 on Corporate Governance Guidelines for Public Companies and Financial Services Authority Circular Letter (SEOJK) No. 32/SEOJK.04/2015 on Corporate Governance Guidelines for Public Companies. These regulations contain 5 (five) aspects, 8 (eight) principles, and 25 (twenty five) recommendations on corporate governance recommended by OJK. CIMB Niaga implements such aspects, principles and recommendations based on the “comply or explain” approach as follows:

Aspect	Principle	Recommendation	Implementation
Relationship of The Public Company with the Shareholders in ensuring the Right of the Shareholders	Principle 1 Improve the Implementation Value of the General Meeting of Shareholders (GMS)	1.1 The Public company has technical procedures for opened or closed voting that promote independency and interest of the shareholders.	<p>Comply As an effort to enhance independence, freedom, and confidentiality of shareholders in the voting process, CIMB Niaga adopted a policy of voting at the GMS in private by filling out the voting cards for each agenda. This policy is disclosed in the GMS Rules of Conduct.</p> <p>In the AGM and EGM held in 2017, the voting mechanism was conducted privately with ballot papers. An officer collected the ballot papers filled out by the shareholders, and an independent party, namely the Securities Administration Bureau, PT Sirca Datapro Perdana and Notary, Ashoya Ratam, SH. conducted the vote count.</p> <p>The GMS Rules of Conduct was uploaded on the Bank’s website 21 (twenty one) days prior to the GMS and distributed to the shareholders upon entering the GMS meeting room.</p>
		1.2 All members of the Board of Directors and the Board of Commissioners are present at the Annual GMS	<p>Explain All members of the Board of Directors and the Board of Commissioners of CIMB Niaga were present at the AGM and EGM dated 25 April 2017, except for 1 (one) Commissioner who was unable to attend due to health reasons.</p> <p>Members of the Board of Directors and Board of Commissioners present may represent the Bank to offer explanations to shareholders on any agenda of the AGM, and the AGM was implemented properly.</p>
		1.3 Summary of GMS minutes is available on the public company’s website at least for 1 (one) year.	<p>Comply CIMB Niaga uploaded the summary of the minutes of the GMS immediately after the adjournment of the AGM and EGM on 25 April 2017. Summaries of the minutes of GMS from 2013 to 2017 are available on the CIMB Niaga’s website up to the present day, in both Indonesian and English version.</p>

Aspect	Principle	Recommendation	Implementation
Function and Role of the Board of Commissioners	Principle 2 Improving Communication Quality of the Public Company with Shareholders or Investors	2.1 The Public Company has a communication policy with the shareholders or investors.	Comply CIMB Niaga regulates its communication policy with the shareholders or investors (customers) in the CIMB Niaga Code of Ethics that has been uploaded to the CIMB Niaga's website (www.cimbniaga.com). Communication is conducted by the Bank through holding of the GMS, Public Expose, Analyst Meetings, provide quarterly and annual Financial Statements, as well as conducting disclosure of information in an accurate and timely manner. CIMB Niaga also discloses the addresses of head office and branch offices, e-mail addresses and phone numbers on its website and in the Annual Report, Social Media access (Facebook, Twitter, Instagram), Call Center, as channels for the shareholders and investors to communicate with the Bank, easily.
		2.2 The Public company discloses its communication policy with the shareholders or investors on the website	Comply CIMB Niaga has uploaded its Code of Ethics to CIMB Niaga's website (www.cimbniaga.com) for public access.
	Principle 3 Strengthen the Membership and Composition of the Board of Commissioners	3.1 Determination of the number of Board of Commissioners members shall consider the condition of the Public Company	Comply The number of members of the Board of Commissioners of CIMB Niaga is in accordance with the provisions and has considered the needs, condition, and capabilities of the Bank. As of December 2017, the number of Board of Commissioners members of CIMB Niaga was 8 (eight) people, of whom 50% were Independent Commissioners. The number of members of the Board of Commissioners does not exceed the number of members of the Board of Directors.
		3.2 Determination of composition of the Board of Commissioners members considers the necessary of diversity, expertise, knowledge and experience.	Comply The Board of Commissioners of CIMB Niaga has diverse backgrounds in terms of expertise, knowledge, experience, and citizenship with the objective to support the Bank's business development. This is illustrated in the profiles of each member of the Board of Commissioners.
	Principle 4 Improve the Implementation and the Quality of the Duties and Responsibilities of the Board of Commissioners	4.1 The Board of Commissioners has a self-assessment policy to evaluate its performance	Comply The assessment policy of the Board of Commissioners and the Committees under the Board of Commissioners is stipulated in the Charter of the Nomination and Remuneration Committee, accessible through the CIMB Niaga's website (www.cimbniaga.com).
		4.2 The self-assessment policy of the performance of the Board of Commissioners is disclosed in the Annual Report of the Public Company	Comply The Board of Commissioners assessment policy is set out in the Attachment to the Charter of the Nomination and Remuneration Committee, and the results of the Board of Commissioners' assessment are disclosed in the Report on the Implementation of Duties of Board of Commissioners section in this Annual Report.
		4.3 The Board of Commissioners has a policy with respect to the resignation of Board of Commissioners members if such member is involved in financial crime.	Comply The CIMB Niaga's Board of Commissioners Charter (point XI.4.) has stipulated that members of the Board of Commissioners who are involved in financial crimes and/or other criminal offenses are required to resign from their positions.
		4.4 The Board of Commissioners or the Nomination and Remuneration Committee shall prepare the succession policy in the nomination process of the Board of Directors members.	Comply The succession policy has been regulated in the Charter of the Nomination and Remuneration Committee and also disclosed in the Report on the Implementation of Duties of the Nomination and Remuneration Committee in this Annual Report.

IMPLEMENTATION OF CORPORATE GOVERNANCE GUIDELINES FOR PUBLIC COMPANIES

Aspect	Principle	Recommendation	Implementation
Function and Role of the Board of Directors	Principle 5 Strengthen the Membership and Composition of the Board of Directors	5.1 Determination of the number of Board of Directors members considers the condition of the Public Company and the effectiveness of decision-making	<p>Comply</p> <p>Without prejudice to the effectiveness of decision making by the Board of Directors, the determination of the number of members of the Board of Directors of CIMB Niaga shall consider:</p> <ul style="list-style-type: none"> - The Bank's financial condition and ability. - Organizational needs and the complexity of the Bank as the fifth largest Bank in Indonesia <p>As of December 2017, the number of Board of Directors members was 11 (eleven) people. The number of members of the Board of Directors is more than the number of members of the Board of Commissioners.</p>
		5.2 Determination of composition of the Board of Directors members considers the necessary of diversity, expertise, knowledge, and experience required	<p>Comply</p> <p>The Board of Directors of CIMB Niaga has diverse backgrounds in terms of expertise, knowledge and experience. This is illustrated in the profile of each member of the Board of Directors.</p> <p>The diversity and the number of Directors are required to provide the best possible solution to Bank's issues, according to the needs, size, and complexity of the Bank's business.</p>
		5.3 Members of the Board of Directors who are responsible for accounting or finance have accounting expertise and/or knowledge	<p>Comply</p> <p>The Director of Strategy and Finance of CIMB Niaga, who responsible for accounting and finance, is Mr. Wan Razly Abdullah.</p> <p>He holds a degree in Law and Accounting from the University of Manchester, UK and has experience in several foreign companies as well as being a member of the Institute of Chartered Accountants of England and Wales.</p> <p>Mr Wan Razly Abdullah meets the criteria of having the accounting expertise and knowledge.</p>
	Principle 6 Improve the Implementation of Quality of Duties and Responsibilities of the Board of Directors	6.1 The Board of Directors has a self-assessment policy to evaluate its own performance	<p>Explain</p> <p>In implementing the strategy and monitoring the performance of the Board of Directors (self-assessment), CIMB Niaga applies the Balanced Scorecard approach which is converted into Key Performance Indicators (KPI) using four Balanced Scorecard perspectives, namely Finance, Customer, Internal Process, and People.</p> <p>The success of the Board of Directors' performance is showed by the sufficient Bank's Sound Level which is indicated through the aspects of risk profile, Good Corporate Governance (GCG), profitability, and capital.</p>
		6.2 The self-assessment policy to evaluate the performance of the Board of Directors is disclosed in the Annual Report of the Public Company.	<p>Explain</p> <p>The performance assessment of the Board of Directors with the Balanced Scorecard approach converted into KPI has been disclosed in the Report of the Board of Directors Duties Implementation section of this Annual Report.</p>
		6.3 The Board of Directors has a policy related to resignation of the Board of Directors members if involved in financial crime.	<p>Comply</p> <p>The Board of Directors Charter of CIMB Niaga (point XI.4.) has stipulated that members of the Board of Directors involved in financial crimes and/ or other crimes are required to resign from their positions.</p>

Aspect	Principle	Recommendation	Implementation
Stakeholders' Participation	Principle 7 Improving Corporate Governance through the Participation of Stakeholders	7.1 The Public company has a policy to prevent insider trading	<p>Comply To prevent Insider Trading, CIMB Niaga already has a Conflict Management Policy that has been uploaded to the CIMB Niaga's website (www.cimbniaga.com).</p> <p>This policy establishes the rules, identify, mitigate, and manage any potential conflicts of interest that may arise within the Bank as a result of activities conducted by the Bank's business units that enable them to obtain information about the Bank, the Bank's customers, or the CIMB Group.</p>
		7.2 The Public Company has an anti-corruption and anti-fraud policy	<p>Comply CIMB Niaga has regulated the Bank's anti-corruption policies that are included in the CIMB Niaga Code of Conduct.</p> <p>CIMB Niaga has an anti-fraud strategy that is implemented in the form of a fraud control system, using tools that are an elaboration of the 4 (four) pillars namely; Prevention, Detection, Investigation, and Supervision.</p> <p>Further description on anti-corruption and anti-fraud policies are described in this Annual Report.</p>
		7.3 The Public Company has policies concerning selection and capability improvement of suppliers and vendors.	<p>Comply CIMB Niaga already has a Procurement of Goods and Services Policy (No. E.04.A.06) as well as Goods and Services Procurement Procedures (No. E.04.A.06.P.01) that are disclosed in the Procurement Policy section of this Annual Report.</p> <p>CIMB Niaga's Code of Conduct also regulates the relationship with suppliers, vendors, and consultants (partners) that are in collaboration with the Bank, including objective evaluation, prohibition of acceptance of compensation from partners, compliance of the partners with the Bank's code of conduct as well as consultation and lobbying with partners.</p>
		7.4 The Public Company has a policy concerning the fulfillment of creditor's rights.	<p>Explain CIMB Niaga shall apply and respect creditor's rights through equal treatment of all creditors, exercising the rights and obligations in a timely manner, with no hidden corporate information.</p>
		7.5 The Public Company has a whistleblowing policy	<p>Comply CIMB Niaga already has a Whistleblowing Policy (No. E.08) which is disclosed in this Annual Report. under the same title.</p>
		7.6 The Public Company has a long-term incentive policy for the Board of Directors and employees.	<p>Comply In 2017, CIMB Niaga obtained the approval of the GMS to execute share buyback of a maximum of 2% of the Paid-in Capital to be used as a stock-based loyalty program which is a long-term incentive for management and employees in the form of Management and Employee Stock Option Program (MESOP). The effective implementation of MESOP will be in 2018.</p>

➤ Integrated Governance Implementation Report

The Financial Services Authority issued POJK No.18/POJK.03/2014, dated 18 November 2014 and SEOJK No. 15/SEOJK.03/2015, dated 25 May 2015 on the Implementation of Integrated Governance (TKT) for Financial Conglomerates. These provisions govern the establishment of the Financial Conglomerate, the appointment of the Main Entity in a financial conglomerate and the implementation of TKT in a comprehensive and effective manner.

Good corporate governance in the business activities of a financial conglomerate will enhance the performance of the financial conglomerate and its compliance with the prevailing laws and regulations, as well as with the applicable ethical values in the financial services industry. In addition, integrated governance for a financial conglomerate is expected to boost the sustainable stability of the financial system, ultimately enhancing competitiveness in the financial services industry.

WORK PROGRAM OF TKT IN 2018

1. Ensure the structure of TKT in the CIMB Indonesia Financial Conglomerate has complied with the principles and provisions of integrated governance, both at the level of the Board of Commissioners, the Board of Directors, Committees, Integrated Work Units as well as policies and procedures of each entity.
2. Disseminate information on the implementation of TKT and the results of self-assessment of the application of TKT to the stakeholders through the Annual Report.
3. CIMB Niaga as the Main Entity aligns or updates the policies and procedures related to the implementation of TKT with other entities in the Financial Conglomerate of CIMB Indonesia.
4. Disseminate the TKT principles in collaboration with the relevant work units.
5. Conduct self-assessment on the implementation of TKT in the Financial Conglomerate of CIMB Indonesia and report the findings to regulators and other respective parties.
6. Ensure that the management composition of each entity in the CIMB Indonesia Financial Conglomerate has complied with the prevailing regulations.
7. In relation to the strategic plan of the management, a review of the membership structure of the CIMB Indonesia Financial Conglomerate will be conducted.

WORK REALIZATION OF TKT IN 2017

1. Conducted self-assessment on TKT implementation in the CIMB Indonesia Financial Conglomerate.
2. Submitted the following reports to the regulators:
 - a. TKT Implementation Self-Assessment Report;
 - b. TKT Implementation Annual Report;
 - c. Integrated Risk Profile Report;
 - d. Integrated Capital Report.
3. Made adjustments with members of the Financial Conglomerate in terms of reporting, preparing, and updating of internal policies and procedures related to the implementation of TKT in each Financial Services Institution, which includes the functions of Internal Audit, Risk Management, and Compliance.
4. In accordance with the directives of the OJK, CIMB Niaga, as the Main Entity, has established the CIMB Integrated Reporting System (CIRS), which can be accessed by each financial services institution in the CIMB Indonesia Financial Conglomerate. The automation of the system is expected to support the effectiveness of reporting in an integrated manner.
5. Held TKT Committee meetings 2 (two) times in 2017 on 8 February 2017 and 31 July 2017. During the meetings, the TKT Committee received and approved the Integrated Risk Profile of CIMB Indonesia Financial Conglomerate, Integrated Capital Adequacy, Integrated Internal Audit, Integrated Compliance and Self-assessment on the Implementation of Integrated Governance, which was followed up by submission to the OJK by the Main Entity.
6. Drew up improvement plans/mitigation plans for several significant issues that had been reported through the Self-assessment Report on the Implementation of the Integrated Governance of the CIMB Indonesia Financial Conglomerate to the OJK, including :
 - a. Fulfillment of Independent Commissioner position in one of the entity members of the CIMB Indonesia Finance Conglomerate to serve

as a member of the TKT Committee, no later than September 2018.

- b. Fulfillment of the composition of share-ownership in one of the entity of the CIMB Indonesia Financial Conglomerate, in which foreign ownership is only allowed for 85% of the paid- up capital, with 15% being owned by domestic parties.

TKT IMPLEMENTATION ASSESSMENT REPORT

TKT Implementation Assessment Method

TKT implementation assessment is conducted every semester based on self-assessment method, with reference to the Circular Letter of OJK No.15/SEOJK.03/2015 on the Implementation of Integrated Governance for Financial Conglomerate. The assessment is conducted on 3 (three) governance aspects, namely structure, process and outcome of the following 7 (seven) factors of TKT implementation assessment:

1. Implementation of duties and responsibilities of the Board of Directors of the Main Entity,
2. Implementation of duties and responsibilities of the Board of Commissioners of the Main Entity,
3. Duties and responsibilities of the TKT Committee,
4. Duties and responsibilities of the Integrated Compliance Unit ICU.

5. Duties and responsibilities of the Integrated Internal Audit Unit,
6. Implementation of Integrated Risk Management,
7. Preparation and implementation of the TKT Charter.

Assessment of the implementation of TKT is conducted with due regard to the significance and materiality of factors in the TKT assessment and the impact of strengths and/or weaknesses in the Integrated Governance in the Financial Conglomerate. The TKT self-assessment process is performed by members of the TKT Committee and Integrated Risk Management Committee by evaluating the structure, process and outcome of TKT in each assessment factor.

In addition, in the process of self-assessment of TKT implementation, CIMB Niaga as the Main Entity takes into consideration the data and other information obtained from other work units, such as Risk Management, Internal Audit, Corporate Affairs, Human Resources, Anti Fraud Management, as well as other work units in the subsidiaries and affiliated companies, to be used as a validation factor in the assessment of TKT implementation.

TKT Implementation Assessment Results

The following are the results of TKT implementation assessment in Semester I and II of 2017:

Integrated Governance Implementation Self-Assessment Results	
Rating	Rating Definition
2 (GOOD)	<p>Integrated corporate governance by the financial conglomerate is rated good, in overall. This is reflected in the adequate adoption of the TKT principles.</p> <p>However, there are still weaknesses in TKT implementation; in general, the weaknesses are not significant and can be resolved through routine measures by the Main Entity and/or Financial Institution members of the CIMB Indonesia Financial Conglomerate.</p>

Based on the above assessment results, Integrated Governance by the CIMB Indonesia Financial Conglomerate is considered generally well. This is reflected in the adequate fulfillment of the three TKT aspects, namely structure, process, and outcome. The adequate fulfillment of structure, as well as the effectiveness of TKT processes resulted in a satisfactory outcome for TKT implementation at the CIMB Indonesia Financial Conglomerate, which is reflected in its performance, transparency of financial reporting, and implementation of functions of the Integrated Compliance Unit, the Integrated Internal Audit Unit, and Integrated Risk Management Unit. However, there are still weaknesses in the implementation of TKT, which in generally are not significant and can be resolved through measures by the Main Entity and/or Financial Institution members of the CIMB Indonesia Financial Conglomerate.

INTEGRATED GOVERNANCE IMPLEMENTATION REPORT

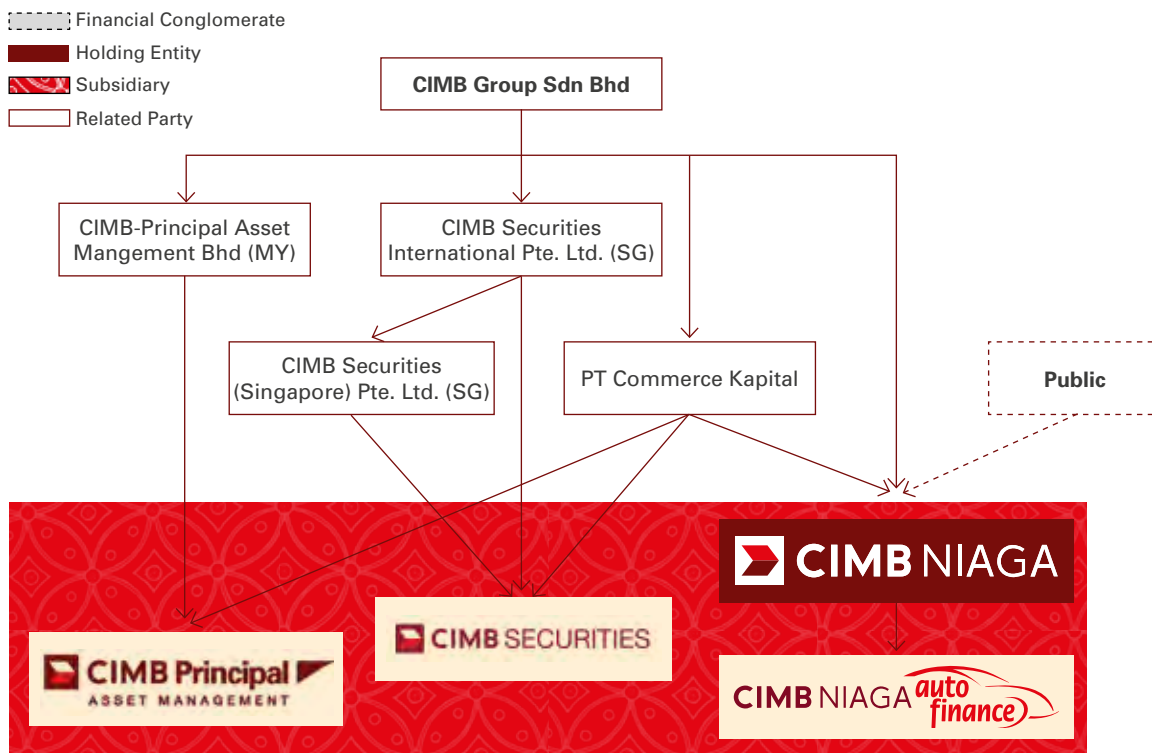

STRUCTURE OF FINANCIAL CONGLOMERATE

Follow up the recommendations from TKT Committee due to the implementation of TKT as well as for improvement of Governance Policy; c. Supervise the implementation of duties and responsibilities of the Board of Directors, provide the directions or recommendations to the Board of Directors on the implementation of Corporate Policy; d. Evaluate and approve the Governance Policy for improvement e. Establish the Governance Committee by considering the characteristic and scale of business; f. The Board of Commissioners discusses the recommendations from TKT Committee in the Board of Commissioners and Board of Directors meeting in order to provide direction and advice. 	<p>The Board of Directors must ensure the implementation of TKT by the members of CIMB Indonesia Financial Conglomerate, with the responsibilities as follows:</p> <ol style="list-style-type: none"> 1. Prepare the Governance Policy which aligned with the TKT Charter; 2. Prepare the necessary policies and procedures for the implementation of TKT which aligned with the procedures prepared by the Main Entity; 3. Provide sufficient resources; 4. Guide, monitor and evaluate the implementation of Governance Policy including reporting, and 5. Follow up the directions and advices from the Board of Commissioners in order to improve the Governance Policies, TKT and Governance implementation based on the recommendation from TKT Committee; 6. Report the assessment and implementation of Governance to the Main Entity in accordance with the procedure agreed.

INTEGRATED GOVERNANCE COMMITTEE (TKT COMMITTEE)

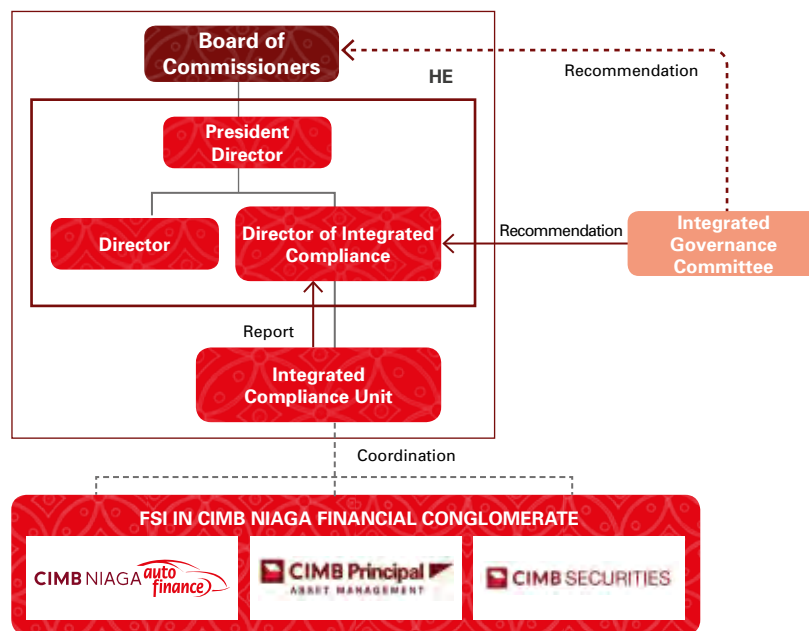

The establishment of the TKT Committee is not only to comply with the prevailing laws and regulations, but to represent CIMB Niaga's commitment to Good Corporate Governance in a professional and sustainable manner. The TKT Committee assists the effectiveness of implementation of duties of Board of Commissioners of the Main Entity in supervising the implementation of TKT in the CIMB Indonesia Financial Conglomerate. The duties and responsibilities of the TKT Committee are as follows:

1. Evaluate TKT implementation by assessing the adequacy of internal control and the implementation of integrated compliance.
2. Provide recommendations for the Board of Commissioners of the Main Entity for the improvement of TKT guidelines.

The provisions concerning procedures of TKT Committee have been further stipulated in the TKT Charter. Detailed discussion on the TKT Committee is available in the TKT Committee Report section in this Annual Report.

INTEGRATED COMPLIANCE UNIT

In accordance with the provision No. 18/POJK.03/2014 on Integrated Governance for Financial Conglomerations, CIMB Niaga's Compliance Unit (SKK) also serves as the SKKT that oversees the implementation of the compliance function at CIMB Indonesia Financial Conglomerate, through intensive coordination with each subsidiary or affiliates. SKK CIMB Niaga is an independent working unit or separate from the operational unit (risk taking unit) of the EU. The following is the organizational structure of SKKT in the CIMB Indonesia Financial Conglomerate:

Duties and Responsibilities of the Integrated Compliance Unit:

1. Monitor and evaluate the implementation of Integrated Compliance of each CIMB Indonesia Financial Conglomerate member;
2. Coordinate with the Compliance Units of each CIMB Indonesia Financial Conglomerate member in accordance with its functions;
3. Compile the results of Integrated Compliance implementation of each CIMB Indonesia Financial Conglomerate member;
4. Prepare and submit the Integrated Compliance duties and responsibilities implementation report to the Director of Compliance of the Main Entity;
5. Establish policies that serve as the guidelines for the implementation of integrated compliance functions and submit them to other Financial Institutions that are members of the Financial Conglomerate.

Realization of Integrated Compliance Unit Activities in 2017:

1. Each Compliance Unit in the CIMB Indonesia Financial Conglomerate prepared and submitted its compliance report to the Integrated Compliance Unit, regularly;
2. The Integrated Compliance Unit compiled and submitted:
 - a. Integrated compliance reports on a quarterly basis to the Director of Compliance of the Main Entity;
 - b. TKT implementation self-assessment reports of the CIMB Indonesia Financial Conglomerate to the TKT Committee and OJK per semester;
 - c. Annual report of TKT implementation to the OJK and publish it on the Bank's website.

INTEGRATED GOVERNANCE IMPLEMENTATION REPORT

3. Director of Compliance of the Main Entity semi-annually submits the Integrated Compliance Report to the Board of Directors and the Board of Commissioners of the Main Entity;
4. Update internal policies and prepare several procedures to be used as a reference in the implementation of integrated compliance.
5. In accordance with the directives of the OJK on the integrated reporting system, the Integrated Compliance Unit participates in the development of the CIRS (CIMB Integrated Reporting System), which is an integrated reporting system of the CIMB Indonesia Financial Conglomerate.
6. Align and disseminate the compliance framework of the Main Entity to the Financial Institution members of the CIMB Niaga Financial Conglomerate.
7. Regularly conduct coordination meetings with each Compliance Unit of Financial Institution members of the CIMB Indonesia Financial Conglomerate to evaluate the implementation of compliance function in an integrated manner.
8. Monitor the follow-up to the audit findings from the regulator at each Financial Institution member of the CIMB Indonesia Financial Conglomerate.

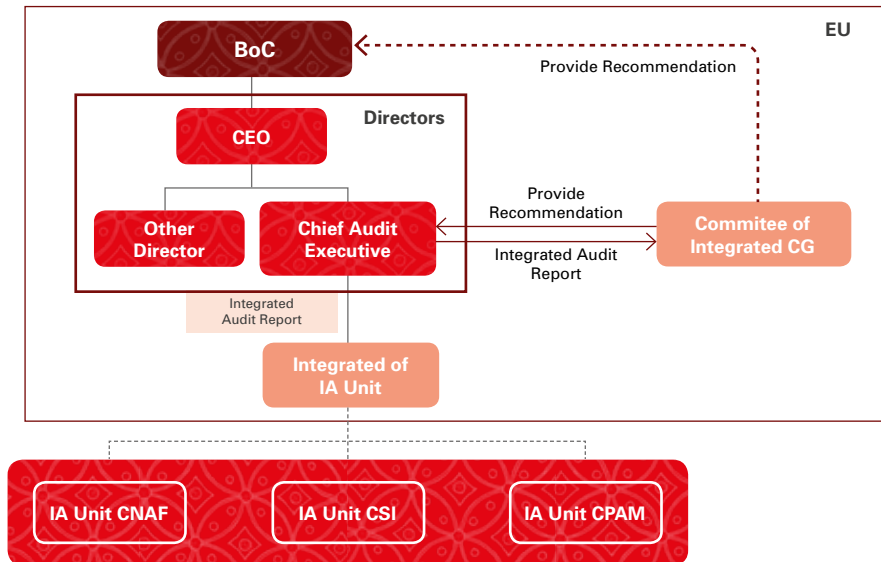

INTEGRATED INTERNAL AUDIT UNIT (IIAU)

Bank CIMB Niaga has established the IIAU, in which for Integrated Good Governance, the IIAU of the CIMB Indonesia Financial Conglomerate has prepared Integrated Internal Audit Policy and TKT Manual, as the references for the Internal Audit of the Main Entity and the Internal Audit of Financial Institution members of the CIMB Indonesia Financial Conglomerate, in implementing integrated monitoring and oversight to improve the quality of Integrated Internal Audit.

Duties and responsibilities of the IIAU include:

1. Monitor and evaluate the implementation of the integrated audits of each CIMB Indonesia Financial Conglomerate member;
2. Coordinate with all internal audit units of CIMB Indonesia Financial Conglomerate members in accordance with their functions;
3. Compile the results of the Integrated Audit implementation of each CIMB Indonesia Financial Conglomerate member;
4. Develop and submit the Integrated Audit duties and responsibilities implementation report to the Director appointed to conduct the monitoring on the Financial Institutions in the Financial Conglomerate, Director of Compliance of the Main Entity, and the Board of Commissioners of the Main Entity.

Organization Structure of Integrated Internal Audit Unit

In conducting its duties, the Integrated Internal Audit unit of the CIMB Indonesia Financial Conglomerate can conduct audit on Financial Institutions which are members of CIMB Indonesia Financial Conglomerate, both through joint audits or based on the report from the internal audit of respective Financial Institution.

During 2017, the Integrated Internal Audit unit conducted monitoring and reporting of the implementation of Integrated Internal Audit to the Head of the Internal Audit of the Main Entity on a monthly basis, and to the Director appointed to conduct oversight of the Financial Institutions in the Financial Conglomerate, the Director of Compliance of the Main Entity, and the Board of Commissioners of the Main Entity bi-annually. Throughout 2017, the Integrated Internal Audit Unit has made various efforts to ensure implementation of Integrated Internal Audit was in accordance with the POJK, through the following initiatives:

1. Aligned the Audit Charter with the Internal Audit unit of CIMB Niaga Auto Finance (CNAF).
2. Aligned the audit plan, human resources plan, and the audit standards of the Internal Audit units of the subsidiary.
3. Conducted joint audits with the Internal Audit unit of CNAF.
4. Encouraged and assisted in the implementation of the audit management system (TeamMate) at the Internal Audit unit of CNAF in terms of automatic report issuance.

5. Conducted meetings with all Head of Internal Audit unit of the Financial Institutions of the CIMB Indonesia Financial Conglomerate on a quarterly basis
6. Monitored the audit results of Internal Audit units of the Financial Institutions of CIMB Indonesia Financial Conglomerate on a monthly and bi-annual basis

INTEGRATED RISK MANAGEMENT

Integrated Risk Management Committee (IRMC)

In accordance with POJK No. 17/POJK.03/2014 on the Implementation of Integrated Risk Management for Financial Conglomerate, the Main Entity is required to establish Integrated Risk Management Committee and Integrated Risk Management unit for effective and comprehensive integrated risk management. Integrated risk management is conducted by considering the business characteristics and complexity of each member of the Financial Conglomerate. The monitoring and evaluation process of the Financial Conglomerate's risk exposure is conducted through the Integrated Risk Management Committee and reported to the Risk Management Committee of the Main Entity.

The Integrated Risk Management Committee consists of the Director of Risk Management and several related senior managements from the Main Entity, as well as the Director in charge of the risk management functions of each Financial Institution member of the Financial Conglomerate.

INTEGRATED GOVERNANCE IMPLEMENTATION REPORT

Composition of IRMC in 2017 is as follows:

Name	Position	Position in the Committee
Vera Handajani	Director of Risk Management, CIMB Niaga	Chairwoman
Julius W. Tjihoe	Head of Operational Risk Management, CIMB Niaga	Deputy Chairman I
Yulius Setiawan	Head of Risk Analytics & Infrastructure, CIMB Niaga	Deputy Chairman II
Indra Martono	Director of CIMB Niaga Auto Finance	Member
Lim Kim Siah	Director of CIMB Sekuritas Indonesia	Member
Rudi H. Sagala	Director of CIMB Principal Asset Management	Member
Diva Mahdi	Market Risk Management Head, CIMB Niaga	Member
Sandi Maruto	ALM Risk Head, CIMB Niaga	Member
Koei Hwei Lien	Retail Credit Risk Management Head, CIMB Niaga	Member
Nanang N. Sumirat	Integrated Risk Management & Basel PMO Head, CIMB Niaga	Secretary

Duties and responsibilities of the IRMC are :

1. Provide recommendations to the Board of Directors of the Main Entity for the development of the Integrated Risk Management policy and enhancement of the Integrated Risk Management policy based on evaluation results.
2. Review and coordinate the evaluation results on integrated risk management, including integrated risk profile and other reports generated from the integrated risk management information system.

Arrangements for IRMC work guidance is further stipulated in the IRMC framework or Terms of Reference.

In conducting its functions, the IRMC is supported by the Integrated Risk Management Working Unit to coordinate with risk management units in each Financial Institution member of the Financial Conglomerate.

Realization of Integrated Risk Management Activities in 2017 were:

1. The Integrated Risk Management Working Unit coordinated the submission of Integrated Risk profile reports from each Financial Institution to the regulators on semi-annually. The reports were first submitted to the IRMC to obtain recommendations, prior to approval of the Risk Management Committee (RMC) of the Main Entity.
2. The Integrated Risk Management Working Unit with the Strategy & Finance unit submitted the Minimum Capital Adequacy report to the regulator,

on semi-annually. The report was first delivered to the Integrated Risk Management Committee to obtain recommendations prior to approval from the RMC of the Main Entity.

3. The Bank, as the Main Entity developed a technology-based information system to support the integrated risk and capital risk assessment process, which is connected to all Financial Institutions in the CIMB Indonesia Financial Conglomerate.
4. Coordination of integrated risk management implementation by the Main Entity to the Financial Institutions was conducted through periodic meetings with the Financial Institution's Risk Management units.
5. Each Financial Institution submitted a report on significant events that could affect the overall risk profile of the Financial Conglomerate. The reports were submitted to the IRMC through its secretary, as stipulated in the Integrated Risk Management Procedures.

INTEGRATED RISK MANAGEMENT WORKING UNIT

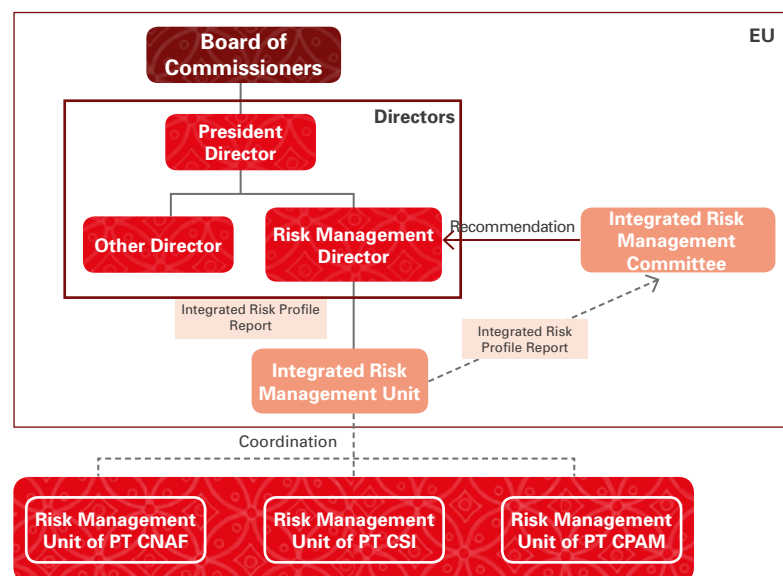

In performing its duties, the IRMC is supported by the Integrated Risk Management Unit which coordinates with the risk management units of each Financial Institution of the CIMB Indonesia Financial Conglomerate.

The authorities and responsibilities of the IRMC Unit include:

1. Provide input to the IRMC and Risk Management Committee of the Main Entity on the development and implementation of policies and procedures of Integrated Risk Management.

2. Provide information to the IRMC on matters that need to be followed up on, including exceptions or significant events in each Financial Institution that may have an impact on the overall Financial Conglomerate.
3. Perform risk monitoring on the Financial Conglomerate based on assessment of the risk profile results of each Financial Institution and the integrated risk profile.
4. Develop and review the accuracy of risk profile assessment methodology.
5. Develop and submit the integrated risk profile report periodically to the Director of Risk Management of the Main Entity, the IRMC and RMC of the Main Entity, before being submitted to the regulators.

Organization Structure of Integrated Risk Management Working Unit

The Integrated Risk Management Working Unit monitors integrated risk management. The results of the monitoring process on risk exposure is reported and evaluated by the IRMC and submitted to the RMC of the Main Entity. In line with the efforts of the Integrated Risk Management Unit to comply with the regulations on integrated risk management, the following action was taken in 2017:

1. Conducted a review on risk management policies and procedures which serve as the guidelines and reference for integrated risk management.

2. Conducted a review on the methodology used in the self-assessment process of risk profile of each entity.
3. Prepared and submitted integrated risk profile reports periodically to the IRMC and RMC of the Main Entity, to be further submitted to regulators.
4. Conveyed reports on significant events that occurred in each Financial Institution to the IRMC and RMC of the Main Entity.

INTEGRATED GOVERNANCE IMPLEMENTATION REPORT

Explanation regarding integrated risk management can be viewed in the Supporting Business Review Report - Risk Management section of this Annual Report.

INTRA-GROUP TRANSACTION POLICY

Intra-group transaction risk is one of the risks that must be managed in order to implement Integrated Risk Management. Intra-group transaction risk arises from the dependence of an entity either directly or indirectly on another entity in the Financial Conglomerate for the purpose of meeting written or unwritten agreements, which is followed by, or not followed by, a transfer of funds.

Intra-group transaction risk may arise from:

1. Cross-ownership among the Financial Institutions within the Financial Conglomerate.
2. Short-term liquidity management centralization.
3. Collateral, loans, and commitments given or obtained by a Financial Institution from another Financial Institution within the Financial Conglomerate.
4. Exposure to the ultimate shareholders, including the exposure of loans and off-balance sheet items, such as guarantees and commitments.
5. Purchase or sale of assets to other Financial Institutions within the Financial Conglomerate.
6. Transfer of risk through reinsurance.
7. Transactions to transfer third party risk exposure among the Financial Institutions within the financial conglomerate.

Intra-group transaction risks are identified, managed, and reported on a regular basis in conjunction with the reporting of integrated risk profile. Up to the end of 2017, the intra-group transactions risk profile rating was considered low, where the significance of intragroup transactions to the Financial Conglomerate's total assets was still insignificant. Dependence among the Financial Institutions was

also considered very low or limited, as seen from the absence of centralised liquidity management, unbound intra-group support, operational transactions in which a company acts on behalf of another company in the Financial Conglomerate were very low, as well as intragroup purchases or sales being not material. In terms of the documentation and fairness of transactions, intragroup transaction agreements were adequate and all transactions were conducted on an arm's length basis. In addition, exposure to the ultimate shareholder on total capital and exposure arising from the placement of client assets to another company within the Financial Conglomerate was also insignificant.

In the intra-group transaction risk management process, the Main Entity has conducted identification, measurement, monitoring, and risk control on the composition and fairness of transactions between the Financial Institutions in the Financial Conglomerate. Periodically, the Strategy & Finance Unit and the Risk Management Unit monitor the intra-group transaction composition risk to ensure compliance with limits, such as Legal Lending Limit (LLL) and the principle of fairness of the transactions.

In the framework of active supervision, the Board of Commissioners and the Board of Directors receive periodic reports regarding intragroup transactions. Adequate policies and procedures for managing intragroup transactions have been established in each Financial Institution. In the Main Entity, these policies include the Risk Management Policy (Integrated), Legal Lending Limit (LLL) policies, and the Subsidiary Equity Participation Policy. The clarity of authorities and responsibilities has also been well regulated under the authority of the Director of Strategy and Finance.

Independent review is conducted by the Internal Audit Unit in accordance with the scale and complexity of the intragroup transactions.

Corporate Governance Report of Sharia Business Unit

IMPLEMENTATION OF SHARIA CORPORATE GOVERNANCE POLICY

The community's need for sharia financial products and services continues to grow annually. In response, CIMB Niaga has expanded the Sharia Business Unit (SBU) with improvement and additional service and operational quality. Simultaneous with this expansion is improving the Sharia Corporate Governance, which refers to Good Corporate Governance (GCG) and Sharia Compliance.

CIMB Niaga's Sharia Corporate Governance refers to Bank Indonesia Regulation (PBI) No.11/33/PBI/2009 dated 7 December 2009, and Bank Indonesia Circular Letter (SEBI) No.12/13/DPbS dated 30 April 2010 on the Implementation of Good Corporate Governance for Sharia Commercial Banks and Sharia Business Units, as well as OJK Circular Letter (SEOJK) No. 43/SEOJK.03/2016 dated 28 September 2016 concerning Transparency and Publication of Conventional Bank's Financial Report.

Sharia Corporate Governance in CIMB Niaga is based on 5 (five) basic principles, namely:

- **Transparency:** openness in presenting material and relevant information, as well as openness in the decision-making process.
- **Accountability:** the clarity and accuracy of the presentation of information on the Bank's management that runs effectively in accordance with objectives.
- **Accountability:** bank management that is in line with the prevailing laws and regulations, as well as healthy SBU management principles.
- **Professionalism:** having competence, being able to act objectively and free from influence/pressure from any party and have high commitment in developing the sharia business.
- **Fairness:** fairness and equality in fulfilling the rights and interests of stakeholders based on the prevailing regulatory agreement.

SELF ASSESSMENT OF SHARIA GCG

A self-assessment of GCG is undertaken by the Bank to measure the effectiveness of GCG by CIMB Niaga Sharia during 1 (one) year as established by regulator. The self-assessment is regularly conducted by sending questionnaires to the members of the Sharia Supervisory Board, the Board of Directors and Executive Officers. The assessment covers the following:

Aspects of Assessment	Weight (W) %	Rating (R)	Value (W x R)
Implementation of Duties and Responsibilities of SBU Director	35%	1.28	0.45
Implementation of Duties and Responsibilities of the Sharia Supervisory Board	20%	1.23	0.25
Implementation of Sharia Principles in Funding, Financing and Services	10%	2.40	0.24
Fund disbursement to Core Financing Customers and Deposits from Core Depositors	10%	1.85	0.18
Transparency of financial and non-financial conditions, GCG implementation report, and internal reporting	25%	1.59	0.40
Composite scores	100%		1.52

Composite Scores	Composite Ranks
Composite score < 1.5	Very Good
1.5 ≤ Composite score < 2.5	Good
2.5 ≤ Composite score < 3.5	Fair
3.5 ≤ Composite score < 4.5	Poor
4.5 ≤ Composite score < 5	Very Poor

CORPORATE GOVERNANCE REPORT OF SHARIA BUSINESS UNIT

SHARIA SUPERVISORY BOARD (SSB)

The Sharia Supervisory Board (SSB) is a key element in Sharia Corporate Governance in the Bank. The SSB has the authority to supervise, control, provide sharia opinions, approve and scrutinise all the SBU activities to ensure compliance with sharia principles. SSB members are appointed by the General Meeting of Shareholders on the recommendation of the National Sharia Council of the Indonesian Ulema Council (DSN-MUI) and the fit and proper test approval from OJK.

SSB Criteria

Based on the SSB Charter of the Bank, members of SSB must meet the following requirements:

1. Integrity, at least including:
 - a. Have good ethics and morals
 - b. Have a commitment to comply with and implement with full professionalism of SSB Charter, as well as the provisions of applicable legislation
 - c. Be committed to the development of healthy and strong sharia banking
 - d. Is not included on the Disqualified List as set forth in the provisions on the fit and proper test stipulated by OJK
2. Competence, at least having the knowledge and experience in the field of sharia mu'amalah and knowledge in banking and/or finance in general

3. Reputation, at least within the last 5 (five) years before being nominated:
 - a. Not included on the Black List and OJK bad credit list
 - b. Not being declared bankruptcy
 - c. Not a shareholder, commissioner, or director of a company and/or a member of the board of a business entity found guilty of causing a company and/or a business entity to be declared bankrupt.

Structure, Composition and Terms of SSB

The number of SSB members shall be at least 2 (two) people and maximum of 3 (three) people. The SSB of the Bank has the ability to perform the mandated responsibilities and have sufficient understanding, as well as competence in order to be able to carry out its duties and responsibilities properly and encourage the improvement of CIMB Niaga Sharia's performance.

Members of SSB shall be appointed by the GMS for a period commencing from the close of the GMS or the date specified by the GMS and ending at the close of the 4th (fourth) AGMS after their appointment, without prejudice to the right of the GMS to dismiss SSB members before their term of office by mentioning the reason. Such termination shall be effective from the close of the GMS unless specified otherwise by the GMS.

The composition of members and terms of SSB CIMB Niaga are as follows:

No	Name	Position	Term of Office			
			GMS Appointment	BI/OJK Approval	Reappointment	Term Period
1	M. Quraish Shihab	Chairman concurrently Member	AGMs on 23 April 2008	No. 11/260/DPbS dated 11/2/2009	AGMS 15 April 2016	AGMS 2019
2	Fathurrahman Djamil	Member	EGMS on 19 December 2008	No. 11/260/DPbS dated 11/2/2009	AGMS 15 April 2016	AGMS 2019
3	Yulizar Djamiludin Sanrego	Member	AGMS on 28 March 2013	No. 15/825/DPbS dated 10/6/2013	AGMS 15 April 2016	AGMS 2019

Duties and Responsibilities of the SSB

Duties and responsibility of the SSB are to provide advice and suggestions to the Director in charge of SBU as well as to ensure activities comply with Sharia Principles.

The scope of SSB supervision provided to the SBU includes to:

1. Assess and ensure compliance with sharia principles on operational guidelines and products issued by the Bank;
2. Oversee the Bank's new product development process in order to conform with DSN-MUI fatwa;
3. Request a fatwa from the DSN-MUI for new Bank products not yet approved;
4. Perform periodic review of the fulfillment of sharia principles related to the mechanisms of funding and lending as well as Bank services, to be reported to the relevant authority;
5. Evaluate the accountability of the Board of Directors for implementation of risk management policies related to the fulfillment of Sharia Principles; and
6. Requests for data and information related with sharia from the Bank's working units in charge with the operational duties related to sharia activities.

SSB Charter

SSB has a Charter that is constantly updated with improvements and adjustments that refer to the rules and regulations applicable in Indonesia. This Charter is a binding guideline and work order for every SSB member so that SSB can perform its monitoring functions efficiently, effectively, transparently, independently and accountably. The SSB Charter regulates the following matters:

1. SSB Duties and Responsibilities
2. Membership of SSB
3. Mechanism and Work Plan
4. Attendance, Working Time and Leave
5. Code of Conduct
6. Remuneration and Facilities
7. Meeting and Minutes of Meeting
8. Assessment and Accountability of SSB Performance
9. SSB Duties and Responsibilities Task Support Working Unit, and
10. Reports

SSB Work Program in 2017

In 2017, SSB CIMB Niaga developed various work programs and activities related to Sharia GCG at the Bank, including:

1. SSB Meeting at least once a month for discussion on compliance issues of sharia principles on product submission, operational guidance, financing model, financing proposal, and so forth.
2. Active in following activities and establish communication with external parties (OJK and DSN-MUI) for updating information and provisions related to the development of contracts, products and others.
3. Perform sharia compliance reviews on the Sharia Branch Offices (SBO) including Office Channeling (OC) and other Business Units periodically, and prepare six-monthly SSB Audit Reports to the Board of Directors, the Board of Commissioners and Financial Services Authority.
4. Hold workshops with related working unit at 2 (two) times in 1 (one) year.
5. Complete the 2017 GCG Sharia Self-Assessment Questioners.

REALIZATION OF SSB WORK PROGRAM IN 2017

From the planned work program, throughout 2017 SSB realized the following work program:

1. SSB conducted 24 (twenty four) meetings consisting of
 - a. 11 (eleven) regular meetings and 7 (seven) non-regular meetings to discuss new products, operational guidelines, financing models, financing proposals, and more,
 - b. 4 (four) meetings in the Discussion of Sharia compliance review results with related units, and
 - c. 2 (two) workshops with SBU employees.
2. Attended Pre-Ijtima 'Sanawi and Ijtima' Sanawi Workshop (Annual Meeting) of SSB year 2017 organized by DSN MUI and OJK.
3. Attended SSB Workshop on Sharia Financial Institutions in Sharia Banking and Sharia Financing in 2017.
4. Reviewed Sharia compliance through the sampling test of financing, funding and service transactions at 4 (four) SBO's and 4 (four) OCs through onsite review and iB Commercial Financing Products with MMQ agreement and Section in charge of Marketing of Sharia Communication.

CORPORATE GOVERNANCE REPORT OF SHARIA BUSINESS UNIT

5. Conducted Internal Workshop of CIMB Niaga Sharia at 2 (two) times in 1 (one) year with the theme:
 - a. SOP Management of Sharia Non-compliance
 - b. Improved Work Ethic with the spirit of Hayya 'Ala al-Falaah.
6. Delivered the SSB Audit Report for period:
 - a. Semester I in August 2017,
 - b. Semester II in February 2018.
7. Contributed to Sharia GCG through GCG Self-Assessment 2017 in accordance with provisions of authorities.
8. Discussed and formulated the membership of the ICG Committee together with all SSB of affiliated companies in the CIMB Indonesia Financial Conglomerate.
9. To actively contribute in the Membership of the ICG Committee in accordance with the applicable provisions from authorities.

Concurrent Positions of SSB Members

Based on Bank of Indonesia Regulation No.11/10/PBI/2009 regarding Sharia Business Unit of Article 11, paragraph (3), an SSB member can hold concurrent positions as member of SSB at a maximum of 4 (four) other sharia financial institutions. Concurrent positions of the SSB members of CIMB Niaga Sharia fulfilled the requirements from OJK.

Concurrent positions of the members of SSB outside CIMB Niaga Sharia are disclosed in the table below:

Name	Position in Other Companies	Company
M. Quraish Shihab (Chairman concurrently Member)	None	None
Fathurrahman Djamil (Member)	SSB Chairman SSB Member	Bank BCA Syariah • AIA Syariah Branch, • CIMB Niaga Autofinance, • Adira Finance Syariah
Yulizar Djamiludin Sanrego (Member)	SSB Chairman SSB Member	None • LPEI EKSIM • BPRS BTB • PBMT Ventura

Frequency and Attendance of SSB Meetings

1. SSB conducted 24 (twenty four) meetings consisting of
 - a. 11 (eleven) regular meetings and 7 (seven) non-regular meetings to discuss new products, operational guidelines, financing models, financing proposals, and more,
 - b. 4 (four) meetings in the Discussion of Sharia compliance review results with related units, and
 - c. 2 (two) workshops with SBU employees

Attendance Report of Regular SSB Meeting

Sharia Banking Director

SBU of CIMB Niaga is led by the Sharia Banking Director who takes full responsibility for the implementation of sharia business management based on the prudential principle and sharia principles. Sharia Banking Director is held by Pandji Pratama Djajanegara. The appointment of the Sharia Banking Director was approved by the OJK through Letter No.SR-27/PB.13/2016, dated 4 October 2016.

Criteria of Sharia Banking Director

The criteria of Sharia Banking Director are based on among others, PBI No. 11/10/PBI/2009 concerning Sharia Business Unit, and PBI No. 14/6/PBI/2012 concerning the Fit and Proper Test of Sharia Banks and Sharia Business Units, as well as Bank Indonesia Circular Letter No. 14/25/DPbS regarding Fit and Proper Test for Sharia Bank and Sharia Business Unit.

The criteria that must be met by candidates of Sharia Banking Director, among others, are as follows:

1. Have the integrity, competence and good financial reputation as required by applicable regulations
2. Be committed to the development of sound sharia banking operations;
3. Have knowledge and understanding in the field of sharia banking operations;
4. Have knowledge and expertise in banking operations, sharia banking, finance or sharia finance
5. Have the ability to conduct strategic management in the framework of developing a healthy and strong Sharia Business Unit.

The Term of Sharia Banking Director

The term of office for Sharia Banking Director is the same as the term of other Directors of CIMB Niaga Bank, which is appointed by the GMS for the commencing period from the close of the GMS or other date stipulated by the GMS and ending at the close of the 4th (fourth) AGMS after the appointment, without prejudice to the right of the GMS to dismiss the Sharia Banking Director before his/her term expires by stating the reason. Such termination shall be effective from the close of the GMS unless specified otherwise by the GMS.

Profile of Sharia Banking Director

The full profile of the Director of Sharia Banking is listed on the Board of Directors Profiles in this Annual Report.

Duties and Responsibilities of Sharia Banking Director

- Managing and supervising based on the prudential and sharia principles.
- Following-up on SSB recommendations.
- Implementing the Financial Services Authority regulations related to SBU.

▶ **Empowering the Disabled**

In 2017, CIMB Niaga held empowerment and development programs aimed for the disabled. The programs consist of employment opportunities, education assistance, IT training, and financial literacy workshops.

▶ **Donations**

In 2017, CIMB Niaga donated Rp927,916,099 for social and religious activities, education, economy, health, and building places of worship.

▶ **Customer Satisfaction Survey**

A survey conducted by ISMS Trisakti, placed CIMB Niaga in the Top 3 in 2017 compared with its top 5 position in 2016. WOW Service Excellence Award 2017 survey, conducted in 18 cities by MarkPlus Inc, ranked CIMB Niaga in the National Top 2 and First in Jabodetabek, Semarang, and Solo.

► Corporate Social Responsibility

Corporate Social Responsibility, or CSR, is realized as part of CIMB Niaga's commitment and efforts to run its business operation responsibly, by taking the community and the environment into account. This means minimizing the negative impact due to business operational activities and providing value added of benefits to the Indonesian people in general, while also preserving the environment. Such commitment and efforts began from the awareness that in order to realize long-term success, Bank needs to pay attention to its stakeholders.

In addition, CIMB Niaga is also aware of its role as a development agent who assists the Indonesian Government. Realizing the CSR, CIMB Niaga has concretely contributed to Sustainable Development. For more than six decades CIMB Niaga has helped improve the social, economic and life quality through the CSR.

In realizing CSR effectively and efficiently, CIMB Niaga has taken the following measures:

- Integrating CSR commitment into CIMB Niaga's strategy so that CIMB Niaga is able to do its operations efficiently and responsibly. This is aimed to support Bank's optimum business growth.
- Forming a special unit in charge of CSR so that the planning, implementation, management, communication, monitoring, and evaluation run smoothly.
- Manifesting the CSR Program as the "CIMB Niaga Peduli", which is run with the spirit to grow and develop out of and for the community, and as an effort to work with the Government in building social and economic independence and increasing the people's prosperity.

REGULATIONS AND POLICIES

The implementation of the Bank's CSR programs and activities is based on the rules and regulations which include among others:

- Law No. 40 of 2007 on Limited Liability Companies,
- Presidential Instruction No. 6 of 2007 concerning Real Sector Development Acceleration Policy and Empowerment of SMEs through CSR activities in Literacy and Financial Education for Public,
- Bank Indonesia Regulation concerning banking education,
- Financial Services Authority Regulation No. 1/POJK.07/2013 on Consumer Protection of Financial Service Sector.
- Financial Services Authority Circular Letter No. 1/SEOJK.07/2014 on the Obligation of Financial Service Business Actor to Implement Financial Education
- Financial Services Authority Regulation No. 76/POJK.07/2016 on Financial Literacy and Inclusion Improvement in Financial Service Sector for Consumer and/or People
- Inclusive Financial National Strategy (SNKI) officiated by the Indonesian president on November 18, 2016
- Operational Policy and Guidelines (KDPO) of CIMB Niaga and
- The Company's Code of Conduct.

CIMB Niaga also refers to ISO 26000: Guidance Standard on Social Responsibility, which comprises seven main issues, namely: 1) Organizational Governance, 2) Human Rights, 3) Manpower, 4) Environment, 5) Just Institutional Activity Practices, 6) Consumer Issues, and 7) Community Engagement and Development.

CORPORATE SOCIAL RESPONSIBILITY

IMPLEMENTATION OF POLICIES AND STRATEGIES

In implementing CSR policy and strategy, CIMB Niaga synergies the internal environment between various business units and also the external environment, namely various stakeholders. The CSR policy and strategy are integrated into Bank's strategy so as to create harmony in the process to realize Bank's objectives.

There are four pillars in CSR implementation, i.e.: education, community development and empowerment, environment and philanthropy. The four pillars are executed through social responsibility activities in the following areas:

- corporate social responsibility in the environment
- corporate responsibility labour, health and safety
- corporate responsibility in social and community development
- responsibility to customers

In 2017, actual expenditures for CIMB Niaga CSR Program as of 31 December 2017 amounted to Rp30,901,400,564,-.

► Corporate Social Responsibility in the Environment

MANAGEMENT POLICY

In accordance with the Sustainability principle, or in a broader context, the commitment in the environment focused on the efforts to preserve the environment for the next generations. Meanwhile, in the context of Company's internal scope, CIMB Niaga focuses on realizing a healthy work environment through environmentally friendly policy and initiatives. This commitment is declared in the Green Office Policy that is included in the Smart Spending Policy. Such policy is in line with CIMB Niaga's plan to become a part of Green Banking Industry in the future.

CIMB Niaga is also aware of its role as a bank that provides loans/capital to customers and as a development agency who also participates in sustainable development, including environment conservation. This is why CIMB Niaga also focuses on environmentally friendly credit channelling. This goes with the Green Banking program declared by Bank Indonesia. Thus, Bank considers the environment aspect in channelling loans to customers, where one of the requirements for loan approval is the customers possessing the Environmental impact assessment (AMDAL). In addition, Bank conducts a checking process into the waste resulted from debtor's business; this is a program developed by the Environment Ministry and is called PROPER (company performance rating in environmental management program). There are five levels of PROPER: Gold, Green, Blue, Red and Black. Gold PROPER is the best, where environmental management is above the required standards; while PROPER Red indicates that environmental management partially meets the required standards; PROPER Black is the lowest level, reflecting environment management that has not met the standards. CIMB Niaga's checking assures that the PROPER performance of potential customer not in either Red or Black level.

ACTIVITY PLAN AND TARGET

In 2017, CIMB Niaga set the target of CSR application in the environment sector as follows:

1. Applying checking process into the waste from debtor's business, or PROPER developed by the Ministry of Environment and Forestry.
2. Socializing the 'green office' concept and the importance of environmental friendly lifestyle
3. Conserving bamboo and building community based productive bamboo business.
4. Perform energy saving.

ACTIVITIES CONDUCTED

In 2017, CIMB Niaga implemented CSR programs and activities in the environment through programs that are designed based on the policy and plans, as follows:

Taking The Environment into Account in Disbursing Credit to Customers

In the procedures of providing and assessing credit to customer, CIMB Niaga considers environmental conservation. One of the examples is the customer being required to have the Environmental Analysis (AMDAL) document for approval of the credit provision by CIMB Niaga.

Management of The Use of Eco Friendly Materials and Waste Paper Recycling

In conducting its day-to-day operational activities, CIMB Niaga is committed in minimizing the use of paper and performing paper waste recycling with the help of third parties. The aim of the aforementioned activities is to reduce the increase of greenhouse gas emissions which is the main cause of global warming. By reducing paper usage and recycling paper waste, more trees are protected, so that the absorption of greenhouse gas emissions is increasing.

CORPORATE SOCIAL RESPONSIBILITY IN THE ENVIRONMENT

Following are the efforts made regarding paper minimization and waste paper recycling:

1. Optimization of Multi-Function Printer (MFP) tools for scanning and faxing so as not to print large number of documents (copy) and optimizing e-mail and internal company website to reduce the printing of brochure, news company magazine and other employees internal communication form.
2. Utilization of waste paper optimally.
3. Printing using the quality draft mode to save on printer toner usage.
4. Standardization of paper sizes used for daily operational activities in CIMB Niaga (photocopies, memos, and document printing) with HVS A4 70 gram paper; back and forth use of paper in printing or copying documents to reduce paper waste and facilitate the transport of waste by third parties that recycle the paper.
5. The use of e-statements and e-billing (paperless) in every reports provided to customers (Account Statement, Education Savings Report, Credit Card and others) to reduce paper usage and reduce emission levels due to the transport process.

Energy Saving

Referring to the Green Office policy that is contained in Smart Spending Policy, CIMB Niaga expects active contribution of the employees in supporting the efforts of electricity savings in ways as follows:

- Switching off electric equipment that is not used outside work hours
- Activating energy-saving features of every electric equipment/computer used
- Using fuel-efficient vehicles
- Organizing teleconference or video conference for meetings of which the participants are located in distance, to save travel cost and fuels
- Using energy-saving electrical installations (lamp type, zoning, lamp positioning installation and others)
- Limiting the use of electricity where the maximum use of electricity for the purposes of overtime activities is permitted only up to 2 (two) hours after office hours; classify air conditioning as an expense during overtime

Socialization of Green Office

CIMB Niaga cooperates with PT Graha Niaga Tata Utama (GNTU) and the Environment Service of Kebayoran, Jakarta in socializing Green Office-Waste Management at Graha CIMB Niaga building. In the activity, the issues discussed are the utilization of open green space at CIMB Niaga building roof and garbage sorting into three categories, i.e. food waste, paper waste and plastic waste. It is expected that after joining the socialization program, the employees would actively participate in supporting the environmentally friendly office management so as to create healthy and comfortable work environment.

Green Lifestyle Seminar

CIMB Niaga held a seminar on the importance of Green Lifestyle culture by inviting representatives of the World Wild Life Fund for Nature (WWF) Indonesia and Greenaration Foundation as speakers. The aim of this seminar is to introduce eco-friendly lifestyle to CIMB Niaga employees. In line with sustainability concept, meeting the needs nowadays should not sacrifice that of the future generation. This is why the employees are expected to have awareness of the importance of preserving the environment. This can be realized through using environmentally friendly materials for daily needs, minimizing the use of paper, reducing plastic waste, and saving electricity and water.

Saving and Planting

CIMB Niaga seeks to instill the values of caring for the environment by planting the trees in a series of activities for AMDB programs in 2017 targeted to the students of Elementary School. The program is based on the philosophy "That saving money is similar to planting and caring for trees that initially begin from the seeds, which will later grow to become a shady tree". Throughout 2017, tree planting was followed by 1,915 students in 14 primary schools in 10 cities in Indonesia.

CORPORATE SOCIAL RESPONSIBILITY IN THE ENVIRONMENT

'Bambu Lestari CIMB Niaga-KEHATI' Program and The Handover of Bamboo Processing Equipment in Desa Wogo, Ngada, East Nusa Tenggara

In cooperation with Indonesian Biodiversity Foundation (KEHATI), the Environment and Forestry Ministry and Yayasan Bambu Lestari, CIMB Niaga held a 10,000 betung bamboo seed planting program and donated bamboo processing machine to Desa Wogo in Kabupaten Ngada, East Nusa Tenggara. CIMB Niaga also provided education on familial financial planning to Wogo villagers, especially the housewives.

In the context of the environment, activity is aimed at preserving bamboo trees and expanding conservation areas that would maintain the ecosystem balance, prevent landslides and provide water supply. While in the context of economic and social affairs, it is expected that this activity will increase the people's income from the business of bamboo-based products and build the community's capacity in managing such bamboo trees. By conserving and utilizing bamboo, with the support of procurement of bamboo processing machine, the community would expectedly be able to process such bamboo into various products, such as household products. Consequently, the nature can be preserved and the community's business will be sustainable.

Quantitative Impact of Activities

No	Activity	Quantitative Impact
1	Green Office Socialization	44 employees participated in the Green Office 2017 Socialization activity
2	Green Lifestyle Seminar	40 employees participated in the Green Lifestyle 2017 Socialization activity
3	The Bambu Lestari CIMB Niaga-KEHATI program and Handover of Bamboo Processing Equipment in Desa Wogo, Ngada, East Nusa Tenggara	10,000 betung bamboo (<i>Dendrocalamus asper</i>) seedlings with cocoon system that have been grown in seedling nursery in Desa Wogo, Golewa, Ngada, East Nusa Tenggara are ready to be planted, starting from 1.5 years of age, in farmers' field and critical land 100 heads of family have access to preserve and utilize bamboo seedlings in their land. As many as 210 heads of families or 420 bamboo farmers residing in the villages of Golewa subdistrict have potentials to use bamboo processing machine.
4	Energy Saving	In 2017, utility consumption (electricity, PAM, fuel for genset) went down from Rp93 billion to Rp85 billion

Mechanism of Environmental Issue Complaint

CIMB Niaga provided Mechanism of Environment Issue Complaint, where customers and employee can file a complaint regarding environmental issue in Bank's business operation. All complaints are registered at the Customer Care Unit's complaint system. The registered complaint will be escalated to the respective unit to be addressed immediately. In 2017, CIMB Niaga did not receive any complaint related to the environment in Bank's business operation.

Certification in Environmental Sector

In 2017, CIMB Niaga’s concern of the environment is appreciated as CIMB Niaga received the Green Office Competition Awards 2017 of Gold category. All tenants of PT Graha Niaga Tata Utama, totalling 57, participated in the competition which was organized by PT Graha Niaga Utama. The idea of the competition was raised from the common awareness of the importance to reduce energy and water consumption, to increase quality and cleanliness of work environment, as well as to improve environmental concerns.

CIMB Niaga achieved the same title two years in a row. It is considered that CIMB Niaga’s team has shown a strong commitment in applying ‘green office’ concept and giving good influence in promoting ‘green office’ spirit.

CIMB Niaga also received Indonesia Green Awards from The La Tofi School of CSR for the Indonesian Biodiversity Conservation Category, through CIMB Niaga’s ‘Ayo Menabung dan Berbagi’ program for Environment and Biodiversity. It is acknowledged that CIMB Niaga’s efforts in conserving the environment through education for the young regarding the importance of planting trees, i.e. the AMDB CIMB Niaga program.

Corporate Social Responsibility in Labor, Health, and Safety

MANAGEMENT POLICY

CIMB Niaga policy in the area of labor practices and Health & Safety Environment (HSE) is the key priority of CIMB Niaga's operating model which drives productivity and improves welfare of employees and all relevant stakeholders. Safe working environment and harmonious working relationship between CIMB Niaga and its employees serve as foundation and very essentials in achieving Bank's vision, mission, and sustainable business plans.

CIMB Niaga commits in providing healthy and conducive industrial relationship between Bank and its employees as well as ensuring that all employees have the same rights and opportunities to access HSE at work. This commitment is realized by implementing work safety policy, include disease management, compensation due to work accidents and aids for employees who are experiencing disasters. CIMB Niaga also provides lactation rooms, health clinics and ambulance to rescue employees who have accidents at workplace.

PROGRAMS AND ACTIVITIES

CIMB Niaga focuses in providing equality of job opportunities, providing remuneration and employee's rights based on meritocracy and relevant regulations, implementing health and safety policies as well as handling complaint in fair and transparent way.

Equality and Job Opportunity

Year	Male Employees	Female Employees
2017	6,024	6,758
2016	6,349	6,836
2015	6,652	6,952

In 2017, CIMB Niaga has 12,782 employees across Indonesia with relatively balance composition of 6,024 male (47%) and 6,758 female (53%).

1. Employee Recruitment Composition

Age (year)	2017		2016		2015	
	Male	Female	Male	Female	Male	Female
< 30	629	708	689	771	749	765
30-50	419	235	308	189	399	154
> 50	3	1	4	1	2	1
Total	1,051	944	1,001	961	1,150	920

Similarly, composition of new recruits in 2017 is relatively balanced with 1,051 male (53%) and 944 female (47%). This shows that Bank upholds equality and job opportunity principle by not discriminating employees based on gender in recruiting.

2. Employee Composition by Position

Level in Organization	2017		2016		2015	
	Male	Female	Male	Female	Male	Female
Senior Management	120	64	62	115	62	118
Middle Management	829	549	535	850	545	907
Junior Management	3,411	3,790	5,535	3,741	3,616	3,791
Non-Management	1,664	2,355	1,849	2,498	1,331	2,527

In 2017, the number of CIMB Niaga employees on managerial positions are 4,360 male (50%) and 4,403 female (50%). Meanwhile, the number of CIMB Niaga employees in non-managerial positions are 1,664 male (41%) and 2,355 female (59%). This shows that CIMB Niaga provides equal career advancement opportunity for all employees.

3. Average Training Hours per Employee

Level in Organization	2017		2016		2015	
	Male	Female	Male	Female	Male	Female
Senior Management	30	29	62	73	29	33
Middle Management	34	37	64	62	36	38
Junior Management	107	107	70	72	34	36
Non-Management	12	14	30	44	22	29
	48	44	58	62	31	34
Total of Average Training Hour	46		60		32	

CIMB Niaga also provides equal opportunity to all employees to develop their competence either in technical, functional, managerial or leadership areas through various education and training programs. The competence development programs are held in line with Bank and employee needs without discriminating against position, gender, ethnicity, religion, race, or social class. In 2017, CIMB Niaga conducted a variety of education and training programs, with average training hour of 46 hours per employee.

ANTI-CORRUPTION TRAINING AND THE COMMUNICATION OF ANTI-CORRUPTION POLICIES AND PROCEDURES

CIMB Niaga has established a special unit to perform the function of applying anti-fraud strategy within the scope of bank named "Anti-Fraud Management", in accordance with Bank Indonesia Circular Letter No.13/28/DPNP 2011 concerning Implementation of Anti-Fraud Strategy for Commercial Banks.

There are four pillars in the implementation of Bank fraud control system strategy, namely:

- Prevention: Preventive measures to reduce the potentials of fraud
- Detection: Steps to identify and detect fraud in Bank's business activities
- Investigation: Steps of investigation process, reporting systems, and imposition of sanctions on fraud in Bank's business activities
- Monitoring: Steps to monitor, evaluate, and follow up the corrective actions on fraud that occurred in Bank's business activities

In implementing the anti-fraud management program, Bank realizes the importance of building an anti-fraud culture. Therefore, CIMB Niaga continuously provides anti-fraud education to all employees through training programs, anti-fraud campaigns, and internal bulletin media. Such anti-fraud education consists of communication on corporate values, integrity, and the Company's Anti-Corruption policies and procedures.

CORPORATE SOCIAL RESPONSIBILITY IN LABOR, HEALTH, AND SAFETY

REMUNERATION AND EMPLOYEE RIGHTS

CIMB Niaga continues to provide remuneration based on meritocracy and prevailing rules and standards, without discriminating against gender, ethnicity, religion, race, and group. Differences are only noted due to performance, competence or work experience.

In CIMB Niaga, employees are divided into two categories, permanent employees (Indefinite Employment Period Agreement) and contract employees (Specifically Defined Employment Period Agreement). The difference between permanent and contract employees, in terms of benefits, are only in Pension Fund, Severance, and Recognition for Terms of Service.

CIMB Niaga remuneration package includes:

1. Salary
2. Health Facilities for Employees, Spouse and Children
3. Permanent Disability Insurance
4. Life Insurance
5. Accident Insurance
6. Employment Security (BPJS Ketenagakerjaan), including insurance for Work Accident, Death, Old Age and Pension
7. Health Security (BPJS Kesehatan)
8. Annual Leave and Other Leaves
9. Religious Holiday Allowance
10. Pension Fund
11. Severance
12. Work Location Allowance
13. Other Benefits, including recognition for term of service.

To appreciate employee dedication and contribution, CIMB Niaga provides Total Rewards Statement for certain levels. The reward is provided in the form of statement which summarize all compensation, benefit, awards and development programs received by particular employees. In addition, the Bank also provides appreciation for employee who has served for 10, 15, 20, 25, 30, 35 years and so forth (multiple of 5 years).

Employee Complaint Handling Mechanism

Each employee has the right to express complaints, dissatisfaction, or any objections on any employment matters. Employee complaint handling mechanism is as follows:

- Communicate their concerns to Direct Supervisor.
- If unsatisfied with the solution provided by their Direct Supervisor, they may communicate with Next Higher Authority by involving their Direct Supervisor.
- If the employees have not received the solution, they may talk to Area or branch leader or authorized HR Unit in charge of such issue.
- Area or branch leader or authorized HR Unit will discuss the issue separately.
- Afterwards, Area or branch leader or authorized HR Unit will communicate the solutions based on previous discussion to the employee concerned.

Occupational Health and Safety

CIMB Niaga continuously put attention towards employee health and safety to fulfill employee rights and mitigate operational risk. To prove Company's commitment, the employee health and safety statement is included in Collective Labour Agreement between CIMB Niaga and its employees.

CIMB Niaga implements integrated health and safety management system and implemented in accordance with the prevailing regulations. Health and safety related policies implemented in working environment includes :

1. Smoking prohibition in the Company's premises
2. Health Care Facilities
3. Facilities for Examination of Pregnancy, Childbirth and Miscarriage
4. Support for Family Planning (KB)
5. Facilities for Purchase of Prescription Glasses
6. Facilities for Periodic Health Check-ups

Quantitative Impact

CIMB Niaga's approach and initiatives in fulfilling equality and job opportunity, providing remuneration and rights, as well as employee complaint handling are deemed effective. This is proven by relatively stable voluntary attrition within the last three years.

Voluntary Attrition

Age (year)	2017		2016		2015	
	Male	Female	Male	Female	Male	Female
< 30	273	307	253	306	382	391
30-50	346	345	307	303	464	271
> 50	17	17	10	5	5	2
Total	636	669	570	614	851	664
	10.1%		8.9%		10.4%	

Meanwhile, in terms of employee productivity, there has been an increase on profit before tax per employee ratio by 50.7% to Rp313.5 million per employee in 2017, from Rp208 million per employee in 2016.

In terms of occupational health and safety, CIMB Niaga's CSR has been implemented effectively. This is reflected in the stable work environment health standard, detailed below.

Frequency Rate and Severity Rate Work Accident

► Corporate Social Responsibility in Social and Community Development

MANAGEMENT POLICY

The CSR policy in social and community development is organized with the aim to sustainably empower the community in order to improve the people's prosperity. Following this policy, CIMB Niaga implements the CSR, which would mitigate impacts of the operational activities and optimally provide benefits as regulated by the applicable regulations. Implementing the CSR, CIMB Niaga hopes to be able to provide common values which would benefit the Indonesian people in general.

PROGRAMS AND ACTIVITIES

CIMB Niaga's plan of CSR implementation in social and public development is focused on the activities of Bank's development and contribution in the areas of education, community development and empowerment as well as philanthropy.

ACTIVITIES AND THEIR QUANTITATIVE IMPACTS

CORPORATE SOCIAL RESPONSIBILITY IN SOCIAL AND COMMUNITY DEVELOPMENT

Scholarship Monitoring

CIMB Niaga conducts routine monitoring sessions of scholarship recipients studying at various universities across Indonesia. The program's objectives are to maintain quality of the awardees and building stronger ties with CIMB Niaga. In addition, the sessions are ideal avenues to share information, network, and discuss academic and non-academic activities undertaken by the scholarship awardees.

In 2017, CIMB Niaga held scholarship monitoring sessions in several cities, including Jakarta, Serang, Medan, Malang, Manado, and Semarang. CIMB Niaga believes that the monitoring sessions are important to improve the quality of CIMB Niaga Scholarship Program.

Financial Literacy Programs by BU Guru CIMB Niaga Recipients

In 2017, BU Guru CIMB Niaga recipients have held Financial Literacy Programs to educate the public on the importance of financial literacy from an early age. The program also accentuates the banking industry's role as a safe and convenient harbour to conduct financial transactions. The program has attracted some 3,857 participants, as follows:

Date	Location	Number of Participants

23 September 2017	SDN 020620 Binjai	295 students and parents
16 December 2017	SDN 060834 Medan	180 students
18 December 2017	SDN 060834 Medan	228 students
Total		3.857

Financial Banking Literacy and Education

The Financial Banking Literacy and Education is a practical implementation of Bank Indonesia and Financial Services Authority's ("OJK") guidelines to educate the public on the banking industry. In compliance with the instructions, CIMB Niaga held the following programs: Ayo Menabung dan Berbagi, Tour de Bank, Mini Banking Laboratory, Bourse Game Laboratory, and activating the financial literacy program.

Ayo Menabung dan Berbagi Program

Ayo Menabung dan Berbagi (AMDB) is a banking financial literacy program for the public and especially for students of primary and secondary schools. The program's main objective is to educate and encourage the public to save from an early age and share with the less financially-able towards a better education.

In 2017, the AMDB program was held in Solo, Malang, Lhokseumawe, Pematangsiantar, Pangkalpinang, Tarakan, Manado, Sukabumi, Serang, and Tegal. Some 5,630 students from 14 primary, 14 middle, and 12 high schools took part in the program. The program teaches students on the importance of saving through engaging activities.

CORPORATE SOCIAL RESPONSIBILITY IN SOCIAL AND COMMUNITY DEVELOPMENT

Tour de Bank Program

Tour de Bank is part of the AMDB Program to encourage primary school-aged students to visit CIMB Niaga's branches or supporting facilities. Students are encouraged to learn important facets of banks, such as how to use ATMs, cash deposit machines (CDM), safe deposit boxes (SDB), roles and duties of tellers, customer service, and other bank staffs, as well as banking products and services.

In 2017, Tour de Bank has partnered with 19 primary schools in Jakarta, Medan, Pontianak, Batam, and Semarang. 952 students who took part in the program acquired more knowledge of the banking industry through engaging activities.

Mini Banking Laboratory

The "laboratory" was founded in 1989 and serves for banking learning process. It is called the Finance and Banking Administration Studies program. Throughout 2017, the Laboratory was consulted by 80 students for learning about Bank Operations Practice, with speakers from University of Indonesia Vocational Faculty and CIMB Niaga Learning and Development. The Laboratory is aimed at:

1. Providing basic knowledge about the functions and duties of Customer Service and Teller, as well as their tasks and responsibilities.
2. Training students so that they have the skills to operate the applications that Customer Service and Teller use.

Bourse Game Laboratory

CIMB Niaga relaunched the Bourse Game Laboratory in October 10, 2017 at Universitas Indonesia's Master in Management Campus (MM-FEB UI) in Salemba. The Bourse Game Laboratory is a forex trading simulator, first introduced in 2008. In 2017, CIMB Niaga made renovations to the classrooms, faculty lounge, and the laboratory itself. Following the upgrade, the Bourse Game laboratory is equipped with teleconferencing facilities and the upgrade the bourse game software.

Activating the Financial Literacy Program

Throughout 2017, CIMB Niaga also held Financial Literacy Programs in addition to the banking literacy programs outlined above.

CIMB Niaga Banking Knowledge Sharing

On Wednesday, April 5, 2017, CIMB Niaga received a 45 student visit from Pelita Harapan University (UPH), ITB School Business Management (SBM), Bina Nusantara University (BINUS), President University, and Prasetya Mulia at Menara Asia Karawaci and Dynaplast Tower. In the visit, CIMB Niaga shared its knowledge, experience, and innovations to grow and sustain its business in the banking industry.

On May 9, 2017, CIMB Niaga received another 14 student delegation from the Universitas Indonesia's Faculty of Economics and Business (FEB) at Graha CIMB Niaga. In the visit, the students were exposed

to CIMB Niaga’s innovations in digital banking and treasury marketing. The delegation also had the opportunity to observe directly CIMB Niaga’s dealer floor.

CIMB Niaga believes that visits and banking knowledge sharing sessions are effective means to improve the public, particularly students’, literacy of the financial and banking industry.

Si Mobil Literasi Keuangan Program

CIMB Niaga wholly supports the Financial Services Authority’s (OJK) efforts to educate the public on financial products and services through the Si Mobil LitErasa Keuangan (SIMOLEK) program. In 2017, CIMB Niaga has operated SIMOLEK in 6 cities, namely Medan, Batam, Padang, Pontianak, Serang, and Semarang with total 1,347 visitor.

Certified Financial Planner (CFP)

In partnership with the Institute of Applied Financial Planning Indonesia (IAFPI), CIMB Niaga offered the CFP Program for high performing sales staff to further support their profession as financial advisors. In 2017, 60 CIMB Niaga employees were trained for the following objectives:

1. Standardize professional ethics and conduct as financial planners.

2. Improve competence and skills by obtaining internationally-recognized financial professional certifications.
3. Obtain recognition from the National Professional Certification Board (BNSP) as official professionals in Indonesia.
4. Add value to marketing and self-branding

Personal and Family Financial Planning Seminar

On October 8, 2017, CIMB Niaga held a seminar on personal and family financial planning as part of OJK’s Financial Inclusion Month and bamboo planting program. The seminar was held at Desa Wogo, NTT and attended by 30 bamboo farmers and housewives. Family Financial Planning included topics on the importance of savings for various needs, such as household expenses, education, investment, entertainment, and emergency needs.

On November 21, 2017, CIMB Niaga and Thisable Foundation held a financial literacy workshop for 50 members of the deaf community. Using sign language, participants were trained in sound financial strategies to ensure that their income is sufficient for daily expenses and even saved for future needs.

Participating in the Financial Inclusion Month in Padang

CIMB Niaga took part in the Financial Inclusion Month organized by the Financial Services Authority (OJK) of West Sumatra on October 28, 2017 held at Universitas Negeri Padang (UNP). CIMB Niaga invited 100 students from SMP Maria and SMA Don Bosco to the event. Both schools are partners in the Program Tabungan Simpanan Pelajar (SIMPEL).

Empowerment through Education

Sejuta Buku Program

CIMB Niaga's Program Sejuta Buku (Million Books Program) supports quality education by donating books and encyclopedias to education institutions (schools, foundations, communities). The end goal is to foster reading interest from an early age and assist the Government improve overall education levels. In 2017, book drives in 10 cities brought in 10,000 books which were then distributed by the Gerakan Sedekah Buku Indonesia across the country.

Education Supporting Facilities Donation

In 2017, the Company has donated education supporting facilities to 40 AMDB partner schools. CIMB Niaga donated facilities such as sports equipment, laboratory apparatus, library books, TVs, and projectors to enhance teaching effectiveness and efficiency.

General Training for Preschool/Early Childhood Teachers

CIMB Niaga is highly committed towards improving children's education in Indonesia. Partnership with Indonesia Heritage Foundation (IHF) in 2017, CIMB Niaga held holistic character-based training for 3,039 preschool/early childhood teachers. The training was held at 3 locations: Bekasi, Bogor, and Malang.

Location	Date	Venue	Participants
Bekasi	March 15-17, 2017	Asrama Haji Bekasi	1,015 teachers
Bogor	March 23-25, 2017	Graha Widya Wisuda Building, Bogor Agricultural University (IPB)	2,007 teachers
Malang	July 4, 2017	University of Muhammadiyah Malang Dome	17 teachers

Funding for the General Training Program obtained was from CIMB Niaga's donation of Rp152,157,568 to the IHF under the 2016 AMDB Program.

Community Development and Empowerment

CIMB Niaga is strongly committed towards a sustainable environment conservation and community development. CIMB Niaga is actively working to realizing the 10th goal of the Sustainable Development Goals, namely Reducing Inequalities. SDGs are the 17 global development goals issued by the United Nations and adopted by all countries of the world. CIMB Niaga believes that everyone has equal rights to attain their hopes and dreams, including those with disabilities. To that end, CIMB Niaga holds community development and empowerment programs aimed for the disabled.

Empowering the Disabled

Working with Mitra Netra Foundation and Thisable Foundation, CIMB employed 48 disabled persons as Telesales Funding - Non Branch Channel agents over a total pool of 120 agents throughout 2017. In addition, 10 of 45 Non-voice Phone Banking agents are members of the deaf community. CIMB Niaga expects that the program is able to assist disabled persons towards social and economic independence.

IT Training Program for the Disabled

CIMB Niaga partnered with the National Disabled Children Development Foundation (Yayasan Pembinaan Anak Cacat/YPAC Nasional) to organize a 3 month IT Training Program from October to December 2017. 20 disabled people took part in the training, 4 of whom have physical disabilities, 2 mental disabilities, and 14 deaf community. The training's aim was to prepare its participants with the requisite soft skills for employment, from which they can further develop their IT skills for an independent future. The training modules consisted of advanced Microsoft Office and web design skills, along with knowledge concerning office performance and workplace accomplishments.

WILMAR TUA HASUDUNGAN

Wilmar, who is learning disabled, is an advanced trainee in the 3 month training course organized by CIMB Niaga and YPAC Nasional. For him, being accepted by CIMB Niaga Gajah Mada as a Tele Funding Sales agent is an achievement in its own right. It shows that learning disabled persons are able to perform at the same level as the non-disabled.

"The instructors in YPAC Nasional and CIMB Niaga's 3 month IT course are professionals. The 74 sessions @3 hours are excellent but a longer duration to improve participants' IT skills would help tremendously. While there are practical IT sessions, more practice sessions in the future are much welcomed. We sit facing each other, but I find sitting straight ahead helps me understand the instructors' better".

CORPORATE SOCIAL RESPONSIBILITY IN SOCIAL AND COMMUNITY DEVELOPMENT

DWI RIDWAN ALIWI

Tabayun Shelter, Mobil Belajar CIMB Niaga
Beneficiary

“Mobil Belajar CIMB Niaga is a godsend for us, especially we the underprivileged. It never crossed my mind that I’ll ever use a laptop. With this program, I know how to type and use Excel formulas. I was hesitant at first, but now I’m confident enough typing with ten fingers. With Kak Rizal’s patient assistance, I now know how to do my assignments with a computer, how to type with 10 fingers, and use general formulas. I give two thumbs up and cheers to CIMB Niaga! I hope that this program is carried on forward so that my juniors can enjoy the same benefit as I did. Thank you to CIMB Niaga and Kak Rizal.”

Mobil Belajar CIMB Niaga

Mobil Belajar (Mobile Learning) is an educational program by CIMB Niaga and Yayasan Cinta Anak Bangsa (YCAB) with a focus in Information Technology (IT). IT Learning and teaching in the Mobil Belajar CIMB Niaga has been going for six years (2011-2017). In 2017, the IT Training Program attracted 187 students from students in Cibinong, Bogor area.

Philanthropy

CIMB Niaga philanthropic actions in the form of donations or supportive activities have improved its stakeholders’ and public welfare. Donations are in the form of cash, goods, or social programs for communities near CIMB Niaga’s branches.

CIMB Niaga gives donation priority to education, religion, health, arts and culture, economy, sports, and Information Technology (IT).

Blood Donation and Health Talk

CIMB Niaga in collaboration with CIMB Niaga Club (CNC) has given consistent support to the Indonesian Red Cross (Palang Merah Indonesia-PMI) by organizing Blood Drives in May and November 2017. The drives gathered 1,031 donors from the bank’s customers, employees, commissioners, and the public. The blood drives were accompanied with a Health Talk sponsored by LIPPO Insurance and RS Premier Bintaro & Jatinegara. In the Midyear Blood Drive, the Health Talk adopted two topics. The “Depression: Let’s Talk” topic raised awareness on the importance of rest and dangers of overworking whereas the “Breast Cancer Awareness” aimed on the importance of early detection of breast cancer. In the End of Year Blood

VERONICA COLONDAM
Founder and CEO YCAB

Consistent

That's the right word to sum up our relationship with CIMB Niaga. In the last 6 years, YCAB Foundation and CIMB Niaga have used the Mobil Belajar to teach IT to underprivileged youths in Jakarta, Tangerang, and Bogor.

In 2011, at a time when only few who saw computer skills as basic skill for the future, CIMB Niaga went ahead and gave free computer courses. Interestingly, the once peculiar idea of transforming a bus into a mobile computer lab made the program a comprehensive solution for youths with limited financial or transportation access.

Dwi Rizal, a resident of Tabayun Shelter in Bogor, has never used a computer before. Now, not only Dwi can type well, but he is also proficient with Excel formulas.

We thank CIMB Niaga for its enduring trust in YCAB to educate underprivileged youths and being part of #ExtensionOfGoodness. We hope that this partnership will carry on and reach more children in other areas in the future.

Drive held simultaneously in 3 locations, the Health Talk featured "Healthy Life Style" to highlight the importance of healthy diet and lifestyles.

Disaster Relief Programs

CIMB Niaga raised Rp150,000,000 through CIMB Niaga Peduli Gempa Aceh for the Indonesian Red Cross (PMI) to carry out disaster relief programs in Aceh following an earthquake in 2016. The funds were allocated for (1) WASH program (Water, Sanitation, and Hygiene Promotion), a clean water program for earthquake victims, and (2) Health Program, a mobile health service.

In addition, CIMB Niaga also provided assistance for disaster victims in Ponorogo. On Saturday, April 1, 2017, Desa Banaran, Ponorogo was subjected to landslides which claimed 2 victims, injured 20, and led to 26 missing. More than 200 survivors lost their farms and homes. CIMB Niaga donated Rp10,000,000 worth of clothing, blankets, sarongs, and hygiene kits to 21 victims.

CORPORATE SOCIAL RESPONSIBILITY IN SOCIAL AND COMMUNITY DEVELOPMENT

Religious Holidays Program

Ramadhan 1438 H

CIMB Niaga held a series of events to commemorate Ramadhan at its main and branch offices, among which was Ramadhan Donations to 9 foundations and 5 masjid development councils managed by CIMB Niaga employees. The donations were given during the Ramadhan Safari and handed by the Directors.

Eid Adha 1438 H

CIMB Niaga donated 7 cattle and 8 goats to sacrifice on Eid Adha. The animals were sacrificed at 8 locations, namely Graha CIMB Niaga Sudirman, Menara CIMB Niaga Karawaci, CIMB Niaga Gajah Mada Jakarta, CIMB Niaga Bandung, CIMB Niaga Surabaya, and CIMB Niaga Malang. CIMB Niaga distributed meat of the sacrificed animals through Human Initiative (Pos Keadilan Peduli Umat-PKPU) and Rumah Zakat.

In addition, Rumah Zakat's Probolinggo chapter assisted CIMB Niaga to process and distribute meat from sacrificed animals to Banjarmasin. The sacrifice animals benefited 250 people. Some 350 cans of corned beef and 140 cans of corned mutton, all of which made from sacrifice animals, were distributed to Sungai Mai RT 12, Banjarmasin Utara, Banjarmasin. The ward was deemed to be in the low to middle economic standing.

Christmas

CIMB Niaga showed its spirit of goodwill and sharing during the 2017 Christmas celebrations. CIMB Niaga donated Rp10,000,000 each to 4 foundations, namely LKSA Putri Elim, Covindo, Global Edutama Adunai, and Naroman Maromak Jaya. The donation was symbolically presented during the End of Year and Christmas Eve Celebrations by CEO of CIMB Niaga. Moreover, on the spot donations during the event gathered an additional Rp13,125,000, all of which was donated to the four foundations.

Nursing Rooms

To meet the needs of its nursing employees, CIMB Niaga has prepared nursing rooms at its offices. The nursing rooms are in line with Government Regulation Number 33 Year 2012 on Exclusive Breastfeeding.

The rooms facilitate nursing employees and customers and features comfortable seats, bottle sterilizers, and refrigerator to store breastmilk. There are 11 nursing rooms spread across CIMB Niaga offices in Jakarta, Bintaro, Karawaci, Sentraya, Malang, Surabaya, Bandung, Semarang, and Yogyakarta.

Rumah Kita Shelter

“Rumah Kita” is a temporary shelter for Women Migrant Workers (Tenaga Kerja Wanita-TKW) currently facing legal actions. The program has been running since 2010 based on the initiatives of CIMB Group, CIMB Niaga, and Embassy of Indonesia in Malaysia. In 2017, there were 778 migrant workers protected at the Rumah Kita Shelter.

Improvement of Social Facility and Infrastructure

Improvement and provision of social facilities and infrastructure related to education have been included in the sub-section of Education for Empowerment: Provision of Educational Support Facilities.

CIMB Niaga also provides wheelchair facilities for Cancer Stop Over House for Children (Rumah Singgah Anak Kanker) which is a stop over house for cancer patients who are undergoing treatment at Banjarmasin hospital, South Kalimantan. There is one wheelchair in this shelter which condition is not feasible to be used. CIMB Niaga provides 2 units of wheelchairs worth Rp4 million to Yayasan Rumahku-Rumah Singgah Anak Kanker in order to assist cancer patients for both in-house and hospital use.

CORPORATE SOCIAL RESPONSIBILITY IN SOCIAL AND COMMUNITY DEVELOPMENT

Social Donation Distribution

In 2017, CIMB Niaga distributed Rp927,916,099 in donations for social and religious activities, education, economy, and building places of worship.

Social Donations Breakdown

4	Environment	29,844,000	534,355,000	57,576,900
5	Qardhul Hasan CIMB Niaga Syariah	6,699,921,742	19,118,214,185	14,705,655,254
6	CSR Program Communication	727,334,900	324,317,375	168,530,000
Total		30,901,400,564	28,609,997,992	24,639,229,632

Corporate Social Responsibility for Customers

MANAGEMENT APPROACH

CIMB Niaga strives at all times to build and maintain its reputation by strengthening its commitment for improved services and customer satisfaction. CIMB Niaga believes that quality services are key to maintaining customer loyalty and sustaining its business. Understanding what the customers need, and prioritizing excellent services, are the best ways with which to ensure long-term business growth.

CIMB Niaga is committed to align its business strategies with measures in consumer protection and quality improvement of products and services. Toward this end, a variety of initiatives have been taken to improve work processes through the adoption of lean six sigma method, provide convenience and alternative transaction channel for customers through a 24-hour Contact Center, as well as implementation of an internal campaign, "Services from the Heart", intended to nurture a customer-centric culture among staffs of CIMB Niaga.

ACTIVITY PLANS AND TARGETS

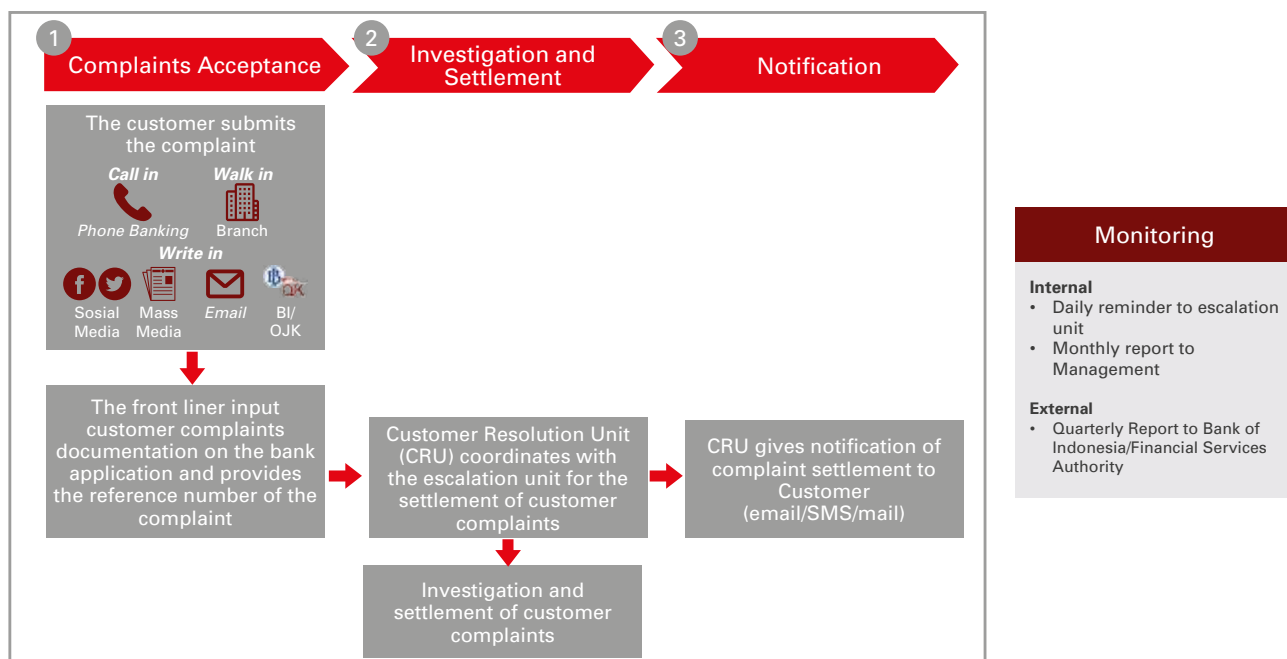

CIMB Niaga sets the targets of CSR implementation in terms of responsibility to the consumer with the implementation of activities to create a better customer experience, including providing access to comprehensive banking product information, or the resolution of customer complaints at >90% in accordance with established Service Level Agreement (SLA).

Customer Experience

For CIMB Niaga, customers are our most prized asset. Thus, Customer Experience is a focus that continue to be developed in order to create an optimum level of customer satisfaction. Toward this end, CIMB Niaga continues to innovate and strive to become the best among banks.

CIMB Niaga provides Customer Experience in various forms of service, including: optimizing the benefits offered by its products and services, clear information about the types of products and services, customer data confidentiality, state-of-the-art technology, secure access to products and services, and many others.

Customer Complaint Mechanism

In order to create customer satisfaction on banking products and services, CIMB Niaga strives to ensure that the Customer Resolution Unit (CRU) fulfill its function optimally in resolving customer complaints in accordance with requirements of Bank Indonesia (BI) and the Financial Services Authority (OJK).

The CRU have a customer complaint documentation system called the Automated Monitoring and Reporting of Complaints (OMPK), which integrates all customer complaint reports received through the various channels and media, including the print media and online media. Each complaint report documented is directly forwarded to the respective unit to be resolved. The customer will receive a reference number as a proof of receipt of the complaint and to facilitate monitoring by the customer of progress in the resolution of the complaint. The OMPK system allows the Bank to monitor the level of complaint resolution against established Service Level Agreement (SLA).

As the customer base expanded by 27% to 7.4 million customers in 2017, the number of financial transactions likewise increased by 37% to 290.3 million transactions. The percentage of customer complaints to number of financial transactions grew from 0.025% in 2016 to 0.033% in 2017. Nevertheless, the Bank has consistently improved the quality of customer complaint resolution, as reflected in the improvement of customer complaint resolution as per SLA from 90% in 2016 to 94% in 2017.

Customer Complaint Handling Performance

Indicator	2017	2016	2015
Number of Financial Transaction	290.3 million	211.5 million	176 million
Number of Customer Complaint	95 thousand	52 thousand	57 thousand
Percentage of Customer Complaint to Financial Transaction	0.033%	0.025%	0.032%
Resolved According to SLA	94%	90%	84%

The Bank evaluates each customer's complaint as well as corrective and preventive measures to prevent the same customer complaints from recurring. The Bank also reports the number of customer complaints to Bank Indonesia and the Financial Services Authority on a regular basis.

As a public listed entity, CIMB Niaga is active in the Banking Mediation Working Group in cooperation with Bank Indonesia, the Financial Services Authority and other member banks, to conduct customer education programs through seminars on banking or other forms of activity.

CORPORATE SOCIAL RESPONSIBILITY FOR CUSTOMERS

Customer Satisfaction Survey

In an effort to listen to the voice of customer, CIMB Niaga conducts continuous customer satisfaction surveys. Customer feedback is then followed up by various service quality improvement initiatives. In 2017, CIMB Niaga engaged the services of several independent survey agencies to measure the level of customer satisfaction on the Bank's services. In the customer satisfaction survey conducted by ISMS Trisakti using the face-to-face interview method with banking customers in Jakarta and Bandung, CIMB Niaga was ranked in Top 3 position in 2017, up two notches from 2016. Meanwhile, in the WOW Service Excellence Award 2017 polling conducted by MarkPlus Inc. in 18 cities in Indonesia, CIMB Niaga was ranked in the Top 2 National position as well as Top 1 position in Jabodetabek, Semarang and Solo. Improved rankings from the two independent survey agencies are evidence that the service quality standard provided by CIMB Niaga continues to improve along the years.

In addition, based on customer satisfaction measurement results in 2017 obtained through the Customer Feedback System, there were improvements in service satisfaction level to 99.6% for Customer Service and 99.4% for Teller services.

Customer Satisfaction Rating under the Customer Feedback System

Customer Feedback	2017	2016	2015
Customer Service	99.6%	95.5%	99.4%
Teller	99.4%	99.3%	99.2%

2018 CSR STRATEGY AND PLAN

In its commitment to the implementation of CSR Program, CIMB Niaga plans to allocate in stages a CSR budget amounting to 1% of its Profit Before Tax (PBT), focusing on four pillars of CSR: education, community development and empowerment, philanthropy, and environment.

1. Education

CIMB Niaga will focus continue to optimization the Scholarship Program and improve the quality of national education also improve the quality of the workforce in the future. In addition, CIMB Niaga will also hold Literacy Program and Banking Finance Education as directed by Bank Indonesia and Financial Services Authority (OJK), including Ayo Menabung dan Berbagi (AMDB) and Tour de Bank. These programs also will increase public financial inclusion. So, it can make the bank as a safe and comfortable place in financial transactions.

2. Community Development and Empowerment

CIMB Niaga will focus organizing Community Link programs involving branch offices, customers and communities in developing and empowering communities in social, economic, education and environment.

3. Philanthropy

In the field of philanthropy, CIMB Niaga will focus on strengthening and expanding the provision of beneficiaries in the form of donations for the needy community.

4. Environment

CIMB Niaga will continue to strive for environmental preservation both within the scope of internal and external scope. Bank's internal scope focuses on the implementation of the Green Office Policy included in the Smart Spending Policy to create a healthy working environment and become part of Green Banking Industry in the future. On an external scope, CIMB Niaga focuses on environmentally friendly credit distribution as well as conservation efforts of biodiversity in Ngada, East Nusa Tenggara and Lombok, West Nusa Tenggara that fokus on bamboo conservation based on community empowerment.

Menyatakan bahwa:

Declare that:

1. Kami bertanggung jawab atas penyusunan dan penyajian laporan keuangan konsolidasian PT Bank CIMB Niaga Tbk dan Anak Perusahaan;
2. Laporan keuangan konsolidasian PT Bank CIMB Niaga Tbk dan Anak Perusahaan telah disusun dan disajikan sesuai dengan Standar Akuntansi Keuangan di Indonesia;
3. a. Semua informasi dalam laporan keuangan konsolidasian PT Bank CIMB Niaga Tbk dan Anak Perusahaan telah dimuat secara lengkap dan benar;
b. Laporan keuangan konsolidasian PT Bank CIMB Niaga Tbk dan Anak Perusahaan tidak mengandung informasi atau fakta material yang tidak benar, dan tidak menghilangkan informasi atau fakta material;
4. Kami bertanggung jawab atas sistem pengendalian internal dalam PT Bank CIMB Niaga Tbk dan Anak Perusahaan.

1. *We are responsible for the preparation and presentation of PT Bank CIMB Niaga Tbk and Subsidiaries' consolidated financial statements;*
2. *PT Bank CIMB Niaga Tbk and Subsidiaries' consolidated financial statements have been prepared and presented in accordance with Indonesian Financial Accounting Standards;*
3. a. *All information in the PT Bank CIMB Niaga Tbk and Subsidiaries' consolidated financial statements has been disclosed in a complete and truthful manner;*
b. *PT Bank CIMB Niaga Tbk and Subsidiaries' consolidated financial statements do not contain any incorrect information or material facts, nor do they omit information or material facts;*
4. *We are responsible for PT Bank CIMB Niaga Tbk and Subsidiaries' internal control system.*

Demikian pernyataan ini dibuat dengan sebenarnya.

We certify the accuracy of this statement.

JAKARTA, 26 Februari/February 2018

Atas nama dan mewakili Direksi/For and on behalf of the Board of Directors

Wan Razly Abdullah
Direktur/Director

Tigor M. Siahaan
Presiden Direktur/President Director

**LAPORAN AUDITOR INDEPENDEN
KEPADA PARA PEMEGANG SAHAM**

**INDEPENDENT AUDITORS' REPORT
TO THE SHAREHOLDERS OF**

PT BANK CIMB NIAGA TBK

Kami telah mengaudit laporan keuangan konsolidasian PT Bank CIMB Niaga Tbk dan entitas anaknya terlampir, yang terdiri dari laporan posisi keuangan konsolidasian tanggal 31 Desember 2017, serta laporan laba rugi dan penghasilan komprehensif lain, laporan perubahan ekuitas dan laporan arus kas konsolidasian untuk tahun yang berakhir pada tanggal tersebut, dan suatu ikhtisar kebijakan akuntansi signifikan dan informasi penjelasan lainnya.

Tanggung jawab manajemen atas laporan keuangan konsolidasian

Manajemen bertanggung jawab atas penyusunan dan penyajian wajar laporan keuangan konsolidasian ini sesuai dengan Standar Akuntansi Keuangan di Indonesia, dan atas pengendalian internal yang dianggap perlu oleh manajemen untuk memungkinkan penyusunan laporan keuangan konsolidasian yang bebas dari kesalahan penyajian material, baik yang disebabkan oleh kecurangan maupun kesalahan.

Tanggung jawab auditor

Tanggung jawab kami adalah untuk menyatakan suatu opini atas laporan keuangan konsolidasian ini berdasarkan audit kami. Kami melaksanakan audit kami berdasarkan Standar Audit yang ditetapkan oleh Institut Akuntan Publik Indonesia. Standar tersebut mengharuskan kami untuk mematuhi ketentuan etika serta merencanakan dan melaksanakan audit untuk memperoleh keyakinan memadai tentang apakah laporan keuangan konsolidasian bebas dari kesalahan penyajian material.

We have audited the accompanying consolidated financial statements of PT Bank CIMB Niaga Tbk and its subsidiary, which comprise the consolidated statement of financial position as of 31 December 2017, and the consolidated statements of profit or loss and other comprehensive income, changes in equity and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's responsibility for the consolidated financial statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Indonesian Financial Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Standards on Auditing established by the Indonesian Institute of Certified Public Accountants. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

Kantor Akuntan Publik Tanudiredja, Wibisana, Rintis & Rekan

Plaza 89, Jl. H.R. Rasuna Said Kav. X-7 No.6 Jakarta 12940 - INDONESIA, P.O. Box 2473 JKP 10001

T: +62 21 5212901, F: + 62 21 52905555 / 52905050, www.pwc.com/id

Suatu audit melibatkan pelaksanaan prosedur untuk memperoleh bukti audit tentang angka-angka dan pengungkapan dalam laporan keuangan konsolidasian. Prosedur yang dipilih bergantung pada pertimbangan auditor, termasuk penilaian atas risiko kesalahan penyajian material dalam laporan keuangan konsolidasian, baik yang disebabkan oleh kecurangan maupun kesalahan. Dalam melakukan penilaian risiko tersebut, auditor mempertimbangkan pengendalian internal yang relevan dengan penyusunan dan penyajian wajar laporan keuangan konsolidasian entitas untuk merancang prosedur audit yang tepat sesuai dengan kondisinya, tetapi bukan untuk tujuan menyatakan opini atas keefektifan pengendalian internal entitas. Suatu audit juga mencakup pengevaluasian atas ketepatan kebijakan akuntansi yang digunakan dan kewajaran estimasi akuntansi yang dibuat oleh manajemen, serta pengevaluasian atas penyajian laporan keuangan konsolidasian secara keseluruhan.

Kami yakin bahwa bukti audit yang telah kami peroleh adalah cukup dan tepat untuk menyediakan suatu basis bagi opini audit kami.

Opini

Menurut opini kami, laporan keuangan konsolidasian terlampir menyajikan secara wajar, dalam semua hal yang material, posisi keuangan konsolidasian PT Bank CIMB Niaga Tbk dan entitas anaknya tanggal 31 Desember 2017, serta kinerja keuangan dan arus kas konsolidasiannya untuk tahun yang berakhir pada tanggal tersebut, sesuai dengan Standar Akuntansi Keuangan di Indonesia.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditors' consider internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of PT Bank CIMB Niaga Tbk and its subsidiary as of 31 December 2017, and their consolidated financial performance and cash flows for the year then ended, in accordance with Indonesian Financial Accounting Standards.

1. INFORMASI UMUM

a. Pendirian dan informasi umum

PT Bank CIMB Niaga Tbk ("Bank CIMB Niaga" atau "Bank") didirikan menurut hukum yang berlaku di Indonesia, berdasarkan Akta Pendirian Perusahaan No. 90 yang dibuat di hadapan Raden Meester Soewandi, Notaris di Jakarta tanggal 26 September 1955 dan diubah dengan akta dari notaris yang sama No. 9 tanggal 4 November 1955. Akta-akta pendirian ini disahkan oleh Menteri Kehakiman Republik Indonesia (sekarang Menteri Hukum dan Hak Asasi Manusia) dengan surat keputusan No. J.A.5/110/15 tanggal 1 Desember 1955 dan diumumkan dalam Berita Negara Republik Indonesia No. 71 tanggal 4 September 1956, Tambahan Berita Negara No. 729/1956.

Setelah pendiriannya, Anggaran Dasar Bank CIMB Niaga telah mengalami beberapa kali perubahan, diantaranya perubahan yang penting adalah:

- Berdasarkan Akta No. 1 tanggal 2 Mei 2008, yang dibuat di hadapan Dr. Amrul Partomuan Pohan, S.H., LLM, Notaris di Jakarta, mengenai penyesuaian Anggaran Dasar PT Bank Niaga Tbk sesuai Undang-Undang No. 40 Tahun 2007 tentang Perseroan Terbatas, dimana perubahan tersebut disetujui oleh Menteri Hukum dan Hak Asasi Manusia Republik Indonesia No. AHU-24544.AH.01.02 tahun 2008 tanggal 12 Mei 2008;
- Berdasarkan Akta No. 38 tanggal 28 Mei 2008, yang dibuat di hadapan Dr. Amrul Partomuan Pohan, S.H., LLM, mengenai perubahan nama dari sebelumnya PT Bank Niaga Tbk menjadi PT Bank CIMB Niaga Tbk, dimana perubahan nama tersebut disetujui oleh Menteri Hukum dan Hak Asasi Manusia Republik Indonesia melalui suratnya No. AHU-32968.AH.01.02 Tahun 2008 tanggal 13 Juni 2008 dan surat keputusan Gubernur Bank Indonesia ("BI") No.10/56/KEP.GBI/2008 tanggal 22 Juli 2008; dan

1. GENERAL INFORMATION

a. Establishment and general information

PT Bank CIMB Niaga Tbk ("Bank CIMB Niaga" or the "Bank") was established in accordance with laws applicable in Indonesia by Notarial Deed No. 90 made by Raden Meester Soewandi, Notary in Jakarta dated 26 September 1955, which was amended by deed No. 9 of the same notary dated 4 November 1955. These deeds were approved by the Minister of Justice of the Republic of Indonesia (currently Minister of Law and Human Rights) through decision letter No. J.A.5/110/15 dated 1 December 1955 and was published in Supplement No. 729/1956 to the State Gazette of the Republic of Indonesia No. 71 dated 4 September 1956.

After its establishment, Bank CIMB Niaga's Articles of Association have been amended from time to time, where such significant amendments are as follows:

- *Pursuant to Notarial Deed No. 1 dated 2 May 2008, made by Dr. Amrul Partomuan Pohan, S.H., LLM, Notary in Jakarta, regarding the amendment of PT Bank Niaga Tbk's Articles of Association in respect of Law No. 40 Year 2007 on Limited Liability Company, which amendment was approved by the Minister of Law and Human Rights of the Republic of Indonesia in its letter No. AHU-24544.AH.01.02 year 2008 dated 12 May 2008;*
- *Pursuant to Notarial Deed No. 38 dated 28 May 2008, made by Notary Dr. Amrul Partomuan Pohan, S.H., LLM, regarding the change of name from PT Bank Niaga Tbk into PT Bank CIMB Niaga Tbk, which amendment was approved by the Minister of Law and Human Rights of the Republic of Indonesia by its letter No. AHU-32968.AH.01.02 Year 2008 dated 13 June 2008 and decision letter of the Governor of Bank Indonesia ("BI") No.10/56/KEP.GBI/2008 dated 22 July 2008; and*

1. INFORMASI UMUM (lanjutan)

a. Pendirian dan informasi umum (lanjutan)

- Berdasarkan Akta No. 22 tanggal 21 April 2014, yang dibuat di hadapan Notaris Himawan Sutanto, S.H., mengenai perubahan Pasal 3 ayat 2, Pasal 14 ayat 2, Pasal 14 ayat 4, Pasal 17 ayat 3, dan Pasal 17 ayat 5, dimana perubahan tersebut disetujui oleh Menteri Hukum dan Hak Asasi Manusia Republik Indonesia No. AHU-02085.40.20.2014 tahun 2014 tanggal 29 April 2014.

Berdasarkan pasal 3 Anggaran Dasar Bank CIMB Niaga, ruang lingkup kegiatan Bank CIMB Niaga adalah melakukan usaha di bidang perbankan sesuai dengan undang-undang dan peraturan yang berlaku, dan melakukan kegiatan perbankan lainnya berdasarkan prinsip Syariah. Bank CIMB Niaga mulai melakukan kegiatan perbankan berdasarkan prinsip Syariah pada tanggal 27 September 2004.

Bank CIMB Niaga memperoleh izin usaha sebagai bank umum, bank devisa, dan bank yang melakukan kegiatan berdasarkan prinsip Syariah masing-masing berdasarkan surat keputusan Menteri Keuangan Republik Indonesia No. 249544/U.M.II tanggal 11 November 1955, surat keputusan Direksi Bank Indonesia (BI) No. 7/116/Kep/Dir/UD tanggal 22 November 1974, dan surat keputusan Gubernur BI No. 6/71/KEP.GBI/2004 tanggal 16 September 2004.

Sejak berdirinya, Bank CIMB Niaga telah mengalami 4 (empat) kali penggabungan usaha, yaitu:

- Tanggal 22 Oktober 1973 dengan PT Bank Agung;
- Tanggal 30 November 1978 dengan PT Bank Tabungan Bandung;
- Tanggal 17 Oktober 1983 dengan PT Bank Amerta; dan
- Tanggal 1 November 2008 dengan PT Bank Lippo Tbk (lihat Catatan 1b).

AND FOR THE YEARS ENDED
31 DECEMBER 2017, 2016, AND 2015**
(Expressed in millions of Rupiah, unless otherwise stated)

1. GENERAL INFORMATION (continued)

a. Establishment and general information (continued)

- Pursuant to Notarial Deed No. 22 dated 21 April 2014, made by Notary Himawan Sutanto, S.H., regarding the changes of Article 3 paragraph 2, Article 14 paragraph 2, Article 14 paragraph 4, Article 17 paragraph 3, and Article 17 paragraph 5, which amendment was approved by the Minister of Law and Human Rights of the Republic of Indonesia in its letter No. AHU-02085.40.20.2014 year 2014 dated 29 April 2014.

According to Article 3 of its Articles of Association, Bank CIMB Niaga's scope of activities is to conduct general banking services in accordance with the prevailing laws and regulations, and to engage in other banking activities based on Sharia principles. Bank CIMB Niaga had started its banking activities based on the Sharia principles on 27 September 2004.

Bank CIMB Niaga had obtained the license to operate as a commercial bank, a foreign exchange bank, and a bank engaged in activities based on Sharia principles based on the decision letter of the Minister of Finance of the Republic of Indonesia No. 249544/U.M.II dated 11 November 1955, the decision letter of the Directors of BI No. 7/116/Kep/Dir/UD dated 22 November 1974, and the decision letter of the Governor of Bank Indonesia (BI) No. 6/71/KEP.GBI/2004 dated 16 September 2004.

Since establishment, Bank CIMB Niaga had 4 (four) mergers, on:

- 22 October 1973 with PT Bank Agung;
- 30 November 1978 with PT Bank Tabungan Bandung;
- 17 October 1983 with PT Bank Amerta; and
- 1 November 2008 with PT Bank Lippo Tbk (refer to Note 1b).

b. Penggabungan usaha dengan PT Bank Lippo Tbk

Pada tanggal 28 Oktober 2008 (sebelum tanggal efektif penggabungan), CIMB Group Sdn. Bhd. dan Santubong Ventures Sdn. Bhd. melakukan pembelian atas saham Santubong Investment BV. pada PT Bank Lippo Tbk ("Bank Lippo"), masing-masing sebanyak 51,00% dan 36,03%. Hal ini sesuai dengan Rancangan Penggabungan Usaha Bank CIMB Niaga dan Bank Lippo.

Sehubungan dengan diperolehnya persetujuan dari BI atas rencana penggabungan Bank Lippo ke dalam Bank CIMB Niaga melalui Surat Keputusan Gubernur BI No. 10/66/KEP.GBI/2008 tanggal 15 Oktober 2008 tentang "Pemberian Izin Penggabungan Usaha PT Bank Lippo Tbk ke dalam PT Bank CIMB Niaga Tbk", serta dengan diterimanya Surat Menteri Hukum dan Hak Asasi Manusia Republik Indonesia No. AHU-AH.01.10-22669 tanggal 22 Oktober 2008 perihal "Penerimaan Pemberitahuan Penggabungan Perseroan PT Bank CIMB Niaga Tbk", penggabungan usaha menjadi efektif pada tanggal 1 November 2008. Pernyataan penggabungan usaha ini memperoleh surat pemberitahuan efektif dari Bapepam-LK melalui surat No. S-4217/BL/2008 tanggal 30 Juni 2008.

1. GENERAL INFORMATION (continued)

a. Establishment and general information (continued)

Bank CIMB Niaga's head office is located at Jl. Jend. Sudirman Kav. 58, Jakarta. As at 31 December 2017 Bank CIMB Niaga's domestic branches, supporting branches, payment points, Sharia unit branches, and Sharia service offices are located in 28 (twenty eight) provinces throughout Indonesia (2016 and 2015: 28 provinces). As at 31 December 2017, 2016, and 2015 the number of Bank CIMB Niaga's branches and representative offices are as follows (unaudited):

b. Merger with PT Bank Lippo Tbk

On 28 October 2008 (before the effective date of merger), CIMB Group Sdn. Bhd. and Santubong Ventures Sdn. Bhd. acquired shares owned by Santubong Investment BV. of PT Bank Lippo Tbk ("Bank Lippo") being 51.00% and 36.03%, respectively. This is in accordance with the Merger Plan of Bank CIMB Niaga and Bank Lippo.

Upon receiving approval from BI on the merger plan of Bank Lippo into Bank CIMB Niaga through Decision Letter of the Governor of BI No.10/66/KEP.GBI/2008 dated 15 October 2008 regarding "Approval of Merger of PT Bank Lippo Tbk into PT Bank CIMB Niaga Tbk", and Letter of Minister of Law and Human Rights of Republic of Indonesia No. AHU-AH.01.10-22669 dated 22 October 2008 regarding "Acceptance of Notification on Merger of PT Bank CIMB Niaga Tbk", the merger was effective on 1 November 2008. Statement of this merger has received effective notice from Bapepam-LK through its letter No. S-4217/BL/2008 dated 30 June 2008.

1. INFORMASI UMUM (lanjutan)

c. Penawaran umum saham dan obligasi Bank CIMB Niaga serta Surat Hutang Jangka Menengah CIMB Niaga Auto Finance (lanjutan)

Penawaran umum obligasi (lanjutan)

Obligasi di atas mensyaratkan Bank CIMB Niaga antara lain untuk tidak melakukan pengeluaran obligasi atau instrumen surat hutang jangka menengah dan jangka panjang lainnya yang sejenis dengan obligasi yang mempunyai kedudukan lebih tinggi dan pembayarannya didahulukan dari obligasi subordinasi, sebagaimana tertulis dalam prospektus. Bank CIMB Niaga telah memenuhi pembatasan-pembatasan yang diwajibkan dalam perjanjian obligasi.

Sehubungan dengan penerbitan obligasi tersebut, PT Bank CIMB Niaga memperoleh peringkat "idAAA" dari PT Pefindo.

Entitas Anak: PT CIMB Niaga Auto Finance (CNAF)

Instrumen/ Instrument	Pernyataan efektif/ Effective registration	Persetujuan/ Approval	Jumlah pokok obligasi subordinasi/ The nominal value of the subordinated bonds	Jangka waktu/ Tenor	Tanggal jatuh tempo/ Maturity date	Tingkat bunga/ Interest rate	Tujuan/ Purpose	Wali Amanat - Keterkaitan usaha/ Trustee - Business linkages

2. KEBIJAKAN AKUNTANSI

Laporan keuangan konsolidasian PT Bank CIMB Niaga Tbk dan Entitas Anak diselesaikan dan diotorisasi untuk terbit oleh Direksi pada tanggal 26 Februari 2018.

Kebijakan akuntansi utama yang diterapkan dalam penyusunan laporan keuangan konsolidasian adalah seperti dijabarkan di bawah ini:

a. Dasar penyusunan laporan keuangan konsolidasian

Laporan keuangan konsolidasian pada tanggal 31 Desember 2017, 2016, dan 2015 disusun sesuai dengan Standar Akuntansi Keuangan di Indonesia yang dikeluarkan oleh Ikatan Akuntan Indonesia.

1. GENERAL INFORMATION (continued)

- e. Board of Commissioners, Board of Directors, Audit Committee, Risk Monitoring Committee, Nomination and Remuneration Committee, Sharia Supervisory Board, Internal Audit Unit, and Corporate Secretary (continued)**

As at 31 December 2017, 2016, and 2015 the members of Bank CIMB Niaga's Sharia Supervisory Board were as follows:

	2017, 2016, dan/and 2015	
Ketua	Bpk/Mr. Prof. Dr. M. Quraish Shihab, MA	Chairman
Anggota	Bpk/Mr. Prof. Dr. Fathurrahman Djamil, MA	Member
Anggota	Bpk/Mr. Dr. Yulizar Djamaluddin Sanrego Nz, M.Ec	Member

As at 31 December 2017, the Chief of Bank CIMB Niaga's Internal Audit Unit was Mr. Antonius Pramana Gunadi. As at 31 December 2016 and 2015 the Chief of Bank CIMB Niaga's Internal Audit Unit was Mrs. Restiana Linggadjaya.

As at 31 December 2017 and 2016, the Bank CIMB Niaga's Corporate Secretary was Mrs. Fransiska Oei. As at 31 December 2015 the Bank CIMB Niaga's Corporate Secretary was Mr. Rudy Hutagalung.

As at 31 December 2017, the number of employees of Bank CIMB Niaga was 12,782 (2016: 13,185; 2015: 13,577) (unaudited).

2. ACCOUNTING POLICIES

The consolidated financial statements of PT Bank CIMB Niaga Tbk and Subsidiary were completed and authorised for issuance by the Board of Directors on 26 February 2018.

The principal accounting policies adopted in preparing the consolidated financial statements are set out below:

a. Basis of preparation of the consolidated financial statements

The consolidated financial statements as at 31 December 2017, 2016, and 2015 were prepared in accordance with Indonesian Financial Accounting Standards issued by the Indonesian Institute of Accountants.

**PT BANK CIMB NIAGA Tbk
DAN ENTITAS ANAK/AND SUBSIDIARY**

**CATATAN ATAS LAPORAN KEUANGAN KONSOLIDASIAN
31 DESEMBER 2017, 2016, DAN 2015
SERTA TAHUN-TAHUN YANG BERAKHIR
31 DESEMBER 2017, 2016, DAN 2015**
(Dinyatakan dalam jutaan Rupiah, kecuali dinyatakan lain)

2. KEBIJAKAN AKUNTANSI (lanjutan)

a. Dasar penyusunan laporan keuangan konsolidasian
(lanjutan)

Laporan keuangan konsolidasian juga disusun sesuai dengan Keputusan Ketua Bapepam-LK (efektif 1 Januari 2013, OJK telah mengambil alih fungsi dari Bapepam-LK) No. KEP-347/BL/2012 tanggal 25 Juni 2012 yang merupakan perubahan terakhir atas Keputusan Ketua Bapepam-LK No. KEP 554/BL/2010 tanggal 30 Desember 2010 dan Keputusan Ketua Bapepam-LK No. KEP-06/PM/2000 tanggal 13 Maret 2000 yaitu Peraturan No. VIII.G.7 tentang "Pedoman Penyajian Laporan Keuangan".

Laporan keuangan konsolidasian disusun berdasarkan harga perolehan kecuali untuk aset keuangan yang diklasifikasikan dalam kelompok tersedia untuk dijual, aset dan liabilitas keuangan yang diukur pada nilai wajar melalui laba rugi, instrumen derivatif yang diukur berdasarkan nilai wajar, dan aset tetap berupa tanah dan bangunan yang diukur berdasarkan nilai wajar sesuai model revaluasi. Nilai tercatat dari aset dan liabilitas yang merupakan *item* yang dilindungi nilai dalam lindung atas nilai wajar, yang seharusnya disajikan sebesar harga perolehan disesuaikan dengan perubahan nilai wajar yang dapat diatribusikan dengan risiko yang dilindungi. Laporan keuangan konsolidasian disusun berdasarkan akuntansi berbasis akrual, kecuali laporan arus kas konsolidasian.

Laporan arus kas konsolidasian disusun menggunakan metode langsung dan arus kas dikelompokkan atas dasar kegiatan operasi, investasi, dan pendanaan. Untuk tujuan laporan arus kas konsolidasian, kas dan setara kas mencakup kas, giro pada BI, giro pada bank lain, dan investasi jangka pendek lancar lainnya dengan jangka waktu 3 (tiga) bulan atau kurang sejak tanggal perolehan.

Seluruh angka dalam laporan keuangan konsolidasian ini, kecuali dinyatakan secara khusus, dibulatkan menjadi dan disajikan dalam jutaan Rupiah yang terdekat.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
31 DECEMBER 2017, 2016, AND 2015
AND FOR THE YEARS ENDED
31 DECEMBER 2017, 2016, AND 2015**
(Expressed in millions of Rupiah, unless otherwise stated)

2. ACCOUNTING POLICIES (continued)

b. Basis of preparation of the consolidated financial statements (continued)

The consolidated financial statements have been also prepared in accordance with the Decree of Bapepam-LK (effective 1 January 2013, FSA takes over the function of Bapepam-LK) No. KEP-347/BL/2012 dated 25 June 2012 which is the latest change of the Decree of the Bapepam-LK No. KEP 554/BL/2010 dated 30 December 2010 and the Decree of the Bapepam-LK No. KEP-06/PM/2000 dated 13 March 2000 on Regulation No. VIII.G.7 regarding "Financial Statements Presentation Guidelines".

The consolidated financial statements have been prepared under the historical cost convention, except for financial assets classified as available-for-sale, financial assets and liabilities held at fair value through profit and loss, all derivative contracts which have been measured at fair value, and fixed assets of lands and buildings which have been measured at fair value in accordance with revaluation model. The carrying values of recognised assets and liabilities that are hedged items in fair value hedges, and otherwise carried at cost, are adjusted to record changes in fair value attributable to the risks that are being hedged. The consolidated financial statements are prepared under the accrual basis of accounting, except for the consolidated statement of cash flows.

The consolidated statement of cash flows is prepared based on the direct method by classifying cash flows on the basis of operating, investing, and financing activities. For the purpose of the consolidated statements of cash flows, cash and cash equivalents include cash, current accounts with BI, current accounts with other banks, and other short term highly liquid investments with original maturities of 3 (three) months or less from the acquisition date.

Figures in the consolidated financial statements are rounded to and stated in millions of Rupiah, unless otherwise stated.

(Expressed in millions of Rupiah, unless otherwise stated)

2. KEBIJAKAN AKUNTANSI (lanjutan)

a. Dasar penyusunan laporan keuangan konsolidasian (lanjutan)

Penyusunan laporan keuangan sesuai dengan Standar Akuntansi Keuangan di Indonesia mengharuskan penggunaan estimasi dan asumsi. Hal tersebut juga mengharuskan manajemen untuk membuat pertimbangan dalam proses penerapan kebijakan akuntansi Bank CIMB Niaga dan Entitas Anak. Area yang kompleks atau memerlukan tingkat pertimbangan yang lebih tinggi atau area dimana asumsi dan estimasi dapat berdampak signifikan terhadap laporan keuangan konsolidasian diungkapkan di Catatan 4.

b. Perubahan kebijakan akuntansi yang signifikan

Kecuali dinyatakan di bawah ini, kebijakan akuntansi telah diterapkan secara konsisten dengan laporan keuangan konsolidasian pada tanggal dan untuk tahun yang berakhir 31 Desember 2017 yang telah sesuai dengan Standar Akuntansi Keuangan di Indonesia.

Perubahan kebijakan akuntansi terkait aset tetap di tahun 2016 dapat dilihat di Catatan 2t. Perubahan ini terkait dengan perubahan kebijakan akuntansi dari metode biaya menjadi metode revaluasi dan diterapkan secara prospektif.

Dewan Standar Akuntansi Keuangan Ikatan Akuntan Indonesia ("DSAK-IAI") telah melakukan revisi atas beberapa standar akuntansi yang berlaku efektif pada tanggal 1 Januari 2017, sebagai berikut:

- PSAK 1 (revisi 2015): Penyajian Laporan Keuangan;
- ISAK 31 (revisi 2015): Interpretasi atas Ruang Lingkup PSAK 13: Properti Investasi;
- ISAK 32: Definisi dan hierarki standard akuntansi keuangan;
- PSAK 3 (revisi 2016): Laporan Keuangan Interim;

2. ACCOUNTING POLICIES (continued)

a. Basis of preparation of the consolidated financial statements (continued)

The preparation of financial statements in conformity with Indonesian Financial Accounting Standards requires the use of certain critical accounting estimates and assumptions. It also requires management to exercise its judgement in the process of applying the Bank CIMB Niaga and Subsidiary's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements are disclosed in Note 4.

b. Change in significant accounting policies

Except as described below, the accounting policies applied are consistent with those of the consolidated financial statements as at and for the years ended 31 December 2017 which conform to the Indonesian Financial Accounting Standards.

Change in accounting policy of fixed asset's in 2016 disclosed in Note 2t. The change relates with change of accounting policy from cost method to become revaluation method, and was applied prospectively.

Financial Accounting Standard Board of Indonesia Institute of Accounting ("DSAK-IAI") has issued revision of the following accounting standards which are effective as at 1 January 2017, as follows:

- SFAS 1 (revised 2015): Presentation of Financial Statement;
- IFAS 31 (revised 2015): Interpretation of Scope SFAS 13: Investment Property;
- ISFAS 32: Interpretation on definition and hierarchy of financial accounting standards
- SFAS 3 (revised 2016): Interim Financial Reporting;

**PT BANK CIMB NIAGA Tbk

(Dinyatakan dalam jutaan Rupiah, kecuali dinyatakan lain)

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
31 DECEMBER 2017, 2016, AND 2015
AND FOR THE YEARS ENDED
31 DECEMBER 2017, 2016, AND 2015**
(Expressed in millions of Rupiah, unless otherwise stated)

2. KEBIJAKAN AKUNTANSI (lanjutan)

b. Perubahan kebijakan akuntansi yang signifikan (lanjutan)

- PSAK 24 (revisi 2016): Imbalan Kerja;
- PSAK 58 (revisi 2016): Aset Tidak Lancar yang Dimiliki untuk Dijual dan Operasi yang Dihentikan;
- PSAK 60 (revisi 2016): Instrumen Keuangan: Pengungkapan;
- PSAK 101 (revisi 2016) "Penyajian Laporan Keuangan Syariah";
- PSAK 102 (revisi 2016): Akuntansi Murabahah;
- PSAK 103 (revisi 2016) "Akuntansi Salam";
- PSAK 104 (revisi 2016) "Akuntansi Istishna";
- PSAK 107 (revisi 2016) "Akuntansi Ijarah"; dan
- PSAK 108 (revisi 2016) "Akuntansi Transaksi Asuransi Syariah".

PSAK dan ISAK tersebut di atas tidak memiliki dampak yang signifikan terhadap jumlah yang dilaporkan pada tahun berjalan atau tahun-tahun sebelumnya.

c. Prinsip konsolidasi (PSAK 4)

Laporan keuangan konsolidasian meliputi laporan keuangan Bank CIMB Niaga dan Entitas Anak.

Bank mengendalikan suatu entitas ketika Bank terekspos terhadap, atau memiliki hak atas, pengembalian variabel dari keterlibatannya terhadap entitas dan memiliki kemampuan untuk mempengaruhi pengembalian tersebut melalui kekuasaannya atas entitas tersebut.

Dampak signifikan dari seluruh transaksi dan saldo antara perusahaan-perusahaan yang dikonsolidasikan telah dieliminasi dalam penyajian laporan keuangan konsolidasian.

Kebijakan akuntansi penting yang dipakai dalam penyajian laporan keuangan konsolidasian telah diterapkan secara konsisten oleh Bank CIMB Niaga dan Entitas Anak, kecuali dinyatakan secara khusus.

2. ACCOUNTING POLICIES (continued)

b. Change in significant accounting policies (continued)

- SFAS 24 (revised 2016): Employee Benefits;
- SFAS 58 (revised 2016): Non-Current Assets Held for Sale and Discontinued Operations;
- SFAS 60 (revised 2016): Financial Instruments: Disclosures;
- SFAS 101 (revised 2016) "Presentation of Syariah Financial Statement";
- SFAS 102 (revised 2016): Murabahah Accounting;
- SFAS 103 (revised 2016) "Salam Accounting";
- SFAS 104 (revised 2016) "Istishna Accounting";
- SFAS 107 (revised 2016) "Ijarah Accounting"; and
- SFAS 108 (revised 2016) "Accounting for Syariah Insurance Transactions".

All the above SFAS and IFAS had no significant effect on the amounts reported for current year or prior years.

c. Principles of consolidation (SFAS 4)

The consolidated financial statements include the financial statements of Bank CIMB Niaga and Subsidiary.

The Bank controls an entity when the Bank is exposed to, or has right to, variable returns from its involvement with the entity and has the ability to affect those return through its power over the entity.

The significant effects of all transactions and balances between the consolidated companies have been eliminated in preparing the consolidated financial statements.

The significant accounting policies adopted in preparing the consolidated financial statements have been consistently applied by Bank CIMB Niaga and Subsidiary, unless otherwise stated.

**PT BANK CIMB NIAGA Tbk

31 DECEMBER 2017, 2016, AND 2015
AND FOR THE YEARS ENDED
31 DECEMBER 2017, 2016, AND 2015**
(Expressed in millions of Rupiah, unless otherwise stated)

2. KEBIJAKAN AKUNTANSI (lanjutan)

c. Prinsip konsolidasi (PSAK 4) (lanjutan)

Kepentingan nonpengendali atas hasil usaha dan ekuitas Entitas Anak disajikan terpisah pada masing-masing laporan laba rugi dan penghasilan komprehensif lain konsolidasian serta laporan posisi keuangan konsolidasian.

Bila pengendalian atas suatu entitas diperoleh dalam periode berjalan, hasil usaha entitas tersebut dicatat sebagai laba/rugi sejak tanggal pengendalian dimulai. Bila pengendalian berakhir dalam periode berjalan, hasil usaha entitas tersebut dimasukkan ke dalam laporan keuangan konsolidasian untuk periode dimana pengendalian masih berlangsung.

d. Kebijakan Akuntansi Entitas Anak (PSAK 4)

Entitas Anak adalah seluruh entitas (termasuk entitas terstruktur) dimana Bank memiliki pengendalian. Bank mengendalikan entitas lain ketika Bank terekspos atas, atau memiliki hak untuk, pengembalian yang bervariasi dari keterlibatannya dengan entitas dan memiliki kemampuan untuk mempengaruhi pengembalian tersebut melalui kekuasaannya atas entitas tersebut. Entitas Anak dikonsolidasikan secara penuh sejak tanggal dimana pengendalian dialihkan kepada Bank. Entitas Anak tidak dikonsolidasikan lagi sejak tanggal dimana Bank kehilangan pengendalian.

Bank CIMB Niaga menggunakan metode akuisisi untuk mencatat kombinasi bisnis. Imbalan yang dialihkan untuk akuisisi suatu Entitas Anak adalah sebesar nilai wajar aset yang dialihkan, liabilitas yang diakui dan kepentingan ekuitas yang diterbitkan oleh Bank CIMB Niaga. Imbalan yang dialihkan termasuk nilai wajar aset atau liabilitas yang timbul dari kesepakatan imbalan kontinjensi.

Biaya terkait akuisisi dibebankan ketika terjadi. Aset teridentifikasi yang diperoleh dan liabilitas serta liabilitas kontinjensi yang diambil alih dalam suatu kombinasi bisnis diukur pada awalnya sebesar nilai wajar pada tanggal akuisisi.

2. ACCOUNTING POLICIES (continued)

c. Principles of consolidation (SFAS 4) (continued)

Non-controlling interests in the results and equity of the Subsidiary are shown separately in the consolidated statement of profit or loss and other comprehensive income and consolidated statement of financial positions, respectively.

Where control of an entity is obtained during a current period, its results are recorded as profit/loss from the date on which control commences. When control ceases during a current period, its results are included in the consolidated financial statements for the part of the period during which control existed.

d. Accounting Policies for Subsidiary (SFAS 4)

Subsidiary is all entities (including structured entities) over which the Bank has control. The Bank controls an entity when the Bank is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiary is fully consolidated from the date on which control is transferred to the Bank. They are deconsolidated from the date on which that control ceases.

Bank CIMB Niaga uses the acquisition method of accounting to account for business combinations. The consideration transferred for the acquisition of a Subsidiary is the fair value of the assets transferred, the liabilities incurred and the equity interests issued by Bank CIMB Niaga. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement.

Acquisition related costs are expensed as incurred. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date.

2. KEBIJAKAN AKUNTANSI (lanjutan)

d. Kebijakan Akuntansi Entitas Anak (PSAK 4)
(lanjutan)

Untuk setiap akuisisi, Bank CIMB Niaga mengakui kepentingan nonpengendali pada pihak yang diakuisisi baik sebesar nilai wajar atau sebesar bagian proporsional kepentingan nonpengendali atas aset neto pihak yang diakuisisi.

Selisih lebih imbalan yang dialihkan, jumlah kepentingan nonpengendali pada pihak yang diakuisisi serta nilai wajar pada tanggal akuisisi kepentingan ekuitas sebelumnya dimiliki pihak pengakuisisi atas nilai wajar aset teridentifikasi yang diakuisisi dicatat sebagai *goodwill*. Jika jumlah ini lebih rendah dari nilai wajar aset neto entitas yang diakuisisi dalam kasus pembelian dengan diskon, selisihnya diakui langsung sebagai laba/rugi.

Transaksi dengan kepentingan nonpengendali yang tidak mengakibatkan hilangnya pengendalian merupakan transaksi ekuitas. Selisih antara nilai wajar imbalan yang dibayar dan bagian yang diakuisisi atas nilai tercatat aset neto entitas anak dicatat pada ekuitas. Keuntungan atau kerugian pelepasan kepentingan nonpengendali juga dicatat pada ekuitas.

e. Penjabaran mata uang asing (PSAK 10 dan 52)

Mata uang fungsional

Laporan keuangan konsolidasian Bank dan Entitas Anak disajikan dalam Rupiah yang merupakan mata uang fungsional Bank.

Mata uang pelaporan

Laporan keuangan konsolidasian disajikan dalam mata uang Rupiah, yang merupakan mata uang pelaporan Bank CIMB Niaga dan Entitas Anak.

Transaksi dan saldo

Transaksi dalam mata uang asing dijabarkan ke dalam mata uang Rupiah dengan menggunakan kurs yang berlaku pada tanggal transaksi.

2. ACCOUNTING POLICIES (continued)

d. Accounting Policies for Subsidiary (SFAS 4)
(continued)

On an acquisition by acquisition basis, Bank CIMB Niaga recognises any non-controlling interest in the acquiree either at fair value or at the non-controlling interest's proportionate share of the acquiree's net assets.

The excess of the consideration transferred the amount of any non-controlling interest in the acquiree and the acquisition date fair value of any previous equity interest in the acquiree over the fair value of the identifiable net assets acquired is recorded as goodwill. If this is less than the fair value of the net assets of the subsidiary acquired in the case of a bargain purchase, the difference is recognised directly in profit/loss.

Transactions with non-controlling interests that do not result in loss of control are accounted for as equity transactions. The difference between the fair value of any consideration paid and the relevant share acquired of the carrying value of net assets of the subsidiary is recorded in equity. Gains or losses on disposals to non-controlling interests are also recorded in equity.

e. Foreign currency translation (SFAS 10 and 52)

Functional currency

Consolidated financial statements of the Bank and Subsidiary are presented in Rupiah which is the functional currency of the Bank.

Reporting currency

The consolidated financial statements are presented in Rupiah, which is the reporting currency of Bank CIMB Niaga and Subsidiary.

Transactions and balances

Transactions denominated into a foreign currency are converted into Rupiah at the exchange rate prevailing at the date of the transaction.

(lanjutan)**

Transaksi dan saldo (lanjutan)

Aset dan liabilitas moneter dalam mata uang asing dijabarkan ke dalam Rupiah menggunakan kurs penutupan pada tanggal pelaporan dengan menggunakan kurs *spot Reuters* pada pukul 16.00 WIB untuk tanggal 31 Desember 2017, 2016, dan 2015. Aset dan liabilitas nonmoneter dalam mata uang asing yang diukur berdasarkan biaya perolehan diamortisasi dijabarkan ke dalam Rupiah dengan kurs pada tanggal pengakuan awal. Aset dan liabilitas nonmoneter yang diukur berdasarkan nilai wajar dijabarkan ke dalam Rupiah dengan kurs pada tanggal nilai wajar ditentukan.

Keuntungan atau kerugian selisih kurs yang timbul dari transaksi dalam mata uang asing dan dari penjabaran aset dan liabilitas moneter dalam mata uang asing, diakui sebagai laba/rugi, kecuali apabila ditangguhkan pada pendapatan komprehensif lainnya sebagai lindung nilai arus kas yang memenuhi syarat.

Selisih penjabaran mata uang asing atas efek utang dan aset moneter keuangan lainnya yang diukur berdasarkan nilai wajar dicatat sebagai bagian dari keuntungan dan kerugian selisih kurs.

Berikut ini adalah kurs mata uang asing utama yang digunakan untuk penjabaran pada tanggal 31 Desember 2017, 2016, dan 2015 :

	2017	2016	2015	
Pound Sterling	18,326	16,555	20,439	Pound Sterling
Euro	16,236	14,176	15,057	Euro
Franc Swiss	13,901	13,209	13,919	Swiss Franc
Dolar Amerika Serikat	13,568	13,473	13,785	United States Dollar
Dolar Kanada	10,822	9,986	9,924	Canadian Dollar
Dolar Australia	10,594	9,723	10,084	Australian Dollar
Dolar Singapura	10,155	9,312	9,759	Singapore Dollar
Dolar Selandia Baru	9,651	9,363	9,445	New Zealand Dollar
Dolar Hongkong	1,736	1,737	1,779	Hongkong Dollar
Yen Jepang	121	115	115	Japanese Yen

2. ACCOUNTING POLICIES (continued)

**e. Foreign currency translation (SFAS 10 and 52)
(continued)**

Transactions and balances (continued)

Monetary assets and liabilities denominated in foreign currency are translated into Rupiah with the closing rate as at the reporting date using the Reuters spot rates at 4.00 p.m. WIB (Western Indonesian Time) on 31 December 2017, 2016, and 2015. Non-monetary assets and liabilities measured at historical cost denominated in a foreign currency are translated into Rupiah with the exchange rate as at the date of initial recognition. Non-monetary assets and liabilities in a foreign currency that are measured at fair value are translated into Rupiah using the exchange rates at the date when the fair value was determined.

Exchange gains or losses arising on transactions in foreign currency and on the translation of foreign currency monetary assets and liabilities are recognised as profit/loss, except when deferred in other comprehensive income as qualifying cash flow hedges.

Translation differences on debt securities and other monetary financial assets measured at fair value are included in foreign exchange gains and losses.

Below are the major exchange rates used for translation as at 31 December 2017, 2016, and 2015:

2. KEBIJAKAN AKUNTANSI (lanjutan)

f. Aset dan liabilitas keuangan (PSAK 50 dan 55)

(i) Aset keuangan

Bank dan Entitas Anak mengklasifikasikan aset keuangannya dalam kategori (A) aset keuangan yang diukur pada nilai wajar melalui laba rugi, (B) kredit yang diberikan dan piutang, (C) aset keuangan dimiliki hingga jatuh tempo, dan (D) aset keuangan tersedia untuk dijual. Klasifikasi ini tergantung dari tujuan perolehan aset keuangan tersebut. Manajemen menentukan klasifikasi aset keuangan tersebut pada saat awal pengakuannya.

(A) Aset keuangan yang diukur pada nilai wajar melalui laba rugi

Kategori ini terdiri dari dua subkategori: aset keuangan yang diklasifikasikan dalam kelompok diperdagangkan dan aset keuangan yang pada saat pengakuan awal telah ditetapkan untuk diukur pada nilai wajar melalui laba/rugi.

Aset keuangan diklasifikasikan dalam kelompok diperdagangkan jika diperoleh atau dimiliki terutama untuk tujuan dijual atau dibeli kembali dalam waktu dekat atau jika merupakan bagian dari portofolio instrumen keuangan tertentu yang dikelola bersama dan terdapat bukti mengenai pola ambil untung dalam jangka pendek (*short term profit taking*) yang terkini. Derivatif juga dikategorikan dalam kelompok diperdagangkan, kecuali derivatif yang ditetapkan dan efektif sebagai instrumen lindung nilai. Aset keuangan yang diklasifikasikan dalam kelompok diperdagangkan terdiri dari efek-efek, Obligasi Pemerintah, dan tagihan derivatif.

(Expressed in millions of Rupiah, unless otherwise stated)

2. ACCOUNTING POLICIES (continued)

f. Financial assets and liabilities (SFAS 50 and 55)

(i) Financial assets

Bank and Subsidiary classifies its financial assets in the following categories of (A) financial assets at fair value through profit and loss, (B) loans and receivables, (C) held-to-maturity financial assets, and (D) available-for-sale financial assets. The classification depends on the purpose for which the financial assets were acquired. Management determines the classification of its financial assets at initial recognition.

(A) Financial assets at fair value through profit or loss

This category comprises two sub-categories: financial assets classified as held for trading and financial assets designated as at fair value through profit/loss upon initial recognition.

A financial asset is classified as held for trading if it is acquired or incurred principally for the purpose of selling or repurchasing it in the near term or if it is part of a portfolio of identified financial instruments that are managed together and for which there is evidence of a recent actual pattern of short term profit taking. Derivatives are also categorised as held for trading unless they are designated and effective as hedging instruments. Financial assets held for trading consist of marketable securities, Government Bonds, and derivative receivables.

31 DECEMBER 2017, 2016, AND 2015
AND FOR THE YEARS ENDED
31 DECEMBER 2017, 2016, AND 2015**
(Expressed in millions of Rupiah, unless otherwise stated)

2. KEBIJAKAN AKUNTANSI (lanjutan)

**f. Aset dan liabilitas keuangan (PSAK 50 dan 55)
(lanjutan)**

(i) Aset keuangan (lanjutan)

**(A) Aset keuangan yang diukur pada nilai wajar
melalui laba rugi (lanjutan)**

Instrumen keuangan yang dikelompokkan ke dalam kategori ini diakui pada nilai wajarnya pada saat pengakuan awal; biaya transaksi (jika ada) diakui secara langsung sebagai laba/rugi. Keuntungan dan kerugian yang timbul dari perubahan nilai wajar dan penjualan instrumen keuangan diakui sebagai laba/rugi dan dicatat masing-masing sebagai "Keuntungan/(kerugian) dari perubahan nilai wajar instrumen keuangan" dan "Keuntungan/(kerugian) dari penjualan instrumen keuangan". Pendapatan bunga dari instrumen keuangan dalam kelompok diperdagangkan dicatat sebagai "Pendapatan bunga".

(B) Kredit yang diberikan dan piutang

Kredit yang diberikan dan piutang adalah aset keuangan nonderivatif dengan pembayaran tetap atau telah ditentukan dan tidak mempunyai kuotasi di pasar aktif, kecuali:

- a) yang dimaksudkan untuk dijual dalam waktu dekat, yang diklasifikasikan dalam kelompok diperdagangkan, serta yang pada saat pengakuan awal ditetapkan sebagai diukur pada nilai wajar melalui laba/rugi;
- b) yang pada saat pengakuan awal ditetapkan dalam kelompok tersedia untuk dijual; atau
- c) dalam hal mungkin tidak akan diperoleh kembali investasi awal secara substansial kecuali yang disebabkan oleh penurunan kualitas kredit yang diberikan dan piutang.

Lihat Catatan 2o untuk kebijakan akuntansi mengenai kredit yang diberikan.

2. ACCOUNTING POLICIES (continued)

**f. Financial assets and liabilities (SFAS 50 and 55)
(continued)**

(i) Financial assets (continued)

**(A) Financial assets at fair value through profit or
loss (continued)**

Financial instruments included in this category are recognised initially at fair value; transaction costs (if any) are recognised directly as profit/loss. Gains and losses arising from changes in fair value and sales of these financial instruments are recognised directly as profit/loss and are reported respectively as "Gains/(losses) from changes in fair value of financial instruments" and "Gains/(losses) from sale of financial instruments". Interest income on financial instruments held for trading are included in "Interest income".

(B) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market, other than:

- a) those that intends to be sold immediately or in the short term, which are classified as held for trading, and those that the entity upon initial recognition designates as at fair value through profit/loss;
- b) those that upon initial recognition designates as available-for-sale; or
- c) those for which the holder may not recover substantially all of its initial investment, other than because of loans and receivables deterioration.

Refer to Note 2o for the accounting policy regarding loan.

2. KEBIJAKAN AKUNTANSI (lanjutan)

**f. Aset dan liabilitas keuangan (PSAK 50 dan 55)
(lanjutan)**

(i) Aset keuangan (lanjutan)

(B) Kredit yang diberikan dan piutang (lanjutan)

Pada saat pengakuan awal, kredit yang diberikan dan piutang diakui pada nilai wajarnya ditambah biaya transaksi (jika ada) dan selanjutnya diukur pada biaya perolehan diamortisasi dengan menggunakan metode suku bunga efektif dikurangi cadangan kerugian penurunan nilai. Pendapatan dari aset keuangan dalam kelompok kredit yang diberikan dan piutang dicatat sebagai laba/rugi dan dilaporkan sebagai "Pendapatan bunga".

Dalam hal terjadi penurunan nilai, kerugian penurunan nilai dilaporkan sebagai pengurang dari nilai tercatat dari aset keuangan dalam kelompok kredit yang diberikan dan piutang, dan diakui pada laba/rugi sebagai "Pembentukan cadangan kerugian penurunan nilai atas aset keuangan".

(C) Aset keuangan dimiliki hingga jatuh tempo

Aset keuangan dalam kelompok dimiliki hingga jatuh tempo adalah aset keuangan nonderivatif dengan pembayaran tetap atau telah ditentukan dan jatuh temponya telah ditetapkan, serta Bank CIMB Niaga mempunyai intensi positif dan kemampuan untuk memiliki aset keuangan tersebut hingga jatuh tempo, kecuali:

- a) investasi yang pada saat pengakuan awal ditetapkan sebagai aset keuangan yang diukur pada nilai wajar melalui laba/rugi;
- b) investasi yang ditetapkan oleh Bank CIMB Niaga dalam kelompok tersedia untuk dijual; dan
- c) investasi yang memiliki definisi kredit yang diberikan dan piutang.

2. ACCOUNTING POLICIES (continued)

**f. Financial assets and liabilities (SFAS 50 and 55)
(continued)**

(i) Financial assets (continued)

(B) Loans and receivables (continued)

Loans and receivables are initially recognised at fair value plus transaction costs (if any) and subsequently measured at amortised cost using the effective interest rate method less allowance for impairment losses. Income on financial assets classified as loans and receivables is recorded as profit/loss and is reported as "Interest income".

In the case of impairment, the impairment loss is reported as a deduction from the carrying value of the financial assets classified as loan and receivables recognised as profit/loss and is reported as "Allowance for impairment losses on financial assets".

(C) Held-to-maturity financial assets

Held-to-maturity financial assets are non-derivative financial assets with fixed or determinable payments and fixed maturities that Bank CIMB Niaga has the positive intention and ability to hold to maturity, other than:

- a) *those that Bank CIMB Niaga upon initial recognition designates as at fair value through profit/loss;*
- b) *those that Bank CIMB Niaga designates as available-for-sale; and*
- c) *those that meet the definition of loans and receivables.*

2. KEBIJAKAN AKUNTANSI (lanjutan)

**f. Aset dan liabilitas keuangan (PSAK 50 dan 55)
(lanjutan)**

(i) Aset keuangan (lanjutan)

(C) Aset keuangan dimiliki hingga jatuh tempo

Pada saat pengakuan awal, aset keuangan dimiliki hingga jatuh tempo diakui pada nilai wajarnya ditambah biaya transaksi (jika ada) dan selanjutnya diukur pada biaya perolehan diamortisasi dengan menggunakan suku bunga efektif dikurangi cadangan kerugian penurunan nilai.

Pendapatan bunga dari investasi dimiliki hingga jatuh tempo dicatat sebagai laba/rugi dan dilaporkan sebagai "Pendapatan bunga". Ketika penurunan nilai terjadi, kerugian penurunan nilai diakui sebagai pengurang dari nilai tercatat investasi dan diakui di dalam laporan keuangan konsolidasian sebagai "Pembentukan cadangan kerugian penurunan nilai atas aset keuangan".

(D) Aset keuangan tersedia untuk dijual

Aset keuangan dalam kelompok tersedia untuk dijual adalah aset keuangan nonderivatif yang ditetapkan untuk dimiliki untuk periode tertentu dimana akan dijual dalam rangka pemenuhan likuiditas atau perubahan suku bunga, valuta asing atau yang tidak diklasifikasikan sebagai kredit yang diberikan atau piutang, aset keuangan yang diklasifikasikan dalam kelompok dimiliki hingga jatuh tempo atau aset keuangan yang diukur pada nilai wajar melalui laba/rugi.

2. ACCOUNTING POLICIES (continued)

**f. Financial assets and liabilities (SFAS 50 and 55)
(continued)**

(i) Financial assets (continued)

(C) Held-to-maturity financial assets

These are initially recognised at fair value including transaction costs (if any) and subsequently measured at amortised cost, using the effective interest method less allowance for impairment losses.

Interest income on held-to-maturity investments is recorded as profit/loss and reported as "Interest income". In the case of an impairment, the impairment loss is reported as a deduction from the carrying value of the investment and recognised in the consolidated financial statement as "Allowance for impairment losses on financial assets".

(D) Available-for-sale financial assets

Available-for-sale financial assets are non-derivative financial assets that are intended to be held for indefinite period of time, which may be sold in response to needs for liquidity or changes in interest rates, exchange rates or that are not classified as loans and receivables, held-to-maturity financial assets or financial assets at fair value through profit/loss.

(Expressed in millions of Rupiah, unless otherwise stated)

2. KEBIJAKAN AKUNTANSI (lanjutan)

f. Aset dan liabilitas keuangan (PSAK 50 dan 55)
(lanjutan)

(i) Aset keuangan (lanjutan)

(D) Aset keuangan tersedia untuk dijual

Pada saat pengakuan awalnya, aset keuangan tersedia untuk dijual diakui pada nilai wajarnya ditambah biaya transaksi (jika ada) dan selanjutnya diukur pada nilai wajarnya dimana keuntungan atau kerugian diakui sebagai pendapatan komprehensif lainnya, kecuali untuk kerugian penurunan nilai dan laba rugi selisih kurs, hingga aset keuangan dihentikan pengakuannya. Jika aset keuangan tersedia untuk dijual mengalami penurunan nilai, akumulasi laba atau rugi yang sebelumnya diakui di pendapatan komprehensif lainnya, diakui sebagai laba/rugi. Pendapatan bunga dihitung menggunakan metode suku bunga efektif dan keuntungan atau kerugian yang timbul akibat perubahan nilai tukar dari aset moneter yang diklasifikasikan sebagai kelompok tersedia untuk dijual diakui sebagai laba/rugi.

Pengakuan

Bank CIMB Niaga menggunakan akuntansi tanggal transaksi untuk mencatat transaksi aset keuangan yang lazim. Aset keuangan yang dialihkan kepada pihak ketiga tetapi tidak memenuhi syarat penghentian pengakuan (jika ada) disajikan di dalam laporan posisi keuangan konsolidasian sebagai "Aset yang dijaminan", jika pihak penerima memiliki hak untuk menjual atau mentransfer kembali.

(ii) Liabilitas keuangan

Bank CIMB Niaga dan Entitas Anak mengklasifikasikan liabilitas keuangan dalam kategori (A) liabilitas keuangan yang diukur pada nilai wajar melalui laba rugi dan (B) liabilitas keuangan yang diukur dengan biaya perolehan diamortisasi.

2. ACCOUNTING POLICIES (continued)

f. Financial assets and liabilities (SFAS 50 and 55)
(continued)

(i) Financial assets (continued)

(D) Available-for-sale financial assets

Available-for-sale financial assets are initially recognised at fair value, plus transaction costs (if any), and measured subsequently at fair value with gains or losses being recognised as other comprehensive income, except for impairment losses and foreign exchange gains and losses, until the financial assets is derecognised. If an available-for-sale financial asset is determined to be impaired, the cumulative gain or loss previously recognised in other comprehensive income is recognised in the profit/loss. Interest income is calculated using the effective interest method and foreign currency gains or losses on monetary assets classified as available-for-sale are recognised as profit/loss.

Recognition

Bank CIMB Niaga uses trade date accounting for regular way contracts when recording financial asset transactions. Financial assets that are transferred to a third party but not qualify for derecognition (if any) are presented in the consolidated statement of financial position as "Pledged assets", if the transferee has the right to sell or repledge them.

(ii) Financial liabilities

Bank CIMB Niaga and Subsidiary classified its financial liabilities in the category of (A) financial liabilities at fair value through profit or loss and (B) financial liabilities measured at amortised cost.

2. KEBIJAKAN AKUNTANSI (lanjutan)

**f. Aset dan liabilitas keuangan (PSAK 50 dan 55)
(lanjutan)**

(ii) Liabilitas keuangan (lanjutan)

(A) Liabilitas keuangan yang diukur pada nilai wajar melalui laba/rugi

Kategori ini terdiri dari dua subkategori: liabilitas keuangan diklasifikasikan sebagai diperdagangkan dan liabilitas keuangan yang pada saat pengakuan awal telah ditetapkan oleh Bank CIMB Niaga untuk diukur pada nilai wajar melalui laba/rugi.

Pada saat pengakuan awal dan selanjutnya dicatat pada nilai wajar.

Liabilitas keuangan diklasifikasikan sebagai diperdagangkan jika diperoleh terutama untuk tujuan dijual atau dibeli kembali dalam waktu dekat, atau jika merupakan bagian dari portofolio instrumen keuangan tertentu yang dikelola bersama dan terdapat bukti mengenai pola ambil untung dalam jangka pendek yang terkini. Derivatif diklasifikasikan sebagai instrumen diperdagangkan kecuali ditetapkan dan efektif sebagai instrumen lindung nilai.

Keuntungan dan kerugian yang timbul dari perubahan nilai wajar liabilitas keuangan yang diklasifikasikan sebagai diperdagangkan dicatat pada laba/rugi dan dilaporkan sebagai "Keuntungan/(kerugian) dari perubahan nilai wajar instrumen keuangan". Beban bunga dari liabilitas keuangan yang diklasifikasikan sebagai diperdagangkan dicatat di dalam "Beban bunga".

Jika Bank CIMB Niaga pada pengakuan awal telah menetapkan instrumen hutang tertentu sebagai nilai wajar melalui laba/rugi, maka selanjutnya, penetapan ini tidak dapat diubah. Berdasarkan PSAK 55 (Revisi 2014), penggunaan nilai wajar diterapkan pada instrumen hutang yang terdiri dari kontrak utama dan derivatif melekat, jika tidak dapat dipisahkan.

2. ACCOUNTING POLICIES (continued)

**f. Financial assets and liabilities (SFAS 50 and 55)
(continued)**

(ii) Financial liabilities (continued)

(A) Financial liabilities at fair value through profit/loss

This category comprises two sub-categories: financial liabilities classified as held for trading and financial liabilities designated by Bank CIMB Niaga as at fair value through profit/loss upon initial recognition.

At the initial and subsequent recognition, is recorded at its fair value.

A financial liability is classified as held for trading if it is acquired or incurred principally for the purpose of selling or repurchasing it in the near term, or if it is part of a portfolio of identified financial instruments that are managed together and there is evidence of a recent actual pattern of short term profit taking. Derivatives are also categorised as held for trading instrument unless they are designated and effective as hedging instruments.

Gains and losses arising from changes in fair value of financial liabilities classified as held for trading are recorded as profit/loss and are reported as "Gains/(losses) from changes in fair value of financial instruments". Interest expenses on financial liabilities held for trading are included in "Interest expenses".

If Bank CIMB Niaga designated certain debt securities upon initial recognition as fair value through profit/loss, then this designation cannot be changed subsequently. According to SFAS 55 (Revised 2014), the use of fair value is applied on the debt instrument which consists of host contract and embedded derivatives, if can not be separated.

2. KEBIJAKAN AKUNTANSI (lanjutan)

**f. Aset dan liabilitas keuangan (PSAK 50 dan 55)
(lanjutan)**

(ii) Liabilitas keuangan (lanjutan)

(A) Liabilitas keuangan yang diukur pada nilai wajar melalui laba/rugi (lanjutan)

Perubahan nilai wajar terkait dengan liabilitas keuangan yang ditetapkan untuk diukur pada nilai wajar melalui laba/rugi diakui di dalam "Keuntungan/(kerugian) dari perubahan nilai wajar instrumen keuangan".

(B) Liabilitas keuangan yang diukur dengan biaya perolehan diamortisasi

Liabilitas keuangan yang tidak diklasifikasikan sebagai liabilitas keuangan yang diukur pada nilai wajar melalui laba/rugi dikategorikan dan diukur dengan biaya perolehan diamortisasi.

Pada saat pengakuan awal, liabilitas keuangan yang diukur dengan biaya perolehan diamortisasi, diukur pada nilai wajar dikurangi biaya transaksi (jika ada).

Setelah pengakuan awal, Bank CIMB Niaga dan Entitas Anak mengukur seluruh liabilitas keuangan yang diukur dengan biaya perolehan diamortisasi dengan menggunakan metode suku bunga efektif.

(iii) Penentuan nilai wajar

Nilai wajar adalah harga yang akan diterima untuk menjual suatu aset atau harga yang akan dibayar untuk mengalihkan suatu liabilitas dalam transaksi teratur (*orderly transaction*) antara pelaku pasar (*market participants*) pada tanggal pengukuran di pasar utama atau, jika tidak terdapat pasar utama, di pasar yang paling menguntungkan dimana Bank memiliki akses pada tanggal tersebut. Nilai wajar liabilitas mencerminkan risiko wanprestasinya.

2. ACCOUNTING POLICIES (continued)

**f. Financial assets and liabilities (SFAS 50 and 55)
(continued)**

(ii) Financial liabilities (continued)

(A) Financial liabilities at fair value through profit/loss (continued)

Fair value changes relating to financial liabilities designated at fair value through profit/loss are recognised in "Gains/(losses) from changes in fair value of financial instruments".

(B) Financial liabilities at amortised cost

Financial liabilities that are not classified as fair value through profit/loss fall into this category and are measured at amortised cost.

Financial liabilities at amortised cost are initially measured at fair value less transaction costs (if any).

After initial recognition, Bank CIMB Niaga and Subsidiary measures all financial liabilities at amortised cost using effective interest rates method.

(iii) Determination of fair value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal market or, in its absence, the most advantageous market to which the Bank has access at that date. The fair value of a liability reflects its non-performance risk.

2. KEBIJAKAN AKUNTANSI (lanjutan)

**f. Aset dan liabilitas keuangan (PSAK 50 dan 55)
(lanjutan)**

(iii) Penentuan nilai wajar (lanjutan)

Jika tersedia, Bank mengukur nilai wajar instrumen keuangan dengan menggunakan harga kuotasian di pasar aktif untuk instrumen tersebut.

Instrumen keuangan dianggap memiliki kuotasi di pasar aktif, jika harga kuotasi tersedia sewaktu-waktu dan dapat diperoleh secara rutin dari bursa, pedagang efek (*dealer*), perantara efek (*broker*), kelompok industri, badan pengawas (*pricing service* atau *regulatory agency*), dan harga tersebut mencerminkan transaksi pasar yang aktual dan rutin dalam suatu transaksi yang wajar. Jika kriteria di atas tidak terpenuhi, maka pasar aktif dinyatakan tidak tersedia. Indikasi-indikasi dari pasar tidak aktif adalah terdapat selisih yang besar antara harga penawaran dan permintaan atau kenaikan signifikan dalam selisih harga penawaran dan permintaan dan hanya terdapat beberapa transaksi terkini.

Nilai wajar untuk instrumen keuangan yang diperdagangkan di pasar aktif ditentukan berdasarkan nilai pasar yang berlaku pada tanggal laporan posisi keuangan. Termasuk di dalamnya adalah nilai pasar dari *IDMA* (*Interdealer Market Association*) atau harga yang diberikan oleh broker (*quoted price*) dari *Bloomberg* dan *Reuters* pada tanggal laporan posisi keuangan.

Nilai wajar untuk semua instrumen keuangan lainnya ditentukan dengan menggunakan teknik penilaian. Dengan teknik ini, nilai wajar merupakan suatu estimasi yang dihasilkan dari data yang dapat diobservasi dari instrumen keuangan yang sama, menggunakan model-model untuk mendapatkan estimasi nilai kini dari arus kas masa depan yang diharapkan atau teknik penilaian lainnya menggunakan input yang tersedia pada tanggal laporan posisi keuangan konsolidasian.

(Expressed in millions of Rupiah, unless otherwise stated)

2. ACCOUNTING POLICIES (continued)

**f. Financial assets and liabilities (SFAS 50 and 55)
(continued)**

(iii) Determination of fair value (continued)

When available, the Bank measures the fair value of a financial instrument using the quoted price in an active market for that instrument.

A financial instrument is considered has quoted in an active market, if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. If the above criteria are not met, the market is regarded as being inactive. Indications that a market is inactive are when there is a wide bid-offer spread or significant increase in the bid-offer spread or there are few recent transactions.

The fair value of financial instruments traded in active markets is determined based on quoted market prices at the statement of financial position date. This includes IDMA's (Interdealer Market Association) quoted market prices or broker's quoted price from Bloomberg and Reuters on the statement of financial position date.

For all other financial instruments, fair value is determined using valuation techniques. In these techniques, fair values are estimated from observable data in respect of similar financial instruments, using models to estimate the present value of expected future cash flows or other valuation techniques, using inputs existing at the dates of the consolidated statement of financial position.

2. KEBIJAKAN AKUNTANSI (lanjutan)

**f. Aset dan liabilitas keuangan (PSAK 50 dan 55)
(lanjutan)**

(iii) Penentuan nilai wajar (lanjutan)

Bank menggunakan beberapa teknik penilaian yang digunakan secara umum untuk menentukan nilai wajar dari instrumen keuangan dengan tingkat kompleksitas yang rendah, seperti opsi mata uang, *swap* suku bunga dan *swap* mata uang. Input yang digunakan dalam teknik penilaian untuk instrumen keuangan di atas adalah data pasar yang dapat diobservasi.

Untuk instrumen yang lebih kompleks, Bank CIMB Niaga menggunakan model penilaian internal, yang pada umumnya berdasarkan teknik dan metode penilaian yang umumnya diakui sebagai standar industri. Model penilaian terutama digunakan untuk menilai kontrak derivatif yang ditransaksikan melalui pasar *over the counter* (OTC) dan instrumen hutang lainnya yang pasarnya tidak aktif. Input dari model ini tidak berasal dari data yang dapat diobservasi di pasar.

Untuk instrumen keuangan yang tidak mempunyai harga pasar, estimasi atas nilai wajar ditetapkan dengan mengacu pada nilai wajar instrumen lain yang secara substansi memiliki karakteristik yang sama atau dihitung berdasarkan ekspektasi arus kas yang didiskonto dengan tingkat suku bunga pasar yang relevan.

Nilai wajar atas *over the counter* (OTC) instrumen ditentukan menggunakan teknik penilaian yang diterima secara umum di dalam pasar keuangan, seperti *present value* dan *option pricing models*. Nilai wajar dari *forward* mata uang asing ditentukan dengan nilai tukar *forward* saat ini. *Structured interest rate derivatives* ditentukan menggunakan *option pricing models* (sebagai contoh, the *Black-Scholes model*).

2. ACCOUNTING POLICIES (continued)

**f. Financial assets and liabilities (SFAS 50 and 55)
(continued)**

(iii) Determination of fair value (continued)

Bank uses widely recognised valuation models for determining fair values of non-standardised financial instruments of lower complexity, such as currency options, interest rate swaps, and currency swaps. For these financial instruments, inputs into models are observable market data.

For more complex instruments, Bank CIMB Niaga uses internally developed models, which are usually based on valuation methods and techniques generally recognised as standard within the industry. Valuation models are used primarily to value derivatives contract transacted in the *over the counter* (OTC) market and other debt instruments for which markets were or have become illiquid. The inputs to these models may not be observable market data.

For financial instruments with no quoted market price, a reasonable estimate of the fair value is determined by reference to the current market value of another instrument which substantially have the same characteristic or calculated based on expected cash flows discounted by relevant market rates.

The fair value of *over the counter* (OTC) instrument is determined using valuation methods that are commonly accepted in the financial markets, such as *present value* and *option pricing models*. The fair value of foreign exchange forwards is generally based on current forward exchange rates. *Structured interest rate derivatives* are measured using appropriate *option pricing models* (for example, the *Black-Scholes model*).

(Expressed in millions of Rupiah, unless otherwise stated)

2. KEBIJAKAN AKUNTANSI (lanjutan)

**f. Aset dan liabilitas keuangan (PSAK 50 dan 55)
(lanjutan)**

(iii) Penentuan nilai wajar (lanjutan)

Pada saat nilai wajar dari *unlisted equity instruments* tidak dapat ditentukan dengan handal, instrumen tersebut dinilai sebesar biaya perolehan dikurangi penurunan nilai. Nilai wajar atas kredit yang diberikan dan piutang, serta liabilitas kepada bank dan nasabah ditentukan menggunakan nilai kini berdasarkan arus kas kontraktual dengan mempertimbangkan kualitas kredit, likuiditas, dan biaya.

Bukti terbaik dari nilai wajar pada saat pengakuan awal adalah harga transaksinya (yaitu nilai wajar pembayaran yang diserahkan atau diterima), kecuali nilai wajar dari instrumen tersebut dapat dibuktikan dengan perbandingan transaksi untuk instrumen yang sama di pasar terkini yang dapat diobservasi (yaitu yang tanpa modifikasi atau *re-packaging*) atau berdasarkan teknik penilaian dimana variabelnya hanya data dari pasar yang dapat diobservasi.

Untuk instrumen keuangan yang diukur menggunakan nilai wajar, Bank menggunakan hirarki nilai wajar yang mencerminkan signifikansi input yang digunakan dalam melakukan pengukuran (tingkat 1, 2, dan 3) seperti dijelaskan pada Catatan 52e.

(iv) Penghentian pengakuan

Penghentian pengakuan aset keuangan dilakukan ketika hak kontraktual atas arus kas yang berasal dari aset keuangan tersebut berakhir, atau ketika aset keuangan tersebut telah ditransfer dan secara substansial seluruh risiko dan manfaat atas kepemilikan aset tersebut telah ditransfer (jika, secara substansial seluruh risiko dan manfaat tidak ditransfer, maka Bank CIMB Niaga melakukan evaluasi untuk memastikan keterlibatan berkelanjutan atas kendali yang masih dimiliki tidak mencegah penghentian pengakuan). Liabilitas keuangan dihentikan pengakuannya ketika liabilitas telah dilepaskan atau dibatalkan atau kadaluwarsa.

2. ACCOUNTING POLICIES (continued)

**f. Financial assets and liabilities (SFAS 50 and 55)
(continued)**

(iii) Determination of fair value (continued)

In cases when the fair value of unlisted equity instruments cannot be determined reliably, the instruments are carried at cost less impairment. The fair value for loans and receivables as well as liabilities to banks and customers are determined using a present value model on the basis of contractually agreed cash flows, taking into account credit quality, liquidity, and costs.

The best evidence of fair value at initial recognition is the transaction price (that is, the fair value of the consideration given or received), unless the fair value of that instrument is evidenced by comparison with other observable current market transactions in the same instrument (that is, without modification or re-packaging) or based on a valuation technique whose variables include only data from observable markets.

For financial instruments that measured at fair value, the Bank use the fair value hierarchy which reflect the significance of input used in the measurement (level 1, 2, and 3) as explained in Notes 52e.

(iv) Derecognition

Financial assets are derecognised when the contractual rights to receive the cash flows from these financial assets have ceased to exist or the financial assets have been transferred and substantially all the risks and rewards of ownership of the assets are also transferred (that is, if substantially all the risks and rewards have not been transferred, then Bank CIMB Niaga tests control to ensure that continuing involvement on the basis of any retained powers of control does not prevent derecognition). Financial liabilities are derecognised when they have been redeemed, or cancelled, or otherwise extinguished.

Reklasifikasi aset keuangan

Aset keuangan yang tidak lagi dimiliki untuk tujuan penjualan atau pembelian kembali aset keuangan dalam waktu dekat (jika aset keuangan tidak disyaratkan untuk diklasifikasikan sebagai diperdagangkan pada saat pengakuan awal) dapat direklasifikasi ke pinjaman yang diberikan dan piutang jika memenuhi definisi pinjaman yang diberikan dan piutang serta entitas memiliki intensi dan kemampuan memiliki aset keuangan untuk masa mendatang yang dapat diperkirakan atau hingga jatuh tempo.

Reclassification of financial assets

Financial assets that are no longer held for the purpose of selling or repurchasing in the near term (and have not been required to be classified as held for trading at initial recognition) could be reclassified as loans and receivables if they meet the definition of loans and receivables and the entity has the intention and ability to hold the financial assets for foreseeable future or until maturity date.

31 DESEMBER 2017, 2016, DAN 2015**
(Dinyatakan dalam jutaan Rupiah, kecuali dinyatakan lain)

2. KEBIJAKAN AKUNTANSI (lanjutan)

g. Klasifikasi dan reklasifikasi instrumen keuangan (PSAK 55) (lanjutan)

Reklasifikasi aset keuangan (lanjutan)

Bank CIMB Niaga dan Entitas Anak tidak boleh mengklasifikasikan aset keuangan sebagai investasi dimiliki hingga jatuh tempo, jika dalam tahun berjalan atau dalam kurun waktu dua tahun sebelumnya, telah menjual atau mereklasifikasi investasi dimiliki hingga jatuh tempo dalam jumlah yang lebih dari jumlah yang tidak signifikan sebelum jatuh tempo (lebih dari jumlah yang tidak signifikan dibandingkan dengan jumlah nilai investasi dimiliki hingga jatuh tempo), kecuali penjualan atau reklasifikasi tersebut:

- (i) dilakukan ketika aset keuangan sudah mendekati jatuh tempo atau tanggal pembelian kembali dimana perubahan suku bunga tidak akan berpengaruh secara signifikan terhadap nilai wajar aset keuangan tersebut;
- (ii) terjadi setelah Bank CIMB Niaga dan Entitas Anak telah memperoleh secara substansial seluruh jumlah pokok aset keuangan tersebut sesuai jadwal pembayaran atau Bank CIMB Niaga dan Entitas Anak telah memperoleh pelunasan dipercepat; atau
- (iii) terkait dengan kejadian tertentu yang berada diluar kendali Bank CIMB Niaga dan Entitas Anak, tidak berulang, dan tidak dapat diantisipasi secara wajar oleh Bank CIMB Niaga dan Entitas Anak.

Reklasifikasi aset keuangan dari kelompok dimiliki hingga jatuh tempo ke kelompok tersedia untuk dijual dicatat sebesar nilai wajarnya. Keuntungan atau kerugian yang belum direalisasi tetap dilaporkan dalam komponen ekuitas sampai aset keuangan tersebut dihentikan pengakuannya, dan pada saat itu, keuntungan atau kerugian kumulatif yang sebelumnya diakui dalam ekuitas harus diakui sebagai laba/rugi.

Reklasifikasi aset keuangan dari kelompok tersedia untuk dijual ke kelompok dimiliki hingga jatuh tempo dicatat pada nilai tercatat. Akumulasi keuntungan atau kerugian yang belum direalisasi yang telah diakui pada pendapatan komprehensif lainnya harus diamortisasi ke laba rugi menggunakan suku bunga efektif sampai dengan tanggal jatuh tempo instrumen tersebut. Perbedaan antara biaya perolehan diamortisasi yang baru pada saat reklasifikasi dan jumlah nominal pada saat jatuh tempo juga diamortisasi selama sisa umur aset keuangan menggunakan suku bunga efektif serupa dengan amortisasi yang dilakukan terhadap premi atau diskonto.

AND FOR THE YEARS ENDED
31 DECEMBER 2017, 2016, AND 2015**
(Expressed in millions of Rupiah, unless otherwise stated)

2. ACCOUNTING POLICIES (continued)

g. Classification and reclassification of financial instruments (SFAS 55) (continued)

Reclassification of financial assets (continued)

Bank CIMB Niaga and Subsidiary shall not classify any financial assets as held-to-maturity if the entity has, during the current financial year or during the two preceding financial years, sold or reclassified more than an insignificant amount of held-to-maturity investments before maturity (more than insignificant in relation to the total amount of held-to-maturity investments) other than sales or reclassifications that:

- (i) are so close to maturity or the financial asset's call date that changes in the market rate of interest would not have a significant effect on the financial asset's fair value;
- (ii) occur after Bank CIMB Niaga and Subsidiary has collected substantially all of the financial asset's original principal through scheduled payments or prepayments; or
- (iii) are attributable to an isolated event that is beyond the entity's control, is non-recurring and could not have been reasonably anticipated by Bank CIMB Niaga and Subsidiary.

Reclassification of financial assets from held-to-maturity classification to available-for-sale is recorded at fair value. The unrealised gains or losses are recorded in the equity section and shall be recognised directly in equity section until the financial assets is derecognised, at which time the cumulative gain or loss previously recognised in equity shall be recognised as profit/loss.

Reclassification of financial assets from available-for-sale to held-to-maturity classification is recorded at carrying amount. The cumulative of unrealised gains or losses that has been recognised in other comprehensive income is amortised to profit or loss using effective interest rate up to the maturity date of that instrument. Difference between the new amortised cost as at reclassification date and nominal amount as at maturity date is also amortised over the remaining life until maturity using the effective interest rate, similar to the amortisation of a premium and a discount.

2. KEBIJAKAN AKUNTANSI (lanjutan)

g. Klasifikasi dan reklasifikasi instrumen keuangan (PSAK 55) (lanjutan)

Saling hapus instrumen keuangan

Aset keuangan dan liabilitas keuangan disalinghapuskan dan jumlah netonya dilaporkan pada laporan posisi keuangan konsolidasian ketika terdapat hak yang berkekuatan hukum untuk melakukan saling hapus atas jumlah yang telah diakui tersebut dan adanya niat untuk menyelesaikan secara neto, atau untuk merealisasikan aset dan menyelesaikan liabilitas secara bersamaan.

Hak saling hapus tidak kontingen atas peristiwa di masa depan dan dapat dipaksakan secara hukum dalam situasi bisnis yang normal dan dalam peristiwa gagal bayar, atau peristiwa kepailitan atau kebangkrutan Bank dan Entitas Anak atau pihak lawan.

h. Penurunan nilai dari aset keuangan (PSAK 55)

(A) Aset keuangan yang dicatat berdasarkan biaya perolehan diamortisasi

Pada setiap tanggal laporan posisi keuangan, Bank CIMB Niaga dan Entitas Anak mengevaluasi apakah terdapat bukti yang obyektif bahwa aset keuangan atau kelompok aset keuangan mengalami penurunan nilai. Aset keuangan atau kelompok aset keuangan diturunkan nilainya dan kerugian penurunan nilai telah terjadi, jika dan hanya jika, terdapat bukti yang obyektif mengenai penurunan nilai tersebut sebagai akibat dari satu atau lebih peristiwa yang terjadi setelah pengakuan awal aset tersebut (peristiwa yang merugikan), dan peristiwa yang merugikan tersebut berdampak pada estimasi arus kas masa depan atas aset keuangan atau kelompok aset keuangan yang dapat diestimasi secara handal.

2. ACCOUNTING POLICIES (continued)

g. Classification and reclassification of financial instruments (SFAS 55) (continued)

Off-setting financial instruments

Financial assets and liabilities are offset and the net amount reported in the consolidated statements of financial position when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Bank and Subsidiary or the counterparty.

h. Impairment of financial assets (SFAS 55)

(A) Financial assets carried at amortised cost

Bank CIMB Niaga and Subsidiary assesses at each reporting date whether there is objective evidence that a financial asset or group of financial assets is impaired. A financial asset or a group of financial assets is impaired and impairment losses are incurred only if there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset (a "loss event") and that loss event (or events) has an impact on the estimated future cash flows of the financial asset or group of financial assets that can be reliably estimated.

(Expressed in millions of Rupiah, unless otherwise stated)

2. KEBIJAKAN AKUNTANSI (lanjutan)

**h. Penurunan nilai dari aset keuangan (PSAK 55)
(lanjutan)**

**(A) Aset keuangan yang dicatat berdasarkan biaya
perolehan diamortisasi (lanjutan)**

Kriteria yang digunakan oleh Bank CIMB Niaga dan Entitas Anak untuk menentukan bukti objektif dari penurunan nilai diantaranya adalah:

- a. kesulitan keuangan signifikan yang dialami pihak penerbit atau peminjam;
- b. pelanggaran kontrak, terjadinya wanprestasi atau tunggakan pembayaran pokok atau bunga;
- c. data yang dapat diobservasi mengindikasikan adanya penurunan yang dapat diukur atas estimasi arus kas masa datang dari kelompok aset keuangan sejak pengakuan awal aset dimaksud, meskipun penurunannya belum dapat diidentifikasi terhadap aset keuangan secara individual dalam kelompok aset tersebut, termasuk memburuknya status pembayaran pihak peminjam dalam kelompok tersebut;
- d. hilangnya pasar aktif dari aset keuangan akibat kesulitan keuangan; atau
- e. pihak pemberi pinjaman, dengan alasan ekonomi atau hukum sehubungan dengan kesulitan keuangan yang dialami pihak peminjam, memberikan keringan pada pihak peminjam yang tidak mungkin diberikan jika pihak peminjam tidak mengalami kesulitan.
- f. terdapat kemungkinan bahwa pihak peminjam akan dinyatakan pailit atau melakukan reorganisasi keuangan lainnya.

Estimasi periode antara peristiwa kerugian dan identifikasinya ditentukan oleh manajemen untuk setiap portofolio yang diidentifikasi.

Pada awalnya Bank CIMB Niaga dan Entitas Anak menentukan apakah terdapat bukti obyektif penurunan nilai seperti tersebut di atas secara individual. Penilaian individu dilakukan atas aset keuangan yang signifikan yang mengalami penurunan nilai. Aset keuangan yang tidak signifikan namun mengalami penurunan nilai dimasukkan dalam kelompok aset keuangan yang memiliki karakteristik risiko yang serupa dan dilakukan penilaian secara kolektif.

2. ACCOUNTING POLICIES (continued)

**h. Impairment of financial assets (SFAS 55)
(continued)**

**(A) Financial assets carried at amortised cost
(continued)**

The criteria that Bank CIMB Niaga and Subsidiary uses to determine that there is objective evidence of impairment include:

- a. significant financial difficulty of the issuer or obligor;
- b. a breach of contract, default or delinquency in principal or interest payments;
- c. observable data indicating that there is a measurable decrease in the estimated future cash flows from a portfolio of financial assets since the initial recognition of those assets, although the decrease cannot yet be identified with the individual financial assets in the portfolio, including adverse changes in the payment status of borrowers in the portfolio;
- d. the disappearance of an active market for that financial asset because of financial difficulties; or
- e. the lenders, for economic or legal reasons relating to the borrower's financial difficulty, granting to the borrower a concession that the lender would not otherwise consider.
- f. it becoming probable that the borrower will enter bankruptcy or other financial reorganization.

The estimated period between a loss occurring and its identification is determined by management for each identified portfolio.

Initially Bank CIMB Niaga and Subsidiary assesses whether objective evidence of impairment for financial asset as individually exists as described above. Individual assessment is performed on the significant impaired financial asset. The impaired financial assets which are not classified as individually significant are included in group of financial asset with similar credit risk characteristics and then assessed by using collective assessment.

2. KEBIJAKAN AKUNTANSI (lanjutan)

**h. Penurunan nilai dari aset keuangan (PSAK 55)
(lanjutan)**

(A) Aset keuangan yang dicatat berdasarkan biaya perolehan diamortisasi (lanjutan)

Jika Bank CIMB Niaga dan Entitas Anak menentukan tidak terdapat bukti obyektif mengenai penurunan nilai atas aset keuangan yang dinilai secara individual, maka akun atas aset keuangan tersebut akan masuk ke dalam kelompok aset keuangan yang memiliki karakteristik risiko kredit yang serupa dan menilai penurunan nilai kelompok tersebut secara kolektif. Akun yang penurunan nilainya dinilai secara individual, dan untuk itu kerugian penurunan nilai diakui atau tetap diakui, tidak termasuk dalam penilaian penurunan nilai secara kolektif.

Jumlah kerugian penurunan nilai diukur berdasarkan selisih antara nilai tercatat aset keuangan dengan nilai kini dari estimasi arus kas masa datang yang didiskontokan menggunakan tingkat suku bunga efektif awal dari aset keuangan tersebut. Nilai tercatat aset tersebut dikurangi menggunakan cadangan kerugian penurunan nilai dan jumlah kerugian penurunan nilai diakui sebagai laba/rugi. Jika kredit yang diberikan atau investasi dimiliki hingga jatuh tempo memiliki suku bunga variabel, maka tingkat diskonto yang digunakan untuk mengukur setiap kerugian penurunan nilai adalah suku bunga efektif yang berlaku yang ditetapkan dalam kontrak.

Perhitungan nilai kini dari estimasi arus kas masa datang atas aset keuangan dengan agunan mencerminkan arus kas yang dapat dihasilkan dari pengambilalihan agunan dikurangi biaya-biaya untuk memperoleh dan menjual agunan, terlepas apakah pengambilalihan tersebut berpeluang terjadi atau tidak.

Untuk tujuan evaluasi penurunan nilai secara kolektif, aset keuangan dikelompokkan berdasarkan kesamaan karakteristik risiko kredit seperti mempertimbangkan segmentasi kredit dan status tunggakan. Karakteristik yang dipilih adalah relevan dengan estimasi arus kas masa datang dari kelompok aset tersebut yang mengindikasikan kemampuan debitur atau rekanan untuk membayar seluruh liabilitas yang jatuh tempo sesuai persyaratan kontrak dari aset yang dievaluasi.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
31 DECEMBER 2017, 2016, AND 2015
AND FOR THE YEARS ENDED
31 DECEMBER 2017, 2016, AND 2015**
(Expressed in millions of Rupiah, unless otherwise stated)

2. ACCOUNTING POLICIES (continued)

**h. Impairment of financial assets (SFAS 55)
(continued)**

**(A) Financial assets carried at amortised cost
(continued)**

If Bank CIMB Niaga and Subsidiary assesses that there is no objective evidence of impairment for financial asset as individual, that account of financial asset will be included in a group of financial asset with similar credit risk characteristics and collectively assesses them for impairment. Accounts that are individually assessed for impairment and for which an impairment loss is or continues to be recognised are not included in a collective assessment of impairment.

The amount of the impairment loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the financial asset's original effective interest rate. The carrying amount of the asset is reduced through the use of an allowance impairment account and the amount of the loss is recognised as profit/loss. If a loan or held-to-maturity investment has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate determined under the contract.

The calculation of the present value of the estimated future cash flows of a collateralised financial asset reflects the cash flows that may result from foreclosure less costs for obtaining and selling the collateral, regardless the foreclosure is probable or not.

For the purposes of a collective evaluation of impairment, financial asset are grouped on the basis of similar credit risk characteristics such by considering credit segmentation and past due status. Those characteristics are relevant to the estimation of future cash flows for groups of such assets that indicate the debtor or counterpart ability to pay all amounts due according to the contractual terms of the assets being evaluated.

2. ACCOUNTING POLICIES (continued)

**h. Penurunan nilai dari aset keuangan (PSAK 55)
(lanjutan)**

**h. Impairment of financial assets (SFAS 55)
(continued)**

**(A) Aset keuangan yang dicatat berdasarkan biaya
perolehan diamortisasi (lanjutan)**

**(A) Financial assets carried at amortised cost
(continued)**

Arus kas masa datang dari kelompok aset keuangan yang penurunan nilainya dievaluasi secara kolektif, diestimasi berdasarkan arus kas kontraktual dan kerugian historis yang pernah dialami atas aset-aset yang memiliki karakteristik risiko kredit yang serupa dengan karakteristik risiko kredit kelompok tersebut. Kerugian historis yang pernah dialami kemudian disesuaikan berdasarkan data terkini yang dapat diobservasi untuk mencerminkan kondisi saat ini yang tidak berpengaruh pada periode terjadinya kerugian historis tersebut dan untuk menghilangkan pengaruh kondisi yang ada pada periode historis namun sudah tidak ada lagi saat ini.

Future cash flows in a group of financial assets that are collectively evaluated for impairment are estimated on the basis of the contractual cash flows and historical loss experience for assets with credit risk characteristics similar to those in the group. Historical loss experience is adjusted on the basis of current observable data to reflect the effects of current conditions that did not affect the period on which the historical loss experience is based and to remove the effects of conditions in the historical period that do not currently exist.

Beban penurunan nilai yang terkait dengan kredit yang diberikan dan efek-efek (di dalam kategori dimiliki hingga jatuh tempo dan kredit yang diberikan dan piutang) diklasifikasikan di dalam beban penurunan nilai.

Impairment charges relating to loans and marketable securities (held-to-maturity and loans and receivables categories) are classified in impairment charges.

Jika pada periode berikutnya, jumlah kerugian penurunan nilai berkurang dan pengurangan tersebut dapat dikaitkan secara obyektif pada peristiwa yang terjadi setelah penurunan nilai diakui (misalnya perbaikan pada rating kredit debitur), maka kerugian penurunan nilai yang sebelumnya diakui harus dipulihkan, baik secara langsung, atau dengan menyesuaikan pos cadangan. Jumlah pemulihan penurunan nilai diakui sebagai laba/rugi.

If in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised (such as an improvement in the debtor's credit rating), the previously recognised impairment loss is reversed directly, or by adjusting the allowance account. The amount of the impairment reversal is recognised as profit/loss.

Ketika kredit yang diberikan tidak tertagih, kredit tersebut dihapus buku dengan menjurnal balik cadangan kerugian penurunan nilai. Kredit yang diberikan tersebut dapat dihapus buku setelah semua prosedur yang diperlukan telah dilakukan dan jumlah kerugian telah ditentukan.

When a loan is uncollectible, it is written off against the related allowance for impairment loss. Such loans are written off after all the necessary procedures have been completed and the amount of the loss has been determined.

AND FOR THE YEARS ENDED
31 DECEMBER 2017, 2016, AND 2015**
(Expressed in millions of Rupiah, unless otherwise stated)

2. KEBIJAKAN AKUNTANSI (lanjutan)

**h. Penurunan nilai dari aset keuangan (PSAK 55)
(lanjutan)**

(B) Aset yang tersedia untuk dijual

Pada setiap tanggal laporan posisi keuangan konsolidasian, Bank CIMB Niaga mengevaluasi apakah terdapat bukti yang obyektif bahwa aset keuangan atau kelompok aset keuangan mengalami penurunan nilai. Lihat Catatan 2h(A) untuk kriteria bukti obyektif adanya penurunan nilai. Penurunan yang signifikan atau penurunan jangka panjang atas nilai wajar dari investasi dalam instrumen hutang dalam klasifikasi tersedia untuk dijual di bawah biaya perolehannya merupakan bukti obyektif terjadinya penurunan nilai dan menyebabkan pengakuan kerugian penurunan nilai. Ketika terdapat bukti tersebut di atas untuk aset yang tersedia untuk dijual, kerugian kumulatif, yang merupakan selisih antara biaya perolehan dengan nilai wajar kini, dikurangi kerugian penurunan nilai aset keuangan yang sebelumnya telah diakui pada laba/rugi, dikeluarkan dari ekuitas dan diakui sebagai laba/rugi.

Jika, pada periode berikutnya, nilai wajar instrumen hutang yang diklasifikasikan dalam kelompok tersedia untuk dijual meningkat dan peningkatan tersebut dapat dihubungkan secara obyektif dengan peristiwa yang terjadi setelah pengakuan kerugian penurunan nilai pada laba/rugi, maka kerugian penurunan nilai tersebut harus dipulihkan melalui laba/rugi.

(C) Kontrak jaminan keuangan dan tagihan komitmen lainnya

Kontrak jaminan keuangan adalah kontrak yang mengharuskan penerbit untuk melakukan pembayaran yang ditetapkan untuk mengganti uang pemegang kontrak atas kerugian yang terjadi karena debitur tertentu gagal untuk melakukan pembayaran pada saat jatuh tempo, sesuai dengan ketentuan dari instrumen hutang. Jaminan keuangan tersebut diberikan kepada bank-bank, lembaga keuangan dan badan-badan lainnya atas nama debitur untuk menjamin kredit, fasilitas-fasilitas perbankan lainnya, dan penyediaan dana yang belum ditarik.

2. ACCOUNTING POLICIES (continued)

**h. Impairment of financial assets (SFAS 55)
(continued)**

(B) Assets classified as available-for-sale

Bank CIMB Niaga assesses at each date of the consolidated statement of financial position whether there is objective evidence that a financial asset or a group of financial assets is impaired. Refer to Note 2h(A) for the criteria of objective evidence of impairment. In the case of debt instruments classified as available-for-sale, a significant or prolonged decline in the fair value of the security below its cost is objective evidence of impairment resulting in the recognition of an impairment loss. If any such evidence exists for available-for-sale financial assets, the cumulative loss measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that financial asset previously recognised in profit/loss is removed from equity and recognised as profit/loss.

If, in a subsequent period, the fair value of a debt instrument classified as available-for-sale increases and the increase can be objectively related to an event occurring after the impairment loss was recognised in profit/loss, the impairment loss is reversed through the profit/loss.

(C) Financial guarantee contracts and other commitment receivables

Financial guarantee contracts are contracts that require the issuer to make specified payments to reimburse the holder for a loss incurred because a specified debtor defaulted to make payments when due, in accordance with the terms of a debt instrument. Such financial guarantees are given to banks, financial institutions and other institutions on behalf of customers to secure loans, other banking facilities, and unused provision of funds facilities.

(lanjutan)**

**h. Impairment of financial assets (SFAS 55)
(continued)**

(C) Kontrak jaminan keuangan dan tagihan komitmen lainnya (lanjutan)

(C) Financial guarantee contracts and other commitment receivables (continued)

Jaminan keuangan awalnya diakui dalam laporan keuangan konsolidasian sebesar nilai wajar pada tanggal jaminan diberikan. Nilai wajar dari jaminan keuangan pada saat dimulainya transaksi pada umumnya sama dengan provisi yang diterima untuk jaminan diberikan dengan syarat dan kondisi normal.

Financial guarantees are initially recognised in the financial statements at fair value on the date the guarantee was given. The fair value of a financial guarantee at inception is likely to equal the premium received because all guarantees are agreed on arm's length terms.

Setelah pengakuan awal kontrak, jaminan keuangan dicatat pada nilai yang lebih tinggi antara nilai wajar amortisasi dengan *present value* atas pembayaran liabilitas yang diharapkan akan terjadi (ketika pembayaran atas jaminan menjadi *probable*) dan selisihnya dibebankan sebagai biaya operasional lain-lain.

Subsequently they are measured at the higher of amortised amount and the present value of any expected payment (when a payment under the guarantee has become probable) and the difference is charged to other operating expense.

Cadangan kerugian penurunan nilai atas kontrak jaminan keuangan dan tagihan komitmen lainnya yang memiliki risiko kredit dihitung berdasarkan kerugian historis.

Allowances for impairment on financial guarantee contracts and other commitment receivables with credit risk are calculated based on historical experience.

(D) Cadangan kerugian penurunan nilai aset keuangan atas kontrak jaminan keuangan yang memiliki risiko kredit dan cadangan kerugian penurunan nilai aset yang diambil alih

(D) Allowance for impairment losses on financial guarantee contracts with credit risk and allowance for impairment losses on foreclosed assets

Bank CIMB Niaga menentukan cadangan kerugian penurunan nilai aset keuangan atas kontrak jaminan keuangan yang memiliki risiko kredit berdasarkan data kerugian historis. Sedangkan perhitungan cadangan kerugian penurunan nilai aset yang diambil alih dihitung dengan prinsip penurunan nilai sesuai Standar Akuntansi Indonesia yang berlaku.

Bank CIMB Niaga determined the allowance for impairment losses on financial guarantee contracts with credit risk is based on historical loss data. Whereas the calculation of allowance for impairment losses of foreclosed assets was calculated using impairment principles according to applicable Indonesia Accounting Standard.

i. Kas (PSAK 55)

i. Cash (SFAS 55)

Kas meliputi kas kecil, kas besar, kas di dalam Anjungan Tunai Mandiri (ATM)/Cash Deposit Machine (CDM), dan bank notes.

Cash includes petty cash, cash, cash in Automatic Teller Machines (ATMs)/Cash Deposit Machine (CDMs), and bank notes.

j. Giro pada bank lain dan Bank Indonesia (PSAK 55)

j. Current accounts with other banks and Bank Indonesia (SFAS 55)

Giro pada bank lain dan Bank Indonesia (BI) diklasifikasikan sebagai kredit yang diberikan dan piutang. Lihat Catatan 2f untuk kebijakan akuntansi atas kredit yang diberikan dan piutang.

Current account with other banks and Bank Indonesia (BI) are classified as loans and receivables. Refer to Note 2f for the accounting policy of loans and receivables.

Giro pada bank lain dan Bank Indonesia dinyatakan sebesar saldo giro dikurangi dengan cadangan kerugian penurunan nilai.

Current accounts with other banks and Bank Indonesia are stated at the outstanding balance less allowance for impairment losses.

**j. Giro pada bank lain dan Bank Indonesia (PSAK 55)
(lanjutan)**

Giro Wajib Minimum Utama adalah simpanan minimum yang wajib dipelihara oleh bank dalam bentuk saldo rekening giro pada BI yang besarnya ditetapkan oleh BI sebesar persentase tertentu dari dana pihak ketiga.

Giro Wajib Minimum Sekunder adalah cadangan minimum yang wajib dipelihara oleh bank dalam bentuk Sertifikat Bank Indonesia (SBI), Surat Utang Negara (SUN) dan/atau Kelebihan Saldo Rekening, yang besarnya ditetapkan BI sebesar persentase tertentu.

k. Penempatan pada bank lain dan Bank Indonesia (PSAK 55)

Penempatan pada bank lain dan BI diklasifikasikan sebagai kredit yang diberikan dan piutang. Lihat Catatan 2f untuk kebijakan akuntansi atas kredit yang diberikan dan piutang.

l. Efek-efek dan Obligasi Pemerintah (PSAK 55)

Efek-efek yang dimiliki terdiri dari SBI, obligasi korporasi, wesel jangka menengah, tagihan wesel ekspor, dan efek-efek pasar uang dan pasar modal lainnya.

Obligasi Pemerintah adalah Obligasi Pemerintah yang dibeli dari pasar.

Efek-efek dan Obligasi Pemerintah diklasifikasikan sebagai aset keuangan yang diukur pada nilai wajar melalui laba/rugi, tersedia untuk dijual, dan dimiliki hingga jatuh tempo. Lihat Catatan 2f untuk kebijakan akuntansi atas aset keuangan dalam kelompok diperdagangkan, tersedia untuk dijual, dan dimiliki hingga jatuh tempo.

m. Efek-efek yang dibeli dengan janji dijual kembali/efek-efek yang dijual dengan janji dibeli kembali (PSAK 55)

Efek-efek yang dibeli dengan janji dijual kembali (*reverse repo*) disajikan sebagai tagihan sebesar harga jual kembali yang disepakati dikurangi dengan selisih antara harga beli dan harga jual kembali yang disepakati (pendapatan bunga yang ditangguhkan) dan cadangan kerugian penurunan nilai. Selisih antara harga beli dan harga jual kembali yang disepakati tersebut diamortisasi dengan menggunakan suku bunga efektif sebagai pendapatan bunga selama jangka waktu sejak efek-efek itu dibeli hingga saat dijual kembali.

2. ACCOUNTING POLICIES (continued)

j. Current accounts with other banks and Bank Indonesia (SFAS 55) (continued)

Primary Statutory Reserve is minimum deposit that should be maintained by bank in current account with BI in certain percentage of third party fund which is determined by BI.

Secondary Statutory Reserve is minimum reserve that should be maintained by bank in form of Bank Indonesia Certificates (SBI), Government Debenture Debt (SUN) and/or Excess Reserve, in certain percentage determined by BI.

k. Placements with other banks and Bank Indonesia (SFAS 55)

Placements with other banks and BI are classified as loans and receivables. Refer to Note 2f for the accounting policy of loans and receivables.

l. Marketable securities and Government Bonds (SFAS 55)

Marketable securities consist of SBI, corporate bonds, medium term notes, export bills receivable, and other money market and capital market securities.

Government Bonds is Government Bonds purchased from market.

Marketable securities and Government Bonds are classified as financial assets at fair value through profit/loss, available-for-sale, and held-to-maturity. Refer to Note 2f for the accounting policy of financial assets held-for-trading, available-for-sale, and held-to-maturity.

m. Securities purchased under resale agreements/securities sold under repurchase agreements (SFAS 55)

Securities purchased under resale agreements (reverse repo) are presented as receivables at the agreed resale price net of the difference between the purchase price and agreed resale price (unearned interest income) and allowance for impairment losses. The difference between the purchase price and the agreed resale price are amortised using effective interest rate as interest income over the period, commencing from the acquisition date to the resale date.

2. KEBIJAKAN AKUNTANSI (lanjutan)

m. Efek-efek yang dibeli dengan janji dijual kembali/efek-efek yang dijual dengan janji dibeli kembali (PSAK 55) (lanjutan)

Efek-efek yang dibeli dengan janji dijual kembali (*reverse repo*) diklasifikasikan sebagai kredit yang diberikan dan piutang. Lihat Catatan 2f untuk kebijakan akuntansi atas aset keuangan yang diklasifikasikan sebagai kredit yang diberikan dan piutang.

Efek-efek yang dijual dengan janji untuk dibeli kembali (*repo*) direklasifikasi sebagai aset yang dijamin dalam laporan posisi keuangan konsolidasian dan liabilitas kepada *counterparty* disajikan sebagai liabilitas dalam laporan posisi keuangan konsolidasian sebesar harga beli kembali yang disepakati dikurangi selisih antara harga jual dan harga beli kembali yang disepakati (beban bunga dibayar dimuka). Selisih antara harga jual dan harga beli kembali yang disepakati tersebut diamortisasi sebagai beban bunga selama jangka waktu sejak efek-efek dijual hingga dibeli kembali.

Efek-efek yang dijual dengan janji untuk dibeli kembali diklasifikasikan sebagai liabilitas keuangan yang diukur dengan biaya perolehan diamortisasi. Lihat Catatan 2f untuk kebijakan akuntansi atas liabilitas keuangan yang diukur dengan biaya perolehan diamortisasi.

n. Instrumen keuangan derivatif dan lindung nilai (PSAK 55)

Akuntansi instrumen keuangan derivatif

Dalam melakukan usaha bisnisnya, Bank CIMB Niaga melakukan transaksi instrumen keuangan derivatif seperti kontrak tunai dan berjangka mata uang asing, *foreign currency swaps*, kontrak opsi mata uang asing, dan *swap* tingkat suku bunga. Instrumen keuangan derivatif dinilai dan dibukukan di laporan posisi keuangan konsolidasian pada nilai wajar dengan menggunakan harga pasar. Derivatif dicatat sebagai aset apabila memiliki nilai wajar positif dan sebagai liabilitas apabila memiliki nilai wajar negatif.

Keuntungan atau kerugian yang terjadi dari perubahan nilai wajar diakui sebagai laba/rugi.

2. ACCOUNTING POLICIES (continued)

m. Securities purchased under resale agreements/securities sold under repurchase agreements (SFAS 55) (continued)

Securities purchased under resale agreements (reverse repo) are classified as loans and receivables. Refer to Note 2f for the accounting policy for financial assets that classified as loans and receivables.

Securities sold under repurchase agreements (repo) are reclassified in the consolidated statement of financial position as pledged assets and the counterparty liability is presented as liabilities in the consolidated statement of financial position at the agreed repurchase price net of the difference between the selling price and the agreed repurchase price (prepaid interest expense). The difference between the selling price and the agreed repurchase price is amortised as interest expense over the period commencing from the selling date to the repurchase date.

Securities sold under repurchase agreements are classified as financial liabilities at amortised cost. Refer to Note 2f for the accounting policy for financial liabilities at amortised cost.

n. Derivative financial instruments and hedging (SFAS 55)

Accounting for derivative financial instruments

In the normal course of business, Bank CIMB Niaga enters into transactions involving derivative financial instruments such as foreign currency spot and forward contracts, foreign currency swaps, foreign currency options contracts, and interest rate swaps. Derivative financial instruments are valued and recorded on consolidated statement of financial position at their fair value using market rates. Derivatives are carried as assets when the fair value is positive and as liabilities when the fair value is negative.

Gains or losses as a result of fair value changes are recognised as current year profit/loss.

(Dinyatakan dalam jutaan Rupiah, kecuali dinyatakan lain)

2. KEBIJAKAN AKUNTANSI (lanjutan)

**n. Instrumen keuangan derivatif dan lindung nilai
(PSAK 55) (lanjutan)**

Akuntansi untuk aktivitas lindung nilai

Instrumen keuangan derivatif pada awalnya diakui di laporan posisi keuangan konsolidasian berdasarkan nilai wajar pada tanggal kontrak derivatif disepakati dan selanjutnya dinilai kembali berdasarkan nilai wajarnya. Metode untuk mengakui keuntungan atau kerugian yang terjadi tergantung pada sifat dari obyek yang dilindungi nilainya. Bank CIMB Niaga mengelompokkan derivatif sebagai (1) instrumen lindung nilai terhadap nilai wajar suatu aset atau liabilitas yang diakui atau terhadap komitmen teguh yang belum diakui (lindung nilai atas nilai wajar), atau (2) instrumen lindung nilai atas arus kas masa depan yang kemungkinan besar terjadi yang dapat diatribusikan dengan aset dan liabilitas yang telah diakui atau sebuah prakiraan transaksi yang kemungkinan besar terjadi (lindung nilai arus kas).

Walaupun merupakan sarana lindung nilai ekonomis yang efektif berdasarkan kebijakan manajemen risiko Bank CIMB Niaga, beberapa transaksi derivatif tertentu tidak memenuhi persyaratan sebagai akuntansi lindung nilai berdasarkan ketentuan PSAK 55 (Revisi 2014).

Pada awal terjadinya transaksi, Bank CIMB Niaga mendokumentasikan hubungan antara instrumen lindung nilai dan unsur yang dilindungi nilainya, juga tujuan manajemen risiko dan strategi yang diterapkan dalam melakukan berbagai macam transaksi lindung nilai. Proses dokumentasi ini menghubungkan derivatif yang ditujukan sebagai lindung nilai dengan aset dan liabilitas tertentu atau dengan komitmen atau transaksi tertentu yang diperkirakan. Bank CIMB Niaga juga mendokumentasikan penilaian apakah derivatif yang digunakan memiliki efektivitas yang tinggi dalam menandingi (off-setting) perubahan nilai wajar atau arus kas unsur yang dilindungi nilainya. Penilaian ini dilakukan baik pada saat permulaan lindung nilai maupun pada saat-saat berikutnya secara berkelanjutan.

Nilai wajar berbagai instrumen derivatif yang digunakan untuk tujuan lindung nilai dan mutasi pada cadangan lindung nilai di ekuitas diungkapkan dalam Catatan 11.

AND FOR THE YEARS ENDED
31 DECEMBER 2017, 2016, AND 2015**
(Expressed in millions of Rupiah, unless otherwise stated)

2. ACCOUNTING POLICIES (continued)

**n. Derivative financial instruments and hedging
(SFAS 55) (continued)**

Accounting for hedging activities

Derivative financial instruments are initially recognised in the consolidated statement of financial position at fair value on the date a derivative contract is entered into and subsequently are remeasured at their fair values. The method of recognising the resulting gain or loss is dependent on the nature of the item being hedged. Bank CIMB Niaga designates certain derivatives as either (1) a hedge of the fair value of a recognised asset or liability or of an unrecognised firm commitment (fair value hedge), or (2) a hedge of highly probable future cash flows attributable to a recognised assets or liability or a forecasted transaction (cash flow hedge).

Certain derivative transactions, whilst providing effective economic hedges under Bank CIMB Niaga's risk management policies, do not qualify for hedge accounting under the specific rules in SFAS 55 (Revised 2014).

At the inception of transaction, Bank CIMB Niaga documents the relationship between hedging instruments and hedged items, as well as its risk management objective and strategy for undertaking various hedge transactions. This process includes linking all derivatives designated as hedges to specific assets and liabilities or specific firm commitments or forecast transactions. Bank CIMB Niaga also documents its assessment, as to whether the derivatives that are used in hedging transactions are highly effective in off-setting changes in fair values or cash flows of hedged items. This assessment is performed at the hedge inception and on an ongoing basis.

The fair values of various derivative instruments used for hedging purposes and movements on the hedging reserve in equity are disclosed in Note 11.

(Expressed in millions of Rupiah, unless otherwise stated)

2. KEBIJAKAN AKUNTANSI (lanjutan)

**n. Instrumen keuangan derivatif dan lindung nilai
(PSAK 55)** (lanjutan)

Akuntansi untuk aktivitas lindung nilai (lanjutan)

(a) Lindung nilai atas nilai wajar

Perubahan dari nilai wajar atas derivatif yang ditujukan dan memenuhi kualifikasi sebagai lindung nilai atas nilai wajar, diakui sebagai laba/rugi, termasuk dengan perubahan nilai wajar dari aset atau liabilitas yang dilindung nilai yang diatribusikan sebagai risiko yang dilindung nilai. Nilai bersih dimasukkan ke dalam bagian tidak efektif dalam keuntungan atau kerugian kontrak derivatif.

Ketika instrumen lindung nilai tidak lagi memenuhi kriteria lindung nilai secara akuntansi, perubahan nilai tercatat dari *item* yang dilindung nilai yang menggunakan metode suku bunga efektif, diamortisasi melalui laba/rugi selama periode hingga jatuh tempo dan dicatat sebagai beban bunga.

(b) Lindung nilai atas arus kas

Bagian yang efektif atas perubahan nilai wajar derivatif yang ditujukan dan memenuhi kualifikasi sebagai lindung nilai arus kas, diakui sebagai cadangan lindung nilai arus kas pada bagian ekuitas. Keuntungan atau kerugian atas bagian yang tidak efektif diakui langsung sebagai laba/rugi.

Jumlah akumulasi dalam ekuitas dibebankan sebagai pendapatan komprehensif lainnya ketika unsur yang dilindungi nilainya mempengaruhi laba bersih.

Ketika instrumen lindung nilai kadaluwarsa atau dijual atau ketika suatu lindung nilai tidak lagi memenuhi persyaratan sebagai akuntansi lindung nilai, akumulasi keuntungan maupun kerugian yang ada pada ekuitas saat itu dibebankan sebagai laba/rugi. Ketika suatu transaksi lindung nilai diperkirakan tidak lagi mungkin terjadi, akumulasi keuntungan atau kerugian yang ada pada ekuitas saat itu dibebankan sebagai laba/rugi.

2. ACCOUNTING POLICIES (continued)

**n. Derivative financial instruments and hedging
(SFAS 55)** (continued)

Accounting for hedging activities (continued)

(a) Fair value hedge

Changes in the fair value of derivatives that are designated and qualified as fair value hedges are recognised as profit/loss, together with any changes in the fair value of the hedged asset or liability that are attributable to the hedged risk. The net result is included as ineffectiveness in the gain or loss on derivative contracts.

If the hedge no longer meets the criteria for hedge accounting, the adjustment to the carrying amount of a hedged item for which the effective interest method used is amortised to profit/loss over the period to maturity and recorded as interest expense.

(b) Cash flow hedge

The effective portion of changes in the fair value of derivatives that are designated and qualified as cash flow hedges are recognised as hedging reserve in equity section. The gain or loss relating to the ineffective portion is recognised immediately as profit/loss.

Accumulated amounts in equity are reclassified as the other comprehensive income in the periods when the hedged item affects net income.

When a hedging instrument expired or sold, or when a hedge no longer meets the criteria for hedge accounting, any existing cumulative gain or loss which remains in equity at that time is recognised as profit/loss. When a forecast transaction is no longer expected to occur, the cumulative gain or loss that was reported in equity is immediately charged as profit/loss.

2. KEBIJAKAN AKUNTANSI (lanjutan)

o. Kredit yang diberikan (PSAK 55)

Kredit yang diberikan adalah penyediaan uang atau tagihan yang dapat disetarakan dengan kas, berdasarkan persetujuan atau kesepakatan pinjam-meminjam dengan peminjam, mewajibkan pihak peminjam untuk melunasi hutang berikut bunganya setelah jangka waktu tertentu.

Kredit yang diberikan diklasifikasikan sebagai kredit yang diberikan dan piutang. Lihat Catatan 2f untuk kebijakan akuntansi atas kredit yang diberikan dan piutang.

Termasuk dalam kredit yang diberikan adalah pembiayaan syariah yang terdiri dari piutang murabahah, piutang qardh, pembiayaan musyarakah, pembiayaan mudharabah, dan ijarah. Murabahah adalah akad jual beli barang dengan harga jual sebesar biaya perolehan ditambah keuntungan (margin) yang disepakati dan penjual harus mengungkapkan biaya perolehan barang tersebut kepada pembeli. Qardh adalah akad pinjam meminjam dana tanpa imbalan dengan liabilitas pihak peminjam mengembalikan pokok pinjaman secara sekaligus atau cicilan dalam jangka waktu tertentu. Musyarakah adalah akad kerjasama antara dua pihak atau lebih untuk suatu usaha tertentu, dimana masing-masing pihak memberikan kontribusi dana dengan ketentuan bahwa keuntungan dibagi berdasarkan kesepakatan sedangkan kerugian berdasarkan porsi kontribusi dana. Dana tersebut meliputi kas atau aset nonkas yang diperkenankan oleh syariah. Mudharabah adalah akad kerjasama usaha antara Bank CIMB Niaga sebagai pemilik dana (*shahibul maal*) dan nasabah selaku pengelola dana (*mudharib*), menjalankan usaha dengan penentuan awal keuntungan atau kerugian (*nisbah*). Ijarah adalah akad sewa-menyewa antara pemilik (obyek sewa) dan penyewa untuk mendapatkan imbalan atas obyek sewa yang disewakannya.

2. ACCOUNTING POLICIES (continued)

o. Loans (SFAS 55)

Loans represent provision of cash or cash equivalent based on agreements with borrowers, where borrowers required to repay their debts with interest after specified periods.

Loans are classified as loans and receivables. Refer to Note 2f for the accounting policy of loans and receivables.

Loans include sharia financing which consist of murabahah receivables, qardh receivables, musyarakah financing, mudharabah financing, and ijarah. Murabahah is an agreement for the sale and purchase of goods with sales price equivalent to cost plus agreed margin, and the seller should inform the purchase cost to buyer. Qardh is a loan/borrowing funds without profit wherein the borrower return the principal of the loan at lump sum or on installment over certain period. Musyarakah is an agreement between investors (musyarakah partners) to have a join-venture in a partnership, at an agreed nisbah sharing portion, while losses will be proportionately distributed based on the capital contribution. These funds including cash or non-cash assets which are allowed by sharia. Mudharabah is an agreement between Bank CIMB Niaga as an owner of funds (*shahibul maal*) and customer as a fund manager (*mudharib*) to run a business with pre-defined terms of gain or loss (*nisbah*). Ijarah is a lease agreement between lessor and lessee to get margin from leased object.

(Dinyatakan dalam jutaan Rupiah, kecuali dinyatakan lain)

2. KEBIJAKAN AKUNTANSI (lanjutan)

o. Kredit yang diberikan (PSAK 55) (lanjutan)

Pembiayaan syariah disajikan sebesar jumlah pembiayaan dikurangi dengan cadangan kerugian penurunan nilai dengan jumlah minimum berdasarkan PBI No. 7/2/PBI/2005 tanggal 20 Januari 2005 tentang "Penilaian Kualitas Aktiva Bank Umum" yang diubah dengan peraturan BI No. 8/2/PBI/2006 tanggal 30 Januari 2006 dan peraturan BI No. 9/6/PBI/2007 tanggal 30 Maret 2007 serta peraturan BI No. 11/2/PBI/2009 tanggal 29 Januari 2009 dan terakhir melalui peraturan BI No.14/15/PBI/2012 tanggal 24 Oktober 2012. Berlaku sejak Januari 2015, Otoritas Jasa Keuangan (OJK) menerbitkan peraturan OJK baru No.16/POJK.03/2014 tanggal 18 November 2014 dan Surat Edaran OJK No.8/SEOJK.03/2015 tanggal 10 Maret 2015 tentang Penilaian Kualitas Aset Bank Umum Syariah dan Unit Usaha Syariah.

Pembiayaan syariah dengan akad Murabahah disajikan sebesar jumlah pembiayaan dikurangi cadangan kerugian penurunan nilai sesuai dengan PSAK 102 (2013) – Akuntansi Murabahah menggantikan PSAK 102 (2007).

Restrukturisasi kredit meliputi modifikasi persyaratan kredit, konversi kredit menjadi saham atau instrumen keuangan lainnya dan/atau kombinasi dari keduanya.

Kredit yang direstrukturisasi disajikan sebesar nilai yang lebih rendah antara nilai tercatat kredit pada tanggal restrukturisasi atau nilai tunai penerimaan kas masa depan setelah restrukturisasi. Kerugian akibat selisih antara nilai tercatat kredit pada tanggal restrukturisasi dengan nilai tunai penerimaan kas masa depan setelah restrukturisasi diakui sebagai laba/rugi. Setelah restrukturisasi, semua penerimaan kas masa depan yang ditetapkan dalam persyaratan baru dicatat sebagai pengembalian pokok kredit yang diberikan dan pendapatan bunga sesuai dengan syarat-syarat restrukturisasi.

(Expressed in millions of Rupiah, unless otherwise stated)

2. ACCOUNTING POLICIES (continued)

o. Loans (SFAS 55) (continued)

Sharia financing is stated at their outstanding balance less their allowance for impairment losses which have been determined using BI criteria in accordance with BI regulation No. 7/2/PBI/2005 dated 20 January 2005 on "Asset Quality Ratings for Commercial Banks" which was amended by BI regulation No. 8/2/PBI/2006 dated 30 January 2006 and BI regulation No. 9/6/PBI/2007 dated 30 March 2007 and BI regulation No.11/2/PBI/2009 dated 29 January 2009 and latest amended by BI regulation No.14/15/PBI/2012 dated 24 October 2012. Starting January 2015, Financial Services Authority (FSA) issued new regulation No.16/POJK.03/2014 dated 18 November 2014 and FSA Circular Letter No.8/SEOJK.03/2015 dated 10 March 2015 concerning Asset Quality Assessment on Sharia Bank and Sharia Business Unit.

Sharia Financing with Murabahah agreement is stated at their outstanding balance less allowance for impairment losses as required by SFAS 102 (2013) – Accounting for Murabahah as amendment of SFAS 102 (2007).

Loan restructuring may involve a modification of the terms of the loans, conversion of loans into equity or other financial instruments and/or a combination of both.

Restructured loans are stated at the lower of carrying value of the loan at the time of restructuring or net present value of the total future cash receipts after restructuring. Losses arising from any excess of the carrying value of the loan at the time of restructuring over the net present value of the total future cash receipts after restructuring are recognised as profit/loss. Thereafter, all cash receipts under the new terms shall be accounted for as the recovery of principal and interest revenue, in accordance with the restructuring scheme.

2. KEBIJAKAN AKUNTANSI (lanjutan)

p. Piutang pembiayaan konsumen (PSAK 55)

Piutang pembiayaan konsumen Entitas Anak diklasifikasikan sebagai kredit yang diberikan dan piutang. Lihat Catatan 2f untuk kebijakan akuntansi atas kredit yang diberikan dan piutang.

Pada saat pengakuan awal, piutang pembiayaan konsumen diukur pada nilai wajar atau nilai wajar ditambah/dikurangi biaya dan pendapatan transaksi. Pada saat pengakuan awal, nilai wajar pembiayaan konsumen merupakan jumlah piutang dikurangi pendapatan yang ditangguhkan.

Selanjutnya, piutang pembiayaan konsumen diukur dengan biaya perolehan diamortisasi menggunakan metode suku bunga efektif setelah dikurangi dengan pendapatan yang ditangguhkan dan cadangan kerugian penurunan nilai.

Pendapatan pembiayaan konsumen Entitas Anak yang belum diakui merupakan selisih antara jumlah keseluruhan pembayaran angsuran yang akan diterima dari konsumen dan jumlah pokok pembiayaan, yang diakui sebagai penghasilan sepanjang jangka waktu kontrak berdasarkan suatu tarif pengembalian menurut kontrak yang dihitung secara berkala atas nilai investasi bersih terhitung sejak pembiayaan konsumen dilakukan.

Penyelesaian kontrak sebelum masa pembiayaan konsumen berakhir diperlakukan sebagai pembatalan kontrak pembiayaan konsumen dan keuntungan atau kerugian yang timbul diakui sebagai laba/rugi periode berjalan.

Dalam pembiayaan bersama, Entitas Anak berhak menentukan tingkat bunga yang lebih tinggi kepada konsumen dibandingkan dengan tingkat bunga yang ditetapkan dalam perjanjian pembiayaan bersama dengan penyedia fasilitas pembiayaan bersama.

Piutang pembiayaan bersama "without recourse" disajikan di laporan posisi keuangan konsolidasian secara bersih. Pendapatan pembiayaan konsumen dan beban bunga yang terkait dengan pembiayaan bersama "without recourse" disajikan secara bersih sebagai laba/rugi.

AND FOR THE YEARS ENDED
31 DECEMBER 2017, 2016, AND 2015**
(Expressed in millions of Rupiah, unless otherwise stated)

2. ACCOUNTING POLICIES (continued)

p. Consumer financing receivables (SFAS 55)

The Subsidiary's consumer financing receivables are classified as loans and receivables. Refer to Note 2f for the accounting policy of loans and receivables.

Consumer financing receivables are initially measured at fair value or fair value plus/minus transaction costs and income. At initial recognition, the fair value of consumer financing receivable represents the receivable deducted by unearned income.

Subsequently, consumer financing receivables is measured at amortised cost using the effective interest rate method net of unearned income on consumer financing and allowance for impairment losses.

The Subsidiary's unearned consumer financing income is the difference between total installments to be received from customers and total financing which is recognised as earned income over the term of the contract based on a contract rate of return on the net investment commencing at the time the consumer financing is executed.

Early termination is treated as a cancellation of an existing contract and the resulting gain or loss is charged as current period profit/loss.

For joint financing agreements, the Subsidiary has the right to set higher interest rate to the consumer than stated in the joint financing agreement with the joint financing provider.

Joint financing receivables without recourse are presented on a net basis in the consolidated statement of financial position. Consumer financing income and interest expenses related to joint financing without recourse are presented on a net basis as profit/loss.

PT BANK CIMB NIAGA Tbk
DAN ENTITAS ANAK/AND SUBSIDIARY

AND FOR THE YEARS ENDED
31 DECEMBER 2017, 2016, AND 2015
(Expressed in millions of Rupiah, unless otherwise stated)

2. KEBIJAKAN AKUNTANSI (lanjutan)

p. Piutang pembiayaan konsumen (PSAK 55)
(lanjutan)

Jaminan kendaraan yang dikuasai kembali oleh Entitas Anak dinyatakan berdasarkan nilai terendah antara nilai tercatat piutang pembiayaan konsumen atau nilai realisasi bersih. Selisih antara nilai tercatat dan nilai realisasi bersih dicatat sebagai cadangan kerugian penurunan nilai dan dibebankan sebagai laba/rugi. Dalam upaya penyelesaian piutang, konsumen memberi kuasa kepada Entitas Anak untuk menjual kendaraan ataupun melakukan tindakan lainnya bila terjadi wanprestasi terhadap perjanjian pembiayaan. Jika harga jual jaminan kendaraan lebih rendah dibandingkan dengan nilai saldo piutang pembiayaan, maka selisih tersebut dibebankan sebagai laba/rugi. Apabila harga jual jaminan kendaraan lebih tinggi dibandingkan dengan nilai saldo piutang pembiayaan, maka selisih tersebut akan dikembalikan kepada konsumen.

q. Piutang sewa pembiayaan (PSAK 55)

Piutang sewa pembiayaan Entitas Anak diklasifikasikan sebagai kredit yang diberikan dan piutang. Lihat Catatan 2f untuk kebijakan akuntansi atas kredit yang diberikan dan piutang.

Pada saat pengakuan awal, piutang sewa pembiayaan diukur pada nilai wajar atau nilai wajar ditambah/dikurangi biaya dan pendapatan transaksi. Selanjutnya, piutang sewa pembiayaan diukur dengan biaya perolehan diamortisasi menggunakan metode suku bunga efektif. Pendapatan sewa pembiayaan yang belum diakui merupakan selisih antara jumlah keseluruhan pembayaran angsuran yang akan diterima dengan jumlah pokok pembiayaan yang akan diakui sebagai penghasilan sesuai dengan jangka waktu kontrak dengan menggunakan metode tingkat suku bunga efektif.

Kontrak sewa pembiayaan yang dilakukan Entitas Anak dikategorikan sebagai 'direct financing lease' dan pendapatan sewa pembiayaan tersebut dilaporkan menurut metode pembiayaan. Dengan metode ini, kelebihan dari piutang sewa pembiayaan dan nilai sisa yang terjamin atas harga perolehan aset yang bersangkutan dicatat sebagai pendapatan sewa pembiayaan yang ditangguhkan, yang akan diakui sebagai pendapatan sesuai dengan jangka waktu kontrak sewa pembiayaan berdasarkan suatu tarif pengembalian konstan berkala atas nilai investasi bersih terhitung sejak sewa pembiayaan tersebut ditandatangani.

2. ACCOUNTING POLICIES (continued)

p. Consumer financing receivables (SFAS 55)
(continued)

Net realisable value of repossessed vehicle obtained by the subsidiary are stated at the lower of related consumer financing receivables' carrying value or net realisable value of the repossessed assets. The difference between the carrying value and net realisable value is recorded as allowance for impairment losses and is charged as profit/loss. In case of default, the consumer gives the right to the Subsidiary to sell repossessed assets or take any other actions to settle the outstanding consumer financing receivables. If the sale price of the repossessed vehicles is lower compared to the consumer financing receivable, then the difference is charged as profit/loss. If the sale price of the repossessed vehicles is higher compared to the consumer financing receivable, then the difference will be paid back to the consumers.

q. Financing lease receivables (SFAS 55)

The Subsidiary' financing lease receivables are classified as loans and receivables. Refer to Note 2f for the accounting policy of loans and receivables.

Financing lease receivables are initially measured at fair value or fair value plus/minus transaction costs and transaction income. Subsequently, financing lease receivable is measured at amortised cost using the effective interest rate method. Unearned lease income is the difference between total installments to be received and total financing which is recognised as income over the term of the contract using effective interest rate.

The lease contracts entered into by the Subsidiary are classified as direct financing leases and accordingly lease income is reported under the financing method. Under this method, the excess of gross lease receivables plus guaranteed residual value of the assets is recorded as unearned lease income, which is recognised as lease income over the term of the lease contracts at a constant periodic rate of return on the investment commencing in the month of the lease contract is executed.

2. KEBIJAKAN AKUNTANSI (lanjutan)

r. Tagihan dan liabilitas akseptasi (PSAK 55)

Tagihan akseptasi diklasifikasikan sebagai kredit yang diberikan dan piutang. Lihat Catatan 2f untuk kebijakan akuntansi atas kredit yang diberikan dan piutang.

Liabilitas akseptasi diklasifikasikan sebagai liabilitas keuangan yang diukur dengan biaya perolehan diamortisasi. Lihat Catatan 2f untuk kebijakan akuntansi atas liabilitas keuangan yang diukur dengan biaya perolehan diamortisasi.

s. Penyertaan (PSAK 15)

Penyertaan pada entitas di mana Bank memiliki saham berhak suara kurang dari 20% dicatat dengan metode biaya.

Dengan metode ini, investasi hanya dinyatakan sebesar biaya perolehan, tanpa dipengaruhi oleh bagian Bank atas laba bersih entitas asosiasi dan dividen kas yang diterima.

Dividen kas yang diterima atas investasi dalam saham diakui sebagai pendapatan.

t. Aset tetap dan penyusutan (PSAK 16)

Pada tanggal 1 Januari 2016, Bank CIMB Niaga melakukan perubahan kebijakan akuntansi atas tanah dan bangunan dari model biaya menjadi model revaluasi.

Tanah dan bangunan disajikan sebesar nilai wajar, dikurangi akumulasi penyusutan untuk bangunan dan akumulasi rugi penurunan nilai (jika ada). Penilaian terhadap tanah dan bangunan dilakukan oleh penilai independen eksternal. Penilaian atas aset tersebut dilakukan secara berkala (setiap 3 - 5 tahun) untuk memastikan bahwa nilai wajar aset yang direvaluasi tidak berbeda secara material dengan nilai tercatatnya. Akumulasi penyusutan pada tanggal revaluasi dieliminasi terhadap nilai tercatat bruto aset dan nilai netonya disajikan kembali sebesar nilai revaluasi aset tetap.

Selisih penilaian kembali aset tetap dikreditkan ke akun "cadangan revaluasi aset tetap" yang disajikan pada bagian ekuitas. Surplus revaluasi aset tetap selanjutnya dialihkan kepada saldo laba saat aset tersebut dihentikan pengakuannya.

2. ACCOUNTING POLICIES (continued)

r. Acceptance receivables and payables (SFAS 55)

Acceptance receivables are classified as loans and receivables. Refer to Note 2f for the accounting policy of loans and receivables.

Acceptance payables are classified as financial liabilities at amortised cost. Refer to Note 2f for the accounting policy for financial liabilities are measured at amortised cost.

s. Investments (SFAS 15)

Investment in companies in which the Bank has the voting rights less than 20% are accounted for using the cost method.

Accordingly, the carrying value of investment is not affected by the Bank's share in the net earnings/(losses) of the associates and cash dividend received.

Cash dividend received from investment in shares is recognized as income.

t. Fixed assets and depreciation (SFAS 16)

On 1 January 2016, Bank CIMB Niaga changed its accounting policies of land and buildings from cost model to revaluation model.

Land and buildings are presented at fair value less accumulated depreciation for buildings and accumulated impairment loss (if any). Valuation of land and buildings are performed by certified external independent valuers. Valuations are performed with sufficient regularity (every 3 - 5 years) to ensure that the fair value of revalued asset does not differ materially from its carrying amount. Any accumulated depreciation at the date of revaluation is eliminated against the gross carrying amount of the asset, and the net amount is restated to the revalued amount of the asset.

The difference resulting from the revaluation of such fixed assets is credited to the "reserve on revaluation of fixed asset" account presented in the equity section. The revaluation surplus of fixed assets is transferred directly to retained earnings when the asset is derecognised.

2. KEBIJAKAN AKUNTANSI (lanjutan)

2. ACCOUNTING POLICIES (continued)

t. Aset tetap dan penyusutan (PSAK 16) (lanjutan)

**t. Fixed assets and depreciation (SFAS 16)
(continued)**

Aset tetap, selain tanah dan bangunan, diakui sebesar harga perolehan setelah dikurangi akumulasi penyusutan.

Fixed assets besides land and buildings are recognised at cost less accumulated depreciation.

Harga perolehan mencakup semua pengeluaran yang terkait secara langsung dengan perolehan aset tetap.

Historical cost includes expenditure that is directly attributable to the acquisition of fixed assets.

Tanah tidak disusutkan.

Land is not depreciated.

Penyusutan aset tetap selain tanah dihitung dengan menggunakan metode garis lurus untuk mengalokasikan harga perolehan atau nilai setelah penilaian kembali mencapai nilai sisa sepanjang estimasi masa manfaatnya sebagai berikut:

Depreciation on fixed assets other than land are calculated on the straight-line method to allocate their cost or revalued amount to their residual values over their estimated useful lives as follows:

	<u>Tahun/Years</u>	
Bangunan	20	<i>Buildings</i>
Renovasi bangunan milik sendiri	5	<i>Renovation of owned buildings</i>
Instalasi (listrik, penyejuk udara, telepon, telex)	5	<i>Installations (electricity, air conditioning, telephone, telex)</i>
Perlengkapan dan perabot kantor	5	<i>Office equipment and furniture</i>
Kendaraan bermotor	8	<i>Motor vehicle</i>
Anjungan Tunai Mandiri (ATM)	5	<i>Automatic Teller Machines (ATMs)</i>

Apabila nilai tercatat aset lebih besar dari nilai yang dapat diperoleh kembali, nilai tercatat aset diturunkan menjadi sebesar nilai yang dapat diperoleh kembali, dengan menggunakan nilai tertinggi antara harga jual neto dan nilai pakai.

When the carrying amount of an asset is greater than its estimated recoverable amount, it is written down immediately to its recoverable amount, which is determined as the higher of net selling price or value in use.

Apabila aset tetap tidak digunakan lagi atau dijual, maka nilai perolehan dan akumulasi penyusutannya dihapuskan dari laporan keuangan konsolidasian. Keuntungan atau kerugian yang terjadi, diakui sebagai laba/rugi periode terjadinya.

When assets are retired or disposed, their costs and the related accumulated depreciation are eliminated from the consolidated financial statements. The resulting gains or losses are recognised as related period's profit/loss.

Biaya pemeliharaan dan perbaikan dicatat sebagai beban pada saat terjadinya. Pengeluaran yang memperpanjang masa manfaat aset dikapitalisasi dan disusutkan.

Maintenance and repair cost are charged as an expense when incurred. Expenditure that extends the useful life of assets is capitalised and depreciated.

Aset dalam pembangunan merupakan aset yang masih dalam proses pembangunan dan belum siap untuk digunakan, serta dimaksudkan untuk dipergunakan dalam kegiatan usaha. Aset ini dicatat sebesar biaya yang telah dikeluarkan.

Construction in progress consist of assets that are still in progress of construction and not yet ready for use and are intended to be used in business activity. This account is recorded based on the amount paid.

(Expressed in millions of Rupiah, unless otherwise stated)

2. KEBIJAKAN AKUNTANSI (lanjutan)

u. Aset tidak berwujud (PSAK 19)

Aset tidak berwujud diakui jika, dan hanya jika, biaya perolehan aset tersebut dapat diukur secara andal dan kemungkinan besar Bank akan memperoleh manfaat ekonomis masa depan dari aset tersebut. Aset tidak berwujud terdiri dari perangkat lunak yang dibeli Bank.

Perangkat lunak yang dibeli oleh Bank dicatat sebesar biaya perolehan dikurangi akumulasi amortisasi. Metode amortisasi, estimasi masa manfaat dan nilai residual ditelaah pada setiap akhir tahun pelaporan dan disesuaikan jika dianggap tepat. Masa manfaat perangkat lunak adalah lima hingga lima belas tahun. Metode amortisasi yang digunakan adalah garis lurus.

Tidak terdapat aset tidak berwujud yang tidak dapat diestimasi umur ekonomisnya.

v. Aset yang diambil alih

Aset yang diambil alih (AYDA) adalah aset yang diperoleh Bank CIMB Niaga dan Entitas Anak, baik melalui pelelangan maupun diluar pelelangan berdasarkan penyerahan secara sukarela oleh pemilik agunan atau berdasarkan kuasa untuk menjual diluar lelang dari pemilik agunan dalam hal debitur tidak memenuhi kewajibannya kepada Bank CIMB Niaga dan Entitas Anak. AYDA merupakan jaminan kredit yang diberikan yang telah diambil alih sebagai bagian dari penyelesaian kredit yang diberikan. Bank CIMB Niaga dan Entitas Anak memiliki kebijakan untuk selalu berusaha menjual AYDA untuk menyelesaikan sisa kewajiban debitur.

AYDA diakui sebesar nilai bersih yang dapat direalisasi (*net realisable value*), yaitu nilai wajar agunan setelah dikurangi estimasi biaya pelepasan. Kelebihan saldo kredit yang diberikan yang belum dilunasi oleh peminjam di atas nilai dari AYDA, dibebankan terhadap cadangan kerugian penurunan nilai kredit yang diberikan.

Biaya pemeliharaan atas AYDA yang terjadi setelah pengambilalihan atau akuisisi aset dibebankan sebagai laba/rugi pada saat terjadinya. Keuntungan atau kerugian dari penjualan aset yang diambil alih diakui sebagai laba/rugi periode berjalan.

2. ACCOUNTING POLICIES (continued)

u. Intangible Assets (SFAS 19)

Intangible assets are recognized if, and if only when its cost can be measured reliably and it is probable that expected future benefits that are attributable to it will flow to the Bank. Intangible assets consist of computer software that are purchased by the Bank.

Software purchased by the Bank is recorded at cost less accumulated amortization. Amortization method, estimated useful life and residual value is reviewed at end of reporting period and adjusted if necessary. The useful lives of software is between five to fifteen years. The amortisation method used is straight line method.

There are no intangible assets which its economic life can not be estimated.

v. Foreclosed assets

Foreclosed assets represent assets acquired by Bank CIMB Niaga and Subsidiary, both from auction and non-auction based on voluntary transfer by the debtors or based on debtors' approval to sell the collateral where the debtors could not fulfill their obligations to Bank CIMB Niaga and Subsidiary. Foreclosed assets represent loan collateral acquired in settlement of loans. Bank CIMB Niaga and Subsidiary has policy to sell foreclosed assets to settle debtors' liabilities.

Foreclosed assets are recognised at their net realisable value. Net realisable value is the fair value of the foreclosed assets less estimated cost of liquidating the foreclosed assets. Any excess of the loan balance over the value of the foreclosed assets, which is not recoverable from the borrower, is charged to the allowance for impairment losses of loans and receivables.

Holding costs of foreclosed assets subsequent to the foreclosure or acquisition of the assets are charged as current year profit/loss as incurred. Gains or losses from sale of foreclosed assets are charged as current period profit/loss as incurred.

w. Beban dibayar dimuka dan aset lain-lain (PSAK 55)

w. Prepaid expenses and other assets (SFAS 55)

Beban dibayar dimuka merupakan pembayaran kepada pihak lain yang telah dilakukan namun belum merupakan beban pada saat pembayaran dilakukan. Beban dibayar dimuka akan digunakan untuk aktivitas Bank CIMB Niaga dan Entitas Anak di masa mendatang. Beban dibayar dimuka akan diakui sebagai beban pada saat diamortisasi sesuai dengan masa manfaatnya.

Prepaid expenses are payments made to other parties but have not been recognised as expense at the time of payment. Prepaid expenses will be used for Bank CIMB Niaga's and Subsidiary activities in the future. Prepaid expenses are recognised as expenses during the amortisation in accordance with the expected period of benefit.

Termasuk dalam beban dibayar dimuka adalah beban asuransi dan beban sewa ditangguhkan. Beban sewa ditangguhkan merupakan pembayaran dimuka terkait sewa gedung kantor yang diamortisasi selama masa sewa dan dimulai sejak gedung digunakan.

Included in prepaid expenses are insurance expense and deferred rental cost. Deferred rental cost is advance payment for rent of office building which will be amortised for rental period when building is in use.

Termasuk di dalam aset lain-lain antara lain adalah jaminan keanggotaan dan uang muka jaminan.

Included in other assets are amongst others security and membership deposits.

Jaminan keanggotaan dan uang muka jaminan dicatat sebesar harga perolehan dan diamortisasi berdasarkan masa berlakunya.

Security and membership deposits are recorded based on cost and amortised based on the expected period of benefit.

x. Liabilitas segera (PSAK 55)

x. Obligations due immediately (SFAS 55)

Liabilitas segera adalah liabilitas Bank kepada pihak lain yang sifatnya wajib segera dibayarkan sesuai perjanjian yang ditetapkan sebelumnya.

Obligations due immediately represent Bank liabilities to other parties that immediately paid in accordance with terms of the relevant agreements.

Liabilitas segera disajikan sebesar biaya perolehan yang diamortisasi. Lihat Catatan 2f untuk kebijakan akuntansi atas liabilitas keuangan yang diukur dengan biaya perolehan diamortisasi.

Obligations due immediately are presented at the amortised cost. Refer to Note 2f for the accounting policy for financial liabilities measured at amortised cost.

y. Simpanan nasabah dan simpanan dari bank lain (PSAK 55)

y. Deposits from customers and deposits from other banks (SFAS 55)

Simpanan nasabah adalah dana yang dipercayakan oleh masyarakat (selain bank) kepada Bank CIMB Niaga berdasarkan perjanjian penyimpanan dana. Termasuk dalam pos ini adalah giro, tabungan, deposito berjangka, sertifikat deposito dan bentuk lain yang dapat dipersamakan dengan itu.

Deposits from customers are the funds placed by customers (excluding banks) with Bank CIMB Niaga based on fund deposit agreements. Included in this account are demand deposits, saving deposits, time deposits, certificates of deposits, and other forms which are similar.

Simpanan dari bank lain terdiri dari liabilitas terhadap bank lain, baik di dalam maupun luar negeri, dalam bentuk giro, *interbank call money*, deposito berjangka, dan sertifikat deposito.

Deposits from other banks represent liabilities to domestic and overseas banks, in the form of demand deposits, inter-bank call money, time deposits, and certificates of deposit.

Simpanan dari nasabah dan dari bank lain diklasifikasikan sebagai liabilitas keuangan yang diukur dengan biaya perolehan diamortisasi. Lihat Catatan 2f untuk kebijakan akuntansi atas liabilitas keuangan yang diukur dengan biaya perolehan diamortisasi.

Deposits from customers and other banks are classified as financial liabilities measured at amortised cost. Refer to Note 2f for the accounting policy for financial liabilities measured at amortised cost.

2. KEBIJAKAN AKUNTANSI (lanjutan)

2. ACCOUNTING POLICIES (continued)

z. Efek-efek yang diterbitkan (PSAK 55)

Efek-efek yang diterbitkan adalah obligasi yang diterbitkan dan diklasifikasikan sebagai liabilitas keuangan yang diukur dengan biaya perolehan diamortisasi (lihat Catatan 2f untuk kebijakan akuntansi atas liabilitas keuangan yang diukur dengan biaya perolehan diamortisasi).

Biaya transaksi yang timbul sehubungan dengan penerbitan efek-efek dikurangkan dari hasil penerbitan efek-efek bersangkutan. Selisih antara hasil emisi bersih dengan nilai nominal obligasi diakui sebagai diskonto yang diamortisasi selama umur obligasi.

aa. Pinjaman yang diterima dan pinjaman subordinasi (PSAK 55)

Pinjaman yang diterima termasuk pinjaman yang diterima Entitas Anak dari berbagai bank dan institusi keuangan, termasuk fasilitas *joint financing*. Fasilitas *joint financing with recourse* oleh Entitas Anak disajikan secara *gross*, yaitu sebanyak kredit yang diberikan kepada konsumen dan pinjaman yang diterima dari bank dicatat dalam nilai secara penuh.

Pada pengukuran awal pinjaman diterima dan pinjaman subordinasi disajikan sebesar nilai wajar dikurangi dengan biaya transaksi yang dapat diatribusikan langsung dengan perolehan/penerbitan pinjaman dan obligasi subordinasi.

Pinjaman yang diterima dan pinjaman subordinasi diklasifikasikan sebagai liabilitas keuangan yang diukur dengan biaya perolehan diamortisasi (lihat Catatan 2f untuk kebijakan akuntansi atas liabilitas keuangan yang diukur dengan biaya perolehan diamortisasi).

ab. Pendapatan dan beban bunga (PSAK 55)

Pendapatan dan beban bunga untuk semua instrumen keuangan dengan *interest bearing* dicatat dalam pendapatan bunga dan beban bunga menggunakan metode suku bunga efektif.

Metode suku bunga efektif adalah metode yang digunakan untuk menghitung biaya perolehan diamortisasi dari aset keuangan atau liabilitas keuangan dan metode untuk mengalokasikan pendapatan bunga atau beban bunga selama periode yang relevan.

z. Marketable securities issued (SFAS 55)

Marketable securities issued is the issuance of bond which is classified as financial liabilities measured at amortised cost (refer to Note 2f for the accounting policy for financial liabilities at amortised cost).

Transaction cost in relation with the marketable securities issued is deducted from the related marketable securities issued. Any difference between bond issuance costs and nominal of bond is recognised as discount and will be amortised based on bond's period.

aa. Borrowings and subordinated loans (SFAS 55)

Borrowings include borrowings received by Subsidiary from various banks and financial institutions, including joint financing facilities. Joint financing facilities with recourse by Subsidiary are presented gross, i.e. loans granted to customers and borrowings received from banks are recorded at their full amount.

Borrowings and subordinated loans are initially presented at fair value less directly attributable transaction costs.

Borrowings and subordinated loans are classified as financial liabilities measured at amortised cost (refer to Note 2f for the accounting policy for financial liabilities measured at amortised cost).

ab. Interest income and expense (SFAS 55)

Interest income and expense for all interest bearing financial instruments are recorded within interest income and interest expense using the effective interest rate method.

The effective interest rate method is a method of calculating the amortised cost of a financial asset or a financial liability and method of allocating the interest income or interest expense over the relevant period.

2. KEBIJAKAN AKUNTANSI (lanjutan)

2. ACCOUNTING POLICIES (continued)

ab. Pendapatan dan beban bunga (PSAK 55) (lanjutan)

ab. Interest income and expense (SFAS 55) (continued)

Suku bunga efektif adalah suku bunga yang secara tepat mendiskontokan estimasi pembayaran atau penerimaan kas di masa datang selama perkiraan umur dari instrumen keuangan, atau bilamana tepat, digunakan periode yang lebih singkat untuk memperoleh nilai tercatat bersih dari aset keuangan atau liabilitas keuangan. Pada saat menghitung suku bunga efektif, Bank dan Entitas Anak mengestimasi arus kas dengan mempertimbangkan seluruh persyaratan kontraktual dalam instrumen keuangan tersebut seperti pelunasan dipercepat, opsi beli (*call option*), dan opsi serupa lainnya, namun tidak mempertimbangkan kerugian kredit di masa datang. Perhitungan ini mencakup seluruh komisi, provisi, dan bentuk lain yang dibayarkan atau diterima oleh para pihak dalam kontrak yang merupakan bagian tak terpisahkan dari suku bunga efektif, biaya transaksi, dan seluruh premi atau diskon lainnya.

The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument or, when appropriate, a shorter period to the net carrying amount of the financial asset or financial liability. When calculating the effective interest rate, Bank and Subsidiary estimates cash flows considering all contractual terms of the financial instrument for example, prepayment options, call option, and other similar options, but does not consider future credit losses. The calculation includes all fees, commissions, and other fees paid or received between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Jika aset keuangan atau kelompok aset keuangan serupa telah diturunkan nilainya sebagai akibat kerugian penurunan nilai, maka pendapatan bunga yang diperoleh setelahnya diakui atas bagian aset keuangan yang tidak mengalami penurunan nilai, berdasarkan suku bunga yang digunakan untuk mendiskonto arus kas masa datang dalam menghitung kerugian penurunan nilai.

Once a financial asset or a group of similar financial assets has been written impaired down as a result of an impairment loss, interest income is recognised on the unimpaired portion using the rate of interest used to discount the future cash flows for the purpose of measuring the impairment loss.

Pendapatan bunga dan beban bunga diakui berdasarkan metode suku bunga efektif.

Interest income and expense are recognised using effective interest rate method.

Pendapatan bunga atas kredit yang diberikan atau aset produktif lainnya yang diklasifikasikan sebagai bermasalah diakui pada saat pendapatan tersebut diterima. Pada saat aset keuangan diklasifikasikan sebagai bermasalah, bunga yang telah diakui tetapi belum akan dibatalkan pengakuannya. Selanjutnya bunga yang dibatalkan tersebut diakui sebagai tagihan kontinjensi.

Interest income on loans or other earning assets that classified as non-performing is recognised at the time the interest is received. When a financial asset is classified as non-performing, any interest income previously recognised but not yet collected is reversed against interest income. The reversed interest income is recognised as a contingent receivable.

Pendapatan syariah terdiri dari keuntungan *murabahah*, pendapatan *ijarah muntahiyah bittamlik* bagi hasil pembiayaan *mudharabah* dan *musyarakah* serta pendapatan *qardh*.

Share income represents profit from murabahah, ijarah muntahiyah bittamlik, mudharabah and musyarakah financing profit sharing income and qardh income.

(Expressed in millions of Rupiah, unless otherwise stated)

2. KEBIJAKAN AKUNTANSI (lanjutan)

ab. Pendapatan dan beban bunga (PSAK 55) (lanjutan)

Keuntungan *murabahah* dan pendapatan *ijarah muntahiyah bittamlik* diakui selama periode akad berdasarkan konsep akrual. Pendapatan bagi hasil pembiayaan *mudharabah* dan *musyarakah* diakui pada saat diterima atau dalam periode terjadinya hak bagi hasil sesuai porsi bagi hasil (*nisbah*) yang disepakati. Pendapatan dari *qardh* diakui pada saat diterima.

Hak pihak ketiga atas bagi hasil milik nasabah didasarkan pada prinsip *mudharabah*. Pendapatan yang dibagikan adalah pendapatan yang telah diterima. Pembagian laba dilakukan berdasarkan prinsip bagi hasil yaitu dihitung dari pendapatan yang diterima berupa laba bruto (*gross profit margin*).

ac. Pendapatan provisi dan komisi (PSAK 23)

Provisi dan komisi yang berkaitan langsung dengan kegiatan pemberian kredit diakui sebagai bagian/(pengurang) dari biaya perolehan kredit dan akan diakui sebagai pendapatan bunga dengan cara diamortisasi berdasarkan metode suku bunga efektif.

Pendapatan provisi dan komisi yang tidak berkaitan dengan kegiatan pemberian kredit atas suatu jangka waktu diakui sebagai pendapatan pada saat terjadinya transaksi sebagai pendapatan operasional lainnya.

ad. Pendapatan dan beban operasional lainnya (PSAK 23)

Beban tenaga kerja

Beban tenaga kerja meliputi beban berupa gaji karyawan, bonus, lembur, tunjangan, dan pelatihan.

Beban umum dan administrasi

Beban umum dan administrasi merupakan beban yang timbul sehubungan dengan aktivitas kantor dan operasional Bank CIMB Niaga dan Entitas Anak.

Seluruh pendapatan dan beban yang terjadi dibebankan sebagai laba/rugi pada saat terjadinya.

2. ACCOUNTING POLICIES (continued)

ab. Interest income and expense (SFAS 55) (continued)

Murabahah and ijarah muntahiyah bittamlik income is recognised over the period of the agreement based on accrual basis. Mudharabah and musyarakah income is recognised when cash is received or in a period where the right of revenue sharing is due based on agreed option. Qardh income is recognised upon receipt.

Third parties share on the return of fund owner's share is based on the principle of Mudharabah. The profit sharing is determined on a cash basis. Distribution of profit sharing is based on profit sharing principle which calculated from the UUS's gross profit.

ac. Fees and commissions income (SFAS 23)

Fees and commissions income directly related to lending activities, are recognised as a part/(deduction) of credit acquisition cost and will be recognised as interest income by amortising the carrying value of loan with effective interest rate method.

Fees and commissions income which are not related to lending activities on a specific period are recognised as revenues on the transaction date as other operating income.

ad. Other operating income and expenses (SFAS 23)

Personnel expenses

Personnel expenses include expenses related with salaries for employees, bonuses, overtime, allowances, and training.

General and administrative expenses

General and administrative expenses represent expenses which related to office activities and Bank CIMB Niaga and Subsidiary' operational activities.

All of these income and expenses are recorded as profit/loss when incurred.

(Dinyatakan dalam jutaan Rupiah, kecuali dinyatakan lain)

2. KEBIJAKAN AKUNTANSI (lanjutan)

ae. Perpajakan (PSAK 46)

Beban pajak terdiri dari pajak kini dan pajak tangguhan. Pajak diakui dalam laporan laba rugi konsolidasian, kecuali jika pajak tersebut terkait dengan transaksi atau kejadian yang diakui ke pendapatan komprehensif lain atau langsung diakui ke ekuitas. Dalam hal ini, pajak tersebut masing-masing diakui dalam pendapatan komprehensif lain atau ekuitas.

Bank dan Entitas Anak mengevaluasi secara periodik implementasi terhadap peraturan perpajakan yang berlaku terutama yang memerlukan interpretasi lebih lanjut mengenai pelaksanaannya termasuk juga evaluasi terhadap surat ketetapan pajak yang diterima dari kantor pajak. Jika perlu, manajemen menentukan provisi berdasarkan jumlah yang diharapkan akan dibayar kepada otoritas pajak.

Pajak penghasilan tangguhan disajikan dengan menggunakan metode *balance sheet* liabilitas. Pajak penghasilan tangguhan timbul akibat perbedaan temporer antara aset dan liabilitas menurut ketentuan-ketentuan pajak dengan nilai tercatat aset dan liabilitas dalam laporan keuangan konsolidasian. Tarif pajak yang berlaku atau yang secara substansial telah berlaku digunakan dalam menentukan besarnya jumlah pajak penghasilan tangguhan.

Aset pajak tangguhan diakui apabila terdapat kemungkinan besar bahwa jumlah laba fiskal di masa mendatang akan memadai untuk mengkompensasi perbedaan temporer yang menimbulkan aset pajak tangguhan tersebut.

Koreksi terhadap liabilitas perpajakan dicatat pada saat diterimanya surat ketetapan, atau apabila dilakukan banding, ketika hasil banding sudah ditetapkan.

Taksiran pajak penghasilan Bank dan Entitas Anak dihitung untuk masing-masing perusahaan sebagai badan hukum terpisah. Aset pajak kini (*current tax assets*) dan liabilitas pajak kini (*current tax liabilities*) untuk badan hukum yang berbeda tidak disalinghapuskan dalam laporan keuangan konsolidasian. Utang pajak penghasilan badan dan utang pajak lainnya Bank dan Entitas Anak disajikan sebagai "Utang pajak" di laporan posisi keuangan konsolidasian. Aset pajak tangguhan disajikan bersih setelah dikurangi dengan liabilitas pajak tangguhan di laporan posisi keuangan konsolidasian.

AND FOR THE YEARS ENDED
31 DECEMBER 2017, 2016, AND 2015**
(Expressed in millions of Rupiah, unless otherwise stated)

2. ACCOUNTING POLICIES (continued)

ae. Taxation (SFAS 46)

The tax expense comprises current and deferred tax. Tax is recognised in the consolidated statement of income, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

The Bank periodically evaluates the implementation of prevailing tax regulations especially those that are subject to further interpretation on its implementation, including evaluation on tax assessment letters received from tax authorities. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided, using the balance sheet liability method. Deferred income tax on temporary differences arising between the tax base of assets and liabilities and their carrying amounts in the consolidated financial statements. Currently enacted or substantially enacted tax rates are used in the determination of deferred income tax.

Deferred tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

Corrections to taxation obligations are recorded when an assessment letter is received, or if appealed against, when the results of the appeal have been determined.

The estimated corporate income tax of the Bank and Subsidiary is calculated for each company as a separate legal entity. Current tax assets and current tax liabilities for different legal entities can not be set-off in the consolidated financial statements. Corporate tax payables and other tax payables of the Bank and Subsidiary are presented as "Taxes payable" in the consolidated statement of financial position. Deferred tax assets are presented net of deferred tax liabilities in the consolidated statements of financial position.

2. KEBIJAKAN AKUNTANSI (lanjutan)

af. Imbalan kerja (PSAK 24)

Liabilitas pensiun

Bank CIMB Niaga dan Entitas Anak memiliki program-program pensiun sesuai dengan peraturan dan perundang-undangan yang berhubungan dengan ketenagakerjaan atau kebijakan yang ditetapkan oleh Bank CIMB Niaga dan Entitas Anak. Program-program ini pada umumnya didanai melalui pembayaran kepada pengelola dana pensiun yang besarnya ditentukan dalam perhitungan aktuarial yang dilakukan secara berkala.

Bank CIMB Niaga dan Entitas Anak harus menyediakan program pensiun dengan jumlah minimal tertentu sesuai dengan Undang-Undang (UU) Ketenagakerjaan No. 13/2003. Karena UU Ketenagakerjaan menentukan rumus tertentu untuk menghitung jumlah minimal imbalan pensiun, maka pada dasarnya program pensiun berdasarkan UU Ketenagakerjaan adalah program manfaat pasti. Program pensiun manfaat pasti adalah program pensiun yang menentukan jumlah imbalan pensiun yang akan diberikan, biasanya didasarkan pada satu faktor atau lebih seperti usia, masa kerja atau jumlah kompensasi.

Liabilitas program pensiun imbalan pasti yang diakui di laporan posisi keuangan konsolidasian adalah nilai kini liabilitas imbalan pasti pada tanggal laporan posisi keuangan dikurangi nilai wajar aset program, yang disesuaikan dengan keuntungan/kerugian aktuarial. Liabilitas imbalan pasti dihitung setiap tahun oleh aktuaris independen dengan menggunakan metode *Projected Unit Credit*. Nilai kini liabilitas imbalan pasti ditentukan dengan mendiskontokan estimasi arus kas keluar di masa yang akan datang dengan menggunakan tingkat bunga Obligasi Pemerintah dalam mata uang yang sama dengan mata uang pensiun yang akan dibayarkan dan waktu jatuh tempo yang kurang lebih sama dengan waktu jatuh tempo pensiun yang bersangkutan.

2. ACCOUNTING POLICIES (continued)

af. Employee benefits (SFAS 24)

Pension obligations

Bank CIMB Niaga and Subsidiary have pension schemes in accordance with prevailing labor-related laws and regulations of Bank CIMB Niaga and Subsidiary' policies. The schemes are generally funded through payments to trustee-administered funds as determined by periodic actuarial calculations.

Bank CIMB Niaga and Subsidiary are required to provide a minimum amount of pension benefits in accordance with Labor Law No. 13/2003. Since the Labor Law sets the formula for determining the minimum amount of benefits, in substance pension plans under the Labor Law represent defined benefit plans. A defined benefit plan is a pension plan that defines an amount of pension benefit to be provided, usually as a function of one or more factors such as age, years of service or total compensation.

The liability recognised in the consolidated statement of financial position in respect of defined benefit pension plans is the present value of the defined benefit obligation at the statement of financial position's date less the fair value of plan assets, together with adjustments for unrecognised actuarial gains/losses. The defined benefit obligation is calculated annually by independent actuaries using the Projected Unit Credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows using interest rates of Government Bonds that are denominated in the currency in which the pension will be paid, and that have terms to maturity approximating the terms of the related pension liability.

af. Employee benefits (SFAS 24) (continued)

Liabilitas pensiun (lanjutan)

Pension obligations (continued)

Keuntungan dan kerugian aktuarial yang timbul dari penyesuaian dan perubahan dalam asumsi-asumsi aktuarial langsung diakui seluruhnya melalui pendapatan komprehensif lainnya pada saat terjadinya. Biaya jasa lalu diakui segera dalam laba rugi.

Actuarial gain and losses arising from experience adjustments and changes in actuarial assumption charged or credited to equity in other comprehensive income in the period in which they arise. Past-service cost are recognised immediately in profit or loss.

Keuntungan dan kerugian dari kurtailmen atau penyelesaian program manfaat pasti diakui di laba rugi ketika kurtailmen atau penyelesaian tersebut terjadi.

Gains or losses on the curtailment or settlement of a defined benefit plan are recognised in profit or loss when the curtailment or settlement occurs.

Kontribusi pegawai tidak berkaitan dengan jumlah tahun jasa sehingga Bank dan Entitas Anak mengakui kontribusi pegawai sebagai pengurang biaya jasa pada periode berjalan.

Employee's contribution does not relate to years of service and therefore the Bank and Subsidiary recognise the employee's contribution as deduction to the service cost in the current period.

Liabilitas imbalan pasca-kerja lainnya

Other post-retirement obligations

Bank CIMB Niaga memberikan imbalan kerja lainnya seperti cuti jangka panjang, *jubilee awards*, uang pisah, uang jasa, dan imbalan lainnya sesuai dengan yang ditentukan dalam Undang-Undang Ketenagakerjaan.

Bank CIMB Niaga provides other benefits such as long service leave, jubilee awards, severance pay, service pay, and other benefits which is determined in compliance with the Labor Law.

Perkiraan biaya imbalan ini dicadangkan sepanjang masa kerja karyawan. Liabilitas ini dinilai setiap tahun oleh aktuaris independen yang berkompeten.

The expected costs of these benefits are accrued over the period of employment. These obligations are determined annually by independent qualified actuaries.

Pesangon pemutusan kontrak kerja

Termination benefits

Pesangon pemutusan kontrak terhutang ketika karyawan diberhentikan sebelum usia pensiun normal.

Termination benefits are payable whenever an employee's employment is terminated before the normal retirement age.

Bank CIMB Niaga dan Entitas Anak mengakui pesangon pemutusan kontrak kerja ketika Bank CIMB Niaga dan Entitas Anak menunjukkan komitmennya untuk memutuskan hubungan kerja dengan karyawan berdasarkan suatu rencana formal terperinci yang kecil kemungkinannya untuk dibatalkan. Pesangon yang akan dibayarkan dalam waktu lebih dari 12 (dua belas) bulan setelah tanggal laporan posisi keuangan didiskontokan untuk mencerminkan nilai kini.

Bank CIMB Niaga and Subsidiary recognise termination benefits when it is demonstrably committed to terminate the employment of current employees according to a detailed formal plan which has small probability to withdraw. Benefits, due more than 12 (twelve) months after statement of financial position's date are discounted to present value.

Program saham manajemen dan program kepemilikan saham

Bank CIMB Niaga dan CIMB Group Holdings Berhad memberikan opsi kepada manajemen dan karyawan yang berhak.

Beban program opsi karyawan berbasis saham dan beban program opsi manajemen diukur pada tanggal pemberian kompensasi (*grant date*) berdasarkan nilai wajar dari seluruh opsi yang diberikan yang dihitung dengan menggunakan metode *black-scholes* (lihat Catatan 46 untuk perlakuan akuntansi atas kompensasi berbasis saham ini).

Tantien

Bank CIMB Niaga mencatat tantien dengan menggunakan basis akrual dan membebankannya pada laporan laba rugi dan penghasilan komprehensif lain konsolidasian.

ag. Laba per saham (PSAK 56)

Labanya per saham dasar dihitung dengan membagi laba bersih dengan rata-rata tertimbang jumlah saham biasa yang beredar pada periode yang bersangkutan.

Labanya per saham dilusi dihitung dengan membagi laba bersih dengan rata-rata tertimbang jumlah saham yang beredar ditambah dengan rata-rata tertimbang jumlah saham yang akan diterbitkan atas konversi efek yang berpotensi saham yang bersifat dilutif.

ah. Transaksi dengan pihak berelasi (PSAK 7)

Bank melakukan transaksi dengan pihak berelasi. Sesuai dengan PSAK No. 7 (revisi 2015) tentang "Pengungkapan Pihak-pihak yang Berelasi", yang dimaksud dengan pihak yang berelasi adalah orang atau entitas yang berelasi dengan entitas pelapor sebagai berikut:

- a. Orang atau anggota keluarga terdekatnya berelasi dengan entitas pelapor jika orang tersebut:
 - i. memiliki pengendalian atau pengendalian bersama terhadap entitas pelapor;
 - ii. memiliki pengaruh signifikan terhadap entitas pelapor; atau
 - iii. personal manajemen kunci entitas pelapor atau entitas induk pelapor.

Management equity scheme and equity ownership plan

Bank CIMB Niaga and CIMB Group Holdings Berhad provided options to eligible management and employees.

Employee stock option program and management option program costs are measured at grant date based on the fair value of the stock options using a *black-scholes* model (refer to Note 46 for the accounting treatment of these share-based payments).

Tantien

Bank CIMB Niaga records tantien using the accrual basis and charges it to the consolidated statement of income and other comprehensive income.

ag. Earnings per share (SFAS 56)

Basic earnings per share is computed by dividing net income with the weighted average number of common shares outstanding during the period.

Diluted earnings per share is calculated by dividing net income by the weighted average number of shares outstanding plus the weighted average number of shares outstanding which would be issued on the conversion of the dilutive potential shares.

ah. Transactions with related parties (SFAS 7)

The Bank has transactions with related parties. In accordance with SFAS No.7 (revised 2015) regarding "Related Party Disclosure", the meaning of a related party is a person or entity that is related to a reporting entity as follow:

- a. A person or a close member of that person's family is related to a reporting entity if that person:
 - i. has control or joint control over the reporting entity;
 - ii. has significant influence over the reporting entity; or
 - iii. is member of the key management personnel of the reporting entity or a parent of the reporting

2. KEBIJAKAN AKUNTANSI (lanjutan)

**ah. Transaksi dengan pihak berelasi (PSAK 7)
(lanjutan)**

- b. Suatu entitas berelasi dengan entitas pelapor jika memenuhi hal-hal sebagai berikut:
- i. entitas dan entitas pelapor adalah anggota dari kelompok usaha yang sama (artinya entitas induk, entitas anak, dan entitas anak berikutnya terkait dengan entitas lain);
 - ii. suatu entitas adalah entitas asosiasi atau ventura bersama bagi entitas lain (atau entitas asosiasi atau ventura bersama yang merupakan anggota suatu kelompok usaha, di mana entitas lain tersebut adalah anggotanya);
 - iii. kedua entitas tersebut adalah ventura bersama dari pihak ketiga yang sama;
 - iv. suatu entitas adalah ventura bersama dari entitas ketiga dan entitas yang lain adalah entitas asosiasi dari entitas ketiga;
 - v. entitas tersebut adalah suatu program imbalan pasca kerja untuk imbalan kerja dari suatu entitas pelapor atau entitas yang terkait dengan entitas pelapor;
 - vi. entitas yang dikendalikan atau dikendalikan bersama oleh orang yang diidentifikasi dalam butir (a);
 - vii. orang yang diidentifikasi, dalam butir (a) (i) memiliki pengaruh signifikan terhadap entitas atau anggota manajemen kunci entitas (atau entitas induk dari entitas); atau
 - viii. entitas, atau bagian dari grup dimana entitas merupakan anggotanya, menyediakan personal manajemen kunci kepada entitas pelapor atau kepada pemegang saham dari entitas pelaporan.

Jenis transaksi dan saldo dengan pihak-pihak berelasi diungkapkan dalam catatan atas laporan keuangan konsolidasian.

ai. Saham treasuri

Ketika Bank membeli modal saham ekuitas Bank (saham treasuri), imbalan yang dibayar, termasuk biaya tambahan yang secara langsung dapat diatribusikan (dikurangi pajak penghasilan) dikurangkan dari ekuitas yang diatribusikan kepada pemilik ekuitas Bank sampai saham tersebut dibatalkan atau diterbitkan kembali.

Ketika saham tersebut selanjutnya diterbitkan kembali, imbalan yang diterima, dikurangi biaya tambahan transaksi yang terkait dan dampak pajak penghasilan yang terkait dimasukkan pada ekuitas yang dapat diatribusikan kepada pemilik ekuitas Bank.

2. ACCOUNTING POLICIES (continued)

**ah. Transactions with related parties (SFAS 7)
(continued)**

- b. An entity is related to a reporting entity if any of the following conditions applies:
- i. the entity and the reporting entity are member of the same the company (which means that each parent, subsidiary, and fellow subsidiary is related to the others);
 - ii. one entity is an associate or joint venture of the other entity (or an associate or joint venture of member of a company of which the other entity is a member);
 - iii. both entities are joint ventures of the same third party;
 - iv. one entity is a joint venture of a third entity and the other entity is an associate of the third entity;
 - v. the entity is a post-employment benefit plan for the benefit of employees of either the reporting entity or an entity related to the reporting entity;
 - vi. the entity controlled or jointly controlled by a person identified in (a);
 - vii. a person identified in (a) (i) has significant influence over the entity or is a member of the key management personel of the entity (or of a parent of the entity); or
 - viii. the entity, or any member of a group of which it is a part, provides key management personnel services to the reporting entity or to the parent of the reporting entity.

The nature of transactions and balances of accounts with related parties are disclosed in the notes to the consolidated financial statements.

ai. Treasury shares

When any Bank purchases the Bank's equity share capital (treasury shares), the consideration paid, including any directly attributable incremental cost (net of income taxes) is deducted from equity attributable to the Bank's equity holders until the shares are cancelled or reissued.

Where such ordinary shares are subsequently reissued, any consideration received, net of any directly attributable incremental transaction costs and the related income tax effects, is included in equity attributable to the Bank's equity holders

(Dinyatakan dalam jutaan Rupiah, kecuali dinyatakan lain)

2. KEBIJAKAN AKUNTANSI (lanjutan)

aj. Pelaporan segmen (PSAK 5)

Sebuah segmen operasi adalah suatu komponen dari entitas:

- a. yang terlibat dalam aktivitas bisnis yang memperoleh pendapatan dan menimbulkan beban (termasuk pendapatan dan beban yang terkait dengan transaksi dengan komponen lain dari entitas yang sama);
- b. hasil operasinya dikaji ulang secara reguler oleh kepala operasional untuk membuat keputusan tentang sumber daya yang dialokasikan pada segmen tersebut dan menilai kinerjanya; dan
- c. tersedia informasi keuangan yang dapat dipisahkan.

Bank CIMB Niaga menyajikan segmen operasi berdasarkan informasi yang disiapkan secara internal untuk pengambil keputusan operasional. Berdasarkan PSAK 5 (Revisi 2014), sebuah segmen usaha adalah sekelompok aset dan operasi yang menyediakan barang atau jasa yang memiliki risiko serta tingkat pengembalian yang berbeda dengan segmen usaha lainnya.

Sebuah segmen geografis menyediakan jasa di dalam lingkungan ekonomi tertentu yang memiliki risiko serta tingkat pengembalian yang berbeda dengan segmen operasi lainnya yang berada dalam lingkungan ekonomi lain. Bank CIMB Niaga melaporkan segmen sekunder berdasarkan daerah Jakarta, Jawa Barat, Jawa Tengah, Jawa Timur, Indonesia Timur, dan Sumatera.

3. PENGGUNAAN ESTIMASI DAN PERTIMBANGAN AKUNTANSI YANG PENTING

Beberapa estimasi dan asumsi dibuat dalam rangka penyusunan laporan keuangan konsolidasian dimana dibutuhkan pertimbangan manajemen dalam menentukan metodologi yang tepat untuk penilaian aset dan liabilitas.

Manajemen membuat estimasi dan asumsi yang berimplikasi pada pelaporan nilai aset dan liabilitas atas tahun keuangan satu tahun kedepan. Semua estimasi dan asumsi yang diharuskan oleh PSAK adalah estimasi terbaik yang didasarkan standar yang berlaku. Estimasi dan pertimbangan dievaluasi secara terus menerus dan berdasarkan pengalaman masa lalu dan faktor-faktor lain termasuk harapan atas kejadian yang akan datang.

2. ACCOUNTING POLICIES (continued)

aj. Segment reporting (SFAS 5)

An operating segment is a component of entity which:

- a. involves with business activities to generate income and expenses (include income and expenses relating to the transactions with other components with the same entity);
- b. operations result is observed regularly by chief decision maker to make decisions regarding the allocation of resources and to evaluate the works; and
- c. separated financial information is available.

Bank CIMB Niaga presents operating segments based on the information that internally is provided to the chief operating decision maker. Under SFAS 5 (Revised 2014), a business segment is a group of assets and operations engaged in providing products or services that are subject to risks and returns that are difference from those of other business segments.

A geographical segment is engaged in providing services within a particular economic environment that are subject to risks and return that are different from those of segments operating in other economic environments. Bank CIMB Niaga reports the secondary segment information based on Jakarta, West Java, Central Java, East Java, East Indonesia, and Sumatera.

3. USE OF SIGNIFICANT ACCOUNTING ESTIMATES AND JUDGEMENTS

Certain estimates and assumption are made in the presentation of the consolidated financial statements. These often require management judgement in determining the appropriate methodology for valuation of assets and liabilities.

Management makes estimates and assumptions that affect the reported amounts of assets and liabilities within the next financial year. All estimates and assumptions required in conformity with SFAS are best estimates undertaken in accordance with the applicable standard. Estimates and judgements are evaluated on a continuous basis, and are based on past experience and other factors, including expectations with regard to future events.

**3. PENGGUNAAN ESTIMASI DAN PERTIMBANGAN
AKUNTANSI YANG PENTING (lanjutan)**

Walaupun estimasi dan asumsi ini dibuat berdasarkan pengetahuan terbaik manajemen atas kejadian dan tindakan saat ini, hasil yang timbul mungkin berbeda dengan estimasi dan asumsi semula.

a. Cadangan kerugian penurunan nilai aset keuangan

Aset keuangan yang dicatat berdasarkan biaya perolehan diamortisasi dievaluasi penurunan nilainya sesuai dengan Catatan 2h.

Kondisi spesifik penurunan nilai *counterparty* dalam pembentukan cadangan kerugian atas aset keuangan dievaluasi secara individu berdasarkan estimasi terbaik manajemen atas nilai kini arus kas yang diharapkan akan diterima. Dalam mengestimasi arus kas tersebut, manajemen membuat pertimbangan tentang situasi keuangan *counterparty* dan nilai realisasi bersih dari setiap agunan. Setiap aset yang mengalami penurunan nilai dinilai sesuai dengan manfaat yang ada dan strategi penyelesaian serta estimasi arus kas yang diperkirakan dapat diterima disetujui secara independen oleh Manajemen Risiko.

Perhitungan cadangan penurunan nilai kolektif meliputi kerugian kredit yang melekat dalam portofolio aset keuangan dengan karakteristik ekonomi yang sama dan aset keuangan yang tidak signifikan secara individual. Dalam menilai kebutuhan untuk cadangan kolektif, manajemen mempertimbangkan faktor-faktor seperti antara lain kualitas kredit, industri, dan jenis produk.

Guna membuat estimasi cadangan yang diperlukan, asumsi dibuat untuk menentukan kerugian yang melekat dan untuk menentukan parameter input yang diperlukan berdasarkan pengalaman masa lalu dan kondisi ekonomi saat ini.

Keakuratan penyisihan tergantung pada seberapa baik estimasi arus kas masa depan untuk cadangan *counterparty* tertentu dan asumsi model dan parameter yang digunakan dalam menentukan cadangan kolektif.

AND FOR THE YEARS ENDED
31 DECEMBER 2017, 2016, AND 2015**
(Expressed in millions of Rupiah, unless otherwise stated)

**3. USE OF SIGNIFICANT ACCOUNTING ESTIMATES AND
JUDGEMENTS (continued)**

Although these estimates and assumption are based on management's best knowledge of current events and activities, actual result may differ from those estimates and assumption.

**a. Allowance for impairment losses of financial
assets**

Financial assets accounted for at amortised cost are evaluated for impairment on a basis described in Note 2h.

The specific counterparty conditions in determining impairment amount of the financial assets is evaluated individually and is based upon management's best estimate of the present value of the cash flows that are expected to be received. In estimating these cash flows, management makes judgements about the counterparty's financial situation and the net realizable value of any underlying collateral. Each impaired asset is assessed on its merits and the workout strategy and estimated cash flows considered recoverable are independently approved by the Risk Management.

Collectively assessed impairment allowances cover credit losses inherent in portfolios of financial assets with similar economic characteristics and financial assets that are individually insignificant. In assessing the need for collective allowances, management considers factors such as credit quality, industry, and type of product amongst others.

In order to estimate the required allowance, assumptions are made to define the way inherent losses are modelled and to determine the required input parameters, based on historical experience and current economic conditions.

The accuracy of the allowances depends on how well these estimate future cash flows for specific counterparty allowances and the model assumptions and parameters used in determining collective allowances.

**3. PENGGUNAAN ESTIMASI DAN PERTIMBANGAN
AKUNTANSI YANG PENTING (lanjutan)**

b. Menentukan nilai wajar instrumen keuangan

Dalam menentukan nilai wajar aset keuangan dan liabilitas yang tidak mempunyai harga pasar, Bank CIMB Niaga menggunakan teknik penilaian seperti yang dijelaskan dalam Catatan 2f untuk instrumen keuangan yang jarang diperdagangkan dan memiliki informasi harga yang terbatas, nilai wajar yang kurang obyektif dan membutuhkan berbagai tingkat penilaian tergantung pada likuiditas, konsentrasi, faktor ketidakpastian pasar, asumsi harga, dan risiko lainnya.

c. Imbalan pensiun

Manfaat pensiun tergantung pada beberapa faktor yang ditentukan dengan dasar aktuarial berdasarkan beberapa asumsi. Asumsi yang digunakan untuk menentukan biaya (penghasilan) pensiun neto mencakup tingkat diskonto. Perubahan asumsi ini akan mempengaruhi jumlah tercatat liabilitas pensiun.

Asumsi yang digunakan dalam menentukan biaya/ (pendapatan) untuk imbalan kerja karyawan antara lain tingkat diskonto, tingkat kenaikan gaji di masa datang, tingkat pengembalian investasi, tingkat pengunduran diri, tingkat mortalitas dan lain-lain.

Bank CIMB Niaga dan Entitas Anak menentukan tingkat diskonto yang sesuai pada akhir periode pelaporan, yakni tingkat suku bunga yang harus digunakan untuk menentukan nilai kini arus kas keluar masa depan estimasian yang diharapkan untuk menyelesaikan liabilitas pensiun. Dalam menentukan tingkat suku bunga yang sesuai, Bank CIMB Niaga mempertimbangkan tingkat suku bunga obligasi pemerintah yang didenominasikan dalam mata uang imbalan akan dibayar dan memiliki jangka waktu yang serupa dengan jangka waktu liabilitas pensiun yang terkait.

Tingkat kenaikan gaji per tahun didasarkan pada informasi historis atas tingkat kenaikan gaji sebelumnya, tingkat inflasi dan masa kerja.

Asumsi tingkat mortalitas telah didasarkan pada tabel mortalitas terbaru yang dihitung dengan menggunakan metode aktuarial yang diterima secara umum.

Tingkat pengembalian investasi didasarkan pada informasi historis dan proyeksi pasar ke depan.

Asumsi tingkat pengunduran diri didasarkan pada informasi historis.

**3. USE OF SIGNIFICANT ACCOUNTING ESTIMATES AND
JUDGEMENTS (continued)**

b. Determining fair values of financial instruments

In determining the fair value for financial assets and financial liabilities for which there is no observable market price, Bank CIMB Niaga uses the valuation techniques as described in Note 2f for financial instruments that are traded infrequently and have a lack of price transparency, less objectivity in fair value and requires varying degrees of judgement depending on liquidity, concentration, uncertainty of market factors, pricing assumptions, and other risks.

c. Pension benefits

The present value of the pension obligations depends on a number of factors that are determined on an actuarial basis using a number of assumptions. The assumptions used in determining the net cost (income) for pensions include the discount rate. Any changes in these assumptions will impact the carrying amount of pension obligations.

The assumptions used in determining the net cost / (income) for employee's benefit included the discount rate, salary increment rate, expected return on investments, resignation rate, mortality rate and others.

Bank CIMB Niaga and Subsidiary determines the appropriate discount rate at the end of each reporting period. This is the interest rate that should be used to determine the present value of estimated future cash outflows expected to be required to settle the pension obligations. In determining the appropriate discount rate, Bank CIMB Niaga considers the interest rates of government bonds that are denominated in the currency in which the benefits will be paid and that have terms to maturity approximating the terms of the related pension obligation.

Annual salary increment rate is determined based on historical information of previous salary increment rate, inflation rate and length of service.

Mortality rate assumption is based on the latest mortality table which is calculated using actuarial method that is generally accepted.

Expected rate of return on investment is based on historical information and future market projections.

Resignation rate assumption is based on historical information.

d. Pajak penghasilan

d. Income taxes

Pertimbangan signifikan diperlukan dalam menentukan provisi perpajakan.

Significant judgement is required in determining the provision for taxes.

Bank CIMB Niaga dan Entitas Anak menentukan provisi perpajakan berdasarkan estimasi atas kemungkinan adanya tambahan beban pajak. Jika hasil akhir dari hal ini berbeda dengan jumlah yang dicatat semula, maka perbedaan tersebut akan berdampak terhadap laba/rugi.

Bank CIMB Niaga and Subsidiary provides for tax provision based on estimates whether the additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the profit/loss.

**5. CURRENT ACCOUNTS WITH BANK INDONESIA
(continued)**

As at 31 December 2015, Bank CIMB Niaga's Minimum Statutory Reserves complies with BI regulation No. 17/21/PBI/2015 dated 26 November 2015 regarding second amendment of PBI No.15/15/PBI/2013 dated 24 December 2013 regarding Minimum Statutory Reserves in Rupiah and Foreign Currencies for Conventional Commercial Banks which effective since 1 December 2015 with Primary Statutory Reserves, Secondary Statutory Reserves, and LFR Statutory Reserves of 7.5%, 4%, and 0%, respectively, and foreign currencies of 8%.

The Minimum Statutory Reserve on LFR is the additional reserve that should be maintained by the Bank in the form of current accounts with Bank Indonesia, if the Bank's LFR is below the minimum of LFR targeted by Bank Indonesia (80%) or if the Bank's LFR above the maximum of LFR targeted by Bank Indonesia (92%) and the Capital Adequacy Ratio ("CAR") is below Bank Indonesia requirement of 14%. LFR Reserve is the additional minimum reserve calculated based on difference between Bank's LFR with the minimum or the maximum Bank Indonesia's LFR Target. Difference between Bank's LFR with the minimum Bank Indonesia's LFR target multiply by 10%, whereas difference between the Bank's LFR with the maximum Bank Indonesia's LFR target multiply by 20%.

6. CURRENT ACCOUNTS WITH OTHER BANKS

INDONESIA (lanjutan)**

**7. PLACEMENT WITH OTHER BANKS AND BANK
INDONESIA (continued)**

i. Cadangan kerugian penurunan nilai

i. Allowance for impairment losses

Perubahan cadangan kerugian penurunan nilai adalah:

Movements of allowance for impairment losses are as follows:

	2017	2016	2015	
Saldo awal	11,928	14,917	8,685	Beginning balance
(Pemulihan)/pembentukan selama tahun berjalan (lihat Catatan 39)	(2,553)	(2,452)	5,069	(Reversal)/impairment during the year (refer to Note 39)
Selisih kurs penjabaran	139	(537)	1,163	Exchange rates difference
Saldo akhir	9,514	11,928	14,917	Ending balance

Cadangan kerugian penurunan nilai penempatan pada bank lain dan Bank Indonesia dihitung secara kolektif. Evaluasi penurunan nilai secara kolektif dilakukan berdasarkan arus kas kontraktual dan kerugian historis yang pernah dialami atas penempatan yang dimiliki Bank.

The allowance for impairment losses on placement with other banks and Bank Indonesia is calculated based on collective assessment. The collective evaluation of impairment is performed based on historical loss experience for placement which the Bank had.

Manajemen berpendapat bahwa jumlah cadangan kerugian penurunan nilai yang dibentuk telah memadai.

Management believes the allowance for impairment losses is adequate.

d. Fair value hedge using interest rate swap (IRS) contracts (continued)

ii) Obligasi yang diterbitkan

ii) Bond Issued

2017, 2016, dan/and 2015

Tanggal/ Date	Pihak ketiga/ Third party	Tujuan/Purpose	Tanggal Obligasi Subordinasi/ Subordinated bond date	Nosional/ Notional	Suku bunga yang dibayarkan/ Paid interest rate	Suku bunga yang diterima/ Received interest rate	Jatuh tempo/ Maturity date
24 Juni/ June 2014	PT Bank ANZ Panin Tbk	Lindung nilai atas risiko suku bunga pada sebagian eksposur Obligasi Berkelanjutan I Tahap I Tahun 2012 seri B/To hedge interest rate risk on certain portion of the Continuous Bonds I Phase I Year 2012 Series B	22 Oktober/ October 2012	250,000	Suku bunga mengambang sebesar suku bunga JIBOR 3 (tiga) bulan – 0,7/ Floating interest rate of 3 (three) months JIBOR – 0.7	Suku bunga tetap sebesar 7,75% per tahun/Fixed interest rate of 7.75% per annum.	30 Oktober/ October 2017

Perubahan nilai wajar dari kontrak IRS sebagai instrumen lindung nilai dan obligasi subordinasi sebagai *item* yang dilindung nilai akibat dari penerapan lindung nilai dibebankan sebagai laba/rugi. Perubahan nilai wajar instrumen lindung nilai dan *item* yang dilindung nilai akan saling *off-set* dan selisihnya merupakan bagian yang tidak efektif dan dicatat sebagai keuntungan/kerugian dari perubahan nilai wajar derivatif pada laba/rugi (lihat Catatan 40).

Sejak diterapkannya akuntansi lindung nilai wajar tersebut, manajemen telah memiliki dokumentasi mengenai hubungan antara instrumen lindung nilai dan *item* yang dilindung nilai dan juga tujuan manajemen risikonya serta strategi dalam melakukan berbagai transaksi lindung nilai.

Dokumentasi juga meliputi penilaian efektivitas lindung nilai dari derivatif yang digunakan sebagai instrumen lindung nilai dan *item* yang dilindung nilai. Penilaian ini dilakukan baik pada permulaan lindung nilai tersebut diterapkan dan pada saat-saat berikutnya secara berkelanjutan.

Liabilitas derivatif pada pihak berelasi diungkapkan dalam Catatan 49.

The changes in fair values of IRS contracts as the hedging instruments and the subordinated bonds as the hedge items, as a result of hedge accounting implementation, are charged/credited as profit/loss. The changes in fair values of hedge instruments and hedged items are off-set and the amounts representing the ineffective portion are recorded as gains/losses from changes in fair values of derivative as profit/loss (refer to Note 40).

Starting from the implementation of fair value hedge accounting, management has been able to document the relationship between hedging instruments and hedged items, as well as its risk management objective and strategy for undertaking various hedge transactions.

The documentation also consists of hedge effectiveness assessment of derivatives, as the hedge instruments, against the hedged items. The assessment is tested at inception of the hedge and through out the period of the hedge.

Derivative payables transactions with related parties are disclosed in Note 49.

12. KREDIT YANG DIBERIKAN (lanjutan)

12. LOANS (continued)

b. Berdasarkan sektor ekonomi (lanjutan)

b. By economic sector (continued)

Rasio kredit yang mengalami penurunan nilai bruto dan neto pada tanggal 31 Desember 2017 masing-masing adalah sebesar 5,17% dan 2,81% (2016: 5,37% dan 2,83%; 2015: 5,19% dan 2,55%). Rasio kredit yang mengalami penurunan nilai bruto dihitung dengan membagi jumlah kredit yang diberikan yang mengalami penurunan nilai dengan jumlah kredit yang diberikan. Rasio kredit yang mengalami penurunan nilai neto dihitung dengan mengurangi jumlah kredit yang diberikan yang mengalami penurunan nilai dengan cadangan kerugian penurunan nilai dan dibagi dengan jumlah kredit yang diberikan.

Gross and net impaired loan ratios as at 31 December 2017 are 5.17% and 2.81%, respectively (2016: 5.37% and 2.83%; 2015: 5.19% and 2.55%). Gross impaired loan ratio is calculated by dividing total impaired loans with total loans. Net impaired loan ratio is calculated by deducting impaired loans with allowance for impairment losses and divide with total loans.

Kualitas kredit yang diberikan berdasarkan sektor ekonomi dan kolektibilitas sesuai ketentuan OJK/BI:

Loans quality based on economic sector and collectibility according to FSA/BI regulation:

12. KREDIT YANG DIBERIKAN (lanjutan)

12. LOANS (continued)

b. Berdasarkan sektor ekonomi (lanjutan)

b. By economic sector (continued)

Rasio kredit bermasalah (*NPL*) dihitung sesuai dengan pedoman perhitungan rasio keuangan sebagaimana tercantum dalam Surat Edaran BI No. 3/30/DPNP tanggal 14 Desember 2001 sebagaimana telah diubah dengan Surat Edaran BI No. 7/10/DPNP tanggal 31 Maret 2005 yang kemudian diubah melalui Surat Edaran BI No. 13/30/DPNP tanggal 16 Desember 2011. Pada tanggal 31 Desember 2017, rasio *NPL* bruto dan neto konsolidasian (termasuk ljarah) masing-masing adalah sebesar 3,75% dan 2,16% (2016: 3,89% dan 2,16%; 2015: 3,74% dan 1,59%). Rasio *NPL* bruto dihitung dengan membagi jumlah pinjaman dalam klasifikasi kurang lancar, diragukan, dan macet dengan jumlah pinjaman. Rasio *NPL* neto dihitung dengan mengurangi jumlah pinjaman dalam klasifikasi kurang lancar, diragukan, dan macet dengan cadangan kerugian penurunan nilai dan dibagi dengan jumlah pinjaman. Rasio *NPL* disajikan secara konsolidasi termasuk piutang pembiayaan konsumen.

Non-performing loans (NPL) is determined based on financial ratio calculation guidance as stated in Circular Letter of BI No. 3/30/DPNP dated 14 December 2001 as amended with the Circular Letter of BI No. 7/10/DPNP dated 31 March 2005 then amended by Circular Letter of BI No. 13/30/DPNP dated 16 December 2011. As at 31 December 2017, the percentage on consolidated basis of gross and net NPL (included ljarah) is 3.75% and 2.16 %, respectively (2016: 3.89% and 2.16%; 2015: 3.74% and 1.59%). Gross NPL ratio is calculated by dividing total loans that classified as substandard, doubtful, and loss with total loans. Net NPL ratio is calculated by deducting total loans that classified as substandard, doubtful, and loss with allowance of impairment loans and divided by total loans. NPL ratio is disclosed as consolidated including the consumer financing receivables.

Pada tanggal 30 September 2015, Bank CIMB Niaga setuju untuk menjual aset *NPL* sebesar USD 192 juta (Rp 2.813 miliar - nilai penuh) kepada pihak terkait ("Pembeli"). Harga yang disetujui adalah USD 63,7 juta (Rp 933 miliar - nilai penuh) yang didapat berdasarkan penilaian dari penilai eksternal yang diterbitkan pada bulan September 2015. Penjualan ini disahkan dalam Perjanjian Jual-Beli antara Bank CIMB Niaga dan Pembeli dalam Akta No. 33 dan No. 37 tanggal 30 September 2015 oleh Notaris Liestiani Wang, SH, MKn. Pembeli merupakan *Special Purpose Vehicle* dan oleh karenanya mendapatkan dana dalam transaksi ini dari pemilik akhir Pembeli yaitu CIMB Group Holdings Berhad. Pada tanggal transaksi penjualan, nilai bersih aset *NPL* ini di laporan posisi keuangan konsolidasian Bank CIMB Niaga adalah sebesar USD 63,7 juta (Rp 933 miliar - nilai penuh). Pada tanggal 31 Desember 2016 dan 2015, jumlah ini dicatat sebagai aset lain-lain sebesar Rp 858 miliar - nilai penuh dan Rp 878 miliar - nilai penuh (lihat Catatan 22). Manajemen berkeyakinan bahwa piutang sejumlah USD 63,7 juta adalah *recoverable* dan tidak memerlukan cadangan kerugian penurunan nilai. CIMB Group Holdings Berhad telah menyediakan dana di Bank CIMB Niaga sebesar USD 63,7 juta yang diperuntukan bagi penyelesaian transaksi penjualan. Atas dana ini, CIMB Group Holdings Berhad dan Bank CIMB Niaga juga telah menandatangani perjanjian *escrow* pada tanggal 23 Maret 2016. Transaksi ini telah diselesaikan pada tanggal 20 September 2017.

On 30 September 2015, Bank CIMB Niaga agreed to sell *NPL* asset amounting to USD 192 million (Rp 2,813 billion - full amount) to related party (the "Buyer"). The agreed price is USD 63.7 million (Rp 933 billion - full amount) which is based on an external valuation report issued in September 2015. This sale is stipulated in the Sale-Buy Agreement between Bank CIMB Niaga and the Buyer in Notarial Deed No. 33 and No. 37 dated 30 September 2015 by Notary Liestiani Wang, SH, MKn. As the Buyer is intended to be a *Special Purpose Vehicle*, the Buyer obtains funding for this transaction from the ultimate beneficiary owner, CIMB Group Holdings Berhad. As of the date of the sale, the net book value of the loan in Bank CIMB Niaga's consolidated statements of financial position was USD 63.7 million (Rp 933 billion - full amount). As at 31 December 2016 and 2015, this amount is recorded as other assets of Rp 858 billion - full amount and Rp 878 billion - full amount, respectively (refer to Note 22). Management believes that the receivables amounting to USD 63.7 million is recoverable and does not need allowance for impairment losses. CIMB Group Holdings Berhad have provided funds in Bank CIMB Niaga amounting to USD 63.7 million which is intended to be used for settlement of this transaction. Over these funds, CIMB Group Holding Berhad and Bank CIMB Niaga also signed an *escrow* agreement on 23 March 2016. This transaction has been settled on 20 September 2017.

12. LOANS (continued)

h. Cadangan kerugian penurunan nilai (lanjutan)

h. Allowance for impairment losses (continued)

Transaksi ini telah diketahui oleh OJK melalui suratnya No.SR-71/PB.33/2015 tanggal 28 September 2015.

This transaction has been noted by FSA via its letter No.SR-71/PB.33/2015 dated 28 September 2015.

Setelah penjualan, Pembeli akan mengelola aset *NPL* ini dan melakukan restrukturisasi kredit dengan debitur. Bank CIMB Niaga tidak memiliki keterlibatan lagi dengan kredit ini dan debitur. Pada tanggal 31 Desember 2017, 2016, dan 2015 Bank CIMB Niaga tidak lagi mengakui aset *NPL* ini dalam laporan posisi keuangan konsolidasian.

After the sale, the Buyer would manage the *NPL* loan and restructure or recover the loan with the borrower. Bank CIMB Niaga has no further involvement with the loan and the debtor. As at 31 December 2017, 2016, and 2015 Bank CIMB Niaga has de-recognised the *NPL* asset from the consolidated statements of financial position.

12. KREDIT YANG DIBERIKAN (lanjutan)

12. LOANS (continued)

h. Cadangan kerugian penurunan nilai (lanjutan)

h. Allowance for impairment losses (continued)

Pada tanggal 31 Desember 2017, penyisihan kerugian minimum yang dihitung berdasarkan ketentuan Bank Indonesia adalah Rp 6.087.250 (2016: Rp 7.036.041; 2015: Rp 7.214.816), sehingga pemenuhan cadangan adalah sebesar 114,74% (2016: 108,93%; 2015: 97,72%).

As at 31 December 2017, the minimum allowance for possible losses calculated based on BI regulation is Rp 6,087,250 (2016: Rp 7,036,041; 2015: Rp 7,214,816), and therefore the fulfillment is 114.74% (2016: 108.93%; 2015: 97.72%).

Rincian cadangan kerugian penurunan nilai pada tanggal 31 Desember 2017, 2016, dan 2015, berdasarkan jenis adalah:

As at 31 December 2017, 2016, and 2015, the allowance for possible losses based on type of loans consist of:

	2017	2016	2015	
Modal kerja	2,869,018	2,725,499	3,558,749	Working capital
Investasi	2,632,759	3,126,852	2,074,646	Investment
Konsumsi	1,482,929	1,811,905	1,416,851	Consumer
	6,984,706	7,664,256	7,050,246	

Manajemen berpendapat bahwa jumlah cadangan kerugian penurunan nilai yang dibentuk cukup untuk menutup kerugian yang timbul akibat tidak tertagihnya kredit yang diberikan.

Management believes that the allowance for impairment losses is adequate to cover losses arising from uncollectible loans.

i. Penghapusbukuan kredit macet

i. Write-off loans for "Loss" loans category

Pada tahun yang berakhir 31 Desember 2017, Bank CIMB Niaga melaksanakan penghapusbukuan kredit sebesar Rp 5.640.208 (2016: Rp 3.708.825; 2015: Rp 3.450.112). Adapun kriteria debitur yang dapat dihapusbukukan meliputi:

For the year period ended 31 December 2017, Bank CIMB Niaga write-off loans amounted to Rp 5,640,208 (2016: Rp 3,708,825; 2015: Rp 3,450,112). Loans write-off criteria are as follows:

- a. Fasilitas kredit telah mengalami penurunan nilai;
- b. Fasilitas kredit telah dibentuk cadangan kerugian penurunan nilai sebesar 100% dari pokok kredit;
- c. Telah dilakukan berbagai upaya penagihan dan pemulihan, namun tidak berhasil;
- d. Usaha debitur sudah tidak mempunyai prospek atau kinerja debitur buruk atau tidak ada kemampuan membayar;
- e. Hapus buku dilakukan terhadap seluruh kewajiban kreditnya, termasuk yang berasal dari fasilitas *non-cash loan* sehingga penghapusbukuan tidak boleh dilakukan pada sebagian kewajiban kreditnya (*partial write-off*); dan
- f. Diumumkan secara terbuka.

- a. Loan facility is classified as impaired;
- b. Loan facility has been provided with 100% allowance for impairment losses from the loan principal;
- c. Collection and recovery efforts have been performed, but the results are unsuccessful;
- d. The debtor's business has been slow down and there is no prospect and ability to repay the loan;
- e. The write-offs are performed for all loan obligations, including non-cash loan facilities, and the loan obligations shall not be written-off partially; and
- f. Announced publicly.

12. KREDIT YANG DIBERIKAN (lanjutan)

j. Kredit Usaha Kecil, Mikro, dan Menengah (UMKM)

Jumlah UMKM pada tanggal 31 Desember 2017 adalah sebesar Rp 27.976.934 (2016: Rp 21.329.832; 2015: Rp 24.251.742). Rasio kredit UMKM terhadap jumlah kredit yang diberikan konsolidasian pada tanggal 31 Desember 2017 sebesar 15,42% (2016: 12,29%; 2015: 14,20%). Rasio ini telah sesuai dengan PBI No. 14/22/PBI/2012 tanggal 21 Desember 2012 sebagaimana telah diubah dengan PBI No. 17/12/PBI/2015 tanggal 25 Juni 2015 mengenai Pemberian Kredit atau Pembiayaan oleh Bank Umum dan Bantuan Teknis dalam Rangka Pengembangan Usaha Mikro, Kecil, dan Menengah.

k. Informasi pokok lainnya sehubungan dengan kredit yang diberikan

Pada tanggal 20 Januari 2005, BI mengeluarkan peraturan No. 7/3/PBI/2005 tentang "Batas Maksimum Pemberian Kredit (BMPK) Bank Umum" yang berlaku efektif sejak tanggal 20 Januari 2005. Peraturan tersebut menetapkan batas maksimum penyediaan dana kepada satu peminjam yang bukan merupakan pihak berelasi tidak melebihi 20% dari modal Bank. Peraturan tersebut juga menetapkan batas maksimum penyediaan dana kepada satu kelompok peminjam yang bukan pihak berelasi tidak melebihi 25% dari modal Bank. Peraturan ini telah diubah dengan peraturan BI No. 8/13/PBI/2006 tanggal 5 Oktober 2006 tentang kriteria penyediaan dana kepada pihak berelasi yang dikecualikan dari perhitungan BMPK. Pada tanggal 31 Desember 2017, 2016, dan 2015, tidak terdapat pelanggaran dan pelanggaran atas BMPK baik kepada pihak berelasi dan pihak tidak berelasi.

Kredit yang diberikan dijamin dengan agunan yang diikat dengan hipotik, hak tanggungan atau surat kuasa untuk menjual, deposito berjangka, dan jaminan lainnya.

Kredit yang dijamin dengan jaminan tunai pada tanggal 31 Desember 2017 adalah sebesar Rp 11.744.227 (2016: Rp 7.594.113; 2015: Rp 7.633.504) (lihat Catatan 24, 25, dan 26).

31 DECEMBER 2017, 2016, AND 2015
AND FOR THE YEARS ENDED
31 DECEMBER 2017, 2016, AND 2015**

(Expressed in millions of Rupiah, unless otherwise stated)

12. LOANS (continued)

j. Micro, Small, and Medium Enterprises (MSME) Loans

As at 31 December 2017, the outstanding balance of MSME is Rp 27,976,934 (2016: Rp 21,329,832; 2015: Rp 24,251,742). As at 31 December 2017, ratio of MSME loans to total consolidated loan is 15.42% (2016: 12.29%; 2015: 14.20%). These ratios comply with BI regulation No. 14/22/PBI/2012 dated 21 December 2012 amended with the PBI No. 17/12/PBI/2015 dated 25 June 2015 concerning The Extension of Credit or Financing by Commercial Banks and Technical Assistance in the Development of Micro, Small, and Medium Enterprises Segment.

k. Other significant information relating to loans

On 20 January 2005, BI issued regulation No. 7/3/PBI/2005 relating to the "Legal Lending Limit (LLL) for Commercial Banks" which was effective starting 20 January 2005. This regulation requires the maximum lending limit to one non-related party debtor which not exceed to 20% of the Bank's capital. This regulation also requires the maximum lending limit to non-related party group of debtors which not exceed to 25% of Bank's capital. This regulation has been changed by BI regulation No. 8/13/PBI/2006 dated 5 October 2006 regarding with criteria of lending to related parties which exempted from calculation of the LLL. As at 31 December 2017, 2016, and 2015, there was no breach and violation of the LLL requirements for both related parties and third parties.

Loans are generally secured by collateral with registered mortgages, powers of attorney to sell, time deposits, and by other guarantees.

Loans secured by cash collateral as at 31 December 2017 amounted to Rp 11,744,227 (2016: Rp 7,594,113; 2015: Rp 7,633,504) (refer to Note 24, 25, and 26).

17. ASET TETAP (lanjutan)

Pengurangan aset tetap termasuk penghapusbukuan aset tetap berupa mesin kantor, peralatan, dan perabot kantor serta kendaraan bermotor yang tidak ada, rusak dan tidak terpakai dengan nilai buku sebesar Rp 213 untuk tahun yang berakhir 31 Desember 2017 (2016: Rp 180; 2015: Rp 283).

Pada tanggal 31 Desember 2017, Bank CIMB Niaga memiliki 303 (2016: 217; 2015: 210) (tidak diaudit) bidang tanah, dengan sertifikat Hak Guna Bangunan (HGB) yang mempunyai masa manfaat 20 (dua puluh) hingga 40 (empat puluh) tahun. Masa berlaku Hak Guna Bangunan (HGB) berakhir antara tahun 2018 sampai dengan 2045. Manajemen berpendapat tidak terdapat masalah dengan perpanjangan hak atas tanah karena seluruh tanah diperoleh secara sah dan didukung dengan bukti kepemilikan yang memadai.

Seluruh aset tetap yang ada pada tanggal pelaporan 31 Desember 2017 digunakan untuk menunjang aktivitas operasi Bank CIMB Niaga. Beberapa aset tersebut sudah disusutkan penuh dan masih digunakan dalam operasi Bank CIMB Niaga sebesar Rp 1.471.283 (2016: Rp 1.420.680; 2015: Rp 1.369.750).

Pada tanggal 31 Desember 2017, aset tetap Bank CIMB Niaga berupa bangunan dan kendaraan bermotor telah diasuransikan kepada PT Lippo General Insurance Tbk dengan nilai pertanggungan sebesar Rp 3.679.986 (2016: Rp 3.547.375; 2015: Rp 2.976.887) dan USD 129 juta (2016: USD 155 juta; 2015: USD 166 juta). Manajemen berpendapat bahwa nilai pertanggungan tersebut cukup untuk menutup kemungkinan kerugian atas aset yang diasuransikan.

Sejak tahun 2016, Bank menerapkan model revaluasi untuk tanah dan bangunan sehingga nilai tercatat pada tanggal 31 Desember 2017 dan 2016 mencerminkan nilai wajar. Estimasi nilai wajar aset tetap (tanah dan bangunan berdasarkan nilai jual objek pajak) pada tanggal 31 Desember 2015 adalah Rp 2.768.030 (level 3 – hierarki nilai wajar). Manajemen berpendapat tidak terdapat indikasi penurunan nilai atas aset tetap yang dimiliki Bank CIMB Niaga.

Aset dalam pembangunan terdiri dari tanah dan bangunan termasuk renovasi dan instalasi. Konstruksi tersebut diperkirakan akan selesai di tahun 2018 dengan persentase penyelesaian hingga saat ini adalah 90% - 95%.

Tidak terdapat aset tetap yang digunakan Bank CIMB Niaga sebagai jaminan pinjaman.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
31 DECEMBER 2017, 2016, AND 2015
AND FOR THE YEARS ENDED
31 DECEMBER 2017, 2016, AND 2015

(Expressed in millions of Rupiah, unless otherwise stated)

17. FIXED ASSETS (continued)

The disposals of fixed assets include the write-off, damaged and unused office machines and furnitures, equipments, and motor vehicles with book value of Rp 213 for the year ended 31 December 2017 (2016: Rp 180; 2015: Rp 283).

As at 31 December 2017, Bank CIMB Niaga has 303 (2016: 217; 2015: 210) (unaudited) plots of land, respectively, with "Hak Guna Bangunan" (HGB) titles which have an economic useful life of 20 (twenty) to 40 (forty) years. The landrights (HGB) have expiry date ranging from 2018 until 2045. Management believes that there will be no difficulty in obtaining the extension of the landrights as all the land was acquired legally and was supported by sufficient evidence of ownership.

All of the fixed assets as at the reporting date 31 December 2017 are fully used to support Bank CIMB Niaga's operation activities. Several assets are fully depreciated and still used by Bank CIMB Niaga in its operation amounting to Rp 1,471,283 (2016: Rp 1,420,680; 2015: Rp 1,369,750).

As at 31 December 2017, fixed assets, including buildings and motor vehicles has been insured by Bank CIMB Niaga to PT Lippo General Insurance Tbk with an insured amount of Rp 3,679,986 (2016: Rp 3,547,375; 2015: Rp 2,976,887) and USD 129 million (2016: USD 155 million; 2015: USD 166 million). Management believes that the insured amount is adequate to cover possible losses of these assets.

Since year 2016, the Bank has applied revaluation model for land and building thus, the carrying value as at 31 December 2017 and 2016 reflects the fair value. The estimated fair value of fixed assets (land and building based on tax object sale value) as at 31 December 2015 was Rp 2,768,030, respectively (level 3 – fair value hierarchy). Management believes that there is no indication of fixed asset impairment in the value of Bank CIMB Niaga's fixed assets.

Construction in progress comprised of the land and buildings including renovation and installations. Those constructions are estimated to be completed in 2018 with current percentages of completion of 90% - 95%.

There are no fixed assets pledged by Bank CIMB Niaga for collateral.

17. ASET TETAP (lanjutan)

Revaluasi aset tetap

Pada tanggal 1 Januari 2016, Bank CIMB Niaga melakukan perubahan kebijakan akuntansi atas tanah dan bangunan dari sebelumnya menggunakan model biaya menjadi model revaluasi. Penilaian atas tanah dan bangunan dilakukan oleh penilai independen eksternal KJPP Antonius Setiady & Rekan dalam Laporan Penilaian No. KJPP-ASR-2015-099-SUM tertanggal 26 Februari 2016 yang ditandatangani oleh Ir. Antonius Setiady, SCV, MAPPI (Cert), Ijin Penilai Menkeu R.I No. PB-1.08.00008, MAPPI No. 81-S.00002 atas penilaian atas aset yang dilakukan pada tanggal 24 November 2015 sampai dengan 14 Desember 2015. Penilaian dilakukan berdasarkan Standar Penilaian Indonesia, ditentukan berdasarkan transaksi pasar terkini dan dilakukan dengan ketentuan-ketentuan yang lazim. Metode penilaian yang dipakai adalah metode data pasar dan metode biaya.

Informasi mengenai penilaian kembali aset tetap pada tanggal 1 Januari 2016 untuk kelompok aset tanah dan bangunan yang dilakukan oleh Bank CIMB Niaga adalah sebagai berikut:

	Nilai Buku sebelum Revaluasi/ <i>Carrying Amount</i> <i>before</i> <i>Revaluation</i>	Nilai Buku setelah Revaluasi/ <i>Carrying</i> <i>Amount after</i> <i>Revaluation</i>	Keuntungan Revaluasi/ <i>Gain on</i> <i>Revaluation</i>	
Tanah	462,942	2,585,664	2,122,722	Land
Bangunan	442,204	1,397,365	955,161	Buildings
Jumlah	905,146	3,983,029	3,077,883	Total

Nilai buku setelah revaluasi termasuk biaya-biaya pajak terkait penilaian kembali sebesar Rp 95.645. Penilaian kembali yang dilakukan atas tanah dan bangunan menghasilkan jumlah kenaikan nilai tercatat sebesar Rp 3.077.883 yang dicatat sebagai "Pendapatan Komprehensif Lain".

Penilaian kembali tanah dan bangunan untuk tujuan perpajakan dilakukan setelah mendapatkan persetujuan dari Direktorat Jenderal Pajak dengan Surat Keputusan No. KEP-372/WPJ.19/2016 tanggal 30 Maret 2016. Bank melakukan penilaian kembali aset tetap dengan mengacu pada ketentuan Peraturan Menteri Keuangan (PMK) No. 191/PMK.010/2015 tanggal 15 Oktober 2015 sebagaimana telah diubah dengan PMK No. 233/PMK.03/2015 tanggal 21 Desember 2015. Ketentuan penyusutan fiskal aset tetap untuk tujuan pajak setelah penilaian kembali dimulai sejak tanggal 1 Januari 2016.

17. FIXED ASSETS (continued)

Revaluation fixed assets

On 1 January 2016, Bank CIMB Niaga changed its accounting policy of land and buildings from cost model to revaluation model. The valuations of land and building are performed by the following external independent valuer, KJPP Antonius Setiady & Rekan in the Valuation Report No. KJPP-ASR-2015-099-SUM dated 26 February 2016 which signed by Ir. Antonius Setiady, SCV, MAPPI (Cert), Ijin Penilai Menkeu R.I No. PB-1.08.00008, MAPPI No. 81-S.00002 of the asset valuation done from 24 November 2015 to 14 December 2015. Valuations are performed based on Indonesian Valuation Standards based on reference to recent market transactions done on arm's length terms. The valuation method used is market data approach and cost approach.

Information of the revaluation of land and buildings as at 1 January 2016 performed by Bank CIMB Niaga are as follows:

The carrying amount includes tax expenses related to revaluation amounted to Rp 95,645. The revaluation of land and building resulting increase in the carrying amount of land and building amounting to Rp 3,077,883 as "Other Comprehensive Income".

Revaluation of land and buildings for tax purposes is performed after the approval from Directorate General of Taxes through its letter No. KEP-372/WPJ.19/2016 dated 30 March 2016. Bank performed revaluation of fixed assets in accordance with the Finance Minister Regulation (PMK) No. 191/PMK.010/2015, dated 15 October 2015, as amended by PMK No. 233/PMK.03/2015, dated 21 December 2015. The provision concerning the fiscal depreciation of fixed assets for tax purpose after revaluation is started on 1 January 2016.

(Expressed in millions of Rupiah, unless otherwise stated)

17. ASET TETAP (lanjutan)

Revaluasi aset tetap (lanjutan)

Tabel di bawah ini menganalisis aset tetap yang dicatat pada nilai wajar berdasarkan tingkatan metode penilaian. Perbedaan pada setiap tingkatan metode penilaian dijelaskan sebagai berikut:

- Tingkat 1
Harga kuotasian (tidak disesuaikan) dari pasar aktif untuk aset atau liabilitas yang identik.
- Tingkat 2
Input selain harga yang dikutip dari pasar yang disertakan pada tingkat 1 yang dapat diobservasi untuk aset dan liabilitas, baik secara langsung (yaitu sebagai suatu harga) atau secara tidak langsung (sebagai turunan dari harga).
- Tingkat 3
Input untuk aset atau liabilitas yang tidak didasarkan pada data pasar yang dapat diobservasi (informasi yang tidak dapat diobservasi).

**Pengukuran nilai wajar 31 Desember 2017 dan 2016 menggunakan:
Fair value measurement at 31 December 2017 and 2016 using:**

	Tingkat 1/ Level 1	Tingkat 2/ Level 2	Tingkat 3/ Level 3	Nilai wajar/ Fair value	
Pengukuran nilai wajar berulang					Recurring fair value measurement
Tanah	-	2,585,664	-	2,585,664	Land
Bangunan	-	1,397,365	-	1,397,365	Buildings
	-	3,983,029	-	3,983,029	

Tidak terdapat perpindahan antar tingkat selama periode berjalan. Penilaian atas nilai wajar aset tetap dilakukan secara berkala (3 - 5 tahun). Manajemen berkeyakinan bahwa tidak ada perbedaan yang signifikan antara nilai wajar pada tanggal 31 Desember 2017 dan 2016.

Nilai wajar tingkat 2 dari tanah dan bangunan dihitung dengan menggunakan pendekatan perbandingan harga pasar dan estimasi biaya reproduksi baru atau biaya pengganti baru. Harga pasar dari tanah dan bangunan yang paling mendekati disesuaikan dengan perbedaan atribut utama seperti ukuran aset, lokasi dan penggunaan aset. Untuk kedua pendekatan di atas, input yang paling signifikan dalam pendekatan penilaian ini adalah asumsi harga per meter.

17. FIXED ASSETS (continued)

Revaluation fixed assets (continued)

The table below is the analysis of fixed assets carried at fair value, by level of valuation method. The different levels of valuation method defines as follows:

- Level 1
Quoted price (unadjusted) in active markets for identical assets or liabilities.
- Level 2
Input other than quoted prices included within level 1 that are observable for asset and liabilities, either directly (that is, as a price) or indirectly (derived from price).
- Level 3
Input for asset or liability that are not based on observable market data (unobservable inputs).

There were no transfers between level during the period. Valuation of fixed assets at fair value are performed regularly (3 - 5 years). Management believes that there is no significant change in fair value between 31 December 2017 and 2016.

Level 2 fair values of land and buildings are calculated using the comparable market data approach and cost reproduction or cost replacement approach. The approximate market prices of comparable land and buildings are adjusted for differences in key attributes such as property size, location and use of an asset. For the two above approaches, the most significant input into this valuation approach is price per square meter assumptions.

Pada tanggal 18 Januari 2016, Bank CIMB Niaga telah menyelesaikan proyek pergantian *core banking system* dan kemudian direklasifikasi ke aset tidak berwujud.

As at 18 January 2016, Bank CIMB Niaga has completed *core banking system replacement project* and then reclassified to intangible assets.

Seluruh aset tidak berwujud yang ada pada tanggal pelaporan 31 Desember 2017 digunakan untuk menunjang aktivitas operasi Bank CIMB Niaga. Beberapa aset tersebut sudah diamortisasi penuh dan masih digunakan dalam operasi Bank CIMB Niaga sebesar Rp 497.765 (2016: Rp 397.809; 2015: Rp 298.049).

All of the intangible assets as at the reporting date 31 December 2017 are fully used to support Bank CIMB Niaga's operation activities. Several assets are fully amortized and still used by Bank CIMB Niaga in its operation amounting to Rp 497,765 (2016: Rp 397,809; 2015: Rp 298,049).

Aset dalam pembangunan pada tanggal 31 Desember 2017 sebagian besar berkaitan dengan aplikasi-aplikasi *core banking system*, proyek *Basel* dan *IFRS 9* yang diperkirakan selesai di tahun 2018 dengan persentase penyelesaian hingga saat ini adalah 40%-45%.

Construction in progress as at 31 December 2017 mainly comprised of application related to *core banking system*, *Basel* and *IFRS 9* project which are estimated to be completed in 2018 with current percentages of completion of 40%-45%.

19. ASET YANG DIAMBIL ALIH

19. FORECLOSED ASSETS

Agunan yang diambil alih untuk penyelesaian kredit dicatat dalam akun "Aset yang Diambil Alih" (AYDA). Rincian dalam akun ini adalah:

Foreclosed assets in settlement of loans are included under "Foreclosed Assets" account. The details in this account are as follows:

	2017	2016	2015	
Aset yang diambil alih	502,420	683,610	934,677	Foreclosed assets
Dikurangi: Cadangan kerugian penurunan nilai	(108,843)	(198,188)	(16,223)	Less: Allowance for impairment losses
	393,577	485,422	918,454	

Berdasarkan PBI No. 14/15/PBI/2012 tanggal 24 Oktober 2012 tentang Penilaian Kualitas Aktiva Bank Umum, khususnya AYDA, Bank CIMB Niaga diwajibkan untuk melakukan upaya penyelesaian terhadap AYDA yang dimiliki.

Based on BI Regulation No. 14/15/PBI/2012 dated 24 October 2012 regarding with Asset Quality Ratings for Commercial Banks and particularly on the foreclosed assets, Bank CIMB Niaga is required to have an action plan for settlement of its foreclosed assets.

19. ASET YANG DIAMBIL ALIH (lanjutan)

19. FORECLOSED ASSETS (continued)

Mutasi cadangan kerugian penurunan nilai AYDA adalah:

The changes in allowance for impairment losses of foreclosed assets are as follows:

	<u>2017</u>	<u>2016</u>	<u>2015</u>	
Saldo awal	198,188	16,223	16,480	<i>Beginning balance</i>
Pembentukan/(pemulihan) selama tahun berjalan (lihat catatan 39)	115,546	400,949	(257)	<i>Impairment/(reversal) during the year (refer to note 39)</i>
Penghapusan selama tahun berjalan	(204,891)	(218,984)	-	<i>Write-off during the year</i>
Saldo akhir	<u>108,843</u>	<u>198,188</u>	<u>16,223</u>	<i>Ending balance</i>

Manajemen berpendapat bahwa cadangan kerugian penurunan nilai yang telah dibentuk cukup untuk menutup kemungkinan kerugian atas AYDA.

Management believes that the above allowance for impairment losses is adequate to cover possible losses on foreclosed assets.

20. PENDAPATAN BUNGA YANG MASIH AKAN DITERIMA

20. ACCRUED INTEREST INCOME

	<u>2017</u>	<u>2016</u>	<u>2015</u>	
Piutang bunga dari kredit yang diberikan	857,147	940,476	1,074,713	<i>Interest receivable from loans</i>

22. ASET LAIN-LAIN (lanjutan)

Tagihan terkait penjualan kredit yang diberikan merupakan nilai penjualan atas kredit yang diberikan dengan pihak berelasi (lihat Catatan 12h dan 49).

Atas tagihan terkait dengan transaksi derivatif gagal bayar, Bank CIMB Niaga telah membentuk penyisihan penuh untuk menutup kerugian yang mungkin timbul akibat tidak tertagihnya tagihan tersebut.

Properti terbengkalai merupakan aset tetap yang dimiliki Bank CIMB Niaga tetapi tidak digunakan untuk kegiatan usaha perbankan yang lazim sesuai dengan PBI No. 14/15/PBI/2012 tanggal 24 Oktober 2012 dan Surat Edaran No. 7/3/DPNP tanggal 31 Januari 2005 dan perubahannya Surat Edaran No. 15/28/DPNP tanggal 31 Juli 2013 perihal Penilaian Kualitas Aset Bank Umum.

Properti terbengkalai pada tanggal 31 Desember 2017 terdiri atas tanah dan bangunan dengan nilai tercatat (setelah dikurangi cadangan kerugian penurunan nilai) masing-masing adalah Rp 5.415 dan Rp 2.749 (2016: Rp 5.415 dan Rp 2.749; 2015: Rp 5.622 dan Rp 2.821).

Termasuk di dalam lainnya adalah piutang terkait pembiayaan konsumen.

Manajemen berpendapat bahwa cadangan kerugian penurunan nilai yang dibentuk atas aset lain-lain telah memadai.

22. OTHER ASSETS (continued)

Receivables related to sale of loans is the selling price of loans with related party (refer to Note 12h and 49).

For receivables related to defaulted derivative transactions, Bank CIMB Niaga has provided full allowance to cover the possible losses which may arise from failure to collect the receivables.

The abandoned properties are fixed assets held by Bank CIMB Niaga but not used for its customary banking business based on PBI No. 14/15/PBI/2012 dated 24 October 2012 and Circular Letter No. 7/3/DPNP dated 31 January 2005 and its changes Circular Letter No. 15/28/DPNP dated 31 July 2013 concerning on Evaluation of Asset Quality in Commercial Bank.

The abandoned properties as at 31 December 2017 consist of land and buildings with carrying value (less allowance for impairment losses) amounted to Rp 5,415 and Rp 2,749, respectively (2016: Rp 5,415 and Rp 2,749; 2015: Rp 5,622 and Rp 2,821).

Others include receivable related to consumer financing.

Management believes that the above allowance for impairment losses on other assets is adequate.

25. SIMPANAN DARI NASABAH – TABUNGAN (lanjutan)

Berdasarkan mata uang, pihak berelasi, dan pihak ketiga (lanjutan)

Tabungan dari pihak berelasi diungkapkan dalam Catatan 49. Informasi mengenai tingkat suku bunga dan jatuh tempo diungkapkan pada Catatan 54 dan 56.

Berdasarkan Undang-Undang No. 24 tentang Lembaga Penjaminan Simpanan (LPS) tanggal 22 September 2004, efektif sejak tanggal 22 September 2005, sebagaimana diubah dengan Undang-Undang No. 7 Tahun 2009 tanggal 13 Januari 2009 tentang Penetapan Peraturan Pemerintah Pengganti Undang-Undang No. 3 Tahun 2008, LPS dibentuk untuk menjamin liabilitas tertentu bank-bank umum berdasarkan program penjaminan yang berlaku, yang besaran nilai jaminannya dapat berubah jika memenuhi kriteria tertentu yang berlaku.

Berdasarkan Peraturan Pemerintah Republik Indonesia No. 66/2008 tanggal 13 Oktober 2008 mengenai besarnya nilai simpanan yang dijamin LPS, pada tanggal 31 Desember 2015, jumlah simpanan yang dijamin LPS adalah simpanan sampai dengan Rp 2.000 untuk per nasabah per bank. Pada tanggal 6 Oktober 2015, berdasarkan Surat Edaran LPS No. 19 Tahun 2015, simpanan nasabah dijamin hanya jika suku bunganya sama dengan atau dibawah 7,50% untuk simpanan dalam Rupiah dan 1,25% untuk simpanan dalam mata uang asing.

Pada tanggal 13 September 2016 terdapat pembaharuan Surat Edaran LPS No. 17 tahun 2016 terkait dengan penyesuaian suku bunga yaitu 6,25% untuk simpanan dalam Rupiah dan 0,75% untuk simpanan dalam mata uang asing untuk periode 15 September 2016 sampai 15 Januari 2017.

Pada tanggal 14 September 2017 terdapat pembaharuan berdasarkan surat edaran LPS No.18 tahun 2017 terkait dengan penyesuaian suku bunga yaitu 6,00% untuk simpanan dalam Rupiah dan 0,75% untuk simpanan dalam mata uang asing untuk periode 15 September 2017 sampai 15 Januari 2018.

Informasi mengenai tingkat suku bunga dan saat jatuh tempo diungkapkan pada Catatan 54 dan 56.

Kredit penerusan

Kredit penerusan terdiri dari fasilitas kredit dalam mata uang Rupiah dan mata uang asing yang diperoleh dari beberapa lembaga pembiayaan internasional melalui pemerintah Indonesia yang ditujukan untuk membiayai proyek-proyek tertentu di Indonesia.

Kredit penerusan ini jatuh tempo pada akhir tahun 2017 dan dilunasi pada Januari 2018. Tingkat suku bunga per tahun untuk kredit penerusan dalam mata uang Rupiah adalah 7,54% pada tanggal 31 Desember 2017 (2016: 7,54%; 2015: 7,54%).

29. MARKETABLE SECURITIES ISSUED (continued)

Hedge transactions

On 20 June 2014, Bank CIMB Niaga performed fair value hedged of a proportion of Continuous Bonds I Phase I Year 2012 Series B of Rp 1,400,000 using interest rate swap contracts with notional amount of Rp 250,000 (refer to Note 11).

As at 31 December 2017, 2016, and 2015, Bank CIMB Niaga has performed the hedging evaluation of bond fair value by using regression method and the result is effective.

The net effect of the gain from the hedging instrument and gain/(losses) from the hedged item are summarised below:

Tahun fiskal 2008 eks PT Bank Lippo Tbk

Fiscal year 2008 ex PT Bank Lippo Tbk

Pada tanggal 17 September 2010, sebagai kelanjutan dari audit pajak yang dilakukan oleh kantor pajak atas tahun fiskal 2008 terkait dengan eks PT Bank Lippo Tbk, Bank CIMB Niaga menerima Surat Ketetapan Pajak untuk tahun pajak 2008 yang menyatakan kurang bayar atas pajak penghasilan badan pasal 29, pajak penghasilan pasal 23, 4(2), 26, dan 21, dan pajak pertambahan nilai dengan jumlah Rp 537.348 (termasuk denda dan sanksi administrasi). Setelah melakukan evaluasi atas surat ketetapan pajak tersebut dan walaupun Bank CIMB Niaga tidak setuju terhadap sebagian temuan tersebut, Bank CIMB Niaga telah membayar seluruh pajak kurang bayar tersebut pada tanggal 14 Oktober 2010. Pada tanggal 10 Desember 2010, Bank CIMB Niaga telah mengajukan keberatan kepada kantor pajak dan atas keberatan tersebut dilakukan banding pada Pengadilan Pajak. Pajak kurang bayar sebesar Rp 537.348 tersebut dicatat sebesar Rp 479.411 pada akun uang muka pajak dan sebesar Rp 57.937 pada akun beban bukan operasional tahun 2010.

On 17 September 2010, as a result of tax audit conducted by the tax authority in respect of fiscal year 2008 related with ex PT Bank Lippo Tbk, Bank CIMB Niaga has received the tax assessment letter for the fiscal year 2008 which stated that there was an underpayment of corporate income tax article 29, income tax articles 23, 4(2), 26, and 21, and value added tax with total amounting to Rp 537,348 (include penalty and administrative charges). After evaluating the tax assessment letter, and even though Bank CIMB Niaga did not agree to some tax findings, Bank CIMB Niaga has already paid to the tax office full underpayment amount on 14 October 2010. On 10 December 2010, Bank CIMB Niaga has submitted the tax objection letter to the tax office and subsequently the objection has been submitted to Tax Court. The above underpayment of tax amounted to Rp 537,348 has been recorded as prepaid taxes and non-operating expenses amounted to Rp 479,411 and Rp 57,937, respectively in 2010.

31. PAJAK PENGHASILAN (lanjutan)

f. Surat ketetapan pajak (lanjutan)

Tahun fiskal 2011 (lanjutan)

Kurang bayar pajak sebesar Rp 444.109 tersebut dicatat masing-masing sebesar Rp 437.070 pada akun uang muka pajak dan Rp 7.039 pada akun beban bukan operasional tahun 2015. Bank telah mengajukan keberatan ke Direktorat Jenderal Pajak (DJP) pada tanggal 29 Februari 2016.

Pada tanggal 7 Desember 2016, DJP telah mengeluarkan Keputusan Keberatan atas PPh pasal 26 dimana DJP menolak seluruhnya atas keberatan yang diajukan oleh Bank, dan Bank telah mengajukan banding atas hasil keputusan keberatan PPh pasal 26 tersebut kepada Pengadilan Pajak pada tanggal 3 Maret 2017.

Pada tanggal 23 Januari 2017, DJP mengeluarkan keputusan keberatan atas PPh pasal 4(2) yang menerima sebagian keberatan yang diajukan oleh Bank yaitu sebesar Rp 32.369. Pada tanggal 20 Februari 2017, DJP telah mengeluarkan Keputusan Keberatan atas PPh Badan pasal 29, PPh pasal 21 dan PPN, dimana atas PPh Badan pasal 29 DJP menerima sebagian keberatan yang diajukan oleh Bank yaitu sebesar Rp 74.975, sedangkan atas PPh pasal 21 dan PPN DJP menolak seluruh keberatan yang diajukan oleh Bank. Bank telah menerima pengembalian dana atas keputusan tersebut.

Pada tanggal 18 Mei 2017, Bank CIMB Niaga telah mengajukan banding kepada Pengadilan Pajak atas keputusan keberatan PPN dan PPh Badan Pasal 29.

Sampai dengan tanggal laporan ini, sidang banding masih berlangsung dan belum ada Putusan dari Pengadilan Pajak.

Tahun fiskal 2013

Pada tanggal 28 Juli 2017, Direktorat Jenderal Pajak (DJP) telah mengeluarkan Surat Pemberitahuan Pemeriksaan Lapangan dengan Nomor: Pemb-00145/WPJ.19/KP.0105/RIK.SIS/2017, dengan tujuan pemeriksaan untuk menguji kepatuhan pemenuhan kewajiban perpajakan. Pemeriksaan dilakukan terhadap semua jenis Pajak Penghasilan dan Pajak Pertambahan Nilai (PPN).

31. INCOME TAX (continued)

f. Tax assessment letters (continued)

Fiscal year 2011 (continued)

The underpayment of tax amounted to Rp 444,109 has been recorded as prepaid taxes and non-operating expenses amounting to Rp 437,070 and Rp 7,039, respectively in 2015. The Bank has submitted the appeal to Director General of Taxation (DGT) on 29 February 2016.

On 7 December 2016, decision letter from DGT has been received and rejected all the objection of income tax article 26 by the Bank and on 3 March 2017 Bank had been appealed to the Tax Court for all rejected of tax article 26.

On 23 January 2017, DGT has granted part the objection of the income tax article 4(2) amounting to Rp 32,369. On 20 February 2017, decision letters from DGT has been received for the Corporate Income Tax article 29, income tax article 21 and Value Added Tax, whereas for the Corporate Income Tax article 29 DGT has granted part of the objection amounting to Rp 74,975, whilst the objection of income tax article 21 and value added tax have been rejected all by DGT. The Bank has received the refund from the grants.

On 18 May 2017, CIMB Niaga has been appealed to the Tax Court for all rejected objection of Value Added Tax and income tax article 29.

Until the date of this report, the tax appeal hearing is still ongoing and there is no decision yet.

Fiscal year 2013

On 28 July 2017, Director General of Taxation (DGT) has issued notification of Tax Field Examination No. Pemb-00145/WPJ.19/KP.0105/RIK.SIS/2017, with the main purpose of this examination is to comply with the tax regulations. The examinations apply to all types of income taxes and value added tax (VAT).

Pada tanggal 18 Desember 2017, Direktorat Jenderal Pajak telah mengeluarkan Surat Ketetapan Pajak Kurang Bayar atas Pajak Penghasilan Badan, PPh pasal 21, PPh pasal 23, PPh pasal 4(2) dan PPN tahun 2013 dengan total jumlah kurang bayar sebesar Rp 311.396, dan Surat Ketetapan Pajak Lebih Bayar atas PPh pasal 26 sebesar Rp 34.526. Pada tanggal 27 Desember 2017, Bank CIMB Niaga telah melakukan pembayaran kurang bayar pajak bersih sebesar Rp 276.870 yang dicatat pada akun uang muka pajak. Bank CIMB Niaga telah mengajukan keberatan atas Surat Ketetapan Pajak tersebut sebelum tanggal jatuh tempo yaitu tanggal 17 Maret 2018.

On 18 December 2017, Director General of Taxation has issued tax assessment letters on Corporate Income Tax, income tax article 21, 23, 4(2), and Value Added Tax for the year 2013 with total underpayment tax amounting to Rp 311,396, and has issued tax assessment letters on income tax article 26 with total overpayment tax amounting to Rp 34,526. On 27 December 2017, CIMB Niaga has paid the remaining underpayment amounted Rp 276,870 which has been recorded as prepaid taxes. Bank CIMB Niaga had submit the objection letters for all tax assessments before the due date on 17 March 2018.

Tahun fiskal 2014

Fiscal year 2014

Pada tanggal 28 April 2016, Direktorat Jenderal Pajak (DJP) telah menerbitkan Surat Ketetapan Pajak berdasarkan pemeriksaan atas lebih bayar Pajak Penghasilan Badan Pasal 29 untuk tahun fiskal 2014. Surat Ketetapan Pajak tersebut menyatakan kurang bayar atas Pajak Penghasilan Badan Pasal 29 PT Bank CIMB Niaga Tbk untuk tahun fiskal 2014 sebesar Rp 209.732, dimana jumlah tersebut telah dikurangi dengan kelebihan pembayaran Pajak Penghasilan Badan Pasal 29 untuk tahun fiskal 2014 sebesar Rp 82.661. Bank CIMB Niaga telah melakukan evaluasi atas surat ketetapan pajak tersebut dan berpendapat bahwa Bank CIMB Niaga tidak setuju atas seluruh temuan tersebut. Atas dasar ini juga, Bank memutuskan untuk hanya membayar sebagian kurang bayar pajak tersebut sebesar Rp 37.086 pada tanggal 21 Juli 2016. Bank telah mengajukan keberatan ke Direktorat Jenderal Pajak (DJP) pada tanggal 21 Juli 2016.

On 28 April 2016, Director General of Taxation (DGT) has issued tax assessment letter based on assessment of tax overpayment corporate income tax article 29 for fiscal year 2014. The tax assessment letter stated that there was an underpayment of corporate income tax article 29 of PT Bank CIMB Niaga Tbk for fiscal year 2014 amounted to Rp 209,732, which the amount has been netted off with the tax overpayment corporate income tax article 29 for fiscal year 2014 amounted to Rp 82,661. Bank CIMB Niaga has evaluated the tax assessment letter and Bank CIMB Niaga does not agree on all the findings. Subsequently on 21 July 2016, the Bank decided only to pay to the tax office some of the underpayment amounted to Rp 37,086. The Bank has submitted the appeal to Director General of Taxation (DGT) on 21 July 2016.

Pada tanggal 17 Juli 2017, Direktorat Jenderal Pajak (DJP) telah mengeluarkan keputusan yang menolak seluruh keberatan yang diajukan oleh Bank CIMB Niaga.

On 17 July 2017, Directorate General Taxation (DJP) has rejected all the objection.

Pada tanggal 12 Oktober 2017 Bank telah mengajukan Banding atas keputusan keberatan tersebut kepada Pengadilan Pajak.

On 12 October 2017 Bank CIMB Niaga has submitted the appeal to the Tax Court.

Tahun fiskal 2011 dan 2012

Fiscal Year 2011 and 2012

Pada tanggal 19 Desember 2014, telah dikeluarkan Surat Ketetapan Pajak Kurang Bayar (SKPKB) atas hasil pemeriksaan pajak tahun pajak 2011 dan 2012 PT CIMB Niaga Auto Finance (CNAF) dengan total pajak yang masih harus dibayar sebesar Rp 174.017, dan pada tanggal 16 Januari 2015, CNAF telah melakukan seluruh pembayaran. Atas SKPKB tersebut, pada tanggal 18 Maret 2015, CNAF telah mengajukan keberatan ke DJP sebesar Rp 170.994 atas sebagian surat ketetapan pajak atas SKPKB PPh Badan dan PPN. Kurang bayar pajak sebesar Rp 174.017 tersebut dicatat masing-masing sebesar Rp 170.994 pada akun uang muka pajak dan Rp 2.000 pada akun beban pajak penghasilan serta Rp 1.022 pada akun beban lain-lain di tahun 2014.

On 19 December 2014, tax assessment letters (SKPKB) for fiscal years 2011 and 2012 on PT CIMB Niaga Auto Finance (CNAF) have been issued with total taxes amounting Rp 174,017, and on 16 January 2015, CNAF paid all of this amounts. On these tax assessments, on 18 March 2015, CNAF has appealed to the DGT amounting to Rp 170,994 related to with some of the tax assessment letter for SKPKB on Corporate Income Tax and VAT. The underpayment of tax amounted to Rp 174,017 has been recorded as prepaid taxes, income tax expense and other expenses in 2014 amounted to Rp 170,994, Rp 2,000 and Rp 1,022, respectively.

Pada tanggal 28 Desember 2015, 1 Februari 2016 dan 14 Maret 2016, CNAF telah menerima surat keputusan atas keberatan pajak 2011 dan 2012 yang menyatakan bahwa keberatan pajak tidak dikabulkan. Atas keputusan ini, CNAF telah mengajukan banding pajak ke Pengadilan Pajak pada tanggal 24 Maret 2016, 29 April 2016 dan 9 Juni 2016.

On 28 December 2015, 1 February 2016 and 14 March 2016, CNAF has received the decision letter on the tax objection for fiscal year 2011 and 2012, that stated the tax objection was rejected. Regarding this decision, CNAF has submitted the tax appeal to Tax Court on 24 March 2016, 29 April 2016 and 9 June 2016.

Pada tanggal 7 November 2017 Pengadilan Pajak telah mengeluarkan keputusan sengketa PPN tahun 2011-2012 dimana Pengadilan Pajak menolak seluruhnya atas permohonan banding yang diajukan oleh CNAF. CNAF telah mengajukan Memo Peninjauan Kembali (PK) ke tingkat Mahkamah Agung pada tanggal 7 Februari 2018. Untuk sengketa PPh Badan, sampai dengan tanggal laporan keuangan konsolidasian ini, hasil banding pajak tersebut belum diketahui.

On 7 November 2017 decision letter from Tax Court regarding dispute of Value Added Tax year 2011-2012 has been received and Tax Court rejected all the objection. CNAF has submitted Memo of Reconsideration Review to Supreme Court on 7 February 2018. For dispute of Corporate Income Tax until the date of this report, the examination is still ongoing and there is no decision yet.

33. PINJAMAN SUBORDINASI (lanjutan)

Sehubungan dengan penerbitan obligasi tersebut, Bank CIMB Niaga memperoleh peringkat "AA (idn)" dari PT Fitch Indonesia.

Transaksi lindung nilai

Pada tanggal 3 September 2010, Bank CIMB Niaga melakukan lindung nilai atas nilai wajar pada sebagian Obligasi Subordinasi I Tahun 2010 sebesar Rp 500.000 dengan kontrak *swap* suku bunga, dengan nilai nosional sebesar Rp 500.000. Transaksi ini telah diselesaikan pada tanggal 8 Juli 2017 (lihat Catatan 11).

Pada tanggal 10 Desember 2010, Bank CIMB Niaga melakukan lindung nilai atas nilai wajar sebagian Obligasi Subordinasi I Tahun 2010 sebesar Rp 250.000 dengan kontrak *swap* suku bunga, dengan nilai nosional sebesar Rp 250.000. Transaksi ini telah diselesaikan pada tanggal 8 Juli 2017 (lihat Catatan 11).

Pada tanggal 31 Desember 2017, 2016, dan 2015, Bank CIMB Niaga telah melakukan evaluasi terhadap lindung nilai tersebut dengan menggunakan metode regresi dan hasilnya efektif.

Hasil net dari keuntungan instrumen lindung nilai dan kerugian *hedge item* yang dilindungi nilainya (pinjaman subordinasi) disajikan pada tabel berikut ini:

	2017	2016	2015	
Keuntungan instrumen lindung nilai	247	12,684	4,683	Gains on hedging instrument
(Kerugian)/keuntungan <i>hedged item</i> yang berhubungan dengan risiko yang dilindung nilai	-	(7,499)	2,632	(Losses)/gains on hedged item attributable to hedged risk
Keuntungan bersih dari transaksi lindung nilai	<u>247</u>	<u>5,185</u>	<u>7,315</u>	Net gains from hedging transaction

Perhitungan Kewajiban Penyediaan Modal Minimum

Pada bulan Juli 2010, melalui Surat BI No. 12/121/DPB3/TPB3-3/Rahasia, Bank CIMB Niaga telah memperoleh persetujuan dari BI untuk memperhitungkan Obligasi Subordinasi sebesar Rp 1.380.000 sebagai komponen pelengkap dalam perhitungan rasio KPMM.

Pada tanggal 29 Desember 2010, melalui Surat BI No. 12/196/DPB3/TPB3-3/Rahasia, Bank CIMB Niaga telah memperoleh persetujuan dari BI untuk memperhitungkan Obligasi Subordinasi sebesar Rp 1.600.000 sebagai komponen pelengkap dalam perhitungan rasio KPMM.

33. SUBORDINATED LOANS (continued)

In connection with the bond issuance, Bank CIMB Niaga obtained a rating of "AA (idn)" from PT Fitch Indonesia.

Hedge transactions

On 3 September 2010, Bank CIMB Niaga fair value hedged a proportion of Subordinated Bonds I Year 2010 of Rp 500,000 using interest rate swap contracts with notional amount of Rp 500,000. This transaction has been settled on 8 July 2017 (refer to Note 11).

On 10 December 2010, Bank CIMB Niaga fair value hedge a proportion of Subordinated Bonds I Year 2010 of Rp 250,000 using interest rate swap contracts with notional amount of Rp 250,000. This transaction has been settled on 8 July 2017 (refer to Note 11).

As at 31 December 2017, 2016, and 2015 Bank CIMB Niaga has performed the hedging evaluation of bond fair value by using regression method and the result is effective.

The net effect of the gain from the hedging instrument and the loss from the hedged item (subordinated loans) are summarised below:

Capital Adequacy Ratio calculation

In July 2010, based on Letter from BI No. 12/121/DPB3/TPB3-3/Rahasia, BI had given an approval to Bank CIMB Niaga to include the Subordinated Bonds of Rp 1,380,000 as a component of tier 2 capital in CAR calculation.

On 29 December 2010, based on Letter from BI No. 12/196/DPB3/TPB3-3/Rahasia, BI had given an approval to Bank CIMB Niaga to include the Subordinated Bonds of Rp 1,600,000 as a component of tier 2 capital in CAR calculation.

45. EMPLOYEE BENEFIT OBLIGATIONS

Employee benefit obligations consist as follows:

*Accrued bonus
Pension and other post
retirement obligations
MSS*

Pada tanggal 15 Mei 2015, Bank menawarkan Program Purna Karya Sukarela (PPKS). PPKS merupakan program yang ditujukan bagi seluruh karyawan Bank untuk memilih purna karya sebelum mencapai usia pensiun. Program ini bersifat sukarela dan dapat diikuti oleh seluruh karyawan Bank sesuai dengan syarat dan ketentuan yang berlaku dan harus disetujui oleh Bank. Sejumlah 1.706 karyawan telah mengambil program ini. Porsi yang belum dibayarkan pada tanggal 31 Desember 2017, 2016 dan 2015 adalah masing-masing sebesar nihil, Rp 45.923 dan Rp 240,172.

On 15 May 2015, Bank CIMB Niaga launched Mutual Separation Scheme (MSS) program. MSS is a program that is offered to all employees of the Bank to elect for early retirement. The program is voluntary and is open for all employees in accordance with the terms and conditions and must be approved by the Bank. A total of 1,706 employees have taken the early retirement. As of 31 December 2017, 2016 and 2015, total severance accruals are nil, Rp 45,923 and Rp. 240,172 respectively.

Pada tanggal 31 Desember 2017, karyawan Bank CIMB Niaga yang memperoleh imbalan pensiun dan imbalan kerja lainnya berjumlah 11.475 (2016: 11.862; 2015: 12.472).

As at 31 December 2017, the total Bank CIMB Niaga employees who are eligible for retirement and other employee benefits were 11,475 (2016: 11,862; 2015: 12,472).

Sesuai dengan kebijakan Bank CIMB Niaga, pegawai mendapat fasilitas imbalan pensiun dan imbalan kerja lainnya, sebagai berikut:

In accordance with Bank CIMB Niaga's policy, employees are entitled to the pension employee benefit and other employee benefits, as follows:

Imbalan Pensiun

Pension benefits

Pada tanggal 31 Desember 2017 penilaian liabilitas pensiun dilakukan oleh Bank CIMB Niaga menggunakan asumsi-asumsi penilaian aktuarial yang dihitung oleh PT Dayamandiri Dharmakonsolindo pada tanggal 17 Januari 2018 menggunakan metode "Projected Unit Credit".

As at 31 December 2017 Bank CIMB Niaga's calculation of pension obligation using actuarial assumptions, which were prepared by an independent PT Dayamandiri Dharmakonsolindo as at 17 January 2018 using the "Projected Unit Credit" method.

Bank CIMB Niaga menyelenggarakan 2 (dua) program pensiun terdiri dari program pensiun manfaat pasti dan program iuran pasti sebagai berikut:

Bank CIMB Niaga sponsors 2 (two) pension employee program plans consisting of a defined benefit plan and defined contribution plan, as follows:

45. LIABILITAS IMBALAN KERJA (lanjutan)

Imbalan Pensiun (lanjutan)

a. Manfaat pasti

Manfaat pasti diselenggarakan untuk sebagian karyawan tetap Bank CIMB Niaga yang dikelola dan diadministrasikan oleh "Dana Pensiun PT Bank CIMB Niaga Tbk".

Program tersebut memberikan manfaat pensiun yang akan dibayarkan kepada karyawan yang berhak pada saat karyawan pensiun atau pada saat karyawan tersebut berhenti sesuai dengan peraturan dana pensiun yang bersangkutan yang dibuat sesuai dengan UU Dana Pensiun. Manfaat pensiun dihitung berdasarkan formula manfaat pensiun sebagaimana tertuang dalam Peraturan Dana Pensiun.

Pendanaan program pensiun ini dilakukan oleh Bank CIMB Niaga dengan membayar iuran tahunan yang setidaknya memenuhi jumlah minimum seperti yang diharuskan oleh peraturan perundang-undangan dana pensiun yang berlaku.

Jumlah iuran ini umumnya meliputi imbalan pensiun untuk jasa karyawan masa kini, amortisasi biaya masa lalu, dan koreksi aktuarial.

Berikut ini adalah hal-hal yang diungkapkan dalam laporan aktuarial tanggal, 17 Januari 2018, 13 Januari 2017 dan 29 Januari 2016 masing-masing dalam menghitung liabilitas pensiun pada tanggal 31 Desember 2017, 2016, dan 2015.

Asumsi-asumsi utama yang digunakan oleh aktuarial independen dalam perhitungan di atas adalah:

(Expressed in millions of Rupiah, unless otherwise stated)

45. EMPLOYEE BENEFIT OBLIGATIONS (continued)

Pension benefits (continued)

a. Defined benefit plan

Bank CIMB Niaga sponsors a defined benefit pension retirement program covering a certain number of its permanent employees which is managed and administered by "Dana Pensiun PT Bank CIMB Niaga Tbk".

The plan calls for benefits to be paid to eligible employees at retirement or when the employees resign according to the pension fund regulation which is designed to comply with Pension Fund Legislation. The benefits paid at retirement are calculated based on the pension benefit formula as set forth in the Regulation of Pension Funds.

Bank CIMB Niaga has funded the plan through annual contributions which are sufficient to meet the minimum requirements set forth in applicable pension fund laws.

This contribution usually reflects benefits attributed to employees' current service costs, as well as amortisation of past service cost, and actuary adjustments.

The following are disclosed in the actuarial report dated 17 January 2018, 13 January 2017 and 29 January 2016 to calculate the retirement benefits liability as at 31 December 2017, 2016, and 2015.

The key assumptions used by the independent actuary in the above calculation are as follows:

Saldo akhir	(156,929)	(72,395)	(31,216)	Ending balance

Sensitivitas dari kewajiban manfaat pasti terhadap perubahan asumsi aktuarial adalah sebagai berikut:

The sensitivity of defined benefit obligation to changes in the weighted assumptions is as follow :

	Dampak terhadap kewajiban manfaat pasti/ Impact on defined benefit obligation						
	2017		2016		2015		
	Nilai kini kewajiban manfaat pasti/ Present value of defined benefit obligation	Biaya jasa kini/ Current service cost	Nilai kini kewajiban manfaat pasti/ Present value of defined benefit obligation	Biaya jasa kini/ Current service cost	Nilai kini kewajiban manfaat pasti/ Present value of defined benefit obligation	Biaya jasa kini/ Current service cost	
Tingkat diskont	797,532	97,945	728,055	37,542	688,253	34,531	Discount rate
	851,949	43,529	777,423	(11,826)	737,352	(14,568)	
Tingkat kenaikan gaji	851,799	43,678	777,658	(12,061)	737,790	(15,006)	Salary increase rate
	797,205	98,272	727,442	38,155	687,464	35,320	

Analisis sensitivitas didasarkan pada perubahan atas satu asumsi aktuarial dimana asumsi lainnya dianggap konstan. Dalam perhitungan sensitivitas kewajiban imbalan pasti atas asumsi aktuarial utama, metode yang sama (perhitungan nilai kini kewajiban imbalan pasti dengan menggunakan metode *projected unit credit* di akhir periode) telah diterapkan seperti dalam penghitungan kewajiban pensiun yang diakui dalam laporan posisi keuangan.

The sensitivity analysis is based on a change in one assumption while holding all other assumptions constant. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions, the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the pension liability recognised within the statement of financial position.

Investasi telah terdiversifikasi dengan baik, sehingga kinerja buruk satu investasi tidak akan memberikan dampak material bagi seluruh kelompok aset. Proporsi terbesar aset investasi ditempatkan pada instrumen ekuitas dan utang. Diyakini bahwa instrumen ekuitas dan utang memberikan imbal hasil yang paling baik dalam jangka panjang pada tingkatan risiko yang dapat diterima. Untuk program manfaat pasti sebagian instrumen ekuitas merupakan saham dan penempatan langsung.

Investments are well-diversified, such that the failure of any single investment would not have a material impact to the overall group of assets. The largest proportion of assets are invested in equity and debt instruments. Equity and debt instruments are expected to contribute best yields in long term at the acceptable risk level. For defined benefit program most of equity instruments are stocks and direct placement.

45. LIABILITAS IMBALAN KERJA (lanjutan)

Imbalan Pensiun (lanjutan)

a. Manfaat pasti (lanjutan)

Hasil yang diharapkan dari aset program ditentukan dengan mempertimbangkan imbal hasil yang diharapkan atas aset yang mengacu pada kebijakan investasi. Hasil investasi bunga tetap didasarkan pada hasil pengembalian bruto pada tanggal pelaporan. Hasil yang diharapkan dari investasi ekuitas dan properti mencerminkan tingkat imbal hasil jangka panjang aktual yang terjadi untuk tiap-tiap pasar.

Kontribusi untuk program imbalan pasca kerja untuk tahun 2017 adalah Rp 24.940 (2016: Rp 38.159; 2015: Rp 34.773).

Risiko yang terekspos pada program manfaat pasti adalah adanya tingkat hasil investasi dibawah asumsi tingkat diskonto dan kenaikan gaji aktual yang lebih besar dari asumsi. Hal tersebut menimbulkan peningkatan iuran yang dibayarkan kepada Dana Pensiun.

Analisis jatuh tempo yang diharapkan dari manfaat pensiun adalah sebagai berikut:

		2017				
		Dalam 1 tahun/ <i>Within 1 year</i>	2 sampai 5 tahun/ <i>Between 2 to 5 years</i>	Lebih dari 5 tahun/ <i>Over 5 years</i>	Jumlah/ <i>Total</i>	
Manfaat pasti		58,116	129,147	705,148	892,411	<i>Defined benefit</i>
		2016				
		Dalam 1 tahun/ <i>Within 1 year</i>	2 sampai 5 tahun/ <i>Between 2 to 5 years</i>	Lebih dari 5 tahun/ <i>Over 5 years</i>	Jumlah/ <i>Total</i>	
Manfaat pasti		51,328	151,606	618,342	821,276	<i>Defined benefit</i>
		2015				
		Dalam 1 tahun/ <i>Within 1 year</i>	2 sampai 5 tahun/ <i>Between 2 to 5 years</i>	Lebih dari 5 tahun/ <i>Over 5 years</i>	Jumlah/ <i>Total</i>	
Manfaat pasti		39,876	123,164	642,230	805,270	<i>Defined benefit</i>

b. Program iuran pasti

Program pensiun untuk seluruh karyawan eks Bank Lippo adalah Program iuran Pasti yang dikelola oleh PT AIA Financial. Sedangkan untuk sebagian karyawan eks Bank Niaga dikelola oleh PT Asuransi Manulife.

Berikut ini adalah hal-hal yang diungkapkan dalam laporan aktuaria tanggal 17 Januari 2018, 13 Januari 2017 dan 29 Januari 2016 masing-masing dalam menghitung liabilitas pensiun pada tanggal 31 Desember 2017, 2016, dan 2015.

45. EMPLOYEE BENEFIT OBLIGATIONS (continued)

Pension benefits (continued)

a. Defined benefit plan (continued)

The expected return on plan assets is determined by considering the expected returns available on the assets in accordance to the current investment policy. Expected yields on fixed interest investments are based on gross redemption yields as of the reporting date. Expected returns on equity and property investments reflect long-term real rates of return experienced in the respective markets.

Contributions to post-employment benefit plans for the year 2017 is Rp 24,940 (2016: Rp 38,159; 2015: Rp 34,773).

The exposed risks in defined benefit pension plan is the lower return on investment compared to assumption on discount rate and the in the actual salary is higher than its assumption. These will cause an increase in benefit paid to Pension Fund.

Expected maturity analysis of undiscounted pension benefit is as follows:

b. Defined contribution plan

The defined contribution retirement plan for all ex Bank Lippo permanent employees is administered by PT AIA Financial. Meanwhile the defined contribution retirement plan for ex Bank Niaga employees is administered by PT Asuransi Manulife.

The following are disclosed in the actuarial report dated 17 January 2018, 13 January 2017 and 29 January 2016 to calculate the retirement benefits liability as at 31 December 2017, 2016, and 2015.

Asumsi tingkat pengembalian investasi dihitung berdasarkan proyeksi jangka panjang dengan mengacu pada tingkat pengembalian aktual historis.

The rate of return on investment is calculated based on long term outlook and take into account actual historical rate of return.

Jumlah liabilitas yang diakui di dalam laporan posisi keuangan konsolidasian adalah:

The liability recognised in the consolidated statements of financial position:

	2017	2016	2015	
Bank CIMB Niaga				Bank CIMB Niaga
Nilai wajar aset program	136,633	132,372	127,789	Fair value of plan assets
Nilai kini liabilitas manfaat pasti yang didanai	(769,306)	(637,149)	(599,254)	Present value of funded defined benefit obligation
Liabilitas yang diakui di laporan posisi keuangan konsolidasian	(632,673)	(504,777)	(471,465)	Liability recognised in consolidated statements of financial position

Mutasi nilai kini liabilitas iuran pasti yang didanai selama tahun berjalan adalah sebagai berikut:

The movement in the present value of funded defined contribution of the year are as follows:

	2017	2016	2015	
Nilai kini liabilitas pada awal tahun	637,149	599,254	665,970	Actual present value of obligation at beginning of the year
Biaya jasa tahun lalu - non vested	(1,678)	(1,413)	(1,285)	Past service cost - non vested
Biaya bunga	50,140	52,734	51,706	Interest cost
Biaya jasa kini - bruto	66,547	61,829	62,258	Gross current service cost
Pembayaran Imbalan pada periode berjalan	(64,662)	(65,970)	(70,684)	Benefit payments in period
Keuntungan kurtailmen	(91,872)	(44,807)	(66,953)	Curtailment gain
Efek perubahan asumsi aktuarial				Effect of changes in actuarial assumptions
Pengukuran kembali:				Remeasurements:
Kerugian/(keuntungan) aktuarial yang timbul dari perubahan asumsi keuangan	121,764	51,407	(65,210)	Actuarial losses/(gains) from changes in financial assumption
Kerugian/(keuntungan) aktuarial yang timbul dari perubahan asumsi masa kerja	51,918	(15,885)	23,452	Actuarial losses/(gains) from changes in experience assumption
Nilai kini liabilitas pada akhir tahun	769,306	637,149	599,254	Actual present value of obligation at ending of the year

b. Program iuran pasti (lanjutan)

b. Defined contribution plan (continued)

Rekonsiliasi nilai wajar aset program adalah:

The reconciliation of fair value of plan assets is as follows:

	2017	2016	2015	
Saldo awal	132,372	127,789	143,404	Beginning balance
Bunga	8,495	9,740	2,379	Interest
Kerugian aktuarial	(4,234)	(5,157)	-	Actuarial loss
Pembayaran selama tahun berjalan	-	-	(17,994)	Benefit payments during the year
Saldo akhir	<u>136,633</u>	<u>132,372</u>	<u>127,789</u>	Ending balance

Aset program pada tanggal 31 Desember 2017, 2016, dan 2015 adalah dalam bentuk giro dan deposito berjangka.

Plan assets as at 31 December 2017, 2016, and 2015 were in form of current accounts and time deposits.

Jumlah yang diakui di laba/rugi adalah:

The amounts recognised in profit/loss are as follows:

	2017	2016	2015	
Bank CIMB Niaga				Bank CIMB Niaga
Biaya jasa kini setelah dikurangi kontribusi karyawan	(66,547)	(61,829)	(62,258)	Current service cost net of employees' contributions
Bunga bersih, termasuk dampak penyesuaian prospektif (lihat Catatan 2b)	(41,644)	(42,994)	(41,805)	Net Interest, including the effect of prospective adjustment (refer to Note 2b)
Biaya jasa tahun lalu	1,678	1,413	5,674	Past service cost
Keuntungan kurtailmen	91,872	44,808	66,953	Curtailment gain
Pembayaran manfaat	(68,794)	(160,009)	(280,977)	Benefit paid
Jumlah, disajikan sebagai bagian dari beban tenaga kerja	<u>(83,435)</u>	<u>(218,611)</u>	<u>(312,413)</u>	Total, included in personnel expenses

Jumlah yang diakui di laporan posisi keuangan konsolidasian adalah:

The amounts recognised in the consolidated statements of financial position are as follows:

	2017	2016	2015	
Saldo awal	(504,777)	(471,465)	(506,311)	Beginning balance
Beban imbalan kerja yang diakui tahun berjalan	(83,435)	(218,611)	(312,413)	Employee benefit expense recognised in the current year
Jumlah yang diakui pada pendapatan komprehensif lain	(177,917)	(40,680)	13,590	Total amount recognized in other comprehensive income
Pembayaran imbalan	133,456	225,979	333,669	Actual benefit payments
Saldo akhir	<u>(632,673)</u>	<u>(504,777)</u>	<u>(471,465)</u>	Ending balance

Sensitivitas dari kewajiban iuran pasti terhadap perubahan asumsi aktuarial adalah sebagai berikut:

The sensitivity of defined contribution obligation to changes in the weighted assumptions is as follow:

	Dampak terhadap kewajiban iuran pasti/ Impact on defined contribution obligation					
	2017		2016		2015	
	Nilai kini kewajiban iuran pasti/ Present value of contribution obligation	Biaya jasa kini/ Current service cost	Nilai kini kewajiban iuran pasti/ Present value of contribution obligation	Biaya jasa kini/ Current service cost	Nilai kini kewajiban iuran pasti/ Present value of contribution obligation	Biaya jasa kini/ Current service cost
Tingkat diskont	674,007	95,299	564,098	73,051	536,827	62,427
Perubahan Asumsi/ Change in Assumption						
Kenaikan/increase 1%	879,616	(110,310)	724,670	(87,521)	674,884	(75,630)
Penurunan/decrease 1%						
Tingkat kenaikan gaji	875,205	(105,899)	722,206	(85,057)	673,294	(74,040)
Kenaikan/increase 1%	676,024	93,282	564,795	72,354	536,974	62,280

45. LIABILITAS IMBALAN KERJA (lanjutan)

Imbalan Pensiun (lanjutan)

b. Program iuran pasti (lanjutan)

Analisis sensitivitas didasarkan pada perubahan atas satu asumsi aktuarial dimana asumsi lainnya dianggap konstan. Dalam perhitungan sensitivitas kewajiban iuran pasti atas asumsi aktuarial utama, metode yang sama (perhitungan nilai kini kewajiban iuran pasti dengan menggunakan metode *projected unit credit* di akhir periode) telah diterapkan seperti dalam penghitungan kewajiban pensiun yang diakui dalam laporan posisi keuangan.

Sedangkan risiko yang terekspos pada program iuran pasti adalah hasil investasi dibawah tingkat diskonto. Hal ini akan mengakibatkan akumulasi iuran aktual lebih kecil dari nilai yang diasumsikan sehingga mengakibatkan selisih pembayaran terhadap Undang-Undang Ketenagakerjaan akan meningkat dan berdampak pada beban dan liabilitas yang akan meningkat pula.

Analisis jatuh tempo yang diharapkan dari manfaat pensiun adalah sebagai berikut:

	2017				
	Dalam 1 tahun/ <i>Within 1 year</i>	2 sampai 5 tahun/ <i>Between 2 to 5 years</i>	Lebih dari 5 tahun/ <i>Over 5 years</i>	Jumlah/ <i>Total</i>	
luran pasti	51,232	236,808	1,276,734	1,564,774	<i>Defined contribution</i>
	2016				
	Dalam 1 tahun/ <i>Within 1 year</i>	2 sampai 5 tahun/ <i>Between 2 to 5 years</i>	Lebih dari 5 tahun/ <i>Over 5 years</i>	Jumlah/ <i>Total</i>	
luran pasti	58,806	208,462	909,747	1,177,015	<i>Defined contribution</i>
	2015				
	Dalam 1 tahun/ <i>Within 1 year</i>	2 sampai 5 tahun/ <i>Between 2 to 5 years</i>	Lebih dari 5 tahun/ <i>Over 5 years</i>	Jumlah/ <i>Total</i>	
luran pasti	49,770	211,278	772,957	1,034,005	<i>Defined contribution</i>

c. Liabilitas imbalan pasca-kerja lainnya

Liabilitas imbalan pasca-kerja lainnya meliputi uang jasa, uang pisah, pesangon, imbalan kerja jangka panjang, dan kompensasi lainnya, dikompensasikan dengan imbalan pensiun.

45. EMPLOYEE BENEFIT OBLIGATIONS (continued)

Pension benefits (continued)

b. Defined contribution plan (continued)

The sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. When calculating the sensitivity of the defined contribution obligation to significant actuarial assumptions the same method (present value of the defined contribution obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the pension liability recognised within the statement of financial position.

The exposed risks in defined contribution plan is the lower return on investment compared to assumption on discount rate and therefore, will cause accumulated actual contribution is lower than its assumption, increase the difference in the amount of contribution based on Employment Act, and will also increase the amount of the related expenses and liabilities.

Expected maturity analysis of undiscounted pension benefit is as follows:

c. Other post-retirement obligations

Other post-retirement obligations consist of service payments, severance payments, termination benefits, long term service awards, and other compensation, compensated with retirement benefits.

**PT BANK CIMB NIAGA Tbk

45. EMPLOYEE BENEFIT OBLIGATIONS (continued)

Pension benefits (continued)

c. Other post-retirement obligations (continued)

The sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. When calculating the sensitivity of the other post-retirement obligations to significant actuarial assumptions the same method (present value of the other post-retirement obligations calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the pension liability recognised within the statement of financial position.

Expected maturity analysis of undiscounted pension benefit is as follows:

46. PROGRAM KEPEMILIKAN SAHAM

Program Kepemilikan Saham (EOP)

EOP diberikan pada bulan Maret 2011 oleh Grup CIMB dimana Grup CIMB dalam hal ini memberikan saham biasa atas Grup CIMB untuk karyawan-karyawan tertentu (*Senior Vice President (SVP)* dan *Executive Vice President (EVP)* dan Direksi) yang akan dibebankan langsung kepada Bank CIMB Niaga. Berdasarkan EOP tersebut, bagian dari remunerasi karyawan-karyawan tertentu tersebut akan digunakan untuk membeli saham biasa Grup CIMB dari pasar. Saham yang dibeli akan diberikan secara progresif kepada karyawan yang berhak berdasarkan tanggal-tanggal tertentu setelah tanggal pembelian, tergantung pada hubungan kerja antara karyawan tersebut dan Bank CIMB Niaga.

46. EQUITY OWNERSHIP PLAN

Equity Ownership Plan (EOP)

The EOP was introduced in March 2011 by CIMB Group where CIMB Group will grant ordinary shares of CIMB Group to selected employees of Bank CIMB Niaga (*Senior Vice President (SVP)* and *Executive Vice President (EVP)* and Board of Directors) with a re-charge to Bank CIMB Niaga. Under the EOP, earmarked portions of variable remuneration of selected employees of Bank CIMB Niaga will be utilised to purchase ordinary shares of CIMB Group from the market. The purchased shares will be released progressively to the eligible employees at various dates after the purchase date, subject to continued employment.

46. EQUITY OWNERSHIP PLAN (continued)

Equity Ownership Plan (EOP) (continued)

Below is the movement of entitlements shares granted:

47. LABA PER SAHAM DASAR DAN DILUSIAN

Laba per saham dasar

Laba per saham dasar dihitung dengan membagi laba bersih yang tersedia bagi pemegang saham dengan rata-rata tertimbang saham biasa yang beredar pada tahun yang bersangkutan.

	2017	2016	2015	
Laba bersih yang tersedia bagi pemegang saham	2,977,675	2,081,687	427,831	Net profit attributable to shareholders
Penyesuaian atas kerugian terhadap uang yang dikeluarkan untuk pembelian saham treasury - setelah pajak	(1,476)	-	-	Loss on interest on cash paid out for the purchase of treasury shares - net of tax
Laba bersih yang digunakan dalam perhitungan laba per saham	2,976,199	2,081,687	427,831	Net profit used in calculating earnings per share
Rata-rata tertimbang saham biasa yang beredar (dalam ribuan) (termasuk dana setoran modal)	25,115,406	25,131,607	25,131,607	Weighted average number of ordinary share on issue (in thousands) (including capital paid in advance)
Laba per saham dasar (nilai penuh)	118.50	82.83	17.02	Basic earnings per share (full amount)

Rata-rata tertimbang saham biasa yang beredar dihitung berdasarkan jumlah saham biasa yang beredar pada posisi tiap akhir bulan sesuai dengan data dari Biro Administrasi Efek.

Untuk tahun 2017, perhitungan rata-rata tertimbang saham biasa yang beredar telah mempertimbangkan jumlah saham treasury.

47. BASIC AND DILUTIVE EARNINGS PER SHARE

Basic earnings per share

Basic earnings per share is calculated by dividing the net profit attributable to shareholders by the weighted average number of ordinary shares on issue during the year.

The weighted average number of ordinary shares on issue is calculated based on the number of ordinary shares on issue at the end of month based on the data from Securities Administration Bureau.

For the year 2017, the calculation of the weighted average number of ordinary shares on issue has considered the number of treasury shares.

47. LABA PER SAHAM DASAR DAN DILUSIAN (lanjutan)

**47. BASIC AND DILUTIVE EARNINGS PER SHARE
(continued)**

Laba per saham dilusian

Diluted earnings per share

Dalam perhitungan laba bersih per saham dilusian jumlah rata-rata tertimbang jumlah yang beredar disesuaikan dengan asumsi bahwa semua efek berpotensi saham biasa yang sifatnya dilutif dikonversi.

Diluted earnings per share is calculated by adjusting the weighted average number of ordinary shares outstanding to assume conversion of all dilutive potential ordinary shares.

Pada tanggal 31 Desember 2017, 2016, dan 2015, Bank CIMB Niaga tidak memiliki potensi saham yang bersifat *dilutive*.

As at 31 December 2017, 2016, and 2015, Bank CIMB Niaga has no dilutive potential shares.

48. KOMITMEN DAN KONTINJENSI - BERSIH

51. OPERATING SEGMENTS INFORMATION

Bank CIMB Niaga presents operating segments based on the information that is internally provided to the chief operating decision maker. This accounting policy is due to the adoption of SFAS 5 (Revised 2014), "Operating Segments".

Operating segments are reported in accordance with the internal reporting provided to the chief operating decision maker, which is responsible for allocating resources to the reportable segments and assesses its performance. All operating segments used by Bank CIMB Niaga meet the definition of a reportable segment under SFAS 5 (Revised 2014).

Bank CIMB Niaga has 7 (seven) reportable segments. The following describes the operations in each of Bank CIMB Niaga's reportable segments:

- *Corporate - includes loans, deposits and other transactions, and balances with corporate customers;*
- *Business - includes products and services for customer segments comprising small to medium scale enterprises;*
- *Retail - focuses on products and services for individual customers. It includes products such as loans, deposits and others transactions, and balances with retail customers;*
- *Treasury - undertake Bank CIMB Niaga's treasury activities which include foreign exchange, money market, derivatives, and investing in placements and securities;*
- *Sharia - includes all transactions relating to Sharia Business Unit;*
- *Others - includes all back office activities and non-profit center divisions in Bank CIMB Niaga. Thus, it includes corporate service, sales and distribution, and others; and*
- *Subsidiary - includes all transactions relating to Subsidiary' businesses.*

52. MANAJEMEN RISIKO

Bank CIMB Niaga telah mengimplementasikan prosedur Manajemen Risiko sesuai dengan POJK No.18/POJK.03/2016 tentang Penerapan Manajemen Risiko bagi Bank Umum dan Surat Edaran OJK No.34/SEOJK.03/2016 tentang Penerapan Manajemen Risiko bagi Bank Umum tanggal 1 September 2016, serta POJK No.38/POJK.03/2017 tanggal 12 Juli 2017 tentang Penerapan Manajemen Risiko Secara Konsolidasi Bagi Bank yang Melakukan Pengendalian Terhadap Perusahaan Anak.

Menurut surat edaran tersebut, penerapan manajemen risiko harus dilakukan tidak hanya pada risiko kredit, risiko pasar maupun risiko operasional, namun juga untuk risiko likuiditas, risiko hukum, risiko reputasi, risiko strategis, dan risiko kepatuhan.

Pengungkapan mengenai risiko kredit, risiko tingkat suku bunga, risiko mata uang, risiko likuiditas, dan risiko operasional telah diungkapkan dalam catatan tersendiri (lihat Catatan 53, 54, 55, 56, dan 57).

52. RISK MANAGEMENT

Bank CIMB Niaga has implemented Risk Management procedure in accordance with FSA regulation No.18/POJK.03/2016 concerning Application of Risk Management for Commercial Banks, and FSA Circular Letter No.34/SEOJK.03/2016 concerning Application of Risk Management for Commercial Banks dated 1 September 2016, also FSA regulation No.38/POJK.03/2017 dated 12 July 2017 regarding Consolidated Risk Management Implementation for Bank with Controlled Subsidiaries.

As stipulated in the decrees, processes for application of risk management shall be implemented not only for credit risk, market risk and operational risk, but also for liquidity risk, legal risk, reputation risk, strategic risk, and compliance risk.

Disclosure of credit risk, interest rate risk, currency risk, liquidity risk, and operational risk has been disclosed in separate notes (refer to Notes 53, 54, 55, 56, and 57).

52. MANAJEMEN RISIKO (lanjutan)

a. Risiko Hukum

Risiko hukum adalah risiko yang disebabkan oleh adanya kelemahan aspek yuridis, antara lain yang disebabkan adanya tuntutan hukum, ketiadaan peraturan perundang-undangan yang mendukung aktivitas atau produk Bank CIMB Niaga, atau kelemahan perikatan seperti tidak dipenuhinya syarat sahnya kontrak dan pengikatan agunan yang tidak sempurna.

Berikut adalah faktor-faktor yang mempengaruhi risiko hukum: karakter nasabah yang negatif, kurangnya pemahaman atas produk yang dijual kepada nasabah, dokumen legal yang lemah, konflik dengan nasabah atau pihak lain yang tidak diselesaikan dengan baik, dan keluhan nasabah yang tidak diselesaikan dengan memuaskan.

Guna menghindari kemungkinan litigasi atau gugatan hukum, unit legal dan unit bisnis terkait bertugas untuk menyelesaikan masalah-masalah hukum yang terjadi dengan mengelola setiap *events* yang terkait dengan hukum secara tepat, termasuk potensi kerugiannya.

Bank CIMB Niaga melakukan manajemen risiko hukum dengan melakukan penanganan proses hukum secara profesional dan jika diperlukan membuat pencadangan potensi biaya kerugian.

b. Risiko Strategis

Risiko strategis adalah risiko yang antara lain disebabkan adanya penetapan dan pelaksanaan strategi Bank CIMB Niaga dan pengambilan keputusan bisnis yang tidak tepat atau kurang responsifnya Bank CIMB Niaga terhadap perubahan eksternal. Berikut adalah faktor-faktor yang mempengaruhi risiko strategis: visi dan misi Bank CIMB Niaga, rencana strategis, perubahan kepemilikan, dan peluncuran produk baru.

Pelaksanaan strategi, visi, dan misi Bank CIMB Niaga yang tidak tepat serta pengambilan keputusan bisnis yang tidak sejalan dengan perubahan eksternal dapat mempengaruhi kelangsungan bisnis Bank CIMB Niaga.

Dalam kaitannya dengan hal tersebut di atas, Bank CIMB Niaga telah membentuk, merumuskan, menyusun, dan memantau pelaksanaan strategi termasuk *corporate plan* dan *business plan*.

AND FOR THE YEARS ENDED
31 DECEMBER 2017, 2016, AND 2015**
(Expressed in millions of Rupiah, unless otherwise stated)

52. RISK MANAGEMENT (continued)

a. Legal Risk

Legal risk is the risk arising from weaknesses in judicial aspect, amongst others are caused by legal claims, unavailability of law and regulations which supports Bank CIMB Niaga's products and activities, or weaknesses in legal documentation such as unavailability of binding contract and complete collateral agreements.

The following are factors which affect the legal risk: customers' negative character, lack of understanding of product sold to customers, weak legal documentation, unresolved conflict with customers or other parties, and unresolved customer complaints.

To prevent any possibility of litigation and legal cases, the legal group and business group are responsible to ensure all the legal cases are settled well through managing the legal events properly including provision on any potential loss that is incurred.

Bank CIMB Niaga manages the legal risk through professional legal case handling and if needed prepares provision for legal case expenses.

b. Strategic Risk

Strategic risk is the risk which is caused by the determination and implementation of Bank CIMB Niaga's strategy and inaccurate decision making or Bank CIMB Niaga's unawareness to the external factor changes. Factors which affect the strategic risk are: Bank CIMB Niaga's vision and mission, strategic plan, change of ownership, and launch of new products.

Improper strategy, vision, and mission implementation of Bank CIMB Niaga as well as business decisions that are not inline with external changes has an impact on Bank CIMB Niaga's business going concern.

In relation with the risk as stated above, Bank CIMB Niaga has established, formulated, developed, and monitored this strategy implementation including corporate plan and business plan.

52. MANAJEMEN RISIKO (lanjutan)

b. Risiko Strategis (lanjutan)

Selain itu Bank CIMB Niaga menetapkan sejumlah indikator penting yang disesuaikan dengan kecukupan aset, permodalan, dan kondisi perubahan pasar agar bisnis Bank CIMB Niaga tetap tumbuh dan terus meningkatkan kepercayaan bagi para *stakeholder* dan *shareholder*.

c. Risiko Reputasi

Risiko reputasi adalah risiko yang antara lain disebabkan oleh adanya publikasi negatif yang terkait dengan kegiatan usaha Bank CIMB Niaga atau persepsi negatif terhadap Bank CIMB Niaga. Faktor-faktor yang mempengaruhi risiko reputasi antara lain: citra (*image*), harga saham, dan konflik internal.

Bank CIMB Niaga melakukan manajemen risiko reputasi dengan melakukan aktivitas *public relation*, *CSR (Corporate Social Responsibility)*, respon yang cepat terhadap keluhan nasabah, dan penerapan *Good Corporate Governance* yang konsisten.

Bank CIMB Niaga juga telah membentuk *Marketing and Communication Committee*, sebuah Komite Eksekutif, yang antara lain bertanggung jawab atas pemberian arahan yang jelas dalam pengelolaan merek Bank CIMB Niaga termasuk strategi, *value proposition*, dan *positioning*.

Pengelolaan risiko reputasi dilakukan dengan memantau publikasi negatif dari media cetak baik surat pembaca maupun artikel termasuk di dalamnya keluhan nasabah. Hal yang sama dilakukan untuk keluhan nasabah yang melalui *call center*.

d. Risiko Kepatuhan

Risiko kepatuhan adalah risiko yang terjadi karena Bank CIMB Niaga tidak mematuhi atau tidak melaksanakan ketentuan internal dan peraturan perundang-undangan. Pada prakteknya, risiko kepatuhan melekat pada risiko Bank CIMB Niaga yang terkait pada peraturan perundang-undangan, ketentuan kehati-hatian, dan ketentuan lain yang berlaku, seperti:

52. RISK MANAGEMENT (continued)

b. Strategic Risk (continued)

In addition, Bank CIMB Niaga has decided several major indicators that are adjusted with the adequacy of assets, capital, and market sensitivity conditions in order to maintain Bank CIMB Niaga's growth and continuously develop trust of stakeholders and shareholders.

c. Reputation Risk

Reputation risk is the risk which is caused by negative publicity related with Bank CIMB Niaga's activities or negative perception on Bank CIMB Niaga. Factors which influence reputation risk are image, share price, and internal conflict.

Bank CIMB Niaga manages reputation risk by performing public relation activities, CSR (Corporate Social Responsibility), quick response to customers' complaints, and consistent implementation of Good Corporate Governance.

Bank CIMB Niaga has also set up Marketing and Communication Committee, an Executive Committee, which is responsible for providing strategic direction and guidance on Bank CIMB Niaga brand, including strategy, value proposition, and positioning.

Reputation risk management is performed through monitoring negative reports from reader's letters and articles in media that includes customer's complaints. The same thing is also applied for customer complaints via call center.

d. Compliance Risk

Compliance risk is the risk that Bank CIMB Niaga does not comply or implement internal policies and laws and regulations. In practice, compliance risk is embeded in with Bank CIMB Niaga's risks relating to laws and regulations, prudential requirements, and other regulations such as:

(Dinyatakan dalam jutaan Rupiah, kecuali dinyatakan lain)

52. MANAJEMEN RISIKO (lanjutan)

d. Risiko Kepatuhan (lanjutan)

- Risiko kredit terkait dengan ketentuan Kewajiban Pemenuhan Modal Minimum (KPMM), Kualitas Aset Produktif, Pembentukan Penyisihan Aset Produktif (PPAP), dan Batas Maksimum Pemberian Kredit (BMPK);
- Risiko pasar terkait dengan ketentuan Posisi Devisa Neto (PDN);
- Risiko strategis terkait dengan ketentuan Rencana Kerja Anggaran Tahunan (RKAT) Bank CIMB Niaga; dan
- Risiko lain yang terkait dengan ketentuan eksternal dan internal.

Faktor-faktor yang mempengaruhi risiko kepatuhan adalah: perubahan peraturan eksternal, komunikasi internal, budaya disiplin karyawan, dan infrastruktur.

Dalam mengelola manajemen risiko kepatuhan, Bank CIMB Niaga melakukan peningkatan budaya kepatuhan yang terus menerus dilakukan melalui program kepatuhan yaitu:

- Pembaharuan dan dokumentasi *database* kepatuhan;
- Sosialisasi/pelatihan kepatuhan melalui *regulation update, compliance news, e-learning, dan on-class training*;
- Uji kepatuhan terhadap produk baru, kebijakan baru, dan aktivitas bank;
- Monitor pelaksanaan kepatuhan melalui *compliance matrix* dan pembentukan *Designated Compliance Officer (DCO)*;
- Penerapan anti pencucian uang dan pencegahan pendanaan teroris; dan
- Pelaporan kepatuhan.

Rasio-rasio utama yang dipersyaratkan oleh Peraturan Bank Indonesia yaitu GWM, LFR, BMPK, NPL, PDN dan KPMM telah dipenuhi oleh Bank CIMB Niaga (Lihat Catatan 5, 12, 55, dan 59).

52. RISK MANAGEMENT (continued)

d. Compliance Risk (continued)

- *Credit risk related with Capital Adequacy Ratio (CAR), Quality of Earning Assets, Allowance for Possible Losses, and Legal Lending Limit (LLL);*
- *Market risk related with Net Open Position (NOP) regulation;*
- *Strategic risk related with Bank CIMB Niaga's Annual Business Plan; and*
- *Other risks related with external and internal regulations.*

Factors which affect compliance risk are: external regulation changes, internal communication, employees discipline culture, and infrastructure.

In managing compliance risk, Bank CIMB Niaga makes continuous improvement for compliance culture through the compliance program:

- *Updating and documenting compliance database;*
- *Compliance socialisation/training through regulation update, compliance news, e-learning, and on-class training;*
- *Test of compliance on new products, new policies, and bank activities;*
- *Monitoring the compliance realisation through compliance matrix and establishing Designated Compliance Officer (DCO);*
- *Implementation of anti money laundering and preventive terrorism funding; and*
- *Compliance reporting.*

The main ratios required by Bank Indonesia regulation which are the Minimum Statutory Reserves, LFR, LLL, NPL, NOP and CAR have been fulfilled by Bank CIMB Niaga (refer to Notes 5, 12, 55, and 59).

52. MANAJEMEN RISIKO (lanjutan)

52. RISK MANAGEMENT (continued)

e. Nilai wajar aset dan liabilitas keuangan (lanjutan)

**e. Fair value of financial assets and liabilities
(continued)**

- (i) Giro pada Bank Indonesia, giro pada bank lain, tagihan akseptasi, penyertaan, pendapatan yang masih harus diterima, dan aset lain-lain

- (i) *Current accounts with Bank Indonesia, current accounts with other banks, acceptance receivables, investments, accrued income, and other assets*

Nilai tercatat dari giro pada Bank Indonesia dan bank lain dengan suku bunga mengambang adalah perkiraan yang layak atas nilai wajar.

The carrying amount of floating rate current accounts with Bank Indonesia and other banks is a reasonable approximation of fair value.

Estimasi nilai wajar terhadap tagihan akseptasi, penyertaan, pendapatan yang masih harus diterima, dan aset lain-lain ditetapkan berdasarkan diskonto arus kas dengan menggunakan suku bunga pasar uang yang berlaku untuk hutang dengan risiko kredit dan sisa jatuh tempo yang serupa. Karena sisa jatuh tempo di bawah 1 (satu) tahun sehingga nilai tercatat dari tagihan akseptasi, pendapatan yang masih harus diterima, dan aset lain-lain adalah perkiraan yang layak atas nilai wajar.

The estimated fair value of acceptance receivables, investments, accrued income, and other assets is based on discounted cash flows using prevailing money market interest rates for debts with similar credit risk and remaining maturity. Since the maturity is below 1 (one) year, the carrying amount of acceptance receivables, accrued income, and other assets is a reasonable approximation of fair value.

- (ii) Penempatan pada bank lain dan Bank Indonesia

- (ii) *Placements with other banks and Bank Indonesia*

Penempatan pada bank lain dan Bank Indonesia merupakan penanaman dana dalam bentuk Fasilitas Simpanan Bank Indonesia (FASBI), FASBI Syariah, *call money*, penempatan "*fixed-term*", deposito berjangka, dan lain-lain.

Placements with other banks and Bank Indonesia represent placements in the form of Bank Indonesia Deposit Facility (FASBI), Sharia Bank Indonesia Deposit Facility (FASBI), call money, "fixed-term" placements, time deposits, and others.

Nilai tercatat dari penempatan dan simpanan *overnight* dengan suku bunga mengambang adalah perkiraan yang layak atas nilai wajar.

The carrying amount of floating rate placements and overnight deposits is a reasonable approximation of fair value.

Estimasi nilai wajar terhadap penempatan dengan suku bunga tetap ditetapkan berdasarkan diskonto arus kas dengan menggunakan suku bunga pasar uang yang berlaku untuk hutang dengan risiko kredit dan sisa jatuh tempo yang serupa (level 2 - hirarki nilai wajar).

The estimated fair value of fixed interest bearing deposits is based on discounted cash flows using prevailing money market interest rates for debts with similar credit risk and remaining maturity (level 2 - fair value hierarchy).

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
31 DECEMBER 2017, 2016, AND 2015
AND FOR THE YEARS ENDED
31 DECEMBER 2017, 2016, AND 2015**
(Expressed in millions of Rupiah, unless otherwise stated)

52. MANAJEMEN RISIKO (lanjutan)

52. RISK MANAGEMENT (continued)

e. Nilai wajar aset dan liabilitas keuangan (lanjutan)

e. Fair value of financial assets and liabilities (continued)

- (iii) Tagihan dan liabilitas derivatif, Efek-efek, dan Obligasi

- (iii) *Derivative receivables and payables, Marketable securities, and Bonds*

Nilai wajar untuk tagihan dan liabilitas derivatif mencerminkan diskonto dari estimasi kini dari arus kas masa depan yang diharapkan akan diterima atau dibayarkan hingga jatuh tempo. Arus kas yang diharapkan didiskontokan pada tingkat suku bunga pasar terkini untuk menentukan nilai wajar (tingkat 2 – hirarki nilai wajar). Nilai wajar untuk efek-efek ditetapkan berdasarkan data dari IBPA (*Indonesia Bond Pricing Agency*) dimana dihitung dengan model diskonto arus kas dengan kurva *yield* (diambil dari data pasar) terkini yang sesuai dengan sisa periode jatuh temponya (tingkat 2 – hirarki nilai wajar). Nilai wajar untuk obligasi pemerintah ditetapkan berdasarkan harga pasar kuotasi dari Bloomberg (tingkat 1 –hirarki nilai wajar).

The fair value for derivative receivables and payables represents discounted amount of estimated future cash flows expected to be received or to be paid until maturity. Expected cash flows are discounted at current market rates to determine fair value (level 2 - fair value hierarchy). The fair value for marketable securities are based on data from IBPA (Indonesia Bond Pricing Agency) which is calculated using discounted cash flow model based on current yield curve (derived from market data) appropriated with remaining term of maturity (level 2 – fair value hierarchy). The fair value for government bonds are based on quoted market prices from Bloomberg (level 1 – fair value hierarchy).

- (iv) Efek-efek yang dibeli dengan janji dijual kembali

- (iv) *Securities purchased under resale agreements*

Estimasi nilai wajar terhadap efek-efek yang dibeli dengan janji dijual kembali ditetapkan berdasarkan diskonto arus kas dengan menggunakan suku bunga pasar uang yang berlaku untuk hutang dengan risiko kredit dan sisa jatuh tempo yang serupa. Karena sisa jatuh tempo di bawah 1 (satu) tahun sehingga nilai tercatat dari efek-efek yang dibeli dengan janji dijual kembali adalah perkiraan yang layak atas nilai wajar (level 2 - hirarki nilai wajar).

The estimated fair value of securities purchased under resale agreements is based on discounted cash flows using prevailing money market interest rates for debts with similar credit risk and remaining maturity. Since the maturity is below 1 (one) year, the carrying amount of securities purchased under resale agreements is a reasonable approximation of fair value (level 2 - fair value hierarchy).

- (v) Kredit yang diberikan, piutang pembiayaan konsumen, dan piutang sewa pembiayaan

- (v) *Loans, consumer financing receivables, and financing lease receivables*

Kredit yang diberikan, piutang pembiayaan konsumen, dan piutang sewa pembiayaan dinyatakan berdasarkan jumlah nilai tercatat setelah dikurangi oleh beban penurunan nilai. Estimasi nilai wajar mencerminkan jumlah diskonto dari estimasi kini dari arus kas masa depan yang diharapkan akan diterima. Arus kas yang diharapkan didiskontokan pada tingkat suku bunga pasar terkini untuk menentukan nilai wajar (level 3 - hirarki nilai wajar).

Loans, consumer financing receivables, and financing lease receivables are recorded at carrying amount net of charges for impairment. The estimated fair value represents the discounted amount of estimated future cash flows expected to be received. Expected cash flows are discounted at current market rates to determine fair value (level 3 - fair value hierarchy).

52. MANAJEMEN RISIKO (lanjutan)

52. RISK MANAGEMENT (continued)

e. Nilai wajar aset dan liabilitas keuangan (lanjutan)

e. Fair value of financial assets and liabilities (continued)

- (vi) Estimasi nilai wajar simpanan tanpa jatuh tempo, termasuk simpanan tanpa bunga, adalah sebesar jumlah terhutang ketika hutang tersebut dibayarkan.

- (vi) *The estimated fair value of deposits with no stated maturity, which includes non-interest bearing deposits, is the amount repayable on demand.*

Liabilitas segera, simpanan dari nasabah, simpanan dari bank lain, liabilitas akseptasi, pinjaman diterima, serta beban yang masih harus dibayar dan liabilitas lain-lain

Obligation due immediately, deposits from customers, deposits from other banks, acceptance liabilities, borrowings, and accrual and other liabilities

Estimasi nilai wajar terhadap liabilitas segera, simpanan dengan tingkat suku bunga tetap, liabilitas akseptasi, pinjaman yang diterima, beban yang masih harus dibayar, dan liabilitas lain-lain yang tidak memiliki kuotasi di pasar aktif ditetapkan berdasarkan diskonto arus kas dengan menggunakan suku bunga hutang baru dengan sisa jatuh tempo yang serupa (level 2 - hirarki nilai wajar).

The estimated fair value of obligation due immediately, fixed interest-bearing deposits, acceptance liabilities, borrowings, accrual, and other liabilities not quoted in an active market is based on discounted cash flows using interest rates for new debts with similar remaining maturity (level 2 - fair value hierarchy).

- (vii) Pinjaman subordinasi

- (vii) *Subordinated loans*

Nilai wajar obligasi diestimasi menggunakan data dari IBPA (*Indonesia Bond Pricing Agency*) dimana dihitung dengan model diskonto arus kas dengan kurva *yield* (diambil dari data pasar) terkini yang sesuai dengan sisa periode jatuh temponya (tingkat 2 - hirarki nilai wajar).

The fair value of bonds are estimated by using data from IBPA (Indonesia Bond Pricing Agency) which is calculated using a discounted cash flow model based on current yield curve (derived from market data) appropriated with remaining term of maturity (level 2 - fair value hierarchy).

- (viii) Efek-efek yang diterbitkan

- (viii) *Marketable securities issued*

Nilai wajar agregat dihitung berdasarkan harga pasar kuotasi. Jika informasi ini tidak tersedia, model diskonto arus kas digunakan berdasarkan kurva *yield* terkini (didapat dari lembaga penilai obligasi) yang sesuai dengan sisa periode jatuh temponya (level 2 - hirarki nilai wajar)

The aggregate fair values are calculated based on quoted market prices. For those notes where quoted market prices are not available, a discounted cash flow model is used based on a current yield curve (obtained from bonds valuation agency) appropriate with the remaining term of maturity (level 2 - fair value hierarchy)

Aset dan liabilitas keuangan yang diukur pada nilai wajar menggunakan hirarki nilai wajar sebagai berikut:

Financial assets and liabilities measured at fair value use the following fair value hierarchy of:

f. Manajemen risiko permodalan

f. Capital risk management

Kebijakan manajemen modal Bank CIMB Niaga adalah untuk mempertahankan posisi modal yang kuat untuk mendukung pertumbuhan bisnis dan mempertahankan investor, deposan, pelanggan, dan kepercayaan pasar. Dalam pengelolaan permodalan, Bank CIMB Niaga mempertimbangkan faktor-faktor seperti: pengembalian modal yang optimal kepada pemegang saham, menjaga keseimbangan antara keuntungan yang lebih tinggi dengan *gearing ratio* dan keuntungan, serta keamanan yang diberikan oleh posisi modal yang sehat.

Bank CIMB Niaga's capital management objective is to maintain a strong capital position to support business growth and to sustain investors, depositor, customer, and market confidence. In managing its capital, Bank CIMB Niaga considers factors such as: providing optimal capital rate of return to shareholders, maintaining a balance between high return with *gearing ratio* and the advantages, and safety provided by a sound capital position.

52. MANAJEMEN RISIKO (lanjutan)

f. Manajemen risiko permodalan (lanjutan)

Bank CIMB Niaga telah memenuhi semua persyaratan modal yang diwajibkan sepanjang tahun.

Posisi permodalan Bank CIMB Niaga berdasarkan peraturan Bank Indonesia yang berlaku pada tanggal 31 Desember 2017, 2016, dan 2015, diungkapkan pada Catatan 59.

Manajemen menggunakan peraturan rasio permodalan untuk memantau kecukupan modal, sesuai dengan standar industri. Pendekatan Bank Indonesia untuk pengukuran modal tersebut terutama didasarkan pada pemantauan kebutuhan modal yang diwajibkan (diukur sebagai 8% dari aset tertimbang menurut risiko) terhadap modal yang tersedia.

Profil Risiko

Penilaian risiko ditekankan kepada jenis-jenis risiko sebagaimana yang ditetapkan oleh OJK, yaitu Risiko Kredit, Risiko Likuiditas, Risiko Pasar, Risiko Operasional, Risiko Hukum, Risiko Kepatuhan, Risiko Reputasi, dan Risiko Strategis. Untuk mendapatkan profil risiko secara keseluruhan dari semua jenis risiko, Bank CIMB Niaga memberikan bobot risiko untuk setiap jenis risiko sesuai dengan *risk appetite* yang telah direncanakan/ditetapkan sebelumnya. Berdasarkan laporan yang diserahkan ke OJK, profil risiko Bank CIMB Niaga secara keseluruhan pada tanggal 31 Desember 2017 dapat dikategorikan Moderat Rendah dengan kecenderungan Stabil.

53. RISIKO KREDIT

Risiko kredit adalah risiko kerugian keuangan yang timbul jika nasabah, klien atau rekanan Bank CIMB Niaga gagal memenuhi liabilitas kontraktualnya kepada Bank CIMB Niaga. Risiko kredit terutama berasal dari kredit yang diberikan kepada sektor konsumen dan komersial, kartu kredit, dan risiko kredit dari *credit enhancement*, seperti kredit derivatif (*credit default swaps*), garansi, *letters of credit*, *endorsements*, dan akseptasi.

Bank CIMB Niaga juga dipengaruhi oleh risiko kredit lainnya yang berasal dari investasi pada efek hutang (Obligasi Pemerintah dan efek-efek) dan eksposur lain yang timbul dari aktivitas perdagangan (eksposur perdagangan).

Manajemen melakukan pengelolaan eksposur risiko kredit dengan hati-hati. Manajemen dan pengendalian atas risiko kredit dipusatkan dalam tim manajemen risiko kredit, yang bertanggung jawab kepada Direksi dan pemimpin tiap unit bisnis secara rutin.

52. RISK MANAGEMENT (continued)

f. Capital risk management (continued)

Bank CIMB Niaga has complied with all externally imposed capital requirements throughout the year.

Bank CIMB Niaga's regulatory capital position under the prevailing Bank Indonesia regulation as at 31 December 2017, 2016, and 2015, were disclosed in Note 59.

Management uses regulatory capital ratios in order to monitor its capital base, in accordance with the industry standards for measuring capital adequacy. Bank Indonesia's approach in measuring the capital ratio is primarily based on capital regulatory (measured as 8% of risk-weighted assets) towards available capital resources.

Risk Profile

Risk assessment is emphasised on types of risks as determined by FSA such as Credit Risk, Liquidity Risk, Market Risk, Operational Risk, Legal Risk, Compliance Risk, Reputation Risk, and Strategic Risk. To obtain the overall risk profiles from all types of risks, Bank CIMB Niaga assigns risk weight for each type of risk in accordance with pre-determined risk appetite. Based on Bank CIMB Niaga's report to FSA, Bank CIMB Niaga's overall risk profile as at 31 December 2017 is Low Moderate with Stable trends.

53. CREDIT RISK

Credit risk is the risk of financial loss, if any of Bank CIMB Niaga's customers, clients or market counterparties fail to fulfill their contractual obligations to Bank CIMB Niaga. Credit risk arises mainly from consumer and commercial loans, credit cards, and also arises from credit enhancement provided, such as credit derivatives (credit default swaps), guarantees, letters of credit, endorsements, and acceptances.

Bank CIMB Niaga is also exposed to other credit risks arising from investments in debt securities (Government Bonds and marketable securities) and other exposures arising from its trading activities (trading exposures).

Management is prudent in managing its exposure to credit risk. The credit risk management and control are centralised in a credit risk management team, which reports to the Board of Directors and head of each business unit regularly.

53. RISIKO KREDIT (lanjutan)

Faktor utama yang berperan dalam pengendalian dan mengurangi risiko kredit adalah kemampuan dan kematangan satuan kerja perkreditasi dalam membuat analisa kredit, sehingga pada akhirnya tercapai suatu keseimbangan antara pengelolaan risiko dengan pengembangan bisnis. Bersamaan dengan itu, pengelolaan portofolio dan risiko kredit merupakan tanggung jawab dari Komite Manajemen Risiko.

(i) Pengukuran risiko kredit

Estimasi terhadap eksposur kredit adalah proses yang kompleks dan memerlukan penggunaan model, dimana nilai dari suatu produk bervariasi tergantung dengan perubahan pada variabel-variabel pasar, arus kas masa depan, dan rentang waktu. Penilaian risiko kredit atas suatu portofolio aset memerlukan estimasi-estimasi, seperti kemungkinan terjadinya wanprestasi, rasio kerugian, dan korelasi wanprestasi antar rekanan.

Bank CIMB Niaga memiliki model untuk mendukung kuantifikasi dari risiko kredit. Model peringkat dan skor ini akan digunakan untuk keseluruhan portofolio kredit utama dan membentuk basis untuk mengukur risiko wanprestasi. Dalam mengukur risiko kredit untuk kredit yang diberikan, Bank CIMB Niaga mempertimbangkan tiga komponen: (i) estimasi kerugian saat debitur atau rekanan tidak dapat memenuhi liabilitasnya; (ii) estimasi tingkat eksposur saat debitur atau rekanan tidak dapat memenuhi liabilitasnya baik pada *on-balance sheet* maupun *off-balance sheet*; dan (iii) estimasi kerugian yang harus ditanggung oleh Bank CIMB Niaga atas liabilitas yang telah wanprestasi.

Untuk memantau risiko atas penyaluran kredit, secara rutin Bank CIMB Niaga melakukan analisa terhadap portofolio kredit melalui pendekatan secara statistik berdasarkan segmentasi bisnis dan kualitas kredit dari debitur atau rekanan. Indikator "Peringatan Dini" ditentukan melalui proyeksi dan pemantauan limit. Metode yang digunakan dalam memantau portofolio secara reguler adalah matriks transisi dan *Gross Roll Rate Model*.

Penetapan Kebijakan Limit dan pemantauan juga dilakukan secara rutin, antara lain: Batas Maksimum Pemberian Kredit, segmentasi bisnis (kategori debitur), jenis mata uang, dan sektor ekonomi. Bank CIMB Niaga telah menetapkan limit-limit untuk memantau kualitas portofolio kredit ritel, termasuk didalamnya kredit ritel yang diberikan kepada individu, dalam jangka waktu tertentu/cicilan atau berulung dan kredit yang diberikan secara langsung atau tidak langsung kepada debitur.

53. CREDIT RISK (continued)

The main factor that controls and reduces credit risk is the ability and maturity of the credit units to analyze the credit, which results in a balance between credit risk and business development consideration. At the same time, portfolio management and credit risk is the responsibility of the Risk Management Committee.

(i) Credit risk measurement

The estimation of credit exposure is complex and requires the use of models, as the value of a product varies depend on changes in market variables, expected future cash flows, and the passage of time. The credit assessment of asset portfolio entails further estimations such as the likelihood of defaults occurring of the associated loss ratios and of default correlations between counterparties.

*Bank CIMB Niaga has the models to support the quantification of credit risk. These rating and scoring models will be used for all key credit portfolios and form the basis for measuring default risks. In measuring credit risk of loans, Bank CIMB Niaga considers three components: (i) loss estimation when debtor or counterparts cannot fulfilled their contractual obligations; (ii) estimation of the exposure when a debtors or counterparts cannot fulfilled their obligations, both at *on-balance sheet* and *off-balance sheet*; and (iii) loss estimation on the defaulted obligations which Bank CIMB Niaga should bear.*

*To manage and monitor credit risk, Bank CIMB Niaga performs portfolio analysis regularly through statistical method based on portfolio segmentation and credit quality from debtors or counterparts. "Early Warning" indicators are established through forecasting and limit monitoring. Several methods used in regular portfolio monitoring are transition matrix and *Gross Roll Rate Model*.*

Policy and Limits monitoring is conducted on regular basis including: Legal Lending Limit, business segmentation (category of debtor), type of currency, and economic sectors. Bank CIMB Niaga has set the limits to monitor the quality of retail credit portfolio, covering the types of loans which granted to individuals, within a specific period/installment or revolving and direct or indirect lending to the debtor.

53. RISIKO KREDIT (lanjutan)

(ii) Pengendalian batas risiko dan kebijakan mitigasi

Bank CIMB Niaga mengelola, membatasi, dan mengendalikan konsentrasi risiko kredit dimanapun risiko tersebut teridentifikasi secara khusus, terhadap debitur individu dan kelompok, dan industri serta geografis.

Bank CIMB Niaga menentukan tingkat risiko kredit yang dimiliki dengan menetapkan batas jumlah risiko yang bisa diterima yang terkait dengan satu debitur, atau kelompok debitur, dan berdasarkan segmen geografis dan industri. Risiko ini dimonitor dengan basis *revolving* dan akan ditelaah secara tahunan atau dengan frekuensi yang lebih sering jika diperlukan.

Eksposur pada satu debitur termasuk bank dan perantara (*broker*) juga dibatasi oleh *sublimit* yang mencakup eksposur laporan posisi keuangan dan rekening administratif, dan batas risiko pengiriman harian sehubungan dengan unsur yang diperdagangkan seperti kontrak *forward* untuk nilai tukar mata uang asing. Eksposur aktual terhadap batas yang telah ditetapkan dimonitor secara harian.

Batas pemberian kredit ditelaah mengikuti perubahan pada kondisi pasar dan ekonomi, telaahan kredit secara periodik, dan penilaian atas kemungkinan wanprestasi.

Beberapa pengendalian spesifik lainnya dan pengukuran mitigasi dijelaskan di bawah ini:

Agunan

Bank CIMB Niaga menerapkan kebijakan untuk memitigasi risiko kredit, antara lain dengan meminta agunan sebagai jaminan pelunasan kredit jika jaminan berupa sumber pembayaran utama debitur berdasarkan arus kas tidak terpenuhi. Jenis agunan yang dapat diterima untuk kredit modal kerja dan investasi dalam rangka memitigasi risiko kredit antara lain adalah:

- Kas (termasuk simpanan dari nasabah);
- Tanah dan/atau bangunan;
- *Standby LC/Bank* Garansi yang diterima Bank CIMB Niaga;
- Mesin;
- Kendaraan bermotor;
- Piutang dagang;
- Bahan baku / barang dagangan (persediaan); dan
- Saham atau surat berharga lainnya.

53. CREDIT RISK (continued)

(ii) Risk limit control and mitigation policies

Bank CIMB Niaga manages, limits, and controls concentrations of credit risk wherever they are identified in particular, to individual counterparties and groups, and to industries and geographical.

Bank CIMB Niaga structures the levels of credit risk and undertakes by placing limits on the amount of risk accepted in relation to one borrower, or groups of borrowers, and to geographical and industry segments. Such risks are monitored on a revolving basis and subject to an annual or more frequent review, when considered necessary.

The exposure to any one borrower including banks and brokers is further restricted by sublimits covering on statement of financial position and administrative accounts, and daily delivery risk limits in relation to trading items such as forward foreign exchange contracts. Actual exposures against limits are monitored daily.

Lending limits are reviewed following market changing and economic conditions, periodic credit reviews, and assessments of probability of default.

Some other specific control and mitigation measures are outlined belows:

Collateral

Bank CIMB Niaga employs policies to mitigate credit risk, by asking collateral to secure the repayment of loans if the main source of debtor's payment is based on its cash flow were not fulfilled. Collateral types that can be used for working capital and investment loans to mitigate the risk are such as:

- Cash (including deposits from customers);
- Land and/or building;
- *Standby LC/Bank* Guarantee received by Bank CIMB Niaga;
- Machinery;
- Vehicle;
- Trade receivables;
- Inventory; and
- Stock or other marketable securities.

(Dinyatakan dalam jutaan Rupiah, kecuali dinyatakan lain)

53. RISIKO KREDIT (lanjutan)

- (ii) Pengendalian batas risiko dan kebijakan mitigasi (lanjutan)

Agunan (lanjutan)

Pemberian pembiayaan dan kredit jangka panjang kepada entitas korporasi (modal kerja dan investasi) pada umumnya disertai agunan. Untuk meminimalisasi kerugian kredit, Bank CIMB Niaga akan meminta tambahan agunan dari debitur ketika terdapat indikasi penurunan nilai atas kredit yang diberikan.

Agunan yang dimiliki sebagai jaminan atas aset keuangan selain untuk kredit yang diberikan ditentukan berdasarkan sifat dari instrumennya. Efek hutang, tresuri, dan tagihan kepada nasabah bank yang memenuhi syarat lainnya pada umumnya tanpa agunan, kecuali untuk *asset-backed securities* dan instrumen sejenis, yang dijamin dengan portofolio instrumen keuangan. Khususnya untuk nasabah korporasi, jaminan yang disyaratkan antara lain dapat berupa *margin collateral*.

Jaminan untuk kredit konsumsi adalah aset yang dibiayai yaitu tanah dan/atau bangunan atau kendaraan bermotor. Secara umum, Bank CIMB Niaga mengharuskan rasio agunan terhadap kredit yang diberikan sebesar 125% pada awal kredit.

Batas pemberian (untuk derivatif)

Bank CIMB Niaga menetapkan batas pengendalian yang ketat atas posisi derivatif bersih (yang merupakan selisih antara kontrak pembelian dan penjualan) baik dalam hal jumlah maupun jangka waktu. Jumlah risiko kredit terbatas pada arus kas masuk bersih masa depan atas instrumen, dimana untuk derivatif hanyalah fraksi dari kontrak, atau nilai nosional yang menyatakan volume instrumen tersebut. Eksposur risiko kredit dan potensi eksposur dari pergerakan pasar dikelola sebagai bagian dari keseluruhan batas pemberian kredit kepada nasabah. Agunan dan jaminan lainnya tidak harus selalu didapatkan untuk eksposur instrumen risiko kredit, kecuali jika Bank CIMB Niaga mensyaratkan margin deposito dari pihak rekanan.

Risiko *settlement* timbul jika pembayaran dalam bentuk uang tunai, efek atau saham dilakukan dengan harapan akan dapat menerima hak yang setara dengan kas atau efek. Batas penyelesaian harian ditetapkan untuk setiap debitur untuk menutupi jumlah agregat penyelesaian risiko yang berasal dari transaksi pasar harian Bank CIMB Niaga.

AND FOR THE YEARS ENDED
31 DECEMBER 2017, 2016, AND 2015

(Expressed in millions of Rupiah, unless otherwise stated)

53. CREDIT RISK (continued)

- (ii) Risk limit control and mitigation policies (continued)

Collateral (continued)

Longer term financing and lending to corporate entities (working capital and investment) are generally secured. In addition, in order to minimise the credit loss, Bank CIMB Niaga will ask additional collateral from the counterparty as soon as impairment indicators are identified for the relevant individual loans.

Collateral held as security for financial assets other than loans depend on the nature of the instrument. Debt securities, treasury, and other customer's eligible bills are generally unsecured, except for asset-backed securities and similar instruments, which are secured by portfolios of financial instruments. Particularly for corporate customers, the required collateral can be in form of margin collateral.

Collateral for consumer loan is financed assets consisted of land and/or building or vehicle. Generally, Bank CIMB Niaga is requiring 125% of collateral ratio to total loans at inception.

Lending limits (for derivative)

Bank CIMB Niaga maintains strict control limits on net open derivative positions (that is, the difference between purchase and sale contracts) in term of amount and term. The amount of credit risk is limited to expected future net cash inflows of instruments, which in relation to derivatives are only a fraction of the contract, or notional values used to express the volume of instruments outstanding. This credit risk exposure is managed as part of the overall lending limits with customers, together with potential exposures from market movements. Collateral or other security is not always obtained for credit risk exposures on these instruments, except where Bank CIMB Niaga requires margin deposits from counterparties.

Settlement risk arises in any situation where a payment in cash, securities or equities is made with an expectation of receiving an equivalent cash or securities. Daily settlement limits are established for each counterparty to cover the aggregate of all settlement risk arising from Bank CIMB Niaga's market transactions on any single day.

53. RISIKO KREDIT (lanjutan)

- (ii) Pengendalian batas risiko dan kebijakan mitigasi (lanjutan)

Kesepakatan induk untuk menyelesaikan secara neto

Salah satu cara Bank CIMB Niaga membatasi eksposur kerugian kredit adalah dengan melakukan kesepakatan induk untuk menyelesaikan secara neto (*master netting arrangements*) dengan pihak *counterparty* yang memiliki volume transaksi yang signifikan. Secara umum, kesepakatan induk untuk menyelesaikan secara neto tidak selalu mengarah pada saling hapus aset dan liabilitas dalam laporan posisi keuangan konsolidasian, karena transaksi-transaksi tersebut biasanya diselesaikan secara bruto atau pada sebagian besar kesepakatan induk untuk menyelesaikan secara neto saling hapus hanya terjadi dalam hal wanprestasi. Namun risiko kredit atas suatu kontrak akan terminimalisasi dengan kesepakatan induk untuk menyelesaikan secara neto apabila terjadi wanprestasi, dimana seluruh saldo dengan pihak *counterparty* akan dihapus dan diselesaikan secara neto. Eksposur risiko kredit Bank CIMB Niaga secara keseluruhan atas instrumen derivatif yang terkait dengan kesepakatan induk untuk menyelesaikan secara neto dapat berubah secara substansial dalam periode yang singkat sesuai dengan transaksi yang mempengaruhi kesepakatan tersebut.

Batasan-batasan keuangan (komitmen yang terkait dengan kredit dan *loan book*)

Tujuan utama instrumen ini adalah untuk memastikan adanya ketersediaan dana untuk nasabah ketika dibutuhkan. Bank garansi dan *standby letter of credit* memiliki risiko kredit yang hampir sama dengan kredit yang diberikan. Dokumentasi dan *commercial letters of credit* yang dibuat oleh Bank CIMB Niaga atas nama nasabah memberikan otorisasi kepada pihak ketiga untuk mencairkan *drafts* tersebut sampai jumlah yang telah ditetapkan dengan syarat dan ketentuan tertentu dijamin pada pengiriman barang terkait sehingga instrumen ini memiliki risiko yang lebih rendah dibandingkan dengan kredit yang diberikan secara langsung.

Bank CIMB Niaga memonitor jangka waktu jatuh tempo komitmen kredit oleh karena komitmen dengan jangka waktu yang lebih lama pada umumnya memiliki risiko kredit yang lebih besar dibandingkan dengan komitmen yang memiliki jangka waktu yang lebih pendek.

53. CREDIT RISK (continued)

- (ii) Risk limit control and mitigation policies (continued)

Master netting arrangements

One of Bank CIMB Niaga's approach to restrict its exposure to credit losses is by entering into master netting arrangements with counterparties with which it undertakes a significant volume of transactions. Master netting arrangements do not generally result in an off-set of assets and liabilities of the consolidated statements of financial position, as the transactions are either usually settled on a gross basis or under mostly netting agreements, the right of set off is triggered only on default. However the credit risk associated with favourable contracts is reduced by a master netting arrangement to the extent that if a default occurs, all amounts with the counterparty are terminated and settled on a net basis. Bank CIMB Niaga's overall exposure to credit risk on derivative instruments subject to master netting arrangements can change substantially within a short period, as it is affected by each transaction subject to the arrangement.

Financial terms (for commitments related credit and *loan book*)

The primary purpose of these instruments is to ensure that funds are available to a customer as needed. Bank guarantees and standby letters of credit almost carry the same credit risk as loans. Documentary and commercial letters of credit which are written by Bank CIMB Niaga on behalf of a customer, authorizing a third party to draw drafts up to a stipulated amount under specific terms and conditions are collateralised by the underlying shipments of goods to which they relate and therefore carrying less risk than a direct loan.

Bank CIMB Niaga monitors the term to maturity of credit commitments because longer term commitments generally have a greater degree of credit risk than shorter term commitments.

53. RISIKO KREDIT (lanjutan)

- (iv) Eksposur maksimum risiko kredit tanpa memperhitungkan agunan dan pendukung kredit lainnya (lanjutan)

Eksposur risiko kredit terhadap rekening administratif pada tanggal 31 Desember 2017, 2016, and 2015 adalah:

	2017	2016	2015	
Fasilitas kredit kepada nasabah yang belum ditarik - <i>committed</i>				<i>Unused loan facilities granted - committed</i>
Modal kerja	11,195,060	13,502,063	9,466,942	<i>Working capital</i>
Investasi	1,218,324	709,389	338,830	<i>Investment</i>
Konsumsi	95,305	187,134	243,110	<i>Consumer</i>
<i>Irrevocable letters of credit</i>				<i>Outstanding irrevocable</i>
yang masih berjalan	2,713,810	2,072,238	1,444,412	<i>letters of credit</i>
Garansi yang diterbitkan	4,892,293	4,029,469	4,007,392	<i>Guarantees issued</i>
	20,114,792	20,500,293	15,500,686	

Tabel di atas menggambarkan eksposur maksimum atas risiko kredit bagi Bank CIMB Niaga dan Entitas Anak pada tanggal 31 Desember 2017, 2016, dan 2015 tanpa memperhitungkan agunan atau pendukung kredit lainnya. Untuk aset neraca, eksposur di atas ditentukan berdasarkan nilai tercatat bersih seperti yang diungkapkan pada laporan posisi keuangan konsolidasian.

Seperti yang telah dijelaskan di atas, pada tanggal 31 Desember 2017, 69,33% (2016: 73,02%; 2015: 72,27%) dari jumlah eksposur maksimum berasal dari kredit yang diberikan.

Manajemen yakin akan kemampuan Bank CIMB Niaga untuk mengendalikan dan memelihara eksposur risiko kredit yang berasal dari kredit yang diberikan berdasarkan hal-hal sebagai berikut:

- Bank CIMB Niaga telah memiliki pedoman tertulis mengenai kebijakan dan proses kredit yang mencakup seluruh aspek pemberian kredit yang dilakukan. Setiap pemberian kredit harus senantiasa mengacu pada kebijakan tersebut;
- Bank CIMB Niaga telah memiliki sistem deteksi dini permasalahan melalui "early warning system" dan pemantauan yang disiplin;
- Seluruh kredit diberikan dengan agunan kecuali untuk jenis kredit tertentu seperti kartu kredit, *personal loan*, dan fasilitas antar bank; dan

53. CREDIT RISK (continued)

- (iv) *Maximum exposure to credit risk without taking into account of any collateral held or other credit enhancements (continued)*

Credit risk exposures relating to off-balance sheet items as at 31 December 2017, 2016, and 2015 are as follows:

The table above represents maximum of credit risk exposure to Bank CIMB Niaga and Subsidiary as at 31 December 2017, 2016, and 2015 without taking into account of any collateral held or other credit enhancements attached. For on-balance sheet assets, the exposures set out above are based on net carrying amounts as reported in the consolidated statements of financial position.

As shown above, as at 31 December 2017, 69.33% (2016: 73.02%; 2015: 72.27%) of the total maximum exposure is derived from loans.

Management is confident in its ability to continue to control and sustain minimal exposure of credit risk to Bank CIMB Niaga resulting from its loan based on the following:

- *Bank CIMB Niaga has a documented credit policy and procedures that covers all aspects of Bank CIMB Niaga's lending activities. Loan transactions must adhere to the requirements of Bank CIMB Niaga's policy;*
- *Bank CIMB Niaga has early problem detection system through "early warning system" and disciplined monitoring;*
- *All loans are secured by collateral, except for certain loans such as credit card, personal loan, and interbank loans; and*

53. RISIKO KREDIT (lanjutan)

- (iv) Eksposur maksimum risiko kredit tanpa memperhitungkan agunan dan pendukung kredit lainnya (lanjutan)

Konsentrasi risiko aset keuangan dengan eksposur risiko kredit (lanjutan)

c) Kualitas kredit dari aset keuangan (lanjutan)

Penjelasan pembagian kualitas kredit yang diberikan yang belum jatuh tempo atau tidak mengalami penurunan nilai adalah:

- Lancar
Aset seluruhnya hampir dapat dipastikan akan diterima kembali sehingga tidak terdapat pertimbangan yang menjadi perhatian Bank CIMB Niaga; dan
- Dalam Perhatian Khusus
Ada pertimbangan terkait dengan kemampuan nasabah dalam melakukan pembayaran pada saat jatuh tempo. Namun, dalam hal ini belum terdapat keterlambatan secara aktual dimana pembayaran masih dilakukan pada saat jatuh tempo dan diharapkan dapat menyelesaikan seluruh pokok dan bunga.

(v) Kredit yang diberikan

Ikhtisar kredit yang diberikan adalah:

53. CREDIT RISK (continued)

- (iv) Maximum exposure to credit risk without taking into account of any collateral held or other credit enhancements (continued)

Concentration of risks of financial assets with credit risk exposure (continued)

c) Credit quality of financial assets (continued)

Details for credit quality of loans that are "neither past due nor impaired" are as follows:

- Pass
There is a high likelihood of the assets being recovered in full and therefore no cause for concern to Bank CIMB Niaga; and
- Special Mention
There is concern over the counterparty's ability to make payments when due. However, these have not yet converted to actual delinquency and the counterparty is continuing to make payments when due and is expected to settle all outstanding amount of principals and interests.

(v) Loans

Loans are summarised as follows:

	2017			
	Tidak mengalami penurunan nilai/ <i>Unimpaired</i>	Mengalami penurunan nilai/ <i>Impaired</i>	Jumlah/ <i>Total</i>

54. RISIKO TINGKAT SUKU BUNGA

Risiko tingkat suku bunga terjadi dari bermacam-macam layanan perbankan kepada nasabah meliputi penghimpunan dana (antara lain giro, tabungan, dan deposito), penempatan dana (antara lain kredit yang diberikan), komitmen dan kontinjensi, serta instrumen lain yang mengandung suku bunga.

Asset Liability Committee (ALCO) Bank CIMB Niaga yang beranggotakan Direksi dan beberapa anggota manajemen senior, bertanggung jawab dalam menetapkan kebijakan dan strategi pengelolaan risiko tingkat suku bunga di *banking book* serta mengawasi penerapan dan pelaksanaannya. Tujuan utama ALCO adalah mengoptimalkan hasil usaha Bank CIMB Niaga dengan tetap memperhatikan batasan-batasan risiko yang ditetapkan.

Selain itu, risiko tingkat bunga dapat pula terjadi dari produk-produk treasuri seperti surat berharga dan transaksi-transaksi derivatif yang terdapat pada portofolio *trading book*. Selain menggunakan pendekatan faktor sensitivitas (DV01), pengukuran risiko tingkat suku bunga pada *trading book* juga telah dilakukan dengan menggunakan metode pengukuran risiko pasar yang lebih *risk sensitive* yaitu VaR (*Value at Risk*).

Market Risk Committee (MRC) secara berkala mengkaji ulang tingkat risiko pada portofolio treasuri dan menetapkan kebijakan, batasan-batasan perdagangan yang dapat diterima serta strategi manajemen risiko tingkat bunga pada *trading book* berdasarkan prinsip kehati-hatian.

54. INTEREST RATE RISK

Interest rate risk arises from various banking products provided to customers including deposit taking (demand deposits, saving deposits, and time deposits), lending (loans), commitments and contingencies, and other earning instruments.

Bank CIMB Niaga's Asset Liability Committee (ALCO), which consists of the Directors and selected members of senior management, is responsible for determining interest rate risk management policies and strategies in banking book and monitoring its implementation and execution. The main objective of ALCO is to optimise Bank CIMB Niaga's return within predetermined risk limits.

In addition, interest rate risk could also arise from treasury products like marketable securities and derivative transactions included in trading book portfolio. Besides using sensitivity factor approach (DV01), the measurement of interest rate risk in trading book, has also using more sensitive measurement method on market risk, that is VaR (Value at Risk).

The Market Risk Committee (MRC) continuously do test for risk in treasury portfolio and determined the policy, trading limits that can be accepted and interest rate risk management strategy on trading book based on prudence principle.

54. RISIKO TINGKAT SUKU BUNGA (lanjutan)

- c. Sensitivitas keuntungan/(kerugian) yang belum direalisasi atas efek-efek dalam kelompok tersedia untuk dijual (lanjutan)

Proyeksi di atas mengasumsikan bahwa seluruh variabel lainnya adalah konstan dan berdasarkan tanggal pelaporan yang konstan, serta seluruh posisi hingga jatuh tempo.

Sensitivitas atas laba bersih dan keuntungan/(kerugian) yang belum direalisasi atas efek-efek dalam kelompok tersedia untuk dijual, tidak memperhitungkan efek dari lindung nilai dan tindakan-tindakan Bank CIMB Niaga untuk mengurangi risiko atas tingkat suku bunga. Dalam kenyataannya, Bank CIMB Niaga secara proaktif melakukan mitigasi atas efek prospektif pergerakan tingkat suku bunga.

55. RISIKO MATA UANG

Risiko mata uang asing timbul dari adanya posisi laporan keuangan dan komitmen dan kontinjensi (*off-balance sheet*) baik di sisi aset maupun liabilitas. Posisi mata uang asing Bank CIMB Niaga dapat dikelompokkan dalam dua aktivitas yaitu: *trading book*, yang dilakukan dalam rangka perolehan keuntungan transaksi mata uang asing, dan *banking book*, yang dilakukan dalam rangka mengendalikan Posisi Devisa Neto Bank CIMB Niaga secara keseluruhan.

Maksimum Posisi Devisa Neto yang harus dijaga oleh bank-bank di Indonesia adalah 20% dari modal. Sehubungan dengan hal ini, Bank CIMB Niaga memiliki kebijakan internal untuk mengelola Posisi Devisa Netonya. Selain menggunakan pendekatan nominal (Posisi Devisa Neto), pengukuran terhadap eksposur risiko mata uang dilakukan juga dengan menggunakan metode pengukuran risiko pasar yang lebih *risk sensitive*, yaitu menggunakan "Value at Risk" (VaR). Sebagai bagian dari *Market Risk Management Process*, secara harian limit risiko pasar pada *trading book* dipantau dan dilaporkan kepada manajemen.

54. INTEREST RATE RISK (continued)

- c. *Sensitivity to unrealised gains/(losses) on available-for-sale marketable securities (continued)*

The projection assumes that all other variables are held constant and based on constant reporting date position, and that all positions until maturity.

The sensitivities of net income and unrealised gains/(losses) on available-for-sale marketable securities do not take into account the effects of hedging and Bank CIMB Niaga's actions to reduce interest rate risks. In practice, Bank CIMB Niaga proactively seeks to mitigate the effect of prospective interest movements.

55. CURRENCY RISK

Foreign currency risks arise from statement of financial position and commitments and contingencies (off-balance sheet) both on the assets and liabilities. Bank CIMB Niaga's foreign currency position is divided into two activities: the trading book, which is managed to generate foreign exchange gains, and the banking book, which is managed to control Bank CIMB Niaga's overall Net Open Position.

The maximum Net Open Position to be maintained by Indonesian banks is 20% of capital. In relation to this, Bank CIMB Niaga has internal policies to manage its Net Open Position. In addition to nominal approach (Net Open Position), the market risk measurement on currency risk exposure also use more sensitive measurement method, that is "Value at Risk" (VaR). As part of Market Risk Management Process, market risk limits on trading book are monitored and reported to management on daily basis.

55. RISIKO MATA UANG (lanjutan)

55. CURRENCY RISK (continued)

- c. Sensitivitas terhadap laba bersih atas perubahan nilai tukar mata uang asing

- c. Sensitivity to net income to movement of foreign exchange rates

Tabel di bawah ini mengikhtisarkan sensitivitas laba bersih konsolidasian Bank CIMB Niaga dan Entitas Anak pada tanggal 31 Desember 2017, 2016, dan 2015 atas perubahan nilai tukar mata uang asing yaitu:

The table below shows the sensitivity of Bank CIMB Niaga and Subsidiary's consolidated net income to movement of foreign exchange rates as at 31 December 2017, 2016, and 2015:

	2017		
	Peningkatan/ Increased by 5%	Penurunan/ Decreased by 5%	
	Pengaruh terhadap laba bersih	(78,661)	

	2016		
	Peningkatan/ Increased by 5%	Penurunan/ Decreased by 5%	
	Pengaruh terhadap laba bersih	(37,204)	

	2015		
	Peningkatan/ Increased by 5%	Penurunan/ Decreased by 5%	
	Pengaruh terhadap laba bersih	86,087	

Proyeksi di atas mengasumsikan bahwa perubahan nilai tukar mata uang asing bergerak pada jumlah yang sama sehingga tidak mencerminkan perubahan potensial kepada laba atas perubahan beberapa nilai tukar mata uang asing sementara lainnya tidak berubah. Proyeksi juga mengasumsikan bahwa seluruh variabel lainnya adalah konstan dan berdasarkan tanggal pelaporan yang konstan serta seluruh posisi hingga jatuh tempo.

The projection assumes that foreign exchange rates move by the same amount and, therefore, do not reflect the potential impact on profit of some rates changing while others remain unchanged. The projections also assume that all other variables are held constant and are based on a constant reporting date position and that all positions run to maturity.

56. RISIKO LIKUIDITAS

Kebijakan likuiditas Bank CIMB Niaga didasarkan untuk memastikan bahwa setiap kebutuhan dana di saat ini, maupun di masa datang baik untuk kondisi normal maupun kondisi stres dapat dipenuhi. Dalam melaksanakan pengendalian risiko likuiditas, dilakukan dengan beberapa pendekatan, yaitu: *liquidity gap analysis*, *liquidity stress test analysis*, dan *liquidity ratio analysis*. Dimana untuk mengendalikan risiko likuiditas tersebut ditetapkan beberapa limit dan parameter. Disamping itu dalam mengendalikan risiko likuiditas juga dilakukan pemantauan atas indikator-indikator internal dan eksternal. Untuk menghadapi kondisi stres juga ditetapkan *contingency funding plan* untuk penanganan kondisi tersebut. Jumlah aset lancar yang memadai dipertahankan untuk menjamin kebutuhan likuiditas yang terkendali setiap waktu. Hal ini semua sejalan dengan Surat Edaran Bank Indonesia No. 11/16/DPNP/2009 tentang manajemen risiko likuiditas.

Pengelolaan likuiditas dan aset-liabilitas dilakukan dibawah koordinasi *Asset Liability Committee (ALCO)* yang setiap bulannya melakukan rapat dengan melibatkan unit bisnis, treasury, kredit, dan unit-unit lain yang relevan, untuk memastikan tercapainya posisi likuiditas pada tingkat yang diharapkan.

Pengelolaan likuiditas Bank CIMB Niaga ditekankan pada penyesuaian arus dana masuk dan keluar. Kesenjangan arus dana diantisipasi dengan memelihara aset likuid tingkat pertama yang berupa pemeliharaan cadangan wajib serta efek-efek jangka pendek yang sangat likuid. Aset likuid tingkat dua dipelihara melalui penempatan dana jangka pendek di bank lain, efek-efek, dan obligasi pemerintah dalam kelompok tersedia untuk dijual. Pengelolaan likuiditas juga dilakukan melalui pengelolaan struktur sumber dana dengan memperhatikan limit konsentrasi deposito. Selain itu, Bank CIMB Niaga senantiasa memelihara kemampuannya untuk melakukan akses ke pasar uang dengan memelihara hubungan dengan bank-bank koresponden.

56. LIQUIDITY RISK

Bank CIMB Niaga's liquidity policy is based on ensuring that current and future funding requirements can be met both in normal or stress condition. In implementation of liquidity risk management, there are some variety of methods, such as: liquidity gap analysis, liquidity stress test analysis, and liquidity ratio analysis. Whereas in managing liquidity risk, Bank CIMB Niaga sets some limits and parameters. Bank CIMB Niaga is also monitoring the internal and external indicators in managing liquidity risk. Bank CIMB Niaga also sets contingency funding plan that would be used to handle or solve the crisis condition. Appropriate level of liquid assets is held to ensure that a prudent level of liquidity is maintained at all times. This is in line with Bank Indonesia's Circular Letter No.11/16/DPNP/2009 regarding liquidity risk management.

Liquidity and asset-liability management is under the coordination of the Asset Liability Committee (ALCO) who holds monthly meetings involving business units, treasury, credit, and other relevant units to ensure the achievement of the expected liquidity position.

Bank CIMB Niaga's liquidity management focuses on cash inflow and outflow. The gap in cash flow is anticipated through managing the first tier liquid assets such as maintenance of reserve requirements and highly liquid short term marketable securities. Second tier liquid assets are managed through short term placements with other banks, available-for-sale marketable securities, and government bonds. Liquidity management is also performed through managing the structure of funding by implementing proper threshold on the concentrations of depositors. In addition, Bank CIMB Niaga maintains its ability to access the financial market by maintaining its relationship with correspondence banks.

57. RISIKO OPERASIONAL

Risiko operasional adalah risiko kerugian langsung ataupun tidak langsung yang terjadi karena tidak memadainya atau karena adanya kegagalan proses internal, kesalahan manusia, kegagalan sistem atau adanya masalah eksternal yang dapat mempengaruhi operasional Bank CIMB Niaga.

Proses pengkajian risiko dilakukan untuk menilai kecukupan pengendalian internal serta proses identifikasi dan pengukuran risiko untuk setiap proses dan produk di masing-masing unit kerja untuk memastikan kepatuhan terhadap kebijakan, peraturan, dan batasan-batasan yang dibuat oleh manajemen Bank CIMB Niaga.

Unit pengawasan intern melakukan pemantauan yang cermat atas proses di setiap tingkatan atau unit, yang berlangsung sebelum dan sesudah dilakukannya transaksi.

57. OPERATIONAL RISK

Operational risk is the risk of direct or indirect loss resulting from inadequate or failure in internal process, people, and systems or from external problems that affect Bank CIMB Niaga's operation.

A risk assessment process is carried out to evaluate the adequacy of internal control and risk identification and risk measurement in every process and product in each working unit to ensure compliance with the policies, rules, and limits set down by Bank CIMB Niaga's management.

Internal control units closely review and monitor the process at its respective level or unit, prior and subsequent to each transaction being carried out.

31 DESEMBER 2017, 2016, DAN 2015**

(Dinyatakan dalam jutaan Rupiah, kecuali dinyatakan lain)

57. RISIKO OPERASIONAL (lanjutan)

Pengelolaan risiko operasional juga dilakukan dengan memperkuat aspek keamanan dan kehandalan operasi teknologi informasi sehingga kesalahan manusia, *fraud*, kesalahan proses, dan potensi kegagalan sistem yang menyebabkan terganggunya kelangsungan bisnis dapat ditekan dan diantisipasi lebih dini.

Bank CIMB Niaga mengembangkan dan menerapkan beberapa sistem dan perangkat *Operational Risk Management (ORM)*. Pengembangan yang dilakukan mulai dari yang bersifat pencegahan, kecukupan terhadap kontrol sesuai dengan kondisi yang dihadapi, hingga yang sifatnya *forward looking* dalam melihat kemungkinan kejadian di masa depan. Dengan adanya pendekatan ini diharapkan Bank CIMB Niaga lebih komprehensif dalam mengelola risiko di bidang operasional. Salah satu sistem tersebut adalah melalui proses pelaporan bulanan, dimana berbagai unit kerja dan kantor cabang wajib melaporkan kerugian yang timbul akibat risiko operasional. Informasi ini dikonsolidasikan ke dalam satu *Loss Event Database*, kemudian dianalisa untuk mendapatkan suatu indikasi atau gambaran yang dipakai untuk mengantisipasi pengulangan terjadinya kerugian yang sama pada masa datang. Bank CIMB Niaga saat ini melakukan peningkatan terhadap perangkat yang digunakan untuk mengukur dan mengelola risiko operasional melalui *Key Risk Indicator (KRI)* dan *Risk and Control Self Assessment (RCSA)* serta *Business Continuity Management (BCM)* yang menyeluruh.

Bank CIMB Niaga mengerahkan upaya terbaik untuk mengelola risiko operasional dengan memastikan akan pentingnya pengelolaan risiko ini ditanamkan pada seluruh jajaran organisasi Bank CIMB Niaga. Bank CIMB Niaga berkomitmen penuh untuk meningkatkan kemampuan pengelolaan risiko operasional melalui penggunaan berbagai proses pengendalian, dan perangkat, serta analisa risiko yang mutakhir.

58. AKTIVITAS FIDUSIA

Bank CIMB Niaga memberikan jasa kustodian dan memperoleh izin jasa kustodian berdasarkan Surat Keputusan Bapepam-LK No. Kep.71/PM/1991 tanggal 20 Agustus 1991.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
31 DECEMBER 2017, 2016, AND 2015
AND FOR THE YEARS ENDED

(Expressed in millions of Rupiah, unless otherwise stated)

57. OPERATIONAL RISK (continued)

Operational risk management is also performed by strengthening the security and operational aspects of information technology to reduce and prevent human error, fraud, processing errors, and system failure that affect business continuity.

Bank CIMB Niaga has developed and implemented several systems and tools for Operational Risk Management (ORM). The developments are starting from preventive, adequacy of control toward current condition, until forward looking in forecasting for the future probability. Through these approaches, Bank CIMB Niaga expected to manage the operational risk comprehensively. One of these processes is through monthly reporting which both working units and branches are required to report their losses related to operational risk. The information is consolidated into a Loss Event Database, which is analysed to obtain indicators to anticipate repeated trends. Currently, Bank CIMB Niaga is improving the tools which used to measure and manage operational risk by Key Risk Indicator (KRI) and Risk and Control Self Assessment (RCSA) and also Business Continuity Management (BCM) comprehensively.

Bank CIMB Niaga performs best effort to manage operational risk by ensuring the importance of managing the risk embedded at all levels of Bank CIMB Niaga's organisation. Bank CIMB Niaga has fully committed to increase its capability in managing operational risk using several control processes, tools, and sophisticated analysis techniques.

58. FIDUCIARY ACTIVITIES

Bank CIMB Niaga provides a full range of custodian services and obtained a license from the Bapepam-LK under its Decision Letter No. Kep.71/PM/1991 dated 20 August 1991.

- e. Jasa *sub-registry* untuk penyimpanan dan penyelesaian transaksi Obligasi Pemerintah dan Sertifikat Bank Indonesia;
- f. *Fund accounting*; dan
- g. Jasa unit *registry* untuk pengadministrasian produk reksadana dan *unit link*.

Aset yang terdapat dalam aktivitas *fiduciary* tidak termasuk dalam laporan keuangan konsolidasian ini. Jumlah komisi yang diterima dari pemberian jasa ini selama tahun yang berakhir 31 Desember 2017 adalah Rp 89.075 (2016: Rp 52.721; 2015: Rp 66.600).

59. RASIO KEWAJIBAN PENYEDIAAN MODAL MINIMUM (KPMM)

Rasio Kewajiban Penyediaan Modal Minimum (KPMM) adalah rasio modal Bank CIMB Niaga terhadap Aset Tertimbang Menurut Risiko (*Risk Weighted Assets/ RWA*). Berdasarkan peraturan Bank Indonesia jumlah modal untuk risiko kredit terdiri dari modal inti (Tier I) dan modal pelengkap (Tier II) dikurangi penyertaan pada Entitas Anak. Rasio KPMM (perusahaan induk) pada tanggal 31 Desember 2017, 2016, dan 2015 adalah:

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
31 DECEMBER 2017, 2016, AND 2015
AND FOR THE YEARS ENDED
31 DECEMBER 2017, 2016, AND 2015**

(Expressed in millions of Rupiah, unless otherwise stated)

58. FIDUCIARY ACTIVITIES (continued)

Bank CIMB Niaga provides a full range of custodian services, such as:

- a. Settlement and transaction handling services of scriptless securities;
- b. Safekeeping of securities and other valuable assets;
- c. Corporate action services related to the rights on the securities;
- d. Proxy services for its customer's shareholders meetings and bondholder's meetings;
- e. Sub-registry services for safekeeping and settlement transactions of Government Bonds and Certificate of Bank Indonesia;
- f. Fund Accounting; and
- g. Unit registry service to manage mutual funds and unit link.

Assets that are held in a fiduciary activity are not included in these consolidated financial statements. Total fees received from these services for the year ended 31 December 2017 amounted to Rp 89,075 (2016: Rp 52,721; 2015: Rp 66,600).

59. CAPITAL ADEQUACY RATIO (CAR)

The Capital Adequacy Ratio (CAR) is the ratio of Bank CIMB Niaga's capital over its Risk Weighted Assets (RWA). Based on Bank Indonesia regulations, the total capital for credit risk consists of core capital (Tier I) and supplementary capital (Tier II) less investments in Subsidiary. The CAR (parent company) as at 31 December 2017, 2016, and 2015 were as follows:

(KPM) (lanjutan)**

Unit Usaha Syariah

Pada tanggal 2 Februari 2006, BI mengeluarkan peraturan No. 8/7/PBI/2006 tentang "Perubahan atas PBI No. 7/13/PBI/2005 tentang Kewajiban Penyediaan Modal Minimum Bank Umum berdasarkan Prinsip Syariah" yang selanjutnya diperbaharui dengan Peraturan OJK (POJK) No.21/POJK.03/2014 tanggal 18 November 2014 tentang Kewajiban Penyediaan Modal Minimum Bank Umum Syariah yang berlaku sejak 1 Januari 2015 untuk Bank Umum Syariah. Berdasarkan PBI tersebut, Unit Usaha Syariah wajib menyediakan modal minimum sebesar 8% dari Aset Tertimbang Menurut Risiko dari kegiatan usaha berdasarkan prinsip Syariah. PBI ini berlaku sejak pelaporan bulan Desember 2005.

Dalam hal modal minimum Unit Usaha Syariah kurang dari 8% dari Aset Tertimbang Menurut Risiko, maka kantor pusat bank umum konvensional dari Unit Usaha Syariah wajib menambah kekurangan modal minimum sehingga mencapai 8% dari Aset Tertimbang Menurut Risiko. Risiko yang dimaksud adalah Risiko Kredit dan Risiko Pasar. Untuk memenuhi ketentuan peraturan BI ini, pada tanggal 29 Desember 2005, Unit Usaha Syariah Bank CIMB Niaga telah menambah penyertaan modalnya secara bertahap yaitu:

Tanggal	Jumlah/Amount	Date
30 September 2004	12,500	30 September 2004
11 November 2005	1,000	11 November 2005
29 Desember 2005	25,000	29 December 2005
20 September 2006	10,000	20 September 2006
27 Desember 2007	51,500	27 December 2007
17 Mei 2009	15,000	17 May 2009
22 Maret 2010	135,000	22 March 2010
30 Juni 2011	100,000	30 June 2011
9 Desember 2011	100,000	09 December 2011
31 Agustus 2012	150,000	31 August 2012
27 September 2012	150,000	27 September 2012
17 Desember 2012	100,000	17 December 2012
4 Juli 2013	50,000	04 July 2013
20 April 2017	400,000	20 April 2017
20 Juni 2017	200,000	20 June 2017
15 September 2017	150,000	15 September 2017
12 Desember 2017	100,000	12 December 2017
31 Desember 2017	600,000	31 December 2017
Jumlah	2,350,000	Total

Pada tanggal 31 Desember 2017, rasio KPM Unit Usaha Syariah Bank CIMB Niaga tanpa dan dengan memperhitungkan risiko pasar masing-masing adalah 18,32% dan 18,32% (2016: 12,09% dan 12,09%; 2015: 15,31% dan 15,31%).

59. CAPITAL ADEQUACY RATIO (CAR) (continued)

Sharia Business Unit

On 2 February 2006, BI issued a regulation No. 8/7/PBI/2006 concerning "Amendment of PBI No. 7/13/PBI/2005 concerning The Minimum Capital Adequacy Requirement for Commercial Banks based on Sharia Principles" which followed by FSA regulation No.21/POJK.03/2014 dated 18 November 2014 regarding Minimum Capital Requirement for Sharia Bank which effective since 1 January 2015 for Sharia Bank. Based on the regulation, Sharia Unit is required to set aside the minimum capital of 8% in respect of the Risk Weighted Assets of business based on Sharia principles. This BI regulation came into force since reporting period of December 2005.

If the minimum capital of a Sharia Unit is less than 8% of the Risk Weighted Assets, the head office of the conventional commercial bank hosting the Sharia Unit shall top up the shortfall in minimum capital to reach 8% of the Risk Weighted Assets. Risks as referred to in the regulation are Credit Risk and Market Risk. To comply with the aforementioned BI regulation, on 29 December 2005, Bank CIMB Niaga's sharia unit has increased its capital contribution with details as follows:

As at 31 December 2017, Bank CIMB Niaga Sharia Unit's CAR without and with market risk charge were 18.32% and 18.32%, respectively (2016: 12.09% and 12.09%; 2015: 15.31% and 15.31%).

Criteria and Explanations		Page
15.	Awards received during the fiscal year, or valid certification in the fiscal year, at both national and international levels	40-45
	Covers, among others:	
	1. Name of award and/or certification;	40-45
	2. Year received/issued;	40-45
	3. Name of institution that issued the award/certification; and	40-45
	4. Validity period (certification).	40-45
16.	Name and address of subsidiaries and/or branch offices or representative offices (if any)	98-99; 627-645
	Covers information on:	
	1. Name and address of subsidiaries; and	98-99; 627-645
	2. Name and address of branch/representative office.	98-99; 627-645
	Note: should be disclosed if the company does not have a subsidiary, branch office or representative office.	
17.	Information in the corporate website	121
	Covers at the very least:	
	1. Information of shareholders up to the individual ultimate shareholder;	121
	2. Contents of the Code of Conduct;	121
	3. Information on the General Meeting of Shareholders (GMS), covering at least agenda of the GMS, summary of GMS resolutions, and information of pertinent dates, namely the dates of GMS announcement, GMS invitation, GMS event, and announcement of summary GMS resolutions;	121
	4. Annual financial statements (last 5 years);	121
	5. Profiles of the Board of Commissioners and Directors; and	121
	6. Board manual/Charter of the BoC, BoD, Committees and Internal Audit Unit.	121
18.	Training and education for Board of Commissioners, Board of Directors, Committees, Corporate Secretary, and Internal Audit Unit	121 (403-407; 421-423; 464; 469; 476; 482; 497; 506)
	Cover at least information of type of training and participant of:	
	1. Training and/or education for Board of Commissioners;	403-407
	2. Training and/or education for Board of Directors;	421-423
	3. Training and/or education for Audit Committee;	464
	4. Training and/or education for Nomination and Remuneration Committee;	469
	5. Training and/or education for other Committee(s);	476; 482
	6. Training and/or education for Corporate Secretary; and	497
	7. Training and/or education for Internal Audit Unit.	506
	During the fiscal year.	
	Note: should be disclosed if there are no training and/or education during the fiscal year	
V.	Management Discussion and Analysis on the Company Performance	124-337
1.	Operation review per business segment	
	Includes analysis on:	
	1. Elaboration on each business segment.	130-173
	2. Performance of each business segment, among others:	
	a. Production;	130-173
	b. Increase/Decrease of production capacity;	130-173
	c. Sales/income; and	189-196
	d. Profitability.	195-196
2.	Description on the Company's financial performance	177-198
	An analysis comparing the performance of the current year and that of the previous year (in the form of narration and tables) and the reasons for the increase/decrease of the accounts, including in:	
	1. Current assets, non-current assets, and total assets;	177-184

	3. Transaction background;	214
	4. Transaction realization at the last financial year;	214
	5. Company policy related with transaction review mechanism; and	214
	6. Compliance to relevant regulations and provisions.	214
	Note: To disclose if there are no transactions.	214
15.	Description on changes in laws and regulations during the fiscal year that impacted on the company	218-221
	Covers information on:	
	1. Name of regulations; and	218-221
	2. The impact (quantitative and/or qualitative) on the company, or statement of the insignificant impact	218-221
	Note: To disclose if there are no changes in the laws and regulations that have significant impacts	
16.	Description on the changes in accounting policy implemented by the company at the last financial year	221-223
	Descriptions include among others:	
	1. Changes in accounting policy;	221-223
	2. Reasons for the change; and	221-223
	3. Quantitative impact on the financial statements	221-223
	Note: To disclose if there are no changes in accounting policies during the fiscal year	
17.	Information on business continuity	224-225
	Disclosures on:	
	1. Significant issues on the company business continuity at the last financial year;	224
	2. Management assessment on point 1; and	
	3. Assumption implemented by the management in conducting the assessment.	224-225
	Note: if there are no issues that potentially have significant influences to the company's business continuity at the last financial year, to disclose the basis of management assumption in ensuring that there are no issues that potentially have significant influences to the company's business continuity at the last financial year.	225
VI. Good Corporate Governance		
1.	Description on the Board of Commissioners	396-415
	Covers the following:	
	1. Board of Commissioners responsibilities;	397-399
	2. Assessment of performance of committees under the Board and the basis for such assessment; and	413
	3. Board Charter disclosures (Board of Commissioners work guidelines and procedures)	401

ANNUAL REPORT AWARD CRITERIA 2017

Criteria and Explanations		Page
2.	Independent Commissioners (at least 30% of the total personnel of the Board of Commissioners)	414-415
	Covers the following:	
	1. Assignment criteria of Independent Commissioners; and	414
	2. Interdependency statement of each Independent Commissioner.	415
3.	Description on the Board of Directors	416-426
	Covers information on, among others:	
	1. Duties and responsibilities of each member of the Board of Directors;	417-419
	2. Assessment of performance of committees under the Board (if any); and	426
	3. Board Charter disclosures (Board of Directors work guidelines and procedures)	417
4.	GCG implementation assessment for 2015, at least for aspects of the Board of Commissioners and/or Board of Directors	430-435
	Covers the following:	430; 434
	1. Assessment criteria;	430; 434
	2. Assessor;	430; 434
	3. Assessment score on each criteria;	430-433; 434
	4. Recommendations on results of assessment; and	430-433; 434
	5. Reasons for the delay or non implementation of such recommendations.	
	Note: should be disclosed if there are no GCG assessment for fiscal 2015.	
5.	Description of the remuneration policy for the Board of Commissioners and Board of Directors	436
	Covers the following:	
	1. Disclosure of procedure for the proposal and determination of remuneration for the Board of Commissioners;	436-437
	2. Disclosure of procedure for the proposal and determination of remuneration for the Board of Directors;	436-437
	3. Remuneration structure showing the remuneration components and amounts per component for each member of the Board of Commissioners;	438-439
	4. Remuneration structure showing the remuneration components and amounts per component for each member of the Board of Directors;	440-441
	5. Disclosure of indicators for the remuneration of the Board of Directors; and	440
	6. Disclosure of performance bonus, non-performance bonus, and/or share option received by each members of the Board of Commissioners and Directors (if any).	438; 440
	Note: should be disclosed if there are no performance bonus, non-performance bonus, and/or share option received by each members of the Board of Commissioners and Directors.	
6.	Meeting frequency and attendance of Board of Commissioners (at least once in 2 months), Board of Directors (at least once in a month), and joint meetings of BoC and BoD (at least once in 4 months)	444-459
	Covers among others:	
	1. Date;	444-459
	2. Attendance; and	444-459
	3. Agenda.	444-459
	Of each of the meetings of BoC, BoD and Joint Meetings of BoC and BoD.	444-459
7.	Information on majority and controlling shareholders, direct or indirect, up to the ultimate individual shareholder	
	Diagram with separate illustration for majority shareholders and controlling shareholders	
	Note: majority shareholders are parties that own, directly or indirectly, at least 20% of the voting rights of the total share with voting rights issued by the company, but is not the controlling shareholder	115; 460
8.	Disclosure of affiliation between members of the Board of Directors, Board of Commissioners and Majority/Controlling Shareholders	
	Covers, among others:	
	1. Affiliation between a member of the Board of Directors with fellow members of the Board of Directors;	461
	2. Affiliation between a member of the Board of Directors with members of the Board of Commissioners;	461
	3. Affiliation between a member of the Board of Directors with Majority and/or Controlling Shareholder;	461
	4. Affiliation between a member of the Board of Commissioners with fellow members of the Board of Commissioners; and	461
	5. Affiliation between a member of the Board of Commissioners with Majority and/or Controlling Shareholder.	461
	Note: should be disclosed if there are no affiliation relationship	

Criteria and Explanations		Page
9	Audit Committee	462-467
	Includes the following:	
	1. Name, position and tenure of audit committee members;	462-463
	2. Education qualifications (study field and institution) and work experience (position, company and tenure) of audit committee members;	462-463
	3. Independency of audit committee members;	464
	4. Duties and responsibilities;	464-465
	5. Brief report of audit committee activity; and	465
	6. Meeting frequency and attendance of audit committee.	465-466
